TWO NEW OIL TESTS FOR FOARD COUNTY

FOARD COUNTY ROYALTY POOL BEING FORMED

Work on the formation of a royalty pool, centering at a point about five miles north of Crowell, is now underway by representatives of D. S. McCutcheon, G. H. Bangs of Detroit, Mich., McCutcheon and Mr. Bangs and other strangers to Crowell and Foard County, since they raised money for the oil test that was drilled on the Tom Beverly north of Crowell in 1920-21. The test was discontinued at a depth of 2,300 feet when the hole collapsed as the result of collapsed casing.

Mr. McCutcheon arrived here Wednesday to assist with details of forming the pool. A. R. Fairbank of Detroit, who has been in the past three weeks as representative of Bangs & McCutcheon, was in Crowell for six months in 1920-21 when the test was being drilled. G. T. Price and J. C. Paschall, of Detroit, are here to assist in preliminary details.

E. Beverly of Crowell has named trustee for the pool, which includes the farm of the J. W. Beverly upon which an oil test is now being drilled.

The acreage included in the proposed royalty pool was set upon recommendation of A. J. Jones and H. R. Stasney, geologists of Albany, Texas, who conducted geological surveys of Foard County on previous occasions, the most recent being in connection with the six-thousand-acre block north of Crowell, owned by James Blair Baker, Jr., of Wichita Falls prior to starting his own Beverly farm. The

Fishing Permitted In City Lake Until First of December

The Crowell city lake was opened to the public Wednesday for fishing purposes as the result of an ordinance passed by the city council Tuesday night. It will remain open for fishing until Dec. 1 of this year.

Detailed information concerning rules and regulations may be found under the heading, "Fishing Ordinance," on page 6 of this issue.

TEXAS COMPANY DAM BROKEN BY RAIN LAST WEEK

A rain last Thursday night amounting from 3 to 4 inches in the vicinity of the Texas Company's dam, 18 miles west of Crowell, resulted in the dam breaking to such an extent that it carried away about 30 feet of the dam constructed last November by the Texas Company across Good Creek at a point about 3 miles northeast of the company's wells and natural gasoline plant.

This was the first "lake-filling" rain that had fallen in that section since the dam was completed ten months ago and it seems that it was a rather mean trick of fate for just the type of rain that had been patiently waited for to be the very one to partially wreck the dam, causing the loss of practically all of the lake's water.

The dam had a total length of 604 feet and was 18 feet in height. It was capable of creating a lake having about 77-acre-feet of water. The lake would actually cover about 18 acres of land when full.

Plans are now being made to repair the wrecked part of the dam.

The rain in that area last Thursday night was heavier than any other part of the county. At Crowell eight-tenths of an inch fell, which was about the average for the county as a whole.

PEASE RIVER DEVELOPMENT ASS'N. IS ORGANIZED LAST FRIDAY AT VERNON MEETING

In an effort to have a dam constructed across Pease River at a point about ten miles northwest of Crowell, the Pease River Development Association was organized at a meeting in Vernon last Friday afternoon as a preliminary step in this direction. About 60 representatives from five counties were present for the meeting.

E. R. Brown of Electra was named president of the association and L. A. Wilson of Vernon was elected secretary. Two directors were selected from each of the communities represented, including: Dr. Hines Clark and Vance Swain, Crowell; Harry Koch and R. S. Reed, Quannah; C. E. Carlock and J. Luther Potts, Chillicothe; V. H. McClintock and W. O. Jones, Paducah; R. H. Nichols and Jess Showers, Vernon; E. R. Brown and Ed Schlafke, Electra; A. H. Brittain and J. H. Allison, Wichita Falls.

An executive committee composed of Messrs. Koch, Jones, Showers, Clark and Schlafke was named. Messrs. Allison, Swain, Nichols, McClintock and Potts were named on the financial committee of the organization.

Action was demanded by those attending and was launched immediately by a decision of officers to send at least two officials of the organization to Washington with Congressman W. D. McFarlane to seek Federal funds for the project. Mr. Brown of Electra and Mr. Brittain of Wichita Falls were selected to accompany the Congressman.

Mr. McFarlane was present for the meeting and was the principal speaker. He admitted the outlook was not very promising for the

Office Changes and Improvements for Local Court House

Several improvements and changes of offices have been made at the local court house during the past week, with the library now occupying the room just to the left of the west entrance that was formerly occupied by J. W. Klepper, justice of the peace, who now shares the office used by the Crowell school tax collector, G. A. Mitchell.

The room formerly used by the library has been partitioned to form a space on the south side for school books, with the other part serving as a room for sessions of the commissioners' court. A door has also been placed in the wall separating the office of the county judge and school superintendent, Vance Swain, from space to be used by the commissioners' court.

Several other improvements have been made about the court house recently, including a new witness box in the district court room, painting of radiators and steam pipes, and improvements in the rear room of the sheriff's office.

BIRTHS

- To Mr. and Mrs. Arthur Parish, Crowell, Sept. 10, a boy, Robert Henry.
- To Mr. and Mrs. Carland Ribble, Crowell, Sept. 12, a girl, Helen Fay.
- To Mr. and Mrs. Paul Hinton, Thalia, Sept. 13, a girl, Patsy Jean.
- To Mr. and Mrs. Olin Dayton Cook, Crowell, Sept. 15, a boy, Olin Edward.
- To Mr. and Mrs. George Raymond Canup, Foard City, Sept. 16, a boy, Billy Ray.
- To Mr. and Mrs. Haskell Norman, Crowell, Sept. 16, a boy, Jim Paul.
- To Mr. and Mrs. Henry Thomas Ferguson, Crowell, Sept. 17, a boy, Earnest Richard.
- To Mr. and Mrs. S. B. Farrar, Thalia, Sept. 19, a girl, Cleatrice Fay.
- To Mr. and Mrs. Glenn Cecil Fox, Crowell, a boy, Kenneth Allen.

TESTS LOCATED EAST AND WEST OF CROWELL; FAIN-McGAHA CORP. RENEWS ACTIVITY NEAR THALIA

Operations are now underway in Foard County preparatory to drilling two new oil tests at points about 20 miles apart, one by the Fain-McGaha Oil Corporation of Wichita Falls two and one-half miles northeast of Thalia and the other by the Texas Company in its field 18 miles airline distance west of Crowell.

The Fain-McGaha test is to be drilled on the J. G. Thompson farm, which is about 12 miles northeast of Crowell. The location for the test was made Monday. It is 250 feet south and 250 feet west of the northeast corner of the south 196 acres of fractional Section No. 44, Block 18, H. & T. C. Ry. Survey.

This is a short distance from the producing oil wells in the Thalia field.

The J. G. Thompson lease to the Fain-McGaha Corp. covers 256 acres. It was dated March 30, 1934, and called for drilling within 90 days, however, a 90-day extension was agreed to in June and this extension will come to an end the latter part of this month.

Texas Co. No. 6.

After completion of Texas Company's No. 5 L. K. Johnson early this month as the company's third oil producer in its Foard County field west of Crowell, the all-electric rotary rig used in drilling No. 4 and No. 5, is now being erected over the location for No. 6, which is a short distance northwest of the other wells and the natural gasoline plant.

The new test moves just across the line into the Leslie McAdams ranch and is located 540 feet east and 1,100 feet north of the southwest corner of Section No. 35, Block "L," S. P. Ry. Survey. The other three wells are in the adjoining section, No. 36.

Both sections are near the center of the Texas Company's ten-thousand-acre block, which was secured from L. K. Johnson and Leslie McAdams and small royalty owners. Approximately 2,500 acres of the block are in the McAdams ranch and about 7,500 in the Johnson ranch.

Vernon is the only Class A opponent on the local schedule this year and this season-opener will no doubt offer the Wildcats the toughest battle they will have this year.

In the absence of Capt. Lester Patton, 176-pound end and the heaviest man on the squad, Dick Todd will lead the Wildcats against the Lions as field captain. Patton has not yet suited out in practice due to a ruptured appendix, suffered during the early summer.

Probable starting line-ups indicate that Vernon's line will outweigh that of Crowell 12.5 pounds to the man, the Vernon average being 165 to Crowell's 152.5. However, Crowell's backfield will outweigh that of Vernon 9 pounds to the man. Crowell's average weight in the backfield is 157.2 and Vernon's is 148.2.

For the two teams as a whole, the Vernon average is 158.8 and Crowell's is 152.5, a difference of 6.3 pounds.

The game is to begin at 8 o'clock.

INSTRUCTION AT C. H. S. IN FIRST AID IS STARTED

First aid instruction in Crowell High School to cover a period of eight weeks was started Wednesday morning under the direction of Rev. O. L. Savage, local Baptist pastor, who will pass on to the high school students first aid information that he gained at the Red Cross Institute in Como Springs, Utah, last July.

Rev. Savage is giving his time to this work free. A major portion of his expense to the Red Cross Institute was taken care of through contributions by local organizations.

In the future he will be at the school each Tuesday morning at 9:45 o'clock to instruct two groups of students for periods of 45 minutes each. Yesterday he gave instruction to two classes of girls. Next week two classes of boys will receive instruction, with instruction to the boys and girls being alternated each of the remaining 18 weeks, in which it is hoped that all information may be covered.

The new course of instruction does not interfere with the regular school schedule, since the two 45-minute first aid courses each Wednesday will replace the regular physical education periods on that day.

Santa Fe Ry. Makes Change in Schedule

Slight changes in the Santa Fe passenger schedule for Crowell became effective last Sunday. The new schedule is:

- Northbound—4:19 p. m.
- Southbound—10:53 a. m.

For the past several months the northbound train arrived at 3:30 p. m. and the southbound at 10:45 a. m.

Alva Spencer, postmaster, states that northbound mail must now be in the post office not later than 3:30 o'clock and that southbound mail not later than 10 o'clock.

NEW MOTOR VEHICLES

New motor vehicles purchased in Crowell during the past week follow:

- Roy Steele, Crowell, Chevrolet coach.
- H. E. Fox, Crowell, Ford tudor.
- E. H. Ellis, Thalia, Ford truck.
- R. H. Cooper, Jr., Crowell, Chevrolet coach.
- Dick Crosson, Foard City, Chevrolet pick-up.

Hardeman-Foard Odd Fellow-Rebekah Ass'n Meets Next in Crowell

Crowell was selected as the place for the next quarterly meeting of the Hardeman-Foard Association of Odd Fellows and Rebekahs at the meeting of the organization in Chillicothe Tuesday night.

Those attending the Chillicothe meeting from Crowell were Mr. and Mrs. E. W. Burrow, Mr. and Mrs. R. O. Oswald, Mr. and Mrs. O. O. Hollingsworth and Mr. and Mrs. W. W. Griffith.

They reported a fine program and excellent attendance at the meeting. Five 25-year veteran jewels were presented. Mrs. Hattie Beadle of Chillicothe, secretary-treasurer of the association, was presented with a ring for 25 years of continuous membership in the Rebekah lodge.

The quarterly meeting in Crowell will be on Dec. 10.

TOULON MIDDLEBROOK IS BACK AFTER 4 YEARS OF SERVICE WITH MARINES

Toulon Middlebrook returned last week to the home of his parents, Mr. and Mrs. I. W. Middlebrook, of Margaret, after an absence of over four years.

He joined the U. S. Marines in March, 1930, and was with that service until his discharge on Sept. 5. He spent 36 months of this time on the Hawaiian Islands.

