CROWELL AND HENRIETTA TO PLAY SATURDAY NIGHT FOR BI-DISTRICT

The Crowell High School football team, IA-11 District champion, will be playing the highest district team of the State for bi-district honors on Saturday night at 7:30 o'clock when the Wildcats will defeat Henrietta.

Henrietta has the edge on Crowell in both weight and record for the season. The Bearcats average about 166 pounds per man, while the Crowell boys weigh 158

pounds on the average. Henrietta has scored 365 points to their opponents' 33. Crowell has scored 245 points to the opponents' 69. Both teams have had one game called off due to the flu. However, Crowell has one advantage in the contest. The Wildcats have played against several strong teams like Seymour, Matador, and Quanah. Henrietta's competition has been fairly weak.

Henrietta relies on its running game a great deal with the Moore boys, Jack and Donald Ray, doing most of the ball carrying. They led the Bearcats to a bi-district championship last season against Holliday.

Crowell does not have an outstanding star, but does have a well balanced team that can move fairly well on either the ground or through the air. Each team is studded with seniors. Crowell's eight seniors are: Billy Everson, guard; Jerry Pittillo and Dale Rettig, tackles; Harvey Smith and Louis Rettig, ends; and Princess Gidney, Ray Thomson and Roy Don Payne, backs. Henrietta has eleven seniors with nine of them in the starting lineup.

The winner of this contest will play the winner of the Albany-Mason game next week for regional honors. These two clubs will meet tomorrow (Friday night) at Albany for the championship of districts IA-9 and IA-10.

PRODUCE TRUCK DRIVER KILLED IN TRUCK-TRAIN WRECK TUESDAY

Johnny Wayne Moore of Wichita Falls was killed about 8:40 a. m. Tuesday when the truck he was driving collided with a Santa Fe locomotive at the crossing on Highway 70 in the east part of Crowell. The truck was dragged some distance by the

train, and burst into flames when the crash occurred. Moore was driving for West Texas Produce Company of Wichita Falls and had been delivering to Crowell grocery merchants for about four months.

Local merchants said that Moore usually delivered produce here much earlier in the morning than on Tuesday, when he arrived here later than usual.

Funeral services for Moore were held at 3 p. m. Wednesday on Owens & Brunley Chapel in Wichita Falls with Rev. Don Smith of Mabeldean Baptist Church officiating. Burial was in Crestview Memorial Park.

A resident of 1105 Alma, Moore is survived by his wife, Norretta; his parents, Mr. and Mrs. Doyle Moore Sr., of Wichita Falls; three brothers, Bobby, Perry Don and Doyle Moore Jr., a sister, Carolyn Sue Moore, all of Wichita Falls.

Members of the Crowell Volunteer Fire Department extinguished the flames and helped to extricate the body from the wreckage.

The engineer on the train was placed in the Foard County Hospital suffering from minor cuts and shock.

The crash was investigated by the Foard County sheriff's department and the Texas Highway Patrol unit of Paducah.

Talent Show Will Be Presented at School Next Tuesday Night

The Band Booster Club is sponsoring a big Talent Show to be held at the high school auditorium next Tuesday night, November 26.

Earl Hesse, band director, states that a very interesting program is being planned with lots of local talent participating on the program.

Tickets for the show are now on sale at 75c for adults and 50c for students.

CEMETERY RUMMAGE SALE TO BE OPEN SATURDAY

Mrs. N. J. Roberts, president of the Cemetery Association, expresses her thanks for all the cooperation received in the rummage sale for the cemetery fund, and also announces that the sale will continue through next Saturday. She makes the following announcement:

"We will keep open our rummage sale at the Carroll Station north of the old city hall through Saturday. Everything must sell at the lowest clearance prices. We could sell men's work shirts, good shoes, and there are some calls for men's hats."

The proceeds from the sale go into the cemetery fund, but it also serves as a public service. Many can pass on things that they can do without and would be useful to others, such as surplus bedding, extra dishes, etc., but no throw-away articles."

NEW VEHICLES

Three new vehicles were registered in the sheriff's office from November 4 through 8. They are: Nov. 4, J. C. Rader, 1957 Ford station wagon; Nov. 6, Lloyd Thompson, 1958 Chevrolet truck; Nov. 8, Ray Hysinger, 1958 Ford pickup.

King and Queen of Thalia School Will Be Crowned Nov. 27

There will be a Thanksgiving dinner of turkey and all the trimmings served in the lunch room of the Thalia school from 11:45 a. m. to 1 p. m. on Wednesday, Nov. 27.

Following the dinner, the coronation of the king and queen of the Thalia school will be held in the auditorium at 1:30 p. m.

Price of the turkey dinner will be \$1.00 for adults and 30c for children. Tickets can be purchased at the Thalia lunch room, or from members of the Thalia P. T. A. until noon Nov. 25.

All parents and patrons are cordially invited to attend.

DISCUSS TUNISIA ARMS CRISIS—Forgnis Minister Christian Pineau arrives in Washington, D. C., to discuss Franco-American relations over the U. S. and British arms shipment crisis involving Tunisia. American and British goods have been delivered in Tunisia by air and the French government fears new rebel uprisings should these arms fall into the improper hands.

John Black Died Sunday Morning in Vernon Hospital

Funeral services for John W. Black, 78, were held at the First Baptist Church Tuesday afternoon at 2:30 o'clock, conducted by the pastor, Rev. C. T. Aly, with Rev. W. B. Fitzgerald, pastor of the Thalia Baptist Church, assisting.

Funeral services for John W. Black, 78, were held at the First Baptist Church Tuesday afternoon at 2:30 o'clock, conducted by the pastor, Rev. C. T. Aly, with Rev. W. B. Fitzgerald, pastor of the Thalia Baptist Church, assisting. Mrs. W. W. Lemons served as accompanist for songs sung by the choir, which was led by Pat McDaniel.

Burial was in the Crowell Cemetery under the direction of Womack Funeral Home.

Ball bearers were Charles McDaniel, T. F. Black Jr., Carlton Black, Willie Black, Maroney Evenson and David Rush.

Flower bearers were granddaughters of the deceased: Mrs. Charlie McDaniel, Mrs. David Rush, Mrs. Willie Black, Mrs. T. F. Black, Miss Darlene Black, Mrs. Carlton Black and Mrs. M. A. Davis.

John William Black was born Nov. 28, 1878, in Kentucky. He died Sunday, Nov. 17, 1957, in a Vernon hospital, following a long illness. Mr. Black came to Foard County with his parents in 1898. He was converted in that year and joined a Baptist Church near Crowell.

On Nov. 5, 1905, he was united in marriage to Miss Gertrude Lemons of Jack County, Texas. Five children were born to this union, three sons and two daughters.

Mr. Black was engaged in farming for a number of years. When he retired from the farm, he did construction work as long as his health would permit. He was a good citizen and had many friends.

Surviving him are his wife; three sons, Orvil of Crowell, Missouri and Walter of Wichita Falls; two daughters, Mrs. Nora Martin of Lamont, Calif., and Mrs. Estelene Van Winkle of Fullerton, Calif.; two brothers, H. K. Black of Wichita Falls and George S. Black of Crowell; three sisters, Mrs. Millie Meharg of Crowell, Miss Mattie Black of Albuquerque, N. M., and Mrs. Florence Parr of Paducah; 20 grandchildren and 12 great grandchildren. All of the children were here for the services.

