Monthly Dollar Day Bargains Will Be Featured by Crowell Merchants Next Friday and Saturday, August 5 and 6

Friday and Saturday, August 5 and 6, Crowell merchants will feature dollar day bargains in their stores, a regular monthly event sponsored by the Crowell Merchants Club. People living in the area are extended a cordial invitation by Crowell business men

to be here on those two days to take advantage of the many bargains being offered.

Another special event, also sponsored by the Crowell Booster Club, which is attracting much interest, is the weekly Trades Day drawing every Saturday afternoon at 4:30 o'clock.

Large crowds throng the streets of Crowell every Saturday for this event, which is held on the west side of the court house.

Dollar day bargains are listed in advertisements carried by Crowell merchants in this issue of the News.

Coaches Attending Coaching Clinic in San Antonio

Coaches Thayne Amontell, Gordon Erwin and Glen Taylor are attending the annual Texas High School coaching clinic in San Antonio this week. This school has had 2000 coaches in attendance at the outstanding coaching school of the nation.

There will be five days of lectures and demonstrations in football, basketball, track, baseball, first aid. There will be an all-star football game Friday night and an all-star basketball game Saturday night. Outstanding athletes graduated from high school during these teams.

The football faculty for this clinic includes head coach Bud Robinson of Oklahoma, head coach George Sauer of Baylor, and Daugherty of Michigan, and Royal of Mississippi.

The basketball faculty is headed by Phil Woopert of San Antonio University, and Milton Woopert of San Marcos State College. Woopert's team won the AA championship last season.

Other faculty members are Littlefield of the University of Texas, track; Alex Hooks of M. U. baseball; and Elmer of T. C. U., athletic training.

Old Age Assistance Checks to Be Larger Starting in September

Old people in Texas heaved a sigh of relief Thursday as Attorney General John Ben Shepperd ruled that they will begin receiving increased old age assistance benefits in September.

The bill passed by the Legislature provided for the additional million dollars in assistance to begin in September. But because the bill was passed by a narrow vote, it ran into a constitutional snag providing that such a change cannot go into effect until 60 days after the session ends.

The delay in the effective date of the increase has caused a question as to whether additional funds could be made available before October 1. Shepperd ruled that the increased allocations for September could be made September 6. This means payment of the increase will start that month.

This opinion was requested by the State Department of Public Welfare.

REV. AARON BACKUS
Evangelist, Baptist
Church Revival

Rev. Aaron Backus Evangelist for Baptist Revival

Rev. Aaron Backus of McCamey has been engaged as the evangelist for the summer revival which will start at the First Baptist Church in Crowell next Sunday, August 7. He is known for his plain gospel messages and striking evangelistic spirit.

Rev. C. T. Aly, pastor, will be in charge of the musical program. Services will be held on the church lawn if the weather permits. Provisions will be made for large crowds to attend, and a large choir will furnish music and a booster band composed of the children will also be organized.

Services will be at 10 a. m. and 8 p. m. Bro. Aly stated that the public is cordially invited to attend these services.

Dempsey Wright of Oklahoma City Died Monday

Dempsey Wright, who was reared in this community by his stepfather and mother, the late Mr. and Mrs. Bud Harrell, died of a heart attack in Oklahoma City Monday. Funeral services were held there at 4 o'clock Wednesday afternoon. Mr. Wright was a brother of Mrs. Roy M. Fox of Crowell.

Mr. Wright went to Oklahoma to live when he was a young man and had made his home in Oklahoma City for many years where he had been a cattle broker at the Oklahoma City Stock Yards.

He was here just a few weeks ago visiting his sister and family and old-time friends. Mr. and Mrs. Fox left early Wednesday morning for Oklahoma City to attend the funeral services.

Survivors include Mrs. Wright and four children, and Mrs. Fox.

Revival to Start at Free Will Baptist Church August 12

A revival meeting will start next week, Friday night, August 12, at the Free Will Baptist Church, with Bro. H. H. Haston of Paducah and Bro. Warren Everson of Crowell doing the preaching, it was announced this week by officials of the church.

Song service will begin at 7:30 o'clock, under the leadership of Wayne Dishman, and the preaching service will begin at 8 o'clock. Everyone is invited to attend these services and worship with the members of the Free Will Baptist Church, the announcement stated.

Dr. John E. Binnion Accepts Position at University of Denver

Dr. John E. Binnion, associate professor of business education at Southwestern State College in Weatherford, Okla., since September, 1953, recently resigned to take a position at the University of Denver, Colo. He will be employed in September as chairman of the department of business education at Denver.

Dr. Binnion received a B.B.A. degree from the University of Texas, Austin, an M.A. degree from New Mexico Highlands University and an Ed. D. at Oklahoma A&M College. He is also listed as a certified public accountant from Oklahoma.

Dr. Binnion is married to the former Miss Doris Campbell, daughter of Mr. and Mrs. Dwight L. Campbell of Crowell.

Youth Activity Week to Be Observed at Methodist Church

Youth Activity Week will be observed at the Methodist Church August 7 to 12. Mrs. Hulon Monks announced this week. All young people are urged to attend, she stated.

The time is 6:30 to 9:30 at the Methodist Church. There will be fun for everybody, special music, refreshments, worship and fellowship, according to the announcement.

Light Rain Falls Here Last Wednesday

Rain which measured .35 of an inch by the Government gauge at the Crowell State Bank fell here last Wednesday afternoon. It did not cover a large area, according to reports.

