Good Sportsmanship

Are you a good sport? Our local basketball fans are judged in this respect at the basketball games. We certainly should respect the decisions of the officials that have been secured to call the games. One of the places that we can show good sportsmanship is at the time when a free throw is being made by a player on the visiting team. The free throw is awarded a player when he or she has been fouled by an opposing team player. It is awarded by the officials for some infraction and as the name implies, it should be a free and unopposed shot at the opponents' basket. Free and unopposed in our terminology covers the field. The person fouled should not be contested either physically, mentally, or otherwise until the ball has touched the basket. This is a good place to carry out the theme of our golden rule, "Do unto others as you would have them do unto you." These members of the opposing teams and their fans are our neighbors, and we should treat them as such.

Hits and Misses

Hi! This last week was a real swinger. So let's take a look at what happened. O. K.? Together Friday night before the slumber party were Carolyn Bryant, Teresa-Jim H., Carol-Don, Kay-Guy, Carria-Ronnie, Earlyn-George, Ely-Boob, Alta-Danny. Riding around Tuesday night after the ball game were Carolee-Taylor, Carol-Miles. Together Thursday night "blasting off" were Sammy - Faucine,

Lace-Kay, Butch L-Carol. Ho-

hum! Congratulations, Danny and Alta. We hope it lasts—again! Hey, kids, what happened Friday night? Everybody "kicked up their heels." Sounds like a winner!

Couples at the Plaza Saturday night were Carolyn-Bryant, Ely-Boob, Gaye-Jim Mack, Lynda-Bob, Carria-Ronnie, Carol-Miles, Vicky-Claude, Kay-Jerry, Ruth - James Riley.

Stags were Wesley, Guy, Denny and Don, Jo Wynn and Barbara were seen also.

Together Sunday afternoon were Alta-Danny, Barbara-Jo Lee, Carolyn-Bryant, Carolee-Roy, Lynda-Bob, Kay-Jerry.

Making the rounds to all the churches Sunday night were Carol Lee and Taylor. Those two believe in making two services on Sunday night. Wow!

Someone was looking for Guy Jr. Sunday afternoon in Crowell. Her initials are J. Bacon and she has long red hair. Hum! This may turn out to be something unusual.

Did anyone notice that Carol and Miles were having difficulties over the week end? The scandal bug seemed to sense a disorder. It's all over now, though!

Sue, what was wrong with you Friday night for awhile? We see that you got the problem all straightened out. Good for you!

Special message to Wes Cummings: "You can keep the ring!" Wesley seems to have many problems these days. We hope that he gets his many loves straightened out.

Rhettta, who were you looking for Friday night? It couldn't have been Larry—could it? By the way, what in the world happened to you Friday night?

Carolee really seems to have it bad! She's even finding the letter "G" on her baked potatoes! This is really getting bad off.

Has anyone noticed that we have an undiscovered talent around CBS? It's Charlie Gidney. He's a real rocker. Ask him to sing "Long Tall Sally," and you'll find out. Marcia loves this romantic song.

Well, I'll be shagging out for the time being. Have a wonderful week end, and don't forget the dance Saturday night. (Girls, here's your chance!) I'll be around to pick up the important details.

Adios, Felipe!

On Friday, Jan. 20, the student body and faculty met to bid farewell to Felipe Rios, exchange student. Earl Hesse and the Charlie Browns entertained with several selections of Latin American music. Jack Hickman, president of the Student Council, on behalf of the student body, presented Felipe with a going-away gift—a western hat. Felipe responded with a speech of appreciation. Then Ronnie Bradford, president of the Spanish Club, speaking for the student body, faculty, and townspeople for having made Felipe's stay an experience long to be remembered not only by him but also by all who came to know him. The cheerleaders then led the audience in a cheer of fifteen raps for Fe-

lipo. This experience—new to us—has been so pleasant that we hope that in the future Felipe may return.

Farewell to Felipe

If you heard sirens and horns and a lot of other carrying on, it was not a fire, wreck or killing. It was Felipe Rios and his police escort out of town. The line consisted of a police escort and several cars with friends wishing Felipe a feliz viaje (happy trip.) We all hated to see Felipe leave, but he had to continue his studies in Mexico. Probably the next time that we hear about Felipe, we will read about him in the medical section of Time magazine.

Felipe had been here seven weeks and during that time he lived with Jim Mac Gafford, Wendell Callaway and Miles Welch. We believe that he enjoyed his stay here in Texas and that anyone from Crowell would be more than welcome in his state and town. We believe that programs like this do an immense amount of good for foreign relations. We feel that we have lost a dear friend since Felipe has gone, and we hope to see him someday. We also wish him all the luck in the world with his medical studies.