Education Subcommittee Named for Foard County

Governor Price Daniel has appointed twenty-four members on the Hale-Aikin Committee to make a state-wide study of Texas Public Schools. Senator A. M. Alkin Jr. of Paris is chairman of this committee and J. W. Edgar, commissioner of Education, is secretary.

Each county in the State will organize a sub-committee for the purpose of making recommendations to the state committee. Grady Graves, Superintendent of Crowell Schools, has been appointed temporary chairman of Foard County.

The permanent committee for Foard County is as follows: Mike Bird, president of the Crowell School Board; Walter Ramsey, president of Thalia School Board; Henry Black, principal of Crowell High School; Mrs. Howard Bursey, principal of Thalia Grammar School; Mrs. Alton Abston, president of Thalia P. T. A.; Ray Shirley, chairman of Foard County Democratic Committee; Mrs. Newton Hofmann, president of Crowell School Classroom Teachers Association; Mrs. Marion Crowell and Mrs. Guy Todd.

Dr. John W. Raines Locates in Snyder

Dr. John W. Raines, physician and surgeon here for the past three years, left the first of the week for Snyder, Texas, where he will have offices in the Battenfield & Jones Hospital.

Dr. Raines has been in Snyder all week and his office fixtures were moved to Snyder Wednesday by White Motor Freight. Mrs. Raines and three children will go as soon as living quarters are secured.

Dr. Raines has many friends and patients here who deeply regret for him to leave Crowell.

CROWELL WILDCATS FINISH RACE WITH PERFECT DISTRICT RECORD AFTER 46-0 WIN OVER MUNDAY

Crowell High School football team closed out its district undefeated here last Thursday night for the first time since the Wildcats won over the Munday 46 to 0 to make the sweep of the district championship. This gives the Crowell team the right to play Henrietta for the bi-district championship at Coyote stadium next Saturday.

mate with neither team taking advantage of their breaks. Crowell fumbled three times and Munday twice to give the other team a chance of scoring, but neither one could get to rolling.

The Wildcats began to look like district champions in the second quarter with quarterback Princess Gidney leading the way. After Charles Partridge got off one of Munday's good quick kicks that stopped on Crowell's four-yard line, Gidney on a keeper play, followed some good line blocking to scamper 78 yards before being pulled down from behind. He later ran the final seven yards to pay dirt and Crowell's first score. End David Carpenter, playing his best game of the season, pounced on a Mogul fumble on their 30-yard line to give Crowell possession. Roy Don Payne, Crowell's left half, made five yards before left half Gerald Bradford broke

loose around his own left end for 25 yards and the second touchdown. Harvey Smith kicked the extra point to make the score 13 to 0. Gidney came through for his second TD of the evening just before halftime. Smith converted again to leave the count 20 to 0 at intermission time.

The Wildcats took up where they had left off in the third quarter. One of the most sensational plays of the game found Gidney passing to Bradford that was good for 64 yards on the pass and run and Crowell's fourth TD. Another touchdown was scored when Gidney ran twelve and lateraled off to Bradford for 13 more. Smith came through with another extra point try to make it 33 to 0. Reserve quarterback Ivan Cates threw a perfect pass to Gidney for 16 yards and Crowell's fifth touchdown.

The last score came in the fourth quarter after Crowell's en-

tire lineup was made up of reserves. The ball was moved down field mostly on fullback Duane Nichols' plunges. Cates made the final one ever center. Nichols plunged the extra point over to make the final count 46 to 0.

Crowell had too many stars in this game to mention. However, some of the highlights were: fumbles recovered by David Carpenter, Jim Henry, Harvey Smith, Billy Everson, Jerry Pittillo and Charlie Gidney; pass interception by Tom Crowell; blocking of Ray Thomson and Billy Everson; ball-carrying of Roy Don Payne, Princess Gidney and Gerald Bradford; and tackling of David Carpenter, Ivan Cates, Dale Rettig, and others.

Munday's best ball carriers were Charles Partridge and Boyd Meers. Their best defensive men were Bunny Norville and Robert Elliott.

EDITORIAL
COURTESY

The mark of a gentleman has, since time began, been courtesy. A person who uses courtesy in dealing with everyone whether he is young or old, rich or poor, right or wrong, as the case may be, rude or courteous, is to be commended. It isn't difficult to be courteous to someone you like and respect or to someone who treats you with respect and courtesy, but a truly courteous person, in an awkward situation, does the thing that will cause the least embarrassment to everyone concerned and still maintains his own dignity.

Courtesy makes other people think well of you. Courtesy opens

doors in business that might otherwise remain firmly closed. Being courteous often causes someone to notice you in a favorable light and comment on your behavior to others.

In meeting and dealing with others, your courtesy speaks well of your parents and teachers and of your own manners. Firms who hire people invariably hire those who are courteous, as they know that their company or their products are often judged by the people who represent them. And last but not least, courtesy keeps you from having regrets for unkind acts or words. Remember that one's acts and words can never be recalled.

TRUSCOTT PASTOR SPEAKS TO STUDENTS

Last week, Rev. Jack Davis, pastor of the Truscott Baptist Church, talked on the subject, "The Infallible Proof of God."

Ever since God breathed air into the soul of man, we, God's greatest creation, have had many infallible proofs of God. Confronted with good and evil, we have to have the desire to do that which is good.

The boys who participate in sports should have energy and the ambition to be good at that sport. Being a good sport is another quality in which a sportsman should excel.

Love is one of the greatest infallible proofs of God. It takes love to love one another. To forgive also takes love.

We, the adults of tomorrow, wish to thank Rev. Davis for this much-needed lesson. In everything we do, let's ask ourselves if it is an infallible proof of God.

CAT SCRATCHES

The carnival is gone, but everyone had a lot of fun while it was here. I guess everyone (young or

old) loves a carnival. I guess, too, that I'm getting old, for those fast rides seem to get me down. I decided that I wouldn't try riding them this year! I thought I'd just watch the fun! As I settled myself in front of the hammer, a whole mob of kids started pushing and shoving, trying to get into one of the things. Somehow when the dirt settled, and I opened my eyes, I was sitting inside one of the cages! How I got in, I never knew, but one thing I knew was that I must get out. No, it was too late; it had already started to move. I was scared stiff and so was everybody. I reckon, for my "meows" were smothered by screams of my fellow passengers as we went faster and faster! I was slung from top to bottom, around and around, up and down, over and over! Would it never stop? My head was "bashed" on the floor. I tried to dig my claws into the seat and hold on—but it was in vain—I was being thrown around like one small pea in a huge bucket! At last, it stopped. Someone opened the door, and I fell out. My head was spinning round and round. Somehow, I managed to stagger away from the contraption!

After recuperating from my little spin, I wandered over to a booth. There behind the counter were three bottles of milk—and I was so very thirsty. Happily, I jumped behind the counter and gingerly trotted over to the bottles of milk. The minute I reached them, someone began throwing balls at me. Ouch, one hit me right in the stomach! You can imagine how fast I got out of there. Some people are so grippy about their old milk!

I had a lot of fun—even though there were a lot of strange doings. See ya, Tabby.

WOULDN'T IT BE SWELL? If we had a jukebox in the study hall?

If Crowell beat Henrietta 54 to 0?

If everybody caught the flu? (No school.)

If we could run and yell in the halls?

If the teachers would give no homework?

If Christmas holidays came 3 times a year?

If we had a rock 'n roll class?

If we could have a lot more parties and dances?

If Mr. Black would lose his constitution book.

