EIGHTH YEAR NUMBER 18

CROWELL, FOARD COUNTY, TEXAS, THURSDAY, OCTOBER 20, 1938

\$2.00 A YEAR EIGHT PAGES

100-FOOT WILDCAT OIL TEST WILL BE STARTED IN SOUTH PART OF COUNTY WITHIN SIXTY DAYS

A 100-acre block of land has been leased in the south part of Foard County by Fleetwood & Company, independent oil operator of Tulsa, Ok., and a 5000-ft. well will be started within 40 to 60 days, it was announced here this morning.

The block is seven miles south of Crowell and two and one-half miles east of Paducah. The well will be located at the southwest corner of the 456 H. & T. C. Railway survey, owned by Ferguson.

GREYHOUNDS OUTCLASSED BY WILDCATS, 19-0

Football players of the Crowell Wildcats tightened their grip on the top rung of the gridiron when they blasted the Throckmorton Greyhounds from the path by a score of 19 to 0 last Friday night before a crowd of approximately 2,000 fans. About 500 Throckmorton fans followed their team to Crowell Friday night.

Pacing the District The surprisingly high score victory Friday night the Wildcats received from the minds of grid fans as they are the teams of the district when they emerged in the melee as the only team to score a goal line has not yet been reached and continue to lead the district in scoring with 118 points.

Page Mr. Ripley The only Wildcat to mark a second conference victory for the season by defeating the Greyhounds, but it also had five "firsts" for the scrapping crowd.

The Wildcats were the first to score in the goal lines of all five of the teams which have met this season. The teams which the Crowell players were the first to cross the Park and Throckmorton. However, if any instances like never happened in the annals of football. It is unusual for a team to go through five games without having its goal line crossed. It is very unusual for any team to meet five consecutive opponents who boasted such a record as then be the first to mar that record.

Defensively the Wildcats have another odd record for fans to gaze on. In the past two consecutive games, the Crowell lads have won their opponents for more than they have made.

The Iowa Park Hawks were the first to score the Wildcat line for yards but were thrown for 73 yards in losses. The Greyhounds were 53 yards from running but were stopped for losses of 72 yards.

Lloyd Fails to Shine The Greyhounds placed their hope in their outstanding back, Lloyd, whom Throckmorton fans would have bet their money on any team in the district.

Hearing word of the heralded Greyhound back, the Wildcats successfully stopped Lloyd to the amazement of the 500 fans who lined from Throckmorton to (Continued on Page Four.)

PRIZE BUNNY

Berry Clark poses with Earl of Crowell, imported angora rabbit and grand champion in rabbit show at Los Angeles county fair. The fluffy angora defeated 3,000 competing rabbits as champion.

Daredevil Coming

Jack O-Diamonds LeDay will be in Crowell Saturday, Oct. 29, with his troupe to present an entertaining and thrilling afternoon to people of this trade territory. The program for the afternoon will be climaxed with his two nationally famous stunts, "The Escape From Death" and crashing through a blazing wall in a speeding automobile.

DICK TODD WINS ADMIRATION OF TCU SATURDAY

In Paul Mickelson syndicated sports column Tuesday, Coach Meyer said, "Our line was a bit too heavy for them, especially with O'Brien tossing such great passes. But, listen, this Todd kid is the best runner we've ever faced."

"Best," Says O'Brien Davy O'Brien gave Todd one of the best compliments the can be given to an opposing backfield man in Flein Hall's sport column which appeared in the Fort Worth Star-Telegram.

The column was headed "Davy Says So: Todd's Terrific." "No man in the world," says the T. C. U. quarterback, "can stand in an open field and tackle Todd. Or even pin him to the side line."

"Among other things O'Brien is as dead-sure a tackler as there is in Southwest football."

"Twice Saturday in the game at College Station Dick left Davy with an armful of air."

"I set myself both times Todd came roaring back of the field with those kickoffs," related O'Brien, "played him as best I could and let fly with my best tackle. One time I touched him."

"Another time I caught him standing still and flat-footed just after he had spun away from another of our guys. I let him have it with all I had. He wasn't knocked off his feet and I had hold of a wild horse. If help hadn't arrived just when it did he'd have been gone for all I had left on one leg."

Many Fans From Crowell Many fans from Crowell traveled to College Station to see the T. C. U.-Aggie tilt and saw Dick Todd play great football even though the team was defeated by a great Horned Frog team.

Todd carried the ball 11 times for an average of 6 1/2 yards per try. He did all the Aggie's punting and hit the hands of receivers three times. He turned in an excellent offensive and defensive game, but as stated in the Wichita Falls Daily Times Sunday morning "Todd Can't Do It All."

Car Accident Fatal to Man Near Paducah

An unidentified man, who had been struck and fatally injured by an automobile, was found lying on State Highway 28 about two miles east of Paducah last Saturday night by Ike Wilson and Whitley Mitchell of Crowell. They rushed the man to Paducah for medical attention but he was dead before a doctor could be reached.

Joe Welch Killed in Car Accident at Sherman Wed.

Joe Welch of Sherman, brother of J. Y. Welch and Mrs. Henry Ross of Crowell, and T. F. Welch of Foard City, was fatally injured in an automobile accident Wednesday. He died in a Sherman hospital Wednesday night at 12 o'clock.

Rally of Methodist Young People to Be at Paducah Oct. 22

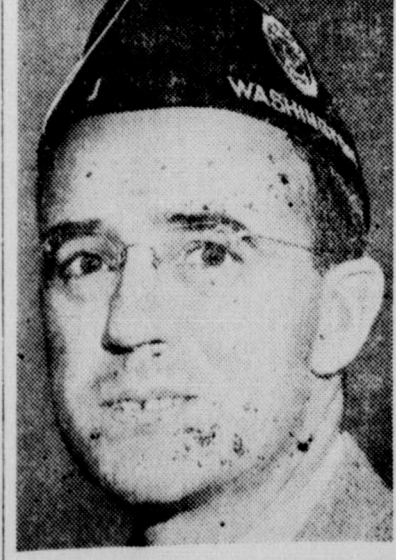

The young people's division of the Northwest Texas Methodist Conference will meet in Paducah as guests of the Methodist Church on Saturday and Sunday, Oct. 22 and 23 for a district rally program with Everett Westbrook, district director, in charge of the two-day session. "Youth and Today," will be the theme of the program.

Saturday—Registration and assignments of homes, 4:30 to 5:30 p. m.; get acquainted period, 5:30 to 6:30; picnic supper, 6:30 to 7:15; "Our Heritage," vesper service, Rev. A. L. Moore, 7:30 to 8:30; cabinet meeting, 8:45 to 9:15; recreation, 9:15 till adjournment. Associate directors, Lula Lee Briggs and Mrs. J. H. Courtney.

New Chevrolet to Be on Display Next Saturday, Oct. 22

The new 1939 Chevrolet will be on display at the show rooms of M. & S. Chevrolet Co., local Chevrolet dealers, on Saturday, Oct. 22. Read big announcement ad on page 3 of this issue.

LEADS LEGION

Stephen F. Chadwick, Seattle attorney, is the new national commander of the American Legion. He was given the high office by acclamation at the annual Legion convention in Los Angeles.

Newspaper Fall Bargain Rates Now in Effect

Fall bargain rates on The Foard County News and daily newspapers of this section are here again and it is always a pleasant task for The News to offer bargain rates with the dailies in combination with the home paper.

The price of The Foard County News during the fall months is reduced each year from \$2.00 to \$1.50 per year and attractive clubbing offers with the daily papers are also made. A clubbing offer with the Dallas Semi-Weekly Farm News is included in the list.

The News is in a position this year, as heretofore, to offer subscribers to dailies in connection with this paper, the accommodation of a 30-day charge account. If a subscriber desires to renew a daily paper with The News, all that is necessary is to phone order to 43J and it will be taken care of promptly. Payment for subscription can be made later, or within thirty days.

FAMOUS DAREDEVIL O-DIAMONDS TO STAGE "ESCAPE FROM DEATH" IN CROWELL SATURDAY, OCT. 29

Jack O-Diamond DeLay, nationally known daredevil, will appear in Crowell Saturday, Oct. 29, in a series of stunts that has made him renowned in every state in the nation and several of the foreign countries, according to an announcement made here Wednesday afternoon. The troupe will arrive in Crowell this week to make preparations for the gala day one week from Saturday.

Escape From Death Jack will give his famous "Escape From Death" stunt, which will mean that he will be trussed up with thirty-five feet of chain and forty feet of rope and locked in a regulation straight jacket, Saturday afternoon.

Crash Blazing Wall The last event planned for the afternoon will be Jack's breathtaking and sensational act of crashing a blazing wall with a speeding automobile (his official car). The wall will be thoroughly saturated with gasoline and will be at a temperature of approximately 1,280 degrees Fahrenheit. The wall will be made of lumber from one of the local lumber companies.

Contests for Everybody Write an essay of fifty words or more naming his official car for safety and his official gasoline, stating why this famed daredevil has chosen said car and gasoline. Bring the essays to The News office not later than October 26.

HOLLIDAY EAGLES WILL MAKE FIRST APPEARANCE HERE IN TILT WITH WILDCATS FRIDAY

Coach Grady Graves' Crowell Wildcats will square off for their second home conference game with the unusually large Holliday Eagles squad on the local gridiron Friday night at 8 o'clock without the services of four of the regular starters. The Eagles will be at full strength for their debut in Crowell as this is their first year in District 10-B competition and the question that is worrying Crowell fans is "can the crippled Wildcat squad cope with the heavier Eagles?"

Regulars Out John Lee Orr, regular backfield man, will be out of the game because of leg injuries suffered in the Throckmorton game last week. Oran Johnson, regular tackle and Charles Branch, regular guard, will not see service because of not making passing marks in their subjects during the past week. Jack Bailey, one of Coach Graves' most outstanding substitutes, was also on the ineligible list for the week.

Hugh Solis, regular guard and valuable utility man, will probably take over Orr's duties in the backfield if he can hurdle the eligibility mark today. If he fails Leroy Gibson will fill that position.

Murphy Solis and Frank Dunn, first year men who have shown very brilliantly this season will fall into the guard slots. Johnson's tackle duties will be taken over by Reid Thompson, another rookie who will get his first real test Friday night.

Eagles Are Big and Rough

The Eagles boast the largest (Continued on Page Four)

Funeral for Thalia Man Held Sunday

Funeral services for Felix W. Tole, 68, were held from the Thalia Church of Christ, Sunday afternoon with G. H. Garner, minister of the Quannah Church of Christ, in charge of the services. Burial was made in the Thalia cemetery.

Mr. Tole succumbed in a Vernon hospital Saturday afternoon after suffering a stroke of paralysis about a week ago. He was buried beside the grave of his wife who died in 1929.

Mr. Tole was a native of Tennessee and had farmed near Thalia in Foard County for approximately thirty years.