Book Review

It will soon be book report time again; here are two excellent books for anyone to report on. Steve Allen, TV's funniest man in 1955, has just written a book entitled "The Funny Men." In it he has a chapter on each of these men—Fred Allen, Jack Benny, Milton Berle, Red Buttons, Sid Caesar, Eddie Cantor, Wally Cox, Bob Hope, George Gobel, and many more. All in all, it is a book of humor, warmth, and intelligence.

Thor Heyerdahl also has a new book, "Aku-Aku" is the story behind the secret of Easter Island and its fifty-ton statues. He explored caves and found clues to the skills and customs of earlier and more primitive races. It is a first ranked modern science fiction detective story.

Feel Like Dancing?

The Student Council will sponsor a Twirl Week dance this coming Saturday, Jan. 28. The dance will be held at the community house from 7:30 to 11 p. m. Music will be provided by the school combo.

Tickets will be on sale during school this week. The tickets will cost 30c for stags and 40c for couples. If you pay as you go in the door, it will cost 35c for stags and 50c a couple.

Attention, girls! This is your chance to take your favorite beau out to a dance.

Deserted Island Bound

The question is asked to some of the students about who they would like to be with on a deserted island.

Boys: Tim C., Elizabeth Taylor; Ronny B., Carria Driver; Jerry S., Brigitte Bardot; Gerald H., Gena Adeock; Mickey C., Barbara Bar; James B., Ruth Sanders; Dale H., Carolyn Hickman; Jim G., Gaye Ramsey; Girls: Sue Sanders, Joe Barry; Gaye Ramsey, Jim Mac G.; Carolee O., D. B.; Bonnie L., Elvis; Lynda H., Bob B.; Genell, Henry F.; Vicky, Claude.

Seniors of the Week

Yvette Minieaux and Dennis Halbert are this senior's favorites at the movies. His favorite sport is pool. He has blue eyes and dark brown hair and a height of five feet ten inches. Shrimp and french fries are his favorite foods. "Acey Ducey" is his favorite expression. He plays the string bass in the band. He said, "I like that rock."

Oh, you know? Yes, his name is Jerry Don Euhanks. He is vice president of the Crowell Band this year. He is a member of the Spanish Club and Charlie Brown's Combo (Rocking Club). He has been a member of Student Council for three years. "Canadian Sunset" is his favorite song. In his spare time, he enjoys "rocking." His pet peeve is "some jerk that doesn't like to rock." His easiest subject is English, and his hardest, physics. He has become quite an expert on the repair of radios and televisions. He plans to enter Central Technical Institute in Kansas City, Mo., in June, 1961. By going continuously, he will graduate in June, 1963. He played football his first two years in high school, but he has been rocking his last two years. His parents have influenced him the most. His last words were "Everybody should like that 'rock'."

Best of luck to you, Jerry Don. This senior has hazel eyes, brown hair, and height of five feet ten inches. Her favorites at the movies are Paul Newman and Sandra Dee. Among her favorites are chicken fried steak, football, reading, and talking. Connie Francis is her favorite singer. She plans to attend West Texas State College as a pre-nursing student. After two years, she plans to go to the Medical Branch of Texas University in Galveston for three years to complete her studies.

Have you guessed who our future nurse is? Well, her name is Martha Fish. Her parents have influenced her most in life. Chemistry is her hardest subject, and English is her easiest. Her pet

peeve is "people who gossip maliciously." Her favorite expression is "cotton picking." She has played first chair baritone for 3 years. She won second place in I-H state competition in 1959 in vegetable production. Her record book has won district in food preparation for two years. She is a member of FHA, Crowell Band, I-H, Spanish Club, and Junior Adelpian Club.

Best of luck to you, Martha.

Introducing the 1976 Head Cheerleader

Our congratulations go to Coach Anonett and his wife on the birth of a daughter—Robin Kay. No doubt her name will again be in the headlines in 1976 as the head cheerleader for Coach Anonett's State Champion Wildcats!

F. F. A. Meeting

The regular monthly F. F. A. meeting was held last Friday night at the V. A. building. President Don Welch opened the meeting and discussed various types of business before about 25 members and the chapter advisor, Mr. Myers. Various committees were appointed by the president for the annual Project Show to be held at the newly built V. A. hall on Feb. 10 and 11. The next meeting will be in February.

Don's Doodles

"Mamma, mamma," cried little Randy, "the puppies are here!" "Did you see them?" asked Mrs. Anonett. "No, but the dog is empty," replied Randy.

Students Watch the Inauguration

"Never ask what your country can do for you, but what you can do for your country," is a line from President Kennedy's address, which left its impression upon the student body permitted to watch a portion of the inaugural proceedings between 11 and 12 a. m. on Friday, Jan. 20.