Moisture received so far during the summer has kept the cotton crop in a good growing condition and at present prospects are favorable for a better yield than for several years.

The Hardin-Simmons University Cowboys of Abilene, Texas, the most famous of all college bands, have played all over the nation and have toured Europe.

School Board Elects Bus Drivers for New School Term at Meeting Monday

The Crowell School Board elected the following bus drivers in its regular monthly meeting last Monday night: George Pruitt, Riverside; Allen Taylor, Gambleville; George Fox, Thalia; Paul Wallace, West Foard City; J. W. Hazelwood, East Foard City; Carl Cox, Good Creek; James Welch, Trustcott; Glen Taylor, Trustcott; George Meason, Vivian; E. L. Rickard, Margaret; Marcus Mills, Four Corners; Clyde Russell, Black; Mrs. William Sledge, Masterson, and Noel Matthews, colored children. E. C. King will serve as substitute driver.

Vivian Routes Combined

The two Vivian routes have been combined which will make quite a saving in transportation cost. This change was made possible since there are no children to pick up out at the Texas County.

Keep Your Checking Account Above the "Safety Level"!

Yes, it's embarrassing—and it doesn't make a good impression—to be "caught short" and not have enough funds in your checking account to write the check you want to write.

Maintaining an ample balance at all times is good business practice. Then you are always prepared for any emergency which may arise or any opportunity to make a profit by having ready cash in your checking account.

It pays in many ways to keep your checking balance above what you consider the "safety level."

CHURCH MAN FOUND GUILTY OF HERESY — The Rev. George P. Crist still maintained his innocence, after being found guilty on charges of heresy. The verdict was reached by a trial committee of seven Lutheran church men, representing the Northwest Synod, United Lutheran Church in America, in Milwaukee, Wis. This was the first such trial in the 65-year history of the church.

Our community was grieved Sunday morning by the death of one of our neighbors and friends, Mrs. A. H. Martin. Although an invalid for several years, she always had a smile and a warm handclasp for friends who visited her.

Mr. and Mrs. Clyde Martin and family of Wichita Falls spent Sunday with his parents, Mr. and Mrs. Barney Martin.

Visiting recently with their mother, Mrs. N. H. Harold, and brother, O. B., were Mr. and Mrs. A. E. Russ, Audrey and Gary, of Fort Worth, Mr. and Mrs. N. H. Harold, Drucilla, Lary and Stevie, of Wichita Falls and D. J. Kennedy of Chillicothe.

Mrs. A. M. Jenkins and sisters, Freida and Joy Ball, of Frederick, Okla., visited Friday with their sister, Mrs. Ernest Bergt, and family.

Mrs. Idona Miller and daughter, Miss Cressie Miller of Norman, Okla., came Tuesday to visit their daughter and sister, Mrs. W. W. Carr, and husband. The women attended a birthday party Friday for their sister and aunt, Mrs. Kate King, at Comanche.

W. O. Kennedy and daughter, Eula May, of Dallas are visiting his sister, Mrs. N. H. Harrold.

Mrs. Steve Clark of Wichita Falls visited Saturday with her husband's parents, Mr. and Mrs. Buck Clark.

Mr. and Mrs. Eddie Richter and family of Electra visited Saturday with her mother, Mrs. Ruby Mansel.

Jimmy Kieschnick of Harrold visited last week with his cousin, Glenn Kieschnick.

Sam Veal and grandson, Ricky, of Amarillo visited Saturday in the Levi Lewellen home.

Mr. and Mrs. Rusty Lewellen and Stevie of Ardmore, Okla., spent the week end with his father, Levi, and wife and aunt, Mrs. Ida Colelazer.

Mr. and Mrs. M. M. Wilkins of Plainview visited recently with her sister, Mrs. N. H. Harrold, who had the misfortune to break her arm. Her sister remained for a longer visit.

Drucilla Harrold of Wichita Falls spent last week with her grandmother, Mrs. N. H. Harrold.

Mr. and Mrs. Pete Haynes and family of Carlsbad, N. M., returned home Wednesday from a visit with his mother, Mrs. Ruby Mansel, and other relatives.

Mr. and Mrs. Clifford Russell and boys, Ronnie and David, of Dallas visited last week with her grandparents, Mr. and Mrs. Bill Dewberry, and aunt, Opal.

Chock Ashcraft of Fort Worth visited last week in the Bill Dewberry home.

Mrs. Carl Taylor of Crowell spent last week with her daughter, Mrs. Freeman Hopkins, and family.

Mr. and Mrs. Billy Joe Clark, Brenda and Joie, of Odessa returned home Wednesday after a visit with his parents, Mr. and Mrs. Buck Clark.

Mr. and Mrs. J. K. Jenkins and Carolyn of Tulsa visited over the week end with her sister, Mrs. Ernest Bergt, and family.

Marine M-Sgt. and Mrs. Ervin Schoolcraft and daughter, Pam, of Lawton, Okla., returned home Saturday after a visit with her parents, Mr. and Mrs. A. T. Beazley.

Miss Gail Borey and Miss Barbara Lee Anderson of New Orleans, La., are visiting Barbara's grandparents, Mr. and Mrs. Buck Clark.

C. H. Thomas Sr. visited Sunday with his sister, Mrs. Ethel Mills, of Childress in the home of his daughter, Mrs. C. R. Thomas, in Vernon.

