Information Given Two New Foard County Homes

Continuation of a series of news items which has begun in the News last week, the following story gives a description of the new home of Mr. and Mrs. C. M. Carroll and family on North Main Street.

The soon-to-be-completed home of Mr. and Mrs. Hartley of the Vivian community is the remodeling and expansion of the F. B. Thomas home on North Main Street.

The new red brick home of Mrs. Carroll is located north of the highway east of Catholic Church and contains square feet of floor space, two bedrooms, a combination office and guest room, kitchen and den, living and dining room, three baths, utility room, beautiful light-iron grill work separate dining area and living area, large combination room, stone wood-burning fireplace is located on the south wall of the living area. The entrance features tile brick with glass around the door. The house has central heating and cooling. Full-length corner wardrobes are used in the bedrooms for the convenience of furniture placement. The washer and dryer are constantly located in a closet near bedrooms, with the linen closet.

The kitchen and den feature tile covering of birch paneling, the refrigerator and built-in and burners are of matching copper color.

When the Carroll family moved their new home last year, they furnished their house completely with new furniture, except the table they started housekeeping with, and kept for sentimental reasons.

The new ranch home of Mr. and Mrs. Easley contains 2,900 square feet of red brick construction. The house has two bedrooms, a combination living room and dining room, den with wood-burning fireplace, kitchen, utility room and three bathrooms.

Scouts Well on Way to Completing Tenderfoot Skills

Twenty-four boys attended the second meeting of Troop 49 and each moved well on his way toward completing his Tenderfoot skills in Scouting. Thirty boys are now registered with the troop and there is a possibility that the troop will grow in numbers still.

Scoutmaster DuWayne Elliott and his assistant, R. H. McCoy, who on Friday evening of this past week in Vernon completed their Scout Basic Training Course, and Assistant Ray Shirley formed the boys into teams and led them in rope and in memory games that taught the Scouting skills and provided the fun for the evening.

When these boys have completed their Tenderfoot requirements in early April, Troop Advancement chairman Bill Klepper will conduct a board of review to confer this advance. Scoutmaster Elliott stated today that as soon as the Board of Review has reviewed the accomplishments of each Tenderfoot, then a Court of Honor will be held with an invitation to the general public to attend.

Final Product Amazes Most of the World

"Inherent in the works comprising and supporting this political system of ours are the words 'tolerance,' 'differences,' 'persuasion,' 'compromise,' and 'change.' As aptly pointed out the Anvil Chorus might well be our theme song for we do hammer out actually a final product which has been forged together from conflicting public sentiment to the complete amazement of virtually the rest of the whole world."

Jo Wynn Ekern Wins Foard County Spelling Bee

By placing two N's in "suddenness" and also correctly spelling "suspicion," Jo Wynn Ekern successfully captured the Foard County spelling bee held in the CHS auditorium Wednesday of last week.

Jo Wynn, by winning the county spelling bee, earned the right to advance to the district spelling bee against other county winners in Wichita Falls April 18.

In the fourth round of spelling competition, Beverlie Gray of Thalia missed the word "suddenness" by placing only one N for the oral spelling. Jo Wynn correctly spelled the word and under the rules spelled the next word on the list to win the bee.

Her only opponent in the spelling bee was 13-year-old Beverlie Gray, daughter of Mr. and Mrs. Fred Gray of Thalia. Beverlie is a seventh grade student in Thalia elementary school.

Jo Wynn is also a seventh grade student, enrolled in the Crowell elementary school, and is the daughter of Mr. and Mrs. H. N. Ekern of Crowell.

Senator Moffett Urges Help from Local Citizens

The entire spelling bee was witnessed by students of the Crowell and Thalia elementary schools and many adults and teachers as well. Pronouncer for the bee was Grady Halbert and judges were Mrs. L. A. Andrews, Mrs. Percy Taylor and Miss Mayme Lee Collins.

Senator George Moffett, in a letter to his constituents, is asking for suggestions about solving the state's serious financial problems.