The student body would like to thank Marion Crowell for setting up two TV's—one belonging to school and the other furnished by him—so that we could watch the inauguration.

Close Out Sale

Due to our health and other interests, we have decided to liquidate our JOHN DEERE business. Beginning Thursday, January 26th, we will sell at 40 per cent discount from list price all parts and accessories in our store.

Stock consists of hundreds of items, combine parts, tractor parts, cotton stripper parts, drill parts, sweeps, Graham chisel points, toys, furniture, fixtures and all must go.

We offer in the whole goods line: one new No. 16 Cotton Stripper, with John Deere fittings, at only \$975.00. This is some \$600.00 off list price. We have 2 drag type subsoilers for row crop listed land at \$15.00 each. The big bargain is the L955 Model John Deere model 55 14-foot self-propelled combine, reduced from \$2,500.00 to only \$1,595.00. This machine is in good shape, and is a rare bargain. Also have one used IHC drill that is about as bad as you see for only \$25.00. One No. 953 John Deere Trailer at \$160.00 less tires.

All sales are for cash. No returns for any reason. REMEMBER, 40 per cent discount on parts in the store.

Thanks a lot to all our good customers who have traded with us through the years.

YOU PAY THE LEAST! YOU SAVE THE MOST!

In just five minutes, we Ford Dealers will show you how to save over one hundred dollars a year in operating costs with America's lowest-priced, full-size 6-passenger car (including the equipment most people want) and we'll give you a free copy of this folder to prove it!

HERE'S PROOF YOU CAN SAVE MORE WITH A '61 FORD
 You can ride in this rich-looking '61 Ford Fairlane... with radio, heater and automatic transmission... for less than the price of any other full-size, 6-passenger car in the U.S.A.

POPULAR PLAYBOYS QUARTET — Tops among barbershop quartets from Texas, Oklahoma, Louisiana and New Mexico are these four PLAYBOYS of San Antonio. They won South-west honors in contests staged in Tulsa by the SPEBSQSA—which is short for the Society for the Preservation and Encouragement of Barber Shop Quartet Singing in America. They will entertain the daily and weekly newspaper publishers of Texas at the San Antonio convention of the Texas Press Association on January 20 and 21. Left to right they are: Scott Mullen, Dale Deiser, Franklin Spears and Ben Binford. Mullen is a college student, Deiser and Binford are insurance men, Spears is an attorney and member of the Texas House of Representatives. All four are members of the San Antonio Chordamen Chapter of SPEBSQSA. The chapter's chorus of 54 men won the International Championship for Barber Shop Chorus Singing in 1960.

STATE CAPITAL Highlights AND Sidelights by Vern Sanford

Austin, Tex. — When the Legislature faces a difficult problem on which there are sharp differences of opinion, the final legislation is usually a sort of Irish stew of compromises. Ingredients for this session's main dish, state financing, are fast pouring into the pot. Simultaneously, Gov. Price Daniel and the Legislative Budget Board presented plans for state spending in 1962-63. Governor Daniel recommended general revenue spending of \$479,944,734. Budget Board recommended \$356,131,172—a difference of \$123,781,562. New spending recommended by the governor would include a medical care program for the aged, \$600 a year salary hikes for public school teachers and other improvements in education. As a primary source of new money, the governor endorsed the payroll tax proposal recommended last fall by the State Finance Advisory Committee. He also approved raising state college tuition by \$50 a semester. Daniel urged lawmakers to handle separately the deficit that is expected to be about \$65,000,000 by the end of the fiscal year. For this he tabbed a temporary 2 per cent natural gas tax, a franchise tax, estate bill and transfer of the farm to market road program from the general revenue to the highway fund. ANEXATION LIMIT PROPOSED — A brake on headlong expansion of city limits would be provided in a bill introduced by Rep. W. T. Oliver of Port Neches. Under the bill, cities could annex only 10 per cent of their surrounding territory each year. Meanwhile, each city would have a measure of control through "extraterritorial jurisdiction" of a zone from one-half to 5 miles deep on its perimeter. This would give the city direction over construction and sanitation codes and enable it to prevent the development of outlying slums. Many officials feel that some Texas cities have gone overboard in annexing more territory than they are able to digest. AUTO INSURANCE CHANGE — Sen. Grady Hazlewood of Amarillo, long time critic of present auto insurance regulations, has outlined a liberalized plan he will ask the Legislature to approve. Changes recommended by the senator: 1. Use of only that part of a driver's record which was made since January, 1960, date the new merit system went into effect. As set up, insurance rates are based on driver's record for the past three years. 2. Eliminate from the list of violations causing insurance rate penalties (a) speeding less than 15 miles per hour over the limit, (b) stop light violations involving amber, rather than red lights and (c) "creeping" at stop signs. 3. Eliminate from accidents that result in a penalty those where less than \$100 damage is caused. Present limit is \$25. SCHOOL PORTION DOWN — Texas' public schools' share of state spending has dropped from 35.5 per cent in 1950 to 30.6 per cent in 1960. In a report to Governor Daniel, Texas Education noted that while state spending on public schools has doubled in the decade, other states have upped school financing even more. In the 1950-60 period, the scholastic population increased 34 per cent, enrollment rose 46 per cent and average daily attendance 50 per cent. State spending on schools rose from \$187,000,000 to \$356,000,000. Texas State Board of Education, TEA's policy making body, has recommended a raise for teachers, but did not specify how much it felt the raise should be. There Is No Place Like Home—for Fires, Says Board