SEPT. TERM OF DIST. COURT TO END TOMORROW

The September term of district court for Foard County will probably come to a close tomorrow when the grand jury reconvenes after a recess of over a week.

CIVIL DOCKET

J. D. Hughes vs. John G. Martin, et al; suit for debt and foreclosure; judgment for plaintiff as per decree filed.

John G. Martin et al vs. F. B. Collins Investment Co., et al, injunction; temporary injunction dissolved and judgment entered for plaintiff for \$30.00 by agreement of the parties through their attorneys in open court.

Mamie Jackson vs. Alfred Jackson, divorce granted.

CRIMINAL DOCKET

State of Texas vs. John Kissinger, theft; jury verdict of guilty with two years, defendant's motion for new trial overruled. Notice of appeal given.

State of Texas vs. J. M. Murphy, driving vehicle while intoxicated; defendant plead guilty and applied for suspended sentence. Found guilty and given one year, suspended.

State of Texas vs. Boots Gribble, sale of intoxicating liquor; defendant failed to appear; called 3 times and bond forfeited.

State of Texas vs. J. Foy Pauly, possession of intoxicating liquor for sale; defendant plead guilty and applied for suspended sentence. Jury verdict of guilty with 3 years, suspended.

State of Texas vs. Henry Gribble, driving vehicle while intoxicated; defendant failed to appear. Called 3 times at court house door and bond forfeited. Motion of defendant for continuance overruled.

State of Texas vs. Joe Bagley and W. L. Johnson, burglary; dismissed as to Joe Bagley on motion

Loan Period Extended to Monday, October 15

The period for securing wheat seed loans and forage crop feed loans has been extended to Monday, Oct. 15, according to information reaching Julian Wright, who is in charge of the local loan office last Thursday. The time limit had been originally set for last Saturday, Sept. 15.

GET TICKETS EARLY!

Tickets for the Crowell-Vernon game will be sold on the streets of Crowell tomorrow afternoon by pep squad girls. They may be secured before that time at the school building.

Those planning to attend the game from here will find it more convenient to buy a ticket early, since this will eliminate the necessity of having to wait in line to secure tickets at the Vernon football grounds.

The admission is 25c and 50c.

LEASES STATION

S. H. Ross has leased his filling station at the west edge of Crowell to Leo Owens of Margaret, who took over the operation of the station last Saturday.

Mr. and Mrs. Owens and children have moved from Margaret to Crowell, Melvin Marlow, who is assisting in operating the station, and wife, have also moved to Crowell from Margaret.

MRS. M. E. WELCH ILL

Mrs. Henry Ross, T. F. Welch and J. Y. Welch were called to Anna, Texas, last Friday on account of the serious illness of their mother, Mrs. M. E. Welch. They returned to Crowell Tuesday following great improvement in her condition.

GOLFERS TO SEYMOUR

Over twenty Crowell golfers will go to Seymour Sunday afternoon for a match with the leading linksmen of that city. Crowell has been victorious over the Baylor County group in previous matches.

of district attorney. Continued by agreement as to Johnson.

State of Texas vs. Joe Bagley, driving vehicle while intoxicated; defendant plead guilty and applied for suspended sentence. Jury verdict of 2 years, suspended.

State of Texas vs. Milburn Hall, burglary; defendant plead guilty; jury verdict of guilty with three years.

APPENDICITIS OPERATION

Miss Roberta Taylor, daughter of Mr. and Mrs. R. L. Taylor, underwent an operation for appendicitis at the hospital in Quannah on Tuesday last week. She is doing along nicely.

Chief Clients Are Asked to Call for Fresh Meat at Once

Supply of fresh meat was reduced at the local relief office Wednesday from the government hog house at Wichita Falls for the purpose of distribution to the families of Foard County. The meat shipped here was placed on dry ice and upon arrival placed in cold storage. Relief clients who have not received their share are requested to call at the office at once.

"Back to Nature" Movement Started

Red Ragland; Builds 1934 Model Covered Wagon and Heads for Ark.

Heading east with the intention of reaching Arkansas, Red P. T. (Red) Ragland has headed from Crowell Wednesday morning in a "1934 model" covered wagon, drawn by a team of matched Jennies, Kate and Ed.

Those inspecting the wagon were quite willing to admit that it was really all that its owner claimed for it and he received many congratulations for the truly fine workmanship exhibited in its construction.

Late in 1933 Ragland purchased an old Model T Ford from a cotton picker for \$30. From it he sold the motor for \$10; the top and body for \$4; cable and coils for \$2, and the radiator for 25c, realizing a total of \$16.25, and still leaving the frame, springs and four good wheels and tires, of 30x3 1/2 size, as the foundation.

Red started work on his "modern style" covered wagon about Aug. 1 and had it ready for "test runs" early this week, all of which proved successful. After suffering no ill-effects in negotiating several of Crowell's streets and intersections, Red was convinced that the wagon would find the trip to be a tame affair.

Nearly ten dollars worth of bolts were used in the construction, the only nails used being those in the floor of the wagon bed. The flooring as a whole cost about \$25 and resulted in a vehicle conservatively estimated to be worth \$100.

Original Ideas Used

Ragland's original ideas were used in engineering would no doubt marvel at the X-type arrangement.

Items from Neighboring Communities

FOARD CITY (By Mrs. G. M. Canup)

Mr. and Mrs. Roy Fox of Paducah visited Mr. and Mrs. J. L. Farrar Wednesday night. Mrs. E. V. Halbert, Mrs. Ruth Marts and Mrs. George Owens attended the County Federation at West Rayland Wednesday. J. M. Denton of Ogden spent Thursday with his aunt, Mrs. F. R. Lefevre. Roy Canup of Crowell spent Friday night with his parents, Mr. and Mrs. G. M. Canup. Mr. and Mrs. C. G. McLain and son, Houston, left Monday for Anna to visit his parents, Mr. and Mrs. Hugh McLain. Mr. and Mrs. Porter Rice and children of Crowell spent Sunday with Mr. and Mrs. Jack Frazier. Mrs. Wilson Myers and son, Leonard Wayne, visited Mr. and Mrs. I. N. Bumpass Saturday at Truscott. Oleta Thompson, who has been visiting her mother, Mrs. Ed Thompson, for several weeks, returned to Alpine Friday, where she is going to school. A fine rain fell here Thursday night. Alice Mead Lilly left Friday for Alpine where she will enter school. Mr. and Mrs. George Eubank of Lubbock are visiting Mr. and Mrs. A. Weatherall this week. Born to Mr. and Mrs. Jack Frazier, September 13, a girl, Frances Jean. Mrs. Elmer Davis of Dallas is visiting her parents, Mr. and Mrs. Ned Stone, this week. Mr. and Mrs. Tom Callaway and son, Bascom, returned home Wednesday from Farmersville, where they have been visiting for several weeks. John Mills entered school at Truscott last Monday. He spent Sunday with his parents, F. U. Powell of Seymour, who

is principal of the Foard City school, arrived here Saturday for opening of school Monday.

Mrs. Mary Rector of San Angelo is visiting her parents, Mr. and Mrs. G. W. Wallen, this week. Mrs. Key of Fort Worth is visiting her daughter, Mrs. G. G. Mills. Mr. and Mrs. U. C. Rader and daughter, Faye, visited Mr. and Mrs. J. Dell Johnson of Amarillo last week. Mr. and Mrs. Perry Johnson and son, Jack Albert, and John Wallen of Crowell visited Mr. and Mrs. G. W. Wallen Sunday. Mr. and Mrs. J. M. Glover spent Tuesday with Mrs. Eva Eubank of Crowell. Mr. and Mrs. O. N. Baker entertained with a singing Sunday night. Mr. and Mrs. Willie Boynton of Quanah spent a few days with her sister, Mrs. J. M. Glover. Mr. and Mrs. W. H. Mulkey and son, Tom Lawhon and sons, J. M. and Leroy, visited Mrs. J. R. Lefevre and children Sunday. Mr. and Mrs. Robert James have moved from this community to Crowell. Truman and Billy Jo Taylor of Crowell have been visiting their aunt and uncle, Mr. and Mrs. T. F. Welch. Mr. and Mrs. R. L. Morris and daughter, Eva Lois, and Mrs. F. R. Lefevre and daughter, Lavoyce, Harold and Hazel Canup and Fate McDougle visited Mr. and Mrs. R. N. Barker of Crowell Saturday. Born to Mr. and Mrs. Raymond Canup, September 16th, a boy, Billy Ray.

RAYLAND (By Margie Davis)

Mr. and Mrs. Bill Barrett and family spent Saturday and Sunday in the home of her parents, Mr. and Mrs. J. C. Davis. Miss Mary Turner, who has been visiting in the home of Mr. and Mrs. R. A. Rutledge, returned to her home in Austin Wednesday of last week. Mrs. T. J. Woods of Thalia spent last week with Mr. and Mrs. Truett Neill and family. R. M. Grege and daughters, Mrs. J. C. Greenway, Miss Margie Davis, Mrs. R. A. Rutledge, Mrs. Fred Taylor, Mrs. Bill Barrett and Mrs. J. C. Davis attended the Texas State Singers' Convention at Wichita Falls Sunday. Mr. and Mrs. Jess Crank of West Rayland spent Sunday with Mr. and Mrs. Walter Rector. Mrs. Tom Lawson and daughter, Barbara Ann, spent Thursday in the home of her parents, Mr. and Mrs. Joe Bowers, of Vernon. Mrs. Arlie Dunn of Thalia spent Monday with Mrs. Truett Neill. Oscar and Arthur Holland of Overton visited in the home of Mr. and Mrs. J. C. Davis Friday. Mrs. Oscar Holland and children accompanied them back where they will make their home. Mr. and Mrs. Ramsey and family and Vena Lawson attended the Texas State Singers' Convention at Wichita Falls Saturday and Sunday. Mrs. Mack Edens and Mrs. C. H. Woods and family of Thalia visited Mrs. Truett Neill Saturday. Mrs. B. P. Abston and family and Lucille Toie attended church at Thalia Sunday morning. Several from here attended singing at Black Sunday night. Mr. and Mrs. L. W. Greenway

of Crowell spent last week visiting in this community. Rev. Kitchens of Vernon filled his regular appointment at the Methodist Church here Sunday morning and night.

