150 Receive Polio Shots Last Week

About 150 people received polio shots in the vaccination campaign held here last Friday and Saturday, according to local officials of the Foard County Chapter of National Foundation for Infantile Paralysis.

The shots were administered under the direction of the county health officer, M. M. Kralick. Nurses who donated their services were Mrs. Fred Ford, Mrs. Cleve Gordon, Mrs. Roberta Barker, Mrs. Alene Williams and Mrs. Edith Roark.

Clerical workers were Mrs. Virgil Johnson and Misses Margie Rasberry and Carol Bell.

Local NFIP officials expressed their appreciation to the workers who helped last week end.

Candidate Speaking Held at Margaret Last Friday Night

Foard County politics took a "turn for the warmer" at the candidate speaking held at the Margaret community house last Friday night, when aspirants for the various jobs at stake spoke to the assembled voters.

Preceding the speaking, cakes, pies and doughnuts made by ladies of the Margaret community, were auctioned off to high bidders. Leslie Thomas served as auctioneer and also introduced the candidates.

Those who spoke were Jesse Owens, Tom Davis, Leon Brown, Percy Taylor, Leslie Thomas, Claude Callaway, Miss Dorothy Erwin, Mrs. Blake McDaniell, Miss Margaret Curtis, Coy Payne and Darvin Bell.

Family Night Observed at Methodist Church

Family night was observed at the Methodist Church Wednesday night of last week with a covered dish dinner and an entertaining program. The occasion was scheduled to give the new pastor, Rev. Carl Hudson, and family a hearty welcome. Rev. and Mrs. Hudson were presented with a beautiful table lamp for their home.

Following the delicious dinner, Sam Mills led the group in a sing song with Mrs. Paul Shirley as accompanist. Readings were given by Miles Welch and Miss Carolyn Bursey. Musical numbers were rendered by Mrs. Howard Ferguson and Mrs. Hudson. The program was in charge of Mrs. Moody Bursey with Mrs. Henry Borchardt serving as mistress of ceremonies.

Down Town Bible Class

In the absence of the regular teacher, Rezie Womack, Rev. Clarence Bounds of Margaret delivered the morning message at the Down Town Bible Class meeting Sunday morning.

Mrs. Abb Dunn and Mrs. Bob Thomas of Margaret rendered two numbers as duets, with Noel Wilkins as accompanist.

There were thirty-four present, including three visitors.

Crowell Lions Club

Sixteen members and Rev. David Stephens of Truscott, pastor of the Truscott and Foard City Methodist Churches, were present at the Tuesday noon meeting of the Crowell Lions Club.

Rev. Stephens, introduced by Lion Jack Welch, presented a magician's act which was very interesting.

Last Rites for Shelton Ferguson Held Thursday

Resident of Fort Worth Buried in Crowell Cemetery

Funeral services for Shelton Ferguson, 57, of Fort Worth, native of Crowell and reared in this community, were held in the Crowell Methodist Church last Thursday afternoon, July 10, conducted by the pastor, Rev. Carl Hudson, who was assisted by Rev. Clarence Stephens, pastor of the Seymour Methodist Church.

Pall bearers were Andrew Calvin, Mike Bird, Henry Black, Decker Magee, and Merl Kincaid, all of Crowell, and Arthur Powers of Kermit.

Mr. Ferguson passed away in Fort Worth about 4 o'clock Tuesday afternoon, July 8, following an illness of 2½ years, and he had been critically ill for several months.

Robert Shelton Ferguson was born April 28, 1901, in Crowell, son of T. J. Ferguson of Seymour and the late Mrs. Ferguson. He grew to manhood in this community and on Dec. 9, 1933, he was married to Miss Vergie Donaldson of Crowell. Two sons were born to this union, one son, Robert Lester, preceded him in death in May of 1950.

He was a member of the Methodist Church, a good husband and father, and a highly respected citizen.

Mr. Ferguson and family moved to Cotulla, Texas, several years ago and resided there for some time before moving to Fort Worth where they had since made their home. He was employed by a construction firm. He became ill about 2½ years ago and for the past several months was confined to his bed.

Survivors include his wife and one son, Gary Thomas, of Fort Worth; his father, T. J. Ferguson of Seymour; two sisters, Mrs. F. W. Schwab of San Antonio and Mrs. H. F. Killgore of Gainesville; four brothers, Henry T. of Fort Worth, Theo of Bryan, Richard of Seymour, and George of Mineral Wells, and a host of other relatives and friends in this and other communities.

Out of town relatives and friends who attended the services were: Tom J. Ferguson, Seymour; Mr. and Mrs. F. P. Schwab, San Antonio; Mr. and Mrs. H. F. Killgore, Gainesville; Henry T. Ferguson and Harold Ray, Fort Worth; Theo Ferguson and Robert, Bryan; Mr. and Mrs. Richard Ferguson and Betsy, Seymour; George Ferguson, Mineral Wells; Mr. and Mrs. Grady Sullivan, Vernon; Mrs. Lola Mae Hall, Odessa; Mr. and Mrs. Thornton Ferguson, Mrs. Helen Byrd, Mrs. H. E. Gribble and C. D. and Mr. and Mrs. George Fox, Vernon; Mr. and Mrs. George Ferguson and Mrs. Lester Myers, Arant; Mr. and Mrs. A. J. Powers, Kermit; Miss Judy Larkin, Fort Worth; Mr. and Mrs. J. C. Eubank, Mr. and Mrs. Jim Cash and Mr. and Mrs. Bud Myers, Truscott; Mr. and Mrs. Jess Boykin, Rule; Mrs. Susie Pitts, Wichita Falls; Mrs. Lillie Ryder, Benjamin; Mrs. Marvin Ryder, Colorado City, and Mr. and Mrs. Edwin Jones, Seymour.

