Wildcat Band Wins "Sweepstakes" Trophy Friday

The Crowell Wildcat Band was judged the outstanding band in class A competition at the Jacksboro Music Festival in Jacksboro last Friday and was presented the Sweepstakes trophy. In order for a band to be eligible for this award a band must receive a first division rating in both concert and sight-reading events. This year marks the first time in Wildcat Band history that so high a rating has been achieved.

In solo and ensemble competition, individual members of the band also did well with five 1st division ratings, ten 2nd division ratings, three 3rd division ratings and two 4th division ratings being earned. In music competition, soloists and groups all work toward an efficiency rating of 100 rather than in direct competition with one another.

Soloists and results follow:

First division: Linda Caddell, James Choate, Elizabeth Davis, Jerry Fairchild and Jeanie Johnson.

Second division: Judy Borchardt, Sandra Campbell, Sally Dixon, Jerry Fairchild, Robert Fish, Martha Fish, Betty McKown, George Morgan, Sandra Sanders, Noel Wilkins, and the twirling quartet made up of Nelda Brooks, Jerry Fairchild, Jeanie Johnson and Sandra Sanders.

Third division: Eugene Davis, Jeanie Johnson and Sue Sanders.

Fourth division: Gary Griffith and Gordon Fish.

The newest organization within the band, the Stage Band, also ranked high, receiving a second division rating.

All of the solos and ensembles will go to Wichita Falls this Saturday to participate in the Region XIV Interscholastic League contest being held on the Midwestern University campus.

E. L. Rickard is director of the Crowell band.

window was broken in Charlie Hathaway's store and the roof of the building was also damaged. Several trailers at the Farmers Gin were overturned and a shed near the Farmers Station was damaged.

The windstorm was accompanied by rain, but no hail was reported in town.

A rain and hail storm struck Crowell Tuesday evening about 8 o'clock and lasted for about 20 minutes. Tornado warnings were broadcast for this area, and about 1 a. m. another heavy rain and hail came, lasting for about an hour. The amount of moisture measured by the Government gauge was .8 of an inch.

The hail stones were large and during the early-evening storm practically covered the ground. About 1 a. m. the fire alarm was sounded and the central telephone office reported that storm warnings were still out for this area. The all-clear alarm was shortly before 2 a. m.

One and one-half inches of rain was reported on the JY Ranch in Knox County. Carl Zeibig reported 1.3 inches at his place northeast of Crowell.

Hail damage to the wheat crop was thought to be light, if any at all.

Foard County has prospects of making one of the best crops grown here in several years. The wheat is growing exceptionally fast and, with just a little luck, Foard farmers will make a bumper crop. There are approximately 50,000 acres of wheat in the county.

TEEN-TORIAL

YOU'VE HEARD THIS BEFORE

They tell me the best things in life are free. It takes a short time for this to sink in, but when it finally does, I say, too, "Yes, the best things in life are free."

Is there anything more common to you or me than sunshine?

We take it for granted, but it means so much to us. When the sun shines, I smile—and the whole world smiles with us.

When the rain comes, it is very important. It effects my life, your life—and especially does it effect the life of the Foard County farmer.

Rain and sunlight don't cost money. We might gladly pay our all for them sometimes, but nevertheless, they cost us nothing, and they are only samples of bigger and better things—all the best things of life—are free.

BUTCH BEAMS IN SENIOR SPOTLIGHT

Our senior boy of the week, Nelson Abston, known to everyone around CHS as Butch, stands 6 feet tall and weighs 165 pounds. This brown haired, blue eyed senior's popularity was proved this year when he was elected Mr. Crowell High. Last year he was junior class president and also class favorite. He is serving as annual editor-in-chief and represents the Roundup staff in the Student Council. He has been FFA reporter, too.

Butch likes the colors: red, white, and black. Rock and roll and some popular music are his favorites. When asked his preferred subject, he said, "I don't have one." Rock Hudson and Kim Novak are "tops" in the movie field according to Butch, and steak is the best food.

