

THE FOARD COUNTY NEWS

AND CROWELL INDEX

FORTY-SIXTH YEAR NUMBER 32

CROWELL, FOARD COUNTY, TEXAS, THURSDAY, JANUARY 25, 1937

\$2.00 A YEAR EIGHT PAGES

MORE WHEAT CHECKS ARRIVE FIRST OF WEEK

Seven Checks Raises Total for Foard to \$28,205.10

The third payment on Government wheat contracts signed up in the latter part of 1935 were received at the county agent's office this week. Seven checks made up the payment and added \$699.99 to the total amount paid in Foard County.

The first payment received during the first part of December consisted of 174 checks for a sum of \$11,294.16 and the second payment, which was received about the middle of December, amounted to \$8,210.95. The last checks received raised the total to 242 checks for \$28,205.10 paid to farmers in Foard County for 1936 wheat contracts.

Collegiennes Pick Sammy—Todd Second

Passing himself onto most of the major All-American selections was not the only accomplishment of Slingin' Sammy Baugh, Texas Christian's passing quarterback. He also passed his way into the hearts of 2,300 Texas State College for Women fans, who voted him their favorite Southwest Conference star. Baugh is shown here as Miss Dorothy Ehlinger, student president from New Braunfels, presented him with a traveling bag. Dick Todd, Texas A. & M. backfield star, was second in the balloting.

SATURDAY IS DEADLINE FOR TAX PAYMENTS

License Plates Go On Sale Monday, Feb. 1; New Type Plates

Saturday, Jan. 30, will be the last day that taxpayers will have to pay their county and state taxes without a penalty. January 31 is the deadline but as that date falls on Sunday, and as the tax assessor-collector's office will not be open on that day, Saturday will be the last day. Saturday will also be the last day to pay poll taxes.

The interest on 1936 county and state taxes after they go delinquent Jan. 31 will be one per cent if paid in February, two in March, three in April, four in May and five in June. After June 31, the interest will be eight per cent.

License plates will go on sale Monday, February 1, and vehicles registered for 1936 may be registered at this time, however, the plates cannot legally be used before March 1. New or unregistered vehicles placed in service during the months of February or March should be registered for one or two months, accordingly.

Special license plates were made for the Centennial year, 1936, and the plates this year have gone back to the old style type with orange numerals on a black background.

The numbers for Foard County for 1937 are as follows:

Passenger cars, 394-951 to 396-200.

Commercial vehicles, 57-501 to 57-650.

Farm trucks, 32-401 to 32-500.

Five Generations Represented

The above picture represents five generations in the family of Mr. and Mrs. G. W. Wallen of Denton, former pioneer residents of Foard County. The picture was made during the holidays when Mrs. Wallen was here from Denton visiting in the home of her daughter, Mrs. Joe Owens. Standing, left to right, Mrs. Wallen and Mrs. Owens; seated, Mrs. O. E. Connell and daughter, Mrs. D. H. Scott, and baby daughter, Sandra.

PUBLIC ASKED TO OBSERVE TRAFFIC LAWS

Marshal Requests Auto Drivers Not to Double Park

A campaign against careless driving and double and center parking on the down town streets of Crowell has been instituted by the City Council in the appointment of a new city marshal, A. T. Schooley, who will be on the streets at all times to see that traffic laws of the city are observed. City officials hope that Mr. Schooley will have the full co-operation of the public in general in relieving the congested condition on the streets and prevent any serious accidents happening as have occurred in the past. Every effort possible will be made to stop the dangerous practice of double parking on the streets in the business section of the town.

Main and Commerce Streets of Crowell are State Highways and the blocking of these streets is not only a violation of a City ordinance but it is also a violation of the State traffic laws and persons double and center parking their cars on these streets are liable for arrest and prosecution by the State highway patrol.

City officials have been warned on a number of occasions by the State highway patrol that the congested condition on these streets in Crowell be cleared up, but it is hoped that motorists will co-operate in the matter to the extent that help will not be needed from the State highway patrol, Mayor C. T. Schlagal said.

Parking by fire plugs is also a violation of the law and car drivers are asked not to do this.

CATS REACH TOURNAMENT SEMI-FINALS

Floydada Beat Quanah In Finals to Take Trophy

The Crowell Wildcats were eliminated by Quanah in the semi-finals of the Matador tournament, which was held last Friday and Saturday.

The Indians overcame the lead that the Wildcats had held over them throughout the game in the closing minutes of play and the two teams were so evenly matched that two extra five minutes had to be played and the Quanah lads emerged from the fray on the long end of a 29 to 27 score.

The Foard County lads defeated Lakeview 30 to 20 Friday morning and knocked Turkey out of the tournament with a score of 26 to 23.

Floydada won the trophy for 1937 by defeating Quanah in the finals Saturday night.

This is the second time that the Wildcats have been beaten at the tournament by Quanah and both times the Indians have defeated them by 2 points. The first time was in 1935 when the Quanah cagers won the final game from the Wildcats to take the trophy for that year.

This was the first time in the history of the tournament that a game had to be decided by playing two extra five minute periods.

FOARD COUNTY CHECK FOR RED CROSS SENT MONDAY

A check for \$45, first quota given Foard County by the National Red Cross to be used in its efforts of caring for the homeless and destitute people of the eight Eastern states that have been ravaged by perhaps the greatest flood in history, was mailed Monday to the St. Louis offices by George Self, chairman of the Foard County Chapter. Mrs. H. Schindler acted as solicitor in collecting the funds and no difficulty was experienced in raising that amount promptly.

A telegram was received Tuesday from the Red Cross headquarters stating that the minimum need at first estimated at two million dollars was too small and a much greater amount of money would be needed. Another check will be mailed by the county chairman at an early date, and it is expected that the total amount contributed will reach \$100.

Those who want to contribute any amount to the Red Cross to be used in this extreme emergency are asked to leave it with Mr. Self, Claude Callaway or at either drug store in Crowell. Contributions will be received by Fred Brown at Thalia.

RESIDENT OF TRUSCOTT DIES JANUARY 21

Funeral Held Thurs. In First Christian Church

Delinquent Taxes Must Be Paid If School to Operate

In making an appeal to those who owe delinquent taxes to the Crowell Independent School District the board of trustees had the following to say in an ad that appeared in The News last week and again this week: "This School District has been operating on a shoe string for the past five or six years because you and you have failed to pay your school tax assessments. We have just about gone our limit without money, so we appeal to you to make every effort to pay your delinquent school taxes before January 31, 1937."

The announcement also states that "Several tax suits will be authorized on or before Feb. 1, and service had in time for action of the District Court at its next term which convenes Monday, Feb. 15," if delinquent taxes are not paid.

FOARD COUNTY TREE PLANTING PROGRAM GIVEN

Forest Service Gives Locations for New Plantings

Farmers in Wilbarger, Foard, Hardeman, Childress, Hall, Collingsworth, and possibly Wheeler and Cottle counties will be the beneficiaries of a government tree planting program within the next few weeks if pending financial arrangements materialize, according to Acting State Director W. E. Webb, in charge of U. S. Forest Service operations in the Shelterbelt Zone in this state. As a means of liquidating the Shelterbelt Project, the Forest Service has decided to plant the nursery stock on hand in shelterbelts on farms in selected areas under co-operative agreements with farmers.

