**AWARDED NOBEL PRIZE FOR PHYSICS** — Two young Chinese-born Americans were awarded the 1957 Nobel Prize for physics for their epoch-making discoveries that revised some of the fundamental principles of physics. The two are the first Chinese ever to receive the prize. They are Dr. Chen Ning Yang (left) of Princeton and Dr. Tsung Dao Lee (right) of Columbia.

## People Have to Do Without Something Before They Can Appreciate Its Value

By J. B. KLEPPER

People often have to do without something before they can appreciate its value.

The communists believed that they could do away with advertising. The idea worked all right along as the communist system producing only the bare essentials for life.

However, now that better consumer goods have become available, Iron Curtain writers have discovered advertising. Recently, communists in Russia and other communist countries have been pleading for more and better advertising.

As an example, the following is from a Yugoslavian journal:

... when production—essentially of articles for mass consumption—increased in numbers, became more diversified and of better quality, the question of promoting goods appeared as a problem equal to the one of organizing production. It is an old rule that goods are sold by their quality and popularity. But popularity is achieved through good advertising.

The Yugoslavian economist asks: "Does the consumer know that elastic stockings, undergarments made of synthetic fibers, mechanical toys, and many home appliances are produced in our country?"

He implies that his country can not "increase production by increasing consumption and decreasing production costs" until the new products have been introduced to the consumer through advertising.

When the communists were forced to recognize advertising as a necessary vehicle for reducing costs of goods to the public they lost a score to capitalism. For now they are confirming a fact long recognized in American business; that is, advertising is an investment which ultimately increases the wealth of producer and consumer.

## District 1A-11 Reorganized at Iowa Park Meeting

Superintendent Grady Graves and Coach Thayne Amonek represented Crowell High School at a district 1A-11 executive meeting last Wednesday at Iowa Park to organize for the 1958 football season. Mr. Graves was elected chairman and Superintendent W. S. Thomas of Holliday, secretary.

The new alignment in football for the next two years has placed Henrietta back in district 1A-11 and dropped Chillicothe back to class "B". The executive committee voted to give Henrietta the same schedule that Chillicothe has been holding.

This will make Crowell's next year's football schedule as follows: Sept. 5, Seymour, here; Sept. 12, Chillicothe, here; Sept. 19, Quannah, here; Sept. 26, Matador, there; Oct. 3, Iowa Park, there; Oct. 10, Holliday, here; Oct. 17, Henrietta, here; Oct. 24, Archer City, there; Oct. 31, open; Nov. 7, Paducah, here; and Nov. 14, Monday, there.

Miss Jean Whitby of Crowell has been named secretary of the senior class in student elections at North Texas State College at Denton.

The daughter of Mrs. John Cogdell of Crowell, she is an English major. Miss Whitby is a member of Meritum, senior women's honorary organization; Alpha Delta Pi, national social sorority; and Sigma Tau Delta, national honor society in English.

**ENTERTAINS CHILDREN ON HALLOWEEN**

Mrs. Clyde Cobb served candy, cookies and punch to about 150 children who went "trick or treating" at her home Halloween night.

Mrs. Cobb was dressed as a witch and provided much amusement for the children.

**ATTEND MEETING IN VERNON TUESDAY**

The following Foard County teachers attended the Schoolmasters' Club meeting in Vernon last Tuesday evening: Grady Graves, Charles Bursey, Clark Hitt, Thayne Amonek, Gordon Erwin, Glen Taylor and Earl Hesse. The organization is made up of men teachers of Foard, Hardeman, and Wilbarger Counties.

H. S. Powell, principal of Lockett Grade School, was in charge of the program. The Vernon Junior High School cafeteria women served supper to the group. The next meeting will be held at Quannah in December.

**SUBSCRIPTIONS TO NEWS**

The following subscriptions have been received since October 18 for The Foard County News:

Miss Dorothy Erwin, Route 1, Crowell; Mrs. E. M. Branson, El Monte, Calif.; H. M. Black, Truscott; Pvt. Jimmie E. Rodgers, Fort Ord, Calif.; Charlie Rodgers, Henderson, Nev.; Kenneth E. Fox, Lafayette, La.; W. M. Love, Star Route, Crowell; Johnnie Wright, Route 1, Crowell; W. M. Howell, Dimmitt; G. R. Choate, Crowell; Mrs. Buster Stephens, Seagraves; Frank M. Dunn, Seagraves; Paul Parkhill, Boswell, Okla.; Mrs. Tom Shook, Odessa; Mrs. Cora Sanders, Fort Worth; Charlie Wishon, Route 1, Crowell; Wm. E. Wells, Crowell; P. W. Taylor, Crowell.

Mrs. John Hakala, Fort Worth; D. B. Trawek, Vernon; Harry Trawek, Route 1, Crowell; Joe M. Magee, Pampa; H. N. Thompson, Levelland; J. E. Woods, Crowell; J. L. Greening, Bellevue; Mrs. Mary D. Shields, Arkansas City, Kansas; Bill Cates, Maywood, Calif.; Mrs. Ethel Ryder, Bellflower, Calif.; John Wishon, Crowell; Fred Collins, Crowell.

**Rotary and Lions Clubs Hold Joint Meeting Yesterday**

The Rotary Club of Crowell is joining with nearly 10,000 Rotary Clubs in 106 countries around the world this week in observing "Rotary Foundation Week." At its meeting on Wednesday, Congressman Frank Beard of Wichita Falls spoke on "World Affairs."

The objective of the Rotary Foundation is the fostering of projects to promote understanding and friendly relations between the peoples of different nations. Its major activity is granting Rotary Foundation Fellowships to outstanding graduate students for one year of study abroad as Rotary ambassadors of good will. Since this program was established in 1947, 953 young men and women from 61 countries have received Rotary Foundation Fellowships for study in 42 countries, with grants averaging \$2,500. Total grants by the Rotary Foundation for the promotion of this activity since 1947 exceed \$2,250,000.

The Crowell Lions Club met jointly with the Crowell Rotary Club on Wednesday.

**Father of Mrs. Otto Davenport Died in Wichita Falls**

I. B. Jenkins, 75, of Quannah, father of Mrs. Otto Davenport of Crowell, died in a Wichita Falls hospital Wednesday of last week, following a month's illness there.

Mr. Jenkins, who had lived in Hardeman County since 1907, was born at College Hill, Bowie County, Texas, September 27, 1882. He was married to Miss Onie Francis in Oak Grove, Texas, on Dec. 21, 1902. They had made their home on their farm south of Quannah on the Crowell highway for many years.

Mr. Jenkins had lived in Quannah about fifty years where he had farmed and carried mail. He was the son of a pioneer Baptist preacher, the late Rev. J. T. Jenkins of Gainesville.

Survivors include his wife; four daughters, Mrs. Davenport of Crowell, Mrs. Weldon Cogdell of Houston, Mrs. Onie Watson and Mrs. Clifford Durham, both of Amarillo; three sons, Harold McGregor, Dr. Hayden of Quannah and Kenneth of El Paso; three brothers, four sisters, 13 grandchildren and four great grandchildren.

Close out-of-town relatives attending the funeral which was held in the First Baptist Church in Quannah Friday, Nov. 1, were: Two sisters, Mrs. Maybelle Cook of Dallas and Mrs. Rebecca McCoy of Fort Worth; two brothers, Joe H. Jenkins of Houston and Grady Jenkins of Dalhart; a niece, Edna McCoy of Fort Worth; two nephews, Boyd Evans of Sherman and John Jenkins of Wichita Falls; four grandsons, Tinker Williams of Dallas, Woody and Clifford Durham Jr. of Amarillo and Kevin Jenkins of El Paso; one granddaughter, Mrs. John Wilkie Jr. of Amarillo. A brother and two sisters were unable to attend.

Funeral services for Mrs. Pete Moody, 88, pioneer resident of Foard and Knox Counties, died at her home in Crowell Friday, Nov. 1, following a long period of declining health.

Funeral services for Mrs. Moody were held in the Christian Church in Truscott Sunday afternoon, Nov. 3, at 2 o'clock with Rev. A. G. Abbott of Electra officiating. He was assisted by Rev. Guy McLain, pastor of the Truscott Methodist Church, and Rev. Jack Davis, pastor of the Baptist Church in Truscott.

A special musical number for the services was a solo, "It Is Well With My Soul," sung by Lester Hickman with Mrs. Curtis Casey as accompanist.

Burial was in the Truscott Cemetery by the grave of her husband who died in 1948. Womack Funeral Home was in charge of arrangements.

Pall bearers were Moody Bursey, Bill Gafford, J. B. Eubanks, Ed Thomas, Henry Black, V. A. Johnson and John Bullion. Assisting with flowers were Mrs. Tom Russell, Mrs. Bill Manning, Mrs. Jim Russell, Mrs. Helen Higginbotham, Mrs. Balah Holcombe, Mrs. John Bullion, Mrs. R. S. Haskew and Mrs. Tom Bursey.

Harriett Ann Keed was born Oct. 16, 1868, at Aurora, Wise County, Texas. She was married to Mr. Moody Feb. 22, 1891, at Aurora. She had been a resident of the Truscott community and Knox City for many years. She and her late husband moved to Crowell in 1945 where she had since made her home.

Mrs. Moody lived an exemplary Christian life and had many friends in Crowell and Knox County. She was a member of the Christian Church.

Mrs. Moody is survived by seven children, four daughters and three sons. They are Mrs. Effie McCutcheon of Safford, Ariz., Mrs. Veanas Brinkley of Springfield, Colo., Mrs. Evannah Hord of Abilene, Mrs. Beulah Cox of Florence, Colo., Criss Moody of Truscott, Earl Moody of Neocoma and Fred Moody of Wichita Falls.

She is also survived by one stepdaughter, Mrs. Bess Walton of Portales, N. M.

**Children Receive Hearing Tests**

Over two hundred students of the Crowell Public Schools were tested for hearing last Tuesday. The clinic was conducted by Dr. and Mrs. Crannell Tolliver of Canyon. Dr. Tolliver is head of the speech department of West Texas State College. The clinic was sponsored by the Crowell High School speech department with Mrs. Moody Bursey in charge.

All of the children in grades one through five were given the test. Those above the fifth grade were screened by the home-room teachers and only those children who have shown a tendency to have their hearing impaired, were tested.

The purpose of the test was to inform the children and the parents of the condition of the child's hearing, but no remedial treatment given. Dr. Tolliver uses the audiometer to check the child's hearing. In those cases where there is a definite deficiency, he advises the parents to see a doctor. In those cases where the deficiency is only slight, he recommends the teacher to make special placement of the child in the classroom. In either case, he advises periodical tests to determine if weakness is progressive.

**Assessed Three-Year Suspended Term**

Edgar M. Henslee, who was indicted by the September grand jury on an assault with intent to rape charge, received a 3-year suspended term Monday afternoon.

Henslee, who had been in the Foard County jail for some time awaiting trial, entered a plea of guilty and was assessed the term by District Judge Jesse Owens.

**Veterans Day Barbecue to Be Held Saturday**

The Veterans of Foreign Wars Post 9177 of Crowell is sponsoring a Veterans Day Barbecue on Saturday evening, November 9, at the Community House.

Jack Hightower of Vernon, district attorney, will be the principal speaker, according to Freddie Riethmayer, commander of the local post.

All veterans and their families are cordially invited to attend. Adult tickets are on sale from members of the VFW for \$1.00 each. Children will be admitted free.

**Christmas Greetings Ads**

The News has received a new and excellent selection of beautiful Christmas greeting ads. Now is a good time for business firms to prepare to extend Christmas greetings to their customers and friends, and there is no better way to do this than through the columns of the local newspaper. This method of Christmas greetings would also be appropriate for individuals.

Although the issue carrying Christmas greeting ads will bear the date of Dec. 26, it will be put in the mails on Dec. 24. Letters to Santa Claus will also appear in this edition of the paper.

**LAST OFFICIAL WELCOME—Russia's Marshal Georgi Zhukov, right, who has recently been the object of Soviet party chief Nikita S. Khrushchev's firing tactics, is shown during his recent visit to Albania. Performing one of his last official goodwill acts, the Marshal is being welcomed by Albanian Communist Party chief Enver Hoxha.**

## Mrs. Pete Moody Died at Her Home Friday, Nov. 1st

Funeral Held in Christian Church at Truscott Sunday

Mrs. Pete Moody, 88, pioneer resident of Foard and Knox Counties, died at her home in Crowell Friday, Nov. 1, following a long period of declining health.

Funeral services for Mrs. Moody were held in the Christian Church in Truscott Sunday afternoon, Nov. 3, at 2 o'clock with Rev. A. G. Abbott of Electra officiating. He was assisted by Rev. Guy McLain, pastor of the Truscott Methodist Church, and Rev. Jack Davis, pastor of the Baptist Church in Truscott.

A special musical number for the services was a solo, "It Is Well With My Soul," sung by Lester Hickman with Mrs. Curtis Casey as accompanist.

Burial was in the Truscott Cemetery by the grave of her husband who died in 1948. Womack Funeral Home was in charge of arrangements.

Pall bearers were Moody Bursey, Bill Gafford, J. B. Eubanks, Ed Thomas, Henry Black, V. A. Johnson and John Bullion. Assisting with flowers were Mrs. Tom Russell, Mrs. Bill Manning, Mrs. Jim Russell, Mrs. Helen Higginbotham, Mrs. Balah Holcombe, Mrs. John Bullion, Mrs. R. S. Haskew and Mrs. Tom Bursey.

## Crowell Wildcats Face Crucial Test Against Paducah Dragons Friday Night

Crowell High School will be placing its perfect 1957 district football record on the line at Paducah tomorrow (Friday) night. The Wildcats are the only undefeated team left in the 1A-11 race. However, the Paducah Dragons, with three conference victories and one loss, can throw the district race into a three-way tie between Crowell, Paducah and Holliday by taking this crucial contest. The Dragons' only loss in conference play was by one point to the strong Holliday club.

Three hundred reserve tickets for the Crowell-Paducah football game have been placed on sale at Fergeson Drug and Shirley-Youree Drug and the DeLuxe Cafe. These \$1.25 reserve tickets can be purchased for \$1.00 up until 4 o'clock on Friday afternoon. They will cost \$1.25 in Paducah.

Gerald Bradford, fleet Wildcat halfback, is the only ailing Crowell boy. He received a leg injury in the Archer City game here two weeks ago. He will be used only sparingly in this contest. Crowell's improved line is in good shape and with blocking like they did here against Archer City two weeks ago, the Dragons will have to make several touchdowns to upset the district championship-bound Wildcats.

Paducah has a much larger team than Crowell, but their boys could not get to moving very fast until the last two games. They had many injuries early in the season, having played five 2A teams in non-conference games.

A Crowell victory will just about cinch the district crown for the Wildcats for the first time since 1952.

## Three-Day Rainfall Totals 4.29 Inches

Rain which fell over Foard County from Sunday until Wednesday morning measured 4.29 inches by the Government gauge at the Crowell State Bank. The heavy rains have delayed wheat sowing and the cotton crop has suffered damage. However, the rains have provided an excellent "bottom season"—something which is always desirable in this county.

Although it remained cloudy Wednesday morning, it was expected that the wet spell was nearing an end.

## Funeral Services for Mrs. Albert Haynie Held Mon.

Truscott Pioneer Died Saturday at Home in Truscott

Funeral services for Mrs. Albert Haynie, 81, long-time resident of the Truscott community, were held in the Truscott Baptist Church Monday afternoon, Nov. 5, conducted by the pastor, Rev. Jack Davis, assisted by Rev. Guy McLain, pastor of the Methodist Church, Mrs. Curtis Casey served as pianist.