The letter follows:
"I would like to have your suggestions about solving the State's serious financial problems. The record-breaking increase in state-wide population adds nearly 100,000 new children to the school rolls each year. This heavy population increase has also overextended our State Hospitals which now have 26,000 patients. The operational cost of the schools and the hospitals rises each year as the population climbs.

Unfortunately, the state's income is dropping. The oil tax has decreased about 45 million dollars during the current biennium. There is little prospect that it will increase in the future. Consequently, our state must find new sources of revenue to replace the oil tax loss and to provide for the necessary increase in the school and hospital expenses mentioned above.

"Recently about 2,000 teachers visited Austin and urged that beginning pay for teachers be raised from \$3,200 to \$4,000 per year and that \$100 be added for each year of experience. Under the law, local school districts will pay one-fifth of this additional cost. If the state grants an increase for teachers, it is right and proper that other State employees also be given an increase. About 8,000 hospital employees now receive only \$150 per month. Last November the people voted for an 8 million dollar addition each year for medical payments to those on old age assistance, which sum must be raised by new taxes. All of these items combined call for the biggest tax bill ever faced by a Texas Legislature.

"What do you think about this tax problem? If you favor the increase, what taxes do you suggest to pay the bill? It should be noted that if the request is reduced by one-half, it will still require the biggest new tax law ever voted in Texas.

"More light is needed on this subject from the folks back home. I would appreciate an expression from you and your neighbors about these matters."

The revival meeting, which began Sunday morning at the Crowell Methodist Church, will continue through Easter Sunday and will be concluded at the evening service Sunday.

Railroad Tax Relief

Senator Javits, of New York, has introduced a bill to assure that tax relief granted by states and municipalities to railroads operating commuter services at a loss would directly benefit the railroads and not be absorbed by increasing federal taxes. This must be done, he said: "If Congress is to meet its responsibility toward solving the current national crisis in railroad passenger service."

Crowell School Field House Extensively Damaged by Fire Last Sunday Night

The Crowell High School football field house was partially destroyed by fire last Sunday night. The fire was reported to Ed Dunn, City Marshal, by Gordon Fish and Charley Gidney, who were riding around by the building about 8 o'clock.

The fire originated in the equipment room and evidently started from a "short" in the electrical wiring.

Commodities Will Not Be Issued This Month

Surplus commodities ordinarily distributed on the third Tuesday, Wednesday and Thursday of each month were not issued this month due to the fact that the commodities were not available through the Lubbock office, Mrs. Mattie L. Carroll, administrator, said this week. It was hoped that a later distribution date during the month could be announced, but it now appears that the Lubbock office will not receive the commodities in sufficient time to allow distribution during the month of March, Mrs. Carroll says.

Unless recipients are otherwise notified, the next distribution date will be in April on the regularly established days.

EDITORIAL

We're Sorry; We Apologize

Somehow—we know not how—we really erred in last week's issue. Perhaps you noticed; perhaps you didn't! Well, the headline that read: Basketball Jackets Awarded the Juniors should have read: Basketball Team Receives Jackets. We do sincerely apologize to the girls for making that error. But such is life—full of mistakes which necessitate many apologies. No one is perfect, but sometimes we treat our fellow man as if we expect him to be perfect. How much better our homes, our schools, our society, our world would be if each put into use the words, "I'm sorry." More homes might be kept together, friendships might be saved, nations might learn to live harmoniously in "one world." Who knows what could happen!

Let's cultivate the use of "I'm sorry" or "we're sorry." Let's really be sorry for the mistakes

that we make; lets let others know we are truly sorry. Will you, our readers, put these words into your daily vocabulary? Perhaps your outlook on life may become a little bit brighter. We challenge you to use them, and if you find it not worth your effort—well, then we'll say, "we're sorry."

FFA Boys Win Awards

Did you see the pennants on the bulletin board in the front hall? Of course you did, for you're not blind! However, our public should be informed of the good work done by our FFA teams who have received awards as follows: First place, land judging, Lower Pease River S. C. D. and fourth place, land judging, Wichita District—Loy Hopkins, Bobby Powers, Duane Nichols. First place, dairy cattle, Wichita District: Ivan Cates, Joe Wheeler, Marion Payne. Third place, poultry, Wichita District: David Powers, Vernon Phepps, Gerald Howard, Dale Henry. We congratulate these boys and their sponsor, Mr. Myers, on the work that they are doing.