Only a very limited amount of stock is available for planting, and applications are now being received from interested farmers by the Forest Service officials in charge of the various districts. An allotment of relief money is expected for the purpose, and applications are being accepted subject to its becoming available. Application forms may be obtained from A. G. (Continued on Page Five)

STATE DIRECTOR GRANTS 30 DAYS TO MAKE 1936 REPORTS

Texas employers this week were granted an additional thirty days in which to file their 1936 reports and to pay their first contribution under the Texas Unemployment Compensation Act, according to an announcement received from R. B. Anderson of Austin, chairman-director.

First payments to the Commission, under the new order, will be due no later than February 25. The original deadline set by the commission was January 25.

"The Texas Unemployment Compensation Commission granted employers this additional month because of the short time which we have had to explain the duties of the employers under the Act, and to assist employers in complying with the provisions of the law," Anderson declared.

"Regulation Four, previously issued by the Commission, prescribed penalties for employers who did not pay their first contribution by January 25. This new order, of course, relieves all employers from any penalties until after February 25," Anderson pointed out.

The Commission announced that employers who pay their full 1936 contribution by February 25 will receive the maximum credit on their Federal tax, since the Federal Government has extended its deadline for contributions from January 31 to March 31.

The Commission now has field men stationed all over the state, the nearest to Crowell being Wichita Falls. "I wish to urge all employers who have problems in connection with the Act to take them to the nearest fieldman," Anderson stated.

WILDCATS WILL PLAY BOBCATS HERE TONIGHT

Second Encounter for Teams; Crowell Won First Tilt

The Crowell High School Wildcats will meet the Childress Bobcats in their second engagement on the local court tonight at 7:30 o'clock. Their first game was played at Childress Jan. 12 and the Wildcats were the victors by a four point margin, 27 to 23.

Since that time the Bobcats have defeated Quanah in a conference game and Quanah nosed out the Crowell cagers at the Matador tournament to eliminate the Wildcats in the semi-finals. The local boys lost a hard fought conference game to the Quanah Indians Tuesday night by one point, and Childress dropped a game to Vernon by one point. All indications point to one of the best games that the cage (Continued on Page Five)

Masons of District 90 Re-Organize at Thalia January 22

Masons of District No. 90 met with Thalia Lodge No. 606 at Thalia Friday evening, Jan. 22, for the purpose of re-organizing the 90th Masonic District Association which is composed of the following lodges: Vernon, Thalia, Crowell, Chillicothe, Odell and Quanah. The association will meet once during the year with each of the six lodges that compose the district.

J. A. Stovall, District Deputy Grand Master of District No. 90, was elected president; D. R. Magee of Crowell, vice president, and W. Lee Cox of Thalia, secretary-treasurer.

Following Masons from this district were present: Thalia—Mack Eden, W. G. Chapman, T. M. Haney, A. B. Wisdom, John W. Wright, J. M. Jackson, W. F. Wood, C. C. Wisdom, J. D. Miller, W. R. Moore, Clyde McKinley, Chas. H. Wood, E. G. Grimsley, G. C. Phillips, J. A. Stovall, W. Lee Cox.

Crowell—Raymond Burrow, Howard Bursey, Pete Bell, D. R. Magee, Henry Black, S. H. Gentry, E. W. Brown, Chillicothe—H. W. Norwood Jr., C. L. Underwood, E. L. Derr and C. B. Haynes.

The next meeting of the association will be held at the Crowell Lodge hall some time in March. The exact date of this meeting will be announced later.

ANOTHER SMALL SNOW

Foard County received another snow, accompanied by sleet, last Thursday night and the temperature dropped to just a few degrees above zero. A small sleet fell again on Friday night.

The only moisture that has been received so far during January has been from small snows and sleet and there has not been enough precipitation this month to more than dampen the top of the ground.

REWARD OFFERED FOR ARREST, CONVICTION OF CATTLE THIEVES

Sheriff A. W. Lilly makes the announcement this week that he will pay \$250.00 reward for information that will lead to the arrest and conviction of any person or persons stealing cattle in Foard County.

The offer of this reward will be in effect for an indefinite time, according to announcement made by the sheriff.

Reward Offered for Arrest, Conviction Of Cattle Thieves

Sheriff A. W. Lilly makes the announcement this week that he will pay \$250.00 reward for information that will lead to the arrest and conviction of any person or persons stealing cattle in Foard County.

The offer of this reward will be in effect for an indefinite time, according to announcement made by the sheriff.

Penalty Remitted on Thalia School Taxes Until January 31

If delinquent taxes owed to the Thalia Consolidated School District No. 3 are paid before January 31 the penalty and interest will be remitted, according to an announcement made in The News this week by the trustees of that school.

The announcement further states that "After February 1, delinquent taxes will be turned over to an attorney for collection."

Texon Postmaster Selling Paintings

Edgar Kimsey, a native of Foard County and postmaster at Texon in the oil fields of Southwest Texas for many years, is again painting rogado and western scenes. "Las Vegas Kim," as he is known in the southwest region, says he has three thousand pictures on hand and in order to sell some of these pictures in the county where he was born and reared he is placing an ad in The Foard County News, beginning with this issue.

Mr. Kimsey recently had a letter from Vice President John Nance Garner complimenting his work. He expects to have a display of pictures at the Fat Stock Show in Fort Worth. In the meantime he will visit an annual show in Tucson, Ariz., in February with several hundred pictures.

In addition to being postmaster and painting pictures, Mr. Kimsey has recently accepted the duties of Texon correspondent for the Big Lake Wildcat, of Big Lake.

GAMBLEVILLE HONOR ROLL

The honor roll for the Gambleville school for the fourth month is as follows:

Bobby Solomon, first grade; M. J. Cribbs, fifth grade; Virginia Ruth Higgs, sixth grade.

BROUGHT TO CROWELL JAIL

Noel and I. Griffin were transferred from the Anson jail to the county jail in Crowell last week. They will await trial in the February term of district court on charges of burglary.

BARGAIN RATES ON DAILIES WILL END JANUARY 30; GIVE US YOUR SUBSCRIPTION AT ONCE

Bargain rates on all daily papers are scheduled to come to a close Saturday, Jan. 30. If you have not renewed your subscription to your favorite daily paper we would be glad for you to take advantage of any of our clubbing offers with the dailies before the bargain rates are off. We offer you the Foard County News and either Wichita Falls daily paper one year for \$5.50, or the Foard County News

CARS REGISTERED

Three cars and one truck were registered in the office of the tax assessor-collector this week:

T. J. Couch, Ford tuder.

Universal Credit Co., Dallas, Ford tuder.

C. H. Barry, Vernon, Chevrolet sedan.

T. L. Wheeler, Vernon, Ford truck.

"Gone With the Wind," Popular Novel, Will Be Reviewed in Crowell Friday Afternoon, February 5 at 3 O'clock

"Gone With the Wind," the most popular and most-talked-of novel of recent years, a swift and dramatic tale of the South, written by Margaret Mitchell who, in private life, is Mrs. Jno. R. Marsh, will be reviewed in Crowell on Friday afternoon, Feb. 5, at 3 o'clock in the district court room. The review will be given by Mrs. John W. Hampton of Wichita Falls for the benefit of the County Library and under the auspices of the County Federation.

Mrs. Hampton has given public reviews of the book seven times, five times in Wichita Falls. She has been heard each time by a capacity crowd. She comes highly recommended by those who have heard her.

The book, "Gone With the Wind," has been purchased by approximately one million Americans and it is proclaimed to be "the finest reading entertainment in many years."

The people of Crowell and Foard County are thus being given an opportunity of hearing a review of the most popular novel of the age given by a capable woman and it is believed a large number will take advantage of it.