He is survived by six daughters, Misses Kittie Tole, Fay Tole, Cora Tole and Lucille Tole and Mrs. May Rector, all of Crowell, and Miss Annie Tole of Thalia; four sons, Walter, Robert, Willie and Horace, all of Thalia; one brother, S. M. Tole, of Thalia; and two grandsons, James Allen Tole and Louis Whitman Tole of Thalia.

IN QUANAH HOSPITAL

Joline Lanier, daughter of J. H. Lanier Jr., underwent an appendix operation in the Quannah Hospital Saturday afternoon. She is reported to be recovering satisfactorily.

SURVEY OF PLAN FOR DAM ON PEASE NEAR CROWELL IS STARTED BY U. S. ENGINEERS

Mapping of Project to Require Period of Six Months

The survey to determine the feasibility of the construction of a \$3,000,000 dam northwest of Crowell on Pease River was started Wednesday by a crew of twenty-three workers from the U. S. Army Engineers headquarters at Little Rock, Ark. This dam would control flood waters of Pease River, a tributary to Red River.

This movement takes the plan from the hands of the directors of the Pease River Flood Control District Committee and the state, as this survey is being made by the federal government, and came as the result of several months' work by the flood control committee.

The survey on Pease River will extend from the mouth of the river to Cactus Creek, and information will be compiled by Lieutenant Colonel S. L. Scott of Little Rock, Ark., district Army engineer, and presented to Washington for final consideration. The project will be undertaken if the survey which will require about 6 months to finish, shows that benefits of the dam would justify the cost of construction. The chief advantages to this section would be through the control of floods. If the dam is constructed an irrigation system would probably be planned and an abundant source of city water would be available.

LAST RITES FOR M. F. MEADORS HELD TUESDAY

Last rites for M. F. Meadors, 67, of Mineral Wells, former resident of Crowell, were held here in the First Baptist Church Tuesday afternoon at 4 o'clock with Rev. W. C. Lewis of Quannah officiating and with Dr. Chancellor, pastor of the First Baptist Church of Mineral Wells, and Rev. W. B. Fitzgerald, pastor of the Crowell Baptist Church, assisting. Interment was made in the Crowell cemetery.

Mr. Meadors died at his home in Mineral Wells, where he had lived since leaving Crowell in 1934, after a long illness. He had been in ill health during the past five years. The body was brought overland to Crowell from Mineral Wells Tuesday.

Active pall bearers were L. A. Andrews, I. T. Graves, John Rator, N. J. Roberts, R. L. Burrow and Ted Burrow.

Flower bearers were Mrs. Verne Walden, Miss Mildred Solis, Mrs. E. W. Burrow, Mrs. E. A. Dugas, Mrs. Malcolm Bryson and Mrs. W. R. Womack.

Mr. Meadors was born near Mt. Vernon, Illinois, Feb. 5, 1871, and lived there until 1887 when he moved to Texas, settling in Howe, Grayson County. He was married to Miss Almada Flowers in 1890 while living in that county, and to this couple five children were born, four of whom survive. One child died in infancy.

Shortly after his marriage, Mr. Meadors moved to Oklahoma where he lived until coming to Foard County in 1902. He made this county his home until moving to Mineral Wells.

Mr. Meadors was converted and joined the Baptist Church thirty years ago.

Survivors include his widow, three daughters, Mrs. Vernon Pyle of Bowie, Mrs. H. R. Zeibig of Crowell, and Mrs. Lottie Addison of Mineral Wells; one son, Ransom Meadors of Crowell; one sister, Mrs. Rose Garrett; two brothers, Orville and Albert of California, and a host of other relatives.

Mapping of Project to Require Period of Six Months

The survey to determine the feasibility of the construction of a \$3,000,000 dam northwest of Crowell on Pease River was started Wednesday by a crew of twenty-three workers from the U. S. Army Engineers headquarters at Little Rock, Ark. This dam would control flood waters of Pease River, a tributary to Red River.

This movement takes the plan from the hands of the directors of the Pease River Flood Control District Committee and the state, as this survey is being made by the federal government, and came as the result of several months' work by the flood control committee.

The survey on Pease River will extend from the mouth of the river to Cactus Creek, and information will be compiled by Lieutenant Colonel S. L. Scott of Little Rock, Ark., district Army engineer, and presented to Washington for final consideration. The project will be undertaken if the survey which will require about 6 months to finish, shows that benefits of the dam would justify the cost of construction. The chief advantages to this section would be through the control of floods. If the dam is constructed an irrigation system would probably be planned and an abundant source of city water would be available.

This is the second survey made for the dam, as a previous examination resulted in an unfavorable report, and engineers have agreed to conduct a more thorough investigation of the proposal.

The survey was planned at a meeting of Pease River Flood Control directors in Wichita Falls last May. The directors are: Dr. H. Clark and M. S. Henry of Crowell; E. R. Brown, Electric; Harry Koch, Quannah; J. H. Allison, Wichita Falls; C. E. Carlock, Chillicothe; and R. H. Nichols and W. H. Wright, Vernon.

Car Stolen in Thalia Found in Ft. Worth on Same Day of Theft

A man was arrested in Fort Worth Monday afternoon on a complaint of car theft. The car was stolen in Thalia Tuesday morning and belonged to a salesman, W. O. Burch of Altus, Okla.

According to reports, Mr. Burch picked a man up on the highway between Vernon and Thalia and stopped in Thalia to call upon a customer, leaving the man in the car with the intention of immediately coming to Crowell. When he returned from the store the automobile and the man were gone. The alarm was spread by Sheriff Amos W. Lilly and the car was found and the man was arrested in Fort Worth only a few hours after the theft.

A release from the sheriff's department here stated that the man charged with the theft was an ex-convict, according to information from the sheriff's department in Fort Worth.

'IDEAL CO-ED'

Miss Mary Grabhorn, 17 years old, of Short Hills, N. J., was chosen as the "ideal American college girl" in a contest which barred all "career girls." Miss Grabhorn, who entered Blue Ridge college as a freshman this fall, was chosen on "avowed pursuit of marriage and a home."

1c Required for 8-Page Edition

When mailing copies of The News to relatives and friends, readers must bear in mind that 1c postage is required for every eight pages. If the edition contains 12 or 16 pages, it is necessary to put 2c on the wrapper. If the proper amount of postage is on the wrapper the paper will reach its destination much sooner than if it is returned for another stamp.

Items from Neighboring Communities

FOARD CITY

Joe Farrar spent last Friday night with Mr. and Mrs. Ernest Patton of Crowell. Mrs. Roy Barker and children, Ruth, Bettie and Roy Fred, of Crowell spent Sunday visiting her parents, Mr. and Mrs. G. M. Canup, and family. D. B. Mooney, Horace Canup and Mrs. G. M. Canup returned home last Thursday from Jonesboro, Ark. Mr. Mooney and Horace Canup had been there working in a lumber camp and Mrs. Canup visited her children, Mrs. Lois Morris and family and Raymond Canup and family. John Todd of Crowell was a business visitor in this community last Saturday and while here visited Mr. and Mrs. M. L. Owens and son, Eugene. Mr. and Mrs. M. L. Owens and son, Eugene, visited Mr. and Mrs. Weldon Owens in the Lockett community Sunday. They report fine feed and cotton crops in that community, Weldon having made a bale per acre on some of his land. Mr. and Mrs. Mark Morris and children, Billie, Gladys and Jo Ann, and Mrs. Ada Morris spent last Saturday night and Sunday visiting Mrs. Mark Morris' parents, Mr. and Mrs. C. W. Sheppard, of Vernon. Mr. and Mrs. Percy Stone and son, Marney, have returned to their home in Kermit after a visit with J. E. Stone and their son, James. Mrs. Elmer Davis and daughter, Rosalyn, of Dallas are here visiting Mrs. Davis' father, J. E. Stone. Mr. and Mrs. Ernest Patton of Crowell spent Sunday visiting Mr. and Mrs. J. L. Farrar. F. U. Powell spent last Saturday night and Sunday in Seymour visiting his mother and other relatives. There were two cases of diphtheria in our school last week, Reese Ann Johnson and Gerald Eavenson. The girls were given the serum and are reported better and will be able to attend school next week. Charles Merriman, bus driver, accompanied by the teachers, F. U. Powell and Miss Delou Caldwell, took all of the school children to Dr. Hines Clark's office on Thursday afternoon to have them given a test serum to see how many were immune to diphtheria. Most of the children had already had the diphtheria serum, and only one girl, who had had the diphtheria serum before, had to be vaccinated again. The teachers and pupils of our school put on a Columbus Day program last Wednesday morning. Mr. and Mrs. Buster Manning and daughter, Carla, of Crowell spent Sunday visiting Mr. and Mrs. J. L. Manning. Ray Canup is able to be up and about the house on crutches some now, after receiving a broken leg about 4 weeks ago. Wheat that was dry sowed before the rain last week is coming up and is very pretty, but farmers fear it may die if it doesn't rain again within the next few days.

Most farmers are very busy this week sowing wheat, and farmers who have cotton are busy gathering their crops while the weather is fair. Mr. and Mrs. James Turrentine of Monahans are here for a two-weeks' visit with Mrs. Turrentine's parents, Mr. and Mrs. J. H. McDaniel, and other relatives. Mrs. Blake McDaniel visited last Friday with her mother, Mrs. C. W. Beidleman, of Rayland. Mrs. Beidleman has just returned home from a hospital in Childress where she received medical treatment and is recovering rapidly. S. S. Mason of Los Angeles, Calif., and Albert Mitchell of Fort Worth spent Monday and Monday night visiting in the home of Mr. and Mrs. G. M. Canup and family. Mrs. J. H. McDaniel and daughter, Mrs. James Turrentine, of Monahans visited Mr. and Mrs. Ozzie Turner of Truscott Tuesday. The W. M. S. met with Mrs. J. Barker Monday afternoon. There were seven ladies present and a very interesting program was given. Wayne Johnson, son of Mr. and Mrs. John Johnson, of Plainview was operated on for appendicitis in a Plainview hospital last Sunday and is reported getting along fine. Mr. and Mrs. Johnson are former residents of this community, having moved to Plainview last winter. Mrs. F. E. Jenkins of Memphis, Tenn., is visiting her uncle, Tom Ferguson, and family.