There is no place like home... for fires! Home... the dwelling place of a family. A place where all things that are good and wholesome have a beginning... the seat of contentment and happiness until something tragic occurs... such as fire. As temperature drops, fire dangers rise! The coldest winter weather is yet to come, and as the cold increases so does the number of fires, fire deaths and injuries from fire. The 1960 fire death record in Texas is an ugly one. From the fire death-injury reports made to the State Board of Insurance by the fire marshals of cities and towns, it is estimated approximately 510 deaths occurred from fire during 1960 as follows: Children 14 years of age and under, 150. Aged people 60 years and older, 170. People between the age of 15 and 60 years, 190. Approximately 30 per cent of the children who died from fire were three years of age or under. Also, approximately 95 per cent of the fire deaths occurred in the home. Fire death reports indicate that an estimated 65 per cent of the fire deaths resulted from being trapped in the home. It appears that the number one cause of fire deaths was matches-smoking, smoking in bed and children playing with matches. The number two cause of fire deaths was from electrical fires, such as improper fusing, overloaded electrical circuits and defective wiring and appliances. The number three cause of fire deaths was from unprotected open heating units (young and old backing into unprotected heating units), defective stoves and appliances. The number four cause of fire deaths was from the misuse of kerosene and gasoline in starting or quickening fires, the misuse of gasoline as a cleaning fluid in the home and otherwise. It is estimated that 85 per cent or more of the fire deaths in 1960 from the four fire causes here listed occurred in the home. The State Board of Insurance offers two plans, or methods, of how fire deaths may be reduced as set forth below. The first step in bringing about a reduction of the death toll from fire on the local level is to prevent fires from starting. Nine out of ten home fires could be prevented if home owners would: 1. Keep matches away from small children and encourage adults to smoke safely—never in bed. 2. Stop misuse of electricity by improper fusing, overloaded circuits and defective wiring and appliances. 3. Have heating equipment—stoves and furnaces—annually cleaned, inspected and defects repaired, and make sure that all gas heating stoves are properly connected with approved connections. 4. Never allow gasoline, benzene, naphtha or similar volatile flammable liquids in the home for any purpose, and never use gasoline as a cleaning agent. 5. Never allow gasoline or kerosene to be used to start or to quicken a fire. 6. Keep home free of rubbish and unnecessary combustibles. The second step in bringing about a reduction of the death toll from fire on the local level would be for each home owner to plan ahead for fire emergencies. Home owners could protect the family from fire if they would: 1. Carefully figure out and adopt an evacuation plan from the home to the outside should a fire occur—especially two routes from every room and bedroom. 2. Remember that closed bedroom doors, particularly for nighttime fires, will hold back flame and smoke and will allow extra time for escape. 3. Pick an outside assembly point where the family will meet, and be sure everyone understands the rule, "once out—stay out." 4. Check all ash trays, heating stoves and furnaces, and other possible places where fire might start before retiring in the evening. 5. Make sure that all members of the family know how to properly turn in a fire alarm to conserve time and confusion. 6. Make sure that all members of the family are outside of the home and then turn in the fire alarm.

seums, mansions and missions—if they're kept up and made attractive to tourists. An improved and increased array of historic spots could increase tourism 10 per cent and thereby state tax revenue \$1,750,000 a year, the State Historical Survey Committee reported to the Legislature. Committee did not ask for state funds to renovate historic buildings. Instead, it suggested an \$82,775 appropriation for leadership and guidance of local groups who want to preserve or improve something in their locale. Also recommended was a \$50,000 a year appropriation for the Civil War Commission to be used in setting up Texas' part in the centennial observance. Other states in the South, many of whom already have combined scenery and Civil War mementoes to make big drawing cards for tourists, have the pet on centennial planning. PETTICOAT WAR — Women's rights advocates have come to Austin every session, as far back as most legislative observers can remember, to try to get rid of one or more of the Texas laws that treat men differently from women. Every session, the women are treated with courtesy, viewed with amusement, and their bills are mostly a naturally buried. This year the irked women, mostly members of the Federated Business and Professional Women's Club, are going all out. Instead of trying to get one or two individual statutes repealed, they are trying for a constitutional amendment guaranteeing equal rights for women and abolishing—at a stroke—all laws to the contrary. Rep. Ben Atwell of Hutchins (Dallas County) will introduce the measure in the House. NEW GOP CHIEF — Spokesman for the Texas Republican party's "new generation" of leadership is Tad Smith of El Paso. Smith, a 32-year-old attorney, succeeds Thad Hutchison of Houston who resigned. Republicans are setting their sights on: (1) Getting revisions in the election code which they blame for their loss of Texas in the general election, (2) Running a strong race in the April 4 special election to name a new U. S. Senator, (3) Building up momentum for a serious effort to challenge U. S. Sen. Ralph Yarborough when he comes up for re-election in 1964.