Library News

Last week you were informed that the clock bought by the librarians had arrived. Well, it has now been installed on the front wall of the study hall, so there will no longer be any need for punching the neighbors or signaling across the room to try to learn the time of day. We librarians truly hope that you'll enjoy "watching the clock" as much as we enjoyed giving it to the school. This week we are sending our thanks to the Houston Post for the three complimentary copies it sent us of *The Tactful Texan*, a biography of Will Hobbs, a former governor of Texas. The author has been placed on the library shelves with other biographical material. We hope you'll find them interesting reading.

Junior Jive

What would you like to be? What opportunities does the field of your choice offer? What school suits your needs and desires? All of these questions, and more, were answered at the annual Career Conference held in Childress Friday, March 20, for the Junior Classes of this area. The juniors of CHS showed up strong and really enjoyed the day. Dr. Travis White, president of Midwestern University, gave the introductory address, then the group divided into sections suited to individual interests. A barbecue lunch was served by the Childress Chowhounds. At 1 o'clock, the group returned to the auditorium of the First Baptist Church, for a film on college life entitled "Five Worlds." Later, the third instructional group was held, and the representatives from the colleges, armed forces, and training schools offered their time as consultants for the students interested in their school. We left the meeting just in time to catch the firm act of a rain and dust storm, but due to Mr. Taylor's efficient driving, everyone arrived safely back in Crowell. The juniors want to thank Mrs. Halbert and Mr. Taylor for supervising and the school officials for allowing us to attend the Career Conference.

Midwestern University Choir Entertains School
 The Midwestern University Choir, composed of seventy members, entertained our student body on Wednesday, March 18, from 11 until 12 o'clock. William V. Blain, the director, led the choir in three spiritual songs, and then various student leaders directed the choir in different numbers. The choir has been on an extended tour, and we were one of the schools that were fortunate to have them to entertain us.

Dee Ann Christian and Joe Wheeler Are Senior Personalities

Dee Ann Christian is 5' 4" tall, has brown eyes, blond hair, and is nineteen years old. Her favorite meal is southern fried chicken, french fries, lettuce and tomato salad, all topped off with a big piece of chocolate pie. For a pastime, she enjoys being with Billy Ray Dunn, her future husband, and riding around listening to good music. Her favorite type of music is western. The song she likes most is "City Lights," by Ray Price. Speaking of movies, she enjoys a good romantic picture starring Elizabeth Taylor and Paul Newman.

Dee Ann most admires her daddy, Jay Christian, just because he is so good. Her one pet peeve is concealed people. Typing is Dee Ann's favorite subject, and geometry is her most disliked subject. Henry Black ranks as her favorite teacher. Dee Ann is a member of the FFA, of the Library Club, and of the 4H Club.

Her marriage is set for April 17, but Dee Ann will continue school and will finish her senior year. After graduation, we know she will make an excellent housewife. Good luck, Dee Ann and Billy. Joe Wheeler is 5' 9" tall, has brown eyes, black hair, and is eighteen. His favorite meal consists of steak, gravy, potatoes, salad and strawberry ice cream. Joe enjoys just "gadding around" and listening to the radio in his spare time. Country and western style music fill the bill for Joe. He most enjoys listening to the songs of Johnny Cash, who is his very favorite platter maker. His best liked stars are Gregory Peck and Miss Brigitte Bardot. Joe most admires Roxie Adkins for her friendliness. A dog that bites and chases cars is his one major pet peeve. V. A. ranks very high with Joe, but English is pretty low on his list. Mr. Myers seems to be on top as his favorite teacher. Joe has been a member of the FFA and the 4H clubs.

After graduation, Joe would like to attend Sul Ross at Alpine, to major in agriculture. We know whatever you do will be tops. Good luck, Joe.