News About Our Men in Service

Army Pfc. John C. Kincheloe, son of Mr. and Mrs. G. H. Kincheloe of Crowell, recently qualified as expert in firing the M-1 rifle in Hanaau, Germany. Kincheloe is assigned to the 507th Ordnance Company. He entered the Army in July 1957 and completed basic training at Fort Carson, Colo.

The 22-year-old soldier is a 1954 graduate of Crowell High School. He attended Tarleton State College, Stephenville.

In a recent letter to his parents, Kincheloe said he visited the Worlds Fair in Brussels and that it was a wonderful experience. He has also been appointed assistant editor of the company newspaper.

Army Pfc. Emmett E. Howard, son of Mr. and Mrs. E. D. Howard, Route 1, Crowell, recently qualified as expert in firing the carbine in Germany.

Howard, an aviation mechanic in the 8th Infantry Division's 8th Aviation Company, entered the Army in May 1957 and received basic training at Fort Riley, Kansas. He was stationed at Fort Rucker, Ala., before arriving in Europe last March.

The 19-year-old soldier is a 1957 graduate of Crowell High School.

Now Is Time to Order Fish for Fall Stocking of Farm Ponds

by Jack Williams

Now is the time to order fish for fall stocking of farm ponds. For delivery of fish this fall, orders should be placed by August 1. Personnel at the local SCS office will assist you in planning a desirable stocking combination and rate for your pond.

Production of up to 600 lbs. of fish per acre is possible in properly fertilized and stocked ponds. Fish now available for ordering are largemouth bass, crappie, blue gill sunfish, and channel catfish.

The bluegill sunfish are food fish for the bass and channel catfish. For old stock ponds in which the fish population is out of balance, the fish may be poisoned with rotenone several weeks before delivery of new fish. Fish poisoned with rotenone are edible if taken before they die.

Fishing should begin about one year after a pond is stocked. This gives the fish time to grow to a desirable size and to spawn.

Recommended rate of stocking for well fertilized ponds are 1000 blue gill sunfish, 100 largemouth bass and 25 channel catfish per surface acre of water. For unfertilized tanks, 400 blue gill sunfish, 40 largemouth bass and 10 channel catfish are recommended per surface acre of water.

Be sure to harvest that crop of fish too. Just as we wouldn't leave a 50 bushel crop of wheat in the field, let's not leave that 250 lbs. to 600 lbs. of fish in the pond. Lots of fishing is important to keep the fish in balance.

61 Applications for Absentee Ballots Received by Clerk

If requests for absentee ballots is a good measure, the July 26 primary should prove to be an exciting election in Foard County.

County and District Clerk J. A. Stovall reported Monday that 61 residents have applied for absentee ballots up to noon Monday. Deadline for application for absentee ballot is July 22.

Progress on Seymour Road

Construction of the Seymour and Crowell highway is making much progress now on the Foard County end of the road. Bridge construction is the main job being performed now, on the south end while from U. S. 70 south for several miles, grades and fills are being made.

Tuesday, an automobile could travel 13.3 miles on the new road before being stopped by bridge construction.

Chicago—Research has shown that Salk anti-polio vaccine does not damage the brain, according to a recent report by the American Medical Association.

Dr. Frederic A. Gibbs and an associate prepared the report after an "extended clinical study" of 852 persons who received three Salk polio shots each at centers in Chicago, Rockford, Ill., and Richmond, Va.

"... We sincerely believe that a relaxing of trade barriers will give the healthy competition to American manufacturers that is needed. And, too, we are mindful of the fact that this competition should in the long run bring lower prices in certain fields to the sorely oppressed consumers of our nation." — Pine Bluff, Arkansas, Commercial.

Lions Club Sponsoring Fund Drive for Little League Baseball Park Here

The Crowell Lions Club decided some weeks ago to sponsor the construction of a Little League Baseball park in this community. The School officials agreed that the parking area just west of the football field could be used for this purpose in the summer season. The Lions Club has purchased eight poles, and holes for the poles have been dug. After consultation with a lighting engineer, the club has contracted for 32 lights for these poles. This will give lighting conditions similar to the Little League Parks in Knox City and Munday. West Texas Utilities Co. construction crews have given the club an estimate of the cost of mounting and wiring the lights. The total cost of the general construction of the field will be about \$1,200; this figure includes poles, lights, screens, and wiring.

Since it would be difficult to contact every person in the community that is interested in having

Little League baseball in our community as a summer recreation program for our boys, the club voted to invite everyone in the community through this news article to make their donations to this project. The Lions Club will receive donations through Lee Black at the Crowell State Bank, Houston Adkins at the Phillips 66 station or Rev. Carl Hudson at the Methodist Church. Donations may be mailed to the Lions Club, P. O. Box 203, Crowell.