R. B. Cates Injured When .22 Cartridge Enters Left Thigh

R. B. Cates, son of Mr. and Mrs. Frank Cates, was painfully injured at his home 11 miles southeast of Crowell when a .22 calibre cartridge exploded and the bullet entered the front part of his left thigh near the hip joint. The accident happened Sunday afternoon.

R. B. had finished cleaning the .22 pistol and was reloading the cylinder before replacing it in the gun. The cartridges fitted tightly and while forcing one in to the cylinder, it exploded and entered his thigh. After unsuccessful attempts to locate the bullet X-ray pictures were made Sunday night in the office of Dr. H. Schindler, which revealed that the bullet was lodged against the bone.

He was taken to the Quanah hospital Monday evening and the bullet was removed Tuesday morning. The bullet had pierced into the bone about an eighth of an inch. He is recovering satisfactorily.

ATTENDS CONVENTION

M. S. Henry, manager of the hardware and implement store of M. S. Henry & Co., of Crowell, and also the implement business of this company in Paducah, was in Dallas the first of the week attending the Texas Hardware and Implement Association, which held its 35th annual convention in the Baker Hotel in Dallas Jan. 26, 27 and 28. Mr. Henry is chairman of the necrology committee.

RELIEF in a few minutes

Why Suffer Longer Than Necessary? Dr. Miles Anti-Pain Pills Relieve Quickly

DR. MILES ANTI-PAIN PILLS were made for just one purpose—to relieve pain. Users write that they "work like magic". They contain an effective, quick-acting, analgesic—pain reliever.

Try Dr. Miles Anti-Pain Pills before you lose a day's work—and pay—or break a social engagement because of HEADACHE, MUSCULAR, PERIODIC, OR NEURALGIC PAINS. They may be just what you need to relieve your pain and

put you back on your feet again "rarin' to go".

DR. MILES ANTI-PAIN PILLS act quickly. You don't have to wait forty minutes to an hour for them to take effect as is the case with many analgesics. You'll get action in from ten to twenty minutes.

DR. MILES ANTI-PAIN PILLS are pleasant to take, handy to carry, prompt and effective in action, and do not upset the stomach. Their cost is small. One, or at most, two, is usually sufficient to relieve.

At your Drug Store. 25 for 25c. 125 for \$1.00.

Conoco Develops New Equipment for Saving Oil Products

From Ponca City, Okla., headquarters of the Continental Oil Company, whose gasoline stations are a familiar sight in this vicinity, comes word of a new development in the conservation of American oil and natural gas resources which is expected within a reasonable length of time to result in annual savings to the petroleum industry of approximately \$100,000,000 through recovery of by-products now lost in evaporation while the crude oil is being handled in the field.

First installation of the new type of equipment, which recovers in the form of gasoline about sixty per cent of what were formerly regarded as inevitable evaporation losses, was made recently at Conoco's famed Tepepete field in Basile, Louisiana, and special repressuring equipment soon to be installed in the pioneer Tepepete plant will permit the return of residue gases into the well for future use.

Opossum Has Keen Scent

The opossum's keen scent tells where to look for the kind of food it likes. This mammal, a marsupial, is numerous in some sections of the country.

DON'T SLEEP ON LEFT SIDE—AFFECTS HEART

If stomach GAS prevents sleeping on right side try Adierika. One dose brings out poisons and relieves gas pressing on heart so you sleep soundly all night.—Pergeson Bros., Druggists.

NOBODY'S BUSINESS

BY JULIAN CAPERS JR.

Austin.—Pursuing its leisurely course, the legislature made some slight headway during its second week by adopting rules of procedure in the house, and Speaker Bob Calvert announced he would name standing committees at the opening of the third week. The solons after a brief session Thursday adjourned until Monday, indicating they were in no rush to settle down to hard labor.

The senate confirmed more than a score of Gov. Allred's appointments, including all that were submitted except the three members of the unemployment compensation commission, Bob Anderson, C. R. Miller and Wallace Reilly. Bitter opposition to Reilly, former executive secretary of the Texas State Labor federation, was the cause, as there is no opposition to either Anderson or Miller. The fight on Reilly is led by Weaver Moore, of Houston, and Clint Small of Amarillo, who contend Reilly, through his organized labor setup, tried to defeat them for re-election last summer, because of their failure to support legislation Reilly and the unions favored. They have been joined by anti-child-labor members of the senate, who dislike Reilly because of his vigorous support of that amendment, and at the week-end, the situation looked serious for Reilly's confirmation. Reilly would be in an embarrassing position, as he resigned his labor federation job to take the commission post tendered by Gov. Allred, and he would be "out in the cold" if the senate rejected him.

Truck Lobby Hits Snag

The active lobby which is sponsoring amendment to present state laws to raise the load limit and permit huge trucks to ply the highways with loads far in excess of the present 7000 pound limit, and to remove certain trucks owned by private mercantile establishments from regulation as common carriers, has run into a chain of circumstances that appears to have hampered their program seriously. Instead of liberalizing the truck laws, they may find the legislature disposed to tighten up substantially the present restrictions. A wave of public sentiment throughout Texas is reported to be opposing the measure, demanding safety measures to put an end to the slaughter and maiming of citizens on the highways. Gov. Allred lent the weight of his office to this effort, when he recommended doubling the state highway patrol and other specific remedies. Safety councils, chambers of commerce, newspapers and other organizations are demanding radical amendments to the drivers license law. Armed with figures from the state bureau of vital statistics, showing that, based on their relative numbers, trucks kill twice as many people as passenger cars, the safety advocates are centering their fire on trucks as the greatest menace on the highways. They are also demanding that a reasonable fee be charged for issuance of drivers licenses, on the theory

that if the motorist must pay for the privilege of driving, he will value that privilege and seek to placard, giving his name and license, issued free and without restriction, has proved chiefly useful for identifying the dead and dying motorists after wrecks. Those who would make the right to drive a car in Texas a privilege point out that revenue from licenses would finance additional highway patrolmen, and other safety measures. Gov. Allred has a personal, as well as an official interest, since it was a privately operated truck which killed his sister in an East Texas wreck last summer. With an aroused public sentiment that is pouring letters in to legislators, and bringing other pressure to bear in behalf of tightened restrictions, the truck operators who want to make more profit from the public highways, apparently are going to find the going very rough indeed.

Another Squabble

Interest of sportsmen centered this week in the row on the game fish and oyster commission, which by a 3 to 2 vote, asked the resignation of Will J. Tucker, executive secretary for the past 10 years. Jack O'Brien, San Antonio, Mrs. Hal Peck of Amarillo, and Chairman Jess Showers of Vernon voted to remove Tucker. Gus Schreiner of Kerrville, and C. G. Pillot of Houston opposed the action, and Caesar Kelburg of Kingsville was absent. Question as to the legality of the action has been raised. Whatever its outcome, the row has had an adverse effect on legislation sought by the commission for universal hunting and fishing license laws, and a law to give the commission more authority in control of hunting certain migratory game. Terms of Schreiner and Kleberg expire soon, and the action of Gov. Allred in reappointing them, or appointing their successors, may clarify the present bad situation.

Bible To Coach

Friends of Texas U. football hailed with joy the signing of a 10-year contract with Dana X. Bible, former A. & M. head coach, and later head mentor at Nebraska for eight seasons, as head man of Longhorn gridiron activity. They pointed out Texas U. will now be able to attract its share of promising high school stars, with assurance they will be able to play under an able coach, whose continuous tenure is assured long enough for pupils to learn his system, and build real football careers. Bible's salary, reported at \$15,000 annually, drew some opposition from President Benedict and faculty members, who aren't paid nearly so much, but everybody agreed harmoniously in the end.