If it would not rain any more

until next year? If students would put some scandal in locker number—? If we had six months' tests instead of six weeks' tests? If the band had a talent show every week?

LETTERS TO THE EDITOR

Dear Shirley,
 This is to let you know that I read the "Wildcat" each week. The feature articles are especially interesting, and you and your staff are doing a good job. My husband is an Air Force officer at Ellington Air Force Base here in Houston, and I am a housewife. Congratulations on a fine job.

Sincerely,
 Bobbie Abston Huebner.
 Thanks a lot for your letter, Bobbie. Don't forget, readers, if you can possibly find time to drop us a line, we certainly would appreciate it. Address your letter to Shirley Fox, Box 662, Crowell, Texas.

STUDENT COUNCIL NEWS

The Student Council met on Monday, Nov. 11, to discuss fund-raising projects. After several ideas had been discussed, it was decided that the student council sponsor the canteen after the football game Thursday night.

The secretary, Jo Frances Long, reported that the student council pens would arrive next week. The meeting was then adjourned by our president, Ray Thomson.

STUDENT COUNCIL SPONSORS DEVOTIONALS

For the past month each school day has begun with a student's giving a devotional over the loud speaker. The Student Council is sponsor of this activity, and it has met the approval of the student body. It seems that the few minutes of serious thoughts about some timely subject helps to get the day off to a good start.

Those students who have participated thus far this year are Ray Thomson, Betty Linda Knox, Jo Frances Long, Margaret Faske, Jimmy Rader, Ginger Rasberry, Patty McGinnis, Joan Shultz, Carolyn Monkres, Jana Black, Dale Rettig, Tom Crowell and Bill Graves.

ANNUAL SALE CLOSING TOMORROW

Orders for the '58 Roundup are now being taken. See the following in your second period class if

you wish to buy an annual: Study hall, Sandra Campbell; bookkeeping, Jana Black or Bettie Knox; speech, Carolyn Monkres; physics, Sandra Campbell or Bettie Knox; V. A., James Choate or Charlie Bell; geometry, Judy Borchart; P. E., Margie Rasberry or Carolyn Monkres.

Carolyn Monkres is in the lead on annual sales. Bettie Linda Knox is second. Annual sales close tomorrow, Nov. 22.

MEET A SENIOR

Harvey Smith is six feet tall, has dark hair, and has corresponding blue eyes.

His favorite sport is football, and last year, as well as this, he has been one of the team's co-captains. He also plays basketball on the school team. Last year he was chosen most athletic boy of CHS.

Harvey's favorite class is V. A., and he served as its president last year. He also stated that English IV is his most difficult subject.

Harvey's favorite food is fried chicken, and his favorite music is western, although he enjoys popular music, too. He didn't mention his pet peeve, but I imagine that it is being interviewed while he is trying to get English IV.

Harvey's life after graduation has not been decided upon, but CHS students hope, Harvey, that you are a success in whatever you decide to do.

HOME MAKING I DINNER

The sixth period freshmen homemaking class had a dinner Friday, Nov. 15, in the homemaking cottage.

The dinner was served at 6:30 p. m. A short program, prepared for the girls and their guests, consisted of a reading by Linda Caddell and several fortunes and pantomimes. Margie Rasberry, Janise Morris and Sharon Wharton were in charge of the program.

Attending the dinner were Margie Rasberry, Duane Johnson, Barbara Goodwin, Gary Griffith, Sandra Hollenbaugh, Roy Ford, Kay Johnson, Bobby Barker, Ginger Morris, Larry Love, Linda Caddell, Eugene Davis, Sharon Wharton, George Moss, Carol Bell, Martha Fish and Dorothy Welba.

The homemaking class would like to thank Patsy Ribble, Ginger Love and Wanda Moore for serving and also Mrs. Kenner for making this dinner possible.

LIBRARY NEWS

In honor of Book Week, 1957 let's all read some of the new books in the library. Also, everyone take a good look at the bulletin board this week. Don't you think that the dog Mrs. King and Rachel Rodriguez fixed is "darling?" Do you pay much attention to the bulletin boards that are put up for your pleasure and enjoyment, or do you just walk on past? Let's all get together and help support the people who make this possible. Okay?

SPORTS SPURTS

Yep! We won another game and so—we advance to the bi-district playoff against Henrietta next Saturday night. By beating Monday 46-0, the Wildcats ended the regular season play by winning 9 in a row while dropping only one (the opener—to Seymour). The defensive record is the best in the surrounding area, 3A and 2A included. The team allowed only 69 points to be scored upon them with 25 of these being scored by Seymour. Four teams were shut out and only Seymour scored over two touchdowns. The offense pushed across 244 points in nine games for an average of over 27 points a game, which is pretty good in anybody's books. Anyway, we know our boys are good, but they still need a little extra "push." Let's all go to Wichita Falls Saturday night and "push" our football team toward a state championship!

BAND BEATS

Well, contest has again been postponed, and our enthusiasm is beginning to lag. We wish those officials would make up their minds.

We're looking forward to Saturday night in a big way. Mr. Hesse has produced what looks like a great show. We hope the football fans like it. It isn't every day that we get to perform at Coyote Stadium, so we're going to do our best.

Mr. Hesse and combo gave an almost professional "Rock and Roll Review" show during the carnival. We know that everyone who saw it loved them, and all of those that didn't see the performance really missed something.

Be sure to see the big talent show on Nov. 26. Everyone with any talent at all should be sure to enter. The ten dollar first prize and the five dollar second prize are in easy reach of everybody. Come and match your choice with the judges!

MENU

Monday, Nov. 25: light bread, fried chopped pork, gravy, whole potatoes, candied carrots, stuffed celery, peach cobbler.
 Tuesday, corn meal muffins, pinners, beans, whole kernel corn, weiners, stripped with cheese, celery, apple, and lettuce salad, peach preserves with butter.
 Wed., light bread, fried chicken, gravy, creamed potatoes, English peas, lettuce and tomato salad, pumpkin pie with whipped cream.

New Chemical May Stop Evaporation of Water in Texas Lakes

Recently conducted tests on a chemical used as the base of many cosmetics may provide an effective solution to West Texas' water evaporation problems, an article in the November issue of West Texas Today says.

The chemical, hexadecanol, has proved effective in reducing water evaporation by as much as 45 per cent, the article in the monthly publication of the West Texas Chamber of Commerce says.

Tests conducted by the Southwest Research Institute in San Antonio, under the auspices of the Southwest Water Evaporation Research Council, have shown the chemical to be highly effective when spread over the surface of a lake or other reservoir to form a "lid" that prevents evaporation.

The tests were started over two years ago in an effort to reduce the evaporation that causes a loss of nearly as much water each year as is used in domestic and industrial consumption.

Explaining that the evaporation process occurs when water molecules become highly active, as a result of a rise in the temperature of the water, and finally move so rapidly that they leave the reservoir, the SWRI scientists state that the chemical cover acts as a "lid" to prevent the molecules from escaping in the form of water vapor.

When spread over the water's surface at a thickness of about one ten-millionth of an inch, hexadecanol becomes completely tasteless, odorless and colorless, the article says. The Public Health Service has certified that the chemical is harmless to human beings and experiments have proven it to be harmless to plant life, animals and fish.

Water which would otherwise be evaporated by the sun can be saved at an estimated cost of half a cent per thousand gallons, researchers say.

If the film is spread apart by a boat, swimmer or wave action, it almost immediately rejoins to continue preventing evaporation.