Roving Reporter's Report

Just to prove how intelligent I am, I forgot to turn in my report last week, so this week I rate two columns. Lo! Did you guess the identity of last week's fashion stars? Miss X was Jeannie Johnson. Mr. X was George Moss. Thanks, you two, for being so well dressed for a week. Miss X for this week started off Monday in an aqua and red checked corduroy skirt and aqua blouse; she chose red earrings to complement the set. A black sweater topped by a wide, white fringed collar and a pair of black suede loafers worn with bobby socks completed her costume. Miss X has a beautiful tooled leather purse that complements all clothes. Wednesday brought her back in black toreador pants, a tan sweater and a white collar. This outfit was perfect for the ball game atmosphere that day. Her choice for Thursday was a gray

cotton jumper, trimmed in black rick, worn with a complementary white blouse. As a member of the dance band, she wore a black skirt and white band sweater for the performance Friday. Can you guess who she might be? Mr. X for this edition is a boy who always looks neat. His usual school outfit is a clean well-fitted shirt, and neat levis which he doesn't wear three feet below the waistline. Mr. X wore a brown and white checked long sleeved shirt Tuesday. Large stripes and long sleeves crated the shirt he wore for Wednesday. That tan shirt that featured a wide print border along the front and collar really made a good Thursday choice. On Friday, Mr. X made his appearance on stage in black ivy leagues and a pretty red checked shirt. Who do you think he is? A few miscellaneous fashions popped up. Judy Johnson has a pleated skirt in green, pink, gray and white that is surely pretty. Jo Frances was wearing a neat olive green corduroy skirt last Thursday. Freddy turned up Wednesday in gray slacks and a red slip over sweater. Jerry Ann has a beautiful blue skirt with a blue floral over-blowse with a tie waist. Gary G., that tan topecot of yours really is a good looking coat. The fashion scene for the past week goes something like this: On Monday, Dale Johnson "shown pretty" in black slacks, a tan vest-style sweater and a tan car coat. As a matter of fact, Dale was well dressed every day last week. Alta Nell was wearing a black skirt, a gold ruffled blouse, black sweater, black flats, and a new "duck tail" haired Monday. David Powers turned up in all black. His shirt featured a gray and white stitching design. Tom Crowell wore black ivy leagues, and a grey knit shirt with black trim that made an easy-to-look-at ensemble. Have you noticed the trend toward monogrammed skirts, blouses, dresses and ties? It adds a pretty and personal touch of interest to any good outfit. Guess that's enough of this. Hope you missed me last week; I missed being in print. Yours in buttons and bows, Roving Reporter.

Miss Jo Helen Aly and Mr. Swink Wed in Brownwood Rites

The Calvary Baptist Church at Brownwood was the scene of a marriage ceremony uniting Miss Jo Helen Aly, daughter of Rev. and Mrs. C. T. Aly of Wichita Falls, to Jordon Wilbur Swink, son of Mr. and Mrs. A. L. Parks of Morse, Texas. The Aly family formerly resided in Crowell when Rev. Aly was pastor of the Crowell Baptist Church.

Rev. Aly, father of the bride and pastor of the Wichita Falls Central Baptist Church, and Rev. Billy Clarke, pastor of the First Baptist Church at Lockhart, were officiants for the Friday evening vows.

The couple knelt on a white satin prie dieu backed with green stock and white satin ribbon which featured two wedding bells suspended from the middle of the arch. The arch was flanked by baskets of white gladioli and chrysanthemums. Tall candelabra held cathedral tapers.

A program of nuptial music was presented by Miss Gloria Pittman of Menard, Texas, organist, and Carroll T. Aly, soloist.

Given in marriage by her father, the bride was attired in a gown of chantilly lace over taffeta fashioned with a scalloped neckline accented with iridescent sequins and pearls. The skirt featured a pleated back with two side panels of ruffled tulle. The short cap sleeves were complimented with lace mitts that came to a point over the hands. Her fingertip veil fell from a crown of pearl leaves attached to a rhinestone band. She carried a white Bible topped with a white orchid and white carnations.