GAMBLEVILLE (By Opal Carroll)

Mr. and Mrs. Will Clark of Denton spent Tuesday night and Wednesday with Mr. and Mrs. F. J. Jonas. Mr. and Mrs. Claudius Carroll and son, Eugene, and Opal and Elton Carroll visited in the home of Mr. and Mrs. C. D. Hall and family of Black. Mr. and Mrs. Garnet Jones and son, Billie Wayne, spent Friday night and Saturday with friends in Quanah. Miss Lillie Mae Edgen of Crowell spent Saturday night and Sunday with Misses Mildred and Evelyn Solis. Mr. and Mrs. F. J. Jonas took his mother, Mrs. J. M. Jonas, who has been living with her daughter, Mrs. C. D. Hall, of Black, to Denton Friday where she will visit with another daughter, Mrs. Will Clark. Mr. and Mrs. G. R. Langston of Tolbert are visiting Mr. and Mrs. R. C. Johnson and family this week. Mrs. Oscar Owens and son, Wade of Denton spent Tuesday night with Mr. and Mrs. Claudius Carroll and son. Mr. and Mrs. Roland Whately of Athens were here visiting relatives last week. The Farmers H. D. Club meeting was postponed from last Friday until Friday, Sept. 21st. Everybody is invited to come. Miss Mildred Solis spent Wednesday night with Miss Lillie Mae Edgen of Crowell. Mr. and Mrs. Garnet Jones entertained the young people with a party Saturday night. Several young people from this community attended singing at Black Sunday night. Hubert Carroll and C. A. Gibson made a business trip to Altus, Okla., Wednesday. Misses Opal and Leila Carroll spent Sunday with Misses Ethel Hance and Ruth and Ruby Smith of Margaret. Mrs. Dave Solis and daughter, Mildred, and Miss Lillie Mae Edgen visited Mr. and Mrs. R. H. Blevins of Margaret Sunday morning and attended church at that place. Carl Gibson of Tishomingo, Okla., spent from Saturday until Monday visiting in the home of Mr. and Mrs. C. W. Carroll and family. Mr. and Mrs. A. F. Derrington of Crowell spent Sunday with Mr. and Mrs. D. A. Alston and family.

GOOD CREEK (By Viedie Phillips)

Mr. and Mrs. E. V. Halbert of Foard City attended church here Sunday. Mr. and Mrs. R. E. Ballinger spent the week-end at Five-in-One. A large crowd attended church here Saturday night. The service was conducted by Rev. Eli New of Truscott. Lucy and Bill Clem have returned to their home in Oklahoma after a visit with friends and relatives. Harold Groomer spent the week-end with James Broadus of Margaret. Pauline Stinebaugh spent the week-end with Geraldine Logan of Crowell. Bud Clems is working at the Johnson Ranch. Mr. and Mrs. E. V. Halbert of Foard City spent Sunday with Mr. and Mrs. C. E. Dunn. Mr. and Mrs. Jody Brown of Claytonville spent Sunday with Mr. and Mrs. Cecil Dunn. Mr. and Mrs. Walter Daniels have returned here to pick cotton. Minious, Elvie and Raymond Hudgens of Truscott attended church here Sunday night.

VIVIAN (By Rosalie Fish)

Miss Jewel Lawhon of Ogden spent Thursday and Friday with Miss Bernice Walling. Mrs. Egbert Fish and daughter, Bernita, spent Saturday and Sunday in the home of Mrs. Fish's brother, G. W. Gallup, of Vernon. Misses Bernice Walling and Rosalie Fish and E. T. Evans attended the State Singing convention at Wichita Falls Sunday. J. W. Klepper of Crowell spent Sunday night in the home of his daughter, Mrs. Allen Fish. Miss Alice Bowley returned from Wichita Falls one day last week after spending several days with her aunt, Mrs. H. Y. Downing. Miss Bernita Fish spent Thursday night and Friday in the home of Mr. and Mrs. Tom Sivells of Ogden. Mr. and Mrs. R. L. Walling spent Saturday and Sunday with Mrs. Walling's parents, Mr. and Mrs. Robert Gaudin, of Vernon. E. L. and Minnie Faye Evans left Monday for Canyon where they will attend West Texas State Teachers College. Mr. and Mrs. George Benham and sons, A. T. Fish and family, Mrs. A. L. Walling and daughter, Bernice, Mr. and Mrs. R. L. Walling, Misses Thelma and Lillie Faye Beatty, Rosalie and Bernita Fish, Audra Lightfoot, Herbert, Henry and John Allen Fish attended a concert at Valley View Friday night given by the Stamps quartet of Lubbock. Mr. and Mrs. J. Henry Lewis and son, James Lester, of Memphis spent Friday night and Saturday in the home of Mr. and Mrs. W. O. Fish.

DO NOT ALLOW WHEAT AND OAT SMUT TO RUIN YOUR PROFITS SAYS EXTENSION AGRONOMIST

The Favorite WASHINGTON Every day adds a new name to the list of Congressmen who announce themselves a candidate for the House Speakership but Joseph W. Byrns (above), (D) Tennessee, Democratic floor leader in the House, is conceded best chance for the seat of the late Speaker

By E. A. Miller, Extension Agronomist. College Station.—Stinking smut of wheat and loose smut of oats mean reduced yields and reduced prices. This loss may be prevented by sowing only treated seed. The expenditure of a few cents per acre in seed treatment is good crop insurance often preventing the loss of several dollars per acre. It is not even safe to depend upon seed from fields that are free from smut, without treating, because clean seed often become infected with smut spores in public threshing machines, wagons or grain drills. Therefore, seed from fields that were entirely free from smut this year, may develop smut next year unless the seed are treated. Stinking smut of wheat is the most serious disease of wheat. It changes the grain into masses of spores called "smut balls" which have an offensive odor, but it is not readily observed in the fields. Indeed many farmers fail to notice it until threshing time. It is carried over to next year's crop by seed covered with spores from the smut balls broken during threshing. Stinking smut of wheat is easily controlled by running the seed through a fanning mill to remove the smut balls and then treating it with copper carbonate dust. Until recently the formaldehyde treatment was used, but now copper carbonate has taken its place as it has several advantages—it is cheaper; it is a dry treatment and easily applied; it does not injure the germination; the seed can be treated and stored whenever convenient; and the treatment helps to protect stored seed against weevils, rats and mice. In using copper carbonate two ounces of 50 per cent grade or three to four ounces of 20 per cent grade, is required per bushel. The high grade material is more satisfactory and is not so apt to clog up the grain drills. The seed should be placed in some tight container such as an oil drum, barrel or box which has a tight fitting lid and is arranged so that it can be revolved on an axis. There are also machines on the market for this purpose. In some counties this work is being done for farmers at grain elevators and in others by custom-treating by someone equipped with a good machine going from farm to farm. Every seed must receive a coating of the powder. This can be done by thoroughly revolving the container on its axis after the powder has been sprinkled over the seed. The container should be filled only about half to allow the seed to fall while revolving the container, thereby getting thoroughly coated. Copper carbonate is not effective for the control of loose smut of wheat and smut of oats and barley. It is recommended only for stinking smut of wheat and kernel smut of sorghum. As it is poisonous only wheat used for planting should be treated. It is best to wear a mask or moist handkerchief over the nose and mouth while treating the grain as the dust may cause irritation and nausea. A simple and effective method of treating oat seed for smut is to spray a fine mist of one pint of formaldehyde and one pint of water over 30 bushels of oats while they are being shoveled from one pile to another. They should be kept covered from 6 to 8 hours or over night to allow the fumes to kill the spores. This is what is known as the "dry method" since the seed do not require drying before being planted. The "wet" method consists of sprinkling or spraying a solution of one pint of formaldehyde in 30 gallons of water over 30 bushels of oats and keeping them covered for several hours. This method requires spreading the oats out to dry.

Gambleville F. D. Club Meets Friday

The public is invited to the meeting of the Gambleville Farm Demonstration Club that will be held tomorrow night, Friday, at 7:30 o'clock in the Gambleville school auditorium. Garnet Jones, chairman, reports that County Agent Fred Rennels and other members of the county committee will be present with important matters for discussion. A short program of entertainment will also be rendered.

Worth Hotel Starts Improvement Program

Fort Worth, Texas, Sept. 19. (Special)—In anticipation of the early fall business revival, which includes the resumption of horse racing at Arlington Downs, Dallas State Fair track and the State Fair itself, and all of which undoubtedly will attract thousands of West Texans to the twin cities in October and November, the management of the Worth Hotel, Fort Worth, has completed a program of enlargement and redecoration, which more than definitely puts this hostelry in a class by itself among the better class hotels in North Texas. Spacious new dining rooms and banquet halls have been added, and a costly system of ventilation installed in the lower floors, centering about the Worth Hotel coffee shop and mezzanine dining room, which enjoysiced air during the hot months from the same plant. New lobby furniture and upholstery, together with new draperies add much beauty to the ground floors, and each of the 300 outside rooms and baths, included in the hotel proper, have been newly decorated and all have new drapes. In the majority of instances, showers have been added to each room's appointments, which include restful furniture, roomy comfortable beds, tiled wall bath and ample locker space. West Texans for many years have made the Worth Hotel headquarters and it is the keen desire of Jack Farrell, manager, well and favorably known through the great Southwest as a host par excellence, to concentrate his efforts toward gaining additional patrons from the large group of visitors from West Texas during the fall months. There will be no increase in rates at the Worth Hotel, according to Mr. Farrell, who has built an enviable clientele through the very low rates in effect at the Worth Hotel since its inception, and he declares that the Worth Hotel's program of expansion and redecoration is the hotel's contribution to the nation-wide recovery schedule, and to assist in maintaining the Worth Hotel's position at the top of the list of hostelries, which strive to be "homes away from home" for their respective patrons. Mr. Farrell sounds a note of warning to intending visitors to Fort Worth and Dallas, urging them to make advance reservations. "Many large State and National conventions have selected the fall months for meetings in both Dallas and Fort Worth, and it is a good idea to secure reservations in advance in order to avoid waiting around after arrival," he suggested. George Hennessey, of near Saint Johns, Newfoundland, is the owner of a pet cat which gave birth to quadruplet kittens joined at the hips. In a cigar store on Times Square, New York, a telephone book, through constant handling, is worn out every 72 hours. Daniel Stevenson of North Liberty, Pa., is using a discarded horse-drawn hearse, with genuine mahogany wood work and thick plate glass windows, for a chicken coop.

Production Record Is Established In July By Chevrolet

Chevrolet Motor Company established a production record for the month of July, building 92,947 passenger cars and trucks, the highest July production since 1929, according to an announcement made by H. C. Howard, Zone manager, Dallas Zone. To meet the demands of dealers, which continued on a high level during the month, the heavy production schedule was maintained. In the last four full working days of the month, 16,901 units were produced with a record of 4,953 cars in a single day. Handicapped by a late start in the early part of the year, Chevrolet production set a pace during March and April which was maintained through June, July and the early part of August. It is significant to note that at the close of production on Saturday, August 4, Chevrolet had surpassed last year's total production figure, building 628,303 units as compared with 626,277 units for the entire 12 months of 1933. July sales rivaled the June record in reflecting the current demand for Chevrolet cars. Deliveries made during July totaled 86,570 units, Mr. Howard said. Retail sales for the month, as compiled from dealers' reports and Canadian and export deliveries, were the basis of this announcement. Duval street, in Key West, Fla., runs from the Gulf of Mexico to the Atlantic Ocean. More than 80 per cent of the persons who die in the United States leave no estate.