TO COST MORE

It now looks as if the St. Lawrence Seaway will cost \$473 million—as against an initial estimate of \$305 million.

Postmaster Urges Early Mailing of Christmas Packages

Predicting that the Christmas mail this year will set an all-time record, even exceeding the record set in 1956, Postmaster Alva Spencer announced his 1957 "Mail Early for Christmas" campaign this week.

With Christmas only a little more than a month away, the postmaster reminds everyone that "it's later than you think." Most folks have a tendency to wait until December rolls around before they give their Christmas mailing plans a thought.

The Postmaster further suggested that right now is the time to take the following steps: Check your Christmas card lists carefully—make sure that each address includes the full name, street and number, city, zone and state.

He said, also, that it is a good idea to stock up on heavy wrapping paper, sturdy corrugated cartons, strong cord, and paper adhesive tape for use in securing packing and wrapping Christmas gifts. If you'd like to include your Christmas card or letter in your gift package, just add appropriate first class mail postage to the postage for the package itself; thus, insuring simultaneous arrival of your gift and greeting.

CHRISTMAS SEAL SALE GROWS

In half a century the Christmas Seal Sale has grown from an effort to raise \$300 for an experimental TB hospital in Delaware to support a nationwide program of education, research, rehabilitation and case finding carried by 3,000 affiliated tuberculosis societies, 95 of which are in Texas.

there's nothing newer in the world

With all that's new for a world of difference

There's bold, new styling—new Interceptor V-8 Power—now Cruise-O-Matic Drive—new Ford-Aire Suspension! The 58 Ford is the only car ever to meet a world-wide test and win world-wide approval before its public premiere!

You could search the world over and never find a car to match this 58 Ford's new beauty... new power... new ride... all at the low Ford price. We know! We tried it!

In Paris... the most style-conscious fashion critics in the world had a deep, low bow for Ford's latest style creation. In the mighty Himalayas, Ford's new Interceptor V-8 engine with Precision Fuel Induction won the day!

Then there's nothing newer than the true air ride of Ford-Aire Suspension. It's like riding on a cloud! But, you don't have to go to foreign soil to drive this newest Ford. We'll gladly save you the trip. Come in today!

From London to Bangkok... the whole world loved it!

The 58 Ford stopped traffic in Trafalgar Square when it passed through on its round-the-world trip. And that was typical of the excitement this Ford caused in Paris... Rome... Athens... Istanbul... Calcutta... and Bangkok. For this Ford was proved around the world in the toughest "shakedown" cruise in history.

THERE'S NOTHING NEWER IN THE WORLD OF STYLE!
 THE WHOLE WORLD SEEMS SMALLER WITH FORD'S NEW INTERCEPTOR V-8 ENGINE!

Smooth as they come... smart as they go. The Fairlane 500 takes the 58 styling cake, going away (arriving, too!)

COME IN... SEE THE CAR THAT WAS PROVED AND APPROVED AROUND THE WORLD!

MRS. MARY D. BROWN

Everyone I have talked to agrees that this was one of the very best Achievement Days we've ever held. You are all to be commended on your exhibits. Our mystery packages were also a big success. I believe we made \$15.01 on them and I know we all enjoyed opening our "surprise."

Mrs. Clarence Garrett, Mrs. S. H. Ross and Mrs. Ed Huskey had perfect attendance at all council meetings this year. I had surprise gifts for these three ladies and then forgot to leave them with Mrs. Traveek to be presented at council. I'm sorry about these gifts, but will get them out to you. Certainly, you are all to be congratulated on your perfect attendance.

I have in my office several recipes for cooking wild duck. Please call or come by if you would like to have a copy. Our recipe this week is

Roast Wild Duck
 Wild duck meat is dark and drier than domestic duck. To retain or add moisture, it may be roasted with strips of bacon on the breast. Cooking in a covered roaster also helps to reduce dryness.

1 duck (1 1/4 lbs.), 2 cups quartered apples, 1 slice onion, 2 teaspoons salt, 1/4 teaspoon pepper.

Clean duck and wash thoroughly. Fill the duck with peeled quartered apples. Sew up and tie in shape. Rub with a slice of onion, then with salt and pepper.

Roast uncovered in a moderately slow oven (225 degrees F.), allowing 20 to 30 minutes per pound and if desired, duck can be basted every 10 minutes with 1 cup orange juice. Basting is not required, however, at this low temperature. Cooking time is about 45 minutes. Makes 2 servings.

Mr. and Mrs. Thomas Templen of Crowell Saturday night.

Billy Ryan of Seymour visited in the J. B. Fairchild home over the week end.

Mr. and Mrs. Bill Fish visited her parents, Mr. and Mrs. C. J. Lanotte, of Anson over the week end.

Mr. and Mrs. Dwayne Boren spent the week end with her parents, Mr. and Mrs. Henry Hrabal, of the Black community.

Mr. and Mrs. Carl Oden of Albuquerque, N. M., are here visiting her sister, Mrs. Bill Fish, and husband.

Mrs. Warren Haynie visited Miss Jewel Haynie in the Quanah hospital Wednesday.

Otis Gafford was a Hollis, Okla., visitor Sunday.

Robert and Gordon Fish visited John Wright of Thalia Monday.

Mrs. Leslie McAdams was a visitor in Quanah Sunday afternoon.

Mrs. W. O. Fish spent Friday night in the home of her son, Bill Fish, and wife.

Miss Rosalie Fish of Abilene visited her brother, Henry Fish, and wife in the hospital Monday afternoon.

Mr. and Mrs. Warren Haynie, Mr. and Mrs. J. B. Fairchild, Jerry and Faunche, and Robert, Gordon and Martha Fish attended the Crowell-Munday football game last Thursday night.

Mrs. Allen Fish spent the week end with her daughter, Mrs. J. M. Denton, and family of Abilene.

In the News . . .

30 YEARS AGO

News items below were taken from the issue of the Foard County News of Friday, Nov. 18, 1957:

As we go to press on Thursday afternoon, records at the six gins in the county will show almost 16,000 bales.

As of Nov. 1 of this year there had been ginned 11,979 bales of cotton, compared with 7,534 at the same time last year.

Three couples were married at the Baptist parsonage Saturday. They were James D. Harper to Miss Lorena Randolph; Troy Nichols to Miss Beulah Myers; Herbert Jernigan to Miss Edith Dunn. The last two couples were married with a single ceremony.

Natural gas from the Thalia field is expected to be piped into Crowell by January 1.

John S. Ray had fifty-four bales of cotton ginned at the Vernon Gin in Thalia last Monday. The cotton had been stored and furnished a day's work for the gin. Mr. Ray has gotten 130 bales off of 114 acres and is not through picking yet.

Hospital mates in 1918 became acquainted here recently. L. A. Andrews and Joe H. Earls of Fort Worth spent a day in a hospital at Base 202, Orleans, France, with their beds side by side, yet they had never met or spoken to each other until Thursday in Crowell when Andrews noted the resemblance of Earls' face to that of a hospital mate and started a conversation which led to the fact that he was the man.

The second car of dressed turkeys were shipped by Johnson Produce this week and represents a value of approximately \$6,000.

Col. Claude A. Adams, wife and son, Stanton, were here from Austin for the Armistice Day program and visit with friends.

Mrs. J. H. White of Rosebud is here visiting her parents, Mr. and Mrs. C. W. Beidleman.