Honor Highway Officials

South Texas citizens paid tribute to D. K. Martin, member of the highway commission who is retiring Feb. 15, and his successor, new Chairman R. L. Bobbitt, at a San Antonio dinner this week. The affair, sponsored by the San Antonio Chamber of Commerce, drew representative delegations from every section of South Texas.

Names and News

Each session brings its "freak bills." Tops so far is proposed by Rep. A. E. Amos of Fort Worth,

who would garb sulphur lobby in yellow uniforms, oil lobby in green, and require each to wear placard, giving his name and party. Col. Bill Talbot, of Dallas, president of Progressive Texas, and violently Texan in his patriotism, has climaxed five years hard work for development of Texas industries with a radio test offering prizes for users of Texas-made products. The contest starts at 5:15 p. m. Feb. 4, on Texas Quality network. He appeals to loyal Texans to listen in. T. J. Holbrook, "the Old Roman" from Galveston, lost \$2500 in pickpocket during the inauguration. . . . Gas consumers in 42 Texas towns were notified Chairman Ernest O. Thompson of the railroad commission of a substantial gas rate reduction, agreed by the commission, and made by the West Texas Gas Co.

Has Scent Glands

Like many of its relatives, mink is equipped with scent glands which secrete a fluid with a musky smell. These glands are very much like the scent glands of the skunk, but are not so notorious.

HOT FOR TEXAS

WESTERN HOSPITAL

—AS REAL AS THE CHANGE

Howdy, Folks!—No mistake about the Welcome at the Worth. You just can't help but feel at home in this hotel. All the KNACKS FOR COMFORT. Tile showers and tubs in every room. Deep restful beds with broad windows, running hot water.

And food! Well, if you've ever stopped at the Worth, you know what a BROILED TENDERLOIN STEAK with drawn butter sauce really is. Chert don't come any better. Come to Fort Worth. Enjoy the Welcome at the Worth.

DELINQUENT TAX PAYERS OF CROWELL INDEPENDENT SCHOOL DISTRICT

This School District has been operating on a shoe string for the past five or six years all because YOU and YOU have failed to pay your school tax assessments. We have just about gone our limit without money, so we appeal to you to make every effort to pay your delinquent school taxes before January 31, 1937.

Suits To Be Filed Next Term District Court

In order that you may be fully advised as to any procedure that may be taken with a view of forcing tax collections, we wish to state that several tax suits will be authorized on or before Feb. 1, 1937, and service had in time for action of the District Court at its next term which convenes on Monday, Feb. 15, 1937.

Pay Your Taxes Now—Save Additional Costs

Respectfully submitted, Board of Trustees of Crowell Ind. School Dist.

Items from Neighboring Communities

CLAYTONVILLE (By Pailee Weathered)

Mrs. Bill Scott of Childress visited her sister, Mrs. Tommie Polk, the latter part of the week. Mrs. W. M. Cox and baby visited Mrs. J. T. Vessel Jr. of Crowell Saturday. Mr. and Mrs. George Foster are moving from this community to Knox City. Mrs. Fred Johnson and little daughter, Freddie Lene, and Mrs. Claude Vessel and son, J. R., of Sudan are visiting their parents and grandparents, Mr. and Mrs. W. C. Golden. Roy Cogdell of Antelope Flat visited J. B. Weathered Sunday. Mr. and Mrs. R. E. Weathered of Foard City visited Mr. and Mrs. J. M. Weathered Saturday and Sunday. Mr. and Mrs. W. M. Howell visited Mr. and Mrs. Paul Howell of Good Creek Sunday. Mr. and Mrs. Willie Brown of Crowell spent Monday with Mr. and Mrs. W. C. Golden. Mr. and Mrs. G. W. Brown are ill at this writing. family of Chalk spent Monday

GOOD CREEK (By Vidie Phillips)

Mr. and Mrs. Jimmie Annetone of Paducah visited Mr. and Mrs. C. G. Hinkle Saturday evening. G. L. Scott of Crowell spent the past week with his son, L. R. Scott, and family. He also visited his daughter, Mrs. C. W. Collins. Clifford Polk of Claytonville visited Mr. and Mrs. Bryant (Red) Little Wednesday. Mr. and Mrs. J. T. Vessel Jr. of Crowell spent Saturday night with her parents, Mr. and Mrs. C. E. Dunn, and family. Mr. and Mrs. R. J. Thomas of Crowell visited Mr. and Mrs. Bryant Little Sunday. Mr. and Mrs. E. M. Cox, Vidie Phillips and Mr. and Mrs. A. C. Hinkle spent Sunday with Mr. and Mrs. J. T. Phillips of Claytonville. Mr. and Mrs. G. C. Owens and children of Claytonville visited Mrs. D. D. Stinebaugh and daughter, Betty Lou, Sunday. Pat Moore visited Mr. and Mrs. W. M. Godwin of Claytonville Saturday. Arnold Phillips spent Sunday with James and Ray Phillips of Claytonville. Mr. and Mrs. C. C. Hinkle spent Sunday with Mr. and Mrs. Rufus Nails of Foard City.

TRUSCOTT (By Mrs. Lawrence Abbott.)

Billy Brown spent last weekend in Abilene visiting friends. Van Browning returned home Sunday from California where he had been visiting in various parts of the state the last week. Dennis Eubank of San Antonio is here visiting his parents, Mr. and Mrs. J. C. Eubank, this week. Mr. and Mrs. Casey and Mrs. Sam Iverson of DeLeon visited friends here last Tuesday and Wednesday. Raymond Black, a student at Randolph College at Cisco, spent last weekend at home with his parents, Mr. and Mrs. John Black. Betty Anne Myers is on the sick list this week. W. W. Gleason made a business trip to Fort Worth Monday. Mr. and Mrs. Steve Mills spent last Wednesday in Quanah. P. B. Griffin, an employee of

Nutrition Vital To Good Health

Austin.—Importance of maintaining uniform good health for all parts of the body is stressed in a message sent out by Dr. George W. Cox, State Health Officer. "More and more," he said, "we are coming to realize that the normal functioning of special parts of the body are dependent to a large extent upon the general condition of the body as a whole."

"All parts of the body are nourished from the blood stream," he said, "and so if all the essential elements of the body are met by an adequate food supply daily each part will receive what it needs to function normally. Experimental work in nutrition in all parts of the world has shed new light on the relationship between a properly balanced food intake and the eyes."

"Essential to adequate nutrition is the inclusion in the diet of foods containing vitamin A. When general bodily health is impaired by a lack of vitamin A, it often happens that the tear glands of the eye cease to function. Such results have repeatedly been shown in animal experimentation, and also among humans in times of food shortage. During the World War extreme cases of this eye disease known as xerophthalmia were found in Denmark among malnourished children who were living on skimmed milk and a very restricted diet. To cure this disease the government ordered that butter be added to the diet and a certain percentage of butter fat be retained in the milk."

"Since vitamin A is such an important factor in growth, development, and health, it is essential that every one, especially children, eat foods containing it. Vitamin A is found principally in green and yellow vegetables, in fresh eggs and cream, and in various animal fats. It may be manufactured from carotene, the yellow coloring matter of these foods."

"Although a deficiency in vitamin A might not result disastrously immediately, its effects over a period of years probably would culminate in a lack of normal growth, physical debility, and injury to various parts of the body."

the Humble Pipe Line Co., who has been visiting homefolks in May for several days, returned Monday to resume his duties here.

Mr. and Mrs. M. N. Holt and daughter, Dorothy Anne, returned Tuesday from Ballinger where they have been since Christmas. Mr. Holt is recovering from an operation and will begin work for the Humble Pipe Line Co. again in a few days.