Mr. and Mrs. W. W. Ashcraft returned Sunday from a visit with his brothers, Jack and V. W., and families of Leon, Okla.

Mr. and Mrs. A. T. Beazley left Saturday to visit their daughter, Mrs. Ervin Schoolcraft, and family of Lawton, Okla.

Mr. and Mrs. W. W. Ashcraft made a business trip to Bowie

Buddies and Brothers Can Stay Together During Army Service

Service in the U. S. Army has a special appeal to buddies and brothers who desire to be with their usual companions during their tour of duty.

Under the enlistment programs of the Army, it is possible for groups of men to enlist together, either pick their outfit and duty station or their type of training while in the service.

Under "Operation Gyroscope," new recruits may choose their unit of the Army and go through basic training and on to duty with their buddies.

The current "Gyroscope" unit is the 3d Armored Division, now stationed at Fort Knox, Ky. The unit is destined for a European tour of duty next year. Men enlisting in the Army now can specify that they want to join the 3d Armored, and be assigned that unit upon completion of basic training.

Thus, buddies will have an opportunity to see the sights of Europe together next year. The 3d Armored has issued this invitation: "See Europe with the finest."

Another way for buddy groups to serve together is through the U. S. Army technical school program. Qualified enlistees may enlist for any one of more than 100 training school courses. The school is selected prior to enlistment, and if the men are qualified, they

Several people recently have inquired of us as to how prices are we turn into the month of August compare with a year ago. Going back to our weekly livestock reporter files we find most cattle enjoy considerable advantage over a year ago.

receive a written guarantee of training in their chosen field upon completion of basic training.

Written orders that a place is reserved for the new recruit in the training course goes with the enlistee when he is sworn into the service and gets his first service record.

"This is a marvelous opportunity for a man to go into the service and remain among old friends," said Sfc. Aubrey A. Bailey of the U. S. Army Recruiting Station in Vernon. "Besides, this is the first time men have been able to go into the service and know where they were headed or what training they would receive."

Buddy groups desiring to fulfill their military obligations now may obtain full particulars on the two programs from the U. S. Army Recruiting Station.

LARGER BEEF CUTS

By buying larger beef cuts like the standing 10-inch rib roast weighing six to eight pounds, the average family can get three complete, yet different meals. The Texas Beef Council recommends having the butcher remove several rib steaks for a broiled dinner one night; and the rib-ends for short-rib braising another. The remaining cut makes a delicious roast, adequate for four persons.

When beef is over-cooked, it is less palatable, less attractive and more difficult to carve.

Attorney General John Ben Shepperd (right) presented a check for 1 1/2 million dollars won by the State in a recent decision in the Texas Company case to Land Commissioner Earl Rudder (left).

The money goes to the Permanent School Fund. Shepperd estimated that this court victory will ultimately mean an additional \$9 million dollars in revenue for the school children of Texas.

Mitigating the Cost of Defense

A short time ago Assistant Secretary of the Army Rodier spoke at the dedication of four multipurpose dams built by the Corps of Engineers. In his talk, he strongly advocated the partnership power policy as the best way to develop water resources without increasing taxes excessively.

"By bringing in private resources to augment those of the federal government," he said, "we can get on with the job that much faster, and also avoid the unhealthy consequences of government competition with private industry." He added: "At this hour in our history, with so much of our public energy required in the fight for our nation's survival, partnership seems more than ever the proper policy."

We will have to go on spending incredibly large sums for the national defense. But the burden can be mitigated if we stop spending money for things which government neither should do nor needs to do—such as electric power development. The partnership plan is based on pure logic. The non-commercial phases of multi-purpose dams—flood control, land reclamation, navigation, and so on—are obviously a function of government, and are carried on by the government. The commercial phases—power generation and distribution—are properly a function of private enterprise and are carried on by private enterprise. Incidentally, private enterprise, unlike socialized power plants, pays heavy taxes and sells the power at rates which are determined by public service commissions.

We need billions for defense—but not a dollar for socialism.

The Cushion Grows

Here's a bit of good news: The American people are doing a pretentious job of voluntarily cushioning themselves against the financial impact of illness.

A survey made by the Health Insurance Council tells the story. Nearly two out of every three men, women and children in the United States are now covered by voluntary health insurance. Some 104,000,000 have insurance against hospital expense, 89,000,000 have surgical expense protection, and 50,000,000 have regular medical expense protection.

Payment by the health insurance companies and plans have risen sharply. Last year the total exceeded \$2,700,000,000—a gain of 11 per cent over 1953. More than half of this went to help meet the hospital expenses of beneficiaries, more than \$730,000,000 was compensation for surgical and medical care, and benefits to compensate for loss of income due to disability were in excess of \$500,000,000.

Another striking fact is that since the beginning of 1941 the number of persons with hospital expense protection has multiplied nearly eight-and-one-half times.

Finally there is an important and very new development—major medical expense insurance, covering what is known as catastrophic illness. More than 2,200,000 people now have this protection—a jump of 83 per cent in a single year.

No one claims that the financial problems connected with illness are all solved. But the point is that we are making dramatic progress toward the goal—and we are doing it voluntarily and on our own hook, not because the government forces us to.

Big Bargain

As we all know, prices of practically everything are much higher now than they were 15 years or so ago. But occasional "bargains" still exist. And one of the biggest of them all comes into service each time we turn an electric switch.