Rev. E. L. Mayfield and family are attending the Baptist State Convention in Wichita Falls this week.

Mr. and Mrs. Austin Wiggins and son of Holliday spent the past week here visiting her parents, Mr. and Mrs. W. L. Ricks.

Mrs. J. H. Lanier was called to Lubbock last week on account of the serious illness of her father, W. J. Teaff.

against a "crash" program to enact the bill overnight. Strong opposition was not foreseen, however.

FISCAL HANGOVER — Lawmakers who return for the next regular session in January, 1959, face a "morning after" atmosphere with a \$12,000,000 headache.

Last summer State Comptroller Robert S. Calvert predicted the state would end this two-year period with a \$6,000,000 deficit. His latest estimate doubles that figure.

Calvert revised his figures after voters this month approved a constitutional amendment upping state pension payments.

Legislators already are skating on the edge of financial embarrassment in their day-to-day operations. Funds for the first session ended \$45,000 when the first session ended with costs running about \$11,000 a day, they were due to start drawing this week on the government's deficiency fund, earmarked for "calamities."

But the real calamity, as many legislators see it, comes year after next when they will have to find a way to glue the "busted" budget together again. Most agree, gloomily, that it means new taxes.

NO "THRILL" BUT — Legislators' comments on the laws passed during the first special session ranged from "monstrosity" to a shoulder-shrugging "better than nothing."

But they did pass—all five that the governor asked.

Spokesman for the governor admitted he wasn't exactly "thrilled" with the watered-down water bill, but that he would accept it. In a public statement, Governor Daniel commended the lawmakers for their accomplishments.

Briefly, the new laws do this:

1. Set up a water planning division to do research on Texas water resources and report to each regular session. No authority to draw up a statewide plan was conferred, and the appropriation was cut from a recommended \$1,200,000 to \$900,000. Water Board was given authority to negotiate for state water storage in federal reservoirs—with legislative approval.
2. Require registration of those who seek to influence legislation by direct communication and reporting of expenditures over \$50.
3. Require registration of those who, for pay, represent others before state agencies.
4. Set up a commission to study Texas law enforcement and report to the next regular session.
5. Appropriate money for a building for the State Insurance Department.

WHAT NOW? — Senate rejection of the appointment of William A. Harrison as insurance commissioner put that department in a quandary.

Without an administrative head, the department cannot conduct even routine business; nor can it pay its employees. Members of the Insurance Board asked Atty. Gen. Will Wilson for guidance.

Under the Constitution the Senate has the authority to pass on all appointments made by the governor to constitutional offices. It does not, however, pass on the appointments of various state boards within their departments.

When the Insurance Department was re-organized last spring, the new law authorized the governor to appoint Insurance Board members and the board to appoint a commissioner. But it was specifically written into the law that the Senate would have confirmation power on the board's appointment.

of a commissioner.

Senate approved the governor's appointments to the board, but turned thumbs down on Harrison. A former assistant state auditor, Harrison had been serving in the \$20,000-a-year post since early last summer.

Board members asked Wilson's opinion on (1) Does the Senate have the constitutional authority to pass on a board appointment and (2) if so, what'll we do until we can find a new commissioner?

"NO URGENCY" — Insurance Department is being beset by the Senate from another quarter as the investigation into a delayed report continues.

Senate committee questioned two department officials on why three months elapsed between receipt of an unfavorable report on Preferred Life of Dallas and department action on the matter.

Paul D. Connor, assistant commissioner, said he saw "no urgency" in the report since it did not involve insolventy. E. B. Kelley, chief examiner, said he didn't think there was "anything significant" about it.

Earlier, the man who made the examination said he had found evidence of illegal stock manipulation involving some \$94,000.

COTTON RAINED OUT — Unusually rains probably have cost Texas cotton farmers some \$100,000,000, says Agriculture Commissioner John White.

Rain kept harvesters out of the fields, said White, and greatly cut the quality of the cotton still on the stalks. "It's a real economic blow to many farmers who had prospects of the first good cotton crop in several years," White observed.

SHORT SHORTS — Sen. William T. Moore of Bryan is president pro tempore of the Senate for the second called session. He succeeds Sen. Searcy Braecwell of Houston . . . One of the things for which Texans can be thankful this year is that there will be only one Thanksgiving. Governor Daniel proclaimed the Texas holiday for Nov. 28, same as the federal holiday . . . Governor Daniel has asked President Eisenhower for emergency federal aid for Jefferson, Bell, Orange and Fayette counties, recently hit by floods and tornadoes . . . A senate-passed bill clears the way for getting land for a Texas Employment Commission building just north of the Capitol. Bill would increase the site-buying appropriation from \$350,000 to \$1,100,000. Probable location now is occupied by a Lutheran Church.

Texas University Plans Report on Coast of Southwest Mexico

Geographic data never before recorded about the isolated, seapion-infested Michoacan coast in southwest Mexico are being compiled by University of Texas geographers who have conducted explorations there since 1950.

Dr. Donald D. Brand, geographic department chairman who led explorations, is publishing reports of the Michoacan expedition in technical reports, the first, "Coastal Study of Southwest Mexico," printed recently, and the second report, due off the press in a month.

Three-fold aim of the Michoacan investigation was to verify geographic facts about the remote area in order to replace incorrect maps and crude sketches of the area with accurate maps to compile all geographic material written on the area, and to geographers students in technical reconnaissance of a region.

Dr. Brand and his assistants covered the entire Michoacan coast on foot, then by launch by air. The Michoacan coast remained isolated because of inaccessibility by both land and sea approaches.

Along the middle Michoacan coast, high cliffs rise almost directly from the sea, and falls spill directly into the sea. Mighty manta rays glide in coastal waters, sometimes leaping out of the water to fall back with a splash as loud as a shot blast. Giant green sea turtles regrete on shore to lay eggs. Brand also found yellow-bellied paddle-tailed poisonous sea snakes and venomous pit vipers and bite means internal hemorrhage and death.

Dr. Brand is now compiling the manuscript for the second report, which will contain the results of scientific and cartographic information about Michoacan's isolated coast. The University's Office of Naval Research sponsored the explorations.

State Capitol NEWS

by VERN SANFORD, Mgr. Texas Press Association

Austin, Tex. — Texas lawmakers are striving hard to forge a new tool for dealing with police powers, insofar as school segregation integration problems are concerned.

Proposed is a "last-resort" law to be used, presumably, in situations where threat of federally-enforced integration is met by strong local opposition. It would allow the school board to shut down the school until "the earliest possible time when peace and order can be maintained without the use or occupation by military forces."

Gov. Price Daniel's call also asked that the law provide (1) that state aid, accreditation, salaries, etc., not be affected by the closing, (2) that school boards may transfer local pupils and (3) that the attorney general be authorized to assist local school districts in contesting integration suits in federal court.

Though Legislative operating funds ran out over the week end, both House and Senate decided

THIS WEEK

-In Washington

With Clinton Davidson

This week in Washington some 200 of the Nation's top farm economists are meeting to make their annual forecasts on what 1958 holds for farmers.

They have been doing that for almost 20 years at the U. S. Department of Agriculture's annual Outlook Conference, and their forecasts have turned out to be remarkably accurate.

The consensus of those who have prepared advance reports for the Conference is that next year will be very little different from 1957.

Net farm income this year is estimated at \$12 billion, about \$200 million over 1956, and for 1958 the forecast is for another small increase of about the same size as this year.