Mrs. Haynie died at her home in Truscott Saturday, Nov. 2, following a long illness.

Burial was in the Truscott Cemetery beside the grave of her husband who died in 1933, directed by Womack Funeral Home of Crowell.

Pall bearers were Charlie Laquey, Bill Owens, Marion Chowning Sr., Curtis Casey, J. B. Eubank and J. G. Adeock. Selected to assist with the flowers were Mrs. Elsie Cook, Tilma McRoberts, Mrs. John Black, Mrs. Billie Dobbs, Mrs. Thelma Adeock, Mrs. J. D. Smith and Mrs. Edgar Jones.

Named as honorary pall bearers were Byron Bates, Homer Black, Ozzie Turner, Clyde Bullion, John Bullion, Jesse Rutherford, Criss Moody and J. D. Smith.

Milbra Vanderford Haynie was born Dec. 31, 1875, in the state of Arkansas. On March 5, 1892, she was united in marriage to Albert Haynie. Four children were born to this union.

At the age of 15 Mrs. Haynie was converted and joined the Baptist Church and at the time of her death, she was a member of the Truscott Baptist Church.

Survivors include three daughters, Mrs. Beatrice Watson of Knox City, Miss Jewel Haynie and Mrs. Lois Browder, both of Truscott; one son, Carl Haynie of Truscott; one brother, Walter E. Vanderford of Santa Anna, Texas; one sister, Mrs. Jim Jones of Truscott; six grandchildren, nine great grandchildren and a host of other relatives and friends.

**DOWN TOWN BIBLE CLASS**

In the opening exercises of the Down Town Bible Class Sunday morning, members were favored with one number from a quartet composed of Mrs. Clyde Russell, Mrs. Leo Cates, Mrs. Lawrence Weir and Mrs. W. W. Lemons, with Mrs. Lemons serving as pianist.

H. E. Fergeson, who was 87 Wednesday, Nov. 6, sang one of his large collection of songs.

There were 36 present, including two visitors, W. E. Underwood of Abilene, and Henry Briscoe. Mr. Briscoe became a new member. Dick Todd was in charge.

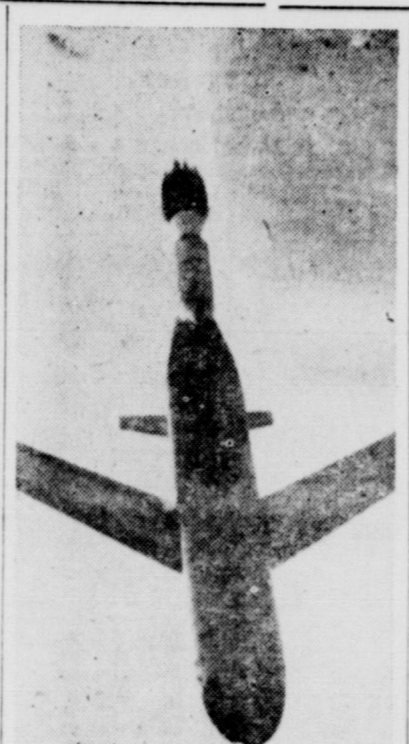

The morning lesson was delivered by H. E. Thomson.

**SOCIAL SECURITY TO HAVE REPRESENTATIVE HERE**

The social security representative will be in Crowell Tuesday, Nov. 12. Any person who wishes to contact the representative should meet him at the court house between the hours of 10 a. m. and 12 noon.

**28,000 DEATHS AT HOME**

Of the 95,000 accidental deaths in 1956, 28,000 occurred in the home—second only to the highway as No. 1 booby trap for Americans, the National Safety Council reports.

**NEW REPEAT-SHOT MISSILE** —Up to now, the U. S. Air Force TM-76 Martin Matador has been a one-shot missile, capable of only one firing before plunging to its destruction. Now, with new modifications, the missile can be fired, recovered and reused if it has not already found its target.

Funeral services for Mrs. Albert Haynie, 81, long-time resident of the Truscott community, were held in the Truscott Baptist Church Monday afternoon, Nov. 5, conducted by the pastor, Rev. Jack Davis, assisted by Rev. Guy McLain, pastor of the Methodist Church, Mrs. Curtis Casey served as pianist.

**EDITORIAL**

**PROBLEMS**

Henry J. Kaiser once said, "Problems are only opportunities in work clothes." Have you ever been faced with a problem that seemed impossible to solve and yet it was of vital importance that you solve it? Perhaps you continued to investigate every possibility and kept plugging along to the best of your ability until suddenly you saw a small ray of light, and little bits of knowledge began to crystallize and have meaning. Gradually, you found at least a partial solution to your problem. Sometimes the knowledge you acquired led you to an important discovery.

We, as young people, are faced with many difficult decisions. We have to decide what college to attend, what subjects to major in, whom to marry, and many other less important things. Our future happiness or unhappiness, as the case may be, depends upon our making the right decision. No one can make these decisions for us. We must decide for ourselves. Our parents, relatives, and friends can advise us, but it is up to us to decide what is best. Just remember—life is only a series of problems, and your success in life depends on the way you solve them.

**OUR HILARIOUS HALLOWEEN**

Clever were costumes, gay were the settings! Witches and spooks, gypsies and cats. This was the scene at the masquerade party Thursday night.

The CHS gym, cleverly decorated with balloons and crepe paper, echoed excitement and hilarious laughter as elaborately costumed students lined up promptly at 7:30 for the grand march, played by "Fats Hesse and His Jiving Five."

First came "Calypso Joe" Thomson from his island with his bare-foot native sweetheart, Jana Black. From "South of the Border" were Senor Bradford and his novia, Senorita Adkins. Representing the "Poor People of Paris" were Pierre Cates and his "bonne ami," Fifi Davis. The next devoted couple turned out to be "Mr." Judy Borchardt and "Miss" Gary Griffith. Having their turn in the spotlight were gypsy-lovers, Jeanie and Jerry. Straight from the Orient hobbled Betty Linda Knox, Mary Ann Myers and Sue Bursay in beautiful Chinese kimonos. Looking like "The Old Rocking Chair's Got Me" were elderly Janie Wright and Judy Johnson, who later lipped out to receive the prize for the best masqueraded couple, "The old devil himself" was there in the person of Jo Frances Long. Hey! Who was that glamorous witch with the sequins on her cape — maybe Carolyn Monks? And that good looking farm gal who asked Coach Amonett to dance could have been none other than Gayle Taylor! Oh, one more thing: there was a creature walking around that no one could identify. Could it have possibly been "Prune the Goon," (Alias, Sandra Campbell, you know.)

Tucked away in the eric, half-light of a niche in the wall, a gypsy (Betty B. Gafford) told fortunes for couples wishing a look into the future.

"Witches brew" and orange suckers were served by the "creepiest, most unearthly, spine chilling assortment of witches—Our good old CHS teachers, no less!

Relay games and 3-legged races were played. Besides regular ball room dancing, everybody tried some square dancing. More fun, more toes stomped. And speaking of dancing, in conclusion, there's an important question, "Did or did not Mrs. Davis take jitter bug lessons from Arthur Murray?"

**HOMEMAKING I CLASS**

The 4th period freshman Homemaking I class has elected their officers for the school year. They are: Margaret Fiske, president; Patsy Ribble, vice president; Joyce Latimer, secretary; Carole Fisch, treasurer; Dorothy Denton, reporter.

**THANKS, EVERYBODY.**

Well, it has happened in CHS. What? A successful party for the entire student body!

We, the Student Council, wish to publicly express our apprecia-

tion to those who made our Halloween sock hop a success. First, we wish to thank Mr. Graves and the coaches for permitting us to use the gym. We appreciated the faculty's taking an interest in us and being willing to help us have an evening of fun.

Of course, we owe much to Mr. Hesse and his dance orchestra, composed of Noel Wilkins, Eugene Davis, Kerry Brown, James Choate and Charlie Bell.

Especially do we owe a big "thank you" to Mr. Sledge for calling our squares, also Charlotte did a good job too. They'd better watch out or we'll be asking them again.

To our board members, their

wives, and to all you—our town friends who dropped in—we do appreciate your interest! We too want to thank Mrs. Otis Gafford (Betty B.) for telling our fortunes. It was fun! Last, but not least, we want to take our "hats off" to the entire student body. We think your conduct was beyond reproach. So, to all—many, many thanks for an evening of fun!

**STUDENTS EXPRESS OPINIONS OF THE SOCK HOP**

Larry Love—Pretty fair goings. Virginia Williamson — Real crazy! Let's do it again! Charlotte Sledge — I really thought it was great! Many thanks

to the faculty! Joyce Latimer — It was the most! Especially those costumes! Shirley Fox—I had a wonderful time, and I think we should have school functions more often. Elizabeth—It was great to see the teachers and kids having fun together for once! Jana—I think more school functions with the teachers and students would be fun. I hope everyone had a good time; I know I did.

Judy Borchardt — I believe Crowell High has made a big step in the right direction toward making our school all it should be, socially as well as academically. Even though we are a small school, our faculty and student

council helped show that we can have as much unity and fun as in any city school.

Janie Wright—I had more fun than a barrel of monkeys. I wish we could do it more often. It is really good for the school.

Lou Ann Summers — It seems to me the sock hop was a big success. Everyone, including myself, enjoyed everything from Coach Amonett's dancing and Mrs. King's hopping to the bunny hopping. It was loads of fun!

Linda Teague — Man, the sock hop was the most! Let's have another one.

Judy H.—I really enjoyed it and had a wonderful time.

Sandra C.—I had loads of fun.

**2—THE FOARD COUNTY NEWS** Crowell, Texas, Nov. 7, 1956

I also learned one thing—teachers are a little like us. They're kind of crazy too! How about that?

Jimmy Cates—I had a lot of fun, and from the way things looked the teachers did too. Man, it was real cool. I think it helped a lot to the relationship among teachers and the pupils.

R. H.—I think everyone who went enjoyed the party.

Don Hunter—Wow!

Jimmy Rader—From what I hear, everyone had a ball!

Charlie Bell—It was just like in a classroom. I was afraid of the teachers!

Speedy Rettig—My! My! I haven't recovered yet!

**FROM OUR READERS**

Dear Shirley, I have often wished for a home coming at CHS, and this is the best thing. Reading the "Wildcat" and the entire paper is like a home. Best of luck. Edna Dunn Sandlin, Corpus Christi, Texas.

## Sabbath School

**Life's True Values**

Did you deliberately throw your expensive luggage, and personal effects?

Recently a huge C-97 transport plane was downed on the runway at the Air Force Base in California. It was carrying 67 men, women and children. Just beyond the halfway point of the four engines the propeller flew off and struck the companion engine. The same wing, putting it out of commission.

The pilot brought the plane to a stop 100 feet to take advantage of an up-draft from the runway-foot swells. But the plane had to be lightened to keep it from crashing.

While they began jettisoning the baggage, one passenger explained, "Nobody was allowed to toss over the side. We were glad to see it would save our lives."

Sometimes take a dramatic trip to point out true values. Clothes, expensive merchandise possessions—all were lost into the sea willingly. And

why not? Of what worth are these things compared with life? Of what lasting significance are houses, automobiles and property? Jesus said, "A man's life consisteth not in the abundance of the things which he possesseth" (Luke 12:15). "We brought nothing into this world, and it is certain we can carry nothing out" (I Timothy 6:7).

Material possessions, then, are not to be the center and object of life, for these are transitory. Rather, "seek ye first the kingdom of God and his righteousness" (Matthew 6:33), for "the gift of God is eternal life through Jesus Christ our Lord."

### USEFUL THEFT

Houston, Tex.—Thieves may find themselves outfitted in what they stole from Mrs. Leone Hurlburt.

Mrs. Hurlburt dumped a package into her car and went off to continue shopping. The package was gone when she returned.

Appropriately enough, the package contained ten yards of black and white prison stripe material. "If they catch the thief, he can wear it," Mrs. Hurlburt said.

### PROVES A POINT

Archaeologists have found ivory figurines from ancient Babylon that have survived for 2,700 years. One thing this proves is that Babylonian children weren't allowed to play in the living room.—Changing Times.

Promote safety and prevent sorrow. Drive safely!

## EXPERT REPAIR SERVICE IS BEST IN THE LONG RUN

## SCHOOL DAYS

Every month Electricity helps you wash and dry enough clothes to outfit a P.T.A. meeting

The more... The merrier...

If you take advantage of your home laundry as much as the average homemaker, you wash and dry enough clothing in a month's time to dress 60 people or more! And think of all your household linens besides! That's the kind of help electricity gives us which we're likely to take for granted.

What else do you use that helps so much to do so many things — yet costs so little?

**West Texas Utilities Company**

Electricity costs so little — you can afford to use a lot of it!

## PERSONALS

Check our tire prices before you buy.—Crowell's. 46-tfc

Mike D. Bird attended the Greater Dallas Fashion Market's early spring and resort showings October 27-November 1.

A real bargain—500 sheets 16-lb., 8 1/2 x 11, typing paper, for only \$1.60, at the News office.

J. L. Gobin of Vernon and his son, Don, of Norman, Okla., were visiting friends in Crowell Saturday morning.

Weldon Cogdell of Houston spent last Thursday night here visiting in the home of Mr. and Mrs. Otto Davenport.

Check our tire prices before you buy.—Crowell's. 46-tfc

Mrs. Frank Cates spent last week in Odessa visiting her daughter, Mrs. D. W. Jefferson, and family.

Fort Worth Star-Telegram with Sunday, \$13.95; without Sunday, \$12.60. Renewal or new subscription handled promptly by the News. Phone 43.

Mrs. Hub Speck of Long Beach, Calif., is here making a two-weeks visit with Miss Johnnie Fay Easley. She is a former resident of Crowell.

Mr. and Mrs. W. E. Underwood and young son, Billy, of Abilene are spending the week with Mrs. Underwood's parents, Mr. and Mrs. H. E. Thomson.

Mr. and Mrs. Billy Taylor and small daughter, Sandra, of Fort Worth spent the week end here visiting Mr. Taylor's parents, Mr. and Mrs. R. L. Taylor.

The News will be glad to send in your renewal or new subscription to the Fort Worth Star-Telegram. Annual bargain rate is \$13.95 for daily with Sunday, or \$12.60 for daily without Sunday.

Mr. and Mrs. Henry G. Teague and son, Tim, of Fort Worth visited here over the week end with his parents, Mr. and Mrs. John Teague, and family.

Mr. and Mrs. J. T. Hughston and Dr. and Mrs. John W. Raines attended the S. M. U. University of Texas football game in Dallas Saturday afternoon.

Mrs. Bobby Lax and small daughter, Jeri, of Pasadena, Texas, spent last week here visiting her mother, Mrs. Eunice Jones. They left Saturday afternoon for Pasadena accompanied by Mrs. Jones, who will make an extended visit in the home of the Lax family.

IT'S A FACT—In homes served by WTU the average cost of a kilowatt hour of electric service is 20% LESS than it was 10 years ago.

## It's Tree Planting Time in Texas

It's tree planting time in Texas and there's plenty of moisture available to insure those trees you plant will get off to a healthy start. Joe Burkett, county agent, gives these simple rules to insure that the money and effort you put into this project will be a success:

1. Plant adapted varieties.
  2. Buy trees from reliable nurseries. It's important to know the trees you order are the variety you want. You can be assured of this when you order from a reliable nursery.
  3. Order your trees early and be sure and specify delivery date. In this way you can be ready for those trees when they come.
  4. Proper planting of trees is important, Burkett says. Some of the points he gives are to plant them at the same depth they grew in the nursery row. Another is to dig a hole just large enough for the roots, cover about two-thirds with top soil, then drive air out with water, then fill with top soil.
- Burkett says these rules, along with proper care of those trees, will insure some mighty good eating when those trees come into production.