MARKETTA MARCHES INTO SENIOR SPOTLIGHT

This week the senior spotlight falls on attractive, black haired, brown eyed Marketta Painter. Around CHS, 5' 4" "Keta" is known for her vim, vigor, and vitality; her winning smile makes her popular with all of her classmates.

During her high school years, Marketta has been FFA historian and a member of the Dramatics, Library, and Spanish Clubs. This year she is typist for both the Roundup staff and the Wildcat staff. Marketta also writes the weekly column for the Wildcat which is called "Marketta's Mumbblings." A member of the Sub-Junior club, she has made an efficient treasurer for the organization.

Marketta says that she likes all colors, but red tops the list. She has quite a combination of favorite foods—Spanish food and rich desserts. Popular music is Marketta's favorite, and she enjoys watching James Stewart and Ingrid Bergman in movies. Algebra is the favorite subject of our senior of Marketta's favorite pastimes, Lloyd C. Douglas being her favorite author.

Marketta plans to enroll in Lubbock Methodist Hospital School

of Nursing. CHS knows from her high school record that Marketta is sure to succeed in the future.

CONGRATULATIONS, JAMES CHOATE

Jim Jacobson, band director at Texas Christian University in Fort Worth, told James Choate following his trombone solo at the Jacksboro Music Festival that he would place him on the waiting list for a scholarship upon his graduation.

"STEPS FROM BEYOND" TO TAKE GIANT STEP TO REGIONAL!

The district one-act play contest winner, Crowell's "Steps from Beyond," has been notified that there will be no area meet for this district. Instead, the play will be entered in the regional contest which is to be held in Denton on April 12.

A successful performance of the play was given last Monday night for the townspeople. CHS wishes the cast, DeAnna Ferguson, Marilyn Stone, Lowell Page and Ray Thomson, and the director, Mrs. Moody Bursey, the best of luck at the regional meet.

CLASSROOM TEACHERS ASSOCIATION

The Crowell Classroom Teachers Association met Wednesday afternoon, March 20, in the cafeteria for their regular meeting.

Mrs. Newell Hofmann, president, presided over the business meeting. The afternoon program consisted of reports from those that attended the District VII Teachers Meeting which convened in Vernon earlier in the month.

Hostesses for the afternoon meeting were Mesdames Guy Bounds, Lena Davis and Doyle Kenner.

C. H. S. LIBRARY

The librarians are anxiously awaiting the arrival of their TALA pins. We hope they will be here in time for the next library meeting which will be April 11. A special program has been planned for the meeting, and we hope to issue the pins to the members.

GOOD LUCK, I. L. ENTRIES!

Tomorrow, Friday, April 5, Crowell's entries in the Interscholastic League speech and literary events will go to Iowa Park to compete with the other schools in our district for honors and the right to enter the area meet.

Representing CHS in senior declamation will be Marketta Painter. Entering poetry reading are Sandra Choate and Aldon Garrett, who was entered in last year's event and won second in area. Judy Borchardt and Larry Ferguson will try for honors in junior declamation, and Charlie Bell and Marilyn Stone will be ready writers. Principal Henry Black, district director of the typing contest, will enter two CHSites, Nelda Kay Brooks and Janis Crowell, in that event.

We want to wish all our entries the very best of luck.

ATTEND CONVENTION

The 1957-58 Crowell Student Council officers attended the Texas Association of Student Councils state meeting March 28-30. The TASC convention was held in Galveston. Our officers, Ray Thomson, president; Bettie Knox, vice president; Jo Frances Long, secretary; and Margaret Fasky, treasurer, accompanied by Marvin Myers, sponsor, were only five of the 1700 who attended. The meeting was held at the Ball High School. The highlight of the three-day meet was the election of officers which followed a vigorous campaign.

The students received much helpful information—they also enjoyed a tour of the city, a fish fry, a dance, and a ferry boat ride.

M. U. MUSIC

The Midwestern University Cavalcade of Melody presented part of the Midwestern Band last Wednesday under the direction of Russell E. McKisick.

The laughs for the program were presented by the MU MC and Rigor Mortis and his Mortified Five.