Matron of honor was Mrs. Ronnie Fox of Dumas. Bridesmaids were Mrs. Carroll T. Aly Jr. of San Angelo and Miss Shirley Cearley of Archer City.

The attendants wore identical pastel blue brocade satin sheath dresses featuring a scalloped neckline. Their headpieces were blue satin head bands with scalloped blue tulle veils. They carried bouquets of blue carnations, a deeper shade than the dresses.

Candelights were Billy Ray Guinn of Borger, nephew of the groom and Jimmie Carroll Aly of San Angelo, nephew of the bride. Flower girl was Teresa Guinn of Borger, niece of the groom, and ring bearer was David Lynn

Riverside H. D. Club

A very enjoyable noon lunch was held when a number of the Riverside Home Demonstration Club members gathered at the Riverside school house for an all-day meeting Tuesday, March 17.

It being St. Patrick's day, the color theme, green, was worn by several of the ladies. After the lunch, the ladies discussed ways and means of fixing a club house.

Mrs. Mary D. Brown brought the program for the afternoon on "Property Rights of Women in Texas." There are 44 laws in Texas that discriminate against women, stated Mrs. Brown. The question was asked, "Why do we have so many of these laws?" Mrs. Brown very ably discussed some of these laws. The discussion was very helpful to the ladies.

The president, Mrs. John S. Ray, conducted the business meeting. Mrs. Grove Moore gave the opening program by reading a poem written by Mrs. J. R. Morris of Thalia, who recently observed her 91st birthday.

The club will meet Thursday, April 9, for their next meeting at the school house. Ten members and Mrs. Brown were present.

Mrs. J. M. Marr Honored with Surprise Birthday Party

Nineteen neighbors and friends attended the party and four other ladies called during the day. The group enjoyed visiting and taking pictures. Pictures of the entire group were made as they stood around the dining table which was laden with flowers, gifts and the birthday cake which was made by Mrs. Kenneth Greening and decorated by Mrs. Grover Nichols.

Lovely refreshments were served to Mr. and Mrs. Marr, R. B. Lilly and the following ladies, Mesdames Will Callaway, Glen Fox, T. S. Patton, Clyde Bowley, Will Jones, Chester Hord, Maude Rasberry, Grover Nichols, Milton Hunter, R. B. Lilly, W. B. Carter, C. W. Carroll, H. A. Stinebaugh, J. E. Minor, Silas Moore, Fred Hought, Zola Greening, Johnnie Marr, and Miss Dine Mitchell. The other ladies who called were Mrs. Marie Callaway, Mrs. O. B. Davis, Mrs. Beulah Holcombe and Mrs. Claude Callaway.

Vivian H. D. Club

Mary Brown gave a very interesting talk on "Property Rights of Women in Texas" March 12 in the home of Mrs. Glenn Carroll at a regular meeting of the Vivian Home Demonstration Club.

Roll call was answered by 11 members and one visitor, Mrs. Brown, on "how we can help and encourage our 4H Clubs."

Miss Myrtle Fish brought the opening exercises.

Boxes of clothing were packed to send to the state hospital. They will be delivered by Mrs. Johnny Marr.

Thalia Study Club Meets

Mrs. Billy Hammonds was hostess for the Tuesday Morning Study Club on March 17. Mrs. Billy Johnson gave the opening devotionals and Mrs. Garner Berg led the discussion period on the study, "When Children Ask."

STATE CAPITAL
Highlights AND Sidelights
by Vern Sanford
TEXAS PRESS ASSOCIATION

Austin, Tex.—Stakes are high and playing rough as the tax battle at the State Capitol this spring moves into the "hammer and tongs" stage.

High state officials are laying their cards on the line when they take a stand.

On one side is Gov. Price Daniel, who wants to obtain needed new revenue through a program based primarily on taking over abandoned property, changing the bookkeeping methods a bit and increasing corporation franchise taxes, natural gas taxes and certain selective sales taxes.

On the other side are a number of lawmakers, including House Speaker Waggoner Carr, who calls the governor's plan inadequate. They contend Texas' revenue needs are great and should be "spread thinly" to cause the least injury. Cited as possible solutions by Carr were the nine-part omnibus tax by Reps. R. L. Strickland and Wesley Roberts, or Rep. H. J. Blanchard's 1 1/2 per cent gross receipts tax.

