SUPPORT OUR HOME TOWN

SWEET N' SOUR

By A. Dill

Saturday is another big red letter day for the Four H and F. F. A. boys and girls of the county because that's the time to count up and see just how close they are to owning that show barn they need so badly. Four o'clock is the hour and the place is Main Street and we'll know then just who among the donors to this project will be the owner of those fine calves the youngsters have been telling us about. Put a good big circle around Saturday, October 11 and plan to be in town that day.

When the frost is on the pumpkin may herald autumn in other parts of our world but when the stores and roadside stands are full and brimming over with red and yellow apples and baskets of russet and gold pears, when the hillsides are purple with spikes and the draws are filled with the molten gold of Mexican daisies, when the skies are Azure blue and the brown butterflies hustle about like flustered late shoppers at store closing time then you know it's Autumn in West Texas.

Yards in the home town are beginning to show the season's change too and they wear the newest style with all the grace of lovely ladies—Will Boydston's mock oranges are causing quite a stir and if you could see them when the early morning sun touches the fruit laden trees you'd know why, but morning or evening the Boydston yard is beautiful and well worth a trip by to see.

Mrs. Ode Berry has a most attractive yard—the Mexican daisies have never been prettier. The daisies in the Lee yard are particularly fine too and you can't afford to miss them.

The Warrens also have a beautiful yard and one that is groomed to perfection—that and the flowers go to make it a real beauty spot.

Congratulations to the Bob Joys for a most successful opening of Baird's newest business concern—the drive in lunch room on Highway 80 in East Baird. The Joys will specialize in sandwiches and fountain service and the pleasant place and equally pleasant folks should make it most successful.

Some awfully tired but happy young 'uns pulled into Baird Sunday morning after a rip roaring day at the State Fair. The F.H.A. F.F.A., and 4-H boys and girls left Baird by bus Saturday morning and spent one glorious day seeing the sights at the Fair. It must have been quite a satisfactory trip because the rascals came home loaded with trinkets, prizes, and ready to go again. A very special thank you should be added here to Patsy Work for the gift of a fine pet Chamelon Light-of-my-life has named him Andrew Jackson and he's very adept at catching flies, now if we could only prevail upon Andy to chase mice we might have the situation licked.

That Bear Cub football team of ours rocketed on to another victory Tuesday night when they met the Rising Star Wildcats. The next game should be on home ground and if you want a preview of what is in the future for Baird Hi come see those little bears play.

Happy-to-see dept (headline news) Maggy and Glen Green home from Sonora with news that Maggy's father is improving in health and recovery from surgery after a most difficult time.

Mattie Robinson is visiting this week in New Mexico. She will return shortly and bring her mother, Mrs. Correll, to Baird for a visit.

Grays style shop has just undergone a face-lifting and beauty treatment—the result is a most attractive place of business with more space and convenient arrangements. The ladies will love the new dressing room (done in delicate shades of green) and the accessibility of display counters and mirrors. The whole interior of McElroy's Dry Goods (Where the Style Shop is located) has been renewed and customers will be quick to appreciate the attractive store.

Patterson's Cafe has been rearranged for the fall and winter season—new drapes in the warm glowing colors of autumn and a different seating plan

United Fund Drive Underway

The workers and solicitors have begun their work on the United Fund for this area this week. Be ready when they call on you and remember that you are not contributing to just one drive but to many this time.

Keep in mind the fact that these workers are all volunteers and that they have just as much to keep them busy on their jobs and in their homes as you do and it is their willingness to help other people that puts them at your door asking for your contribution. Also, keep in mind that if this drive will bring in enough to meet the budget it eliminates so many smaller drives and all these smaller drives take someone's time and hard work to conduct them.

When you make your contribution to the United Fund be liberal—try to give a day's pay and bear in mind how many people may benefit from your "day's pay". If we could only look ahead and know how many people this money helps and also look ahead and see, we might find that some of us here at home might very much need aid from this "United Fund" at some time or another.

SO BE READY NEIGHBORS WHEN SOMEONE CALLS ON YOU AND DIG DEEP IN YOUR POCKETS AND GIVE "THE UNITED WAY."