Since 1939, the cost of living generally has soared 93 per cent. By contrast, the cost of electricity has actually gone down a little—by about the same per cent.

This is due, in part, to a vastly expanded demand for power. In the home, on the farm, and in industry we use this marvelous and tireless servant to do all manner of jobs that once were done by far more costly, far more laborious methods, or were not done at all. And it is also due, in part, to great technological progress within the light and power industry and in the industries manufacturing electrical equipment. The economic benefits have been passed on to the customer.

The cost of electricity is one of the smallest items in the average family budget, and in the operating budgets of most businesses also. Yet the political cliques which want a socialized government monopoly on this vital service act as if it were one of the biggest and most onerous items. How long will people be fooled by this nonsense?

A Sensible Move

The proposal for a \$100,000,000 government-sponsored health insurance plan, designed to enlarge the benefits offered by health insurance coverage without increasing the cost to the purchaser, is now before the House Interstate and Foreign Commerce Committee. Chairman Priest has said that, before this plan is given consideration, "we should explore other methods of expanding voluntary health insurance cover-

In the News . . . 30 YEARS AGO

News items below were taken from the issue of the Foard County News of Friday, July 31, 1925:

W. B. Griffin and family returned Saturday from a week's visit with Mrs. Griffin's father, Riley Harrison, at Hereford.

The drought was broken last week when rain came in abundance Tuesday and Wednesday, a boon to the cotton crop. Approximately two inches fell Wednesday and Wednesday night.

J. W. Wishon expects to ship nine cars of calves to Kansas City next week for the market.

Miss Grace Kimsey has been at Altus for several days for medical treatment. She is improving and is now at home.

Ike Pippin, father of Mrs. G. M. Canup of Foard City, was fatally injured and robbed when he was attacked by a hi-jacker in the Denver depot in Vernon Sunday night about midnight. He had been here visiting his daughter and was returning to his home in Rockwall County.

O. O. Hollingsworth has resigned as plumber and tinner for M. S. Henry & Co., and will open a business of his own on the east side of the square next week.

Mrs. E. L. Howard and son, Marvin of Lamesa, returned last week from a ten days' tour of South Texas. They visited Mrs. Howard's sister, Mrs. Gregg Lawrence, in Matagorda County.

William Young of Houston is here visiting his parents, Mr. and Mrs. H. Young, of Vivian.

Ritchey Newton of Marietta, Okla., is spending a week with his aunt, Mrs. T. B. Klepper, and family. His father, B. C. Newton, who was here, has returned home.

J. N. Bryson and son were here the first of the week from Mineral Wells visiting relatives.

Dr. and Mrs. H. Schindler and daughter, Elsie, left Sunday for an automobile tour to the West Coast.

Mrs. J. H. Cope and children of Quanah were here the first of the week visiting her mother, Mrs. Ida Cheek.

Tom Beverly Jr. returned Sunday from a visit with relatives in Dallas and McKinney.

age for the public." He has invited members of the Joint Committee on Health Insurance and other representatives of insurance companies to meet with him and discuss the matter.

This seems to be a sensible preliminary move. It would be unfortunate if the reinsurance plan were rushed through without the most exhaustive consideration and examination. Men with the highest of motives have endorsed it—but that does not do away with the fact that many authorities believe it to be both unnecessary and unwise. No one knows how much the ultimate cost to the taxpayers might be. And, if past precedent is any indicator, it would lead to a dangerous degree of government control over the insurance business and, ultimately, the practice of medicine. It is a truism that when government pays the bills, in whole or part, government also bosses.

The health insurance picture, as it now exists, is a bright one. Growth has been spectacular—well over 100,000,000 people now have one form or another of the insurance. The benefits, as a result of free competition, have been steadily and substantially increased. Moderately-priced policies covering catastrophic illnesses of long duration, written on a deductible basis much like automobile collision insurance, are now available. This is not a field where hasty government action can be justified.

Dangerous Notion

Secretary of State John Foster Dulles holds wise and well-considered views on domestic problems, as well as those involved in the conduct of international affairs. For instance, he has said: "Federal savings in large amount can be effected by greater economy and efficiency and by the people getting rid of the notion that all of their problems can be solved by dumping them in the lap of Washington. Washington, too, can help if it rejects the view that, because the federal government has unlimited powers to tax incomes, that implies an unlimited responsibility to try to remedy every ill."

Economy in government will begin when there is a new revival of local and individual responsibility and self-reliance.

BONE FOUND, REPLACED

Chicago—Harold Walat, 19, was seriously injured in a motorcycle collision. Taken to a hospital, it was found that a three-inch bone in Walat's leg was missing. A policeman found the bone, took it to the hospital and doctors identified it as a fragment of the youth's left tibia. They cleaned it and replaced it in his leg. Five days later, the doctors reported the bone was mending well. Had the leg not been found, Walat would probably have had a short leg, or would have faced an expensive bone graft.

Aspirin Are Deadly if Eaten in Quantities by Young Children

Aspirin can be as deadly as an asp—if eaten in quantities by young children.

The 1955 edition of "Accident Facts," the statistical yearbook of the National Safety Council, just off the press, shows aspirin and the salicylates to be the most common drug killers of young children. Barbiturates are next. All are frequently kept in the family medicine chest within reach of children, the Council says.