Game Department Reorganization Set for September 1 A complete reorganization plan, including a tentative budget, has been adopted by the Game and Fish Commission, following its regular meeting in Austin Jan. 6. The plan is the first phase of a report of the Texas Research League, which was requested last year by the Commission. Although the plan is expected to go into effect Sept. 1, the final decision on its adoption cannot be made until after legislative action, according to Howard Dodgen, executive secretary of the Commission. The plan proposes that the state be divided into five regions, with each region to be complete within itself. However, general policies and administration would continue to come from the Austin office. Fish hatchery operations would be centralized; the state would buy automobiles for game wardens, and a new system of selling hunting and fishing licenses direct to license deputies at a 4 per cent discount, are among the highlights of the recommendation. Another project would be the funneling of \$200,000 game department money for the first biennium to provide recreational facilities in state-owned parks on the coast and on inland lakes. The plan will call for the transfer of many of the present employees of the Commission, giving them more responsibility, with the addition of some new personnel. The change has been made necessary because of an increased population with increased demands on the facilities of the department, according to the Research League report.

Seems Peculiar "It does seem peculiar," says the Johnsonburg, Pa., Press, "that the Rural Electrification Administration—socialistic retailers of electric power in many areas of the country—can, by law, borrow money at 2 per cent from the Federal government and, because they have surplus, loan it back to Washington for 3 1/2 per cent. Johann Sebastian Bach's family had been dedicated to music for six generations.

Article Tells of Recreational Spots in Forest Areas

"Forest Riches" is the title of an article in the January issue of Texas Game and Fish magazine, dealing with recreational opportunities in national forests in Texas. The article was prepared by John W. Cooper of the U. S. Forest Service. It deals with the new recreational program now being sponsored by the Forest Service throughout the United States. One of the principal recreational areas in Texas is the East Hamilton scenic area on the Sabine River in the Sabine National Forest near the old townsite of East Hamilton. This was the site of the first post office in Texas. It is reached over State Highway 87 and FM 2261 from Paterson. Other areas included were Yellow Pine and Shepherd Creek. Industry also has made available considerable lands for recreational purposes. The Forest Service and the Game and Fish Commission have been working closely together to develop the wildlife aspects of the national forest lands. Bubonic plague has been largely wiped out by international rat control measures.

Shower at Truscott Honors Miss Black Last Saturday

A miscellaneous bridal shower honoring Miss Nettie Black, fiancée of James Herring of Crowell, was given last Saturday afternoon, January 21, in the lovely spacious ranch home of Mr. and Mrs. Edgar Jones.

Guests were greeted by Mrs. Jones, and in the receiving line were Miss Nettie Black and her mother, Mrs. Homer Black, and her niece, Miss Dora Johnson of Thalin. Mrs. Billy Johnson, sister of the bride-elect, presided at the registration table.

Guests were then ushered into the large den where several tables were displayed. Misses Gena Adcock and Carolyn Hickman, and Mrs. Mary Lee McLary of Guthrie alternated at piano playing throughout the afternoon.

Guests were then conducted into the dining room where a beautiful display of the bride's colors were enjoyed. The table was covered with a gorgeous white linen cut work table cloth over pink satin. On one end of the table was a large candelabra holding white and pink candles and the center of the table contained a large bowl of white and pink carnations, and a standing silver coffee service which was presided over by Mrs. J. C. Adcock. A beautiful plate was served.

Co-hostesses were Misses D. S. Ellis, H. P. Gillespie, Byron Bates, J. C. Adcock, J. R. Brown and W. R. Owens.

Miss Carolyn Aydelott Feted at Bridal Shower Saturday Afternoon

Miss Carolyn Aydelott, bride-elect of Eugene Monkres, was honored with a miscellaneous bridal shower on Saturday, Jan. 21, from 2 to 5 p. m. at the Adolphian Club house.