Plans are now being made to franchise four or five teams through Little League Baseball for this next year. Of course, as soon as the lights are in place, the field will be finished and softball and youngster's baseball will be played during the remainder of the present summer season.

The club spokesman stressed that this baseball field project is a community project sponsored by the Lions Club looking forward to Little League Baseball in our community, but the field will be available for the use of softball teams and other groups under the regulations and rules of the Crowell Schools and as they can be fitted in the Little League schedule.

Any community organization or business organization that might be interested in sponsoring a Little League Baseball team during the summer season of 1959 is invited to contact Rev. Carl Hudson for information regarding responsibilities and costs.

News Enters 68th Year This Week

The Foard County News begins its 68th year of continuous service to this community with this issue. The paper was established in 1891 and in the early years of its existence it took considerable effort on the part of the few business and professional men of Crowell and the people of the sparsely settled county to keep the publication going. These early pioneers realized the great need of a weekly newspaper to help in the development of a new and unsettled country like Foard County at the time of its organization April 27, 1891, and were loyal supporters of the institution.

Through the excellent cooperation and liberal patronage of the people of Foard County and local business firms, the paper has been able to continue regular publication from week to week during this long period of time. The News is the oldest business institution in Crowell and has been owned and operated by the T. B. Klepper family during the past thirty years.

Reporting local news items to this office is a great help toward printing a "newsy" weekly paper, or by giving them to one of the five worthy rural correspondents who send them in regularly each week.

July 17 Deadline for Candidates to File Account

Ray Shirley, county Democratic chairman, reminded candidates Tuesday that sworn statements of campaign accounts must be filed by candidates not less than 7 nor more than 10 days prior to the first primary election day—July 26.

Mr. Shirley also reminded voters that July 22 is the last day for absentee voting for the July primary.

Two Paducah Men Fined Here for Liquor Law Violations

A Negro man from Paducah was picked up by the Foard County sheriff's department Friday night, and charged with transporting alcoholic beverages in a dry area. He pled guilty in county court Saturday morning and was fined \$100 and costs.

A white man from Paducah was picked up Saturday night by Sheriff P. W. Taylor and also was charged with transporting. He pled guilty Monday and was also fined \$100 and costs.

on their leadership qualities. On July 29 at 2 p. m., we are planning a meeting for all interested in keeping 4-H records. As you know, we have had many boys and girls in Foard County win trips, honors, etc., on 4-H records. Our ultimate goal is to have every 4-H boy and girl keeping a 4-H record, and the younger they are when they start, the better record they will have.

This meeting will be in my office Tuesday, July 29, at 2 p. m., and all 4-H girls and their parents or leaders are invited to attend this meeting on 4-H records. Our recipe this week is:

Baked Deviled Eggs
6 hard cooked eggs, 1/2 tsp. dry mustard, 1/4 tsp. salt, dash of cayenne, 1/4 tsp. butter or margarine, 1/4 cup flour, 1/4 cup milk, 3 tbsp. grated cheese.

Cut eggs in half lengthwise; remove yolks and mash and mix thoroughly with mustard, salt, cayenne, 2 tablespoon butter and vinegar. Fill egg whites with yolk mixture and place in a greased shallow casserole. Melt the 1/4 cup butter, add flour and mix thoroughly. When flour mixture is bubbly, add milk and cook over low heat until thickened, stirring constantly. Add grated cheese and mix well. Pour cheese sauce over eggs and bake at 345 degrees F. 45 minutes.

Swimming Safety Measures Given by County Agent

If you and your family are swimming in the farm pond, is a suggestion for you that save a life. That is to keep lifesaving equipment handy. Joe Burkett, county agent. Specialists tell us that a rope, a thick board or a tube makes ideal equipment for saving lives, that is if they are properly used. Here's what say about using this equipment. Throw the rope so that it will cross the victim's shoulder will automatically grab it and can pull him in. If you make first time, try again. A thick tube should be pushed directly at victim to support him until he can get help. An inflated tube can be thrown into the water so the current will carry it to the victim. A long cane fishing pole can be handed to the victim, then you pull him in.

The main thing, of course, have some or all of this equipment handy if the need arises only way to do this each time or your family go swimming where a life guard isn't on duty to see that some or all of this saving equipment is in the right place, or that you take with you when you go.

America is the second largest land mass of the globe.

DISSATISFIED WITH OFFICE

Two years after you first elected the incumbent District Judge he was seeking a place on the Court of Criminal Appeals, a state office. (1952).

No longer than two years ago he was seeking a place on the Court of Criminal Appeals. (1956).

Three years before he was appointed District Judge by Governor Shivers (1949), he was making the race for the office of Court of Criminal Appeals (1946).

It is apparent that he has never been satisfied with the office of District Judge, a position for which he is now asking another term in order that he may retire on a pension of \$6,000.00 per year for life.

Landowners Benefit from Program

One and one-half million dollars is being paid to landowners in the Plains area of Texas through the Great Plains Conservation Program, according to Lynn Pittard, conservation specialist.

This is a voluntary program that applies to 98 counties in the Plains area, says Pittard. It provides cost-share assistance for approved soil and water conservation practice. Operators may receive up to 80 per cent assistance, depending on the practice. Contracts are signed for 3 to 10 years duration.