Roscoe Takes Bears, 22-0

After four consecutive wins this year, Baird tumbled from the undefeated ranks to Roscoe, 22-0 here Friday night.

The 22 points scored by the Ploboys was the highest total since 1954 racked up against the Bears.

Larry McBurnett, left halfback for Roscoe, was the big gun, scoring all three touchdowns. He first touched pay dirt midway in the second quarter, with Ronnie Turner, right half, running over two more.

The 155-pound senior scampers, 25 and 35 for the crushers in the second half. Walt Rickburg, reserve halfback, ran a third-period conversion which ran the total to 22.

Though the Baird defense was collapsing their offense moved well at times, but bogged down at crucial points. At the end of the first half, the Bruins stalled on the Roscoe 20, and they were on the five when the game ended.

As a result of the triumph, the Ploboys own a 4-1 record, identical to that of Baird.

Rotan Upsets Clyde, 24-0

The Rotan Yellowhammers scored a 24-0 non-district high school football victory over Clyde at Rotan Friday night with talback Lloyd Hurst scoring all three tallies.

Hurst scored the first time from two yards out after running 23 to set up the score, then added another in the second on a 28-yard scamper around end. Hurst added the final tally in the fourth on an eight-yard plunge.

A pass from Todd Baugh to Teddy Roe Underhill for 40 yards set up the second Rotan score. Baugh ran for two extra points and passed to Underhill for another.

The Clyde eleven was unable to penetrate the Rotan 20-yard line as the Yellowhammer line was too much for the visitors' attack.

Dennis-Mosley Rites Held October 1st

Wedding vows were exchanged Wednesday, October 1, by Kay Dennis and Marvin E. Mosley in the First Baptist Church of Baird. The Rev. Davis Harrell, pastor officiated for the impressive double ring ceremony.

The bride is the daughter of Mr. and Mrs. J. E. Dennis of Baird; and the bride groom is son of Mr. and Mrs. S. E. Mosley of Ft. Worth.

Wedding music was presented by Miss Glenda Dennis, cousin of the bride; Mrs. W. R. Lincecum and Mrs. Robert Corn.

Given in marriage by her father, the bride wore a sheath dress of pale blue lace. Her jewelry was a single strand of pearls with matching ear screws. A head band of pale blue velvet held the bridal veil. She carried a white Bible, topped with a white garland, surrounded by pink rosebuds.

Ann Dennis, sister of the bride, was maid of honor. Candle-lighters were Donnie and Vicki Dennis, cousins of the bride. Johnny Mosley, brother of the bride-groom, was best man. Ushers were Jim Gattis and Larry Mosley.

A reception was held at the church immediately following the ceremony.

The couple will reside at 1412 Hickory, Abilene, where the bridegroom is employed by Thornton's Department Store.

Mrs. F. E. Mitchell spent Monday of last week at San Saba River Camp, near Menard with Mr. and Mrs. Ben Russell. Bears To Meet Wylie Tonight

The Baird Bears will be attempting to get back on the winning side this week when they tangle with the Wylie Bulldogs whose rivalry is being renewed after several years. The Bulldogs are members of district 10A and are the fourth class A opponent for the Bears this year. The Bears have defeated Clyde and Cross Plains while losing to Roscoe in their lone loss last week.

Wylie is gaining in strength each week but lost to strong Rule last week but defeating Aspermont by a lopsided score the week before. They have in Earnest Parks one of the best tackles in this area. Baird has revamped its backfield for this last non-district game putting Harvey Christensen at fullback and Dale Coley and Mike Odom at the halfbacks in order to get a little more speed in the backfield.

Don McBride will miss this weeks game and will be replaced on defense by Wayne Boyd. Justin Lacour will probably start on defense this week in another change. This will put 6 seniors in the starting lineup on offense, with 3 sophomores and 2 juniors.

The Bears have gotten in their best week of workouts since early in the season and barring further injuries their offense should be at the best this year. In last weeks loss to Roscoe, the Bears moved the ball well when they had it but their defense collapsed at times to allow Roscoe to defeat the Bears in their worst loss since 1953. The Bears will be out this week to make up for some of their lost prestige on defense.

late last week," Gouldy reported, "but with good winter grazing and big feed supplies, the Southwestern demand continues broad at strong prices. In the trade Monday the scores of farmers and ranchers in the alleys seeking stockers enabled salesmen to sell cattle at strong prices regardless of northern views as to the values of replacement calves or yearlings."