Special music was provided as Miss Patsy Cannedy played a trombone solo, "Blue Bells of Scotland," and Douglas Cannedy played a trumpet solo, "Tramp, Tramp, Tramp." A trumpet trio was presented, and Miss Jackie Cardwell of Oklahoma presented a twirling solo. Our own Barbara Fairchild participated in a special number with the other Midwestern majorettes—dressed in sailor costumes, the girls did a precision routine to "Anchors Aweigh." The climax was reached in a drum solo, the "Anvil Chorus."

The show ended with the Midwestern alma mater.

Thank you, MU, for a wonderful program.

STONE AND BELL WRITE WINNING ESSAYS

The following are copies of the winning essays written in the tryouts for the Ready Writer Interscholastic entries. They secured for Marilyn Stone and Charlie Bell, respectively, the right to represent our school in the district meet tomorrow. Sandra Choate was selected as alternate.

A Person I Have Almost Forgotten
 Let me see—a dim figure is beginning to emerge from the shadowy mists of time. Well, I

do believe it is a little girl! Yes, it is!

About three feet tall with long, dark "pig tails," rumpy cheeks, shiny brown eyes, plump little figure—yes! A little girl. She is clad in a yellow dress and tags her father like a shadow. Answering to the name, "Wouse," she is invariably either just falling out of troubles or mischievously tripping into it.

No studies vex this little individual, no love life to perplex her. The future is a far away unreality that "big folks" are always stewing about.

Security in the form of "Daddy"—always loving and teasing and never angry—keeps all the dark shadows of care from her sunny world.

True—she dreams of growing up to be "just like Shirley Temple," but there is always the comforting fact that if life in her make-believe clime becomes wearisome, a shake of her head and blink of her eyes dispel the misty gauze of pretention, bringing back her dad, or a rough and tumble big brother—who is always willing to have her be his companion in climbing trees, playing cowboys and Indians—or her "mom" from whom she begs real cookies and milk to be served in the play house.

Always, even if she is a big girl of four, bed time is the best time of all.

"Are you ready for bed, 'Wouse'?"

"Yes, Daddy."

"Well, climb up here, and let's rock awhile."

Yes, there is that very last sensation before being soothed into dreamland—a scent of tobacco smoke, the prickle of a day's growth of whiskers against her cheek, the even breathing, the firm clasp of work-strengthened arms—her idol, her dad, rocking her to sleep.

Yes, I have almost forgotten the person I was when I was only four years old!

Everyone has hit pet peeves! They are the things which can make a calm, comfortable person be a raging maniac at the spur of a moment.

For instance, a motorist is driving down a highway at night when he approaches the night driver's worst peeve, the driver of the automobile who never thinks to dim his lights in consideration for the other fellow.

Then, there are the people who talk about someone instead of with that particular person. These are the ones who will talk about someone else when he is not in their company, but then, they will either praise him or keep mum when they are associating with him.

Too, there's always the "backstabbing" buddy, and that is precisely what he is when he greets someone, whisks him on the back, and says, "Long time no see."

However, the time hasn't been long enough, and the person with the throbbing back is hoping that

he will never see him again.

Of course, I couldn't leave out the "blabber mouth." His is the mouth that is never closed. Every time he talks to someone, he tells that person the same things he told him the time before in their last "one way" conversation. Why? Because he never stops to listen to someone else, and hence, he never learns anything new.

Pet peeves will never become extinct, because no one will allow them to do so. Yes, I guess pet peeves are here to stay.

GRASS-ROOTS OPINION

"We should not allow our young people to enter the adult world unarmed against Communism. They should have the best armor that we can give them. And the best armor against Communism is the truth about it—what it is, how it originated, what it does to destroy individual rights and human freedoms. Thus armed, our young people can be vigorous champions of Democracy, and not merely subservient followers of it."—Dillon, S. C., Herald.

State Capitol NEWS

by VERN SANFORD Texas Press Association

Austin — After five weeks of headline making, three Legislative investigating committees still are busy.

House committee looking into ICT's failure was to run until April 1; Senate committee to April 10.

Recent additions to the committees' massive records: 1. Several former ICT directors denied having signed a document wiping out a \$900,000 debt owed ICT by Jack Cage and Co. Shown photostat of such a document, they said it was not the instrument they signed.