In the News... 30 YEARS AGO

News items below were taken from the issue of The Foard County News of Friday, March 29, 1929:

C. T. Schlagal and B. F. Ivie have both filed for the position of Mayor of the City of Crowell.

D. R. Magee has sold his interest in the Allen Chevrolet Company to C. V. Allen and has opened a cleaning and pressing plant in the Morris Kenner building on the east side of the square.

Mrs. J. F. Long and son, James Everett, returned last week from Covina, Calif., where they have been for several months.

Million dollar rain received in Foard County this week. Slow rain of three days amounted to 2.35 inches Thursday.

J. R. Beverly is in receipt of a set of blue prints that he recently purchased for the type of poultry house used on the Week's poultry farms in California and Wichita Falls.

Mrs. Clint White returned Sunday from Beaumont where she attended the Rebekah Grand Lodge.

Mrs. W. C. McKown and Mrs. L. A. Beverly were in Vernon this week attending the 13th District P. T. A. convention.

Cecil Carpenter of Dayton, Ohio, visited Mrs. L. D. Fox and family this week.

Good gracious, it is now weeks since the first of the year, and some of the movie stars are still using their 1928 marriage licenses.

M. F. Crowell and A. T. Schooley made a business trip to Wichita Falls Monday.

The senior boys gave a picnic Friday night for the senior girls at Speck fishing lake. Besides the senior boys, those present were Blanche Schooley, Leoma Knox, Bernice Webb, Virgie Callaway, Autie Anthony, Elizabeth West, Harriet Evelyn Swaim, Isadore Fisch, Virgil Lyons, Richard Kempf, Jessie Brown, Wayland Griffith and Ernest Spears.

Mesdames Gordon and Alton Bell entertained with a "42" party at the home of the latter Friday afternoon.

Taking part in a "womanless" wedding for chapel exercises Monday morning were Price Lovelady, Dan Hines Clark, Juana Fay Beidleman, Jo Ann Gentry, Charley Boy Thompson, Homer Johnson, Jack Welch, Bill Bell, William Gafford, and the bride, "Miss" Moco Cogdell.

Up to noon Thursday, about \$500 had been pledged by Crowell citizens for the Boy Scout movement being sponsored in this city. Irving Fisch, who faithfully acted as scout master in the past and practically shouldered the entire responsibility of the work himself, resigned from his position a few months ago and a complete new staff of officers must be elected.

The Antelope 4H Club has 12 members with Carl Lawson, president; Hubert Abston, vice president; and Emmet Martin, secretary. Foard City has 18 enrolled with Daniel Callaway, president; Wendell Jackson, vice president; and Norman Dollar, secretary.

Americans Should Be Better Informed on Government
In the opinion of J. E. Corette, president of the Edison Electric Institute, the people of America must become better informed on America's government, business and productivity and take an active and courageous interest in government, if our future is to be as great as our past.

\$11 Billion Paid to Civilian Government Employees in '57
"Pay for the government's 2.3 million civilian employees last year was \$11 billion. That's a lot of employees, and a lot of taxes. Maybe we should tell our voting hunting congressmen it is too much of all three." — Pocomoke City, Md., Worcester Democrat.

Adelphian Club

The Adelphian Club met Wednesday, March 18, for a regular meeting with Mrs. Virgil Johnson as hostess.

Mrs. Bert Ekern presided in the absence of Miss Dorothy Erwin, president.

Mrs. Bill McClain was in charge of the program, and gave a brief review of the life of Earl Nightingale, who has made his fortune and retired at the age of 35. He made the record of "The Strangest Secret," which was played to members. He stresses positive thinking, as everyone is a sum total of his own thoughts. "What you think molds your future, so we must control our thinking. People are born basically good, so where we direct our steps, so shall we be led. For every action, we can achieve nothing without paying a price, so let your mind soar instead of burying itself with worry, as worry can bring on only fear and fear itself is crippling."