Mr. and Mrs. Chas. H. Featherston spent last week-end in Wichita Falls visiting.

Mr. and Mrs. C. R. E. Weaver and son of Seymour visited friends, Mr. and Mrs. Dave Moore, here last Saturday and Sunday.

Mr. and Mrs. Caldan Boone and little son, Dan, of El Paso visited her mother, Mrs. A. P. Smartt, last week-end.

Billy Brown left Tuesday for Lubbock where he plans to enroll for the second semester at Tech. Billy is a former student of Hardin-Simmons University at Abilene.

Mrs. H. A. Smith has been ill the past week but is reported to be considerably better now.

Mary Emma Stover of Friona is here visiting her sister, Mrs. H. C. Chowning, and family this week.

Mrs. A. P. Smartt left Monday for Chillicothe where she will visit her daughter, Mrs. Wiley Pippin, for several days.

Mrs. H. A. Smith went to Quanah Monday for medical treatment.

B. L. Bates, who has had a bad case of flu, is reported to be considerably better now.

Mr. and Mrs. C. D. Holmes visited relatives in Tipton, Okla., last Sunday.

MARGARET (By Mrs. John Kerley)

Earl Hysinger of Olton visited relatives here Wednesday of last week.

Carl Roberts made a trip to the Plains Monday for a load of feed.

Mrs. Clara Haseloff made a trip to her farm at Lamasa for a load of feed Tuesday of last week. She was accompanied by her brother-in-law, Henry Haseloff, of Lockett.

Seldon Drew left last week for a location near San Angelo, where he was transferred to from this place as section foreman on the Santa Fe. Mr. Walls will take his place here in a few days. Mr. Rice of Crowell is acting as relief foreman at present.

Odis Ferguson and family of Gambleville visited his brother, Otha Ferguson, and family Sunday.

Mrs. Seldon Drew and Mrs. Bill Solomon visited friends in Crowell Monday.

Mr. and Mrs. V. N. Priest of Vernon visited his mother, Mrs. Cora Priest, and other relatives Sunday of last week.

D. Edwards of Gambleville visited his daughter, Mrs. Marion James, and family Wednesday.

Mrs. Bill Blevins and Mrs. Jim Choate left Saturday for Roanock to be at the bedside of their mother, Mrs. Alexandra, who had fallen and broken her hip. They were accompanied as far as Vernon by Bill Blevins and son, Lee.

Rev. Smith of Vernon filled an appointment at the Baptist Church here Sunday at the morning and evening hours.

Rev. Gilbert of Rayland, who is attending college at Deatur, has

WHAT WE THINK (By Frank Dixon)

The eighth wonder of the world is how many sharp corners a rocking chair can have when you stumble on it in the dark.

Laying all jokes aside it wouldn't hurt any man to make a New Year's resolution or two, and keep it.

My dictionary defines nagging as the constant repetition of an obvious fact. I wish the dictionary had put that definition in simpler language. There are several persons I know who don't understand what nagging means after they look it up.

One of the best things I ever had happen to me was a three weeks' sick spell during which time I had to lay flat on my back and look at the ceiling.

It gave me the first opportunity to think things over that I had had in some time. I got a better perspective of myself and my business than I had ever been able to get while I was buried in its details and was rushing around trying to get everything done that I thought ought to be done.

When I finally got up I changed my whole plan of doing things and was a lot better off for it.

The most unpopular man in the average small town neighborhood is the fellow who gets hold of a vacant lot in a good neighborhood and uses it for a graveyard for old cars.

Every man's ambition is to reach a point in his financial affairs where he will be on the receiving end of an interest check instead of on the paying end.

As I view the outcome of the controversy over whether or not children should be told the truth about Santa Claus, I take it the conclusion of the matter is, that the children be permitted to secure information in the same manner that they do certain other important facts about life.

It always seemed strange to me that the Quints were born at a time when limited production was being preached from one end of the country to the other.

Being a farmer I presume I may be excused for my lack of patience with the sit-down strikers in the automobile industry. Most everyone else would be glad to work for what these fellows are getting and make no complaint.

Merely being a farmer I am unable to understand why they don't continue to do their bit as the farmers have done to get this country back on its feet.

I have thought a good many times that we farmers were a bunch of dumb bells for not instituting a sit-down strike for a year or two.

It would solve the question of over production, low prices and surpluses.

Instead of losing our farms as fast as the foreclosure notices could be published we would be sitting on them permitting no one else to farm them.

I have an idea that we could prove to the world that one good wheat crop is worth more to this country than all the automobiles that have been turned out since the beginning of the industry.

The country could eliminate every automobile in it and still get along and prosper but it can't do without corn and wheat and meat.

The accident toll upon the highways of America is a reproach to the nation. It appears a more severe reproach because of the fact that most of it can be easily stopped.

The only remedial effort that has been applied so far is an occasional hysterical pointing to the mounting death toll and appeals to car drivers to be more careful.

Some day we are going to wake up to the fact that neither of these remedies will ever accomplish anything.

Three things are going to be necessary: First, a more rigid inspection of the ability of car drivers; second, when a driver is found to be at fault the fact shall be recorded on his license and he be deprived of the use of his car for thirty or sixty or ninety days as the case may be. In other words his car shall be arrested and locked up. Third, driver's licenses should be refused to all persons who are unable or who fail or refuse to carry insurance that will adequately protect the life and property of their unfortunate victims.

A little common sense application of these things will do more good than all the appeals that can be made.

Not long ago a friend of mine had his fine car run into broadside and damaged to the extent of two hundred dollars by a driver who was financially irresponsible. My friend had to pay the entire cost of repairs.

This is wrong and as long as this condition exists we are not going to make any appreciable progress in the reduction of accident totals.

been called as pastor of the Baptist Church here. He and his mother are expected to move to the parsonage here about Feb. 1. He will preach here next Sunday.

Earnest Pollock of Oklahoma City has returned home after visiting his wife and other relatives here.

Mrs. Bax Middlebrook is improved after several days' illness last week.

A birthday party was given by Mrs. Bill Solomon Sunday afternoon in honor of her daughter, Edna Mae, on her eleventh birthday.

Mrs. Gilbert Choate returned Sunday from a visit to San Angelo. Dr. and Mrs. W. S. Wrenn visited relatives in Quanah recently.

AN EXPERT MARKSMAN

Mrs. Alice Bull, Seattle rifle shooter, was announced by the National Rifle Association in Washington, D. C., to be the only woman in the United States ever to place in the national association known as the "President's Hundred." Mrs. Bull has the honor of being nineteenth in this group and last year she placed second among 1,443 competitors in the "Members match," competing with the veteran rifle shots from all over the United States, including army officers and civilians.

THOUGHTS OF SERIOUS MOMENTS

Four things come not back; the spoken word, the sped arrow, the past life, the neglected opportunity.—Marden.

It is not how great a thing we do, but how well we do the things we have to do, that puts us in the noble brotherhood of artists.—Haliburton.

The ladder of life is full of splinters, but they always prick the hardest when we're sliding down.—William C. Brownell.

Men and nations can only be reformed in their youth; they become incorrigible as they grow old.—Rousseau.

Anybody can cut prices but it takes brains to make a better article.—Phillip D. Armour.