## New 1958 Ford Trucks on Display

Ford, which led the industry in retail truck sales during its 1957 model year, announces significant product advancements in engineering, styling and design for its 1958 trucks.

The new 1958 trucks are on display at Ford dealerships throughout the country.

New, safety vision, dual headlights are standard on all Ford conventional and tilt-cab trucks. The new lights, which give much more road illumination at night, are integrated in a simply styled, cross-hatch grille. They give the truck an uncluttered, functional appearance.

Headed by the spectacularly successful Styleside pickup, which accounted for more than 85 per cent of the company's 1957 half-ton truck production, Ford is offering more than 300 models, ranging from the versatile Ranchero, through light, medium, heavy, extra heavy and tandem trucks.

## Ducks and Geese Move in Ahead of Cold Weather

Cold weather of the past week has put a big push not only behind ducks but hunters, according to the Director of Wildlife Restoration of the Game and Fish Commission.

The 1957 season on ducks and geese promises to be one of the best in years, according to reports of both biologists and wardens who have been making spot checks. There are more places for ducks this year than ever before, with every pot hole in Texas filled in the spring and refilled by the fall rains.

The flight from the north has been good. Crop conditions and fresh water along the Texas coast all add up to good prospects. Hunters also had another warning. The limit on ducks is 5 a day or 10 in possession after the first day. The limit is six geese, with no more than 6 in possession. If you hunt outside your own county, you need a state license. If you hunt ducks or geese you must have a Federal stamp, costing \$2.

### HORSING AROUND FATAL

San Antonio, Tex. — A horse lost in an encounter with an automobile.

It happened like this: Mr. and Mrs. W. H. Kohler were driving on Palo Alto Road about 5:30 a. m. when they saw a horse galloping toward them.

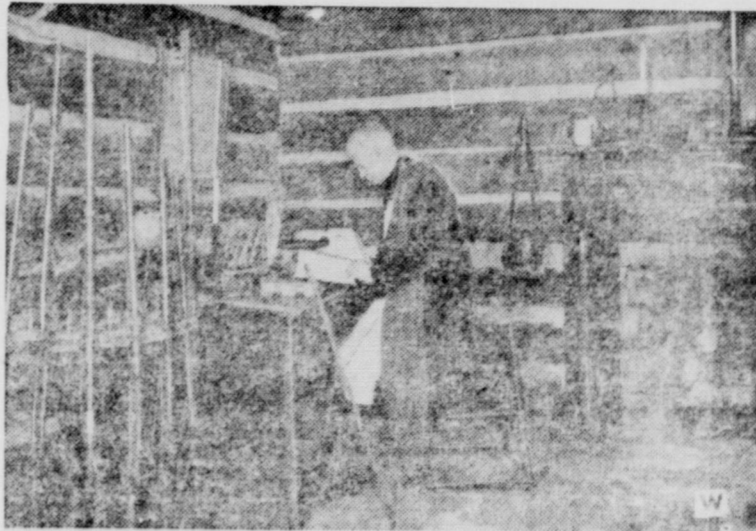

Mrs. Kohler, who was driving, slowed down, but the horse hit the car and straddled the hood. The impact drove the horse's head through the windshield.

The horse died, and Kohler's dentures were damaged, but neither he nor his wife was injured.

Annual bargain rates on the Wichita Falls Record-News and Daily Times are now in effect. Record-News with Sunday Times, one year, \$11.75. Record-News without Sunday paper, one year, \$10.00. The News solicits your subscription, new or renewal. Ph. 43.

You don't buy safety, you build it. Drive safely!

## Sam Houston Devoted to Huntsville Home

Sam Houston's law office, where no woman was ever allowed to enter.

Few men ever grew to love a house more than General Sam Houston, Texas' first and favorite son. His self-designed "bang-up place," as he referred to it, at Huntsville offered him more comfort than the stately mansions he occupied while representing the "Lone Star State" in the nation's capital during his three terms in the Senate.

The October McCall's article, "Sam Houston Loved This House," recreates life during the mid-1800's in the then tiny frontier settlement of Huntsville. Sam bought the 174-acre homestead seventy-five miles north of Houston in 1847 for \$1,000, and proceeded to build a white, two-story, six room, colonial style house, where eventually seven of his eight children were born.

The Houstons regularly entertained visitors to Huntsville, placing heavy emphasis on Texas-style food. Recipes for some of Sam's favorite dishes—Texas baked ham, pear cobbler, southern rice pudding, Alamo lemon jelly cake, and Sam Houston's favorite, white cake with chocolate frosting, which appears on the magazine's cover—are given in the article.

## Premium Lists Mailed for Fort Worth Stock Show

More than 5,000 livestock premium lists for the 1958 Southwestern Exposition and Fat Stock Show are being mailed to livestock exhibitors throughout the nation, potential exhibitors and other interested persons.

The Fort Worth show will offer \$188,374 in prize money for entries in the livestock division, the horse show and the rodeo. Premium lists for the horse show will be mailed at a later date.

The Southwestern exposition will be held Jan. 24 through Feb. 2.

Persons interested in obtaining a premium list or entry blanks may write the Stock Show at P. O. Box 150, Fort Worth 1, Texas.

Deadline for cattle, sheep and swine entries in the livestock judging is Dec. 15. Horses may be entered until Jan. 1.

### ENOUGH

McGregor, Tex. — When Mayor Jim Gilmore turned in his resignation to the city council he set some kind of record for brevity and clarity.

His letter of resignation read, in full: "Five years is enough. I quit."

Remember that you are a pedestrian part of the time. Drive safely!

# Step in... NEW FORD TRUCKS for '58

Telephone 37 CROWELL, TEXAS 115 W. Commerce

### 1958 Ford Car Line on Display Today at Self Motor Co.

The 1958 Ford car line featuring major styling changes, the most efficient engines in the car's history, a new automatic transmission and new optional air suspension, will go on display at Ford dealerships today, Nov. 7.

"At a cost of \$285,000,000 we have developed a new Ford that incorporates some of the most extensive changes ever made in the car," J. O. Wright, Ford Motor Co. vice president and Ford Division general manager, said.

Historically, auto companies have made basic changes in their cars every three years, he pointed out.

"But in its 1958 models, Ford has actually created fundamental design and engineering changes just one year after its completely new 1957 model," he said.

Demonstrating this change are twenty-one models on two separate wheelbases: the Fairlane and Fairlane 500, with an overall length of 207 inches, and the Custom, Custom 300 and the station wagon, measuring 202 inches.

The external appearance of the new car features Ford's sculptured-in-metal treatment in which styling lines are molded into the sheet metal itself.

The new distinctive styling is emphasized in a front view of the massive wrap-around one-piece bumper with anodized aluminum "jet intake" grille, dual headlights, and Power Flow hood. New sheet metal treatment incorporates redesigned front fenders, new roof with seven front-to-rear flutes or grooves, and trunk lid and rear quarter panel innovations. From the rear, the 1958 Ford is distinctive with a "V" sculptured trunk lid flaring into twin safety oval taillights.

Ford introduces the newest and most modern V-8 overhead valve engines in its 1958 line—the 332 and 352 cubic inch displacement engines. The result of more than 25 years' sales and engineering leadership in V-8 engines, these engines combine new high efficiency, durability and economy with the added time and cost savings of quick service accessibility.

The new 332 cubic inch engine, which will be standard on the Fairlane, Fairlane 500 and station wagon series, is available as an extra cost option in the Custom and Custom 300 series. The 352 cubic inch engine is an extra high performance option on the Fairlane, Fairlane 500 and the station wagon series. The economical "Mileage Maker" six is available for most models and the 292 cubic inch V-8 engine is standard on the Custom and Custom 300 series.

The new engines feature completely machined, wedge-type combustion chambers, larger, cooler-running valves, new carburetion and exhaust porting, direct flow intake for peak performance at all engine speeds. Each engine is electronically mass balanced while running at operating speed and temperature under its own power.

Cruise-O-Matic, an automatic transmission combining instantaneous "solid" response with nearly imperceptible up-shifting, is new for 1958. Coupled with the four-Venturi 332 and 352 cubic inch engines and a low rear axle ratio, Cruise-O-Matic provides a new power train that combines over-drive economy with automatic transmission convenience, first such combination in the industry. The new transmission introduces a new drive position for solid feel take-off or all-out acceleration through all three gear ranges. An improved Fordomatic transmission also is available.

Also new will be air suspension, optional for Ford Fairlanes, Fairlane 500's and station wagons with V-8 engines and automatic transmissions in 1958.

### Notes and Comments

Hundreds of doctors from the United States and abroad have received specialized training in the treatment and rehabilitation of polio patients and those with other neuromuscular diseases from the Sister Elizabeth Kenny foundation.

### Extension Specialist Advises on Range Management

Proper range management is an essential part of any successful ranching program.

The points to stress now for proper range management are feed reserves, deferred grazing and brush control, according to G. O. Hoffman and A. H. Walker, extension range specialists. No chemical weed control can now be used effectively, for the weeds are too large and mature.

A feed reserve means the difference between profit and loss, advise the specialists. Excess forage should be stored for future use during winter and drought periods.

Deferred grazing should be practiced even if it is getting dry. Good deep-rooted grass will still make considerable growth on the subsoil moisture.

The specialists then give a summary of the reports of several county agents in regard to brush control, grass growth and chemical weed control.

Karnes county reports show that grasses, for the first time in several years, are showing up on much of the rot plowed ground.

In Brown county, chemical treatment has proved effective in tree control. The trunk base treatment gave practically 100 per cent kill on mesquites and yucca.

In Young county, brush treated areas have produced twice as much grass as untreated ones, even under drought conditions. Spraying to control brush has been found to be an economical method to provide additional grass.

Grass work is being carried on in Goliad. Good grass growth has been noted on soil where fenuron powder applications were made to

control post and blackjack oak in February, 1955.

Chemicals made the difference between dead, harmless weeds and green ones as much as six feet tall in Shelby county. The chemical used last May was 2, 4-D at a material cost of 80 cents per acre.

In Scurry county, thistles were controlled satisfactorily in blue panic grass with 3/4 pounds of 2,4-D ester applied with an airplane.

### Off Balance

"Livestock has been the traditional balance wheel in the national food economy." Thus state two leading agricultural authorities, Doctors Herrel DeGraff and Karl Butler, in a paper presented at the Sixth National Institute of Animal Agriculture.

They make the point that we do not use our crops for direct human food in the Oriental fashion. Instead, we largely convert them into meat. In the early 1950's we characteristically fed to livestock about three-quarters of our total harvested tonnage of all crops, in addition to the forage produced on pasture and range.

The significance of this is vividly indicated by another statement. Doctors DeGraff and Butler make: "Over the past 35 years, during which so-called surpluses have been almost chronic, a modest two per cent increase in livestock would have eliminated all of the crop quantities that were called surplus."

That brings up an inevitable question: "Why then is not greater livestock production the answer to our present surplus situation?"

The answer to this is complex, and has numerous aspects. But, as these authorities show in their extensive discussion, a main barrier has been the government's high price supports for grain and

the other so-called basic crops. These supports, by minimizing the farmers' risks, stimulated the production of supported commodities—and the greater surplus followed.

To quote them again, "Livestock producers have been the innocent victims of problems growing out of continued wartime price supports on the basic crops." The traditional balance wheel has been artificially forced off balance.

### Double Standard

It has long been illegal for corporations to make contributions to candidates for political office. This legal restriction, obviously, is based on the theory that corporations otherwise would use their economic power to elect men who would serve special interests.

Whether or not such laws are wise is debatable. What is not debatable, however, is that similar restrictions do not apply to organizations which also have great economic power—the unions.

The head of a major union, the International Ladies' Garment Workers, has said that his union will have more than \$500 thousand available for contributions to candidates in this year's national election campaigns. He said also that the combined AFL-CIO political fund may reach \$3 million.

What conceivable justification can there be in forbidding corporations from financing political candidates—and at the same time permitting powerful unions to spend money on a huge scale for political purposes and political ends?

The social security law provides that disabled people could have their earnings record frozen during the period of their disability.

### New Scottish Rite Hospital Film Now Available for Showing

A new film in color which tells the remarkable story of the Texas Scottish Rite Hospital for Crippled Children was released this week, according to President John McKee of Dallas, and deputy for the Sovereign Grand Inspector General in Texas of the Scottish Rite.

Produced by PLAX Productions in association with Metro Enterprises of Texas, "A New Life Tomorrow" is a 16mm. sound film, which in 20 minutes depicts how thousands of Texas boys and girls have been helped to lead healthy, normal lives. The film will be available for schools, luncheon clubs and other organizations, Mr. McKee said.

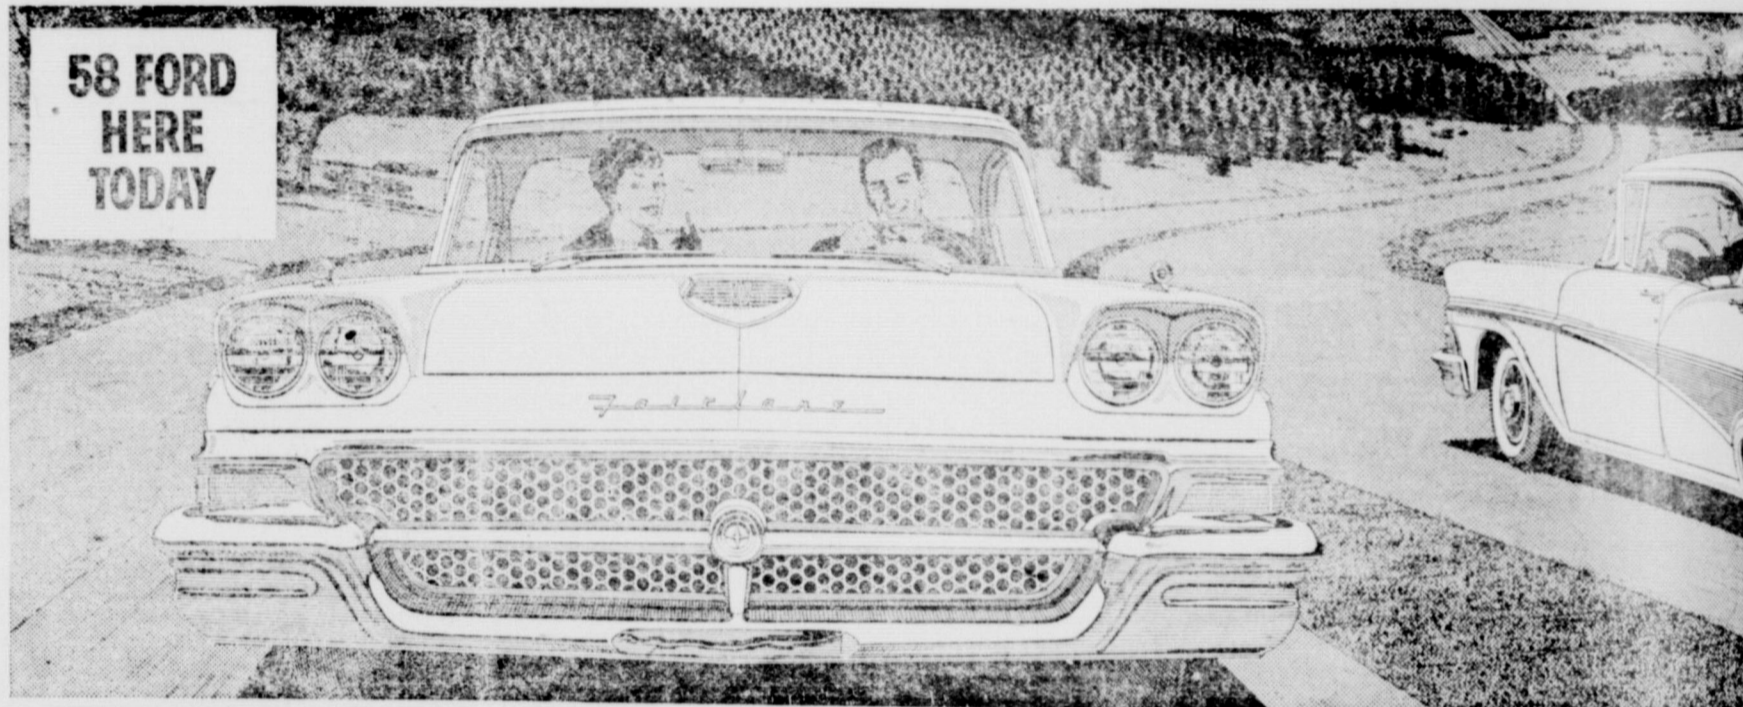

The Scottish Rite Hospital, founded at Dallas 34 years ago

by Texas Scottish Rite Masons provide treatment for children otherwise would not receive necessary for rehabilitation open to crippled children of all faiths and creeds. "It is a institution, supported by Texas a quite spectacular accomplishment of which all Texans should be appraised and appreciative," McKee said at the premiere of the film yesterday.