Accidental poisoning is one of the principal causes of home deaths among children under five years old. Three main groups of poisons caused 99 per cent of the deaths: drugs (35 per cent), petroleum products, of which kerosene is the most important (26 per cent), and products for external use (38 per cent).

Lead is the No. 1 killer among the external use products, and arsenic is second. Caustics, such as lye, cresol and ammonia, rat poisons and fly sprays also rank high. Other dangerous products include shampoos, rubbing solutions, bleaches, moth balls and furniture polish.

On-the-Job Accident Rate Best on Record

The good old days weren't as good as right now when it comes to work accidents.

The on-the-job accident rate for 1954 was the best on record, according to the 1955 edition of the National Safety Council's statistical yearbook, "Accident Facts," just off the press. It marked the eighth consecutive year in which the accident frequency rate of the Council's industrial members has come down.

The 1954 rate is less than a fourth of the 1926 rate.

MAN-MADE SATELLITE

Sketch, above, is artist's conception of what instruments man's first artificial satellite might contain when launched by multi-stage rockets into near space, some 200 miles above the earth. The United States announced plans to launch this small, unmanned satellite that will circle the earth at a speed of 18,000 miles an hour. The device, about the size of a basketball, might well contain thermocouples to measure the extremes of heat and cold, light meters to indicate the intensity of solar radiation, Geiger-type counters to register the intensity of cosmic rays, and an automatic radio transmitter to broadcast its reading to monitoring station on earth.

TELL TALE SATELLITE — I wish to express my thanks and deep gratitude for the kindness shown me during the time I was ill and in the hospital. Your thoughts and prayers were greatly appreciated. May God bless you. Roy C. Steele.

Nothing GOES like a Chevrolet V8!

It's the new winner in stock car competition . . . and it's winning new, young-minded friends faster than you can say America's hottest V8. Because of its liveliness, its looks, and because it holds the road like it loves it—which it does. Come try it, won't you, if only for the fun of it!

NOTHING (not even the high-priced cars) HAS GOT SO MUCH TO GO WITH!

The most up-to-date V8

So advanced in design and so efficient in operation that it needs only 4 quarts of oil instead of the usual 5. Shortest stroke of any V8 in the industry. Delivers more horsepower per pound than any engine in Chevrolet's field. Take your choice of the 162-h.p. "Turbo-Fire" or the 180-h.p. "Super Turbo-Fire," optional at extra cost.

Two Sizzling 6's

They're the most powerful 6's in Chevrolet's field—And like the V8's, they give you the extra punch, performance and reserve power of the only 12-volt electrical system in Chevrolet's field.

Powerglide, Overdrive or Synchro-Mesh

Chevrolet gives you the drive to suit your driving. A new and finer Synchro-Mesh transmission, or as extra-cost options, oil-smooth Powerglide automatic transmission or Touch-Down Overdrive.

New engineering advances on steering, springing, suspension

Austin, Tex.—First conviction in the 319 indictments shrouding the veterans land program came last week.

A three-year penitentiary sentence was fixed by a 98th district court jury for the program's founding father, Bascom Giles.

Surprised, Giles promised to use all his legal rights to fight the conviction. Motion for new trial was quickly overruled, clearing the way for appeal to the Court of

TURNCOAT G. I.'S ARRIVE IN U. S. — After being rear their charges and being placed under arrest by the military upon their arrival in San Francisco aboard the Pres. Cleveland, the three turncoat G.I.'s were transported in a military

truck, under guard, to Fort Barry for imprisonment until their courts martial. In the truck are (left to right): MP Sgt. 1st Class John Guillen, prisoners, Orth S. Bell, William A. Cowart, Lewis Griggs and MP Cpl. Bud McCorkle.

Criminal Appeals. Conviction was on a charge the former land commissioner aided and abetted Brady land dealer B. R. Sheffield in the theft of \$6,800. Sheffield was jointly indicted with Giles and still awaits trial.

Involvement was the state's purchase last fall of the 10,114-acre Kinney County Rosenow Ranch, subdivided into 54 tracts for resale to 54 veterans. One tract sold for \$6,800 to a veteran who testified he thought he was signing up for a \$100 loan.

Giles stoutly denied state charges that he over-appraised the land as part of a scheme to defraud the state. He said he knew nothing of \$100-per-name purchases of veterans' signatures to put through the transaction.

Many a courtroom spectator had predicted an acquittal prior to the closing argument of young Dist. Atty. Les Procter. He waved in the faces of the jury a \$25,000 check from Sheffield to Giles and called it "corroboration" of state testimony as to a payoff. Giles had testified it was in payment for a real estate sale in which he acted as agent.

Free on a \$2,000 appeal bond, Giles awaits trial again Aug. 15 in San Antonio. He is charged there with accepting a bribe in another land program deal. Other indictments are still pending in Travis and Zavala Counties.

State Recovers Land Money In the second of many civil suits resulting from the veterans land scandals the state last week recovered \$89,868.

Byrd Cattle Co. of Dallas was ordered by 53rd district court to repay that amount plus three per cent interest.

Action was initiated by the cattle company. It agreed to buy back at the purchase price the 700 acres of Dimmitt County land sold to 15 veterans. Court judgment was necessary, however, to rescind the transaction.

No allegation of fraud was made by the attorney general's department against the company. It did, however, accuse J. Paul Little, Crystal City attorney who promoted the transaction, with making false representation to the Veterans Land Board.