Twenty Years Ago in The News

The items below were taken in whole or in part from the Sept. 11 and 25 issues of The News. The Sept. 18 issue is missing from our files. School Opens School opened in Crowell Monday. The departments, teachers and enrollment follow: High school—T. A. Taggart, supt.; R. N. Carter, Miss Alun Coe, 83 pupils. Intermediate department—Miss Lena Rasor, Mrs. Claude Adams and Miss Allie Tuttle, 86 pupils. Primary department—Miss Leona Young, Miss Grace Self, Mrs. B. R. Arthur and Miss Harriett Stephenson, 158 pupils. Music department—Mrs. S. T. Crews and Miss Essie Thacker. Talks at the opening of school were made by G. A. Mitchell, president of the board; Judge T. W. Staton, Rev. R. A. Stewart, Editor J. L. Martin and Supt. T. A. Taggart. Baker-Julian Thomas Newton Baker and Miss Rose Julian were married at the home of Mrs. Halsell in the City Monday night, Sept. 7, by Rev. H. H. Bowers. The bride has been making her home with an uncle at Olustee, Okla., but for some weeks has been visiting her uncle and aunt, Mr. and Mrs. J. A. Wright. The bridegroom is one of our popular young business men, who for some time has been employed at the Owl Drug Store. T. J. Cates and family are going to town this week where will have advantage of our excellent school. J. W. Wishon is sporting the nobbyest car that has been brought to Crowell, an Imperial and J. W. is as proud of it as a boy is of his first pair of boots; and well he may be, for a daisy. From Monkey Run items—coc Farrar rode a broncho for Mr. Hrabal. Mr. Hrabal offered him fifty cents, but Roscoe would not take it; he said he just rode the practice. Tom Adams rode a bronco for Mr. Young. Mr. Adams took it to the bed so he could find a soft spot to spill. From Ayersville items—Ayers and Frank Hembree scheduled for a debate with the boys at the Jameson Hotel Saturday night. Our young friend, Mr. Her Edwards, left this week for College Station to enter school. He is a graduate from Long Beach, Cal. high school. Decker Magee, mayor of P. City, and who also has in his hands the destinies of the Crowell Cery Company's interest at place, was here mingling with friends Sunday. Decker says business is good, even better anticipated. Mrs. Beatrice Robinson, a widow of Boston, put a \$2 fine in envelope and mailed it to her when summoned for intoxication. William Holmes of Cleveland shot himself after writing a leaving \$20,000 to a moneylender whom he termed his best friend. Although only 32 years of age, Gladys Bollwitt of S. City, Iowa, is a grandmother. Avertin, a new anesthetic use by injection, is preferable ether in many cases, according reports from a Newark hospital. Fifty persons, on an average die of appendicitis every 24 hours in the United States. DRINK WATER WITH MEAT GOOD FOR STOMACH Water with meals helps stomach juices, aids digestion. If bloated with gas add a spoonful of Arika. One dose cleans out poisons and washes BOTH upper and lower bowels. Ferguson Bros., Dist.

Over 100 New Firms Granted Charters in Texas During Aug.

Austin, Texas, Sept. 18.—The number of new charters granted to firms to operate in Texas during August totaled 119, a rise of 13.4 per cent from July, according to the University of Texas Bureau of Business Research. This number was, however, a decline of 3 per cent from August last year, while total capitalization of \$2,200,000 in August represented an increase of 10.2 per cent over a month ago, but a drop of 15.6 per cent from last year.

Scarlet Fever Still Menace to Children

Austin, Texas, Sept. 20.—"Scarlet fever still continues to be a menace to children," said Dr. John W. Brown, State Health Officer, in discussing diseases common to children. "Many cases are slight, but they may infect others who may become seriously ill. It is treacherous and undesirable, and the only good thing about it is that if one can avoid it until grown, the chances of never getting it are excellent."

MOTOR FUEL SAVING

The pocketbook of every motorist in America will be benefited by changes being made in automobile engines, according to Charles B. Bohn, president of the Bohn Aluminum and Brass Corporation...

Technical details are of interest only to engineers, but the results are of vital importance to every car owner, as they materially affect his pocketbook.

CONGRESS' OLD-TIMERS

While none of the members of the present Congress has broken any service records, several have an unusual number of years in the national lawmaking body to their credit.

their credit. A good many old-timers have been eliminated by death or defeat at the polls during the last two years.

Of the present membership Representative Ashton C. Shallenberger of Nebraska first went to Congress earlier than any other member of either house, having taken office in 1901.

Senator Morris Sheppard of Texas has been in Congress continuously longer than any member since 1902.

Senator William E. Borah of Idaho has had the longest continuous tenure in the Senate, having served since 1907.

Representative Adolph J. Sabath of Illinois became dean of the House upon the recent death of Speaker Rainey.

Before becoming Vice-President in 1933, John N. Garner of Texas had served 15 consecutive terms in the House, of which he became a member in 1903.

HONOR DANIEL BOONE

Honors were paid to the great frontiersman, Daniel Boone, a few days ago at Boonesboro, Ky., the site of one of the first white settlements west of the Alleghenies, founded by him 159 years ago.

This was one of a series of observances being held this year, which marks the 200th anniversary of Boone's birth, which occurred in Pennsylvania on November 2, 1734.

Boone held several offices on the frontier, and in 1799 he received from Spain a grant of land in what is now Missouri, where he served as an official under the Spanish government until 1803.

Boone held several offices on the frontier, and in 1799 he received from Spain a grant of land in what is now Missouri, where he served as an official under the Spanish government until 1803.

THE BOOK

... the first line of which reads, "The Holy Bible," and which contains Four Great Treasures ...

by BRUCE BARTON

THE ROAD AND THE WAY

The Jews of the first century were widely scattered. They had large families and a small country. There were colonies in almost every important city in the Mediterranean section, but they had times of home-coming at the several annual feasts in Jerusalem.

Bruce Barton

It was in Antioch that need was first discovered for a name that should distinguish between ordinary Jews and the Jews that recognized the leadership of Jesus, and "the disciples" were first called Christians at Antioch.

It was in Antioch that need was first discovered for a name that should distinguish between ordinary Jews and the Jews that recognized the leadership of Jesus, and "the disciples" were first called Christians at Antioch.

It was in Antioch that need was first discovered for a name that should distinguish between ordinary Jews and the Jews that recognized the leadership of Jesus, and "the disciples" were first called Christians at Antioch.

In all these early movements Peter was the foremost figure. He developed a gift of speech that surprised his friends, and he never lacked courage.

One of the early preachers, Stephen, had given special attention to those Christians in Jerusalem who had not been born Jews but had come in as proselytes.

Without doubt the people who did the actual throwing of the stones were for the most part of the rabble, but a young man named Saul, a zealous Pharisee, looked on with approval at a sentence which he as a member of the Sanhedrin, or high court, had helped to pass.

This young man named Saul was an ardent persecutor. He heard that the Christian faith was spreading as far as Damascus and he obtained letters to the Jewish authorities there for the arrest of any who were of "the Way."

Riding along the road toward Damascus at midday, which is not a good time for a man to be riding there, he was stricken down by what may have been sunstroke; but with it came, as he believed, a voice saying, "Saul, Saul, why persecutest thou me?"

Although its body is only two inches long, the crab spider of Brazil has legs nearly six inches in length.

The total membership in all church denominations in the United States is nearly 61,000,000.

The fundamental principal of the pool is: That if there is oil in the pool and the landowner has big production, he is going to lose some money he does not need, whereas, if he has no production, which by the law of averages is reasonably considered a 50 per cent chance, he would receive all the money he really needed.

No landowner is out a penny in becoming a member of a pool. Expenses of the operation of the pool are taken care of by those forming it, who in turn become minority stockholders in the corporation resulting from its formation.

One share of stock goes to each landowner for each acre he has in the pool. Eighty shares of stock are issued with each 60 acres, the additional 20 shares going to those forming the pool.

In view of the fact the average for wildcat tests in North Texas is one producer out of eleven tests, the 25 per cent commission is in reality reduced to a little more than 2 per cent.

If no oil is produced in the pool within 5 years, the trustee returns the contracts. As long as there is oil production each member of the pool shares in the profits, even if the production is not on his land.

The discovery well of the famous Glenn pool, which was a dry hole, was later offset in one direction by big production. All of the landowners who contribute leases to secure the test well are a means of securing this production, and it is not fair that about one-half of them should not only receive no benefit, but suffer a loss in depreciation of the value of their land through being in close proximity to an oil field.

This is quite unnecessary, as there are sufficient returns from the average oil field to make each and every contributor independent financially by pooling one-half of the royalties. The pool assures all the landowners in it financial independence in case oil is found in commercial quantities and in addition tends to make a prosperous community.

In the average pool about 20 or 25 per cent of the landowners have the big production and in most cases move away to distant cities, whereas the oil royalty pool distributes the money and makes a prosperous community.

Under the present conditions of over-production, even the landowners who have oil might not secure drilling for several years and they receive no benefit until their own land is drilled. Whereas, by the pool you can reasonably expect early profit, as all members participate in the royalties from the outset.

The pamphlet issued by the Dept. of Agriculture recommending pooling of royalties, also gives a large number of provisions that are believed necessary for the farmers' protection. The contract and by-laws that we have designed cover all of these protective features. The contract provides that the money can be used for dividends only and that there can be no officers' or directors' salaries

paid. "We have several pools in Michigan, two of which are producing, and if it were not for production, the potential of our Porter Royalty pool, Porter township, Midland County, Michigan, would be sufficient to pay each 80-acre owner about \$40 a day, even if there were no oil on their own property."

Beginning November 1, 1934, farmers and stockmen in the primary drouth areas may get feed loan allowances for this year's heifer calves, ewe lambs, and female kids in addition to the allowances being made for mature stock, according to Charles W. Sherrill, Regional Manager of the Emergency Crop and Feed Loan office at Dallas.

Mr. Sherrill said that feed loan allowances will be made only on such stock which are retained primarily for breeding purposes; and in no event will allowances be made to feed a larger number of young and mature stock in their respective classes than the number of mature breeding stock which were owned and possessed by the borrower on April 1, 1934, or on sheep owned within six months prior to that date.

The emergency feed loans which are being advanced in the primary drouth areas are disbursed from the drouth relief applications approved June 19, 1934, and made in monthly allowances. Applications are received by the local crop and feed loan committees operating in counties throughout the drouth area. Begun early in July, to date more than 32,000 of such loans and supplemental advances have been made for over \$2,000,000.00.

Shining Rock Mountain, near Asheville, N. C., gets its name from its cliff of pure white quartz which glistens in the sun.

Drouth Feed Loan Inspection Service Being Established

"An inspection service covering emergency drouth feed loans granted in primary drouth areas is being established at this time with accredited field inspectors in practically every County," Charles W. Sherrill, Regional Manager of the Emergency Crop and Feed Loan Office at Dallas, announced.

Inspectors are under the direct supervision of the regional office field supervisor in the County. Personal inspection of all feed and forage loans granted will be made as rapidly as inspectors can cover the counties, for the purpose of preventing misrepresentation and misuse of funds for any other purpose than that stated in the application and to prevent waste and fraud.

In Pennsylvania, more than five times as many rabbits are killed by motor vehicles as by hunters' bullets.

Adjustable and reversible pitch, a new propeller enables pilot to take off or land his plane in less than fifty feet, ascent descent being almost vertical.

ANNOUNCEMENT

Due to increased operating expenses brought about by advancing prices on all of the various items necessary for efficient cleaning, and because of increased salaries and rent, we are practically forced to increase prices on our service.

We could maintain our same low price, but it would be next to impossible to maintain our high standard of service and pay living wages to our employes. In recent weeks, we have added the DRI-SHEEN process to our plant. This meant a heavy initial expenditure and added expense each week in using the items necessary for its operation which means better and longer-lasting service for you.

In view of these and other facts we really believe we are being only fair to ourselves and the public in setting the following prices:

SUITS, Cleaned and Pressed 65c DRESSES, Cleaned and Pressed 65c and up OTHER PRICES IN PROPORTION THESE PRICES EFFECTIVE FRIDAY, SEPT. 21

AN APPEAL TO FAIRNESS

We want to do the fair thing about this matter and if there is any doubt in your mind as to why this SMALL increase should be made, we would be pleased for you to drop around and let us really explain the matter to you.