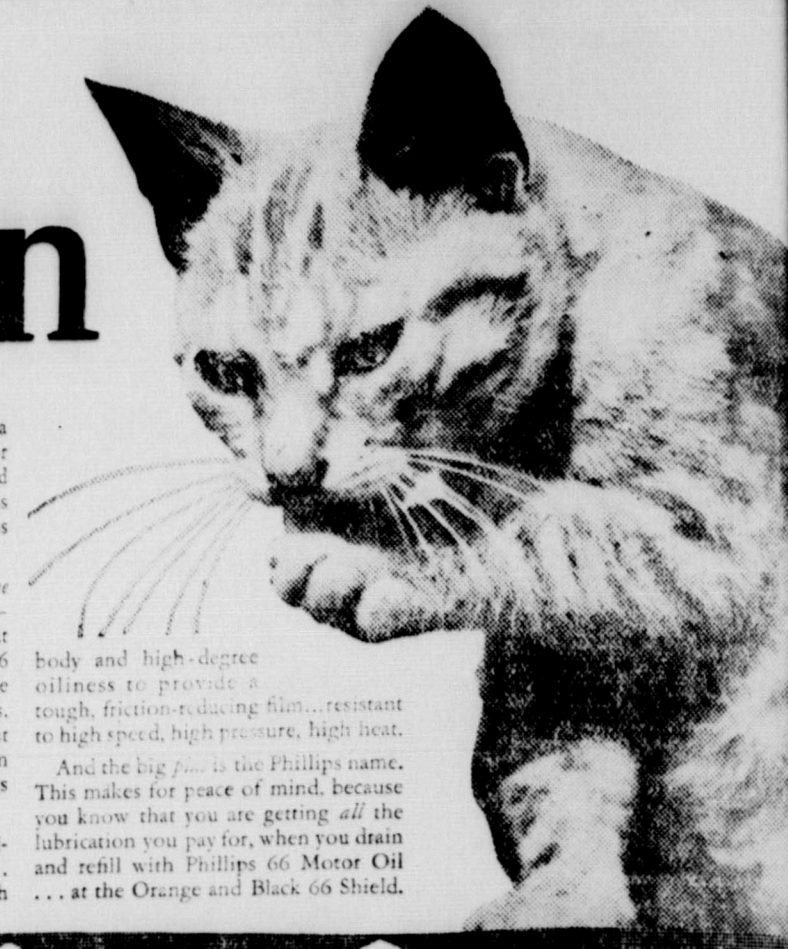

RIVERSIDE

(By Bonnie Schroeder)

Mr. and Mrs. Cecil Daniel announced the birth of a girl Thursday, Oct. 13. The infant weighed 10 1/2 pounds. Virgil Vaughn of Dallas visited R. G. Whitten and family recently. Mr. and Mrs. Johnnie Gamble and Zella Scales visited Jack Miller in a Vernon hospital Sunday. Mr. and Mrs. Jake Simmonds and children of Vernon and Mr. and Mrs. Arlie Cato of Crowell spent Sunday with Mr. and Mrs. R. G. Whitten. Mr. and Mrs. Ernest Cribbs and children of Hess, Okla., visited relatives here Sunday. A number of ladies met in the home of Mrs. R. G. Whitten Thursday to make a quilt for Mrs. Harry Simmonds, who has been ill. Those present were, Mrs. Jack Simmonds of Vernon, Mrs. H. L. Taylor, Mrs. Frank Ward, Mrs. Shirley McLarty, Mrs. Hershel Butler, Mrs. Loyd Whitten, Mrs. Otto Schroeder, Misses Emma and Bonnie Schroeder and Mrs. Whitten and Mrs. Simmonds. Faustina Haynes of Vernon is spending several days with her grandparents, Mr. and Mrs. R. F. Derrington. Lee Hembree and family of Sunday spent the week-end with his parents, Mr. and Mrs. S. H. Hembree. Miss Mabie Fox spent the week-end in the home of Mr. and Mrs. T. M. Haney of Vernon. Richard Johnson is ill. Miss Viola Ramsey, who is employed in Vernon, spent the week-end with her parents, Mr. and Mrs. Cliff Ramsey. Miss Helen Zaack, who is employed in Electra, came Sunday to visit her parents, Mr. and Mrs. Ignace Zaack, several days. Mrs. E. V. Halbert of Foard City spent Thursday with Mrs. Grady Halbert. Mr. and Mrs. Grady Walker entertained with a bridge party in their home Wednesday evening. Three tables of bridge were in progress during the evening. Mrs. Cato and Joe Johnson were awarded prizes for high and low score, respectively. Those present were: Mr. and Mrs. Loyd Fox and Mr. and Mrs. Willie Cato of Thalia, Mr. and Mrs. Joe Johnson, Mr. and Mrs. Ransom Walker, Mr. and Mrs. Ira Tole, Mr. and Mrs. Grady Halbert and the host and hostess. Mr. and Mrs. Roy Smith visited her sister, Mrs. Ben Bradford and family, Tuesday night while en route to Norman, Okla., from Miran Mines, Ariz., where he has been employed. Edwin Buckheart of Bristol, Tenn., who has been visiting in the C. W. Beidleman home, left Tuesday for El Paso. Mr. and Mrs. J. F. Huchingson and daughters of Overton visited her parents, Mr. and Mrs. R. L. Rhey, here and attended the funeral of his father, J. F. Huchingson Sr., in Vernon Wednesday. They were accompanied home by Mrs. Huchingson, who will establish her home with them. Mrs. Willie Pearl Davis and son of Childress spent the week-end with her parents, Mr. and Mrs. R. F. Derrington. Mr. and Mrs. J. L. Grisham of Quanah visited their daughter, Mrs. Judy Tole, and family, Sunday and attended the funeral of F. W. Tole. Mrs. C. W. Beidleman returned home Tuesday from Childress where she received medical treatment. Mr. and Mrs. Lee Bradford and daughter, Phyllis Ann, and Mr. and Mrs. Curtis Bradford and William Bradford of Margaret visited Mr. and Mrs. Ben Bradford Monday. The Lee Bradford family are formerly of El Paso and he has come to Abilene while his family remained at Margaret to visit relatives. Mrs. Willie McElroy of Thalia spent Sunday night with Miss Bonnie Schroeder. They accompanied a group of Luther League members and guests of the Peace Lutheran Church of Lockett to Electra for a winter roast in the City Park Sunday evening. Mr. and Mrs. Hibit Grisham of Byers and Odie Tole of Vernon attended the funeral of F. W. Tole Sunday and spent the night with Mr. and Mrs. Sam Tole. Mr. and Mrs. Grady Walker and son left Friday for Mission where they plan to spend the winter. They were accompanied by Aubrey Simmonds. Miss Luella Tole of Crowell spent Tuesday night in the home of Mr. and Mrs. Tom Ward. Mrs. G. W. Scales visited Mrs. Wayman Miller of Thalia Sunday. Edgar Allen Johnson of Thalia spent Sunday in the Cap Adkins home. Mrs. R. G. Whitten, Mrs. Loyd Whitten, Mrs. Frank Ward and Misses Emma and Bonnie Schroeder attended the cooking school in Crowell Wednesday afternoon. Felix W. (Bud) Tole, 68, passed away Saturday afternoon in a Vernon hospital following an illness of 10 days duration. Funeral services were held in the Thalia Church of Christ Sunday afternoon with Rev. Garner of Quanah officiating. Interment was in the Thalia cemetery near the grave of his wife, who preceded him in death by 19 years. Pall bearers were: Luther Ward, W. H. Bankster, Walter Johnson, R. F. Derrington, Frank Ward and Eli Stewart. Flower bearers included Misses Johnnie Ruth Wisdom, Mary Ruth Adkins, Rudell Blevins and Quinton Rice. The Gray & Frost Funeral Home of Vernon was in charge of arrangements. Mr. Tole is survived by 6 daughters and 4 sons: Mrs. May Rector, Walter Tole and Misses Katie and Lucille Tole of Crowell, and Robert, Faye, William, Cora, Annie and Horace Tole, who reside at the family residence on the Luther Ward farm in the east section of the Riverside community. He is also survived by two brothers, Sam Tole of Riverside and George Tole of Oklahoma City.

BLACKSMITH ACETYLENE WELDING ELECTRIC WELDING DISC ROLLING PLOW WORK Prompt Service. Prices Right Q. V. Winningham

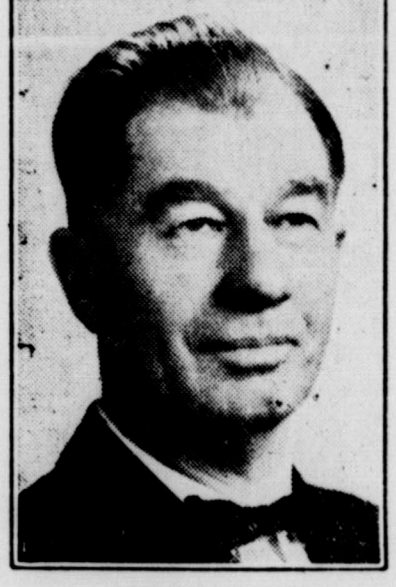

Clean as a Kitten

AS IF IT HAD NINE LIVES, a clean, correctly lubricated motor keeps going mile after mile, and year after year... with less fuss and noise, and fewer costly visits to the repair shop. The dictionary says that refine means 'to purify, to cleanse' - which gives you an idea of what we do to produce Phillips 66 Motor Oil. Out go destructive impurities and harmful elements. Out goes wax, to insure free, fast flow in winter. Out goes gum which might make piston rings stick. What remains is a great lubricant... 100% Paraffin base... 100% Phillips value, with rich body and high-degree oiliness to provide a tough, friction-reducing film... resistant to high speed, high pressure, high heat. And the big plus is the Phillips name. This makes for peace of mind, because you know that you are getting all the lubrication you pay for, when you drain and refill with Phillips 66 Motor Oil... at the Orange and Black 66 Shield.

FOR A Clean Motor

Completes 19 Years' Service As Head of John Tarleton College

J. THOMAS DAVIS

Stephenville, Texas, Oct. 8.—Friends of J. Thomas Davis, in all parts of Texas, and more especially in West Texas, are congratulating him on the beginning of his 19th continuous year as Dean of John Tarleton College. Davis took the administrative head of the school in 1919 soon after it was made a part of the system of higher learning of the State school system. When Davis came to Tarleton in 1919 the school had a student body of 300 and limited facilities on the campus for taking care of class room requirements and other demands of the institution. Today he can look back over the 20 years of his service and count many improvements, among them a long list of modern dormitories for young ladies and a boys dormitory that is the last word in comfort and convenience. The physical value of the buildings and equipment on the Tarleton College Campus is conservatively estimated at \$1,250,000. The student body has increased to a regular term enrollment of 1,200. The student loan fund at Tarleton, made possible by a grant of \$75,000.00 by John Tarleton, founder of the school, and which is administered by Davis, is something that gives him an opportunity to place hundreds of young men and young women in school each year. Many a student, who would otherwise be unable to secure the advantages of higher education, has come to Tarleton directly because of the fact that Davis worked out a plan whereby a loan could be extended. It is on the basis of these accomplishments, as well as the character and ability of the man, that friends are taking the opportunity to urge his appointment as president of Texas Tech, many of these volunteer endorsements coming in during the past three months, while felicitations were being extended on the occasion of his 20th year as head of the Stephenville school. QUESTIONS AND ANSWERS 1. In what country is the city of Munich located? 2. For what is Uvalde, Texas, known in the news? 3. For what is Errol Flynn known in the news? 4. What is an Armadillo, a type of a house, a musical instrument or a racing boat? 5. In what state is the city of Pawtucket located? 6. Of what state is William Gibbs McAdoo a senator? 7. In what state is the Fort Peck dam located? 8. Of what state is Herbert H. Lehman governor? 9. What term as governor of New York is Herbert H. Lehman now serving? 10. What well known man have the New York Republicans nominated for governor? (Answers on page 3).