2. Leaders in the Texas Federation of Labor called Ben Jack Cage, former manager of ICT, a "scoundrel." Union members had invested millions in the company.

3. A number of union members and officials told how they were paid by Cage to help advance the cause of ICT among labor members. One said he thought he was paid to keep to himself his belief that Cage was a "crook."

4. Max Wayne Rychlik, son-in-law of former Insurance Commission Chairman Garland Smith, remembered an additional \$9,800 he had received from a Ben Jack Cage affiliate. It made a total of \$18,200 paid Rychlik for his "job" without work.

5. House members investigating bribery charges questioned the former executive secretary of the Texas Naturopathic Association. But Albert D. Brown, who was with the organization back in 1955, could give only estimates and guesses on how TNA had spent some \$20,000 raised during the last session for "legislative education."

6. John McCully, labor union employee, had a difficult time accounting for his expenditures of union funds. In his operation of the union's publicity office, the Action Agency in Austin, he "accidentally" dropped a few political advertising bills into ICT files.

BIG PUSH — Legislators face a killing pace for the next few weeks if they are to finish session in 120 days.

After that point, their pay ceases. Time is almost two-thirds gone. Multiple investigations have diverted a lot of time and energy. Important bills are stacked up.

But a major milestone—passage of the general appropriations bill—is in sight. Senate committee approved it for floor action this week. House already has passed it. Senate committee's version dif-

fers slightly. It includes a 10 per cent raise for lower-bracket state employees, 15 per cent for college teachers.

Wrapping up the big money bill will put the session over the hump in the minds of most members. Meanwhile, both houses are hacking at the small stuff. Special sessions have turned out local and uncontested bills at the rate of one a minute.

CODE OF ETHICS—Scandals and investigations put new impetus behind the administration-backed drive for a code of ethics and lobby registration act.

But it hasn't made the subject much easier to agree on than in previous sessions. Objectors claimed it isn't possible to pass a law making people honest.

House, nevertheless, passed a bill to third reading. It would require registration of persons paid to appear before state agencies. Officials would be prohibited from using their public office for private gain, accepting gifts, favors or services that might influence official action, etc.

Sponsors fought off an attempted amendment requiring officials to file a written statement of their earnings from all sources.

DELAY GRANTED — Physicians Life and Accident Ins. Co. has until April 11 to present a more favorable picture to the Insurance Commission.

Commission's show cause order alleged the firm's capital was impaired. Former Gov. Coke Stevenson, head of the company, said the management is "making progress" toward recovery of needed funds. He asked and was granted more time to prepare the case before the Commission.

DEPOSITORS DENIED PREFERENCE — US Trust and Guaranty Co. creditors will have to "share and share alike."

At least that is the decision of Austin Dist. Judge Charles O. Betts. Depositors had brought suit asking for first claim. Several contended the company's advertising, by Drew Pearson, led them to believe their funds were being held "in trust."

US Trust went bankrupt more than a year ago. Assets salvaged by the liquidator total a little more than \$2,000,000. Claims against it add up to nearly \$7,000,000.

Distribution of these assets may be held up further if depositors decide to appeal.

UTILITIES CONTEST—Private and cooperative utilities have moved the arena of their chronic combat from courts to Legislature.

A recent Supreme Court decision held that a co-op. could continue to serve customers in an area annexed by a city but could not add customers in that area.

Co-ops. are working for passage of a bill that would give them this right of expansion. It provoked hot debate before a Senate committee.

Private power company spokesmen said the co-ops were trying to go far beyond the original con-

cept of the rural electrification program. Co-op attorney contended present restrictions would mean "slow death" to REA. Bill was sent to subcommittee to work out compromise. Alaska is more than twice the size of Texas. "DEAD DUCKS" FLY AWAY Granite, Okla. — Happy duck hunters Osborne Hunt and J. B. Reser laid the five ducks they had shot on the ground. Just then, another flight came over and they started firing away. In the meantime, two of the five "dead" ducks flew away.

THE WILDCAT

(Continued from page 2)

treating you this week? We are really loaded with kapers this week!