Little is under indictment in Zavala County.

Committee Ousts Morrow Way was cleared last week for a new Texas Democratic national committeeman.

In the change, Gov. Allan Shivers hopes to regain the vote Texas has lost on the national committee. Wright Morrow has not been nationally recognized since he renounced the Democratic presidential nominee to support Eisenhower three years ago.

To set the stage, the State Democratic Executive Committee last week declared the national committeeman post vacant after stirring speeches.

Morrow bitterly assailed Shivers who for several months had urged the committeeman to resign.

Shivers, Morrow charged, wanted to replace him with "someone acceptable to Speaker Sam Rayburn . . . and somebody who supported the Democratic ticket in 1952." He challenged any member of the committee to say he could so qualify.

Shivers denied intention to appease Rayburn. He declared Texas conservative Democrats need full representation on the national committee to help get their delegation seated at the 1956 presidential convention.

A successor to Morrow is to be named at a September meeting.

Liberal Democrats quickly tried to wedge the conservative breach.

Ralph W. Yarborough of Austin, twice defeated by Shivers for the governorship, extended his sympathy to Morrow. Even though the two have long disagreed politically, Yarborough said he regretted to see any man "double crossed."

James Sewell of Corsicana, chairman of the Democratic Advisory Committee, spoke up for Morrow as a "victim of political connivance."

Integration Committee Formed A statewide advisory committee on public school integration problems is meeting here this week.

Governor Shivers invited 33 men and women, both white and colored, to serve on the committee. Additional legislative members were named by Lieut. Gov. Ben Ramsey and Speaker Jim Lindsey.

Shivers said the committee was needed to study critical desegregation problems and prevent "has-

ard, ill-advised action."

He urged school districts to appoint similar committees. They

By PRICE DANIEL
U. S. Senator

Congress has adjourned and this will be our last column until we meet again in January. It has been a pleasure to report to you and other readers of several hundred Texas weekly newspapers during the session just closed, and I appreciate the comments and suggestions which have come from you as a result of this column.

In general, this session of Congress was very successful, both for the nation and for Texas. We did not complete several im-

portant items of legislation, but they will remain in status quo until Congress reconvenes in January. The natural gas bill passed the House without enough time left for action in the Senate. Every member of the Texas delegation is to be complimented for his work on this important bill. This bill will be one of the first orders of business in the Senate next January, and I feel sure that the bill will be passed by the Senate and signed by the President.

Highway Program All the highway bills were killed in the House, but you may be sure that this important legislation will be revived next year. There is great need for additional highway improvements throughout the land, and the Federal government should bear its just share of the interstate and regional highway construction or surrender its gasoline taxation to the States so they can do the job.

The President could not have received better cooperation from a Republican Congress than he received from the Democratic Congress this year. In fact, it is doubtful if his program would have received as much support under Republican leadership in the Congress as it did from the co-

operation given on most of the important measures by Speaker Sam Rayburn in the House and Majority Leader Lyndon Johnson in the Senate.

New Federal Judge Texas has a new United States District Judge for the Northern District, Joe Estes, who was born and reared at Commerce and has been practicing law in Dallas. Mr. Estes was nominated by the President, and in the record time of one week and two days later, the Senate had confirmed this nomination. He is an outstanding lawyer and will make an excellent judge.

In a visit at the White House last week, President Eisenhower told Estes that he liked what he had heard about the new judge's legal ability and, added the President, "I am also impressed by the fact that you part your hair the same as I do." Both men are practically bald.

Feeding the Hungry Multitude

The newspapers reported, some time ago, concerning the Atlantic City auditorium dinner held in the main auditorium of the convention hall. Those who attended said it was an awe-inspiring sight to see 6,000 men and women eat together in honor of themselves and their city.

It required 15 two-ton trucks to haul the dinner to the resort, according to report, and a staff of 425 employees to serve it, which included 318 waiters.

The diners consumed 18,000 pounds of chicken, 2,400 quarts of snapper soup, 3,000 grapefruit, 120 pounds of nuts, 120 pounds of mints, and 180 pounds of coffee. They said it was the largest catered municipal dinner served in the world.

But wait a minute—remember back on a Gallean hillside one spring day, there sat another multitude—5,000 men besides women and children Matthew 14:21. The caterer that time had only five small loaves and two fish, supplied by one small boy. The waiters consisted of 12 disciples, and yet "they did all eat, and were filled."

Modern efficiency cannot be compared to the wonder-working power of the Lord Jesus Christ!

To the spiritually hungry soul he says: "I am the bread of life: he that cometh to me shall never hunger; and he that believeth on me shall never thirst (John 6:35).

NOTICE TO BIDDERS

NOTICE is hereby given that the Commissioners' Court of Foard County, Texas, will on the 22nd day of August, A. D. 1955, at 10:00 o'clock A. M., in its usual meeting place in the courthouse at Crowell, Texas, proceed to receive and consider competitive bids for the purchase of the following described road machinery: "One Heavy Duty Motor Grader, powered by Diesel engine of not less than 100 Horse Power, the weight to be in comparison to such Horse Power, fully equipped with starter, generator, front and rear mounted headlights, fully enclosed cab, two moldboard extension and tires no smaller than 1400-24 size, both front and rear." and will at such time let a contract therefor if any bid be accepted; all such bids to be made as required by law but the County reserves the right to reject any and all bids received. The successful bidder shall be required to execute a good and sufficient guaranty as to the uniform fitness of such machine and its soundness, and if required, to furnish a good and sufficient bond, executed by some Surety Company authorized to do business in this State, in accordance with the provisions of Article 5160, Revised Civil Statutes of the State of Texas, 1925, and amendments thereto.

