DAVIS WINS ALL-STATE HONORS

Bobby Davis, president of the Crowell High School Band, was selected to represent this area in the Regional contest last week end at Abilene.
 Bobby, who plays the baritone, will go to Dallas in February to play with this selected group that will compose two all-state bands. These bands will be directed by two of the nation's leading musicians.
 Bobby was not the only Crow-

ell student to win honors at Abilene last week. His sister, Elizabeth, and George Morgan were both placed in the all-regional band, Elizabeth and George play the saxophone and cornet, respectively.

USE INGENUITY AT CHRISTMAS

Christmas is coming and gee I don't have enough money to buy gifts or decorate the house. Haven't you heard? It doesn't take money, well, not much anyway. Take some advice and follow up some of these ideas; the holiday season will be merrier and brighter than ever before, and less expensive.

I know the girls will all expect gifts. Don't disappoint them. Buy a few bright velvet ribbons, dappled with hangles and beads, and, lo and behold, you have some beautiful ties. Of course, matching earrings are a must, so make them. With the help of some corks and more hangles and beads, it's easy.

The house has to change with the rest of the world for Christmas, and it can't do it alone. Christmas decorations are so expensive when bought, so think of some original ideas and use them. Cards can be used in any number of ways. Neutral lamp shades are really brightened when a few cards are added. Silver tumbledecorations with gum drops and bells cheer everything up. An old, old custom which is still very popular is mistletoe, and it comes in handy (if you know what I mean). With the addition of cedar and boisterous red bows the house resembles a huge Christmas tree. Girls, if you're broke, don't give up. Think, add a little backbone and sweat, and a bright, cheerful Christmas will be yours.

MIDWESTERN STUDENT ENLIVEN ASSEMBLY

Dr. N. J. Guillet, head of Education Department at Midwestern, introduced Bob Nimmo, a junior, who presented an excellent musical program to the high school in the auditorium Dec. 1. Mr. Nimmo played selections

on his accordion, ranging from "Dream" to "Glow Worm." At the end of his performance, Bob played several requests from the students.
 Jo Helen Aly and Jo Ann Fox, who assisted in this program, sang "Sisters" and "Mr. Sandman."

NURSES SPEAK TO JUNIOR AND SENIOR GIRLS

On Friday, Dec. 3, two nurses, Miss Lucille Romero and Patricia Jordan, junior students of St. Anthony's Hospital School of Nursing in Amarillo, came with their instructor, Miss Alice Albus, to give the junior and senior girls the inside information about their school.

Miss Romero and Jordan discussed the curriculum plan, credits, cost, aims, qualifications and other general information on their college.

These girls expressed a spirit which would convince any student that she should become interested in nursing.

Miss Albus, who is a R. N. and has a B. S. degree in nursing, answered numerous questions, which the girls eagerly asked.
 The junior and senior girls appreciated the opportunity to learn of the advantages of a nursing career.

SPEECH I CLASS COMPLETES PRESENTATION OF PLAYS

Speech I students have each had an opportunity to appear in at least one role in a play in school assembly this semester with the recent presentation of three one-act plays. This has been especially valuable as nearly all these students are freshmen and inexperienced in the field of speech and platform technique. Several very talented and dependable students have been found for the drama department work.

First play presented was the very amusing "If Girls Asked Boys for Dates" in which George Morgan had the leading role, assisted by his pal, Harry, played by Aldon Garrett. Their aggressive dates who called for them were Sandra Sanders and Jana Black. George's mother represented by Janet Rasberry saved the day when the boys refused to walk to the dance. This play was extremely well written for a non-royalty play and quite well received by the audience.