The price trend generally is expected to be downward during the first half of the year, with a recovery starting sometime during the summer. This follows rather closely the forecast for business.

As was the case this year, all of the increase in net income is expected to result from increased payment for idling land under the Soil Bank program. Payments in 1958 may total about \$800 million.

The forecasters think the price tag on things farmers buy, such as machinery, fertilizer, gasoline and building materials, will be marked up again in 1958, by an average of 4 or 5 per cent.

Farm labor costs have more than doubled since the end of World War II, and the economists predict still another increase in 1958.

"More money will be going into farmers' pockets, but they also will be spending more to keep their farms in operation," says USDA chief economist O. V. Wells.

The principle "soft spots" which the economists look for in farming next year are feed grains and hogs. Feed prices will be lower throughout the year and hog prices will drop sharply next fall, they think.

We have on hand the largest supply of feed grains on record, and farmers are expected to raise a near-record number of hogs for market in the latter part of 1958.

Dairymen, the forecasters say, probably will be better off in 1958 than they have been this year. Milk prices are expected to average at least as high as this year, but feeding costs will be lower.

The recent upward trend in poultry and egg prices is expected to continue at least until next spring. The higher prices, however, may induce poultrymen to expand production and that would bring on lower prices after next June.

The situation as it affects producers of wheat, cotton, fruits and vegetables looks to be about the same as this year, at least until the size of 1958 production becomes known.

The one thing the economists shy away from as if it were the plague is politics. Their predictions are based on the assumption that Congress won't change farm laws and that the Department will not change support rates.

HEAVY FIRE LOSSES

Fire losses totaled nearly a billion dollars in 1956, the National Safety Council reports.

"Pressure Cooker" Bonds Assemblies

A pressure cooker big enough to roast the legendary Paul Bunyan's Blue Ox, Babe, has been installed at a western aircraft factory. Instead of turning out such savory dishes as roast beef or lamb stew, however, this pressure cooker performs a metal-bonding operation on trailing edge wing assemblies for a new turboprop airliner.

The new 100,000-pound, king-size pressure cooker is more properly referred to as an autoclave. It is eight feet in diameter and 22 feet long. It works on the same principle as a kitchen pressure cooker, applying the heat and pressure necessary to join component parts into assemblies.

Parts to be bonded are placed inside, the lid is fastened, and the "cooking" is done at 350 degrees Fahrenheit and at pressures up to 200 pounds per square inch. The aircraft manufacturer reports that the new autoclave metal-bonding method is rapidly gaining favor over riveting and welding methods. Furthermore, metal-bonding by the autoclave is considered vastly superior to that done by hydraulic press, attaining a more even distribution of pressure for the bond.

EXCESSIVE SPEED

Excessive speed is the most prevalent violation occurring in fatal auto accidents, according to the National Safety Council.

SPEED INCREASES CHANCES OF BEING KILLED

If you travel 75 mph in your car and are in an accident, there's a one in eight chance you'll be killed, the National Safety Council says. Slow down to 55 mph and your chances of being killed if a crash occurs drop to one in 40.

MOST DANGEROUS TIME

Christmas Eve is the most dangerous holiday period of the year for motorists, the National Safety Council warns.

Super Chief Cookbook Contains Recipes of Famous Harvey House

Good news for gourmets was issued this week when Santa Fe Railway announced publication of a "Super Chief Cookbook" of famous Fred Harvey recipes.

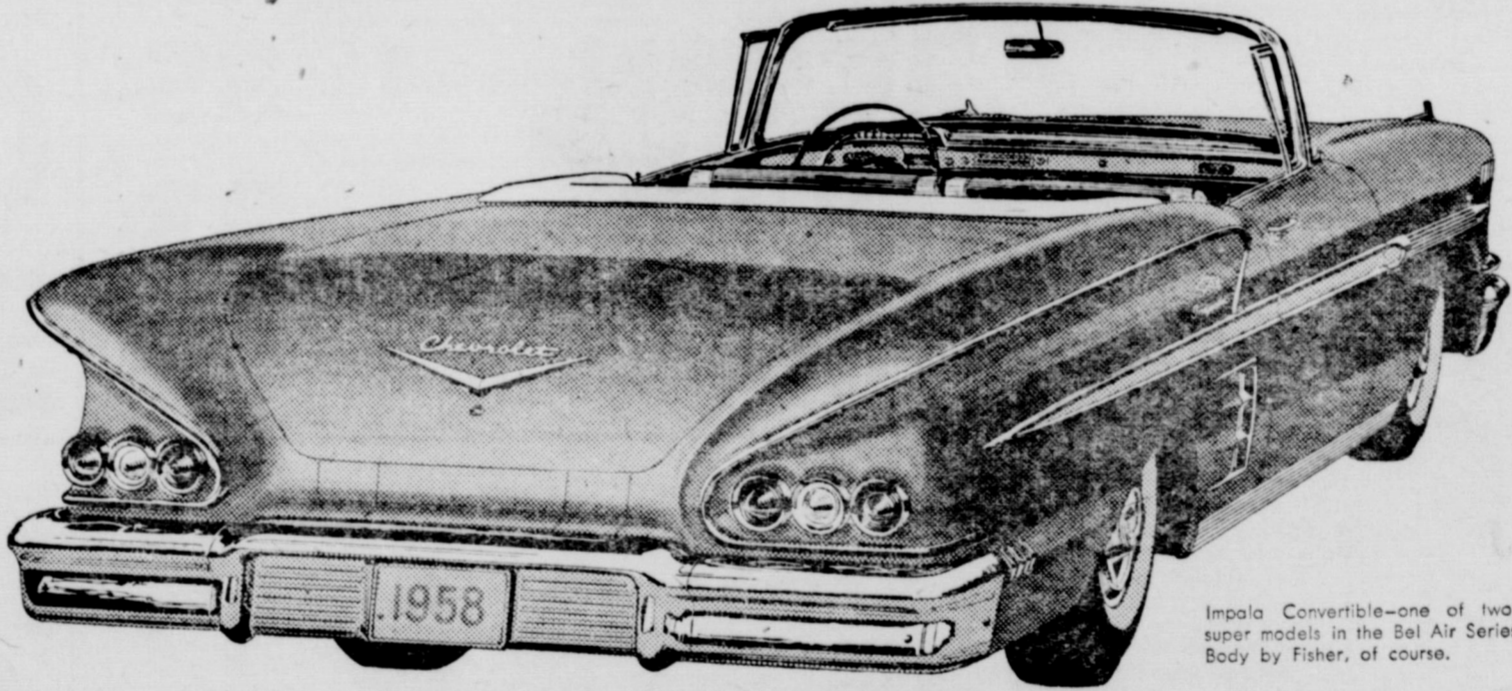

Attractively illustrated with authentic Indian designs, the 26-page booklet contains 34 of the recipes especially requested through the years by travelers aboard the line's famous trains and in Harvey restaurants along the railroad.

Dishes represented vary from the elaborate Lobster Americaine as served on the Super Chief, to several popular Southwestern recipes served at La Fonda in old Santa Fe, N. M.