Your Horoscope

October 18, 19—Your determination to have your own way often borders on obstinacy. You have strong home inclinations and want your home to be beautiful. You resent interference with your work and do not take kindly to dictation. You are quick to cover your mistakes with a plausible way. You are convincing in your arguments. October 20, 21—You are a materialist. You know how to direct others but as a leader you want everything your own way and are willing to take all responsibility if the project fails. You lay your plans with great care and usually succeed. You are a poor loser and show irritability in failure. If allowed to pursue your own course you usually come out all right. October 22, 23—You are a very eloquent talker and do not waste words in idle gossip. You have a lot of push and things move fast

INTERESTING FACTS OF THIS AND THAT

Among human beings only one per cent in 20,000 live to reach the century mark. The first steam engine was made to pump water out of a mine. The termite or white ant is considered the hungriest known insect. Spiders possess from two to eight eyes. Asbestos was used as a fire resisting fabric in ancient Rome. The necessity of crop rotation was first noted by a Scotchman in 1777. Alfalfa was grown in Greece as early as 470 B. C.

SAFETY SLOGANS

Seventy-three persons are every day in falls in the U. S. Many of these occur on stairs that are poorly lighted and obstructed by having things piled there. When driving on a country road every side road holds possibility of danger. Many foolish cars will drive out from a side onto a highway without stopping. Remember it's always dangerous for children to play in the street. Approximately 70 persons their lives every day in accidents. If you ride a bicycle at night be sure to have a head light and a tail light. Remember if you not a car coming up behind may not see you if the driver blinded by the lights of a car coming from the opposite direction.

Two Minute Sermon (By Thomas Hastwell)

Mountain Top Experiences: One day, as he journeyed with his disciples, Christ called aside from the rest, Peter, James and John and took them with him up into the mountain where they were permitted to witness his transfiguration. Just why these three and no others were allowed this privilege is not known. There are many today who never climb the mountain of transfiguration, who never really see Christ transfigured in their lives. They never come to know him in his full power and beauty. On the other hand there are others who have many mountain top experiences. They see vividly Christ, a young man, turning his back upon Satan and the world, they see him restoring sight to the blind, and causing the lame to walk. They see him healing the leper, and transforming completely the lives of sinful men. They see him accept the cross and pay the great price of man's redemption. They have tarried with him on the mountain top, they have witnessed his transfiguration.

THIS WEEK IN HISTORY

October 16—John Brown's raid on Harper's Ferry, Virginia, his band killed 5, 1859. Anaesthetic first used in surgery; ether, in Boston hospital, 1846. October 17—Burgoyne surrenders at Saratoga, 1777. First trans-Atlantic radiogram dispatched, 1907. October 18—Alaska ceded to United States, 1867. Helen Hurst Jackson, American author, born, 1831. October 19—Martha Wayles, wife of Thomas Jefferson, born, 1748. Cornwallis surrendered at Yorktown, 1781. October 20—First "Model A" Ford car built, 1927. Spain ceded Florida to United States, 1820. October 21—Edison invented incandescent lamp, 1879. Pro-slavery demonstration held in Boston, 1835. October 22—The Metropolitan Opera House opened at New York City, 1883. Raymond Hitchcock, American actor, born, (Zeigfeld Folios 1821), 1865.

WHAT WE THINK (By Frank Dixon)

It was with a distinct feeling of relief that the world received the news flashed over the air at the close of the conference of the four leading powers of Europe that a peaceable solution to the European situation had been arrived at and that war had been averted.

HOUSEHOLD HINTS

Use a tablespoonful of salt in your starch and it will not stick to your iron. It will also preserve colors in clothes. A little salt added to the whites of eggs in beating will make them froth quickly. A strong strained tea infusion added to the last rinsing water strengthens faded pongee. Add a little sugar to sauerkraut when cooking, it improves the taste. A road covered with loose gravel is always dangerous. A smart driver doesn't need caution signs to tell him that such a road is dangerous.

VIVIAN (By Rosalie Fish)

Mr. and Mrs. W. W. Stapp of Amber, Okla., visited last week in the home of their daughter, Mrs. Oscar Nelson, and family. Mrs. E. T. Evans is visiting with her daughter, Mrs. Ernest Lee Thomas, of Lockney. Several from this community attended the Crowell-Throckmorton football game at Crowell Friday night. Mrs. Weldon Burleson and daughter, Rita Ann, and son, James Davis, returned to Quannah Friday after spending the past two weeks with her mother, Mrs. B. W. Mathews. Born to Mr. and Mrs. Ernest Lee Thomas of Lockney, a 7 1/2-pound boy, Billie Norman. Mrs. Thomas was formerly Miss Minnie Faye Evans of this community. Marvin Stapp of California visited his sister, Mrs. Oscar Nelson, last week. Several ladies of this community attended the cooking school at Crowell Wednesday, Thursday and Friday of last week.

Lindsey, Mrs. Clyde Bray and Miss Minnie Wood visited Mrs. C. W. Beidleman Sunday, who has just returned from Childress, where she received medical treatment. D. T. Jobe left Sunday for Dallas where he will receive medical treatment for several weeks. He was accompanied by his wife and Mrs. Maggie Hammonds and Mrs. Bill Hammonds, who returned home Monday. Willie Cato and family visited relatives in Electra Sunday. Miss Mary Ruth Adkins of Vernon visited her parents, Mr. and Mrs. M. C. Adkins, here last week-end. Mrs. A. R. Abbott of Lubbock visited her brother, J. L. McBeath,

I feel that when things settle back to normal the world will realize that Hitler has won again. I also feel that the settlement proposed marks the beginning of the end of Czecho-Slovakia, since in the country loses the fortifications that have been set up on natural boundary, it loses much of its natural resources and suffers a severe blow to its economic status and its morale.

In the parley's decision a new precedent has been established that the rights of a single nation are subservient to the cause of peace, regardless of their merit. The matter, as it appears to me, is based purely upon the question of material values. In other words it was less costly to the economic order of the day to destroy Czecho-Slovakia than it would have been to plunge a continent into war.

I have faint hopes that the outcome of the parley has done anything more than postpone war, unless the settlement establishes a precedent for future solutions of like situations and demands. I base my conclusion on two facts: First, the security of Hitler depends upon his dangle before his people the idea that he is a super man, that what he wants he gets for the German people. Such a position is not held except by a continued policy of reaching out and adding more and more to the empire. When he ceases to do this his star will begin to wane.

Second, there is Hitler's own statement in his book, "Mein Kampf." In this he says in substance that it is his ambition to dominate completely Europe and eventually place the entire world under Germany's subjection. I believe this to be an obsession.

ANSWERS

- (Questions on page 2). 1. Germany. 2. It is the home of Vice President John Nance Garner. 3. He is a movie actor. 4. It is a small animal. 5. Rhode Island. 6. California. 7. Montana. 8. New York. 9. Third. 10. Thomas E. Dewey.

tion with him. I believe that given the power and opportunity he will not stop at anything to attain this end in its entirety. I believe that the balance of Czecho-Slovakia will follow the acquisition of the Sudeten area as well as other small states of that region and as well as the colonies lost in the world war. It was less difficult to sacrifice

Czecho-Slovakia than it would have been any other area. No one desires this territory except Hitler. The difficulty will come when Hitler reaches out to take other territory in which Russia or England has an interest. It will be interesting to note if the precedent established in the recent conference will then be made to apply.

THE Foard County News

T. B. KLEPPER, Editor-Owner HENRY ASHFORD Reporter and Sports Writer

Entered at the Post Office at Crowell, Texas, as second class matter.

Crowell, Texas, October 20, 1938

Yet I am the Lord thy God from the land of Egypt, and thou shalt know no savior beside me.—Hosea 13:4.

When the Romans destroyed Carthage they disposed of all of the inhabitants of the city, burned and leveled all of the buildings, and then plowed the site of the city and sowed it to grass. The advantage in the method used by Rome, when it came to conquering a warlike nation, over the plan in use today is that it was not necessary to go back twenty or thirty years later and do the job over again.

In view of the proposal to put into operation in California the plan to pay \$30 every Thursday, it has been suggested that the national anthem be changed to "California Here We Come."

Hitler, it appears, made some rather generous concessions in the matter of taking Czechoslovakia. Instead of taking what he wanted of the country he merely took what he wanted.

The only right that a dictator is bound to respect in another nation is a bigger army and navy and air force. This is the only diplomatic language that the dictator understands.

Since the war to end all wars was fought twenty years ago 2,500,000 people have been killed on battle fields. In the same time 500,000 persons have been killed in traffic accidents.

The difference between a young person's point of view and an old person's point of view is fifty years of experience in the world.

The world has no use for the loafer and the idler. No one cares to have him around or listen to what he has to say.

The democracies of the world came out second best in their recent bout with the dictatorships of the world.

There is also this to say for the straight and narrow way. One doesn't meet any drunken drivers.

DOMINATION BY FORCE

In one of his speeches during the crisis over Czechoslovakia Premier Chamberlain of Great Britain made a statement with which most persons could agree. He said:

"If I were convinced that any nation had made up its mind to dominate the world by fear of its force, I should feel that it must be resisted. Under such domination the people who believe in liberty would not feel life worth living.

A few hours after making that speech, however, Mr. Chamberlain became a party to the Munich agreement, which permitted Germany to seize a portion of Czechoslovakia. And that agreement was undoubtedly made because of Germany's threat to use force.

It is natural to inquire whether Mr. Chamberlain believes that Hitler will be satisfied with his latest success in the annexation of territory under such threats. There is nothing in Hitler's past record to indicate that he will be satisfied with anything less than complete domination of Europe. The fact that Britain and France have not opposed force with force so far will surely encourage Hitler's ambitions for more and more territory and power.

While the fact that war has been averted for the present is a relief to all concerned, there is no assurance of lasting peace. That is, unless Hitler is to be permitted to take whatever he wants whenever he wants it.

MRS. HOUDINI GIVES UP

After more than ten years of futile efforts to make contact with the spirit of her dead husband, Mrs. Harry Houdini, widow of the famed magician, finally announced a few days ago that she had given up trying to communicate with him.

During his lifetime, Houdini scoffed at spiritualism, and exposed many deceptive tricks of spiritualists. Before his death in 1926, however, he made an agreement with his wife to try to make contact with her through a spiritualistic medium.