In a more serious vein, "Star Player" gave us a vivid picture of character contrast and a clean insight into the problems high school athletes sometimes face as well as a warm and touching story of love and friendship. Carolyn Monkres and Elizabeth Davis portrayed the two basketball captains of opposing teams during sports week activities while Barbara Borchardt acted the part of the coach. The plot revolved

around Ginger Rasberry, Elizabeth's sister, who was physically unable to play basketball, and the jealousy and selfishness of the other captain. Other ball players were Mary Hudson, Lulu Scott, Louise Gordon, Betty McKown and Patty McGinnis. Some fine characterizations were evident in this play.

Climaxing the series of admission-free one-acts was the hilarious comedy, "Swept Clean Off Her Feet," in which two young men played by Aldon Garrett and J. C. McCoy, posed as vacuum cleaner salesmen to gain entrance to a young lady's home in order for J. C. to meet her. Wanda Murphy, the young lady, turns out to be the wife of their boss, George Morgan, who returns home in an angry mood. Mischief - making little sister, Sandra Campbell, and poetry - loving daughter, Shirley Fox, add to the complications. However, all ends happily if not somewhat humorously.

Anticipated productions by Speech I class are a serious Thespian contest winner, "More Perfect Union," and an evening production, "Nine Girls."

Recent plays were produced by special arrangement with Dramatic Publishing Co., Chicago.

FHA GIRLS HOLD ANNUAL DRESS CONTEST

Dear Santa: I have been a good fellow all year in hopes that you will bring me some more senior rings. Love, Carolyn Monkres.

Dear Sinny Cwause: Pivasee bring me a pair of cowboy boots so I can be a wittle cowboy like Dan, Yours twuly, Body.

Dear Santa: I have really been a good girl this year and I should like you to bring me a little white hotrod Ford because I really like to run fast. Love, Barbara Fairchild. P. S. Santa, pay no attention to them when they call me "Speedy." I really got the name by accident.

Dear Santa: We're really not selfish, and don't deserve it, but we just want the whole town of Vernon, please. Love, Betty Sue and Fran. P. S. Well maybe not the "whole" town.

Dear Santa: Go by Abilene first and as you swoop down just bring James home for me! I will be your good little friend. Love, Gail Knox.

Dear Santa: When you came to town the other night, I tried to see you, but they wouldn't let me on the platform. They said I was too big but I'm not really, am I, Santa! Please bring me a new little red wagon because my old one is worn out. A little friend, Henry Black.

GIRLS ELIMINATED AT MATADOR TOURNAMENT

The Crowell girls cagers were eliminated last week end at the Matador Invitational Tournament. Crowell lost the first game to Matador 39-45.

Frances Kincaid led the Crowell girls in the scoring department with 32 points for the two-game total.

CROWELL TAKES 2ND PLACE

The Crowell Wildcats added another trophy to their collection last week end as they took second place honors at the Matador Lions Club invitational tournament.

The Wildcats opened Thursday night by mauling Matador 58-26 and then won a close one from Quitaque 67-62. Saturday night, the Wildcats lost the final game by a heart-breaking 49-52 count.

Mike "Shotgun" Wishon was high point man for the three-game series with 59 points. The Wildcats placed one boy, Gordon Graves, on the all tournament team while Gerry Knox won the sportsmanship award.

KAT TELLS

A welcome addition to CHS is the football jackets. Pretty, aren't they, girls?
 The first gal to be seen sporting a new jacket was Gerry Fairchild. Are you cold, Princess?
 From all accounts the Ranger football banquet was loads of fun. Anyway, Patricia and Maxine enjoyed it.
 Whose Munday senior ring was Carolyn Bursey wearing around her neck Saturday? What did that Q town boy, Levon, think of it.