Special prizes will be awarded each day to consignors whose cattle place as high as fifth in the judging. In addition other special prizes will be awarded during the sale. Judging starts at 7:00 a. m. and selling at 9:00 a. m. each day.

The special Thursday-Friday double-header sales were originated by the Market Institute four years ago and have been hailed by cattle producers as a new method of getting buyers and sellers together to the mutual advantage of both.

Typical of the reaction of cattlemen are these: Harry Curtis of Brady, Texas, says: "You can go all out in quoting me as endorsing the special sales at Fort Worth. It is certainly a good way to sell cattle a little bit better."

Ralph Liston of Willis Point, Texas, says, "The special sales at Fort Worth add a little glamour to our good Texas calves and attract some extra buying interest. I think they are very good and help a lot."

State Fair Begins Second Week

The second big weekend of the 1958 State Fair of Texas in Dallas gets under way Saturday, Oct. 11, with even more hoopla than the first.

It's the day of the big, traditional Texas-Oklahoma football game in the Cotton Bowl, whose 5,000 seats will be filled to capacity for the gridiron spectacle.

The night before, Friday, Oct. 10, the Cotton Bowl will be the scene of a children's show starring Kirby Grant and Gloria Winters, the "Sky King" and "Penny" of the popular television show. The show will also include the Waco Falls Boys Variety Circus, an appearance by the Randolph Air Force Band and a fireworks display.

The State Fair "Shower of Stars" will bring several outstanding entertainment luminaries to the fair during the second week, all in free shows.

On Achievement Day, Monday, Oct. 13, there will be four free shows on the Magnolia Stage featuring Songstress LaVern Baker and Buddy Johnson's band.

TV Comedian George Gobel will star Tuesday night, Oct. 14, in a free Cotton Bowl show to climax East Texas Day at the fair. Appearing with him will be the famous Apache Belles from Tyler Junior College and a bevy of beauty queens representing East Texas cities and organizations.

And Wednesday night, Oct. 15, Red Foley, the "nation's foremost country gentlemen," will bring a host of talent from his popular "Ozark Jubilee" telecast for a free show in the Cotton Bowl.

The Junior Livestock Shows will get under way during the second week of the fair, and more than 2,500 boys and girls from all sections of the state will be on hand to exhibit their prize steers, dairy animals, lambs and pigs.

There'll be horse shows both of the last two weekends of the fair.

The second weekend will feature the Open Cutting Horse Contest, with Horse of the Year awards to be made to the World's Grand Champion Cutting Horses. The third and final weekend of the fair, Oct. 18 and 19, will feature performance classes of Palominos and Shetland ponies.

The SMU-Rice football game Saturday, Oct. 18, will be the gridiron highlight of the fair's final weekend.

Judge and Mrs. C. D. Russell and daughter, Mrs. Raye Hoffman, of Plainview, visited last week with Mrs. B. L. Russell, Sr.

Amendments Affect Local Officials

Some of the proposed amendments to the Texas Constitution, to be voted upon at the General Election on November 4, will, if adopted, affect officers and employees of cities, counties and precincts. The changes will mainly involve length of terms of office and retirement, disability and death benefits.

Proposed Amendment Number Two authorizes each county to establish, following a majority vote of its voters, a retirement, disability and death compensation fund for appointive officers and employees of county or precinct. Elective officers may also be covered if the voters approve.

The fund would be made up of contributions from the income of each officer and employee, plus contributions made by the county. The county's part must at least equal the amount paid in by the individual, but cannot exceed 7 1-2 per cent of the individual's salary. Accumulated money in the fund would have to be invested in federal, state, county or municipal bonds. Those receiving benefits from the fund would not be eligible for any other pension retirement funds or direct aid from the state, unless the entire fund is first released to the state.