Brief Bits of News From Here and There

When the U. S. Circuit Court of Appeals, on December 7, ruled that physicians might send contraceptives by mail it marked the end of a 23 year fight for this right by Margaret Sanger who had devoted practically all of her life to this cause. Mrs. Sanger was arrested and given 30 days in the work house in 1916 for opening a birth control clinic in New York City. There are now over 300 birth control clinics in the United States. Mrs. Sanger was led into her crusade through her experience as a trained nurse. She has visited many foreign countries in her work of setting up schools teaching her belief.

Bootleg coal is a term applied to coal mined and marketed by unemployed miners who secure the coal from the coal leases of regularly organized coal mining companies. Coal bootleggers average between \$2 and \$3 a day for their labor. It is estimated that upwards of \$32,000,000 worth of stolen coal is mined by crude home made equipment and sold annually by some 20,000 bootleg miners. So far the law has been powerless against bootleg miners for the

IN TRUCK LEGISLATION

Any change in existing Texas truck laws which will increase the present 7,000-pound load limit will effect adversely all communities in the state, both rural and urban. This statement is proved best by identifying the causes and effects upon Texas communities.

- These are:
1. Increasing truck loads mean correspondingly increasing the distance which the truck can profitably carry its load.
2. Increasing the distance of profitable truck haul means bringing the small town wholesale houses and industrial plants, such as wholesale grocers, bottling plants, feed mills, oil mills, grain elevators, cotton compresses and retail lumber yards, into direct competition with similar establishments in large cities.
3. Such competition will inevitably result in further drying up the small country towns by taking from them the payrolls, taxes and local purchases represented by their present establishments. Property values, both residential and commercial, will decline; volume of re-

tail sales will grow smaller and former employees will migrate to the cities to reinforce the ranks of the unemployed and the bread lines.

4. Large cities, at first stimulated by increased trade territories, bought at the expense of the country towns, will be ultimately affected adversely because of the resulting unhealthy condition of the rural communities forming these trade territories.

5. Because of the consequent shrinkage of the state's tax revenues from country towns, taxes from the cities will have to be increased correspondingly.

6. The lower truck load limit of Texas now has the effect of acting as a barrier at Texas borders to the movement of the larger truck loads carrying merchandise from the metropolitan and producing centers of other states. Any increase in Texas truck load limits will break down that barrier and permit the free truck movement into the state of many commodities which unquestionably would be sold directly to the retailers, thus destroying, in a large measure, the business of wholesalers and jobbers now located in Texas cities.

Conditions which affect adversely the well-being of Texas communities also affect Texas railroads in identical manner and degree.

NEW EDITOR-IN-CHIEF of Dallas News

J. J. Taylor, well known editor of the State Press column in the Dallas Morning News, was named Tuesday as the new editor-in-chief of The News and allied publications to fill the vacancy made by the death of Dr. James Quayle Dealey, former editor, which occurred last Friday.

Mr. Taylor is one of the best known and best loved editors in Texas and eminently fitted for the responsibilities of his new position.

Somebody Said

Preloined Pointed Paragraphs

Nothing will develop latent wickedness in a man faster than being watched.

So long as that which might have been isn't, why worry your head off about it?

The world may be growing better, but locksmits keep right on making locks.

As long as she can fascinate the men, no woman really worries about her age.

When you always tell the truth you don't have to remember what you've said.

Many a man would have kept out of hot water had he stuck closer to cold water.

The things which no man can advertise successfully are the undeserving things.

Plenty of people have a good aim in life, but a lot of them don't pull the trigger.

One hour today is worth two tomorrow.

The promising man keeps his premises.

A good substitute for brains is silence.

An idea a day keeps the sheriff away.

A friend in need is a surprise indeed.

Imagination makes liars of all men.

Don't confuse action with progress.

Easy success is not permanent.

A word to the wise is useless.

Think before you ink.

BRITAIN'S WORST STORM

What is said to have been the worst storm Great Britain ever experienced occurred on November 27, 1703, says a writer in Pearson's Weekly. It was attended by flashes of lightning which unroofed many houses and churches. The wind blew down the spires of many steeples, tore whole groves of trees up by the roots, and the leads of some churches were rolled up like scrolls of parchment. Many vessels were sunk in the Thames; but the royal navy, which had just returned from the Mediterranean, suffered the greatest damage and lost over a dozen ships. Over 1,500 seamen were lost besides those that were drowned in London. The damage was estimated at a million pounds.

QUANAH HANDS WILDCATS ONE POINT DEFEAT

First Conference Loss For Crowell; Still Leads "Big 5"

The Quanah Indians upset the dope Tuesday night and handed the Crowell Wildcats their first "Big 5" conference defeat by a score of 27 to 26.

This win moved the Indians to second place but the Foard County lads still cling to the conference lead.

The Wildcats led 5 to 4 at the end of the first quarter, and 9 and 8 at the half. The third quarter was also the Crowell boys' who led 21-16 throughout most of the quarter but only three points ahead at the end of the period.

Two long field goals, Edmondson and Weathered, from the center of the court put the Indians ahead and the Wildcats were not able to overcome the lead, although a Cat sharpshooter rang a goal to put them in one point of Quanaah.

Free tosses were the deciding factors of this nip-and-tuck game. The Indians made 9 of their points from the gratis shots and the Wildcats found the basket only four times. The Redskins kept close on the heels of the struggling Cats during the first three quarters and then turned loose enough long shots for field goals to win the game.

Weathered was the hero and high point man for the Indians with 13 points. Owens, Crowell guard, was high point man for the Wildcats with Kelsey and McLain next with 6 points each. Owens and Kelsey were outstanding players for the Crowell quintet.

Jim Whitfield, Wildcat guard, returned to the line-up in this game and turned in a good defensive game.

The box score:

Table with columns: CROWELL, QUANAH, G, F, TP, and scores for various players like Kelsey, McLain, Middlebrook, Owens, Whitfield, E. Page, Weathered, W. Page, Anderson, Edmondson, Birdsong.

Score by quarters:

Table with columns: Crowell, Quanah, 1, 2, 3, 4, Total and scores.

Forty-first Annual Fat Stock Show to Open March First

Fort Worth, Jan. 26.—Addressed to exhibitors and breeders throughout the United States, premium lists for the forty-first annual Southwestern Exposition and Fat Stock Show which will be held March 12 to 21 have just been placed in the mails. Increased cash awards are noted in several divisions.

"Judging about the inquiries we are receiving about the livestock exhibition, we believe we will have as many if not more entries than we have ever had," Manager John B. Davis said today. "Already reservations are being made for the World Championship Rodeo which will open Friday night, March 12. We expect to bring in the best string of Rodeo livestock that has ever been used in Western sports contests."

Many improvements are being made at the show buildings. A number of new attractions will entertain the visitors.

The Hereford division in which Byron Gist of Amarillo is superintendent tops the list of livestock prizes with \$5,000 being offered.

BITS OF PHILOSOPHY (CIA)

Pointed words always get under the skin.

The longer some people live, the less they know.

Don't look for something you know you will not find.

Only a fool thinks that alcohol is bottled brains.

The "eternal triangle" is often bounded by crooked lines.

Duce's Son Plans Trans-Oceanic Flight

An excellent camera study of Premier Benito Mussolini of Italy as he discussed with his son, Bruno, the latter's plans for a trans-Atlantic flight. The youth, a member of the Italian air force, hopes to establish a new record with a special Breda plane, which is capable of a speed around 300 miles an hour.

Elaborate Accounting Systems Not Necessary in Furnishing Social Security Information

Know Texas

Denton.—It's a simple matter now-a-days to start a fire. Just a twist of the wrist, and you have heat to cook your meals, keep you warm, or generate enough energy to supply your daily needs. But in the early part of this century, starting a fire meant a long series of duties: chopping the wood, splitting it into kindling, bringing it into the house, and then coaxing the tiny flame into a blaze.