The court offers as a trade-in and as part payment one used Galion 102 Motor Grader which may be inspected at the County Warehouse in Crowell, Texas; if any bid be accepted by the court, it is the intention of the Court to pay a portion of the purchase price in cash and the balance to be represented by a Lease Contract, provided said lease contract shall not exceed the sum of \$10,000.00, payable in an amount per year and to bear interest at a rate not to exceed 3% per annum. Such lease contract shall extend over a period of years not to exceed four and the last payment due on such contract shall not be later than December 31st, 1960.

PUBLISHED by order of the Commissioners' Court of Foard County, Texas, pursuant to a resolution passed by said Court on the 25th day of July A. D. 1955, such resolution being of record in Volume 7, at page 303, of the Minutes of the Commissioners' Court of Foard County, Texas. LESLIE THOMAS, County Judge; by order of the Commissioners' Court. 3-2tc

BRIDGES WINS LONG FIGHT

—West Coast longshore labor leader, Harry Bridges is congratulated enthusiastically by his daughter, Julie, in a San Francisco court room, after he won his fight with the government against being deported to his native Australia. The judge held that the government had failed to prove its charges that Bridges had fraudulently obtained his U. S. citizenship by falsely swearing about his alleged Communist affiliations.

Soil Conservation News of District

Lower Pease River Soil Conservation District, Lower Pease River District Board: W. C. Howard, Grady Halbert, O. T. Holmes, O. H. Brandon, H. L. Ayers.

Eight and one-half miles of terraces were constructed this week on the farms of the following cooperators of the Lower Pease River Soil Conservation District: S. J. Matthew, whose farm is located 3 miles south of Medicine Mound and operated by G. D. Rine. Three and one-half miles of terraces were built on the G. A. Jones farm which is located 7 miles south of Quanah. Bill Mosely Jr. constructed 2 miles of terraces on his farm 7 miles south of Quanah. Other cooperators who plan to terrace next week are John Hughes, J. K. Denneson, W. Y. Bennett Sr. and Dick Akers.

Blue panic grass is rapidly growing in popularity among farmers and ranchers of this area. Lark Bell planted a field of blue panic six weeks ago on his farm located two miles west of Quanah. He now has a very good stand. The blue panic has made excellent growth and is already heading out. A. G. Duncan seeded a patch of blue panic 3 weeks ago on his farm 6 miles north of Quanah and he reports that he now has a very good stand.

The prospects are very good this year for mung beans, especially the ones planted early. Many farmers are expecting maximum yields from their beans. Some cooperators who have planted mung beans are T. H. Garner, Ellis Sharp, B. C. Gibson, Claude Underwood, Joe Baker, Bill Nichols, Burke Bell, Guy Rine and others.

Soil Conservation Service technicians from the Quanah work unit report that it is not too late to plant blue panic or mung beans. On well prepared land where there is good moisture, mung beans or blue panic can be safely planted until about August 15.

Athletics Account for 1 of 3 Injuries to College Students

Dying for dear old Rutgers may be an exaggeration, but college athletics do account for almost one out of three injuries to college students.

That was revealed by a special study of student injuries at 11 colleges made by the National Safety Council and the American College Health Association and reported in the 1955 edition of the Council's statistical yearbook, "Accident Facts," just off the press.

The study showed that an average of one out of nine students was injured during the school year. Athletics led the list of causes, with residence accidents, recreation, motor vehicle and laboratory the next most important causes.

Corpus Christi, Texas, has the nation's largest naval training station.

Soil Conservation Service technicians from the Quanah work unit report that it is not too late to plant blue panic or mung beans. On well prepared land where there is good moisture, mung beans or blue panic can be safely planted until about August 15.

Miss George Ann Davis and Mr. Johnson to Marry August 21

The engagement and forthcoming marriage of Miss George Ann Davis to James Glyndon Johnson has been announced by Miss Davis' parents, Mr. and Mrs. George Davis. Mr. Johnson is the son of Mr. and Mrs. Ernest Johnson of Spur.

The couple will exchange vows in the Crowell Methodist Church August 21 at 4 o'clock in the afternoon, with Rev. Grady Adcock, pastor, reading the ceremony.

Miss Davis was a 1954 graduate of Crowell High School. She attended Texas Technological College in Lubbock where she became a member of Kappa Kappa Gamma social sorority.

Mr. Johnson was graduated in 1953 from Crowell High School. He also attended Texas Tech and is now employed with Johnson Buick Company in Spur.

T. E. L. CLASS MEETING

The T. E. L. Class of the First Baptist Church met at the church Thursday evening, July 28, for its regular monthly meeting. A picnic supper was served to 7 members and 4 guests, after which a social hour was led by Mrs. C. T. Aly.

Guests present were Mrs. Maggie Fox, Rev. C. A. Powell, Claude McLaughlin and Homer Zeibig. Members and associate members present were Mrs. Cora Belle Whately, Mrs. W. R. Womack, Mrs. Ida Burkett, Mrs. C. A. Powell, Mrs. C. T. Aly, Mrs. Claude McLaughlin and Mrs. Homer Zeibig.