Mr. Nightingale's inspiration is taken from the Sermon on the Mount. "Ask and it shall be given, seek and ye shall find, knock and it shall be opened unto you."

Mrs. Johnson served delicious refreshments to 18 members. The next meeting is April 1 with Mrs. Bert Ekern hostess and Mrs. Jiggs Barker program leader.

Farmer's Product Is Vital

"Throughout history farming has been an honorable occupation, and remains so today, even though this is an age of rocket missiles, jets and satellites.

"In spite of all the progress, the farmer's product is still vital, his annual yield mandatory for our survival. Suppose, for example, that all farmers decided to strike during one harvest season, such as some unions do. The population would soon begin to become destitute."—Quarryville, Pa., Sun and Ledger.

America's oldest biblical manuscript has been cherished part of a New York lawyer's collection. It will probably bring many thousands of dollars.

But what is it that makes the Bible truly valuable? Certainly not the paper on which it is written. Nor its antiquity.

The Bible is priceless because it is God's message to us. It tells us where we came from. It tells us why we are here. It tells us how we can be rid of our sins and escape divine judgment. It tells us how we may have everlasting life.

No other volume speaks with the Bible's authority. No other writing bears such clear and unmistakable evidence that it is from above.

This is the reason why the Bible is different from every other book. This is the reason why men have been willing to die for its defense and preservation.

Whoever buys the handful of old pages at the London auction will probably store them safely away in some dark vault. Millions of other copies are just as surely out of circulation, resting on dusty shelves or reposing in attic trunks.

How much do you value your Bible?

"How precious is the Book divine, By inspiration given! Bright as a lamp its doctrines shine, To guide our souls to heav'n."

Home Demonstration Notes

MRS. MARY D. BROWN

There were between 65 and 75 women at our annual Rally Day last week, and I think we all had a good time.

I will be out of the office the rest of this week and all of next week. Will be back April 7 or 8. If you need anything, please call Mr. Burkett and he can get it for you from my office.

Since I'm resigning the last of April we have quite a lot to do. You will probably receive a number of letters between now and then about training meetings, etc. Please try to come to all that you are supposed to attend so that your club will have the necessary information needed until the new agent comes.

Our recipe this week is:

Apple Pie

6 medium size tart apples, quartered, 3/4 to 1 cup sugar, 1 teaspoon cinnamon, 1 teaspoon salt, 2 tablespoons table fat, pastry for 9 inch pie.

Pare, core and slice the apples. Cover with pastry that has a few slits in the center so steam can escape; seal edges. Bake at 425 degrees (hot oven) 40 to 50 minutes, or until apples are tender and crust is well browned.

About Your HEALTH

A weekly public service feature from the Texas State Department of Health. HENRY A. HOLLE, B.S.D., Commissioner of Health.

Let's say you're a member of a neighborhood ladies club. It's your turn to put on the program, and you fret for days trying to wheedle an idea from an unresponsive brain.

Over and over you say to yourself: "If I just had a film to show . . . but where could I get one to interest a group of housewives?"

There just happens to be a public agency that will be happy to help you off the horns of that dilemma you're hung on—you or

anyone else in a similar position. It's the Texas State Department of Health. Or more precisely, the film library of the Department's Division of Health Education, with well over 1,300 films available for free loan to responsible groups such as yours.

The loan business is booming. During December, January and February, health films from the library were seen by an audience of more than 300,000 persons.

Subjects ranged from communicable diseases to good human relations.

Would the ladies be interested in an expert account of how foods should be preserved to avoid the possibility of food-borne disease? Drop a card to the library and ask that "40 Billion Enemies" be booked to you.

On second thought, it might be simpler to call your local health authorities and tell them your plans. Chances are they will as-

sume responsibility for getting the film and supplying a health specialist to make side comments to answer questions after the film is shown.

Perhaps you'd like to show members an approved, step-by-step method of making baby's formula. There's a sequence in a film titled "Linda" to do exactly that.

One of the most powerful films in the library is called "The Wall." It explores the development of prejudices and how it can be communicated to children through parental attitudes.