Pittard points out that most any practice dealing with soil or water conservation will be approved. Some of the practices now underway are reseed to grass, cultivated land that is actually unsuitable for cultivation, brush control, stubble mulching and deferred grazing.

Since the program started in late February, he says 303 contracts, including 565,814 acres, have been signed. This means that payments averaged \$2.85 per acre.

The Soil Conservation Service handles the administration of the program. More information about it may be obtained from local county agricultural agents.

LAST CARRIER STRIKE OF KOREAN WAR

Buying Now Not a "Patriotic Duty," Say Magazine Editors

The American consumer has no "patriotic duty" to buy now in order to pull the country out of the recession, according to the editors of Changing Times, the Kiplinger Magazine.

In a copyrighted article, "What to Do About This Recession," the editors advise their readers against buying as a patriotic duty to help business. "The freedom to buy or not to buy is what corrects excesses of production, pricing and so on. If consumers were to buy as a patriotic duty they would throw away the one advantage they have in the tug of war that is the market place," the editors say.

"Most businessmen are holding back on purchases, waiting for lower prices. The auto companies, for example, are buying steel hand-to-mouth. One department store manager told reporters: 'We are playing it closer to the chest on all our buying this year.'"

"Buy with an eye to your needs and carefully weigh price and quality. In so doing you will be emulating the most prudent businessmen themselves," the magazine advises.

New Senate Hand Aided Democrats

When William A. Blakley was appointed to the U. S. Senate in 1957, he was a political unknown in Texas. But Washington awaited his arrival with great interest. So close was the party balance in the Senate that Blakley's vote was the difference between Democratic and Republican control.

True to his Democratic tradition, Bill Blakley voted with his fellow Democrats. They have been in control ever since.

Now Bill Blakley seeks his first elective term in the U. S. Senate. A vote for Blakley is a vote for sound, Democratic government.

Blakley Story Is Typically Texan

The typical American story is of the poor boy who made good through his own efforts. This is the story of Bill Blakley, born in a covered wagon while his parents were on their way to homestead in Oklahoma territory. He has come a long way in 59 years. Said the *Austin American-Statesman*, when William A. Blakley announced for the Senate:

"... He was a top-hand cowboy; he was a crackerjack bank clerk; he was an exceptionally good accountant and lawyer. We have an idea that he is going to be a refreshing, able political candidate. He would make a great United States Senator."

Vote for Bill Blakley on July 26 — an able man whose only ambition is to serve all of Texas.

REAL DANGER

"... Though the mythical 'average' American can buy almost 50 per cent more consumer goods than he could buy in 1929, inflation could play hob with the figures. It already is putting a painful squeeze on some people, and in some degree it is affecting all of us. Inflation, far from being a vague threat, is a real danger that can gobble up our economic advances unless it is kept under control." — Terre Haute, Ind., Tribune-Star.

4—THE FOARD COUNTY NEWS**THAT WAGE-PRICE SPIRAL**

In discussing the wage-price spiral and its relation to the value of the dollar, William A. McDonnell, president of the Chamber of Commerce of the United States, said: "The exclusive emphasis on wages as a source of purchasing power is a fallacy."

"Wage increases affect only a part of the people while the resulting price increases affect everyone."

"For some persons, purchasing power may be increased, but for most persons, it is reduced."

Mr. McDonnell called on business and labor leaders to work toward halting the wage-price spiral "which has been discouraging consumer buying."

NEW MAJOR PARTY

Considerable discussion is being given to the possible formation of a new major party to enter the political lists in 1960. The main leadership would come from conservative state's rights Democrats of the South, and Senator Russell of Georgia is often mentioned as a prospective standard bearer. Some think that such a party might carry sufficient states to prevent either of the established parties from winning an Electoral College majority. In that event, the President would be chosen by the House of Representatives. This has happened twice—in 1800 and in 1824.

People Voted Judicial Retirement in 1948

Judge Jesse Owens' Qualifications

- Four Years County Judge.
- Four Years District Attorney.
- Three years Assistant Attorney General of Texas.
- Twenty years a trial lawyer.
- Eight years District Judge.
- Not a single case sent back from the higher courts for re-trial.

I have tried to keep my campaign for re-election clean, fair, honest and dignified, the way that I have tried to conduct your District Court.

In answer to a political advertisement which was published in this paper two weeks ago, I wish to make the following statement:

Do not let the pension talk mislead you. Regardless of whether I am elected or not, your taxes, so far as the pension referred to, will not be raised or lowered.

The ad with reference to the amount contributed by retired judges is misleading, in that it fails to show the amount contributed by judges who have not retired. As a matter of fact, 5 per cent of the salaries of the nine Judges on the Supreme Court, per year, is \$9,000.00; 5 per cent of the salaries of the five Judges on the Court of Criminal Appeals, per year, is \$5,000.00; 5 per cent of the salaries of the 33 Judges on the Courts of Civil Appeals, per year, is \$26,400.00; and 5 per cent of the salaries of the 153 District Judges, per year, is \$91,800.00, making a total of \$132,200.00 that judges contribute each year to the Judicial retirement fund and all judges have contributed 5 per cent of their salaries each year since the Judicial Retirement Act was passed in 1949. On this basis contributions made by the judges amounts to approximately one million dollars.