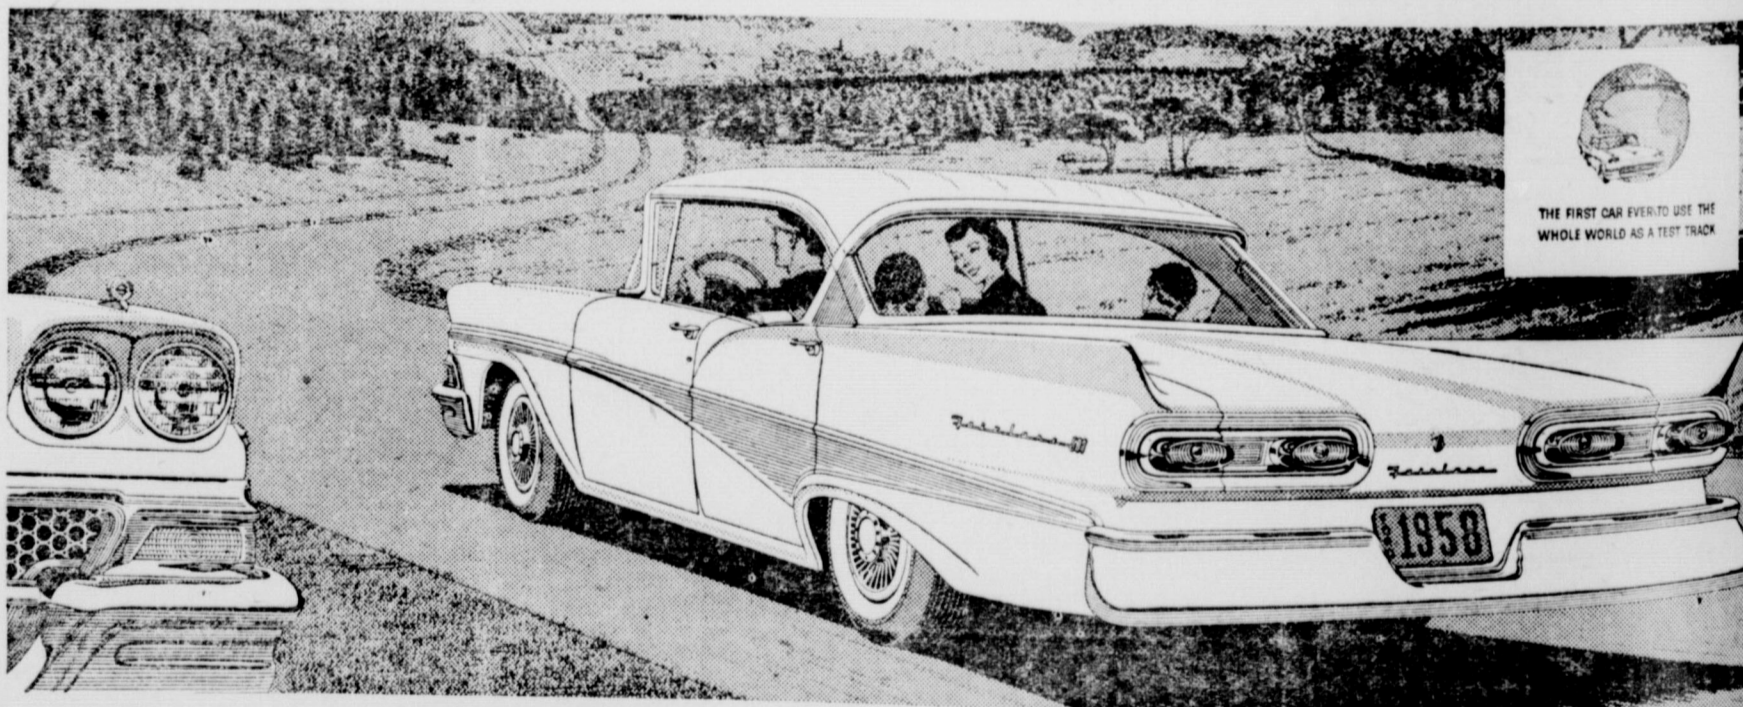

The film will be available through the office of Asher, secretary of the Scottish Rite hospital at Dallas.

**PRACTICAL COLOR**  
A traffic expert has suggested that highways be tinted with red. How about a good, practical red that won't show the Changing Times.

One look tells you...there's nothing newer in the world!

- New deep-sculptured styling
- New Interceptor V-8 power
- New Cruise-O-Matic Drive
- New Ford-Aire Suspension
- New Magic-Circle Steering

The 58 Ford is the newest car in the world—the only car ever to meet a world-wide test and win world-wide approval before its public premiere.

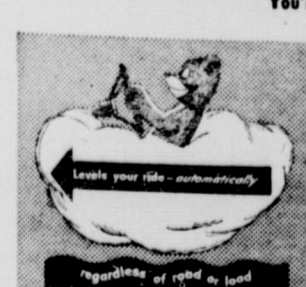

Here's a car so new, so beautiful it made eyes pop from Paris to Pakistan... a car so rugged it proved its mettle in a road test around the entire world! What's more, it did it on surprisingly little gas—thanks to new Precision Fuel Induction. Come in and let us show you the world's most beautiful new bargain!

You'll be ahead with Ford's new Interceptor V-8 and Precision Fuel Induction. There's nothing newer than these engines that give you up to 300 hp. Smoother power! From less gas! One secret is Precision Fuel Induction, a wonderful new carburetion, fuel feeding, and combustion system.

You'll get up to 15% more gas savings with new Cruise-O-Matic Drive teamed with the new Interceptor V-8. New D1 position, used for all normal driving, lets you move smoothly, automatically—with just a touch of your toe—from solid-feeling take-off right up to highway cruising speeds.

You'll ride on a cloud instead of a spring with Ford-Aire Suspension. Four air pillows literally soak up the bumps! And Ford's new air suspension relieves the car every time someone steps inside or luggage is loaded. An extra cost option, you get all this at traditionally low Ford prices!

You'll steer with a feather touch with Ford's new Magic-Circle Steering. Nothing rolls like a ball, and that's the secret of Ford's handling ease. Free-moving steel balls in the steering mechanism are virtually friction-free—give you the closest thing yet to power steering! Come in and try it!

Come in today... Action Test America's only world-proved car!

### ADELPHIAN CLUB

"Religion" was the theme of the Adelpian Club program on Wednesday afternoon, October 30. Mrs. A. S. Hart was leader and presented a timely devotional entitled, "Our Talents."

Rev. C. T. Aly, pastor of the First Baptist Church, was guest speaker using as his theme, "Thinking Straight in a Confused World." "The people in our world are confused about simplicities. Our day makes our simplicities complex. First of all, our world is economically confused. Secondly, moral confusion is prevalent in our world. Some persons feel dishonesty is appropriate if it 'pays off.' Honesty not only needs to be taught but practiced. Is it right? should be the guidepost of our everyday living. We are overstepping our rights. Mankind should realize that one's rights end where the other individual's rights begin. Thirdly, our world is educationally confused. Our homes are confused when teaching the principles of democracy. We need some straight thinking in our confused world by persons who think. Only a few persons are real thinkers. The majority are actually thinking the thoughts of the minority. Our day is a day to challenge our thinking. Fourthly, our world is confused spiritually. We need to think clearly about God, our only source of perfect peace. Right thinking about God is profitable, applicable and available," Rev. Aly stated.

Mrs. Bert Ekern, vice president, presided over the business meeting.

Hostess for the afternoon was Mrs. Jack Turner.

### COLUMBIAN CLUB

The Columbian Club met last Wednesday in the home of Mrs. Grady Halbert at Foard City. The study was "Public Affairs — The Indians."

Mrs. Karl ten Brink, president, called the meeting to order and conducted the business meeting. Roll call was answered with a news item about the Indians.

The devotional "God's Glory Time," was presented by Mrs. Gerald Knox. She also read a Bible scripture.

Mrs. John Ray was leader of the lesson. She told of how the Indians got their tribal names. She played some records that were made in California about the tribes there. Will Rogers Jr. was the narrator and he interviewed some of those who worked among the Indians. Some of those interviewed worked where Mrs. Jack Roberts Jr. was employed while she was in California.

The dining room was decorated with the Halloween motif and the hostess served a delicious plate to eleven members.

The next meeting will be held in the home of Mrs. Fred Youree on November 11.

### PIONEER CIRCLE MEETS

Mrs. Hines Clark, Mrs. Grover Cole and Miss Dine Mitchell were hostesses to members of the Pioneer Circle of the Woman's Society of Christian Service of the Methodist Church Monday afternoon in the home of Mrs. Clark. This was a social meeting of the circle.

The subject was "The Mind That Was in Christ," Mrs. C. W. Thompson was program leader and Mrs. T. B. Klepper was assistant leader. Mrs. Klepper read a scripture lesson from Isaiah 56 and Psalms 145. She also gave some thoughts about "The Methodist Student Movements."

Mrs. Thompson talked on "To the Stars Through Difficulties," in which she emphasized several Methodist institutes of higher learning. A number of them were for colored people.

The hostesses served a delicious plate to fourteen members and one guest, Mrs. Grady Adcock.

### VIVIAN H. D. CLUB

When the Vivian Home Demonstration Club met Thursday, Nov. 24, at 2:30 o'clock in the home of Mrs. Maude Fish at 1010 14th St. in Paducah, there were 11 members and Mrs. C. S. Lewis, Mrs. Henry Fish and Mrs. Earnest Fields as visitors.

Miss Myrtle Fish was elected as council delegate.

Mrs. Maude Raspberry and Mrs. Tom Cooper gave the program on "Managing Your Bank Account."

Miss Bernita Fish and Mrs. James Welch enjoyed the social hour, at which time refreshments were served.

The next meeting will be with Miss Neoma Fish Nov. 14 with an all-day meeting. Each one is to bring a covered dish for lunch. The program will be fiber purses and gifts. The demonstration for Christmas goodies will also be given that day.

Free booklet No. 29 will give you a lot of information on social security disability benefits. Get a copy at your social security office.

### HENRY CIRCLE

The Henry Circle met in regular session with Mrs. Fred Youree as hostess Monday.

The program, after the business session, was furnished by the leader, Mrs. Earl Manard, assisted by Mesdames Moody Bursley and Mrs. M. S. Henry.

Mrs. Bursley explained the future of the young people's work and their development along various channels. Mrs. Henry presented short biographies of the disciples. Each disciple's biography was not in groups but personal workers and was very interesting and encouraging to Christians to remain faithful to the call of Christian workers. It proved to be an inspirational talk to all present.

Mrs. Henry explained the following about each disciple:

Philip, the salesman. A vital, happy man who would be called an extrovert today, he brought another disciple, Bartholomew, to Jesus. He had the Christ-given power to heal, as did the other apostles. When Philip preached to the multitudes, many of them had "unclean spirits," and the spirits, shouting loudly, came out of them. In this way many who were paralyzed or lame were cured. He had difficulty understanding Jesus' teachings but later, with typical vitality and power, he preached the gospel in faraway lands.

Bartholomew, man of vision and imagination. He was sitting under a fig tree when Jesus first saw him. Approached by Philip, he scornfully asked: "Can there any good come out of Nazareth?" Then after talking to Christ, he declared in a revered confession of faith: "... thou art the Son of God; thou art the King of Israel." And Jesus said: "Behold, here is an Israelite without guile." Bartholomew is said to have helped carry the Christian gospel to Asia before, according to tradition, he was martyred in Armenia.

Thomas, the doubter who came to believe. Believing was hard for Thomas who, hearing of the Resurrection, said: "Except I shall see in his hands the print of the nails, and put my finger into the print of the nails, and thrust my hand into his side, I will not believe." Afterward, this practical man, the original "Doubting Thomas," went to India where, according to tradition, he organized a church. It is said he was martyred when a Brahmin ran him through with a lance as he knelt in prayer. Thomas today represents understanding.

Matthew, tax collector, a man of education and means. He turned his back on career and wealth when Jesus saw him "sitting at the receipt of custom; and he said unto him. Follow me . . . And he left all, rose up, and followed him." Matthew, more fully than any of the gospel writers, recorded Jesus' words and parables. After the Ascension, Matthew left Judea as a missionary. Some believe he died a natural death; others think he went to Africa and was martyred in Ethiopia. As a disciple, he was a man of great will power.

Simon the zealot, fierce underground agitator. He was about 40 when he joined Jesus, thinking Christ would lead an uprising to overthrow Roman rule. No other apostle better illustrates the power of Christ to change the lives of the men he chose.

Judas Iscariot, the mysterious one. His remorse caused him to hurl the silver at the priests, saying: "I have sinned in that I have betrayed innocent blood." Then he went out and hanged himself.

John, one of the "sons of thunder." Jesus loved him as he would have loved a brother. Certainly, he appears to have been a favorite of Christ's.

Andrew, brother of Peter. Of all the disciples, he knew Jesus first. Andrew was present at the River Jordan when Jesus was baptized by John the Baptist.

James, brother of John, was the fisherman. After 14 years of influence in the early Jerusalem church, he was decapitated by Herod Agrippa.

Simon Peter, the man Jesus called "The Rock." He had been a well-to-do shipowner and fisherman before he became a disciple.

### Home Demonstration Notes

MRS. MARY D. BROWN

Last week members of the EEE committee met and made final plans for our annual Achievement Day which will be held Nov. 16 at the Down Town Bible Classroom. It is to be open to the public from 11 a. m. to 4 p. m. We will have a covered dish luncheon at the noon hour. Council will furnish plates, napkins, bread and coffee. Each lady will need to bring a covered dish, a cup, and her silver.

Each club is to make 1 poster and have it up by Nov. 9 advertising Achievement Day. We will not have a food sale. However, clubs may sell various products with the money to go in their treasuries. Individuals will not sell products, only clubs. We will have a swap shop again, so bring along anything you would like to swap off. This swap shop will be open to everyone whether or not they are club members. We will also sell "Mystery Packages." Each club member is to wrap something worth at least 25¢ to 50¢, and bring it. It need not be gift wrapped, only concealed. On the outside of the package place the value, 25¢-50¢. These mystery packages will be sold during the day and the money will go into the council's treasury.