In pursuance of the experiment Mrs. Houdini took part in many seances, and at one time it was reported that she thought the effort had been successful. She later repudiated this, but continued to attend the seances. In her recent statement she said: "I tried to contact Harry for ten years after his death and nothing happened. After the last seance almost two years ago I stopped trying."

This is one of many instances in which persons have agreed to make such experiments, and some have claimed success in establishing communication with spirits of the departed. But none of these claims has stood up under scientific scrutiny.

Holiday Eagles—

(Continued from Page One)

team in the district and from account of their past two games they are not to be dealt with lightly. At the first of the season, this game had the appearance of being a "breather" for the Gravesmen before tackling their old rivals, the Burk Burnett Bulldogs, in the kennel the following Friday. Suddenly, with the Eagles improving with every game and the Wildcat team being crippled with an injury and ineligibilities, this game looms in front of the Crowell boys as being a tilt that will be as hard to win as any of their past conference games.

Wildcats Outweighed

Holiday will place the heaviest team to face the Wildcats on the field Friday night. The eleven starting Eagles will tip the scales to a total of 1,700 pounds, which is a lot of "beef" for any class B team, for an average of a fraction under 163 pounds per man. Whereas, the Wildcats turn in a total weight of 1,689 pounds for an average of 153 pounds per man, or the Crowell crew is outweighed 101 pounds.

In the line the Wildcats are outweighed four pounds to the man. The Eagle linemen will average 162 pounds and the Wildcats 158 pounds. This means that the Holiday line is 26 pounds heavier than that of Crowell.

The Crowell backfield is sadly outweighed as it lacks 76 pounds totaling as much as the Eagles. Holiday's backs will average 163 pounds per man and the Wildcats turn in an average of 145 pounds.

Had this been the first game of the season without comparative scores to base the strength of the teams, Holiday might have been given the edge over the Wildcats, but with the records of both teams for the first half of the season, Coach Graves' cohorts are given the nod by the district's football deponents.

At present, the Eagles have broken even on their season's record, won two, losing two and tied one. They hold sixth place in the conference standing at present with an average of .333 per cent, and the Wildcats are tied for first with the Bulldogs.

The Eagles dropped their first conference game to Seymour, 38-0, and then beat Archer City, 20-0. In their game last Friday, they held the strong Iowa Park Hawks to a 7-0 victory.

Excellent Record

The Crowell team has won all five of its games this season and has not yet had its goal line crossed. The Wildcats have rolled up 1,010 yards from rushing while holding their five opponents to 446 yards, and have completed 37 passes for 720 yards. Their opponents have completed only 29 passes for 259 yards. The Wildcats have thrown 43 incomplete passes and had three intercepted. Their opponents have thrown 60 incomplete passes and have had 12 intercepted. The Crowell boys lead their opponents in first downs, 69 to 29.

Greyhounds—

(Continued from Page One)

see him humble the Wildcats. The Crowell defense, bottled him up so completely that he lost more yardage than he gained.

Aimed for Victory

The Throckmorton team and fans came to Crowell with the expectation of taking back a victory over the Wildcats and, backed with their good record, it seemed a "sure thing" for the Greyhound backers, whose hopes flew high when the Throckmorton boys defeated the Iowa Park Hawks, 7-0, last week.

Scores Early

Joy of Crowell took the opening kick off on the 5-yard line and returned to his own 36 before being downed and from that point, to the bewilderment of Greyhounds and their fans, marched 64 yards for the first score in seven plays, one on which Crowell was penalized 5 yards for off-side.

On their own 36-yard marker,

John Lee Orr and Raymond Joy picked up ten yards and a first down on the 47, and on the next play Orr made 2 yards but Crowell drew an offside penalty. After a 2-yard gain by Joy, Bernice Fitzgerald passed to Wayne Canup for a gain of 25 yards to the Throckmorton 29. Que Meason scooped up his own fumble about 10 yards behind the line of scrimmage and made his way down the field, behind excellent blocking, to the Throckmorton 5. On the following play, Joy slipped through right tackle to be the first player to cross the Greyhounds' goal line for this season. B. Fitzgerald put his place kick between the uprights to set the score at 7-0 before the opening whistle had hardly faded out.

Strikes Second Blow

After an exchange of punts Crowell took possession of the ball on Throckmorton's 42-yard marker and drove down for its second touchdown. On two plays, Joy and Meason placed the ball on the 30-yard line with first down. Joy dropped back and shot a long pass to Canup, who was down under the throw, but failed to catch the ball because of interference and the Wildcats were given possession of the pigskin on the Greyhounds' 3-yard stripe. On the next play, Meason circled wide around left end to again cross the Throckmorton goal line. B. Fitzgerald's place kick was partially blocked and was not good.

Two Scoreless Quarters

The second and third quarters were scoreless with the Wildcats soundly outplaying the Greyhounds in the second but being

PROBABLE STARTING LINE-UP

Table with columns: No., Name, Position, Wt., HOLIDAY, No. Rows include B. Fitzgerald, Gafford, Dunn, J. Fitzgerald, M. Sallis, Thompson, Canup, Joy, Meason, Gibson, Owens.

Linemen—H. Sallis 140, 73; Johnson 167, 77; Branch 147, 83; Bailey 160, 97; Mitchell 154, 60; Clark, 90; Diggs 154, 67; Russell, 132; Saunders 134; Briscoe 138.

Backs—Orr 85, 140; Smith 170, 89; Brown 121, 35.

Holiday Reserves

Linemen—Ford, 165; Miller, 170; Jones, 150; Murphy, 150; Dalton, 165; Harrison, 160; Stark, 155; McCullough, 140; Finnell, 135; Darden, 140; Newberry, 150.

Backs—Bonnell, 135; Smith, 145; Whitehead, 140; Scarbrough, 140.

Greyhounds Threaten

A score by the Greyhounds was fought off when the hard-clawing Wildcats held them for four downs on their 1-yard line. Throckmorton recovered a Crowell fumble by Joy on Crowell's 30-yard marker and drove down to the 1-yard line before the attack was smashed by the Wildcats. A Crowell penalty and a 12-yard pass, Wilkinson to Jones, netted the Greyhounds 17 yards, and after four power plays the Wildcats found the opponent camped on their 2-yard line.

Criswell plowed the center of the line to go to the 1-yard marker. After failing to gain and then losing two yards, Lloyd dropped back to pass and turned the play into an end run when he failed to find an open receiver, but was dropped on the 2-yard line. Crowell took the ball at that point and B. Fitzgerald, standing on the edge of the playing field, punted out of danger.

Canup Scores

About mid-way of the last period, Crowell took the ball on its own 47-yard line and made 53 yards and a touchdown in five plays. Joy picked his way through the center of the line for 10 yards. B. Fitzgerald passed to Wayne Canup for 1 yard and Joy tossed a pass to Canup for 3 yards and then hit the center of the line for 3 yards more. With the ball on the Greyhounds' 29-yard line, Bernice Fitzgerald shot a pass to Canup, who took it on the 13-yard line where he was checked momentarily by two tacklers but managed to pull loose from them to cross the goal line for the final touchdown. B. Fitzgerald passed to Canup for the extra point but Canup was downed just short of the line and the final score was set at 19-0.

Starting Line Ups

Table with columns: Name, Pos., Opponent. Rows include B. Fitzgerald, Gafford, Branch, J. Fitzgerald, H. Sallis, Johnson, Canup, Joy, Meason, Orr, Owens.

Yards gained from scrimmage:

Crowell 174; Throckmorton 53; Yards lost from scrimmage: Crowell 24; Throckmorton 72. Passes: Crowell completed 8 for 123 yards, 5 incomplete and had 1 intercepted; Throckmorton completed 6 for 86 yards, 16 incomplete and had three intercepted. Punts: Crowell punted 6 times for an average of 25 yards; Throckmorton punted 8 times for an average of 39 yards. First downs: Crowell 12; Throckmorton 9. Penalties: Crowell 7 times for 65 yards; Throckmorton 2 times for 10 yards.

Life Commissioner Praised

High tribute to the service of Judge R. L. Daniel, of Victoria, serving his second term as Life Insurance Commissioner of Texas, was paid last week by President Harry R. Wilson, of the American Life Convention at their Chicago convention. Terming Daniel "One of the ablest commissioners in the country, with a record unparalleled in the history of the insurance business," Wilson said: "He has been Insurance Commissioner of Texas twice and served with distinction both times. His good, hard common sense and his ability to say forcibly and clearly any thought in his mind, together with his capacity for hard work, has caused him to be placed on some of the most important committees of the Association of Insurance Commissioners and to be regarded as one of the ablest commissioners in the country. During the trying times of the depression, he never lost his head and with unflinching wisdom guided the Texas companies through that troublesome era. He brought 39 chartered Texas legal reserve life companies under his supervision through the depression without loss of a single one—a record unparalleled in the history of the insurance business."

Hall of Fame Note

Here are the names of four Texas citizens which deserve to be engraved in the Hall of Fame and preserved for posterity. They are Benjamin Clayton, Mertilday Clayton, Leah Thompson, and Centie Cox. They live on a rural route at Cedar Creek, Texas. They wrote Governor Allred, and asked that

Market Breaks

The heavy shipments of Mexican oil, together with published hints from Governor Nominee W. Lee O'Daniel that he might seek a higher tax on oil to finance his pension program, broke the market and brought a 25 cent cut in all fields last week. Operators in the lush East Texas field, having seen that rigid proration has neither protected their markets nor their price, and has resulted in "dumping" of foreign oil on American markets, were loud in their demands for relief. The operators of marginal and stripper wells in North and West Texas still are demanding protection, but their opponents claim there is no economic justification for longer protecting what they call uneconomic production from these small wells, at the expense of the huge East and South Texas oil reservoirs.

Dick Todd—

(Continued from Page One) last two touchdowns were more or less gifts.

Those attending the game from Crowell Saturday were: Mr. and Mrs. L. A. Andrews and son, Tom Alton; Grady Magee, Joe Mark Magee, Tom Beverly, Loraine Carter, J. M. Crowell, Marion Crowell, Mr. and Mrs. John Todd, Mr. and Mrs. L. J. Todd, Mr. and Mrs. C. C. Joy and children, Verne and Raymond; Henry Ashford, R. D. Oswald, Mr. and Mrs. T. P. Reader, Grady Graves and Francis Todd.

A paragrapher says gossip is the only thing for which the supply never equals the demand. How about alimony?

The average man's greatest delusion is the idea that some day he will be out of debt.

A purist criticizes the use of the word "eats" when food is meant. Well, how about "drinks"?

Ten million people in the United States do not have an approved hospital within 30 miles of their homes.

In the last six years 9,500 miles of railway lines have been abandoned in this country.

The average turkey provides servings for 20 people.

The addressograph was invented in 1892.