The difference between the amount that the judges contribute to the retirement fund and the amount that is required to carry out the retirement plan does not come out of your county taxes; it comes from the general revenue of the State, appropriated by the Legislature. Surely this difference has not amounted to a great deal of taxes, because the first complaint heard of is the complaint made in my opponent's political advertisement.

All State employees have retirement; teachers have retirement, all Federal employees including the Army and Navy, as well as Federal Judges. Is my opponent opposed to this retirement, and will he be opposed to retirement if and when he gets on the State payroll?

As a matter of fact, all the lawyers voted in favor of the legislature submitting the Retirement Amendment. The records disclose that a unanimous bar endorsement was sent to our representative requesting him to support the resolution when it was pending before the House.

To vote against me because I am approaching retirement, both in age and time of service, will not raise or lower your taxes. Neither will it repeal the retirement law. The state tax rate is frozen at 42c and cannot be changed, only by a vote of the people.

On November 2, 1948, the people voted in favor of the Constitutional Amendment, authorizing the Legislature to provide for Judicial Retirement, and on May 2, 1949, the Legislature passed the present Retirement Law. I was appointed District Judge in August, 1949. The law had already been passed. The salary was \$9,000.00 per year, which remained the same until October 1, 1957, at which time it was raised to \$12,000.00 per year. At the time I was appointed District Judge, my opponent was then serving as County Attorney, and has remained in that position ever since at a salary of approximately \$5,300.00 per year, paid out of Wilbarger County taxes. The District Judge's salary is paid by the State of Texas. Therefore, his services as County Attorney has cost the taxpayers of Wilbarger County more County taxes than the District Judge's service has cost the taxpayers, since Wilbarger County pays only a small per cent of the State taxes.

Of course the increase in the salary and the retirement plan is attractive to me, but that is not the only reason I have asked the people for re-election. I think that the record I have made as a trial judge justifies consideration, and I am quite confident that the increase in the salary and the retirement plan encouraged my opponent to make the race for District Judge. I wonder if he voted against Judicial Retirement in 1948, the amendment was sponsored by the lawyers and was adopted by a majority vote of the people.

A LOOK AT THE RECORD

It is time to look at the record and discuss and compare the facts in the present campaign for State Representative.

1. PROHIBITION
Leon Hart Brown is for Prohibition. Leon Hart Brown's opponent is for Prohibition. Prohibition is no issue in this election.

2. SMALL BUSINESS
The next two years will be hard ones for independent businessmen, as we watch hundreds of stores go out of business because of unfair methods by the large monopolies.
Leon Hart Brown is committed to support our small businessmen. He will support the small businessmen of this District as opposed to the big business interests of the other parts of the state.

3. AGRICULTURE
Leon Hart Brown Jr. is committed to vote for the agricultural interests of this District. For more state help in the areas of soil and water conservation. For higher pay for county agents and for vocational agriculture teachers. For continuation of the family farm unit.

ANOTHER COMPARISON OF THE RECORD WILL BE DISCUSSED LATER.

Leon Hart Brown's opponent has been a representative in the State Legislature for two terms. Does his record now justify a third term? Are you satisfied with what the Legislature has done the past two terms? Then vote for a change in Austin!

Only fifteen girls from the 225 in attendance were eligible for this award.

NEW INTEREST IN SCHOOLS

"With the scientific achievements of Russia challenging our educational systems, a sudden, new interest in our schools is apparent across the nation. We believe that our schools have been 'right in there pitching' all the time but they had too little support from parents and townspeople. How many of us make it a point to talk with our Johnny's teacher to discover how we can encourage and help him at home? How many of us ever show up at school meetings?" —Sandy Creek, New York, News.

Guide on Irrigated Cotton Released

"Texas Guide for Growing Irrigated Cotton" is the title of a new bulletin just released by the Texas Agricultural Extension Service.

The guide points out periods of peak water use and information on other production factors important to producing cotton efficiently under irrigation. It discusses such topics as planting dates, seeding dates, fertility requirements, feed control, diseases and insects, defoliation, and harvesting.

The bulletin also has a section devoted to water use and plant development and contains a thorough discussion of when to irrigate.

It can be a valuable source of information to anyone interested in this subject, and can be obtained from the Agricultural Information Office, College Station, Texas. Ask for B-896.

The county agent also has a supply of these guides.

Card of Thanks

May we say to the good people, Dr. Kralicke and nurses of Crowell that your kindness and sympathy are more deeply appreciated than any word of thanks can ever express while Weldon was in the Crowell hospital.

I Am Dedicated to the Proposition That the Following Qualities ARE ESSENTIAL in Any DISTRICT JUDGE:

- INTEGRITY** Plain honesty, in which there can be no compromise.
- FAIRNESS** A District Judge must never have any predetermined ideas about the case he is to preside in and must be governed by the law and the evidence therein.
- ABILITY** A District Judge must be able to search out the law, place it beside the facts and translate both into a just decision. Our judges must possess sufficient knowledge of the law to the end that our courts may remain courts of law and not courts of men.
- DIGNITY** A District Judge must conduct his court in such a manner as to merit the respect of the public and the litigants alike.