Mrs. Marvin Myers presented the guests to the honoree; her mother, Mrs. Harvey Aydelott; her grandmother, Mrs. S. Black; and

Mr. Monkres' mother, Mrs. Hulien Monkres. Mr. Monkres' sister, Mrs. Ted Kyle of Quanah, presided at the guest register.

Miss Linda Johnson, Miss D'Lois Shultz and Miss Dorothy Wehba served punch, containing heart-shaped ice cubes. Dainty blue and white cookies, mints and nuts were also served. The blue and white color scheme, the bride's chosen colors, was also carried out in the centerpiece which was of white caryanthemums, blue ribbon, white wedding bells, and white candles.

Mrs. W. F. Bradford played various piano selections during the receiving hours.

Mrs. V. A. Dunn, Mrs. Richard Johnson, Mrs. Henry Borchardt, Mrs. Gerald Knox and Mrs. Bob Thomas alternated in the gift room. Other hostesses were Mrs. Virgil Johnson, Mrs. Houston Adkins, Mrs. W. F. Bradford, Mrs. Marvin Myers, Miss Dorothy Wehba, Miss Linda Johnson and Miss D'Lois Shultz.

The hostesses presented Miss Aydelott with a corsage of blue carnations.

To Repeat Vows at Methodist Church

The Crowell Methodist Church will be the scene of the January 28th wedding of Miss Carolyn Aydelott, daughter of Mr. and Mrs. Harvey Aydelott, 500 North A Street, to Weldon Eugene Monkres, son of Mr. and Mrs. Hulien Monkres of 510 East Marietta Street.

The public is invited to attend the wedding.

Also, because of an error in the engraving of the invitations, the reception was not printed. However, everyone is invited to attend the reception as well, immediately following the wedding.

Baptist Y. W. A. Organized Friday

The Baptist teen-age girls met last Friday night with a banquet and organized a Y. W. A. After delicious food, the club was organized and committees were ap-

pointed. The following officers were elected: Judy Traweck, president; Linda McLean, vice president; Carolee Cliphart, secretary; and Beverly Thompson, treasurer.

Monday afternoon, in the home of Mrs. Luke Archer, the Y. W. A. met again with Miss Traweck presiding. An interesting program of the department to the American Indians was enjoyed by all.

The next meeting will be held February 6th.

Junior Leaders

"Soviet Farming" was the title of a very interesting film presented to the Junior Leaders by Jo Wynn Ekern and Don Welch at the last meeting.

The party planning committee reported to the club. The square dance will be sometime in February or the first part of March, depending on what will be convenient with the caller.

The chili supper sponsored by the Program Building Committee was discussed. It will be February 6 between 5:30 and 7:30 p. m. at the Down Town Bible Class room. The tickets are 50c. The junior leaders are selling the tickets. The money will be used to help build a 4-H Club house in the future.

Margie Rasberry and Sherry Goodwin served the refreshments. On February 2, the next meeting date, Linda Mechell and Gena Adcock will tell about their trip to Bastrop State Leadership Lab which was made in 1959.

Columbian Club

The Columbian Club met at the home of Mrs. R. J. Thomas on Wednesday, Jan. 18. The club met for study with the president presiding. The pledge of allegiance was given. The devotional was by Mrs. M. N. Kenner with scripture taken from Exodus on the women of the Bible and the part they have had all through the times.

Mrs. W. R. Womack was leader for the afternoon, and her subject was on furniture.

Mrs. Virginia Ilseeng gave a very interesting part on how to arrange furniture in the room and to show the best with the furniture you have.

The hostess served a plate to 12 members. The next meeting will be at the home of Mrs. Edgar Jones of Truscott on Feb. 2. Mrs. Roy Ayers will be leader and her subject will be "soil conservation."

Truscott H. D. Club

"Simplicity is a desirable quality in any form of art, whether it be in making a dress, planning a house, or home grounds," stated Miss S. C. Kinsey, Knox County H. D. Agent, when she discussed "Homestead Improvement" recently at the Truscott community center.

Many labor saving steps in caring for home grounds and names of shrubs which require little care

RECEIVES AWARD—Grady Halbert, Supervisor in the Lower Pease River Soil Conservation District, is shown receiving a silver serving tray from P. B. (Jack) Garrett vice chairman of the Board of Texas Bank & Trust Company of Dallas. Mr. Halbert tied for the top award as outstanding Soil Conservation District Supervisor in Texas for 1960; competing with 905 supervisors in Texas. In addition to the silver serving tray, Mr. Halbert also shared a \$500 grant to Texas Bank which has sponsored the awards program since 1951. This is the first time in ten years there has been a tie for first place. The grant is used by the outstanding District Supervisor to study soil conservation practices anywhere in the United States. Scoring and judging is under supervision of the State Bankers Award Program Committee.

were given. Yards can be made more convenient, comfortable and attractive, even though the amount of water is limited.