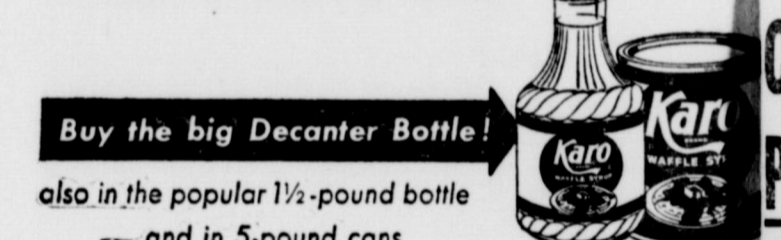

NOTICE
TO CITIZENS OF MARGARET AND FOARD CITY

In trying to save the Post Offices in your community, it was necessary for me to "politically stick my neck out." There might be many wolves in sheep's clothing; but it looks to me, the post office is the most Patriotic thing we have in America today. When we pass laws that will do away with the post office, we do away with the most Sacred inheritance we have. Our post office came before the flag of our country, and strangely enough it was Benjamin Franklin who brought both to us. When we pass laws that will directly reduce either the post office or the flag of our country, we deal in Communism. In making a stand against closing the post office in your community, it was necessary to reject party demands and stand for principal. That has been done and it is now up to you people if you appreciate it.

JET FUELS AND JET PLANES SOAR TO NEW AVIATION ERA

America's first jet propelled transport, heralded as the largest and fastest airliner in the world, completed initial test flights recently, and ushered in a new era of commercial air travel. Made possible because of jet fuels which give peak performance, the new plane may be the first of many for military as well as commercial use. Many special fuels for aviation uses are developed in the research laboratories of oil companies. Skilled technicians, duplicating actual conditions of engine operations, develop a variety of fuels ranging from normally gaseous to light diesel types. Demand for jet fuels is expected to increase almost 83 per cent by next year for military requirements alone. Both military and commercial demands will be amply met as America's oil companies apply their tremendous initiative and know-how to the task.

Famous Southern Pie for Company

Reputations are made with this luscious pecan-and-Karo filling!

Here's a conversation-making dessert, a pie that's a real stunner! Eyes light up, and requests for the recipe are sure to follow the first bite. Pecan Pie is a Southern heirloom recipe, so delicious that it has gained country-wide fame, simply on the strength of its mellow, luscious flavor. This easier-than-ever recipe makes it as simple to fix as a package dessert.

PECAN PIE

- ½ recipe pastry
- 2 eggs, beaten
- 1 cup Kara Syrup
- ¼ teaspoon salt
- 1 teaspoon vanilla
- 1 cup sugar
- 2 tablespoons melted butter or margarine
- 1 cup pecan meats

Roll pastry ¼ inch thick. Line a 9-inch pie pan. Mix remaining ingredients together, adding pecans last. Pour into pastry shell. Bake in hot oven (400° F.) 15 minutes; reduce heat to moderate (350° F.) and bake 30 to 35 minutes longer. *If salted nuts are used omit salt in recipe.

"BRIGADOON" SETS ENHANCED BY OIL-DERIVED EFFECTS

Oil did its bit on the set of "Brigadoon," the new film version of the stage hit. For the most part, oil was an unseen but real ingredient in the sets. Heather was made by spraying California sage with lavender paint, most of which contains thinners or oils derived from petroleum. Trees were concocted of plastic, which contains chemicals from oil. Live foliage was added. Scottish mists billowed from dry ice, which can be manufactured from oil well ingredients. For more vigorous fogs, vaporized oil was used. The life-like results soon will be viewed by moviegoers across the country, who little know the ingenuity that industry and artistry invest in such an enterprise.

One-half the world tries to prevent his better-half from knowing how he lives.

SO YOU'VE HAD an ACCIDENT?

(From a booklet now being printed and illustrated by the International Department of Public Relations.)

One out of every 14 people will suffer some accidental injury this year involving at least one day of disability. Many will be permanently disabled. "Accident Facts," published by the National Safety Council reports that there are 10 million accidents in the United States every year. One half of these accidents occur in the home.

No estimate can be made of the number of less severe injuries. Minor jolts happen every day. Many people believe they will suffer no major disability—at least, that is what they think at the time. But weeks . . . and sometimes even months or years later . . . they will turn up with some illness or disability not immediately associated with the accident. Nevertheless, the accident was the original cause.

CAN ACCIDENTS PRODUCE DISEASE?