Our recipe this week is:

**Glazed Baked Apples**  
6 medium sized cooking apples, 1 and 1/2 cups sugar, 1/2 cup water, 1/4 cup red cinnamon candies, 2/3 cup crushed pineapple or raisins and nuts.

Core apples and remove peel from top and third of the way down. Combine sugar and water and candy are dissolved. Fill centers of apples with crushed pineapple or raisins and nuts, arrange in buttered baking dish. Bake in moderately hot oven 375 degrees F. until done, basting frequently with red syrup.

### BAPTIST W. M. S.

The Woman's Missionary Society of the First Baptist Church met Monday at 11 o'clock for a mission program.

Mrs. W. F. Statser, president, led in singing "Jesus Saves." Mrs. C. C. McLaughlin brought the devotional, using Scripture, Luke 11, 5-8, followed with prayer by Mrs. Ed Gafford. Mrs. Glen Goodwin was program leader.

The following members had parts on the program: Mrs. Leo Cates, Mrs. W. O. McDaniel, Mrs. Walter Cates, Mrs. C. A. Powell and Mrs. W. F. Statser.

After the program, luncheon was served to fifteen ladies, four men and several children.

The business meeting followed. Miss May Andrews brought the devotional, using Scripture from 9th chapter of Ecclesiastes.

### THALIA BAPTIST W. M. S.

The Thalia Baptist W. M. S. met in the home of Mrs. Loyd Fox for a business meeting and social on Monday, Oct. 28, with the president, Mrs. Maggie Wheeler, presiding.

Mrs. Billy Hammonds read the devotional, followed by a special song, "Breathe on Me," accompanied by Mrs. Billy Johnson.

Refreshments were served to 10 members and 3 children.

### INFANT ANEMIA HELPED

A safe "rapid fire" new way of treating lack of iron in the body, the most common deficiency disease among babies, is reported by a specialist at the Los Angeles Children's Hospital. The treatment is injection into the muscle of an iron-dextran compound. The specialist reports in the medical journal, Pediatrics, that as little as three injections will not only cure a baby's anemia, but will provide it with enough iron stores to meet its growth needs for a year.

James, the Less, so-named perhaps because he was younger than James, the brother of John. For nearly 2,000 years he has been the subject of controversy. Biblical scholars find little to go on when they seek to trace the life of this apostle.

Jude, the obscure one. He was also named Judas, but is not to be confused with the betrayer of Christ. He may have been the son or brother of James.

Appetizing refreshments were served by the hostess during the social hour.

MRS. C. H. WOOD

Mrs. Paul Payne spent from Thursday to Saturday in a San Antonio hospital for a medical check-up.

Mrs. T. R. Cates Sr., Mrs. W. G. Chapman, Mrs. C. C. Lamb, Mrs. H. W. Gray and Mrs. Ed Huskey attended the district ladies' meeting at the Methodist Church in Childress Wednesday of last week.

Miss Odessa Moore spent last week with Mrs. Minnie Moore and family in Vernon.

Mr. and Mrs. J. L. McBeath visited Saturday with their son, Sherman McBeath, and family in Wichita Falls. They report that Sherman's small son, Sidney Rhea, who was recently seriously ill, is so much improved that they hope for a complete recovery soon.

Peggy Long and friends from Midwestern at Wichita Falls, spent Saturday night with her mother, Mrs. Jim Riley Gafford, and family.

Gaylon Whitman of Lubbock spent the week end here with his parents, the B. A. Whitmans.

Mrs. W. A. Johnson returned home from the Vernon hospital last Friday.

Mr. and Mrs. Mitchell Jackson and children of Snyder, Mr. and Mrs. Bill Lynch and family of Crowell and Mr. and Mrs. Truman Quillin of Vernon were Sunday dinner guests in the home of their parents, Mr. and Mrs. J. C. Jones.

Mrs. Keith Frost of Lubbock visited Mrs. W. A. Johnson Sunday morning.

Mr. and Mrs. Sim Gamble were Saturday dinner guests in the home of his daughter, Mrs. Frank Gamble, and husband in Vernon.

Mr. and Mrs. Rudolph Booth of Crane recently visited his sister, Mrs. J. L. McBeath, and family.

Mrs. Sim V. Gamble visited Wednesday of last week with her mother, Mrs. W. R. Pearson, in Childress. She was accompanied by Mrs. M. H. Jones and her sister, Mrs. Daisy Dwigins, who visited Mrs. Hugh Jones there.

Mrs. Keith Frost and children of Lubbock are visiting this week with her parents, Mr. and Mrs. Sim V. Gamble, and Mike, and Sunday guests in the home were Mr. and Mrs. Leonard Haseloff and children of Vernon.

Jimmie Thaxton and Bill Rouse of Waco spent the week end with Jimmie's mother, Mrs. W. B. Fitzgerald, and Bro. Fitzgerald.

Mrs. Frank Wood and children, Jerry and Ann, of Vernon were Sunday dinner guests in the home of Mr. and Mrs. Sim Gamble.

Rev. and Mrs. W. B. Fitzgerald were Wichita Falls visitors Tuesday of last week.

John W. Wright and Miss Jane Turner from ACC in Abilene, were week end guests in the home of his parents, Mr. and Mrs. John Wright.

Mr. Blackburn of Plainview visited Sunday with his daughter, Mrs. Charles Bursley, and family.

Janice Gray was taken to the Crowell hospital Saturday night.

Claude Roberts of Midland visited his mother, Mrs. E. H. Roberts, Saturday.

Mr. and Mrs. G. W. Scales of Vernon visited Mrs. C. H. Wood Saturday night.

Mr. and Mrs. Jesse Moore spent the week end with Gus Hammonds at Floydada.

Mr. and Mrs. Carl Morris of Wichita Falls visited Mr. and Mrs. Duane Naylor Sunday, and Fred Morris of Harlingen spent last week with the Naylor and J. M. Jacksons.

Mr. and Mrs. Ray Downing and children and Gaylon Whitman of Lubbock and Miss Oneta Cates of Abilene, Mrs. Duane Cates and J. M. Ivan and Peggy Cates of Crowell and the T. R. Cates and the B. A. Whitman families of Thalia were Sunday dinner guests in the home of Mr. and Mrs. T. R. Cates Sr.

Mr. and Mrs. Bill Hamilton and children visited Sunday with Mr. and Mrs. Clarence Holmes at Har-

rold. Mrs. Lillian Kelly of Crosbyton is here this week visiting her son and wife, Mr. and Mrs. Bud Hammonds.

Mr. and Mrs. Everett Close and family of Fort Worth, Mr. and Mrs. Robert Hudgens and family of Margaret and Mr. and Mrs. Bill Hudgens of Falls were Sunday guests in the Charlie Blevins home.

Mr. and Mrs. Beryl Burdette of Carrollton spent the week end with Mr. and Mrs. M. C. Adkins.

Out of town guests at the Baptist Church Sunday morning were Mr. and Mrs. Willie Cato of Fort Worth, Woodree Johnson of Amarillo, Jimmie Solomon of Lockett and Miss Jackie Price and friend from Wichita Falls.

R. C. Bell left Monday for the Veterans Hospital in Amarillo.

The T. H. Matthews were Sunday dinner guests in the home of his daughter, Mrs. Harold Lanham, and family in Vernon.

J. H. Anderson of Quanah was speaker for Layman's Day program at the Methodist Church Sunday morning.

Mrs. Oran Chapman of Amarillo spent Friday with Oran's mother, Mrs. W. G. Chapman.

Mr. and Mrs. Bennie Gene Short of Goodlett spent last week with his mother, Mrs. Flora Short.

Mrs. C. H. Wood, Mrs. Oran Ford and Mrs. Bill Moore visited Mrs. Wood's husband, C. H. Wood, in the Veterans' Hospital in Amarillo last Friday.

Mr. and Mrs. Louis Pyle and children of Floydada visited her mother, Mrs. L. H. Hammonds, Tuesday of last week and the ladies made a trip to Wichita Falls.

Mr. and Mrs. Lewis Lindsey of Granite, Okla., visited Saturday with Mr. and Mrs. C. C. Lindsey.

Billy Short has returned to his home here after several months work with a seismograph crew on the Plains and other points.

### Texas Tech Choir to Sing on Ed Sullivan Show

Texas Tech will get national billing next spring when the Tech Choir appears on the Ed Sullivan Show.

The 40-voice group has been scheduled by Sullivan to appear sometime during the school year and a date late next spring has been requested, Prof. Gene L. Hemmle, music department head, announced this week.

Expenses for the Choir's trip to New York City will be defrayed by Sullivan and a fund raising campaign to be staged by the choir this year.

The television showman said he will contribute \$1,000 toward the choir's expenses. Hemmle said the choir hopes to get some financial aid from the Tech Student Council in addition to the fund raising program.

Hemmle said the New York trip will replace the annual tour the Tech Choir usually makes through Texas and New Mexico. It will accept other appearances in New York if such bookings will not violate the contract with Sullivan.

The Texas Tech Choir has won acclaim throughout the state and recently appeared with the Dallas Symphony Orchestra. The Tech group also won a standing ovation after singing at a convention of Texas radio and TV producers last year.

Hemmle said that the songs the choir will sing on the TV show will depend on the season and on the time allotted on the air.

### SUBJECT TO ANTI-TRUST LAWS FOR UNIONS

... proposals to make unions subject to anti-trust laws are current in Congress. In recent days they have gathered considerable momentum as a reaction to the new drive by Teamsters boss James Hoffa to weld all transportation Thalia into a giant new union. — Anaheim, Cali., Bulletin.

Many tombstones are carved by traffic chiselers. Drive safely!

THIS WEEK

—In Washington

With Clinton Davidson

Maybe you don't believe in ghosts, but you'd have a hard time convincing Ezra Taft Benson that there isn't one hiding somewhere in his office.

Seven years ago another man sat in the Secretary of Agriculture's chair in that same office and there appeared on his desk mysteriously and as if by magic typewritten pages called a farm plan.

That man, of course, was Charles Brannan and the plan came to bear his name. He never claimed that he wrote it, but he never would tell who did or where it came from.

The plan became, and remains today, one of the great unsolved mysteries of Washington. It lived only a short time, having died a violent death at the hands of an outraged Congress.

Homeless, except in the minds of a few firm believers, the Brannan Plan ghost has reappeared year after year to haunt Capitol Hill and the Department of Agriculture.

Time and again Congress has slammed the door in its face, but it refuses to go away. Once, three years ago, it reappeared as a wool payment program bill and slipped through Congress by using an "incentive payment plan" alias.

The Brannan Plan itself is absurdly simple in its basic form: Let farmers sell their products at open market. Then pay them the difference between the selling prices and parity.

That way, so its proponents argue, farmers would get a good income and consumers would get their food and other farm products cheaply. The big arguing point has been: How much would that cost the government?

Earlier this year Congress asked Secretary Benson to answer the cost question. He didn't know, but he promised to have a study made. Now he has given Congress his answer—somewhere between \$7.5 and \$10.5 billion a year.

That may or may not be the correct answer, but it certainly has started another hot and furious argument. Brannanites argue that it is way too high, and they accuse Benson of putting the plan in its worst possible light.

Benson attempted to show what the Plan might do by 1962 if there were no limits placed on production and the government paid farmers the difference between market prices and only 90 per cent of parity.

By and large, prices received by farmers likely would decline by 50 per cent. Corn might sell at 75c a bushel, hogs for \$10 a cwt., beef cattle for \$15, eggs for 25c dozen, wheat for \$1 a bushel, cotton for 19c and milk for \$2.50 a cwt.

If controls were removed farmers would increase total production by one-third, and we'd have surpluses several times as great as now. Farmers would get about half of their income in government checks. USDA would hire 25,000 people to administer the program.

Consumers would get about a 20 per cent reduction in their food bill. That's because the prices of farm produce increases, on the average, two and a half times between the producer and the consumer. Thus, a 50 per cent reduction in farmers' selling price would mean only a 20 per cent decrease in prices to consumers.

Taxpayers would hold the bag, to the tune of a 10 to 15 per cent increase in their tax bill. We'd have boondogglers boondogglers boondogglers and the New Deal would look like something J. P. Morgan dreamed up.

"LITTERBUGS" EXPENSIVE

It is costing California some \$700,000 a year to clean up after "litterbugs"—the people who strew all manner of trash along the highways and in scenic areas. In an attempt to improve matters, the state has passed laws under which these despoilers are subject to a \$500 fine and a six months term in jail.

LEAN, LOW LINES SPARK CHEVROLET BEAUTY

Chevrolet stylists have taken full advantage of nine inches in added length to mold low, fleet beauty into their 1958 models, as shown by this view of the Bel Air sport sedan. Strong eye-appeal is found in the modish grille, the dual headlamps and low, flat

Tree Seedlings to Be Made Available for Shelterbelts

Over 250,000 tree seedlings will be available to Central and West Texas landowners for windbreak plantings in early 1958.

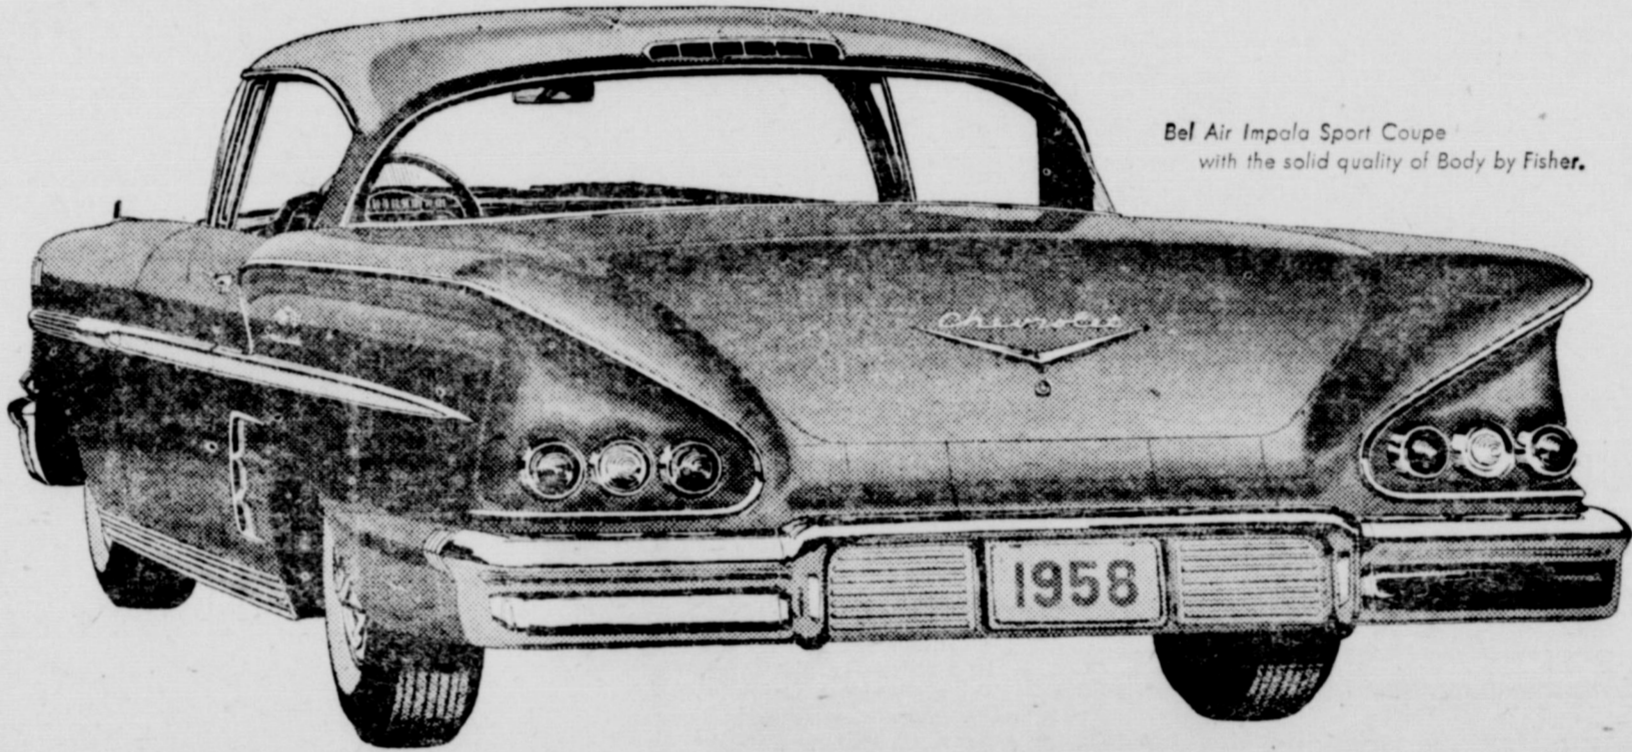

Application blanks for ordering the seedlings can be procured from county agents and Soil Conservation District offices in the Central and West Texas area.