State Advertising Program

Lieut. Gov. Walter Woodul, who this week is serving his 21st term as Governor, while Gov. Allred hunted elk in Colorado and addressed a Church of Christ convention, will be an unpaid lobbyist at the January session, sponsoring again constitutional amendment to permit the State to conduct an advertising campaign for industrial development and tourist business. Woodul pushed his amendment through the last regular session in the Senate, but it died in the House. He believes the success of other advertising states guarantees a large share of prosperity for Texas if the voters will authorize expenditure of State funds to tell the story of the Lone Star State to the rest of the nation.

Watch Farm Battle

Politicians here are watching carefully the battle between Texas Agriculture Commissioner J. E. McDonald and backers of the Federal crop control program in Texas. Farmers generally are dissatisfied with the Federal program, according to reports here, and McDonald, long an advocate of the domestic allotment plan, instead of curtailed production, has been telling his story to large groups of cotton raisers throughout Texas. The possibility that McDonald may have future political ambitions for a higher office is not being overlooked.

Surprise Birthday Party

A number of young men of the town were entertained at a stag surprise party honoring T. S. Haney last Tuesday evening. The occasion was Mr. Haney's birthday, who was entirely ignorant of the fact that a surprise was in store for him until the arrival of

Thoughts of Serious Moments

They Sailed Alone From Hawaii

Pictured on their arrival at Santa Catalina island, Calif., are Mr. and Mrs. William Crow, who completed a 3,000-mile voyage from Hawaii in their 40-foot home-built schooner. With no other crew than themselves, they were out of sight of land for 47 days, encountering adverse winds and two weeks of continuous rains in mid-Pacific.

Jimmie Ashford Buys Interest in Station

Jimmie Ashford purchased a half interest in the Magnolia Station No. 1, one block west of the square, formerly Raymond's Service Station, and the transaction became effective last Saturday morning, according to an announcement this week. This station will be operated under the management of Charlie and Jimmie Ashford.

Mr. Ashford is well known to car owners in Crowell and Foard County, having been employed at the Crowell Service Station here since 1927. He is an expert battery and generator service and lubrication man. In the past years he has attended numerous short course schools held in this section of the state which dealt with these subjects.

Since Mr. Ashford started his work at the Ashford's Service Station, a new and complete battery charger and equipment has been installed and for the first time that station offers battery service to the public.

Jack Turner has replaced Mr. Ashford at the Crowell Service Station. He is an expert battery and generator service and lubrication man. In the past years he has attended numerous short course schools held in this section of the state which dealt with these subjects.

Ending a century-old dispute between Bolivia and Paraguay over a border region known as the Gran Chaco, an agreement was signed by representatives of the two nations last week, whereby the award of an arbitration commission was accepted.

After many fruitless attempts to settle the dispute, a treaty was finally signed, agreeing to accept the findings of a boundary commission composed of the presidents of the United States, Argentina, Brazil, Chile, Peru and Uruguay, or representatives appointed by them.

The commission's award, which has just been formally accepted by Bolivia and Paraguay, gives about two-thirds of the disputed area to Paraguay, and leaves Bolivia without a desired outlet to the sea by way of the Paraguay river. Although disappointed at the award, Bolivia accepted it with good grace, and the Bolivian representative declared that his country now "extends the hand of friendship to Paraguay."

Veneral Disease Control Program Starts November 1

Austin.—A limited amount of funds allotted to Texas for a veneral disease control program will be available November 1 for part financing of municipal veneral disease clinics where the cities have made available local funds for the project, it was announced at Austin this week by Dr. Geo. W. Cox, State Health Officer.

Cities that have appropriated local funds and are qualified to receive the supplementary state funds for the clinics are Dallas, Fort Worth and Houston. Clinics will begin operating under the plan November 1, at Beaumont, Port Arthur, Galveston and Corpus Christi.

Other cities over the state are studying their local veneral disease control problem and will qualify for assistance as soon as they appropriate the local funds prerequisite to state financial participation.

The state funds have been allotted the State Department of Health by the United States Public Health Service under the provisions of the LaFollette-Bulwinkle bill passed by the 75th congress. No funds for veneral disease control have been appropriated by the state legislature and this lack of state funds curtails the amount of USPHS funds which can be allotted for the program in Texas.

The municipal veneral disease clinics are charged specifically with treating veneral diseases among the indigent class at no cost to the indigents. Blood tests are run and treatments secured for all indigents found syphilitic.

Doctor Cox states that free arsenicals for the treatment of syphilitic indigents are being distributed to more than twenty rural and semi-rural sections of the state where no clinics are in operation.

"Our present veneral disease program is the opening wedge to control of the genite-infectious diseases. The funds available are totally inadequate to care for the veneral disease problem in a state that has six and a half million population and probably three hundred thousand persons infected with syphilis. It is of the utmost importance that the state legislature, at its next session, appropriate money for veneral disease control. Our Federal funds will be greatly curtailed next year if a state appropriation for veneral disease work is not forthcoming to supplement them. Without adequate funds the program inaugurated at this time will collapse and our statewide veneral disease control program will be almost at a standstill," Doctor Cox concluded.

Form SS-3 Social Security Act Has Been Abolished

Wichita Falls.—The Social Security Board last week called the attention of employers subject to Title VIII of the Social Security Act to the Treasury Department's recent decision abolishing, as of September 30, 1938, Form SS-3 entitled "Employer's Information Return," which employers have been required to file with local collectors of internal revenue when an employee reached age 65 or died before reaching that age.

According to the Treasury decision, Form SS-3 should not be filed by employers "for any employee who dies after September 30, 1938, or whose sixty-fifth anniversary of birth occurs on or after October 2, 1938." At the same time, J. Gordon James, manager of the Wichita Falls office of the Board, emphasized that abolition of Form SS-3 has no bearing on the filing of Form OAC-1001 entitled "Statement of Employer"—the final employer wage report under the Federal old-age insurance system. Employers should continue to file this form with the nearest Social Security Board office when an employee reaches age 65 or dies before reaching that age.

FSA Will Assist in Adjustment of Farm Mortgages

Possibly five unnecessary foreclosures on farm property will occur in Foard County this fall unless the persons concerned ask for the services of the farm debt adjustment section of the Farm Security Administration, Julian Wright, county supervisor for FSA, said this week. Three farmers in the county were benefited through this service last year, he said.

"A request for the assistance of the debt adjustment group does not mean that the debtor is bankrupt," he commented. "Many times his property is worth more than the amount of his debts. Unexpectedly short crops, low prices, insect damage, or other circumstances have left a number of farmers in the county unable to meet obligations secured by lien on their property. In some of these cases, an adjustment which would permit the man to continue farming on a sound plan of operation would be to the advantage of both debtor and creditor."

Requests for assistance may be made by either party, but whatever solution is worked out must be acceptable to both, he stated. Contact may be made with either the supervisor or any member of the County committee, which consists of Hubert Brown, C. P. Sandifer, and C. E. Gafford. Whatever discussions take place are entirely confidential and do not expose the individual to public conversation about his private affairs, Mr. Wright pointed out.

If the local group cannot work out an adjustment, the services of the district farm debt adjustment supervisor are called in. In some instances, cases have been passed on to the state office for final solution, Mr. Wright said. The advice of Farm Security Administration attorneys is available on all points of legal technicality, he added.

Dr. W. Ray Hanna Announces the opening of his office at the QUANAHA CLINIC

Phones: Office 680 Res. 265

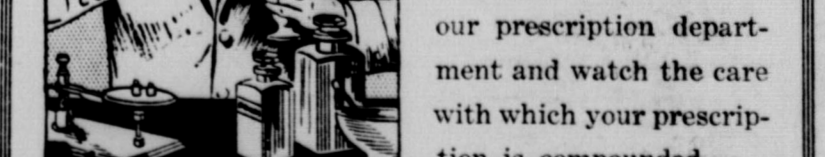

FREE EXAMINATION

Dr. Warner will give Free Examinations in his Chiropractic Clinic on Oct. 24, 25 and 26, at Quannah, Texas, to one member of each family. These monthly Examinations are sponsored by the Chiropractic Profession in order to acquaint more people with the wonders of Chiropractic.

Married women must be accompanied by their husbands in order that both may have a thorough understanding of the examination. DR. H. E. DIES of Dallas, will conduct the Clinic Remember the Dates: 24, 25, 26—8 a. m. to 5 p. m. Telephone 368 for appointment

After the Examination, should we decide to accept your case as a patient we will give special reduced rates during this clinic. Lady Attendants

PERIMAN DRUG STORE

Black Buys Interest of Partner in Store

Henry Black purchased the interest of J. E. Shepherd in the Corner Drug Store in a business transaction which was completed Tuesday afternoon. Mr. Black, who opened the Corner Drug Store several months ago with Doyle Kenner, is now sole owner of the establishment since his purchase of the interest sold to Mr. Shepherd only a few months ago. Mrs. Lee Black and Buster Davidson are employed in the store.

Mr. and Mrs. Shepherd left Crowell Tuesday morning for Dallas, where he has accepted a position. FEDERAL COMPETITION If a private corporation were to use the same methods to drive a competitor out of business as are employed by the government in competition with private enterprise, the Federal Trade Commission would go into action immediately.

In other words, it appears that we have a legal standard of ethics for private business and an entirely different standard for the government. The fact is that there seem to be no rules whatever that a government agency is bound to observe in competition with private enterprises.

An illustration of this is seen in what is happening to the electrical industry. Private companies are being put out of business or seriously crippled through government subsidy of publicly owned distribution systems, supplied with power generated by Federal hydroelectric dams built through an enormous and wasteful expenditure of public funds.

In a decision which is now being appealed to the United States Supreme Court, a lower Federal court ruled that private power companies were not entitled to any protection against government encroachment, although their business might be curtailed or even destroyed. If this principle should be allowed to stand, no industry would be safe from possible destruction at any time the government decided to enter its field in pursuance of a socialistic program.

INDIAN MEDICINE

Old-time Indian medicine men were not all fakery, as most white people have been led to believe, according to Anton Hogstad, a leading chemist, who has studied the remedies used by aboriginal doctors. In fact, he declares modern practitioners are indebted to the Indians for much of their knowledge of native medicinal plants.

Primitive Indians were not so hardy and free from sickness as is commonly supposed. They suffered from colds, intestinal troubles, rheumatism and many other ailments due to exposure and improper diet. The medicine men were able to relieve many of these conditions through their knowledge of nature's remedies. They used Seneca snakeroot for coughs, and it is still so used. Black snakeroot was given for rheumatism, ginseng for headaches, blue flag for stomach troubles, and corn smut was used as an aid to childbirth and to stop bleeding. Some of the medicine men know how to produce artificial sleep, and Zuni doctors were even able to render patients unconscious while operations were being performed, by the use of a certain root. These are only a few of the native remedies which had a real value.

CHURCHES Dumping Mexican Oil Into Texas Reduces Price

Austin.—The heavy importation into Texas of cut-price Mexican oil produced from American and British properties seized without payment by the Mexican government, was blamed by many oil men here for the October statewide protest hearing, which caused last week's market break, resulting in a reduction of 25 cents per barrel in the price of crude, and drew strenuous protests from many oil operators who discussed the industry's troubles for hours at the most hectic hearing the Railroad Commission has held in many months.