Yes, the cause of many diseases can be traced to a previous accidental injury. It takes electricity to run lights. An accident can disrupt that electricity. The lights then grow dim and go out. Likewise, nerve force from the brain, channelled over the spinal nerves, is necessary to run the body. If nerve force is interrupted, the affected organs fail to perform their proper function. It might be the stomach which would be affected, the eyes, the heart, or any other organ of the body. Disrupted function can result in serious disease.

HOW IS NERVE FORCE INTERRUPTED?

Misaligned vertebra may cause a pressure on the nerves of the spinal cord sufficient to interfere with the full flow of nerve energy to various organs in the body, resulting in decreased function. In an accident the body absorbs the force of extreme jolts, bumps and strains. If the pressure is extreme, a paralysis may result—if only a small pressure occurs, it may take months or years to produce any noticeable ill effects.

CAN ILL EFFECTS BE PREVENTED?

Definitely yes! If your automobile were involved in an accident, you would have a mechanic check over the entire machine and correct any misalignment, broken parts or other damage. You should make sure that it was sound mechanically before driving it again. The same principle applies to your body if it has been involved in an accident.

SEE YOUR FAMILY CHIROPRACTOR

Your Chiropractor is trained in detecting interference to transmission of nerve energy caused by misalignments or subluxations in the spine. If there is an interference to the free flow of nerve energy to any part of the body, he will tell you so. He will correct interference by an adjustment to the spine.

If you have had an accident lately, he will pay you to have a check-up by your family Chiropractor, and don't put it off. The longer you wait, the more damage you will suffer, and the harder it will be to correct the cause of your trouble.

See your Chiropractor . . . for a check-up . . . and avoid serious consequences later.

CARD OF THANKS

I wish to express my thanks to my many friends and neighbors for their visits, flowers, fruits and cards. I especially thank the nurses and doctors for their excellent care while I was in the hospital. T. R. Cates Sr. 2-2-c

Things are bound to come to the man who advertises while he waits.

DAVID HARDY, world traveler and news analyst, will present an illustrated lecture on Life Magazine's science series, "The World We Live In," on Jan. 6, 7:30 p. m., Wilbarger Auditorium in Vernon. The 90-minute lecture will be illustrated in color on a 30-foot wide screen. All proceeds from this performance will go to Student Nurse Fund.

Careful Planning and Efficiency Necessary for Farmers in 1955

Careful planning and increased farm efficiency are the tools Texas farmers must use in 1955 to fill the gaps caused by a drop in farm income, acreage allotments and the weather.

Total crop harvests and livestock production in the state this year compare "very favorably" with recent years, says C. H. Bates, extension farm management specialist. But based on net income, Bates says the farm picture is quite different.

Profits of farm and ranch families are running about six per cent below 1953. This is due largely to slightly lower prices and hiked costs of farm production.

Drought, particularly in the Southwest, has further hampered farm operations.

Acreage allotments on several major cash crops will reduce potential production. Stocks of most commodities are large and there's not much chance farm prices will rise above those of this year.

Livestock feed costs promise to remain high during the first half of the year. Bates suggests that producers who do not have adequate feed reserves plan for maximum feed production in '55.

The specialist also says this is a good time to expand soil improvement programs on overworked cropland. He advises farmers to take steps to curtail the "leak" in farm income caused by insect damage to crops and livestock.

Finally, farm records help give a clear picture of any year's operation, and January 1 is an ideal time to start such records. "It will take better farming to increase profits in 1955," Bates concludes.

Austin, Tex. — Highlighting the news in Austin is the resignation of U. S. District Attorney Charles Herring.

Herring is the only remaining Democrat in a federal attorney's job in the nation. He leaves an impressive record as a prosecutor.

He will return to private practice in Austin when his resignation becomes effective January 1. Rumor is that he will be a candidate for Attorney General of Texas in 1956.