Proposed Amendment Number Three would in many instances change the length of time for which the county commissioners court can appoint persons to fill vacancies in the offices of County Judge and Justice of the Peace. Now such appointments can be made "until the next general election for such offices." If the amendment is approved, such appointments may hereafter be made only "until the next succeeding General Election," as is already the case in appointments made by the Governor to fill vacancies in district and appellate courts.

Proposed Amendment Number Four provides an "automatic resignation" for any district, county or precinct official serving a four year term who announces his candidacy for a different office while he still has more than one year of his term to serve. The provisions cover announced or actual candidacy for "any office of profit or trust under the laws of this State or the United States other than the office then held."

Vacancies created by such "automatic resignations" are to be filled in the same manner as other vacancies for the particular office are filled.

Proposed Amendment Number Five would allow Home Rule Cities to amend their city charters to set up longer terms of office, not to exceed four years, for their elective or appointive officers, or both. Other cities, operating under the general laws rather than the Home Rule provisions, could do the same thing by majority vote of their qualified voters.

This amendment also contains a provision for "automatic resignation" where the holder of one office announces for or becomes a candidate for another office while he still has more than one year to serve of a term originally longer than two years.

There is one restriction on cities setting up the longer terms for their non-civil service officers. All members of their governing bodies must be elected by the voters, and vacancies in such bodies must be filled by special election rather than by appointment.

Other proposed Constitutional Amendments will be discussed next week.

Dove Season Starts In South Zone

With the opening of the South Zone dove season Oct. 1, another warning about illegal shooting goes out to hunters from the director of law enforcement of the Game and Fish Commission.

"Most violations in the North Zone have been for trespassing," the director said. "Many others were for shooting before and after legal hours and shooting automobiles. South Zone hunters should keep this in mind."

Doves are now in excellent condition, according to the director. Many of the doves carried pin feathers during the early days of the open season in the North Zone. They have now feathered out well and are fat and plump.

The director warns against shooting from automobiles and hunting on private property.

"There is a tendency of people riding along a county road to want to shoot birds that fly across or rest on fences or utility wires. This not only is a violation, but it is dangerous."

**"No Time For Sergeants"
Coming To Plaza Sunday**

One of Broadway's most successful comedies, "No Time For Sergeants," now comes to the screen as a Mervyn LeRoy production for Warner Bros.

The laugh-crammed picture, which opens Sunday at the Plaza Theatre, stars Andy Griffith in this story about the peace time Air Force's hilariously unsuccessful attempt to indoctrinate a naive Georgia farm boy. Co-starring in the film, are Myron McCormick, Nick Adams and Murray Hamilton.

Don Knotts, the popular comedian of the Steve Allen show, also has a key role in the picture, which was adapted for filming by the noted screenwriter, John Lee Mahlin.

"No Time For Sergeants" first delighted millions when it was published as a novel by Mac Hyman, an ex-Air Force lieutenant. The play, opened in New York on October 20, 1955, with Griffith and McCormick heading the cast. The play was hailed as one of the funniest ever, and Griffith was widely acclaimed.

Andy Griffith was the popular choice to recreate on the screen the role of Will Stockdale, the naive draftee. A graduate of the University of North Carolina, Griffith was teaching music and speech at the high school in Goldsboro, North Carolina until a few years ago. He gave up teaching to entertain at nightclubs in the South. A recording of one of his comedy monologues, "What It Was—Was Football" sold 800,000 copies and paved the way for his stage debut in "Sergeants." Andy left the cast to make his first motion picture, "A Face in the Crowd," which Elia Kazan filmed for Warner Bros.

Myron McCormick recreates his humorous characterization of the sorely tried Sergeant King. The actor, who also was in the New York production of the play, was previously known for his outstanding comic portrayal of the Seabee promoter, Luther Billis, in the stage version of "South Pacific." He has

been seen on film theatre screens in "Not As A Stranger" and "Three For The Show."

Nick Adams, who has reached leading role status in only two years, is cast as a small, scholarly young man with a burning desire to be an infantryman. Adams made his debut as a crewman in "Mister Roberts" immediately upon his discharge from the Coast Guard.