I pledge my every effort to bring these qualities to the office of District Judge. **TOM DAVIS, CANDIDATE FOR DISTRICT JUDGE**

TO THE PEOPLE OF FOARD CO.

You have been a great and wonderful people to me. I come again asking you to elect me as your county judge.

I am fully convinced that no man should stay at the head of your County, State or Nation for 20 to 25 years, for several reasons:

- 1st. That is the one sure way to destroy democracy. Your government gets away from the people. Your servant knows more and more and your people know less and less about their county business, finally getting to where you cannot find out much if anything about your county business.
- 2nd. So many times, after a long period in office, your servant gets to where he has so much business of his own, that he gets to where he just does not have the time to see after or push your county business. His intentions may be good, but he just cannot find time. He has become just too busy, busy, too busy, looking after his own business.
- 3rd. Your servant, after many years, finally substitutes his will and desires instead of the people's orders and demands, finally developing into confusion, factions, bickering, alibis and rumors.

When you make a change after 18 to 20 years, it is just like having your Sunday suit cleaned and pressed—it always looks and smells much better. It puts your county government back in the hands of the people. Everyone feels much more at ease and welcome in your county court house and feels free to ask questions about county business.

When you go to the polls on July 26th, if you will elect Claude Callaway your county judge, I assure you that I will put your county business much closer to the people than it has been for a long time. I will assure you action instead of alibis; you will have cooperation instead of confusion.

My Motto: Experience enough for the job, Humble enough to be your servant, Gratitude enough to know you and appreciate you at all times, just as much as I will appreciate your vote and influence.

CLAUDE CALLAWAY

Maybe You Think Politics Is Dirty

Reproduced below, with very minor deletions, is a most frank and thought-provoking letter from a member of Congress to a constituent.

While Texas Congressmen generally DO NOT fall into the category complained of by Mr. Gwinn, his letter is so cogent that we believe it should be read by thinking persons everywhere.

Continued apathy on the part of business could mean that the conditions he describes will become true of our Texas Legislature.—Kenneth McCalla.

Dear Sir:

I have your letter recommending legislation to restore law and order in labor-management relations.

Since there isn't a ghost of a chance that such legislation will be passed, I want to tell you why it won't be, and then what businessmen could do about it.

First, you should know that labor—or rather the top officials

of organized labor—dominate Congress; over 175 Members of the House have benefited from union contributions; free campaign help, radio, TV time, advertising, extensive publicity in the labor press, scores of voluntary workers furnished by the unions, doorbell ringers, telephone brigades and all the rest of it. Business organizations do none of this. Business as such is unorganized politically and therefore impotent.

Union leaders get men elected who agree with them and thereby force Government into improper activities. On the other hand business is not organized politically to restore and maintain the legitimate functions of government.

But that's not the whole story. Countless smaller groups organized to get theirs from government, depend on labor's political activities for their success, because union political power is solidly behind every socialist program ever enacted or enlarged by Congress. Donald E. Ritchberg, in his LABOR UNION MONOPOLY, states: "The labor's economic monopoly and political power are preparing the way for Communism far more effectively than the Communists themselves."

The trouble in Congress is not that we don't know what legislation is needed. We don't have the votes to get it passed. That should be obvious to anyone who knows anything about Washington, but business as a whole either does not know the facts or else refuses to face them.

What can be done? Right now in each Congressional District a half dozen men in each party are deciding who shall run for Congress. An equal number of the leading businessmen—if they really represented business—in each district, could exert a strong influence on this selection and who gets elected. At present business is so indifferent and so uninformed that few businessmen even know that the next Congress is now being selected. As a result, unqualified men, with anti-business principles, will be elected to get special favors for the special groups who put them in office.

Why do businessmen spend their time and money trying to sell their ideas to Members of Congress already committed or pledged against them?

For example, what sense does it make for those who want a sound tax program to do nothing to elect sound Congressmen, and then spend millions to try and sell that tax program to a labor-socialist-dominated Congress?

The horse is already stolen—the lock, the barn door, and the barn too, for that matter.

If the businessmen of America won't see to it that men are elected committed to restoring constitutional government and law and

order in labor-management relations, who else will?

Business already has thousands of organizations at all levels of society that should have been doing this job. They are the only ones having adequate organizations. They avoid politics. If these organizations continue to rely on resolutions (as to what somebody else should do), "educational programs," publicity, going through the motions of lobbying, conventions, Washington representations of all sorts, letter writing campaigns to the few remaining Members of Congress who agree with them, or to the many Members of Congress who never agree, we might as well resign ourselves to living under a labor government for a long time.

If only a small portion of the money now being spent by and for the many thousands of business

and industrial organizations could be spent precisely as the unions spend theirs, in preparing and distributing political action material and political "know-how," we might see the dawning of a new day. Business organizations must stop looking for excuses to stay out of politics. Organized labor is subject to the exact same restrictions against political activity as business, yet look what they have done in building a most effective political machine in less than ten years.

How many businessmen know exactly how their present Congressmen vote? How many know their Congressman's name? Labor knows exactly and sees to it that their members know.