Following the discussion, refreshments were served to 13 H. D. Club members, Miss Kinsey, Mrs. Roy C. Daniel, Mrs. Tollison, and four children.

4-H Club Meeting

Fifth grade 4-H club was called to order by president, Lynn Rader. Joe Ray Burkett, Bob Shirley and Larry Hughton gave a report about farm machinery safety. Larry Hughton gave a report on petroleum products safety. The meeting was Thursday, Jan. 19, from 9 to 10 a. m. Joe Ray Burkett read the minutes. Joe Ray Burkett, Gary Cole and Larry Hughton will give a report on farm sheep production. Next meeting will be Feb. 9 from 9 to 10 a. m. FFA and 4-H Project show will begin Friday, Feb. 10, at 4 p. m. and will end Feb. 11 at 4 p. m.—Bob Bird, reporter.

Girl Scouts

Newly elected officers of Girl Scout Troop II include Judy Whitley, president; Teresa Manning, vice president; and Jan Carroll, secretary.

The girls are working on their bird badge and second class rank. Bird feeders were made and printed literature about birds are being studied.

Teresa was "It" and served refreshments that she had made and led outdoor games. Girl Scout songs were sung to conclude the meeting.

4-H Club Meeting

The 5th grade 4-H club met sometime recently. Present were Pam Borchardt, Mary Adams, Jan Barton, Jan Carroll, Cindy Erwin, Martha Villarreal, Judy Whitley, Ruth Castillo, Kay Looney, Sue Eubank, Ann Russell, Janis Whitley, Brenda Pierce, Jo Nell Bradford, Lela Cates, Rita Hall, Sherry Hall, Teresa Manning, Mrs. Ilseeng showed how to make drop cookies and Cindy Erwin led some songs.

Electric Energy Spearheading Assault on Iced Over Bridges

Austin, Tex.—Electric energy is spearheading a determined assault by the Texas Highway Department against an old and deadly traffic hazard in Texas: iced over bridges.

In the hope of permanently solving this age-old peril to motorists, Highway Department engineers are now experimenting with an electrical ice-prevention system near Wichita Falls. First testing began Friday.

First of its kind ever undertaken in Texas, the research project is taking place on twin bridges of U. S. 287 at its intersection with City View Drive near the northwest city limits of Wichita Falls.

The anti-icing system employs the use of electrical heating elements embedded in the concrete bridge slabs through which are energized small amounts of electricity which heat the elements and warm the bridge deck a few degrees above freezing. The system is actuated by a control panel hooked up to an electric utility power supply.

The headache of iced-over bridges has been particularly acute in Texas, where flash freezes occur periodically during the winter months. Ice forms more easily on bridges than on highways because cold air circulates both above and below them. Temperatures of the adjacent highway areas are reduced more slowly, and may not reach the freezing point at all, due to the influence of heat radiated from the earth.

This creates a deceptively dangerous situation for the winter motorist, who may be driving comfortably at 60 miles an hour along an unfrozen highway and sudden-

Income Tax Fraud Indictments Made by Grand Jury

The Federal Grand Jury in Amarillo indicted three Dallas District residents for income tax fraud on January 11. Abner J. Coit, a Dallas resident, was indicted on five counts, for the years 1954 through 1958, for claiming a dependent for each of the years involved when he well knew and believed he had no dependent. The 32-year-old Coit is a graduate of Southern University, Baton Rouge, La., and is employed as a clerk in the U. S. Post Office. Coit was released on \$750 bond.

Robert J. Terrell of Decatur, owner of the Eighter From Decatur Cafe and the Terrell Ford Sales in Decatur, was indicted on four counts. The indictment charges Terrell with failing to report \$70,311.86 and owing income tax of \$21,608.37 for the years 1954 through 1957. Terrell's bond was set at \$1,000.

The third indictment was against Melvin W. Williams and Dallas D. Williams, brothers, of Pampa. The two brothers prepared false income tax returns in the names of eight separate individuals to claim income tax refunds to which they were not entitled. Melvin Williams was arrested in Pampa on January 16 and is being held in the Potter County jail pending his release on \$1,000 bond. Dallas Williams is still at large.

Social Security Tax Did Not Increase

The Internal Revenue folks have received hundreds of letters and calls requesting a new tax table to take care of the social security increase from 3 per cent to 3.1 per cent. There is no new table. There has been no increase. What happened? Internal Revenue included a little yellow mailing slip, Document 5293, with the Employ-

er's Quarterly Tax Form 941 mailed in December. The little yellow slip told employers (of four more) that there had been an increase in their federal unemployment tax from 3 per cent to 3.1 per cent for the year 1961. It also told the employers of changes in social security taxes. A whole lot of taxpayers thought the social security tax rate had been changed so they asked Internal Revenue for a new Circular E. Circular E is the Employer's Tax Guide which contains tax giving social security and withholding tax rates. Of course, there is no new Circular E.