The deadline for ordering seedlings will be March 1, 1958. Seedlings will be shipped about the

first week of March, 1958, to locations specified on the application blanks. Information on how to store and plant the seedlings is available upon request. "As the orders will be filled on a 'first come—first serve' basis, we want to urge those interested to get their requests in as soon as possible," Young added.

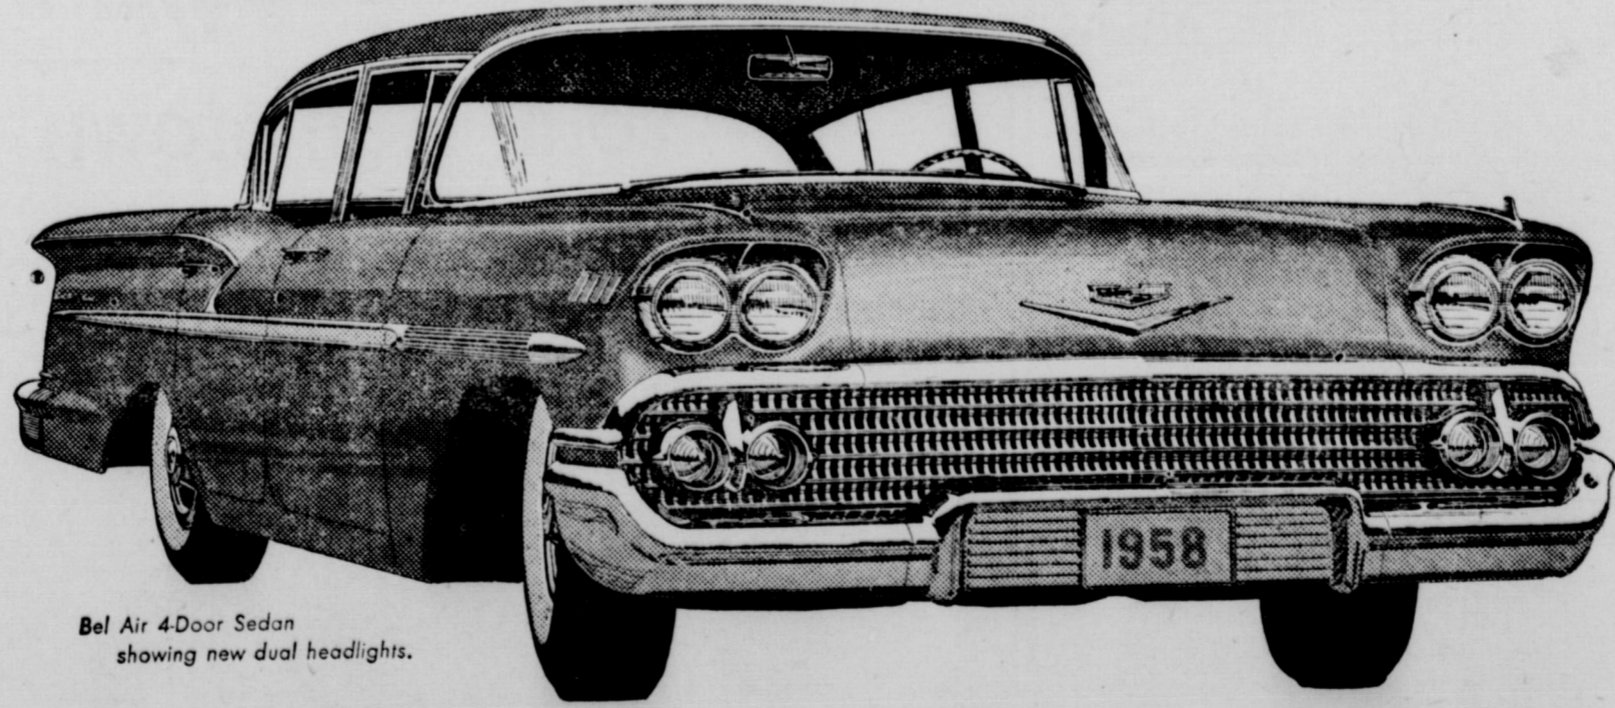

Financial assistance may be available to some Central and West Texas landowners for the establishment of farmstead or field windbreaks through the Conservation Reserve section of the Soil Bank Act. Landowners with sufficient area to plant a minimum of one acre in windbreaks should contact the ASC office in the

county in which the lands are located for information on this program. HOW MANY FRESHMEN GET THROUGH COLLEGE? Six out of every ten students who enter a college this autumn probably won't graduate from it, say the editors of Changing Times, the Kiplinger Magazine. Marks are one reason. But many youngsters with above-average grades will quit, too. Money is their problem. Quite a few students have enough for the first year and then bog down, unable to obtain scholarships and unwilling to borrow. Those who quit sel-

dom go back. Publicly supported schools lose more students than the private colleges, probably because many state colleges are required by law to admit all high school graduates in the state. Among the private schools the best known suffer the most, probably because they cost so much.

But it is maintained by the University of Kansas that it would not be wise to reduce dropouts by limiting admissions. In a graduating class of 1,006 students, 208 scored below average in tests given their freshmen year. Had they not been admitted, the loss would have included 40 teachers, 22 engineers, seven lawyers, seven doctors and seven pharmacists. Most of the graduates entered professions in which they were badly needed.

## ABOUT YOUR HEALTH

A weekly public service feature from the Texas State Department of Health.  
HENRY A. HOLLE, M.D., Commissioner

"Pedodontics" is a big word with a simple meaning—the care and treatment of children's teeth. A major part of pedodontics is preventive dentistry, and preventive dentistry for the very young is the one great hope for a realistic solution to our dental woes.

If a child's teeth are properly cared for up to age 15, a strong foundation has been laid for minimizing dental troubles in later years.

At about 6 months of age the four front teeth—two upper and two lower—begin to peek out. These front teeth are incisors, the cutting teeth. By age 7 to 11 months, four more teeth, upper and lower, start to come in. These are the lateral incisors at either side of the central teeth.

Then Mother Nature wisely skips a few spaces in order to properly shape the jaw. In 12 to 16 months, the back teeth or molars, come in. Then the cuspids show to fill in the space between. At about 24 months, the second molars come in.

## Is Your Car Wrecking the Family Budget?

Up to this point all teeth which have erupted are primary teeth, and although temporary they are vital. They help shape the face, help the youngster learn to speak distinctly, and help him nutritionally.

While all this has been going on, the permanent teeth are slowly developing in the jaw bone so they can come forth at the proper time.

The first permanent teeth to erupt are molars—sometimes called "six-year" molars simply because they emerge at about age 6. Because they do not replace the first teeth but come in just behind them, these molars tend to confuse parents who think they are also temporary teeth.

This error can lead to unfortunate consequences. Since the "six-year" molars are permanent teeth, they will not be replaced if lost.

Family dentists strongly emphasize the importance of watching for the six-year molars. They are important to the structure of the mouth. The manner in which they interlock with their opposite teeth will determine the eventual shape of the jaw, facial contour and regularity of alignment of other teeth.

Because of their importance, these first permanent teeth are often referred to as the "key-stone of the dental arch."

The strength or weakness of adult dental health—barring loss of teeth through accidents—can invariably be traced to habits of preventive dentistry learned or left unlearned in childhood. And when it comes to preventive dentistry, the pedodontist is a child's best friend.

## Game and Fish Federal Funds Show Increase

Excise tax collection on arms and ammunition under the Pittman-Robertson Act providing federal aid in wildlife management programs in the 1957 fiscal year amounted to \$17,314,627, according to a report from the U. S. Fish & Wildlife Service. This is an increase from \$14,302,000 for the 1956 fiscal year. A \$2,693,493 backlog means there now will be available for next year in excess of \$20 million in this federal aid program in the United States.

During the same period of time under the Dingell-Johnson program for fisheries, the amount increased from \$5,149,917 to \$6,404,564.

These amounts will be apportioned to various states, to match funds of the state game and fish departments in studies and development of places to hunt and fish.

Texas last year received \$459,682.95 under the federal aid program.

## Fort Worth Show to Be Produced by Top Rodeo Men

Fort Worth—The 1958 Southwestern Exposition and Fat Stock Show rodeo will be produced by two of the nation's top men in the hooves-n'-horns circuit.

Verne Elliott, who for more than 30 years has put on the Fort Worth rodeo, will work with a new partner, Harry Knight of Fowler, Colo., to produce the 1958 show Jan. 24 through Feb. 2.

Elliott, who lives in Plateville, Colo., recently bought a quarter interest in the Cremer Rodeo Co., which also is owned by Knight and Gene Autry, Western movie and television star. Knight, once a champion rodeo bronc rider, and Autry purchased the famed Cremer rodeo stock several years ago.

In addition to the Fort Worth show, the Cremer Co. was signed to produce the annual Madison Square Garden Rodeo in New York, the Boston Gardens Rodeo in Boston and the International Exposition rodeo at Chicago this year.

The Fort Worth rodeo will feature Annie Oakley, the "singing, riding and shooting" heroine of television.

## MORE TAXES

"... the U. S. Treasury paid \$600 million as interest on the \$23 billion Social Security trust fund invested in federal bonds. . . In short, you've paid social security once when you pay your tax—and you pay more on it every time the government pays interest on those bonds!"—Summit, Miss., Sun.

## 21.5 PER CENT FOR TAXES

In 1955, according to the Wall Street Journal, 21.5 per cent of the consumer dollar taken in by the private electric utilities went for taxes—national, state and local. By contrast, the tax payments of publicly-owned power operations amounted to only 2.9 per cent. Since that year, the proportion paid by the utilities has substantially increased.

THE WILDCAT

(Continued from page 2)

I'd better head for cover) is six feet tall, has light blue eyes, and has brown hair. James is the joke editor of the Wildcat, is a member of the annual staff, and is the student director for the CHS Wildcat Band. His favorite sport is swimming, and his pastime is listening to hi-fi records. His favorite popular records are "Jail House Rock" and "Wake Up Little Suzie." James' favorite food is fried steak smothered in onions, with a dessert of ice cream or strawberry shortcake. His favorite subject is band, in which he plays the "slush pump" or trombone to all of you "educated" people. He considers algebra II as the hardest subject he is taking. James' pet peeve is washing his car, then having it rained on a few hours afterward. After graduation, James plans to go to college and major in music. And why shouldn't he? After all, James won the honor last year of being chosen as all-state trombone player from his region. We wish you the best of everything, James, in your future.

Jimmy Weaver is our other senior personality. He is six feet tall, has blond hair and blue eyes. Jimmy's favorite sport is basketball. He was active on the squad last year and plans to be on it again this year. He considers English IV as his hardest subject, with typing being his favorite. Jimmy's favorite food is barbecued chicken followed by a dish of ice cream. Visiting Vernon and listening to records are Jimmy's favorite pastimes, and he stated that his pet peeve was being interviewed for the Wildcat. After graduation, Jimmy may try to find a job in Fort Worth or he may enroll in Midwestern. We want to express our desire for fortune to follow you in your later life, Jimmy.

BAND BEATS All our energy and effort this week have been devoted to pre-

parations for the marching contest to be held in Wichita Falls Nov. 12. Since we have so many new band members, it's a tedious job to learn all the necessary maneuvers and formations required to the precise timing needed to rate high in our field. The free Friday night last week was a help, leaving more time for practice. We're all agreed that regardless of fame or fortune, no band can beat Mr. Hesse's swinging group. We hope everyone enjoyed their part of the marvelous Halloween dance as much as we did. Mr. Hesse, James, Eugene, Noel, Spider and Kerry indeed have a lot to be proud of. The band is planning a big surprise for everyone around. Watch the paper for details.

LIBRARY NOTES Halloween, Halloween. Oh what funny things were seen. Witches, and speaking of witches, did you see the one in the study hall? This particular witch was created by the fifth period librarians to help put over the thought of Halloween and to increase your interest in books. The librarians will take turns decorating the bulletin board for the study hall for the entire school year. We hope that you appreciate all that is being done for the library and study hall.

MEET SHARON WHARTON Monday morning, something new was added to the freshman class. Sharon Wharton, a freshman from Thomas Jefferson High School in Dallas, enrolled here. Sharon lives with her grandparents in Margaret. We would like to welcome you to CHS. Here's hoping you enjoy going to school here very much. They were temperamental — and that is a dangerous sign for one who is sluggish one minute but overly active the next may be suffering from an acute thyroid attack. They were both daring and fearless. For hours they would cling to some perpendicular wall—even they surpassed the most agile trapeze performance for they hung down from the ceiling of the rooms with no net beneath them for protection in case of a fall. They were very impulsive; upon the slightest provocation from anyone that they met, they put up a fight, and what fighters they were! They would jump on the person with all their force—then back off, circle, and attack from another angle! Yes, these invaders were cunning, daring, agile, ferocious. May I introduce these visitors as Mr. Wasp, Mrs. Wasp, and all the little wasps.

Because of the lack of information, this column will not appear this week. PLEASE put some scandal in the scandal locker! Remember that this is your paper. So, if you want a scandal column, you will have to let us in on the happenings that concern you and your friends.