Labor spends little time in "educating the public" or in talking to itself. It saws wood and elects Senators and Congressmen whose

Soil Conservation District Reports Interest in Waterways

More interest has been shown in waterways during the past few weeks than in any other conservation practice. The wet spring and recent rains have emphasized the need for a permanent vegetative

presence in the Congress makes impossible legislation to restore law and order in labor-management relations or to even think of repealing any part of the expanding socialism of the Federal Government.

It's up to you and others who think as you do to get to work in your Congressional District NOW. Sincerely yours, /s/ Ralph W. Gwinn, Member of Congress.

PARKING PROBLEM SPARKS NEW BUSINESSES

The parking problem has spawned a multi-billion-dollar business, says Newsweek. Last year investors spent \$4,750,000,000 on parking garages of various kinds.

Early sailors used large logs for anchors.

Some farmers that have natural drain through their field leave a wide strip not plowed. The grass left on the ground keeps the natural waterway from washing.

MISS MARTHA FISH

THIS WEEK - In Washington

Clinton Davidson

There is something hidden and far more sinister back of the Sherman Adams viceruna coat sensation than has been put, or is likely to be put, on public display.

Compared with the multi-million dollar a year racket engaged in by several hundred professional influence peddlers, the vicuna coat and other gratuities bestowed on Adams by Boston industrial Bernard Goldfine are strictly peanuts.

Goldfine undoubtedly was following what he believed to be a normal practice of getting what he wanted in Washington. Adams

has been attending the bedside of their son and brother, R. G., who underwent major surgery in the Crowell hospital last week. His condition is improved at this writing.

Miss Fauncine Fairchild entertained a group of friends with a slumber party Tuesday night.

Allen Fish went to Abilene Friday for a visit with his wife, who has been convalescing in the home of her daughter, Mrs. J. M. Denton, and family. He was accompanied by Egbert Fish and daughter, Miss Bernita, who visited over the week end with their daughter and sister, Mrs. J. M. Sosebee, and family of Anson. They also visited relatives in Abilene.

Mrs. J. B. Fairchild was a hostess at the reception for Miss Patricia Todd, who was married Saturday night to Jack Wishon at a home wedding in Crowell.

Miss Martha Fish attended an ice cream party at the home of Mrs. R. W. Burks in Paducah Friday night.

Mr. and Mrs. E. A. Boren spent Saturday night in the home of Mr. and Mrs. Homer Lowry of McKinney.

Mrs. Allen Fish, who underwent major surgery in an Abilene hospital last week, is reported doing fine and is now visiting her two sons, John Allen and Hughes Fish, and families in Dallas.

Mr. and Mrs. Leslie McAdams and Mr. and Mrs. Otis Gafford

was accommodating a long-time, generous friend. Both were, to say the least, indiscreet.

The number of people who make a fat living as Washington "representatives" is not known, but a generally accepted estimate is between 5,000 and 6,000. That does not include the 500 or more associations and organizations maintaining legitimate representatives of their interests.

Many of them are 100 per cent phonies.

The influence peddlers operate behind the scenes, and they have lavish expense accounts. They claim to "know the right people," or to be able to get legislation passed through devious methods.

As an example, a few years ago we knew a lawyer who had nothing to do with getting a new tax formula adopted, but who looked over his list of clients the new formula would help and billed them for up to \$45,000 each. He collected.

In more than 20 years of close association with congressmen and administrative officials we have known only a handful of government officials who would yield to influence. The vast majority resist efforts to influence their actions.

Congress Should Investigate
Congress has spent millions of dollars investigating all kinds of business and labor racketeering. Numerous committees have held extensive hearings, both in Washington and across the country. Some of their findings have made headlines.

But some of the worst racketeering in the country goes on right under the noses of congressmen. Many of the influence peddlers are known to the congressmen, although not favorably.

These racketeers operate within the law, or at least within the shadow of it. Quite a few former congressmen have become Washington representatives who legitimately sell their intimate knowledge of how Congress operates.

The practice of selling influence is far more widespread than the relatively innocent giving of gratuities. Most of the latter are simply an expression of appreciation for honest performance of duty by a government official.

There is need for some code of ethics, however, which public officials can follow as a guide in

accepting entertainment and gifts from those with whom they deal in the performance of their duties. Black Death was the name given to the plagues which swept 14th century Europe, taking some 25 million lives.

Miss Patricia Todd and Mike Wishon Wed Saturday Evening

Miss Patricia Ann Todd became the bride of Jackson Finn Wishon Saturday evening, July 12, at 7:30 in the home of the bride with Rev. W. B. Fitzgerald, pastor of the Thalia Baptist Church, officiating at the double ring ceremony.

The bride is the daughter of Mr. and Mrs. Guy Todd and Mr. Wishon's parents are Mr. and Mrs. Carl Wishon.

The ceremony took place before an improvised altar of cathedral candles and baskets of white gladioli. The house was further decorated with white gladioli.

Miss Janis Crowell, pianist, accompanied Miss Jo Ann Fox who sang "Hand in Hand" and "The Lord's Prayer," and also played the traditional wedding music.

The bride, given in marriage by her father, was attractively attired in a chantilly lace bridal gown, fashioned with balloon-type neckline and tiny sleeves. She wore a strand of pearls, a gift from the groom. She carried a cascade bouquet of white roses. She also wore short lace mits.