Most library films are purchased from commercial producers, when one is needed with a strictly Texas application, direct, production members write, division and photograph it themselves.

There are some 20 "home-made" films, all in sound and color, which are in some stage of development right at the moment.

Film library management, as well as other work of the division, is carried out at a single purpose: To teach good health practices.

So the next time you're program chairman, why not write for a catalog of films and order blank?

places and dates. It documents the charges he and others have made, that President Roosevelt "provoked" the Japanese into attacking and that he expected the attack; that British Prime Minister Churchill prolonged the war by unwise political decisions and that he seemed "to lack either the wisdom to recognize his mistakes or the greatness to admit them."
"We won the war militarily," Gen. Wedemeyer said, "but events since then prove that we lost it politically, economically and spiritually."
The question the book leaves unanswered, and which time alone can answer, is whether we have learned a lesson from past mistakes.

Fence Climbers Still Head List of Game Arrests

Trespassing continues the haze of game wardens. There were 59 persons arrested during February for trespassing on private property for their hunting, according to the director of law enforcement of the Game and Fish Commission.

The monthly report showed a total of \$8,184.78 paid in fines for game violations. Court costs amounted to \$483 on the total of 258 arrests made by the wardens.

Night hunting was next high on the list of violations. There were 36 arrests for headlighting.

Fishermen without licenses also came in for 34 arrests, while 27 paid fines for hunting without licenses.

The director warned again about fishing without licenses. "With the advent of warmer weather and more fishing, everyone should be careful about having his license," he said. "A license is required of all fishermen between 16 and 65 who fish outside of their home county, or fish with any kind of winding device anywhere, either in their home county or on the coast."

Licenses can be obtained from so many sources there should be no difficulty in getting them."

The price of the Texas fishing license is \$2.15. This license is good either for coastal or fresh water fishing, or for non-residents who fish in Texas waters.

Foot Trouble?

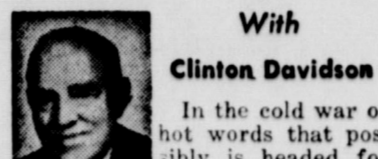

Washington — What this country needs is a better inch. Either that, or Europe needs a better meter. But something has got to be done, or the United States is in for "foot" trouble.

According to Dr. Chauncey D. Leake, new president of the American Association for the Advancement of Science, Great Britain and the United States have diverged in measurements since 1876, when the United States originally defined its inch, foot, and yard in terms of the metric system.

Today, says Dr. Leake, there is a discrepancy of three parts in a million between United States and British measurements of the same thing. In this day of critical measurement, three parts in a million may soon be a big error.

Award Given New Car Dealer for Safety Training

A certificate of merit for lending an automobile in the high school driver training program was received this week by Borchardt Chevrolet Co., authorized new car dealer in Crowell.

The award was made to the dealer by the Texas Automotive Dealers Association, the state-wide association of factory franchised dealers whose members have for more than 10 years loaned cars to high schools for "behind the wheel" driver education. The vehicles are loaned without charge, as a public service.

The local company loaned an automobile to Crowell High School which has instructors qualified to teach the fundamentals of actual driving, as well as the theoretical aspects of proper use of today's modern motor vehicle.

Columbian Club

The Columbian Club met on Wednesday, March 18, at the home of Mrs. Sam Cress. Devotional was given by Mrs. R. J. Thomas on "The Adventure of Prayer." Mrs. Gerald Knox was leader of the afternoon. She introduced Mrs. Bill Tysinger who gave the lesson by showing slides of her trip abroad to England, France and Germany, and many other places. It was a very interesting and educational program.

The hostess served refreshments to 15 members and 2 guests, Mrs. Sam Knox and Mrs. Tysinger. The next meeting will be at the home of Mrs. Grady Halbert on April 1.

No Regard for Individual

"In the socialist type of a planned development the matter is left up to the so-called 'experts.' It is acceptable that these people know best—and any opposition is quickly squelched. All the ideas are carried out without any regard or respect for the individual. This is the kind of system we can't, and won't, allow to happen here." —Dover, Delaware, State News.