Russell Wine, San Antonio attorney, is in line for the district attorney's post. He has Republican National Committeeman Jack Porter's backing for the job.

State Building Program Karl Kamrath, Houston architect and chairman of the state planning commission, says that state plans for new buildings in Austin will probably be delayed until the capitol city's new "Master Plan" is developed, so that city and state plans may dovetail.

Kamrath was here to talk with the city's planning officials about the employment of a consulting engineer for preparation of the new master plan.

State voters recently approved a constitutional amendment authorizing the transfer of surplus money from the Confederate Pension Fund to a building fund for the erection of a new court building and a new state office building.

Another Attempt If you wear glasses you'll be interested in the latest move by the state optometry board.

Last year the Legislature refused to pass an optometry bill.

CARD OF THANKS

I wish to take this means of thanking all my friends and relatives for the visits, the flowers, the cards, and other acts of kindness shown me while I was in the hospital. I especially want to thank the nurses and doctors for their care. Ed M. Cates.

TANK CAR HISTORY

The first railroad tank car to be constructed specifically for commercial operation was loaded in 1865 at Titusville, Pa., where the first commercially successful oil well was drilled by Edwin L. Drake. Early oil cars carried only about 2,000 gallons. Today's tank cars can carry more than six times as much.

A bissextile year is leap year.

granting the board dictatorial powers over newspaper and other advertising.

Legislators felt that the public's interest came first, and that the board's bill would only serve to jack up the cost of glasses. As one legislator put it, "They are out to make the people pay through the eyes."

Twice in the last 13 months the board has issued a "ruling"—and recalled it—outlawing newspaper advertising by optometrists, except for card ads. This order was in direct defiance of the state Legislature and in spite of Attorney General John Ben Shepperd's ruling that they had no such power.

Now the board has called for "public" hearings, January 3 at the statehouse, as a buildup for another such ruling.

Democratic Harmony Maybe there is going to be a little more harmony in the Democratic Party.

Governor Allan Shivers expressed that possibility in a press conference here.

He said that the trend of a party meeting in New Orleans seemed to indicate a feeling on the part of Democratic leaders to yield somewhat in their attitude toward southern conservatives.

"It should be looked on in that light," the Governor said.

Legislators at Work Texas legislators, with a \$15 per day pay boost, will spend little time in getting back to work in January.

Committee appointments and election of a speaker of the House are expected to present no problems.

Lieutenant Governor Ben Ramsey is planning to name the Senate committees by January 11 when members convene.

kana is unopposed for speaker of the house and the first day's business will see him elected. He's also expected to have committee appointments ready early.

Under new regulations, legislators receive \$25 a day for the first 120 days, and nothing thereafter. Heretofore they were paid \$10 a day for the first 120 days and \$5 a day for regular session overtime. The new rule should speed up 1955 action.

Special sessions, under the new law, must end in 30 days, with \$25 a day applicable.

Highway Plans A \$2.5 million highway program for Texas has been okayed by a special committee appointed at the request of Governor Shivers.

State Highway Commission Chairman E. H. Thornton Jr., who set up the committee said that the problem of financing the program would be submitted to the legislature in January.

Money and Water Financial and drought problems will be the major matters facing

the legislature next year. State departments are clamoring for funds—a \$41 million increase in appropriations.

A majority of the lawmakers are expected to go along with Governor Shivers on the money problem.

Carter Provides Fund Austin headquarters of the board for Texas State Hospitals and Special Schools know that there really is a Santa Claus.

A donation of \$5,000 has been received from the Amos Carter Foundation of Fort Worth. It is for a special Christmas fund to purchase gifts for patients and students at state hospitals and special schools.

PIPE LINE WALKERS FLY

Patrol planes fill important roles in pipe line maintenance for gas and oil lines across the country. The patrol pilot studies the terrain. He looks for new construction adjacent to the right-of-way for changes that might result from flood waters, brush growth, erosion of banks near pipe line bridges, or fluctuations in river courses. On rare occasions, a leak can be detected, but usually this is noted by station operators from the drop in line pressure indicated by gauges at pumping stations. Many companies have found air-plane patrol to be more effective than line walking.