Witches! Goblins! Black cats!! Ghosts! Evil spirits! That's Halloween! Halloween night is the night when all the evil thoughts and spirits prey upon our souls! It's the night when we want to hide—but we can't for ghosts and goblins are everywhere! Was everyone scared last Thursday night—Halloween night? Don't be ashamed to admit it! I was too! Let me tell you the blood curdling experience I had that night. Well, as you know, the Student Council sponsored a Halloween ball. When I heard of it, I thought "Boy, that's great! I can move among all the students everywhere, and I won't even be noticed because everyone will be disguised!" Of course, I wanted to change my appearance a little! So, I decided to go as a cat. Oh, I know I'm already a cat, but I dressed as a black cat. So, off I went to the ball dressed as a mysterious black cat. But wait, I'm going the wrong way, the gym's that way, no it's this way! It was so dark that I couldn't see my paw in front of me! Suddenly, I began to feel very "eery"! Looking around me, I began to see very gruesome shapes and forms. An evil pair of green eyes pierced me as they came closer—closer—closer! I started running, only to run into a floating white object. A ghost! Right then and there I turned from black to white! A bat flew into my face. The eyes came closer. I had to get away! In the distance I saw a dim sticky glow. Smoke filled the air with a heavy choking, evil smell. I ran toward the light! Then I stopped. There, standing in front of me was Hecate and the three weird sisters! They were bending over their pot mixing a tasty stew! Listening, I heard them say, "Bubble, bubble, toil and trouble!" As you have already guessed, I decided to get out of there, but just as I turned to leave, one of the witches grabbed me by the back of the neck and said, "Come on Beelzebub, we're going haunting tonight!" Evidently, the witch had mistaken me (because I was black) for her haunting cat, Beelzebub. Then she crammed me down on her broom and off we went! Up, up up into the spooky night! As we began to level off, I looked down toward the earth. All I could see were the tiny flecks of lights of the homes far away. (What if we had run into Sputnik up there?) Then we began to swoop downward. As we neared earth, the witch swung her broom toward different homes! As we neared the windows, she would scream spine tingling screams; scaring everyone around to death.

Those noises made every hair on my body stand on end. I don't know how long I was on that broom; all I know is, that witch did awful things, like taking candy away from children, scaring old people, and young, and every other thing mean that witches do. Then my chance came. When that mean old witch stopped, I jumped as quickly as I could off the broom and ran and ran and ran. When I got home, I crawled under the bed and there I stayed till the evil Halloween night was over! So long, Tabby.

CHS INVADDED BY VAST HORDE In the age in which we are living, we must constantly be on the alert, for after Sputnik, who knows what may happen next! Not only must we be on the alert from a scientific standpoint, but we must constantly be on the look-out for any threat of invasion. No wonder we were a bit worried when a vast horde descended upon us this past week. A careful study was made of these strangers to determine what we might learn from their way of life. First, we observed their swift-ness. They were here—then there—never seeming to tire, and their speed was known not to be equalled by our own swift runners. Too, they seemed to be controlled by some secret force (perhaps some new kind of wave controlled by Russia) for they were seemingly pulled down by some great force to be suddenly jerked upward. They were temperamental — and that is a dangerous sign for one who is sluggish one minute but overly active the next may be suffering from an acute thyroid attack. They were both daring and fearless. For hours they would cling to some perpendicular wall—even they surpassed the most agile trapeze performance for they hung down from the ceiling of the rooms with no net beneath them for protection in case of a fall. They were very impulsive; upon the slightest provocation from anyone that they met, they put up a fight, and what fighters they were! They would jump on the person with all their force—then back off, circle, and attack from another angle! Yes, these invaders were cunning, daring, agile, ferocious. May I introduce these visitors as Mr. Wasp, Mrs. Wasp, and all the little wasps.

Monday, Nov. 11: Light bread, Dixie dogs, sweet potatoes with marshmallows, cream peas, apple, raisin and celery salad, peach preserves and butter. Tuesday: Corn meal muffins, lima beans and bacon, hot dogs, spinach, fresh tomatoes, chocolate pudding. Wednesday: Hamburgers, tomatoes, lettuce, onions and pickles, fried potatoes, apple sauce cake. Thursday: Light bread, roast and gravy, dressing, creamed potatoes, pickled beets, apple cobbler. Friday: Light bread, salmon loaf, macaroni and tomatoes, English peas and carrots, cabbage and carrot salad, pears.

Most doctors would advise their sons to study medicine but not their daughters. In a recent survey, 60 per cent of the physicians favored male succession but 85 per cent would discourage their daughters.

Life is not so short that there is not time for courtesy. Drive safely!

Riverside MRS. CAP ADKINS

Mr. and Mrs. Louis Pyle and children visited her mother, Mrs. L. H. Hammonds, and other relatives here last week. Mrs. Hammonds and Mrs. Pyle were Wichita Falls visitors one day while here. Jimmy Holland of Fort Worth visited his parents, Mr. and Mrs. Oliver Holland, and family last week end.

Mr. and Mrs. Edward Raska and family of Electra and Leroy Bice of Wichita Falls spent the week end with their parents, Mr. and Mrs. Henry Bice, and Mrs. Mary Matthews and son, Pete, spent the week end with their cousin and family, Mr. and Mrs. Doug Hutchins, of Electra. Mr. and Mrs. Dave Stultz and Billy Doyle visited Sunday and Monday with Mr. and Mrs. Louis Pyle, and family of Floydada.

Mr. and Mrs. Ernest Zacek of Floyd, N. M., visited his parents, Mr. and Mrs. Ignac Zacek, this week. Mr. and Mrs. Loyd Whitten of Crowell visited his parents, Mr. and Mrs. R. G. Whitten, Saturday night.

Mr. and Mrs. Floyd Richter and family of Dallas visited his parents, Mr. and Mrs. Joe Richter, and his sister, Mrs. Jeff Matysek, and family over the week end. Willis Swan spent last week with relatives in Crowell.

Mrs. Monroe Karcher and her sister-in-law, Mrs. H. K. Haseloff, were Dallas visitors several days last week. Visitors in the Herman Schwarz home Sunday were their children, Miss Betty Mae Schwarz of Vernon, Mr. and Mrs. Tony Schwarz and family of Lockett and Mr. and Mrs. Johnnie Zahn and family. Mr. and Mrs. Robert Mobley of Elliott spent Sunday with her parents, Mr. and Mrs. Ignac Zacek. Mr. and Mrs. Ward Kuehn visited her parents, Mr. and Mrs. Eddie Jones, of Vernon Sunday.

Barbara Schwarz of Vernon spent Tuesday with her grandparents, Mr. and Mrs. Herman

Schwarz. Mr. and Mrs. Tommie Locke and daughter spent Sunday with her brother, Raymond Bailey, and family of Chillicothe. Sam Kuehn, accompanied by Mr. and Mrs. Harold Hunt of Thalia, attended singing at the Chillicothe Church of Christ Sunday afternoon.

Mr. and Mrs. Henry Joe Kubicek and her mother, Mrs. Brady, of Quannah spent Sunday with Mr. and Mrs. Jeff Matysek, and family. Mrs. James Bice and children of Dumas, Mrs. Henry Bice, Mrs. August Rummel and LaVoy were all Wichita Falls visitors Tuesday of last week.

Bill Davis of Wichita Falls spent the week end in the Henry Bice home. Mr. and Mrs. Will Hudgens of Falls have been visiting their son, Robert Hudgens, and family the past few days. Mr. and Mrs. Bert Cerveny and girls of Vernon visited her parents, Mr. and Mrs. John Matus, Saturday night.

POOL WAS ALL WET Carthage, Tex.—Having your car in the garage can cause a lot of car trouble Lewis Pool found out. Pool, president of the Carthage Savings and Loan Association, got permission from a friend to borrow his car while Pool's was being repaired. The friend gave Pool the keys and described his automobile. Two hours later Pool was stopped by an officer for driving a stolen car. The auto Pool had been driving belonged to Mrs. Richard Sharpe. That car and Pool's friend's car were the same make, model and color and the same key fit the switch of both cars. The cars had been parked in the same area and Pool took the wrong one.

INFLATION "A few years ago, the biggest prevailing worry was over the possibility of another depression. The situation has radically changed. Today, the most potent fear concerns inflation." — El Dorado, Kansas, Times.

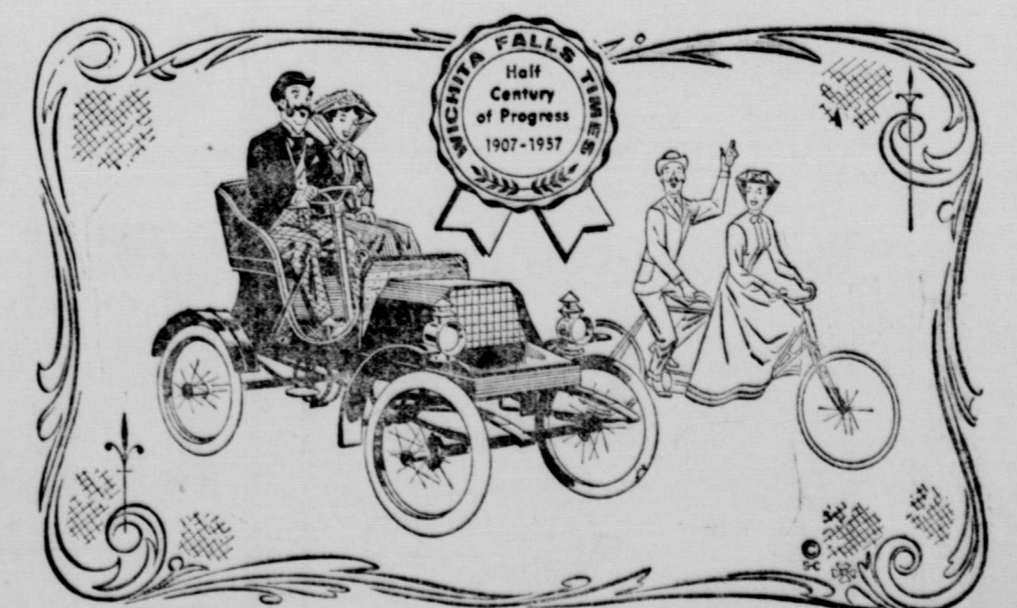

ATOMIC BLAST churns the Nevada desert and rises skyward as "Priscilla" shot of Operation Fiambob, the current series of atomic tests, hurls tremendous forces against a new "ghost town" of shelter structures built as possible prototypes for future blast-resistant buildings and shelters in the more vital target areas. (NTO Lookout Mountain Lab Photo)

COMING THIS MONTH FROM THE Wichita Falls Record News

EXTRA! A letter that will interest every member of your family! ALL ABOUT OUR FALL BARGAIN OFFER for daily mail subscribers in Texas and Oklahoma. (Prices in this offer may be withdrawn without notice.)

We have celebrated our GOLDEN ANNIVERSARY with the kind assistance and interest of the 52,000 families who read the TIMES & RECORD NEWS. It's been a great year. Now we are rolling up our sleeves to do an even better job of serving you in the next HALF CENTURY. We consider you a part of us, and ourselves a part of you — privileged to come into your homes daily with news and wholesome features for every member of the family.

Boxholders will receive order forms through the mail. You can also subscribe through any circulation agent of the Wichita Falls Times and Record News, or leave your order at this newspaper office when you subscribe to your local weekly newspaper.

## ABOUT YOUR HEALTH

A weekly public service feature from the Texas State Department of Health.  
HENRY A. HOLLE, M.D., Commissioner

"Pedodontics" is a big word with a simple meaning—the care and treatment of children's teeth. A major part of pedodontics is preventive dentistry, and preventive dentistry for the very young is the one great hope for a realistic solution to our dental woes.

If a child's teeth are properly cared for up to age 15, a strong foundation has been laid for minimizing dental troubles in later years.

At about 6 months of age the four front teeth—two upper and two lower—begin to peek out. These front teeth are incisors, the cutting teeth. By age 7 to 11 months, four more teeth, upper and lower, start to come in. These are the lateral incisors at either side of the central teeth.

Then Mother Nature wisely skips a few spaces in order to properly shape the jaw. In 12 to

16 months, the back teeth or molars, come in. Then the cuspids show to fill in the space between. At about 24 months, the second molars come in.

Up to this point all teeth which have erupted are primary teeth, and although temporary they are vital. They help shape the face, help the youngster learn to speak distinctly, and help him nutritionally.

While all this has been going on, the permanent teeth are slowly developing in the jaw bone so they can come forth at the proper time.

The first permanent teeth to erupt are molars—sometimes called "six-year" molars—simply because they emerge at about age 6. Because they do not replace the first teeth but come in just behind them, these molars tend to confuse parents who think they are also temporary teeth.

This error can lead to unfortunate consequences. Since the "six-year" molars are permanent teeth, they will not be replaced if lost.

Family dentists strongly emphasize the importance of watching for the six-year molars. They are important to the structure of the mouth. The manner in which they interlock with their opposite teeth will determine the eventual shape of the jaw, facial contour and regularity of alignment of other teeth.

Because of their importance, these first permanent teeth are often referred to as the "keystone of the dental arch."

The strength or weakness of adult dental health—barring loss of teeth through accidents—can invariably be traced to habits of preventive dentistry learned or left unlearned in childhood. And when it comes to preventive dentistry, the pedodontist is a child's best friend.

### Fort Worth Show to Be Produced by Top Rodeo Men

Fort Worth—The 1958 Southwestern Exposition and Fat Stock Show rodeo will be produced by two of the nation's top men in the hooves-n-horns circuit.

Verne Elliott, who for more than 30 years has put on the Fort Worth rodeo, will work with a new partner, Harry Knight of Fowler, Colo., to produce the 1958 show Jan. 24 through Feb. 2.

Elliott, who lives in Plateville, Colo., recently bought a quarter interest in the Cremer Rodeo Co., which also is owned by Knight and Gene Autry, Western movie and television star. Knight, once a champion rodeo bronc rider, and Autry purchased the famed Cremer rodeo stock several years ago.

In addition to the Fort Worth show, the Cremer Co. was signed to produce the annual Madison Square Garden Rodeo in New York, the Boston Gardens Rodeo in Boston and the International Exposition rodeo at Chicago this year.

The Fort Worth rodeo will feature Annie Oakley, the singin', ridin' and shootin' heroine of television.

### MORE TAXES

"... the U. S. Treasury paid \$600 million as interest on the \$23 billion Social Security trust fund invested in federal bonds..." In short, you've paid social security once when you pay your tax—and you pay more on it every time the government pays interest on those bonds!—Summit, Miss., Sun.

### Is Your Car Wrecking the Family Budget?

With an average income of \$5,000 a year, an annual average of 10,000 miles of driving in the family car, the American family may well be kept broke by its automobile, according to the editors of Changing Times, the Kiplinger Magazine in a copyrighted article, "Is Your Car Keeping You Broke?"

A great many families, unaware of what it costs to own a car, are finding that car expenses cause sacrifices and economies elsewhere in the family budget. The actual cost of owning a new car, say the editors, is about \$775 a year if driven 5,000 miles, and about \$952 a year if driven 10,000 miles.

This means that only an above-average income family can drive its car 10,000 miles a year without seriously lowering its standard of living, the editors say.

The only way for the \$5,000-a-year family to keep its auto expenses within 10 per cent of its income is to buy a used car about every four years, and drive it only 7,000 miles a year, according to one government study.

### How to Figure Car Expenses

Whether you are planning to buy your first car, thinking of replacing your car or just driving a car, you should follow these suggestions, the editors say.

(1) Analyze your spending carefully to see just what you really can afford.

(2) Analyze your prospective car expenses accurately to see what you would have to spend.

(3) Keep tabs on actual spending.

(4) Buy transportation, the necessity—not prestige and fashion which are the luxuries.

To figure what it costs to run a car, add up your fixed expenses—annual auto insurance premiums, license fees, property tax, garage and parking fees and depreciation.

When you figure depreciation, remember that cars decline in value at an irregular rate—perhaps

25 per cent the first year, 15 per cent the second and 10 per cent from then on. To get a rough figure for depreciation, take the purchase price of your car, including finance charges. Subtract the probable value at the time you expect to trade or sell. Divide by the number of years you expect to keep the car. Result: the average amount spent each year on depreciation.

The cost of operating a low-priced prewar car comes to about 3½ cents a mile on a national average. That covers gas and oil, maintenance and repairs, and tires.

By adding together the total operating and fixed costs, you can see how much you spend or will spend for your car each year. By dividing that sum by total mileage for a year, you can get your per-mile expense.