Prices in some of our neighboring towns: Quanah, 75c; Munday, Stamford, Haskell, Knox City, Benjamin, 75c.

Miss Eula Alexander of Childress is a guest of Mr. and Mrs. Frank Blair.

See our many good prices at the Cash-Way.

Otis Gafford returned Sunday from Chillicothe, Mo., where he completed a commercial course. He is the son of Mr. and Mrs. Charlie Gafford who live in the north part of the county.

Waterspar varnish and enamels for all surfaces. Nothing better.—Womack Bros.

Arthur McMillan returned Wednesday afternoon from a visit to the oil fields of Tyler, Kilgore, Henderson and Rusk. Mr. McMillan says prospects for the oil industry are gradually getting better, especially for the western fields.

Hogs—just right to make your meat.—M. S. Henry & Co.

Mr. and Mrs. Gus Hooks spent the week-end visiting relatives and friends in Edgewood and Quinlan, Texas.

RCA radio tubes—for all type sets—at new low prices.—Womack Bros.

Miss Susie Johnson, who is teaching school at White City, spent the week-end in the home of her father, A. L. Johnson.

Mr. and Mrs. A. Y. Beverly and son, Joe Wallace, spent last week-end in Wichita Falls visiting Mr. and Mrs. Lee Allan Beverly.

Miss Jim Lois Gafford left last week for Alpine to enter the Sul Ross State Teachers College. She accompanied Miss Stather Elliott, head of the romance language department of the college, who had been visiting her sister, Mrs. Shirley McLarty, of the Rayland community.

Leonard Male arrived Wednesday from Indianapolis for a visit with his family in the home of Dr. and Mrs. Hines Clark.

Mules? Yes, we have them, just what you want.—M. S. Henry & Co.

Mrs. J. R. Beverly made a trip to Dallas this week to buy merchandise for the Beverly Shop. She was accompanied by Mrs. W. D. Howell.

Boys brand sewing machine needles, oil and bands. Nothing better.—Womack Bros.

Raymond Thomason of Memphis, who was associated with the local chick hatchery a few years ago, visited in Crowell Monday while on his way to Abilene, where he will be a student in Hardin & Simmons University.

You can save every day on your grocery need at the Cash-Way.

Mrs. G. B. Walden, Mrs. Glenn Hunt and little daughter, all of Lubbock were guests over the week-end in the home of Mr. and Mrs. Verne Walden. Mrs. G. B. Walden is the mother of Verne Walden and Mrs. Hunt is his sister.

Mrs. J. A. Johnson and granddaughter, Frances Henry Johnson, were in Wichita Falls last week-end visiting Mrs. S. E. Woods and Miss Lottie Woods.

A big new shipment 9x12 rugs, only \$6.95.—M. S. Henry & Co.

Out-of-town relatives here for the funeral of Mrs. S. E. Gover were Mr. and Mrs. S. B. Young, Hobbs, N. Mex.; Mrs. Daisy Maxwell, Beaumont, Tex.; Mrs. J. B. Taylor, Tom Ball, Tex.; Billie Maxwell and baby, Myrtle, of Orange, Tex.

Thirty or forty good young mules for sale or trade.—M. S. Henry & Co.

Mr. and Mrs. M. S. Henry went to Mineral Wells Sunday where Mrs. Henry will spend several weeks for the benefit of her health. Mr. Henry returned home Sunday.

Miss Leona Young, employe of the Dallas News at Dallas, has been here this week visiting her sister, Mrs. N. J. Roberts, and family. Miss Young is having a two weeks vacation and visited Carlsbad Cavern last week. She will return to Dallas today.

20-quart Health pressure cookers, only \$13.50.—M. S. Henry & Company.

The article submitted last week concerning the party given by Mrs. W. M. Gamble for her granddaughter, Miss Jessie Faye Gamble, failed to include the names of Coy Ward and Glenn Gamble among those present.

Mrs. W. R. Tuttle, after reading accounts in daily papers of lilac bushes blooming a second time this year at other points, states that Crowell is no exception, as lilacs and crepe-myrtles are blooming at her home, as well as other parts of Crowell, for a second time this year.

See those new fancy bowls in our window, you'll like them.—M. S. Henry & Co.

C. H. Sitton is a new citizen of Foard County, having recently moved with his family from Bowie to the J. H. Self farm in the Thalia community.

Mrs. Larry Mailhes of Shreveport, La., arrived here Sunday and visited for a short time with her friend, Mrs. Bill Elliott. Mrs. Elliott returned with her to her home and is spending this week there.

Mr. and Mrs. G. M. Eubank and son, George, of Lubbock came last week for a visit with Mr. and Mrs. Eubank's daughters, Mrs. A. Weatherall of Foard City, and Mrs. A. D. Campbell, of Crowell.

Smouldering Remains of Ill-Fated Morro Castle After Great Death Toll

NEW YORK... The intense interest in the Federal investigation of the burning of the S. S. Morro Castle with great loss of life was reflected by the masses in which all evidence was eagerly scanned by persons in all walks of life. Acting Captain Wm. F. Warms (insert) testified that he believed the fire that swept the ill-fated ship "was set by someone." Photo above is close-up of the death ship as it went aground off Asbury Park, N. J. The list of dead and missing was between 172 to 186.

being thirty-six feet through the air, and the Four American Eagles, a high wire act.

The Peerless Plotters and the fireworks display will be presented on the west end of the stadium, where two shows will be held each day of the Fair, with special shows for special occasions. The high wire act will work on the midway twice each day. The free band concerts will be presented at all hours of the day on the plaza in front of the Main Exhibit Building.

With the free acts, the free band concerts, the free fireworks show and free style shows which will be held twice daily in the Main Exhibit Building, visitors can spend most of the day at the State Fair of Texas attending free entertainment.

After losing both arms in the war, Friedrich Zinsler of Vienna has learned to play the piano with his toes and makes his living that way.

Thomas Sandilands, pantry boy in a London hotel, appeared as vocal soloist in a concert at Albert Hall.

We hear a good deal about the necessity for special attention to dull children, and every aid which may be given these unfortunates ought to be given. But a lot of bright boys need some thought and practical assistance, too.

Education of the masses to a certain common level is to be desired, but unless the boy who shows exceptional talent can be given special opportunities to develop his latent powers, not only he, but the world at large, is the loser.

Thousands of mediocre boys go through college with little benefit to themselves or to society, while other thousands who have great gifts are denied the privilege.

THE BRIGHT BOY

Free Acts Offered During State Fair

Dallas, Texas.—Free acts and a big free fireworks show will be among the daily features offered at the 1934 State Fair of Texas, which opens Saturday, Oct. 6, it has been announced here by Otto Herold, president of the State Exposition. In addition to the free acts there will be numerous free band concerts.

Two of the free acts which are expected to prove sensational at the coming exposition will be the Peerless Plotters and aerial casting act which works thirty-five feet in the air and one of this act's big features is casting a human

THE FINEST BEAUTY AIDS

S-M-U-T

20,000 BUSHELS LOSS

In a normal crop of wheat, this county loses at least 20,000 bushels of wheat from smut.

It not only cuts your yield and lowers your test, but also infects your ground.

Fields clear of smut one year may be affected the next year. During a hot dry summer, a bad field of smut may infect the field for five or six miles.

We are prepared to treat your seed wheat at our elevator at Crowell with a preparation that has never failed.

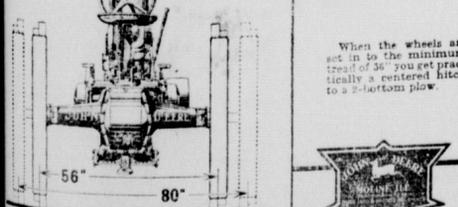

If you want to treat your own wheat, we will sell you the medicine and assist you in every way possible.

Many of our best wheat farmers lost heavily on fields this past year on account of smut.

Why take the chance? Have your seed treated with our regular smut treating machine and be safe.

SELF GRAIN COMPANY

JIM THRIET Says:

When the wheels are set in to the minimum tread of 36" you get practically a centered hitch to a 2-bottom plow.

You have been asking for a John Deere tractor like this one. Now it's here—be sure to come in and see it.

These tractors may be equipped with steel wheels or rubber tires. Two-row lister and two-row cultivator or four-row planter and four-row cultivator.

Come in and let us show you.

SUNDAY SCHOOL LESSON

by Charles E. Dunn

Isaiah Counsels Rulers.
Lesson for September 23rd
Isaiah 31.

Golden Text: Isaiah 26:3.

Isaiah denounced his people for their reliance upon military prowess. The Assyrian empire was at its peak. It had already swallowed up Israel, and was now threatening hapless Judah. As the Hebrews were painfully aware of their weakness in cavalry, an alliance with Egypt well provided with horses and chariots, seemed immensely attractive. It was the folly of trusting in the might of Egypt rather than in their God which provoked the woe recorded at the beginning of the 31st chapter of Isaiah's prophecy.

Rev. Chas. E. Dunn

Such a warning is very timely today when we think of the new armament race now in full swing. Despite the intolerable misery and woe visited upon the earth by the practice of war, men still trust in bombs and guns. In the midst of economic disaster without a parallel the nations today are stupidly spending four and one-half billion dollars annually on armaments.

What can be done to check the drift toward war? First of all there must be real and drastic disarmament. An effective step in this direction would be the abolition of all battleships, submarines and heavy artillery, and the absolute prohibition of chemical warfare. Secondly, the private manufacturer of armaments should either be abolished or placed under strict control. One of the most sinister aspects of the war racket is the greed of the armors, merchants of death indeed who do not hesitate to stir up international strife that their pockets may be filled with gold.

Further steps toward a world secure from the threat of military upheaval are American membership in the World Court, a revision downward of the debts owed to the United States, a re-establishment of the sanctity of international law, and a mutual non-aggression pledge never to cross borders in hostile moods.

Gasoline wasted through the exhaust of the automobile is accurately measured for the motorist by a testing device which analyzes the exhaust gases by burning.

CHURCHES

Christian Science

Sunday, 11 a. m. Subject for Sunday, September 23, 1934. Subject: "Matter."
Sunday School at 9:45.
Reading Room open Monday, Thursday and Saturday 2 to 5 p. m.
Wednesday evening service at 8 o'clock.
The public is cordially invited.

Methodist Church

Fall is here and we join the Vernon District in the plans laid at the Quannah meeting for attendance increase in the meetings of the church and church school, and full reports at conference. Will you faithful workers not individually do your part by your gifts and your invitations? 198 were at Sunday school a week ago, just one attendance up by seeing that our children and friends are there? Will you not invite and bring one with you?

Three united with our church as a result of the meeting at Black, making fourteen in August. Will we introduce these new members to our own indifferent spirit or will we show them our loyalty to encourage their devotion to vows assumed by us all?

There was an increased prayer life during our Crowell meeting that we cannot afford to lose now that the daily campaign is over. You are expected each Wednesday.

All night meetings will begin at 7:30. The Senior League has been moved up to 7 o'clock. Sunday night the pastor will throw Bible pictures and illustrated songs on the screen in the basement of the church at 7:30 before preaching begins.

Our Educational year begins the first Sunday in October and there are places still to be filled. If you are called upon to assume a place of leadership consider the responsibility that possession of truth puts upon you and joyously assume your task for the sake of Christ.