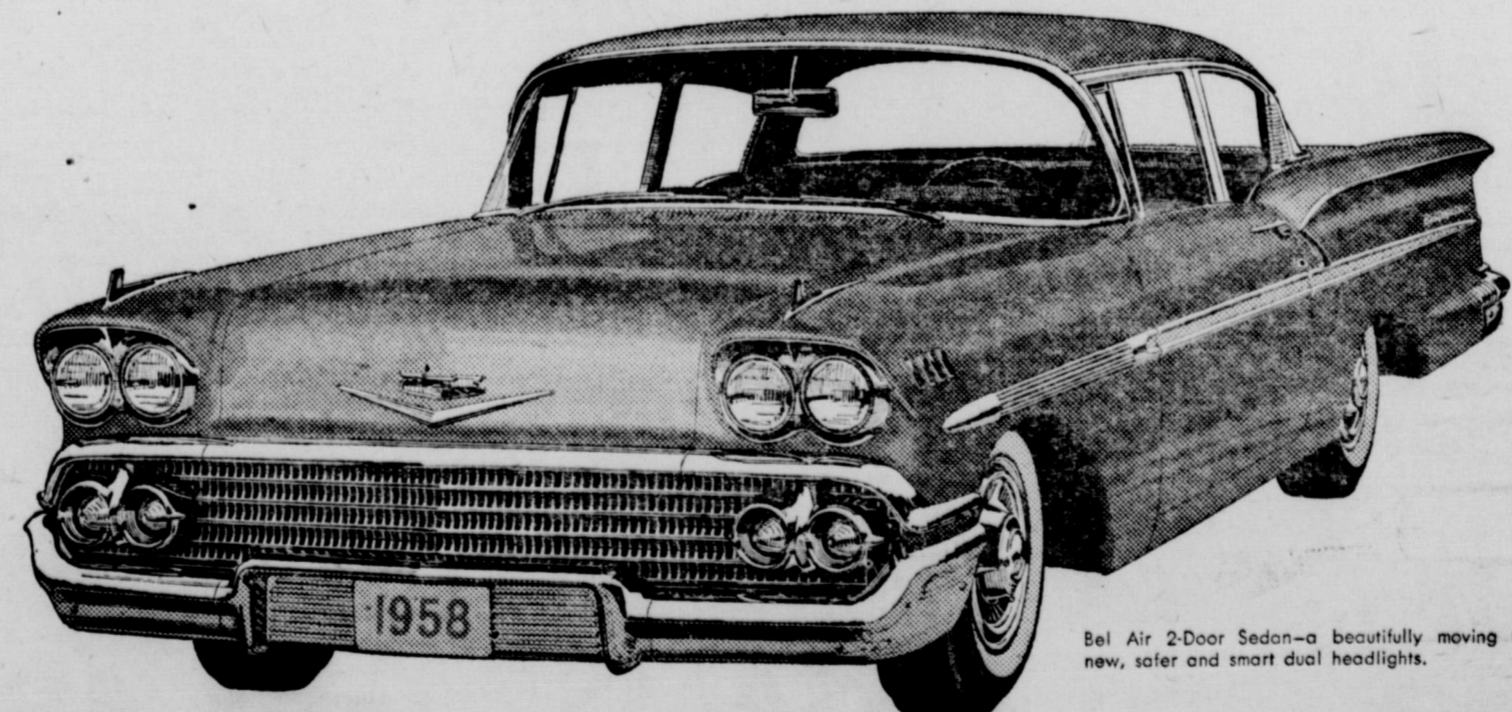

There also is a special section devoted to the secrets of making a good cup of coffee.

Super Chief patrons will receive the cookbook as a gift.

ABOUT YOUR HEALTH

A weekly public service feature from the Texas State Department of Health. HENRY A. HOLLE, M.D., Commissioner

A wise man once said, "Who would not give a trifle to prevent what he would give a thousand worlds to cure?" These words take on a great deal of meaning when viewed in the light of the many advances in medicine and public health made in the last 50 years in the United States and throughout the world. Medical research has brought about many outstanding drugs and spectacular operations which save individual lives and relieve suffering, but more outstanding and spectacular are the advances in preventive medicine that have been made which stop suffering before it starts—the proverbial "stitch in time."

Economically speaking, preventive medicine has saved the people of the United States countless dollars. One example is retrolental fibroplasia, an eye condition marked by the formation of fibrous tissue behind the crystalline lens. It is seen in many prematurely born babies and causes partial or total blindness. For years the disease was thought to be a result of premature births. However, a study supported by both federal and private financing, established the cause of the trouble as due to the faulty administration of oxygen, (used extensively in incubators for premature infants.)

This study cost approximately \$50,000. Today there are about 5,000 blind children in the U. S. who are victims of retrolental fibroplasia. Each child will cost an estimated \$100,000 each for education, training and support from birth to death—or a grand total of \$500 million. Thus, the cost of care for 5,000 children will be, for our generation, 100,000 times the cost of the prevention for the future.

Advances in public health coupled with the discovery of wonder drugs raised the life expectancy for persons now born to over 70 years of age. In the 17-year period between 1937 and 1954, it increased 9.6 years. This means that in 1955 alone, through this death rate decline, over \$770 million additional federal income taxes was received by the government, to say nothing of the earning power and productivity resulting from an increased span of life. There is no doubt about it, public health and research pays off!

LET'S TALK LIVESTOCK BY TED GOULDY. Includes an illustration of a man and a cow.

Trade at Fort Worth Monday featured a very active and strong market on calves. Both slaughter and stocker interests were active in the trade. Fat calves of the choice variety have been increasingly scarce in the runs, and some sales in this category are unevenly higher again. All kinds of stockers and feeders were fully steady and bulls again sold at the advances of last week. Trade on cows was rather slow as most packer interests tried to lower costs on the early rounds. However, the clearances were at generally steady prices. Fed cattle were relatively scarce, and some interests were talking 50 cents lower prices in view of the big run in the cornbelt points. However, quality considered, there was little change in the market. Comparative prices: Good and choice slaughter steers and yearlings \$20 to \$22.50, high choice or prime quotable well over this bracket. Common and medium sorts sold from \$14 to \$20. Fat cows cashed at \$14 to \$15.50, and canners and cutters cashed at \$9 to \$14. Bulls returned \$12 to \$16.50. Good and choice slaughter calves cashed at \$20 to \$23, and common and medium sorts cashed at \$15 to \$19.50. Culls sold mostly from \$12 to \$14. Good to choice stocker steer calves cashed at \$20 to \$24, and stocker heifer calves ruled at \$22 down. Stocker steer yearlings bulked at \$22.50 down. A few replacement cows sold from \$10 to \$16. The small (1,400) receipts reported in the sheep yards at Fort Worth Monday included about 500 goats. The trade was active and strong, quality considered, and good and choice fat lambs sold from \$21 to \$22. Fancy types were lacking. Stocker and feeder lambs of just medium and good kinds sold from \$18 to \$21. A few slaughter ewes sold at \$9. The goats again continued to make a lot of news as this new "outlet" was again very good. Slaughter goats sold from \$6 to \$7.50, and stocker kinds would be quotable well above that range. The trade in goats is relatively new at Fort Worth, but with a number of packers interested in getting goats here, it has followed that buyers seeking stockers have come in to pick off any youngish ones. National packers are expected to step into the trade and allocate definite periods to goat slaughter on the basis of the numbers now coming here to market. Under federal rules, goats and sheep cannot be killed together, and the change-over involved with the national packers, is a big factor in the development of the trade. Butcher hogs managed to hold steady at Fort Worth Monday with the top \$17.50 and \$17.75, and medium to good butchers at \$16 to \$17.25. The packing sows, which for long have been selling right up against the top butchers, took a tumble. A few choice lightweights sold steady at \$16.50 to \$17, but the rank and file packer sows sold from \$15 to \$16, and some of the heavies in the \$15 to \$15.50 level were about \$11 off.