Figures read into the record showed that the confiscated Mexican crude is coming into the Port of Houston at the rate of more than 100,000 barrels a week, and that existing contracts with the Mexican government to buy confiscated oil call for delivery into Texas of over 7,000,000 additional barrels. J. Ed Erwin, secretary of the North Texas Oil and Gas Association, placed into the record of the hearing a memorandum, detailing the protest which his association has recently made to the Secretary of the Treasury, alleging the Mexican oil is being imported in violation of the Federal anti-dumping Act, and charging that it is directly in competition with West Texas crude, and demanding relief. The Federal authorities, he reported, are "investigating."

Virtually every speaker at the hearing stressed the effect which the Mexican imports have had during recent weeks on the "soft" Texas crude market. Chairman Ernest O. Thompson reading into the record a report of oil imports this year as compared with last year, showing a heavy increase. W. Lee O'Daniel, Democratic nominee for Governor, also voiced a protest against the Mexican imports at a State Fair address in Dallas, declaring "something ought to be done to stop it."

Charles F. Koeser, president of the Independent Petroleum Association, also decried "the price cuts, invasion of our own markets, notably in Texas by cheap foreign crude, much of it from Mexico," as grave problems now facing the industry.

last year's publications master mind is likely to be a hard task. Frances knows the newspaper business back and forth and all around staff, and she had an efficient staff.

So it looks as if my only hope is to appeal to the student body as a whole to help me out. I'll just voice my call for help in formal words as follows: "Fellow students: This lady Davis—she puts out a bang-up paper last year, see. But we gotta put out a bang-up paper this year, see. We gotta put out a paper that'll be so down the columns an' off de bottom of de page, see. It'll be so full of facts dat one cop'll be nigh a parade. An' de way to do dat, sports, is lik dis, see. You bring de news, see. Plenty of it. Don't bank on dese reporter guys. They don't know nuttin'. Just bring us de news, see—every mother's son of you."

SCIENCE

Busy Bee—A bee makes 319,000 visits to flowers for 1 ounce of honey.

The new German air bombs are made of an aluminum alloy stronger and lighter than steel; filled with liquid air; an explosion will kill a person one-eighth of a mile away and the expanding gases will knock anyone senseless as far as one-fourth of a mile distant.

In small tubes water runs up hills.

HIGH SCHOOL GIRLS ENJOY COOKING SCHOOL

The girls of CHS extend their appreciation to The News and Mr. Moody, who made it possible for them to see the cooking school picture, "A Star in My Kitchen," on Wednesday and Thursday of last week. After the girls returned to school many favorable comments were heard on the picture and the benefit received from it. Some of the girls are trying the recipes and enjoying the fine results.

FRESHMEN'S OPINION OF HIGH SCHOOL

J. T. Hughton thinks that High School would be just swell if he could sit by Margaret Claire every class.

June Billington says it is much better since James Periman started.

Richard Carroll likes the association of the upper classmen because they are more his size.

Charley Thompson thinks one improvement could be made. That of letting him have more to eat.

Virginia Adams has had to learn to like high school.

Cloneta Russell, a quiet little girl, thinks things are too noisy.

THE BUSY, BUSY SENIOR CLASS

My, but the Seniors are strutting their stuff this year. One characteristic they have is the ability to make money. But I am here to tell you they are going to need it. The candy sale, rummage sale, and picture show they sponsored the first six weeks of school has really brought in the money for the sole purpose of a grand and glorious Senior Day. If you think CHS doesn't have one of the most promising Senior Classes it has ever had, you should just hang around a while.

PICK-UPS

There are two sides to every question—your side and the wrong side.

Fish is something you don't go hunting for.

Call a girl a chick and she smiles; call her a hen and she howls. Call a girl a kitten and she rather likes it, call her a cat and she hates you. Women are queer.

Nitrogen is not found in Ireland because it is not found in free state.

THROCKMORTON GAME

The Crowell Wildcats chalked up their fifth win of the season last Friday night. In these five games the Wildcats have scored 118 points, but their opponents, as yet, have not scored.

The Wildcat machine looked better than ever as it scored three touchdowns to defeat the Throckmorton Greyhounds 19-0. The Wildcats, who have not won the district championship for several years, are doped to win District 10-B this year.

J. S. Owens, safety deluxe, played better than ever before even though he had a slight leg injury. Owens, although he met at the half, did not fumble a single punt. At the first of the season it seemed that he would never catch one, but now he seldom misses one.

The Crowell team will tussle with the Holiday Eagles next Friday night. The Holiday Eagles were defeated last Friday by the Iowa Park Hawks 7-0. As you know, this team from Iowa Park was defeated by the Wildcats 19-0. This game should be fairly good, but Crowell should win it without much trouble. My score prediction: Crowell 33, Holiday 0.

PHILOSOPHY

1. The society of the future will be constructed in the light of a technical psychology which does not yet exist.

2. The purpose of government is the power and glory of the state, not the prosperity and happiness of the individual.—Hitler.

3. The average man is willing to try anything once—with the exception of work.

4. No man ever profits by his mistakes who continually blames others for them.

5. American people do too much worrying today, we are told. What

for? It seems that just about everything under the sun has already happened to us.

6. All of us believe in true Americanism—but we can't agree on what it is.

7. The way of the transgressor may be hard—but it is never lonesome.

8. Honey is the latest cure for hay fever. We admit that our Honey will cure any fever.

9. The prettiest flowers always seem to grow in the garden of tomorrow.

10. People seem to be paying less attention to end-of-the-world prophecies. It's probably getting so we don't care.

11. The Greatest of All Crimes is the toleration of crimes.—J. E. Hoover.

HITLER

(By Verna Ray Morrison)

The dictator of Germany is a spoiled child (brat we should say). He suffers agonies when he has to make up his mind and he bursts into tears when he can't have his own way. Yet the whole of Germany is the servant of this man's whims; and the whole world is waiting for him to decide its fate.

Czechoslovakia is on a Hot Seat because Hitler wants her country. Hitler, who is as changeable as the wind and has practically no mind, but Hitler is Germany and Germany is a powerful country.

Now that the peace conference has agreed to give him the Sudeten Region, will he be satisfied or will his greed cause him to ask for more territory? Only time will tell.

JOKES

Mr. Whitfield: "Well, son, how are your marks?"
 Jess: "They're under water."
 Mr. Whitfield: "What do you mean, under water?"
 Jess: "Below 'c' level."

Worst Joke I Ever Heard
 Mr. Foster: "Can any one tell what causes trees to become petrified?"
 Evalyn Evans: "The wind makes them rock."

Ruined
 The famous detective arrived on the scene. "Heavens," he said, "this is more serious than I thought—the window is broken on both sides."

Robert Louis: "What's good for biting finger nails?"
 Dorothy Flesher: "Sharp teeth, I guess."

Jimmie: "Say, Coach, here's one magazine advertisement says 80 per cent of the dentists use their toothpaste, and another ad says 90 per cent use their brand. That makes 170 per cent. How can

Selling the Surplus

By T. C. Richardson, Secretary Texas Breeder-Feeder Ass'n.

Cotton and wheat are bringing disappointing returns. Both are sold as raw products, for both require factory processing before they can be consumed. The farmer has no choice (outside the small amounts of cotton he can use for mattresses and quilts, and whatever wheat he uses for seed or feed) but to sell them in raw form at the market. He does have a choice in the matter of selling feed grains and forage.

Feed grains and forage do not all have to go to a distant and costly factory for processing into form for human consumption. Livestock and poultry are the machines, the farm is the factory. At present prices a bushel of corn in a hog's hide will bring more than double what it brings on the market.

With a surplus of feed on hand the farmer is interested in selling it to the best possible advantage. The type of feed, the proportion of grain and roughage, and the pastures available, determine the sort of livestock best adapted to the circumstances. If there is a high percentage of grazing on pastures or crop residues cattle or sheep are indicated. The same is true if the feed crop consists largely of grain sorghums which carry a large proportion of good roughage. You want to sell the whole crop, not merely the grain part of it.

Dairy cattle will usually pay most for green grazing and silage, with the concentrates necessary to balance the ration. Beef cattle

that be true when my arithmetic says you can never have over 100 per cent of anything?"
 Coach: "Jimmie, your arithmetic is away behind the times. I'll have to get you a new one."

"Have you ever driven a car?" was asked of Mrs. Graves when she applied for a license.

"One hundred and twenty thousand miles," put in Mr. Graves, who was standing near, "and never had her hand on the wheel."

Speaking of sunstrokes, did you ever hear the one about the bitter gold match between the two Scots under a broiling sun, in which one of them had a stroke—and the other made him count it?

Brief Bits of News From Here and There

It requires a packing house six months to complete the curing process in its best grade of hams. Cameron County, Texas, produces more tomatoes than any other county in the United States, according to census bureau reports.

In 1936, according to the census bureau reports, there were four babies born every minute in the United States.

United Fruit Company, which ships bananas from Costa Rica, has banana plantations totaling 3,615 acres. A fifty year contract has been entered into with the Costa Rican Congress by which the plantations will be increased by 9,880 acres.

That the oil market will not be completely demoralized, a system known as proration has been introduced by the federal government. Under this system all wells are not permitted to flow their full volume. Wells producing fifteen barrels and less are permitted to produce unrestricted. Wells of larger production are restricted on a sliding scale that goes as low as one-half of one per cent. A well, once drilled, must be permitted to flow or be ruined by water. Oil drillers keep on drilling wells in spite of the fact that the more wells there are drilled the lower the proration permitted. The reason given that drilling continues, even though there are more wells now than are needed, is that land owners refuse to renew leases unless holders put down wells.

The business that establishes a system by which it can make progress during the depression, should, if the management keeps its head, succeed splendidly when normal times return.

Not all signs work out, but as a rule the young man who is lazy, and who would rather loaf than work, grows up to be just that kind of a man.

In its 55 years as counsel to the New York Stock Exchange the law firm of Carter, Ledyard & Milburn has never lost a case.

Pat Houdine, 25-year-old parrot owned by Mrs. Harry Houdini of Hollywood, widow of the famed magician, picked the lock of his cage and flew away.

Harvard professors are studying causes of fatigue. One cause is reading reports of professors' studies.

leave the fancy stuff to experienced men but should avoid starting at the other extreme because scrubs are cheap.

Annual Gentlemen's Evening Observed by Adelphian Club

On the evening of October 13, the Adelphian Club observed its annual entertainment, designated as "Gentlemen's Evening" at the club house.

Messieurs S. S. Bell, W. A. Dunn, L. A. Andrews, John Long, Q. V. Winingham and Misses Anne Lee Long and Ruth Patterson were hostesses, serving a three-course banquet to seventy members and guests.