GEO. E. TURRENTINE.

Presbyterian Church

Rev. J. A. Phipps will be with us Sunday and will preach at both the morning and evening hour. A cordial invitation is extended to all to attend both services and Sunday school at 10 a. m.

Baptist Church

9:45—Sunday School.
11:00—Morning Worship.
Sermon subject: "The Department of God."
7:00—Training Service.
8:00—Evening Worship. Sermon subject: "The Impossible."
Come to Church.
O. L. SAVAGE.

Christian Church

Last Sunday's services were the most enjoyable we have had in a long time. The attendance and fellowship were splendid and Bro. Merrill brought us two outstanding messages—messages that gladden the hearts of us all.

We are looking forward to steady progress. Come, next Sunday, to our Bible School and hear about some of the plans and activities.

A Leadership Training Class will begin Monday evening, Oct. 8th, with Bro. Merrill as instructor; with "New Training For Service," a revision of Moninger's Training for Service, as a text; and with the class lasting seven nights, meetings held on consecutive nights so far as possible. Every teacher, assistant teacher and officer of the Bible School and Church especially should enroll, and as many others as will. We hope to have a supply of these text-books and enrollment cards by next Sunday. Enroll early and read the text through before the class begins. Tell your friends. Those of all churches who desire to take the course are cordially invited. There is no charge except the purchase of the text for thirty-five cents. One text could serve one family, however, we advise one for each pupil.

Man is physical for a short span of years; but spiritual for all time. It behooves him to feed and nourish and develop his spiritual life.
C. V. ALLEN, Elder.

Christian Science Services

"Matter" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, September 23.

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "There is a sore evil which I have seen under the sun, namely, riches kept for the owners thereof to their hurt" (Ecclesiastes 5:13.)

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Every step towards goodness is a departure from materiality, and is a tendency towards God, Spirit. Material theories partially paralyze this attraction towards infinite and eternal good by an opposite attraction towards the finite, temporary, and discordant" (page 213.)

A liquid has been developed for refinishing autos which is applied without polishing and which it is claimed will last from eight to twelve months.

Joseph Jameson, aged 65, of St. Louis, was strangled to death by the strings of his nightcap tightening around his neck.

Black Community C. E. Program
For Sunday, Sept. 23, 1934.
Topic: Good Will.
Text: Gen. 13:8-9.
Leader's Talk and Scripture—Lynn McKown.
Special feature arranged by Jewell Mullins.
Things that help and hinder good will—William Gafford.
A church can promote good will—Roy Huckabee.
How a church can hinder the spirit of good will—Margaret McKown.
Library brownings and quotable poetry—Mrs. John Nichols.

Thalia Baptists Honor Pastor for 7 Years of Service With Church

On Sunday, Sept. 16, Rev. Reed filled his regular appointment. A large crowd was present for Sunday school. A splendid sermon was delivered by the pastor. One of the finest dinners that has ever been spread at Thalia was partaken of at the noon hour. Some two hours was spent in the afternoon in singing special numbers. A reading by Mrs. C. D. Hanev was enjoyed by all. Words of appreciation and thankfulness to our pastor and his family for their seven years of untiring service with us were expressed by many. A large crowd was present for B. Y. P. U.

Senior and Junior Unions were organized. Guss Neill will have charge of the Seniors, Mrs. Frank Gamble will have the Juniors. A large crowd was present and very much enjoyed the services for the evening.—Reporter.

The only woman ever to serve on the crew of an American Cup challenger will be Mrs. T. O. M. Sopwith, wife of the English sportsman, who is to race for the famous trophy against a picked American craft next month.

The Dillingham house, built in 1660, at Brewster, Mass., is occupied by the 8th generation of the Dillingham family.

Miss Olivia Young, a Chinese girl born in St. Joseph, Mo., who went to China when very young and became a famous screen star there, has returned to Hollywood to study American producing methods.

The Family DOCTOR

By JOHN JOSEPH GAINES, M.D.

WE MUST BE ALERT

This week one of my neighbor towns—a "county seat" town, startled by the development of two cases of typhoid fever! The excitement was like that of a military invasion almost. Typhoid fever! Instantly the physicians sprang into action—the source of the infection must be found—and wiped out. It was discovered to be in the city water supply.

Two things imperative and without delay: First, boil ALL WATER used by the population of the city—and immunize as many as possible by giving the necessary vaccine that is now of proven value. The second is doing just that. An epidemic of typhoid must be prevented. As I write this, the news reached me—that one of the cases, a bright young man—died of the fever.

I remember the Spanish-American War days; various army camps reeked with typhoid; vaccination was unknown. Came the immediate World War army—all immunized—no typhoid cases that I heard of. A case of typhoid fever in your community, if you should be so fortunate as to have one, should bring instant investigation of the water supply; if the water is found pure, then search all foods and sanitation within the district. Don't trust your road overseer or street commissioner to conduct the investigation. It is the duty of your physician—if he cannot do it he must have it done properly. You can't tell whether water contains typhoid by just looking at a pailful of it. The bacteriologist.

The typhoid germ is a "bacillus." That means "rod-shaped." Like a short section of hair—only many times smaller—invisible, typhoid bacillus will live in well water indefinitely. It attacks the human intestine, where the disease "runs its course." We can immunize

TRAIL'S END

Twelfth Installment

SYNOPSIS

Three weeks after a cream colored roadster had been found wrecked in the sea at the foot of a cliff, a girl calling herself Anne Marston appears at the desert...

She handled the blonde rather well. Riddle remarked absently. "Well, that was a mistake."

"A very natural one," Riddle absorbed in his ball. "I remember the resemblance as soon as I spoke. It's startling."

"You could see a resemblance to some unknown female name wasn't even mentioned."

"I know that it is worth more than I could hope to meet in cash. But you might consider taking a vacation. Do you like good shooting? Or fishing? Like to ride a good horse over mountain trails, and not see another human being but your guide all day long?"

"I'll guarantee both the cook and the appetite."

"What kind of accommodations have you? I'd want to bring Mrs. Gage. She hasn't been well lately."

Barry politely swallowed his disgust. His one meeting with Mrs. Gage had left him with the recollection of a dazzling loveliness, and probably not much else.

"There's a big log ranch house with all the improvements, and electric current. Of course, it isn't town."

"That's all right. The change might do her good."

They went down together in a private elevator. Barry had won a victory, but he wondered grimly what Nancy was going to do to keep the lovely Paula from being bored to hysterics.

Barry turned briskly back from the curb, intending to find the nearest telephone and break the glad news to Nancy. He took two steps and slowed down.

A few yards ahead of him a man was signaling a taxi. Barry vaguely noticed the same man loitering in the corridor when they had come out. Instead of a trim uniform he wore a wide-fitting blue suit but Barry knew him. As Kennedy stepped into a taxi Barry jerked his finger at another.

"Follow that black and white," he said, and slammed the door. Once they were lost sight of it, but Barry's driver expertly picked up the trail. Barry was beginning to feel slightly ashamed of the unreasoned impulse which had sent him careening across town.

They were in a shabbier, busier district now. The black and white taxi had gained on them again. It swung in to the curb in front of a dingy-looking entrance, and Kennedy got out.

important. I am going in to town on Wednesday and will meet you at the Roswell, on Seventh, at two o'clock sharp. Better decide to come. Granleigh won't do. Think you are being watched there.

JIM.
An hour later she rang for Matthews. "I've decided to go in to town, Matthews. If Mr. Barry should call up later, tell him where I have gone. He can have my page at the Plaza, any time after three."

Barry was talking hard. He had waited over three hours for this audience. Gage listened and grunted.

"Oh, it's that, is it? Thought you'd given up that nonsense by this time."

"It isn't nonsense, Mr. Gage. It's horse sense. The land is there, acres on acres of it, as rich as the Imperial could ever be; the water is there, and all that separates them is one spur of rock."

"And a pot of money. And don't forget that the first project got a black eye, and nobody's going to be anxious to see his money go the same way."

"It can't. Not for the same reason, anyway. If you don't want to risk it, I don't suppose that I could say anything to change your decision, but why don't you sell your side of the spur and give me the chance to interest somebody else?"

"See here, Mr. Gage. I know I'm making a nuisance of myself, but I feel certain that you would let down the bars if you really had a look at the place."

"Young man, do you know what my time is worth?"

"I know that it is worth more than I could hope to meet in cash. But you might consider taking a vacation. Do you like good shooting? Or fishing? Like to ride a good horse over mountain trails, and not see another human being but your guide all day long?"

"Sounds pretty good," Gage grunted. "Got a cook who can give a man plain ham and eggs without drowning 'em in a gummy sauce?"

Barry leaned back with a grin of pure relief.

"I'll guarantee both the cook and the appetite."

"What kind of accommodations have you? I'd want to bring Mrs. Gage. She hasn't been well lately."

Barry politely swallowed his disgust. His one meeting with Mrs. Gage had left him with the recollection of a dazzling loveliness, and probably not much else.

"There's a big log ranch house with all the improvements, and electric current. Of course, it isn't town."

"That's all right. The change might do her good."

He may have recognized me." "He doesn't even know that I am in Granleigh."

"But he's likely to find it out any day, and when he does, things are going to happen. If he lets either one of us hang around in the same county, after what happened last May, it will just be a present from Santa Claus. You and I are out of the picture, Nancy, and we may have to take a sudden journey, any day. I mean to do it when I'm ready, and you'd better get a telegram from a sick aunt in Manitoba."

"I won't! I won't go and you can't make me."

"Sure of that? Not even if Duane should be told—what you told Gage that night?"

"Jim! You wouldn't be so insanely cruel!"

Kennedy flushed slightly, but his hard gaze did not waver. Anne reached over and clutched at his hand. "Haven't you any mercy for anyone else? I thought—when I told you about that the other night—that you . . . Oh!"

Her voice died in a shaking breath. She was looking past Kennedy with a stricken stare.

"Oh—Barry! I—won't you . . ."

She stammered, stiffening and trying to smile, as he came grimly toward them, his face set and a white line of fury around his lips. Barry looked past Kennedy as though he had not been there.

"If you have finished," he said, "it will not be necessary for your companion—to see you home."

Anne arose slowly, but Kennedy's chair had already rapped back. He was on his feet, a dark glitter in his eyes.

"High handed, aren't you? You must think you're pretty damned important, if nobody can have a business interview with your wife without your permission."

"You'd better consider it finished. Get out!"

The voice was low, but the words were bitten off and flung. For a moment longer, they stared at each other, Barry's face flinty in its tight restraint, Kennedy's faintly jeering. Then his shoulders moved expressively. Kennedy had too much at stake to risk ruining everything by a public row with Nancy's husband. He bowed to Anne.

"Thank you for the interview, Madame, in case I do not see you again."

He walked deliberately away. Anne broke the silence that was suffocating.

"I think I am the one to ask for explanations, but the first thing to do is to get out of this hole. Are you ready?"

H. D. and 4-H CLUB ACTIVITIES

Officers of FOARD COUNTY HOME DEMONSTRATION COUNCIL
Mrs. T. W. Cooper, Chairman Mrs. F. E. Diggs, V. Chairman
Mrs. E. A. Dunagan, Secretary-Treasurer
Miss Myrna Holman Home Demonstration Agent

Council Award Won by W. Rayland Club

The West Rayland H. D. Club was awarded the \$1.00 offered by the County Council for having the greatest number of dresses in the dress contest, judged on a percentage basis, at the meeting of the council in Crowell Saturday. At the time of the dress contest, West Rayland had 13 active members, exhibited 3 dresses, and won 2 prizes—second on stout dress and 3rd on slender.