Her shoulder-length veil of illusion was attached to a tiara of lace adorned with sequins and pearls. She carried old, new, borrowed and blue, also a six pence in her shoe.

The bride's matron of honor was Mrs. Larry Zirkle of Stillwater, Okla., who wore a sheath dress of yellow polished cotton, elbow length mits and a small hat of the same color. Her flowers were shasta daisies.

Johnny Webba served as best man to the groom. Candle-lighters were Misses Betty Linda Knox and Patty McGinnis, who wore pastel colored dresses of lace.

At the reception which immediately followed the marriage, guests were received by Mrs. Zirkle. A yellow organdy cloth, ruffled and adorned with yellow bows, covered the table which was centered with a white satin bow, inscribed "Our Wedding Day, July 12." Two wedding bands of gold were held by tiny streamers. The satin book was presented to the bride and groom by Mrs. Otis Gafford. The wedding cake and punch bowl further adorned the table.

Serving were Mrs. Duane Cates and Miss Carolyn Burse. Others in the house party were Mesdames J. T. Brooks, J. B. Fairchild, Otis Gafford, Marion Crowell, George Davis, Dick Todd, Roberta Barker, Walter Cates, Moody Burse and Mrs. Ross Malone of Vernon.

A large number of guests attended the reception. Among them and attendants at the wedding were the following out-of-town guests:

Mr. and Mrs. J. T. Boaz Jr. and Brenda, Lubbock; Mrs. J. H. Rex Sr., Mrs. Ross Malone, Carol and Mike, and Miss Jan Boyd, Vernon; Mr. and Mrs. Hunter Lambert and Jan and Mr. and Mrs. Paul Taylor, Allen and Vanel, Quanah; Mrs. Rodney L. Thomas, Fort Worth; Miss De Anna Ferguson, Miss Peggy Long and Don Hatfield, Wichita Falls; Mrs. Larry Zirkle, Stillwater, Okla.; Miss Janis Crowell and Lowell Page, Denton; Mr. and Mrs. Gordon Jones, Sidney, Nebraska.

For going-away, Mrs. Wishon wore a beige linen chemise dress with belt accessories. Following a short wedding trip, the bridal couple plans to reside in Crowell.

Boer, meaning husbandmen, is the name commonly applied to South African colonists of Dutch descent.

Sure-footed Man Serves Texas

The colorful language of the ranch and trail seems to fit Bill Blakley, who made his start in life as a working cowhand. He still rides and ropes with the hands on his ranch at roundup time.

Speaking of Blakley's service as U. S. Senator in 1957, the Dallas News said: "If he was as unassuming as an old boot, it was nevertheless a well polished boot that never wobbled or wandered from its purposeful path. For this man Blakley is a sure-footed man who knows exactly where he stands and what he believes."

Texas will vote to return William A. Blakley to the Senate on July 26 because he truly represents the spirit, traditions and views of all Texas.

Thalia M. Y. F. Meets

"Let's do this more often," said everyone who went with the Thalia M. Y. F. group, sponsored by Rev. and Mrs. Garner Berg and Mrs. Grover Moore. The group went swimming in the Crowell pool after which they went to the North Pocket Park where dinner was served.

While there, officers were elected which are as follows:

President, Arlos Moore; vice president, Stanton Tucker; secretary and treasurer, Wanda Moore; reporter, Janie Bowers; party chairman, Earlyn Hammonds. The group has ordered more material with which they

plan to further church fellowship. The welcome mat is always for those who would like to join the Thalia MYF.

CHANCES OF BEING KILLED

"Let's suppose you're on a 400-mile trip. Statistics show that if you whiz along at 75 m. p. h., the chances of someone getting killed if an accident occurs are 1 in 8. Drive 65 m. p. h., and your chances of dying if an accident occurs are a lot slimmer—1 in 20. At that speed it'll take about an hour more on the road. Slow down to 55, though, and if a collision takes place the chance of a fatality occurring is 1 in 50. The slower

speed will mean a couple more hours of driving on the 400-mile jaunt."—Bay Shore, New York, Sentinel and Journal.

CHALLENGE TO RELIGION

"The challenge to religion and the role of the church are no different today from what they were in the past. While there are various creeds, philosophies and faiths they seek essentially to bring about a communion between man and Supreme Being. Differences in the manner of operating the various churches do not involve the substance of religious beliefs."—Conway, South Carolina, Horry Herald.

Wow!

Chicago—The birthday cake was a hamburger patty, favors were bones, and prizes rubber squeaking mice. And all the guests barked.

The occasion? Thistle's 4-month anniversary party. Thistle is a Scottie owned by Jane Lezak, 5. Jane thought up the doggy idea herself, and invitations went out to Thistle's playmates in the neighborhood. Ten showed up.

For presents Thistle received candy, lollipops, a \$1 bill, and an insulated travel bag. At last reports, Thistle was "dog-tired."

10 Downing Street Shaky

London, England—The famous No. 10 Downing Street needs a major structural overhauls as soon as other quarters are found for the Prime Minister, according to a governmental committee spokesman.

Also recommended for renovation were Nos. 11 and 12. Foundations of the houses, were built in 1686, are unacceptably estimated at four hundred thousand pounds (\$1,120,000).