Another newcomer, Murray Hamilton, portrays Irvin, the bully with a bit of R. O. T. C. training. He is an alumnus of the Ensign Pulver role in "Mister Roberts" on Broadway. Hamilton was first seen on the screen in "Toward The Unknown" and has since been impressive in "The Girl He Left Behind" and "The Spirit of St. Louis."

Don Knotts also took a leave of absence from the New York company to play the manual dexterity corporal. A graduate of the University of West Virginia, Knotts made both his stage and screen bows in "No Time for Sergeants."

Last Saturday was a red letter day for Mrs. M. C. Miller, who was celebrating a birthday. A son and wife, Mr. and Mrs. Jesse Miller from Stamford and friends, Mr. John Thornton and Miss George Thornton arrived for the celebration and birthday dinner. The Millers youngest daughter, Mrs. Jack Irby and children, Shirley, Karen, Marilyn and Mike Clyde were also present for the occasion. In the afternoon a host of friends honored Mrs. Miller with a birthday party at the Community Center. A granddaughter, Darlene Irby registered the guests. The hostesses, Misses Edith Likens, Pricy Pierce, Emma Polindexter and Violet West served refreshments of sandwiches, cake and punch to everyone present.

It was indeed a nice surprise to see Mr. and Mrs. Bill Roberts of Casa Grande, Arizona for a short while last Sunday to bring her father, Melton Polindexter for a visit while he recuperates from Valley fever.

Mrs. Tommie Windham and their Mexican worked at the Tecumseh Cemetery last Thursday afternoon.

Sorrow filled my heart to hear that Mr. Ralph Morse of Fort Worth had passed away last week. He was a brother of Mr. Claude Morse and Mrs. Joe Rutland. He was raised around Oplin, only having moved away about fifteen years ago.

Relatives received word Monday of this week that Herman O'Shields of Odessa was involved in an oil field accident and three fingers were cut off.

"SEND AWAY GLOOMY FEARS"

In ancient days, as soon as people became sick, most of them immediately gave up hope and prepared for the end. Positive cures were almost unknown. One really had to be very lucky to recover.

Nowadays we have many medicines that can be depended upon to give positive help. Physicians know more about the cause of most diseases. They prescribe from the thousands of different drugs pharmacists stock, the one that will help most. They are no longer restricted to the few they can carry in their bag or office. Do not fear any sickness, just visit your physician quickly.

Union Usuals and Unusuals

By Veda Yarbrough

Hi, Neighbor! This is Monday evening. The weather is damp and cloudy. Rained some this afternoon and still too wet to sow wheat today.

Jim and Dick Yarbrough went to Abilene sale today just killing time I guess, as neither took anything to sell and didn't buy anything.

John and Roma McIntyre attended football game in Moran Friday night. Was their first six man football game to see.

W. P. Yarbrough of Cross Plains and daughter, Mrs. C. W. Watson of Pasadena, visited with Jim and I last Wednesday and had lunch with us, then visited with R. C. and D. A. Yarbrough a while. We were so glad to see them.

Sunday a week ago, Mark and Ollie Burnam had all their children home for dinner: Retha of Midland, Mary and Jack Everett and girls of Abilene, Glenn and family will move to Hobbs, N. M. soon. He is all ready out there and his family will go soon as he finds a place to move them to.

Think Mark and Ollie are about to get their house all fixed and move back in. They spent the past week with Mrs. Mary Ramsey in Putnam. Their house looks real nice.

Jim and I visited a while Sunday afternoon with Clovis McCollum and family. You should see little Brad McCollum. He is a real handsome little boy. His mother says he is spoiled to death but I thought he was a real good baby. We visited with Maurine and her dad too, been so long since I had been down that way. Looks so different since the trees have been cleared up. So does the Alleen place since the trees are all gone.

Mr. and Mrs. Aclie O'Dell of Baird visited Sunday afternoon with Clovis McCollum and family. Ross Don O'Dell went to the Dallas Fair the past weekend.

Mr. and Mrs. R. E. Chancy and boys of Abilene were Sunday visitors in the McCollum home.

Most everyone out this way attended the funeral Wednesday at Putnam of Mrs. Montie Wirt.