All that took place before the gas industry came into being, and certainly long before it became known that the world's largest natural gas field lay under large portions of Potter, Moore, Carson, Hutchinson, and Wheeler counties in the Texas Panhandle. It was the discovery of this field immediately following that of the great Richland field in Louisiana that placed the natural gas industry definitely upon a new, national basis.

Natural gas resources of Texas are as widely distributed as its petroleum reserves. From the lower Rio Grande Valley to the Panhandle and from Winkler County on the west to the Texas-Louisiana border are found many producing natural gas reservoirs. Texas leads the nation in the production of natural gas, its production in 1934 being almost three times that of California, which held second place. A total of 602,976,000,000 cubic feet of natural gas was produced at that time.—Texas State College for Women (CIA.)

1,100 Farms Sold by F. C. Administration

Houston, Texas, Jan. 25.—More than 1,100 farms were sold for considerations totaling approximately two and one-half million dollars by the Federal Land Bank of Houston in 1936, according to A. C. Williams, president of the bank and general agent of the Farm Credit Administration of Houston.

This record, Mr. Williams believes, indicates the active interest that is being manifested in Texas farm lands as well as a steady uptrend in the general condition of agriculture. He also pointed out that over one hundred of these farms were sold for cash instead of on the bank's customary terms, which allow amortized installments over a long period of years on part of the purchase price.

BETTERING THE PUBLIC SERVICE

Ralph Thom, of the Bank of California, recently suggested that every American citizen owes a definite duty to society to so plan his productive years through the judicious acquisition of life insurance that he can retire from active work at the age of sixty or thereabouts and devote his remaining years to the cause of good government.

This highly unusual suggestion is worth reflection. It has two great merits.

First, it would open up new opportunities for employment and advancement for younger men.

Second, it would create an experienced, unselfish group, without political or monetary ambitions, who could be called upon for public service. And that would mark a long step toward the elimination of corruption and narrow partisanship in the conduct of our public affairs.

Kites Form Letters

The Chinese are much given to the pastime of kite flying and some of the constructions are marvelous to behold. The Chinese kites often have two strings and these enable the operator to make the kite do some wonderful things. It becomes an aerial messenger as it is possible to make the kite form letters and characters by which messages may be exchanged.

Miss Joyce Wethered, the noted English golfer, who was married in St. George's, in London recently, to Sir John Heathcoat-Amory, whom she met on the links at Hoylake last year. Many golfing friends attended the ceremony.

LOOSE CRITICISM UNJUSTIFIED

The stock exchange, said the Indianapolis Daily News recently, "is an easy target for loose criticism. It is blamed as an exchange for speculation, when as a matter of fact, it neither has nor can have any control of the purpose for which traders use its facilities. Its rules against unlawful trading clear it of many faults with which critics charge it."

"The exchange itself does not buy or sell, yet it finds that this notion generally prevails. It is no more than a market place for stocks and bonds, and today its rules are about as strong as they can be without restricting the legal rights of the thousands in all walks of life who use its facilities every day."

It would seem that many of the fantastic and untrue notions prevailing about this essential financial institution would be dispelled by the amicable relationship existing between the principal exchanges and the Securities and Exchange Commission. The Commission is manned with officers of wide experience in finance, whose sole duty and purpose is to protect the public, and the law creating the Commission is strict and comprehensive.

Exchange officials have willingly worked with the Commission and there have been no major differences of opinion. What differences have arisen have been, for the most part, co-operatively worked out in a fair and dispassionate manner. The Exchange, in brief, is just as eager as the Commission to put the Security business above criticism and dispel misunderstandings.

The exchange serves all of America and is indispensable to millions of security owners.

Wildcats—

(Continued from Page One) fans will have a chance to see played here this season when the Wildcats and Bobcats start scratching fur at the starting whistle tonight.

This will be the first opportunity for the fans to see the Wildcats at full strength in conference competition, as Whitfield, regular guard, was not able to play against Vernon.

The Foard County lads have defeated 3 of the four teams in the "Big 5" and the game Thursday night will be the first time for the Wildcats to play a team twice in conference competition, but they must play each team twice and come out with enough victories before they can hang the championship up in the Wildcat lair.

Teams in the conference are developing fast and before the season is over they should exhibit a very good brand of basketball. Crowell defeated Childress by four points, who in turn took a thrashing from Quanah and the Indians dumped the Wildcats by 2 points in a non-conference game. Crowell easily defeated the Wichita Falls cagemen and barely defeated the Vernon Lions by sinking three points in the final minutes of play to break a tie and the Coyotes came back to hand the Vernon boys one of their worst beatings, 31-18.

Comparing the results of the games played so far, the next half of the conference squabble will be very close and a team can not be safely picked to win the laurels at the present time but it looks as though it rests between Crowell and Quanah.

Miss Myrna Holman, Home Demonstration Agent

Gardens to be Grown By 4-H Club Girls

Due to her efforts at gardening during the past year, Juanita Tra-week of the Foard City 4-H Club was elected garden demonstrator for the coming year.

In spite of the drought of the past year, Juanita was able to plant a total of 1750 feet of vegetables in her garden. In all she planted 14 varieties including squash, carrots, English peas, Chinese cabbage, and tender greens.

Although there was not sufficient moisture for the vegetables to produce well, Juanita was able to can 23 quarts of food. This included such products as green beans, butter beans and some fruit.

The club is looking forward to some good garden work this year with Juanita's lead as demonstrator.

A plan for the leafy, green or yellow colored vegetable section of the garden has already been made by Marylou Nichols, newly elected garden demonstrator for the Black 4-H Club.

This garden plan provides for 800 feet of these vegetables which is 200 feet for each member of the family. Ten different varieties are provided for with Chinese cabbage and New Zealand spinach as new ones to try.

During the past year Marylou reported that she was able to raise some lettuce, mustard, beans, carrots, English peas, spinach, yellow squash, and turnips although none of the garden grew very well.

English peas, carrots, peppers, and other old favorites find a place in the garden plan of Leota Murphy, recently elected garden demonstrator for the Margaret 4-H

MESCAL IKE By S. L. HUNTLEY

CHURCHES

Christian Science Church
Sunday School at 10 a. m.
Sunday services at 11 a. m.
Wednesday evening services at 8 o'clock.
Sunday, Jan. 31, 1937. Subject: "Love."
The public is cordially invited.

West Side Church of Christ
Elder Norman Gibson of Turkey will preach at the West Side Church of Christ Saturday night, Sunday and Sunday night. All members and visitors invited to attend.

Baptist Church
Rev. Holt, pastor of the First Baptist Church in Thalia, will fill the pulpit at the 11 o'clock service Sunday morning at the Baptist Church in Crowell.

Christian Science Services
"Love" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist on Sunday, January 31.

The Golden Text is: "The Lord thy God in the midst of thee is mighty; he will save, he will rejoice over thee with joy; he will rest in his love, he will joy over thee with singing" (Zephaniah 3:17).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "For I know that my redeemer liveth, and that he shall stand at the latter day upon the earth" (Job 19:25).

The Lesson-Sermon includes also the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "The wintry blasts of earth may uproot the flowers of affection, and scatter them to the winds; but this severance of fleshly ties serves to unite thought more closely to God, for Love supports the struggling heart until it ceases to sigh over the world and begins to unfold its wings for heaven" (page 57).

A sketch artist, whose name is lost to fame, made the first sketch of the lucky figure familiarly known as "Uncle Sam" during the war of 1812.