It would appear that the family tree of some confidence men must be a slippery elm.

The workman who is thrifty at home seldom wastes his employer's time or material.

We Can Save \$4,600,000,000

Could your family use an additional \$120 a year?
 That's the sum, according to a reliable estimate, that would be saved the average family of four if manufacturing and service operations in which the government is engaged were turned over to private enterprise. The total saving to the taxpayers would be \$4,600,000,000 a year.
 Socialism depletes everybody's pocketbooks—just as it undermines everybody's freedom and opportunity.

BRRR!

A new refrigerant has been developed which offers safety in cooling to 150 degrees below zero, Fahrenheit, yet is nonexplosive and nonflammable. Bearing the complicated name of monochlorotrifluoromethane and derived in part from oil, the new refrigerant is expected to fill the bulk of present industry low-temperature requirements, and be useful in chemical and pharmaceutical processing, aging of steel and most types of low-temperature aircraft testing work.

IT'S A SWAP!

There are two sides to every "swap" . . . giving and getting. All through life we are "swapping" . . . giving up something we want less to get something we want more.
 That's exactly what happens when you open an account and add to it regularly. Once the saving habit is established, you'll hardly miss the small deposits you make each pay-day.
 Yet, they can make your dearest dreams come true: a home of your own, a college education for your children, financial independence for your retirement years. This is the kind of "swap" that spells success and happiness in life.
 And the best time to start "swapping" is NOW!

Joyce Williams and Mr. Prince Marry in Quanah December 6

Miss Joyce Laverne Williams, daughter of Mr. and Mrs. Hayden Ford of Crowell, became the bride of Pfc. Denval M. Prince, son of Mr. and Mrs. Robert Prince Sr. of Quanah, in a simple double ring ceremony on Monday evening, Dec. 6, at 8 o'clock in the home of the groom's grandmother, Mrs. R. L. Morris, in Quanah. Rev. C. C. Calhoun, pastor of the Quanah Church of the Nazarene, directed the couple in the recitation of their nuptial vows.

The bride was lovely in a street length dress of pink faille trimmed in black velvet with which she wore matching accessories.

Mrs. Robert Prince Jr., sister-in-law of the groom, was the bride's only attendant. She was attired in a navy blue suit with which she wore matching navy accessories.

Robert Prince Jr. served his brother as best man.

Immediately following the ceremony, a reception was held. Mrs. R. L. Morris, Mrs. Robert Prince Jr. and Mrs. T. B. Bates served refreshments from the bride's table, which was covered with a lace cloth and was decorated with the two-tiered wedding cake topped with a miniature net arch, decorated with bridal wreath and tiny wedding bells tied with white satin ribbons. Large white tapers in crystal holders flanked this arrangement.

Mrs. Prince attended the Crowell schools and at the time of her marriage was employed with Sonora's Drive-In here. Mr. Prince attended the Quanah schools and at the present he is serving with the U. S. Army.

After a short wedding trip, the bride will make her home in Crowell while the groom is serving on overseas duty.

Approximately 27 close friends and relatives were present for the occasion.

Mrs. Robert Prince Jr., sister-in-law of the groom, was the bride's only attendant. She was attired in a navy blue suit with which she wore matching navy accessories.

Mrs. E. L. Pollard met the guests at the door and presented them to the honoree and honored guests which included Mrs. Toolley, Mrs. Hofmann, Mrs. Minnie Havaty, Mrs. Dorothy Havaty, sister of the bride, Mrs. Roy Hofmann, mother of the groom, and Mrs. R.

Mrs. Sanders' Pupils Present Christmas Musicals Sunday

Musical programs, emphasizing the Christmas theme, were given by the piano pupils of Mrs. Allen Sanders on Sunday afternoon, Dec. 12, at the Adelphian Club house.