Eugene seems to be getting left out. Janie was with George Monday night.

All you people played Monday a good tennis match. Congratulations to those who won, condolences to those who didn't.

Jackson has a new girl. Her name is Connie, and she's from Vernon.

The new Student Council members really had a good time in Galveston, but we were disappointed in "T." He didn't get into any troubles. The president's job has ruined him!

This Rader is a real Sir Galahad. He even left class just to carry Betty Linda's suitcase.

Jeannie, we hear that you have a bad habit when you go off on band trips! Better quit or you'll get caught some of these days.

All the band kids were initiated into the "Baby Bottle Brigade" Wednesday night. Just ask Eugene, George and Gary.

Congratulations to the band on their winning of the sweepstakes at Jacksboro. We hear that some of the kids had a real "gone" time on the way back, and while they were down there too.

Jack really gets around. He was with a little gal from Wichita Saturday. Her name is Barbara Willis. We hear he has another Wichita gal, too.

Missing the bus Friday night were Rader, Garrett and Sellers. Reason: They went to Truscott to wait on it, but it came in from Vernon.

The love bug really bit last week, new steadies are all over the place — Sonny — Lizzy, Roy Don-Jerry, and Jerry Bob — Gayle are some we have heard of.

We also hear that Betty Linda had a real ball down at Galveston. Is this true, Betty?

Something is wrong. Thomson didn't get into any trouble while he was at Galveston.

Seen over at the Bop Hop in Vernon Friday night were Johnny Beverly, Butch-Marilyn. Have fun?

Making the trip to Jacksboro to pick up their girls were Sonny, Larry and Roy Don, the three "cools" of Crowell.

At the Plaza Saturday night were Aldon Ray — Judy, Jimmy — Shirley, Joe — Jeanie, Rader — Roxie, Larry — Jana, Sonny — Lizzy, Speedy — Judy, Roma — Bill, and several others. Taking it all in all, Crowell was pretty well represented.

Seen together all the time are Janis — Lowell. Well, nearly all the time!

Making the local "yokel" drag all Sunday afternoon were Charlotte — James Grady and Mary Ann-Albert.

Roma — Bill, Aldon — Judy made the trip to Vernon Sunday night to see the show.

Seen Sunday night making the drag in Crowell together were a Duke's mixture of Quannah and Crowell kids: Jimmy Eubanks — Betty Linda, Sue Bursey — ?, and another Quannah couple.

Jo Frances, what have you got against Crowell boys?

Sitting disconsolately on the corner Sunday night were Rader, Thomson, Youree and Calvin.

Sunday surely was a pretty day, wish we had a convertible like Jerry Ann so we could take our gals and guys riding with the top down.

Congratulations, Lizzie, State winner! Wow! Colorado, here she comes!

Where did Roy — Jerry, Sonny-Lizzy go Sunday night? Lots of luck to the band! Hope you can repeat at Wichita Saturday.

Where did all the girls disappear to Sunday? The scandal bug knows! Say, Fredrick, who was the little gal from Quannah who was looking for you Sunday? She looked like a real little doll to me! Well, that just about winds it up. See you next week with the next thrilling chapter.

State your grievance, but be sure. And is it fair to all concerned? Sure, it's fair to you, but you surely aren't the only one involved. If it weren't for the others involved, you would not care about it either.

Will it build good will and better friendships? If you think about it, I know you like to have friends — and be in their good graces.

Finally, will it be beneficial to all concerned — will it benefit them too?

What am I talking about? Whatever you're thinking about. My guide, as you have guessed, is the "Four Way Test" of the Rotary Club.

I heard a rumor that some CHS students were living a "second childhood" already. All I want to know is — where did they get a "brainstorm" like that? Grow up, babies! April fool — date — April 1.

See ya next week — if you don't see me first.

GEORGE'S GAGS

Jack: Hey, boss, I dug the hole and threw the dirt back in it — all except this much that won't go in. What'll I do?

Mr. Adkins: Use your noodle, boy. Dig the hole a little deeper.

The juniors were told to list who in their opinions, were the nine greatest Americans. All students were finished except Larry, so Mrs. Manard asked, "Can't you finish your list, Larry?"