Monday, Dec. 3, was set as the date for the Ball canning contest. Miss Holman reported on some of the programs for the next year's work, as outlined by Mrs. Maggie W. Barry, Extension sociologist for rural women's organizations.

New Vivian Well Aided Community

A supply of drinking water has not been one of the problems on their farm, according to Mrs. Lee Morgan of the Vivian Home Demonstration Club. During August a well was dug a short distance southwest of the house. Good drinking water was found at a depth of 26 feet. Mrs. Morgan says that the water does not have enough gyp in it to taste and is soft enough to be used for washing by breaking it with soap.

The well has proved a big help to a number of families in the community as they still haul water from it. The Morgans also have two large tanks in which they had enough water to last through the drought. "It's a long time between drinks as every farmer knows" does not apply to this family.

Excellent Patch in Spite of Drouth

"They are a sight for anyone to see, even when there has been no drouth," says Mrs. F. E. Diggs, of her butter bean patch. She has about 300 feet which she said have withstood the drouth without even firing up, but did not bear. They are now loaded with blooms and small beans. Mrs. Diggs is looking forward to canning a supply for winter.

WEST RAYLAND H. D. CLUB

"Ice and salt should be measured for freezing ice cream," according to Miss Holman, during a demonstration on frozen desserts, in a meeting of the West Rayland H. D. Club with Mrs. Otto Schroeder Sept. 11.

Eight parts of ice and one part of salt should be used. If more salt is used the mixture will freeze faster and therefore will not have a smooth texture. Miss Holman demonstrated peppermint ice cream and junket ice cream.

Those desiring to send exhibits to the Dallas Fair may bring them to the next club meeting as all exhibits should be in Miss Holman's office not later than Sept. 27. One new member, Mrs. John Taylor, was added to the roll.

Fourteen members, 3 visitors, Mrs. H. G. Simmonds, Mrs. R. G. Whitten and Miss Thelma Young, and Miss Holman were present.

WEST SIDE H. D. CLUB

A demonstration on frozen desserts was given by Miss Holman at a meeting of the West Side H. D. Club with Mrs. F. A. Davis on Sept. 12 with eight members and four visitors, Mrs. Minnie Summers, Mrs. Arnold Rucker, Mrs. Marion Crowell and Miss Cleo Eubank, present.

A committee was appointed to visit the needy to see what aid could be given. The club will meet with Mrs. Glenn Roberts on Sept. 26.

Clothing Figures Reveal Increased Purchasing Power

College Station.—Average annual expenditure of \$32.01 per person this year as compared to \$25.36 last year was revealed by figures compiled from the records of 700 farm women who served as wardrobe demonstrators working under the supervision of home demonstration agents in 31 Texas counties according to a statement issued here by Mrs. Dora R. Barnes, Extension clothing specialist. These 700 women kept complete and accurate accounts of their individual clothing expenditure for one year.

Figures of 155 farm women from 61 counties who kept clothing accounts for their entire families show an average annual expenditure per family of \$88.33 as compared to an average of \$76.17 spent the year before. These families contained 557 persons, making the average expenditure per person \$24.35. The figure for last year was \$21.73.

"These figures probably reflect the added buying power of the farm family," Mrs. Barnes said. "All the way through they show a definite gain. We know that many things have to be bought on farms before clothing is considered so when we find the records of the wardrobe demonstrators of home demonstration clubs consistently showing increased expenditure for clothing for themselves and families it seems a safe sign that 'times are better' on Texas farms," she said.

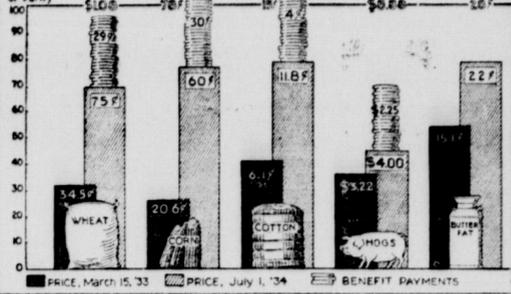

In Dallas County 346 4-H Club girls kept clothing records from September 1, 1933, to June 1, 1934, which indicated an average expenditure of \$30.18 for the nine months. It is estimated that for the year the expenditure would be \$40.24 per girl. As a part of their club work 204 of these girls made 2,240 garments which were valued at \$2,368.60.

VIVIAN H. D. CLUB

Miss Holman gave a demonstration on frozen desserts to 10 members and 2 visitors at the meeting of the Vivian H. D. Club at the

FARM PRICES ADVANCE TOWARD PARITY, 1933-'34

Stacked coins show additional returns per crop unit to cooperating producers in benefit payments on domestic allotment or other portion of crop designated in contract

The real price (farm price plus benefit payments) that farmers are receiving for their allotted production of major farm products in terms of parity shows marked improvement. The figures along the parity price line of the above graph represent the amounts per unit farmers must receive, however, before their products will have as great exchange value as they did in the parity years, 1910-14. The increase in real prices since March 15, 1933, and the proportion of the real price farmers are receiving on designated portions of their crop in the form of benefit or rental payments under agricultural adjustment contracts are shown.

GAMBLEVILLE H. D. CLUB

Frozen desserts was the subject for the meeting of the Gambleville H. D. Club with Mrs. Claudius Carroll on Sept. 6.

Miss Holman gave a demonstration on three kinds of frozen desserts—junket ice cream, grape ice and peppermint ice cream—which were served to 12 members and one visitor, Mrs. Herman Whately of Thalia.

Mrs. Claude Dodd was elected as new wardrobe demonstrator for 1935. After the lesson and demonstration, games were played.

The next meeting is with Mrs. John Diggs on Sept. 20.

French experts have devised means of greatly amplifying phonograph records for radio use without distorting the quality of sound.

Only 17 Business Failures in Texas During Past Month

Austin, Texas.—The number of business failures occurring monthly in Texas continues to be small, according to the University of Texas Bureau of Business Research. Failures in Texas during August totaled seventeen, the same as in July but only about half the number for August last year. Liabilities of \$209,000 were 20 per cent lower than in July and 73 per cent below August, 1933. Average liability per failure of \$12,294 was 20 per cent lower than in July and 47 per cent below that of August last year. Total assets of the seventeen firms that failed in August were \$107,000, against \$83,000 for an equal number in July, an increase of 29 per cent.

Helps Babies Rest Ends Colic Pains Aids Digestion

When your baby tosses about, cries in pain and cannot sleep, why not get at the cause with McGee's Baby Elixir. It neutralizes indigestion acid, ends gas cramps and colic pains and then helps them become cheerful again. They sleep better. McGee's Baby Elixir is made of the purest medicinal extracts and syrup. It cannot harm. Years of use has proven that. Simple directions tell exactly how to use it. Tastes good. Gives relief promptly. Two sizes: 35c, 60c. (adv) FERGUSON BROS. Druggists

Your Power Company A Service Institution

West Texas' phenomenal progress during the past decade has been equalled only by the steady expansion of its West Texas Utilities Company, for while West Texas has been carving industrial history, this company—to aid and foster that growth—has kept its facilities modern and in advance of immediate needs.

Today 2,600 miles of cardinal Transmission Lines—energized from three large, strategically located main generating stations and strengthened by many auxiliary or stand-by plants—has replaced the precarious and costly part-time "lighting" plant of yesterday. This new-day Transmission System insures an immediate supply of power sufficient to meet any development.

The program of this Company has been, and will continue to be, the rendering of increased use of service by constantly decreasing rates. Since the organization of the West Texas Utilities, the consumers have benefited by total rate REDUCTIONS amounting to MORE THAN SIXTY PER CENT—an unheard-of accomplishment in the days of isolated plants.

Electricity renders one of the most valuable services to the household. Yet it is sold at the lowest price of any item of the household budget. It represents approximately only one per cent of the workman's total expenditures. Electricity is cheap! You should use much more of it.

Do you know that your increased use of Electric Service is billed on a surprisingly low rate schedule . . . and adds only a small amount to your total bill?

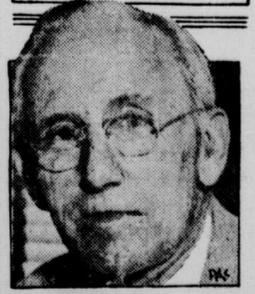

West Texas Utilities Company

Now Mrs. Forbes

YUMA, Ariz. — Heather Angel (above), British screen star, is now the wife of Ralph Forbes, also British screen star and former husband of Ruth Chatterton. They motored here to be wed.

Now Vice-Governor

WASHINGTON . . . Judge J. Thomas (above), Democrat of Nebraska is now Vice-Governor of the Federal Reserve Board on appointment by President Roosevelt. He is the "farthest West" member of the Board.

SOCIETY

MRS. T. B. KLEPPER, Editor
—Phone 163J—

First Meeting of Crowell PTA Held on Tuesday Night

The first meeting of the Crowell P. T. A. unit for the year 1934-35 was held in the High School auditorium on Tuesday evening with approximately 75 present.

In the absence of the president, Mrs. A. F. McMillan, the vice president, Mrs. A. D. Campbell, was in charge of the program which was opened with the singing of "America." C. V. Allen led a splendid devotional. Supt. I. T. Graves brought greetings from the P. T. A. and the schools and gave an outlook into the possibilities for work for the ensuing year. Mrs. A. Y. Beverly, retiring president, responded with words of hope and confidence for forward movements and appreciation for the manifest co-operation. Mrs. R. L. Kincaid brought a resume of the workings of the National P. T. A. Convention which she attended in Des Moines, Iowa, in June and reported that Texas was third in attendance upon that convention and outstanding in many ways in P. T. A. achievements.

The hospitality chairman, Mrs. H. K. Edwards, invited those present to join in a social hour, with the teachers and mothers of the High School as hostesses. Punch and cake were served. A number of fathers were present at this meeting.

Seniors Entertain Crowell Teachers

Wednesday afternoon the Senior Class of Crowell High School entertained the faculty with a delightful chicken barbecue at the Luther Gribble Park.

Various games were enjoyed by

those present. After the games were played, the seniors and faculty were served barbecue, potato chips, bread, tea and fruit by the class mothers. Everyone present had a pleasant time.

Margaret Couple Marry Sept. 16th

Word has reached friends and relatives at Margaret of the marriage of Miss Clara Belle Blevins of Margaret and Lawrence M. Carter, formerly of that community, which took place at Weslaco, Texas, on Sunday, Sept. 16, at 4:30 p. m.

Rev. Bastrum, Baptist pastor, read the ring ceremony. The bride is the daughter of Mr. and Mrs. Henry Blevins and Mr. Carter is the son of Mr. and Mrs. W. S. Carter. The young couple is now at home at 301 West Highway, Weslaco.

COUNTY FEDERATION

County Federation met at West Rayland school house Wednesday, September 12th, with the West Rayland H. D. Club as hostess. Thirty-one ladies were present representing 8 of the 11 clubs in the Federation.

After the business session Ernest King gave a most excellent and instructive talk on "The Importance of Properly Fitted Shoes on a Growing Child." Mrs. Jim Cates gave an interesting talk on "Books for Boys."