From the News
THIRTY YEARS AGO

News items below were taken from the Friday, Jan. 23, 1931, issue of the Foard County News:
The State Highway Department awarded the contract for the concrete paving of 4.9 miles on State Highway No. 28 from Crowell west, to a Seymour company.

Over 130 official representatives from 15 counties in this section of the state met in Crowell Tuesday and set in motion the machinery for loaning their share of \$3,750,000 allotted Texas to help farmers in the drought-stricken areas to produce another crop.

Crowell High School scored its largest basketball victory here last night by defeating Paducah 65 to 5.
Born to Mr. and Mrs. Howard Bursley, Wichita Falls, Jan. 16, a boy, Charles Howard.

Born to Mr. and Mrs. Chas. D. Hall, Crowell, Dec. 20, a boy.
Every penny of the money spent in Crowell and Foard County for tickets to the Will Rogers matinee in Wichita Falls Friday, Jan. 30, will remain here and will be placed in the local relief funds.

The Crowell Wildcats captured their 18th victory in as many games by defeating Munday 26 to 8 there Saturday night.
Margaret is now leading the Class B Interscholastic League basketball race in Foard County with two victories and no defeats.

Crowell will be the scene of a series of short course meetings in agriculture, gardening, horticulture and home economics to be held at the high school auditorium February 9 and 10.
Mr. and Mrs. Bob Miller of Oklahoma are visiting Mr. and Mrs. D. D. Adams at this writing.

Mr. and Mrs. Charlie Wishon of Crowell visited relatives at Margaret Tuesday.
J. D. and Moody Barsey and Roy Mullins of Black visited friends in Crowell Sunday.

Fred Rennels was in charge of a community service program at the Rotary luncheon Wednesday.
The Texas Co. oil test on the L. K. Johnson ranch about sixteen miles west of Crowell, is now drilling below 1,810 feet.

Two members of the Thalia town basketball team, Gotchie Mints and Clyde Fincher, were placed on the All-West Texas Basketball Conference quintet for the 1959-1961 season.

Cotton Allotment Needs Protection

A farmer must plant 75 per cent of the allotment acres or acreage must be released at the County ASC. H. C. Duncan, local gin manager, said Tuesday. Otherwise, the allotment will be reduced in 1962, provided cotton is not regarded as planted under provisions of the Soil Bank Act or the Great Plains Program, etc.
Farmers who do not plan to use all or part of their allotment acres should go to the ASC office and release the acres before it is too late to get history credit for their farms. A farmer who releases his unwanted acres can maintain history on his farm, provided cotton is planted one out of three years. Cotton growers who would like to have their acreage increased must apply for additional acres in the form provided by the ASC if they want to get their share.
"Apply now for the acres you actually want and will plant. Your request will furnish the county committee with justification necessary to obtain released acres from the line for releasing and requesting acres is April 14," Duncan added.

"Most Urgent"

Repeat of the excise taxes on passenger fares and communication services were characterized by the U. S. Chamber of Commerce as "the most urgent" issue in the transportation and communication fields confronting the upcoming session of Congress. The Chamber also said that two other issues regarded as urgent concerned the common ownership of transportation modes, as well as placing the postal service on a pay-as-you-go basis.

Freedom Came Dearly

FBI Director J. Edgar Hoover reminds us, "The freedom we enjoy came dearly to this Nation; bought in blood, and tears, and sacrifice. It has given us a truly magnificent system of justice, and of government, and of commerce, and of social institutions, and a standard of living which is the highest ever recorded by any civilization."

Boy and His River
Interesting Story in Game Magazine

"A Boy and His River" is a nostalgic story of the Pedernales River in Texas, written by Judge John A. Fuchs, in the January issue of Texas Game and Fish magazine.
Judge Fuchs, who occupies the bench in the 22nd Judicial District Court and lives in New Braunfels, grew up on the stream and has watched it for more than a half-century.

"To me," he writes, "the river was always a dear friend and still is. Swimming, fishing, hunting, trapping and boating, all these the river gave us."

The river was about one mile from the Fuchs family home. The boys explored the deep water holes, the high falls and the Indian markings on the walls of caverns in the vicinity of the river.
"As a boy I never really knew

how much the river meant to me. But now that I have read "A Boy and His River" in my boyhood days I realize that I have a dear old river and everything afforded for granted. How a boy be happy without a river? Judge Fuchs recounts his interesting experiences on the river, including one of the big floods that hit it once.

Bachelor was the term to a man in the first or early period of knighthood.