STARTED CHRISTMAS SEAL CAMPAIGN

The support of a great American newspaper, the Philadelphia "North American," and columnist Leigh Mitchell Hodges in 1907 carried the first American Christmas Seal Sale over the top in its effort to raise funds to fight tuberculosis. American newspapers are still front-line fighters against TB.

"UNION MONOPOLY"

Vice President Edward Maher of the National Association of Manufacturers writes in National Review: "Business leaders must come to grips with the fact of union monopoly power, and fortify the 'peace-at-any-price' attitude that has led to the surrender of vital economic principles almost without a struggle."

Miss Nelda Brooks, Larry Zirkle Plan December Wedding

Mr. and Mrs. J. T. Brooks announce the engagement and approaching marriage of their daughter, Nelda Kay, to Larry D. Zirkle of Erick, Okla.

The nuptial vows will be exchanged during the Holiday season.

Miss Brooks is a 1957 graduate of Crowell High School and is now attending Oklahoma State University in Stillwater, where she is majoring in mathematics.

The prospective groom is the son of Mr. and Mrs. W. C. Zirkle of Erick, and is a junior in Oklahoma State University, majoring in general engineering. He is a member of Pi Mu Epsilon.

COLUMBIAN CLUB

At the home of Mrs. Fred Youree, the Columbian Club met on Wednesday afternoon, Nov. 13. The subject of the study was "Education-Book Week." The theme for the afternoon was "Give me the room whose every nook is dedicated to a book."

Mrs. D. R. Magee was leader of the lesson after the business had been transacted by Mrs. Karl ten Brink, president. The devotion was given by Mrs. John S. Ray. Response to roll call was made by giving a short book review. Mrs. Magee gave reviews of several books from the library.

Mrs. N. J. Roberts read some club reports of years ago. One was dated Feb. 1912, another Jan. 22. It was interesting to know what was being done then.

The hostess served tempting refreshments to fifteen members. The next meeting will be a Christmas party on Dec. 11 at the home of Mrs. B. W. Self.

ADELPHIAN CLUB

"Originality Among Club Women" was the theme of the Adelpian Club's program on Wednesday, Nov. 13, when it met at the club house.

Mrs. H. N. Ekern, vice president, presided over the business meeting.

Mrs. W. B. Johnson was program chairman for the afternoon and her topic was the "Importance of the Housewife." She introduced the guest speaker, Mrs. Mary D. Brown, Foard County Home Demonstration Agent, who spoke about "Crafts." She had on display many interesting crafts that had been made by members of the various county Home Demonstration Clubs and also members of the 4-H Clubs of the county.

Mrs. L. A. Andrews was hostess for the afternoon.

HONORED ON BIRTHDAY

Mrs. Shelby Wallace was honored with a birthday dinner Sunday, Nov. 10, on her 48th birthday in the home of her daughter, Mrs. J. B. Washburn, in Celina, Texas.

Those present were Mr. Washburn and Suzette and Bruce, and her other two daughters, Miss Jolyne Wallace of San Angelo and Miss Edna Ruth Wallace of Dallas.

Mrs. Wallace received nice and useful gifts and a pleasant visit with her daughters and grandchildren.

RIVERSIDE H. D. CLUB

"Fabric-Purses and Gifts" was the subject of the program when the Riverside Home Demonstration Club ladies met in the home of Mrs. Grover Moore Tuesday, Nov. 12, with Mrs. Lewis Kieschnick as hostess.

Mrs. John S. Ray brought a number of hand-made purses she had made years ago of tapestry and woolen materials and it was plain to see the pleasure she had surely derived from them in their day. Then there was the present day evening bag that Mrs. James Bowers was making from velvet with bead and embroidery trim for the demonstration on fabric purses. There were other gift ideas of needlepoint work and covered clothes hangers by Mrs. Monroe Karcher.

The club was brought to order by Mrs. Sam Kuehn, vice president, who conducted the business. "My Rules for Life" was read by Mrs. Ray as the opening exercise. Mrs. Grover Moore and Mrs. John S. Ray gave the council report.

Officers for next year were elected as follows: Mrs. Sam Kuehn, president; Mrs. Ewald Schroeder, vice president; Mrs. C. L. Adkins, secretary; treasurer; Mrs. James Bowers, reporter; Mrs. George Wesley and Mrs. James Bowers, council delegates.

The next meeting will be Nov. 19 with Mrs. Cannon as hostess. Mrs. George Wesley and Mrs. Ray will give the program: "Christmas Goodies."

The "treasure" cake was cut and served with drinks to members, Mesdames W. A. Mussetter, John S. Ray, Frank Ward, Sam Kuehn, Monroe Karcher, Lewis Kieschnick, C. L. Adkins and Grover Moore.

HOMEBUILDERS CIRCLE

On Tuesday night, Nov. 12, Mrs. Gordon Erwin was hostess to the Homebuilders Circle. Mrs. J. A. Bell, president, opened the meeting with prayer and then presided over a brief business session.

Mrs. Travis Vecera was program leader and used the topic, "Love," as a basis for her talk. Mrs. Grady Adeock brought the devotional on "Growth of a Christian," and in conclusion dismissed the group with prayer.

Delicious refreshments were served to the following: Mrs. Grady Adeock, Mrs. Howard Ferguson, Mrs. Jack James, Mrs. DuWayne Elliott, Mrs. Hulien Monkes, Mrs. Travis Vecera, Mrs. J. A. Bell, and two new members, Mrs. J. T. Hughton and Mrs. Baylor Weathered.

Next meeting will be Nov. 26 with Mrs. Hulien Monkes.

GAMBDEVILLE H. D. CLUB

The Gambdeville Home Demonstration Club met in the home of Mrs. Elton Carroll on Nov. 15 at 2 o'clock for the last business meeting of the year. The Christmas party will be held sometime next month in the home of Mrs. Milton Hunter. Everyone is to bring a gift costing not over \$1.00 to be exchanged, and the gift for member's unknown friend. Mrs. Andrew Calvin stated the family meeting would be held in her home Nov. 21. Everyone is to bring a covered dish.

The program, "Making Purses," was brought by Mrs. Cecil Carroll and Mrs. Archie Campbell. Refreshments were enjoyed by 10 members, one new member, Mrs. Buster Cates, and the hostess, Mrs. Elton Carroll.

BAPTIST W. M. S.

The Woman's Missionary Society of the First Baptist Church met in the home of Mrs. Clark Hitt Monday afternoon for the mission study. The meeting was opened with the group singing of a hymn led by Mrs. W. F. Statser, president. Mrs. Alyne Williams led in prayer.

Mrs. Hitt taught two chapters of the book on Africa, "Continent in Commotion." Mrs. C. C. McLaughlin dismissed with prayer.

The hostess served refreshments to nineteen members and one visitor.

High Landing

If you have a tendency to wince at the fees parking lots charge you just to get your car off the street in cities, consider the plight of the airlines.

The landing fee for a four-engine intercontinental airliner stopping in Great Britain is about \$160. The International Air Transport Association estimates this figure will at least double when international jet-powered airliners are operational.

6,966 HOSPITALS IN U. S.

As of September 30, 1956, says the American Hospital Association, there were 6,966 hospitals in the continental United States with 1,607,692 beds. The average daily census was 1,355,792, and the total personnel required was somewhat larger—1,374,704.