At noon a very bountiful and appetizing covered dish luncheon was served in one of the class rooms.

Mrs. Kincaid's talk on the subject "Body and Soul," was the feature of the afternoon session. The Federation will meet at Margaret on November 9th.

Couple Recently Married Visiting Foard Relatives

Mr. and Mrs. Jack M. Whitney, who recently married at the home of Mr. Whitney's mother in Los Angeles, Calif., arrived here last Thursday to spend a few days visiting Mrs. Whitney's parents, Mr. and Mrs. J. B. Easley, and other relatives at the Half Circle O Ranch near Vivian.

Mr. and Mrs. Whitney have been spending their honeymoon the past month in and about Albuquerque, N. M., and on the Navajo Indian Reservation, as Mr. Whitney's position as an engineer necessitates traveling over that country.

The most interesting part of their trip was attending the Fiesta at Santa Fe and the competitive Indian Ceremonials at Gallup.

Mr. Whitney has written several articles on Navajo life and their ceremonial dances, having lived and worked with these people the past few years on government projects of putting water on the lands.

The Whitneys will return shortly to Kearns Canyon, Arizona, in the Hopi Indian country. That will be their home and headquarters for some time.

Teachers Guests of Adelpian Club

Last Thursday afternoon the Adelpian Club entertained the teachers of the Crowell schools with a "Forty-Two" party at the Griffith Hotel with Mesdames L. A. Andrews, C. V. Allen, A. D. Campbell and W. W. Griffith as hostesses.

Appropriate prizes were given to Miss Louise Ball for high score and to Mrs. A. Y. Beverly as low scorer.

A most attractive plate was served. Club colors of purple and gold were used on the plate. Individual corsages of gladioli were very attractive as plate favors.

Fall Gardens Are Now in Order Here

"Sufficient rain has now fallen in many parts of Texas for fall gardens to be planted," says J. F. Rosborough, Extension horticulturist, "and now is the time to clean off the weeds and prepare the soil for fall gardens in other parts of the State." Seed should not be planted unless the soil is supplied with moisture to a depth of six or eight inches. Seed planted following a light rain will germinate, but if there is not enough moisture to sustain plant life the sprouting plants will die. Mr. Rosborough says:

To prepare the soil, plowing should be shallow, not going deeper than four or five inches. Immediately following the plowing, the soil should be pulverized to prevent clodding. Rotted stable manure is the best fertilizer, as this material serves to retain the moisture and prevent the ground from crusting in the heat of September and October. If the fertilizer is thoroughly dried out, there will be no burning of the young plants as commonly supposed. Mr. Rosborough says. He adds that three or four wagon loads to a one-half acre garden is none too much. Where possible the seed bed should be allowed to settle for several days after the manure is applied so that the soil will be more compact and germination will be hastened. In addition to the turnip greens and collards commonly grown in fall gardens, other leafy vegetables recommended are mustard, Los Angeles lettuce, Swiss chard, and the Copenhagen market variety of cabbage. Carrots, beets, radishes, and turnips supply a variety of root crops. Pinto beans are the quickest type of bean to make a crop, but they are slightly stringy. The bountiful variety is stringless and one of the earliest maturing kinds.

Mrs. Viola Milleken, 87, of Falton, Nev., is active cultivating a garden tract 30 yards wide and 100 yards long.

Mrs. Dorothy Alexander of Salt Lake City is the author of the beautiful Memorial Day song, "Sleep Soldier Boy."

Miss Edith Foster of Denver found a burglar in her home, seized him bodily, and turned him over to the police.

Queen Of Forests

HUNTINGTON W. VA. Miss Jarnette Northcutt (above), of this city has been elected queen of the annual Mountain State Forest Festival which is featured at Elkins, Va., the first week in October.

Miss Edith Foster of Denver found a burglar in her home, seized him bodily, and turned him over to the police.

THANKS—

Since leasing my filling station to Leo Owens of Margaret, I take this method of expressing my sincerest thanks for the patronage given me during the nine years that I have been in the filling station business in Crowell and trust that my successor may also have a share of your business.

Sincerely,
S.H. ROSS

TO HONOR FACULTY

The hospitality committee of the Crowell P. T. A. is sponsoring a basket picnic honoring the faculty on next Tuesday evening, Sept. 25, at 6 o'clock at Gribble Park. All P. T. A. members and those interested in the P. T. A. are urged to be present.

Thalia Juniors Name 1934-35 Officers

The Thalia High School Junior class met last Friday to organize for the 1934-35 school year. Class officers elected were:

Charles Earthman, president; J. C. Wisdom, vice president; Frances Davis, secretary-treasurer; Jessie Faye Gamble, reporter, and Miss Ina Smith, sponsor.

Thalia Girls Elect Basketball Leaders

Twelve girls were present for the meeting last Thursday called by the coach, Miss Opal Randolph, to organize the 1934-35 Thalia High School girls basketball team. The following officers were elected:

Emma Wisdom, captain; Frances Davis, assistant captain; Jessie Faye Gamble, reporter, and W. M. Bralley, manager.

Sophomore Class at Thalia Elects

Sophomores of Thalia High School met in a business meeting last Thursday, Sept. 13, and elected the following class officers for 1934-35:

Sylvan Barrett, president; Buddy Derrington, vice president; Ruth Huskey, secretary-treasurer; Johnnie Lee Tarver, reporter, and Mr. and Mrs. Cone Green, sponsors.

The class hopes to have a number of real social activities during the year.

MORE COLLEGE STUDENTS

Those deciding to go to college during the past week, or who were not listed in the college student group published last week are:

Teacher's college, Alpine—Jim Lois Gafford.

Teacher's college, Canyon—Peggy Thompson.

Texas Tech, Lubbock—George Thompson.

St. John's Seminary, San Antonio—Chas. Drabek. Last week this school was listed as St. Mary's, LaPorte, Texas, where Chas. was enrolled last year.

School, Houston—Annie Vecera. The News would be pleased to learn of the names of any others from the county going to college who have not been previously listed.

ROTARY LUNCHEON

Talks by D. S. McCutcheon of Detroit, Mich., and Lester Patton, captain of the Crowell High football team, featured the program at the luncheon of the Rotary Club Wednesday.

Mr. McCutcheon, who is here in connection with the oil royalty pool that is being formed north of Crowell, spoke regarding the oil business. The Wildcat captain talked on what football had meant to him from both a mental and physical standpoint.

Visitors at the luncheon also included A. R. Fairbairn, G. T. Price and J. C. Paschall, all of Detroit.

About Women

Mrs. Alice L. Marston of the Boston-Marine-Central Vermont Airways at Concord, N. H., is being line dispatcher in the country.

Twenty-one children won the government prize for the most children in Hungary for Mrs. Antal Kramer, 48, a peasant living near Budapest.

The only woman in the American Legion band of Milwaukee is Miss Evelyn Pennack, solo saxophonist.

Mrs. Dorothy Alexander of Salt Lake City is the author of the beautiful Memorial Day song, "Sleep Soldier Boy."

Miss Edith Foster of Denver found a burglar in her home, seized him bodily, and turned him over to the police.

THANKS—

Since leasing my filling station to Leo Owens of Margaret, I take this method of expressing my sincerest thanks for the patronage given me during the nine years that I have been in the filling station business in Crowell and trust that my successor may also have a share of your business.

Sincerely,
S.H. ROSS

C. H. S. Pep Squad Leaders Selected

Doris Oswald and Peggy Cooper are the Crowell High pep squad leaders for this year as a result of their selection by popular vote of the student body following try-outs at the assembly period Monday morning.

Ragland—

(Continued from Page 1)

A fine leather cushion seat from Ragland's old Nash car is neatly arranged at the front of the wagon and beside it is a tool box with an upholstered top which results in a seat extending from sideboard to sideboard. A bed and numerous other items for the "portable home" find sufficient space in the wagon. A spare tire pump and tire repair items are included in the vehicle's equipment.

Further evidence of Ragland's skill is shown in the method he used in attaching the tongue to the wagon. It results in minimum strain on the jennies and provides for accurate steering. The entire wagon represents durability, light weight and neatness in every detail of construction. The wagon bed is green while the running gear is black.

Ragland's ability as a workman did not stop with the wagon for he also made the excellent set of harness for Kate and Peggy except for the collars, hames, chains and bits.

Born in Missouri Ragland was born in Bates County, Missouri, on Nov. 25, 1898, and came to Wise County, Texas, on Oct. 19, 1882. Following in the footsteps of his father, Red took up carpentry work when just a mere lad and has followed it throughout most of his life.

In connection with his career as a "boomer," Ragland first came to Crowell in 1908, when quite a boom was on in this town. He stayed here about a year during which time he worked on the home built for R. E. Edwards and G. T. Crowell, deceased. Mrs. Crowell still lives in this home, while the Edwards home is now occupied by Mr. and Mrs. W. W. Boyd.

In the years that followed he continued to follow the booms and saw "lots of country," as he expressed it, his work taking him to California, the Rio Grande Valley and various other points.

In 1924 he returned to Foard County and went to work on the Thalia school. Until his departure yesterday, he had continuously lived in Crowell since that time.

Ragland's Irish wit and general kind nature gained him hundreds of friends here and the best wishes of all go with him to his new location.

J. P. Fowler of Crowell accompanied Ragland as a passenger on the first day of his trip.

Training Course to Begin Here Oct. 8

A special leadership training course, particularly applicable for Sunday School teachers and all church workers, will be conducted seven nights, beginning Monday, Oct. 8, by Rev. Paul J. Merrill, pastor of the local Christian Church.

He and officials of the Christian Church extend an invitation to all people of the community to take the course. There will be no charge, except for the 35c textbook.

The text to be used is "New Training for Service" by C. J. Sharp. It represents a revised enlargement of Moninger's "Training for Service," and those who have used it praise the text book as the most comprehensive and finest they have seen.

It is well condensed and touches upon most every phase of training service in an impressive manner.

Approximately 95 per cent of the world's population is located north of the equator.

BIRTHDAY FOR PIONEER

The 75th birthday of John son of Paducah was recently celebrated at his home in the city with a few of his Crowell relatives present.

Mrs. E. L. Ribble of Crowell is a sister of Mr. Gibson, who has been in the Paducah country the past 52 years.

Although he has been a since birth, Raymond My Vintage, Pa., can play a guitar, trombone and harmonica.

All interested in TAPPING See EVELYN SLOAN or DESSA HOUSOUER

Classes to begin about Oct. Please notify us at once if are interested.

Every Day SPECIALS

WILDCATS—BEAT THOSE LIONS!

HARWELL'S VARIETY

A V-8 is no longer the privilege of the Wealthy

Low First Cost
Low Upkeep Cost
High Resale Value

IT is not just chance that the Ford V-8 is the only V-8 selling today for less than \$2,500. It is due entirely to the skill of Ford engineers. For the V-type engine costs more to build. It is the type of engine that powers the most expensive cars—holds every world speed record. And only Ford has been able to put it in a low price car. The advantages of a V-8 are apparent the moment you drive it. Increased flexibility in traffic—faster pick-up—an ability to get places without driving strain. The new Ford V-8 is not only low in first cost. It costs less to operate than any other Ford car ever built. Gasoline and oil costs are lower. Valve grinding is virtually eliminated. Drive this new Ford V-8—and you'll want it!