The banquet board was planned in the shape of an L and was attractively decorated with flowers in the club colors. Hand-made place cards of small ships in observance of Columbus Day were used.

Miss Frankie Kirkpatrick was leader of the program on "International Good-Will." She introduced as guest speaker, Dr. C. V. Edwards of Lockett, who gave an inspiring address on the events in Europe leading up to the present tumultuous conditions.

John Basso led three songs in which the guests and members joined. Miss Long was accompanist for these numbers.

The out-of-town guests were Dr. and Mrs. C. V. Edwards. Guests other than the husbands of the members were Dr. and Mrs. R. L. Kincaid, Mr. and Mrs. N. J. Roberts, Mr. and Mrs. I. Graves, Mr. and Mrs. Jack Seale, Rev. and Mrs. W. B. Fitzgerald, Mrs. Lewis Sloan, Misses Mildred Cogdell, Evelyn Manley, Thelma White, Messrs. W. F. Kirkpatrick, G. C. Foster and Marvin Myers.

JUNIOR COLUMBIAN CLUB

Mrs. Lewis Sloan was hostess to the members of the Junior Columbian Club at her home on Oct. 12. In response to roll call interesting news notes were given. Miss Thelma White was program leader.

Crowell Delegates to Attend B&PW Meet in Wichita Falls Sun.

Miss Mayme Lee Collins, president of the Crowell B. & P. W. Club and delegate, and Miss Lottie Russell, treasurer; Gussie Todd and Mrs. Henry Borchardt will attend the District One conference of the State Business and Professional Women's Clubs to be held Saturday and Sunday at the Kemp Hotel in Wichita Falls. Those named above will present a stunt which will consist of a five-minute, three-act play.

JUNIOR COLUMBIAN CLUB

On Monday evening, Oct. 17, the Junior Columbian Club observed Guest's Evening at the Country Club with a steak fry.

The steak was prepared by Mrs. W. B. Tysinger and Mrs. John Carter. The meal was supplemented by the remaining members with delicious salads and desserts.

Games were enjoyed following the supper.

WEST SIDE CLUB

Fruit juices should be tested so the amount of pectin is ascertained before sugar is added if sparkling jelly is desired, stated Miss Myrna Holman to the members of the West Side Club which met with Mrs. Donald Norris Wednesday, Oct. 12.

Pectin, acid and sugar are three essentials for jelly, and these must be in the right proportion, continued Miss Holman. She then demonstrated tests which should aid in the making of jelly.

She showed a jelmeter which may be purchased for fifty cents. The alcohol test requires one tablespoon full of fruit juice and one tablespoon full of rubbing alcohol, that is at least 70 per cent alcohol. Shake the mixture, set aside a few minutes. If the fruit juice forms one single mass when poured from the container there is pectin enough in the juice to use one cup of sugar to one of juice. If the substance is broken, less sugar should be added. For the Epsom salt test take 2 tablespoonfuls of fruit juice, 2 teaspoonfuls salt and two teaspoonfuls of sugar, mix well, let stand 20 to 25 minutes. If this jelly in solid mass one cup of sugar may be added to one cup of juice. If content is not firm, less sugar should be used.

JUNIOR COLUMBIAN CLUB

October 26, a lesson on "Suggested Christmas Gifts," will be led by Mrs. Donald Norris at the home of Mrs. S. E. Tate.

VIVIAN H. D. CLUB

Vivian Home Demonstration Club had the preserve and jelly-making program given by Miss Myrna Holman Thursday, Oct. 13, at the home of Misses Myrtle and Naomi Fish.

In making jelly she told the women to have the fruit juice boiling and skimmed before adding the sugar, and keep it boiling rapidly until jelled; then skim again and put in hot, sterilized containers.

Visitors for the day were, Mrs. Weldon Burleson of Skellytown, Mrs. J. W. Carroll and Mrs. Clyde Bowley.

For recreation Miss Naomi Fish blindfolded two ladies and had them feed each other breakfast cereal with spoons. They poured most of the food in each others laps.

Next meeting is on Oct. 27, in the afternoon with Mrs. Raymond Rasberry. Every member is urged to be present and visitors always welcome.

VIVIAN 4-H CLUB

A kitchen cabinet made from two cigar boxes makes a good toy for children, the Vivian 4-H Club members learned at their meeting Thursday, Oct. 3.

Miss Holman also showed the club girls how to make a candle wick bed-spread, pot holders and other toys.

Etta Lane will lead the games and Doris Branson will be hostesses for the next meeting, which will be Oct. 27.

MARGARET 4-H CLUB

The Margaret 4-H Club met Oct. 14. The secretary read the minutes of the last meeting. The president appointed the game leader for next meeting, who was Helen Smith. Miss Myrna Holman made a demonstration on educational toys, and then several games were played. The next meeting will be Oct. 28.

New Music Head

Denton.—Dr. Wilfred C. Bain, former member of the famous Westminster Choir and graduate of the Choir School, will head an enlarged music department at the North Texas State Teachers' College this fall, as the school launches a unique program of inexpensive music education.

THE FIRST PHONOGRAPH

In a letter written a few years before his death, Thomas A. Edison said: "I conceived the idea of recording and reproducing human speech and other sounds on July 18, 1877."

Mr. Edison went on to say that he worked on his first model of the first phonograph during the following two months and that "this first model was entirely successful." He also declared that this model comprised all the basic principles which are still used in all phonographs and talking machines.

Many will remember the early phonograph records made on wax cylinders. These were greatly inferior to the later disc records, besides they were very fragile and short-lived. Still the principles used in recording and reproducing the sounds were the same as those employed up to the present.

The world owes much of its enjoyment and instruction to the idea born in Edison's fertile brain sixty-one years ago. It is gratifying that he was permitted to enjoy a long life in which to develop and witness the universal employment of this and other epoch-making inventions which he gave to mankind.

AMAZING AUTO SPEED

Englishmen have monopolized automobile speed records during the last few years, and the latest feats on the Bonneville salt flats in Utah, indicate that they may continue to do so for an indefinite time.

The first person to drive a car at more than 370 miles per hour was Sir Malcolm Campbell, who set a mark of 301 miles in 1936. Captain George E. T. Eyston raised it to a fraction over 311 miles in November, 1937.

Although his record still stood unsurpassed, Captain Eyston was not satisfied, and a few weeks ago he set a new mark of 345 miles, which was such a big jump from his previous speed that it seemed likely to stand for a long time.

But not so. A little more than two weeks later John R. Cobb, a London fur broker, smashed Eyston's record by covering the course at 350 miles an hour, which held as the top speed achievement for only one day.

The climax of this sensational speed duel came on September 16, when Captain Eyston regained the record with 357 miles an hour. His goal was 360 miles, or six miles a minute, and there is no doubt that he did reach that speed at some point along the course.

Eyston believes the absolute maximum speed for an automobile was practically reached by him, as he does not think tires can be built to resist the terrific strain of much more than 360 miles. Anyway, a mile in 10 seconds should be fast enough to satisfy the most reckless speed demon.

Early Rulers of Portugal

The illegitimate line of Burgundy acceded to the throne of Portugal in 1383; when the legitimate line became extinct.

Thalia Seniors To Stage Play Saturday Night

The Thalia High School will present a three-act play, "Campus Quarantine," at the Thalia High School auditorium Saturday night, Oct. 22, at 7:30 o'clock, according to Miss Imogene Wells, class sponsor and play director.

The three-act comedy was written by Robert Ray and has a college campus of the present as its setting. The plot of the story revolves around a girls' sorority that has been quarantined while there are several boys still on the inside. Many funny complications are brought up when the boys on the inside attempt to get out and those on the outside try to get in. The time involved is from the time the quarantine is laid until it is lifted.

Many funny complications arising from the present are in the program will be the Five-in-One's all-girl orchestra, "The Musical Maidens," which will furnish the music.

Those in the play cast are, Anna Lucy Bray, Audra Abston, Ina Vae Cobb, Gene LaMarr Matthews, Betty Ruth Miller, Elizabeth Whitton, George Solomon, Lloyd Gray, Glenn Tole, Albert Lee Earhartman, Lewis Ward and J. D. Sandefur.

Reserve seats in the auditorium will be sold for twenty-five cents and all others will be on sale for five and ten cents.

SUNSHINE IN HOLLAND

It may possibly be surprising to some to know that one of the three countries in the world upon whose territory the sun never sets is little Holland (Netherlands), whose homelands area is only 12,582 square miles.

But such is the case, the other two countries of which the same is true being Great Britain and France.

The foreign possessions of Holland are far more extensive than the average person would imagine. Besides Dutch Guiana in South America, they include two principal groups of islands, one near the coast of Venezuela, and the other embracing Sumatra, Java, Celebes, parts of Borneo and New Guinea, and a large number of smaller islands scattered throughout the East Indian Archipelago, extending over about 45 degrees of longitude.

Because of the situation of these possessions and Holland itself, the sun never sets on the whole Netherlands domain at any time.

During a certain portion of the year, when the period of daylight is longest, the sun never sets in United States territory, but during the shorter days there is a brief interval when all of the United States and its possessions are in darkness.

A Russian scientist has controlled the sex of rabbits 180 times in 200 births. He separates the male and the female cells in the male sperm by electricity.

\$230,000,000 were spent for toys last Christmas.

The term, cold wave, was first used in 1872.

TINY GLOBE-TROTTER

Margit Elizabeth Mary Tempke, just three years old, poses for photographers at New York on her arrival all by herself from Finland, where she visited her grandparents for a year. She is on her way to Montreal, Canada, where her parents live.

What's New?

A keyboard has been devised to replace the dial of the automatic telephone and speed up operations on large switchboards. The signals are transmitted instantly, eliminating the ten or twelve seconds required to dial a number.

Discovery by the bureau of mines of a new method for the purification of potash promises cheaper fertilizer for American farmers and the elimination of potash imports.

Discovery of a common basic substance in blood and chlorophyll supports the contention by some scientists that animals and plants sprung from the same ancestor.

AN HONOR CODE

Many interesting stories are told of the honor code at Washington and Lee University, where it was established by General Robert E. Lee when he became president of the school in 1867.

No supervising of students is exercised during examinations, yet cheating is virtually unknown. Nothing is cooked up about the institution; books, articles of clothing and sorts of property are left anywhere with the assurance that they will not be disturbed.

Several students help to pay their expenses by selling sandwiches, candy, apples and the like, but the sales are made without the presence of clerks. These articles for sale are displayed with price cards, and customers help themselves, placing their money in the cash box. During one football game more than \$125 worth of lapel buttons were thus bought and paid for without the supervision of anyone, except that when the box was filled with bills a passing professor placed a weight on them to keep them from blowing away.

New students are thoroughly instructed in the requirements of the honor code and impressed with the importance of rigidly observing it, because, it is explained, this school is built around tradition. And the essence of that tradition is that "it's a pleasure to be a gentleman."