Then you'll be in shape to decide whether the amount of spending involved is actually worth what you get in return, what the impact on the rest of your spending is, and how to best adjust that other spending.

### 21.5 PER CENT FOR TAXES

In 1955, according to the Wall Street Journal, 21.5 per cent of the consumer dollar taken in by the private electric utilities went for taxes—national, state and local. By contrast, the tax payments of publicly-owned power operations amounted to only 2.9 per cent. Since that year, the proportion paid by the utilities has substantially increased.

### Game and Fish Federal Funds Show Increase

Excise tax collection on arms and ammunition under the Pittman-Robertson Act providing federal aid in wildlife management programs in the 1957 fiscal year amounted to \$17,314,627, according to a report from the U. S. Fish & Wildlife Service. This is an increase from \$14,302,000 for the 1956 fiscal year. A \$2,693,493 backlog means there now will be available for next year in excess of \$20 million in this federal aid program in the United States.

During the same period of time under the Dingell-Johnson program for fisheries, the amount increased from \$5,149,917 to \$6,404,564.

These amounts will be apportioned to various states, to match funds of the state game and fish departments in studies and development of places to hunt and fish.

Texas last year received \$459,482.95 under the federal aid pro-

## Your Hometown Newspaper

brings shared family enjoyment..

In our modern world, activities that appeal to the whole family are too few and far between. But reading your hometown newspaper is one enjoyable pastime your whole family can share. For it has features for every member of the family—comics and cartoons for the children; sports news and features for growing boys; fashions and human interest stories for teenage girls; international and local news, society, sports, ads, and schedules of events for mother and dad. Emphasizing the family-wide scope of interest of the local newspaper is the liberal space set aside for church and school news of every community.

THE WILDCAT

(Continued from page 2)
I'd better head for cover) is six feet tall, has light blue eyes, and has brown hair. James is the joke editor for the Wildcat, is a member of the annual staff, and is the student director for the CHS Wildcat Band. His favorite sport is swimming, and his pastime is listening to hi-fi records. His favorite popular records are "Jail House Rock" and "Wake Up Little Suzie." James' favorite food is fried steak smothered in onions, with a dessert of ice cream or strawberry shortcake. His favorite subject is band, in which he plays the "slush pump" or trombone to all of you "educated" people. He considers algebra II as the hardest subject he is taking. James' pet peeve is washing his car, then having it rained on a few hours afterward. After graduation, James plans to go to college and major in music. And why shouldn't he? After all, James won the honor last year of being chosen as all-state trombone player on his region. We wish you the best of everything, James, in your future.

Jimmy Weaver is our other senior personality. He is six feet tall, has blond hair and blue eyes. Jimmy's favorite sport is basketball. He was active on the squad last year and plans to be on it again this year. He considers English IV as his hardest subject, with typing being his favorite. Jimmy's favorite food is barbecued chicken followed by a dish of ice cream. Visiting Vernon and listening to records are Jimmy's favorite pastimes, and he stated that his pet peeve was being interviewed for the Wildcat. After graduation, Jimmy may try to find a job in Fort Worth or he may enroll in Midwestern. We want to express our desire for fortune to follow you in your later life, Jimmy.

BAND BEATS

All our energy and effort this week have been devoted to preparations for the marching contest to be held in Wichita Falls Nov. 12. Since we have so many new band members, it's a tedious job to learn all the necessary maneuvers and formations required to the precise timing needed to rate high in our field. The free Friday night last week was a help, leaving more time for practice. We're all agreed that regardless of fame or fortune, no band can beat Mr. Hesse's swinging group. We hope everyone enjoyed their part of the marvelous Halloween dance as much as we did. Mr. Hesse, James, Eugene, Noel, Spider and Kerry indeed have a lot to be proud of. The band is planning a big surprise for everyone around. Watch the paper for details.

LIBRARY NOTES

Halloween, Halloween. Oh what funny things were seen. Witches, and speaking of witches, did you see the one in the study hall? This particular witch was created by the fifth period librarians to help put over the thought of Halloween and to increase your interest in books. The librarians will take turns decorating the bulletin board for the study hall for the entire school year. We hope that you appreciate all that is being done for the library and study hall.

MEET SHARON WHARTON

Monday morning, something new was added to the freshman class, Sharon Wharton, a freshman from Thomas Jefferson High School in Dallas, enrolled here. Sharon lives with her grandparents in Margaret. We would like to welcome you to CHS. Here's hoping you enjoy going to school here very much.

DRAMATIC CLUB MEETS

The Dramatic Club met last Tuesday night in the auditorium. Elizabeth Davis was in charge of the installation of the new officers. "The Spies, Watch Your Cues" was given by Carolyn Monks for the program. New plans were made for the "Tom Sawyer" play, which is to be presented to high school one day next week.

TATTLE TALE

Because of the lack of information, this column will not appear this week. PLEASE put some scandal in the scandal locker! Remember that this is your paper. So, if you want a scandal column, you will have to let us in on the happenings that concern you and your friends.

CAT SCRATCHES

Witches! Goblins! Black cats!! Ghosts! Evil spirits! That's Halloween! Halloween night is the night when all the evil thoughts, and spirits prey upon our souls! It's the night when we want to hide—but we can't for ghosts and goblins are everywhere!! Was everyone scared last Thursday night—Halloween night? Don't be ashamed to admit it! I was too! Let me tell you the blood curdling experience I had that night. Well, as you know, the Student Council sponsored a Halloween ball. When I heard of it, I thought "Boy, that's great! I can move among all the students everywhere, and I won't even be noticed because everyone will be disguised!" Of course, I wanted to change my appearance a little! So, I decided to go as a cat. Oh, I know I'm already a cat, but I dressed as a black cat. So, off I went to the ball dressed as a mysterious black cat. But wait, I'm going the wrong way, the gym's that way, no it's this way! It was so dark that I couldn't see my paw in front of me! Suddenly, I began to feel very "eery!" Looking around me, I began to see very gruesome shapes and forms. An evil pair of green eyes pierced me as they came closer—closer! I started running, only to run into a floating white object. A ghost! Right then and there I turned from black to white! A bat flew into my face. The eyes came closer. I had to get away! In the distance I saw a dim sticky glow. Smoke filled the air with a heavy choking, evil smell. I ran toward the light! Then I stopped. There, standing in front of me was Hecate and the three weird sisters! They were bending over their pot mixing a tasty stew! Listening, I heard them say, "Bubble, bubble, toil and trouble!" As you have already guessed, I decided to get out of there, but just as I turned to leave, one of the witches grabbed me by the back of the neck and said, "Come on Beelzebub, we're going haunting tonight!" Evidently, the witch had mistaken me (because I was black) for her haunting cat, Beelzebub. Then she crammed me down on her broom and off we went! Up, up up into the spooky night! As we began to level off, I looked down toward the earth. All I could see were the tiny flicks of lights of the homes far away. (What if we had run into Sputnik up there?) Then we began to swoop downward. As we neared earth, the witch swung her broom toward different homes! As we neared the windows, she would scream spine tingling screams; scaring everyone around to death.

CHS INVADDED BY VAST HORDE

In the age in which we are living, we must constantly be on the alert, for after Sputnik, who knows what may happen next! Not only must we be on the alert from a scientific standpoint, but we must constantly be on the look-out for any threat of invasion. No wonder we were a bit worried when a vast horde descended upon us this past week. A careful study was made of these strangers to determine what we might learn from their way of life. First, we observed their swiftness. They were here—then there—never seeming to tire, and their speed was known not to be equalled by our own swift runners. Too, they seemed to be controlled by some secret force (perhaps some new kind of wave controlled by Russia) for they were seemingly pulled down by some great force to be suddenly jerked upward. They were temperamental—and that is a dangerous sign for one who is sluggish one minute but overly active the next may be suffering from an acute thyroid attack. They were both daring and fearless. For hours they would cling to some perpendicular wall—even they surpassed the most agile trapeze performer for they hung down from the ceiling of the rooms with no net beneath them for protection in case of a fall. They were very impulsive; upon the slightest provocation from anyone that they met, they put up a fight, and what fighters they were! They would jump on the person with all their force—then back off, circle, and attack from another angle! Yes, these invaders were cunning, daring, agile, ferocious. May I introduce these visitors as Mr. Wasp, Mrs. Wasp, and all the little wasps.

DOCTORS IN THE FAMILY

Most doctors would advise their sons to study medicine but not their daughters. In a recent survey, 60 per cent of the physicians favored male succession but 85 per cent would discourage their daughters.

Life is not so short that there is not time for courtesy. Drive safely!

Riverside

MRS. CAP ADKINS

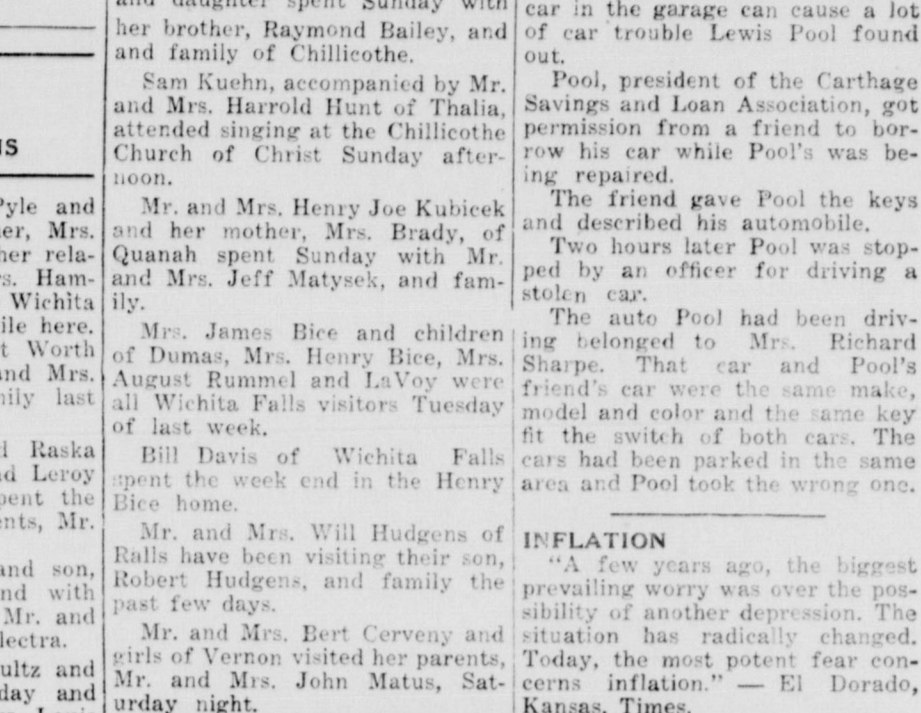

Mr. and Mrs. Louis Pyle and children visited her mother, Mrs. L. H. Hammonds, and other relatives here last week. Mrs. Hammonds and Mrs. Pyle were Wichita Falls visitors one day while here. Barbara Schwarz of Vernon spent Tuesday with her grandparents, Mr. and Mrs. Herman

POOL WAS ALL WET

Carthage, Tex.—Having your car in the garage can cause a lot of car trouble Lewis Pool found out. Pool, president of the Carthage Savings and Loan Association, got permission from a friend to borrow his car while Pool's was being repaired. The friend gave Pool the keys and described his automobile. Two hours later Pool was stopped by an officer for driving a stolen car. The auto Pool had been driving belonged to Mrs. Richard Sharpe. That car and Pool's friend's car were the same make, model and color and the same key fit the switch of both cars. The cars had been parked in the same area and Pool took the wrong one.

INFLATION

"A few years ago, the biggest prevailing worry was over the possibility of another depression. The situation has radically changed. Today, the most potent fear concerns inflation." — El Dorado, Kansas, Times.

ATOMIC BLAST churns the Nevada desert and rises skyward as "Frisella" shot of Operation Fiambob, the current series of atomic tests, hurls tremendous forces against a new "ghost town" of shelter structures built as possible prototypes for future blast-resistant buildings and shelters in the more vital target areas. (NTO Lookout Mountain Lab Photo)

**CARD OF THANKS**

I wish to thank my friends for the cards, visits and beautiful flowers given to me while I was in the hospital. Also thanks to Dr. Kralicic and the hospital staff for all the kindnesses shown me.  
Mrs. Alva Spencer.  
17-1tc

**CARD OF THANKS**

Our hearts overflow with sincere appreciation for all who expressed their love and sympathy in so many comforting ways during our recent sorrow. We are deeply grateful to all of you.  
The Moody Family.  
17-1tp

**CARD OF THANKS**

We wish to take this means of expressing our sincere thanks for all the kind deeds, flowers, food and prayers extended to us during the long illness and at the death of our beloved mother and sister, Mrs. Haynie.  
The Family of Mrs. A. Haynie, Truscott.  
17-1tc

**HOSPITALITY CLASS**

The Hospitality Class of the Methodist Church complimented their vice president, Mrs. Doyle Clayton, with a tea at the Henry Borchardt home on Sunday afternoon. Mrs. Clayton is moving from Crowell in the near future.

An informal hour was spent in visiting and the honoree was presented a gift. Miss Judy Borchardt poured spiced tea which was served with assorted tid-bits.

Members of the class, their teacher, Mrs. J. W. Bruce, Mrs. Grady Adeock and Miss Beulah Patton of Paducah attended.

**Paducah Jaycees to Sponsor Turkey Shoot Sunday, November 10**

Paducah Jaycees completed plans this week for the first annual Turkey Shoot.

The event has been slated for Nov. 10, beginning at 12:30 p. m. and will be held on the C. A. Brooks farm east of Paducah. The farm is one and one-half miles east of Paducah, one mile south off U. S. Highway 70 to Crowell.

Signs will be placed at all intersections, directing persons to the site, said Kenneth Tooley, president of the Jaycees.

Contests will include trap shooting, big bore rifle, .22 rifle, and lucky shot, advised committee-man J. B. Oney.

Each participant will be required to furnish his own gun and ammunition. The arrangement of the shooting area is such that target shooting and trap shooting will take place at the

same time. This is the first turkey shoot to be conducted in Paducah by the Jaycees. Shooters from Crowell, Matador, Childress, Wellington, Memphis, Quanah, Vernon and Mangum, Okla., are expected to participate in the event.

**HOMEBUILDERS' CIRCLE**

The Homebuilders Circle of the Methodist Church met Tuesday night in the home of Mrs. Jack James. The meeting was opened by all members present repeating the Lord's Prayer. A short business session followed.

Mrs. DuWayne Elliott was in charge of the program and used as a basis for her talk portraits of the twelve Disciples. Mrs. C. V. Barker brought an inspiring devotional on "Letting Your Light So Shine."

Mrs. James served refreshments. Miss Jolyne Wallace of Mesdames Travis Vecera, Howard Ferguson, Grady Adeock, parents, the Shelby Wallace

Clyde Eddy, C. V. Barker, Bell, and two new members, DuWayne Elliott and Mrs. James.

Mrs. Clyde Eddy will be here at the meeting Nov. 12.

**REAL COOL CHICK**

Sinton, Tex.—When a gave Mrs. Laura Hollon a in a paper bag, she put it refrigerator, then went down shopping.

Returning a couple of later, she took the sacked out, assuming it was ready to pare for the frying pan.

At the kitchen sink, as moved the fryer from the its head moved and Mrs. saw its eyes wink. The unexpected had happened. The given her a live chicken had survived two hours on

Mrs. James served refreshments. Miss Jolyne Wallace of Mesdames Travis Vecera, Howard Ferguson, Grady Adeock, parents, the Shelby Wallace