Judy Adeock and Mary Kay Coffey opened their program by singing "Frosty, the Snow Man." They were accompanied by Danny Callaway. Duets and solos were played by Jo Wynn Ekern, Ronnie Sue Oliphant, Barbara Womack, Barbara Bell, Mary Sue Speer, Carolyn Denton, Marjory Denton, Judy Barker, Sue Sanders, Carole Fleck, Barbara Goodwin, Paula Sparks, Judy Sandlin, Alta Nell Bartley, Kay Johnson, A trio was played by Beverly Thompson, Arcina Garrett, and Sharon Everette. Carria Driver and Carolee Oliphant also played solos.

The pupils who played in the other program were Carolyn Bursey, Maxine Walker, Betty McKown, Noel Wilkins, Carolyn Sue Monkies, Sandra Campbell, Mary Ann Brown, Pat Prosser, Roxie Wilkins, Gay Johnston, Judy Borchardt, Charlotte Sledge, Danny Callaway, Jo Frances Long and Janie Bowers.

Danny, Jo Frances and Charlotte sang "Count Your Blessings." They were accompanied by Judy Borchardt. Each one of this group played in a duet or played a solo.

The Christmas program was presented by the Foard City Club with Mrs. Fred Traweck as leader. Immediately preceding the covered dish luncheon, an enjoyable, informal discussion of "How we kept Christmas in the early days of Foard County" was led by Mrs. N. J. Roberts.

Following lunch, Mrs. Jack Roberts Jr. entertained at the piano with Christmas carols and songs. During the business session, Mrs. L. A. Andrews gave the library report. Mrs. Horace Phelps was elected Federation secretary-treasurer following the resignation of Mrs. Darvin Bell and it was voted to hold an annual, all day meeting for the women of Foard County. The time and place of this meeting will be fixed at the next Federation meeting.

Roll call was answered by the Adelphian, Columbian and Garden Clubs, and the Gambelville, West Side, Vivian and Foard City Home Demonstration Clubs. Beautiful and interesting pictures were

shown by Roy Joe Cates, who made the pictures while he was stationed in Japan.

The next meeting will be Friday, Feb. 4, 1955. The Adelphian Club will present the program.

T. E. L. CLASS

The T. E. L. Sunday School Class of the First Baptist Church met December 9 at the church for a turkey dinner and Christmas social.

The meeting was opened with the president, Mrs. I. L. Denton, in charge. Mrs. E. A. Dunagan led in prayer. Mrs. Homer Zeibig and Mrs. Clark Hitt sang two numbers, accompanied at the piano by Miss Jo Helen Aly.

Mrs. Frank Moore brought the devotional, her subject being, "Cheerful ye have given, cheerful ye have received" and used scripture from Luke 2. She also did a beautiful Christmas story, "Do Not Open Till."

Mrs. Alva Spencer brought two violin numbers, accompanied also by Miss Aly, who played a piano solo.

Mrs. Aly closed the meeting with prayer. Seventeen members and three visitors, Mrs. Spencer, Mrs. Hitt and Miss Aly, were present.

COLUMBIAN CLUB

The Columbian Club met at the home of Mrs. Sam Crews on Wednesday afternoon, Dec. 8, with a beautiful Christmas party. The house was artistically decorated for the holiday season.

With Mrs. Hines Clark as leader, the program was opened by Mrs. Crews playing "Silent Night" as a piano solo. Mrs. D. R. Magee told of the birth of Jesus from the second chapter of Luke. Mrs. Fred Wehba gave the story of Christmas in 1854.

Mrs. Grady Halbert told of the Cowboy Christmas Ball at Anson, Texas, in 1885. A very beautiful story was given by Mrs. C. W. Thompson, "The Little Christmas Tree."

The exchange of gifts was a happy time for all.

A very lovely plate was served to sixteen members and five visitors. The guests were Mrs. Rob Cooper, Mrs. C. W. Thompson, Mrs. A. Y. Beverly, Mrs. Jack Seale and Mrs. T. B. Klepper.