Bro. Wayne Blankenship had Sunday dinner with Burette and John May Ramsey. We had 55 in Sunday School Sunday. We were real proud of our crowd. I think that is real good as we only have 75 enrolled. What you say—let's have 60 next Sunday.

Not no weather for cotton pulling yet. Not much wheat sowed yet. Jim started sowing wheat last week, didn't get very much sowed on account of the showery weather.

I visited with the Mobley girls a while today. They are like every body else busy trying to get rid of the mice and rats. I don't know what will rid them, seems like every time you catch one or poison one, two more comes. They are getting to be pretty expensive to feed even on poison. Everybody you talk to is having trouble with them, they are state wide I suppose. Wish we could have a drive and drive

them all into the Gulf. I think I heard a trap throw right then, so guess I better go see if I got him. Yep I got two more, makes five since I set down to write. Do you want to know how many mooses I caught in all last night 15 mice and two rats. They were not in the house they were all out side. Guess I better get to my rat killing, so be good, and if the mice don't get me, I will see you next week.

New Benefits In Social Security

(Editor's note: This is the 1st in a series of 10 articles.)

Some important changes have been made in the old-age survivors insurance program as a result of the Social Security Amendments of 1958 which President Eisenhower signed into law on August 28, 1958.

All of the changes, directly or indirectly, affect the American public as a whole. Working persons—employed and self-employed—need to know about them; their families need to know about them.

In the articles to follow I shall describe the changes

singly and in detail; today, I shall restrict myself to a summary of the most important changes designed to strengthen this Federal social insurance system which provides partial protection against loss of earned income upon the retirement, death, or total disability of the worker.

Most important, because it affects practically all working people and their families, is the increase in benefit amounts. This applies to those now getting benefit payments and to those who will become beneficiaries in the future. Most monthly benefit checks will be about 7 percent higher, with a minimum increase of at least \$8.00 in the amount payable to a worker who

retired at age 65 or later. (Women workers who began to receive benefits at any time between age 62 and age 65 will receive slightly smaller increases.) The maximum monthly payment a family may receive is increased from \$200 to \$254 a month. Families now receiving maximum monthly benefits under the law will receive increases from \$7.50 to \$34 depending upon the deceased worker's average monthly wages.

Right here I want to point out that people now on the beneficiary rolls do not have to get in touch with the social security office to obtain these benefit increases. The larger amounts are effective with January and will show up on benefit checks for

that month which mails early in February. For more complete information, contact your Social Security office, 203 Fannin, Box 5163, Abilene, Texas, for free booklets and amendments.)

SS Abilene Office In New Location

The Abilene office of the Social Security Administration will be in its new home at North 2nd, on Monday, October 6, according to R. Tuley Jr. district manager. Persons planning to call at the Social Security Administration are urged to take note of the new address

to save the inconvenience of going to the wrong place. The mailing address, changed a few weeks ago, remains Box 5163.

This note may seem a little blue, for this is blue Monday. Just a dreary day as rain clouds are hanging low.

The way it looks now it will be another wet fall and winter, and very unfavorable for gathering cotton.

to stamp it as the big change for '59:

Vista-lounge interiors with full 360-degree visibility . . . seats actually wider than a sofa . . . Air-Cooled True-Contour Brakes for smooth, effortless control, stop after stop after stop.

The industry's most advanced V-8, Pontiac's Tempest 420, gives you spectacular new responsiveness. And there's a new companion power plant, the Tempest 420E, that delivers amazing extra mileage—and does it on regular gas!

Come in and see why no other car can possibly be so new as the new Pontiac—three great series: the magnificent Bonneville, the dramatic Star Chief and the brilliant new Catalina.

2 Great New Engines

If you love action—you get the liveliest on wheels with the new Tempest 420 V-8, acclaimed by automotive experts as America's most advanced power plant.

If you want the accent on economy, choose Pontiac's revolutionary new Tempest 420E. This new V-8 actually delivers better mileage than many smaller cars with so-called "economy engines" . . . and it uses regular gas!

Seats Wider than a Sofa

Plus plenty of leg and head room. Pontiac's living-room comfort lets you change position naturally . . . choose the way you like to sit—not the way you have to! Pontiac seats offer still other new comfort advantages over the average sofa. They're wider, have higher backs and slant downward at the rear to give maximum support for safer, more comfortable driving.