"I'm still undecided," replied Larry, "about the first baseman."

Noel: I notice that in telling about the fish you caught, you vary the size of fish for different listeners.

Charlie: Yes, I never tell a man more than I think he'll believe.

Many a live wire would be a dead one if it weren't for connections.

THIS WEEK —In Washington

With
Clinton Davidson

It is a saddening and frightening situation that now faces farm leaders in Washington. Political and sectional differences have left a deep cleavage that adds to the difficulty of passing needed farm legislation this session.

The bitter battle over corn legislation inflicted deep wounds that will take time, maybe a long time, to heal. And, while those wounds are sore, the Farm Bloc will be slow to function.

There was foreboding that something of the sort might happen when, in 1956, Congress, after a long fight, sent a bill to the White House to restore 90 per cent of parity price supports for the basic crops. That bill was vetoed.

The lid blew off this year when Agriculture Secretary Ezra Taft Benson gave corn growers a choice of two programs, and they chose the one he didn't want. He told Congress the program they chose

was unworkable, and asked that a law be passed to make effective the one that failed to get the necessary two-thirds approval of growers, but did get 61 per cent of the vote.

Southern Democrats, already displeased because they felt corn farmers had gotten more than their share of the 1956 soil bank payments, demanded that the acreage reserve payment rate be opened to all growers of feed grains, at an estimated cost ranging up to an additional \$1 billion a year.

Temper in the House Agriculture Committee became so heated that the members engaged in a verbal free-for-all, and they vetoed the sorry spectacle on the House floor. It was a performance unmatched in more than 25 years.

The result, as usual when farm spokesmen in Congress disagree widely, was that Congress did nothing over how much, if any, the failure to enact new corn legislation will hurt corn growers in the commercial area.

The corn fight, however, proved one thing and threatened another. It proved that when the Farm Bloc can't or won't agree, farm legislation hasn't a ghost of a chance of passage. It threatened active resistance to all farm legislation from representatives of

city consumers, the majority of Congress.

The farm groups have gotten most of what they wanted in the past because they were united, and because they were supported by most of the congressmen, of both parties, from urban districts.

Congressmen from farming areas know they can't get farm legislation through Congress without the helping votes from congressmen from urban districts. Farmers and farm leaders recognize that the farm population has decreased to 13 per cent of the national total, and may be only 10 per cent by 1965.

Political influences—what voters in their district want—often have a decisive bearing on how congressmen vote. If a large majority of city voters want cheap food, then farmers could become a legislative stepchild dependent on the whim of city voters.

To some congressmen from areas where consumers are complaining about rising living costs, the \$5.3 billion USDA plans to spend in the 1958 fiscal year to help farmers may look like unwarranted favoritism. If it does city congressmen may start voting accordingly.

AUXILIARY MEETING

Ladies of the Free Will Baptist Church went to Paducah last week to hold their meeting in the home of the pastor, Rev. H. H. Haston.

The president, Mrs. Fred Ford, was in charge of the meeting with Rev. Haston conducting the devotional from the 6th chapter of Romans.

In the business session, the ladies voted to put a hedge around the church yard. The meeting was dismissed by Mrs. Lester Ownbey. Next meeting will be at the home of Mrs. A. G. Bell on April 17.

OIL ON THE ROCKS

A new \$5 million pilot plant for extracting oil from shale is being constructed on Parachute Creek in western Colorado. The plant will be run on a commercial scale to permit cost studies, and to provide shale oil for refining experiments. In the recovery process, shale will be forced upward into a vertical vessel to meet a stream of hot gases which vaporize the oil. The plant will process about one thousand tons of shale a day, and the daily yield is estimated at 17,000 gallons of oil.

GRASS-ROOTS OPINION

"Three years after the of the monthly investment by which small investors are able to buy stock on a you-go basis for as little as a month, a surprisingly large number of people have become holders in various corporations and are continuing to build small estates for themselves. They are taking advantage of the stallment buying to share in wealth and growth of American industry and accumulating an egg for the long pull." —Walk, Conn., Hour.