GARDEN CLUB

The hospital was the recipient of Christmas decorations made by Garden Club members and displayed at the Christmas meeting held at the home of Mrs. Hartley Easley last Friday morning. Mrs. Maude Rasberry was co-hostess with Mrs. Easley.

A Christmas collect was read by Mrs. L. A. Andrews and members and visitors expressed their ideal "gift for a gardener." Mrs. Jack Roberts Jr. gave highlights from a book on Christmas decoration by Dorothy Biddle and Dorothy Bloom. A round table discussion ensued and a variety of novel ideas was exchanged. An enjoyable social hour followed the program.

Dainty refreshments were served to Mesdames Andrews, Roberts, Foster Davis, N. J. Roberts, Roy D. Fox, M. O'Connell, R. J. Thomas, Leslie McAdams and these visitors, Mesdames Dick Carroll, James Sandlin, Jack Thomas and Raymon Rasberry.

NEW COLLAPSIBLE CONTAINERS AID SHIPMENTS

Granular materials, like dry chemicals, sugar, and flour, soon may be shipped in ball-like containers that come in 2,500-gallon sizes and are made of fabric and synthetic rubber, which is oil-derived. The eight-foot containers can be collapsed to two feet for storing and shipping. New uses for oil-derived materials offer new possibilities for both industry and consumer, and result in greater economy and convenience for each.

LET'S TALK LIVESTOCK BY TED GOULDY

Fort Worth — Cattle trade was active and prices strong to unevenly higher Monday at Fort Worth. The scarcity of the better kinds of fat calves, which has become more and more pronounced in recent weeks, led to some sharp gains for that class.

Slaughter calves drew 50 cents to \$1 higher prices, the most of the advance on the choice grades. Fed steers and yearlings were stronger with some sales 25 to 50 cents up on fat mature steers.

Cows, bulls and stockers and feeders enjoyed active trade and steady to strong prices. Good and choice slaughter calves cleared at \$14.50 to \$19, with some fancy fed calves to \$20. Common and medium slaughter kinds sold from \$10 to \$13, and culls sold from \$7 to \$10.

The few cents it costs to rid calves of these grubs can mean as much as \$5 to \$10 per head, since grubby calves everywhere sell around \$1 to \$3 per hundred

under those without grubs. Good and choice stocker steer calves sold from \$16 to \$20, and stocker steer yearlings sold from \$19.50 down. Stocker cows drew \$7 to \$10.

Fat steers and yearlings of good and choice kinds sold from \$19 to \$23.50, while plain and medium sorts sold from \$12 to \$18, and some canner yearlings sold from \$9 to \$11.

Fat cows cleared at \$8.50 to \$11, and canners and cutters sold from \$5 to \$9. Bulls drew \$8 to \$12.00 odd head above or below that range.

Hogs Stage Weak Rally

Butcher hogs were around 25 cents higher and top hogs sold freely at \$18.25 at Fort Worth Monday. Less desirable kinds because of heavy or lighter weights, or medium finish of fat backed kinds, sold from \$16.50 to \$18. Sows sold from \$14 to \$16.

Lambs Weaken

The lamb trade was again an off-again and on-again affair at Fort Worth Monday. Monday was the "off" day it seems and most slaughter and feeder lambs were 25 to 50 cents lower.

Last week the trade jumped

around 50 cents lower, to 50 cents higher, to 50 cents lower, from day to day and apparently this situation was going to prevail again — judging from the start Monday.

Fat lambs of the good or choice variety cashed at \$16 to \$18, and cull, common and medium sorts sold from \$10 to \$15.50.

Stocker and feeder lambs sold at \$3 to \$4. Old ewes sold at \$4.50 to \$5.50, and are quoted to \$6 or better on the right kind of smooth light choice fat kinds. Old wethers drew \$7 to \$10.