Air-Cooled True-Contour Brakes

High efficiency cooling flanges in the air stream dissipate heat far faster . . . 39% bigger drums absorb quick-stop heat . . . 25% thicker lining lasts far longer . . . 10% greater lining contact plus true-contour fit of lining and drum mean precision action, less pedal effort. The industry's largest front cylinders give better front and rear brake balance for smoother high speed stops.

Randall Jackson Attends Meeting of Texas Industrial Commission

Randall Jackson attended a meeting of the Advisory Board in Austin Tuesday to which all members of the Legislature had been invited. Manley Head, executive director of the Texas Motor Bus Association, pointed out that Texas was more than 10 years behind the rest of the nation in the exploitation of her great industrial and tourist potential. He urged those present to unite November 4 on adoption of Constitutional Amendment No. 7 and untie the hands of Texas in order that the tremendous resources of the state can be developed on state level.

Following the meeting Mr. Jackson was a guest of Governor Daniel at a luncheon and heard Governor Daniel strongly endorse Amendment No. 7. "It is a paradox that the very name 'Texas' means 'friendly,'" Governor Daniel said, "and that the State motto is 'Friendship,'" yet since 1876 Texas has borne in its Constitution a clause which indicates unwelcome to anyone from outside its borders."

"The writers of the 1876 Con-

stitution prohibited the use of State funds to attract new immigrants because they had just been through the Reconstruction period when many of the immigrants came to Texas after the War did not come to help us, but to plunder its wealth. However, this period in our history has long since passed, and we should not allow this archaic holdover from Reconstruction to further impede the growth of Texas.

"All who are concerned with the future growth of Texas have a high stake in the passage of Amendment No. 7. Today, more than 40 states are taking full advantage of industrial and tourist programs. Several of our neighboring Southern States are bringing hundreds of millions of dollars in new industry by competing with other sections of the country.

"Most of the States have full-scale tourist programs which are paying rich dividends. From the experience of 45 states it has been established that every dollar spent on state tourist pro-

grams alone, brought back \$22 in cash to the economy of the state involved. Here in Texas at least ten million out-of-state tourists visit us each year and they spend more than \$400 million within our borders. Yet we have barely scratched the surface in development of tourism in Texas.

"Texas is growing industrially. The evidence shows that much of this growth is concentrated. Many sections of our State are not receiving industry despite positive attractions. The reactivated Texas Industrial Commission cooperating with local and regional chambers of commerce, is seeking to make known the general attractions of our State. It cannot use State Funds because of the Constitutional prohibition.

"Texas is handcuffed to an ancient and out-moded law which prevents Texas from inviting new industry, business and tourists. You can untie Texas with a vote for Amendment No. 7, permitting the promotion of the historical, natural, agricultural, educational, recreational and other resources of Texas."

SWEET AND SOUR (Continued from Page 1)

make a fine place even better. While we are about it — lets thank Mr. and Mrs. Pat for those 4H Club pictures in the paper today — if there's one thing we like to see its our own youngsters in the news.

Birthday wishes, lots of 'em to some mighty nice October folks — Blane Odom had an October birthday and they just don't make nicer folks than that Odom clan—Tom Odom celebrates this month too, and October is big for the Bartons—Tom celebrated the eighth and his sister, Louie Paylor had her day on the sixth. Louanna Ault blew out candles this week on her cake and come Halloween Bo Ault will have a birthday on his calendar. David Sutphen (one of our favorite young men) is an October wearer of the Opal and if you have an October birthday won't you please let us know?

More-good-news-dept. — Mae Ault is home after undergoing surgery and well along that long old road to recovery.

And our very best wishes to Mrs. Doc Atchison who hasn't

been well—hope she makes that illness a short one for we miss her.

Don't forget Saturday is Calf day and when you come for the festivities stop by 'n yell howdy at us.

CARD OF THANKS

We wish to thank our friends for their many acts of kindness shown our mother during her lifetime, and for the sympathy extended to us at her passing. God bless you all.

The children of Mrs. M. H. Cook. 1-p.