MARGARET M. Y. F.

The Margaret M. Y. F. met Sunday evening at the church to plan a program for the following Sunday, as the members are to be guests of Wildcat Methodist Church. A practice date was set for 5 o'clock Sunday afternoon. After one hour's practice, they will leave for Wildcat at 6 o'clock. It is urged by the pastor, Rev. Clarence Bounds, that both children and parents attend this meeting, as it is desired to have a large attendance at Wildcat.

There were 24 parents and members present for this meeting.

TRUSCOTT H. D. CLUB

The Truscott Home Demonstration Club met in regular session Thursday, July 28, at the community house with Mrs. T. M. Westbrook and Miss Neoma Brown as hostesses.

The meeting was opened with the president, Mrs. Jack Hickman, giving 59 true or false questions on safe driving on Texas highways. Following the business session, the rest of the afternoon was spent making wall plates for the kitchen.

Refreshments were served to 11 members and three visitors.

Next meeting will be in September.

GUIDED MISSILES EXPERTS

The Army recently disclosed the fact that more than 100 former German scientists and specialists are now developing guided missiles for the United States at the Guided Missiles project located in Alabama.

Greenbelt Bowl Teams Boast Array of Fine Players

Childress, Aug. 1.—When it comes to picking a favored team for the sixth annual Greenbelt Bowl game here, even the experts will find it difficult, for both the East and West squads are handicapped from end to end thru the backfield.

The annual all-star game, which was originated by the Childress Quarterback Club, will be played in Childress' Fair Park stadium on Friday night, August 12. Tickets are now on sale and may be purchased in advance for \$1.75.

Handling the mail order ticket sales this year is the Chamber of Commerce office, Box 28, Childress. Ticket requests should be addressed in that manner.

On the Thursday prior to the contest, the reserved seat ticket price will be raised to \$2.00 and will remain there until the game is underway.

Back to the power of the two teams, and the selection of a favorite. Take weight for instance. There's only a three-pound per man average difference between the two teams, one in the line and two in the backfield. The West line will average 192 while the East weighs in at 191.

In the backfield the West again has the slight weight advantage with a 174 average to 172 for the East. For all practical purposes, one could say the teams are equal in the weight respect.

Height runs about the same. For the West, the ends all stand at 6'2" or more with the same being true of the East. Tom Sims of Childress is the tallest player in the game at over 6'4". Quannah's Charles Richardson tops the East at 6'3".

Both teams are well sprinkled with all-district, all-regional and all state stars this year, among them some of the best of the 1954 season.

Coaching the West squad this year for the second time will be Frank Kimbrough and Clark Jarnagin of West Texas State College. Garvin Beauchamp and Ollie Jackson, Abilene Christian mentors, will lead the East.

Trainers are Elmer and Delmer Brown, while Lynn Mink and Doc Shaw will serve as managers.

The complete Greenbelt rosters are:

Serve Your Country as Woman Naval Officer, Says Navy Recruiter

There is a strong need for outstanding young women in the Navy today who are mentally, morally and physically qualified for service. Not to replace men as in World War II, but to shoulder their citizenship responsibilities and work side by side with men in the country's defense. While sharing this responsibility, women receive equal pay, travel, training, work, retirement benefits and equal evaluation with their male counterparts.

The number and types of jobs available to women officers are almost unlimited. Young women with college degrees are serving in an administrative capacity in such fields as: personnel, communications, intelligence, supply, operations, educational services, public relations and general administrative jobs. In addition, there are nurses, dieticians, physical therapists, occupational therapists, doctors and dentists.

Qualified applicants are sent to Newport, Rhode Island, for several weeks of indoctrination before reporting to their first duty stations. Not only are they serving at naval activities throughout the United States but in England, France, Germany, Japan, Hawaii and other overseas areas.

College juniors, seniors and graduates are eligible to apply for a commission as ensign in the U. S. Naval Reserve. Also, a special assistance program is available to young women planning to become dietitians, physical and occupational therapists.

Young women interested in a Pampa; Pat Tipps, Canadian. Quarterbacks — Johnny Baskin, Borger; Don Howard, Littlefield, Hal Sandefur, Paducah.

Accidental Death Rate Drops Five Per Cent During 1954

Five thousand Americans are relieved from death last year. These lucky Americans have died violently, along with 90,000 of their fellow citizens. Accidental deaths had not dropped 5 per cent from the year before.

The death rate in 1954 was 55.8 per 100,000 persons, a per cent decrease from the rate and the lowest rate on record.

This decrease in accidental deaths occurred despite an increase in population, high employment and booming motor vehicle travel, according to a report of the National Safety Council's statistical yearbook, which is just off press.

The greatest reductions in industry, which achieved a per cent reduction in fatal deaths, and in motor vehicle deaths which dropped 6 per cent. Deaths were down 5 per cent in public (non-motor vehicle) deaths, which showed a 3 per cent reduction.

43,000 Drivers Involved in Fatal Accidents Last Year

Forty-three thousand of the 100,000 licensed drivers in the United States were involved in fatal motor vehicle accidents last year, in which 36,000 persons were killed.

The 1955 edition of "Accident Facts," the National Safety Council's statistical yearbook, was just off the press, also shows 1,350,000 drivers were involved in nonfatal injury accidents.