Two Minute Sermon (By Thomas Hastwell)

Growing Up In Religion: "I was shocked the other day while in the company of some young people," a friend of mine recently said, "to discover among them a very frank doubt regarding the matter of religion and the efficacy of prayer. I was at a loss to understand it. They were brought up in Christian homes and their parents were regular and consistent church going people." I think this well meaning person was unnecessarily alarmed. I see in the skepticism of many youths no cause for alarm. It is a period through which every one who is interested enough in religion to prove it, must go. It is the transition from the kindergarten age in religion to the practical, grown-up age. I can best express what I mean by quoting a young college graduate of my acquaintance: "I had to rebuild my religion before I could use it," she said. "I had a concept built up in my kindergarten and grade school days. Never having had occasion to put it to a real test it seemed perfect, but when I got out into the world and encountered its difficulties I couldn't make it work. I had to reconstruct it from top to bottom before I could use it. I had a long period of doubt and unhappiness and disappointments, but when I had worked out my problem I had a workable, usable religion to which I could turn and that adequately filled my need." I thought of this when my friend came to me with alarm. The young people about whom she was so concerned were in the process of rebuilding their concept of religion and adjusting themselves to it. They will come out of it better for it, and more sure and self reliant because of their experience. It is an important part of the business of growing up, for once they have laid hold of it and made it their own it will become a vital part of their scheme of living, and no passing doubt or fear of conflict is going to shake their faith or rob them of its calm assurance and steady influence.

recreation, Mrs. H. H. Beggs; parliamentarian, Miss Bernita Fish; reporter, Miss Rosalie Fish.

Miss Myrna Holman gave an interesting demonstration on "Home Food Supply—Present and Future."

The club will meet with Miss Myrtle Fish on Jan. 28.

GOOD CREEK H. D. CLUB

All members, with Mrs. Carl Cox as leader, took part in a Bible program at the meeting of the Good Creek Home Demonstration Club, which met at the home of Mrs. A. L. Davis on Friday, Jan. 15.

A quilt was quilted and lunch was served to all members except three.

The president, Mrs. R. E. Balinger, appointed the standing committees for the coming year. The next meeting will be with Mrs. Glen Jones on Friday, Feb. 5.

BLACK 4-H CLUB

The Black 4-H Club met on Jan. 20 with Miss Myrna Holman, county agent, giving a demonstration on leafy, green and yellow vegetables. Marylou Nichols was elected garden demonstrator.

FOARD CITY H. D. CLUB

A study of the Bible featured the program of the Foard City Home Demonstration Club Tuesday at the club house, with seven members and two new members present.

Roll call was answered with a favorite chapter of the Bible. A Bible contest was brought by Mrs. J. L. Farrar. It was voted to draw names for unknown friends at the next meeting, Feb. 2, with Mrs. T. F. Welch hostess and leader.

TO THEM THAT HATH—

the wisdom to know a real bargain when they see it, shall be given a full year's subscription to both The Foard County News and Pathfinder at a combination price of only \$1.85. In keeping with our interests for our readers' best interests, we now offer you a chance to supplement our complete local news service with the national and world news review, Pathfinder, a dependable, impartial, analytical news review, Pathfinder, in the national field, lives up to the high standards The Foard County News sets in its local service to you. We urge you to take advantage of this special combination offer. Place your order today.

Your Horoscope

January 25, 26, 27—You are a very willing worker but you are ready to get out when things do not move along fast enough for you or when others are not doing their share. You do not rely enough on your own ability. You make things seem so much worse than they really are. Instead of looking so far ahead, you should take things as they come and make the best of them.

January 28, 29—You see great things that you could do, and should do, but you let them seem out of your reach. Nothing is out of your reach and you should go ahead and achieve the great possibilities that lie ahead of you. If a woman, you are a true and devoted wife and mother. You need children to make your home complete and happy. You like the company of congenial friends.

January 30, 31—You are sometimes considered by others as having a very vivid imagination, but don't pay any attention to what others think or you will always be worried or under a nervous strain. You may get into trouble by nosing into things where you have no business just because you like to know the why and wherefore of everything. You like society and entertainment but prefer to entertain others.

The Foard County News and Pathfinder only \$1.85. Order now.

 Welch—acquired sun tan every year.
 Clark—grave digger.
 Floy—enjoyed camping die of a brook.
 White—lived joyfully.
 McLain—lived by creeks.
 Edwards—bricklayer.

MEMBERS ORGANIZE

First Year Home Economics set Monday morning to organize. Annie Mae Hall was class hostess; Margaret Cogdell, secretary; and Faye Zeibig, jr. Tables were assigned and is expected to begin.

LOCALS

and Martin of Mobeetie, teacher in CHS, visited in last week-end.
 Lily, a '36 graduate of a student at John Tarleton the week-end at home.
 Bonnie Cogdell, a former of CHS, who is now in the Homecoming in the Mobeetie School, spent the week-end in Crowell visiting her mother and Mrs. W. A. Cogdell.
 Mrs. W. A. Cogdell returned to Crowell following an ab-

sence of several days due to illness.
 Mrs. S. T. Crews, music teacher of Crowell schools, who has been absent from classes for the past six weeks, is still unable to resume duties.
 Mary Green, who has been absent from school for several weeks, is still unable to attend classes.

HERE AND THERE

A freshman at the University of Iowa advertised for romance in the want ad columns. He stated out of all the answers he received only one took him seriously. One co-ed wrote that she had considered him but decided not to accept after all.
 Director of the Southern Methodist University band received a postal card saying: Please send me a bottle of Peruna. The card was addressed to "Peruna, XEPN, Dallas."

At a recent lecture program at Hardin College the mathematics of marriage was given thus: "Cupidity plus stupidity equals matrimony."
 Coach Tom Conley of John Carroll University has invented a new system for calling signals on his football team. Instead of using numerals, the names of foods and pastries are substituted. Signals are thus no longer complicated because the quarterback yells "banana cream," and the men hop into their various formations.

The grocery bill of the Texas State College for Women at Denton amounts to \$150,000 annually.
 A wide selection of literary courses is being offered this fall by the Michigan State College of the air through station WKAR. These courses are to extend the opportunity to those who wish to continue their education and although no credit is given, all instruction is by members of the college faculty.

JOKES

Teacher: Jane, do you have the minutes of the last class meeting?
 Frances Davis: Why, no, I haven't.
 Teacher: What? As secretary of the class, didn't you keep the record of the last meeting?
 Frances: Oh, I have a record of the meeting, but I couldn't keep the minutes because I didn't have a watch.
 "Here's something queer," said the dentist who had been drilling a patient's tooth. "You said that this tooth had never been filled, but I find flakes of gold on the point of the drill."
 "I know it," moaned the victim. "I know it. You struck my back collar button."
 That large lump on little Willie's head is where Papa helped him with his arithmetic last night.
 "Look here," said the irate traveling man to the small-town hotel keeper, "don't you know that roller-towels in hotels have been prohibited in this state for three years?"
 "Sure," replied the hotel man, "but that there towel was put up before the law was passed."
 Garrett Middlebrook, who had no liking for soup and water, was observed by his father washing the forefinger of his right hand.
 "What's the idea of washing only one finger?" he inquired.
 "Coach has asked me to come and feel Gordon Thomas' new tooth," explained Garrett.
 "Young man," said the keeper of a cafe, "is it possible that you are teaching that parrot to use slang?"
 Junior Nelson: "No, ma'am, I was just telling him what not to say."

FHT NEWS

Thursday, January 21, the Homemaking Club held its bi-monthly social in the Homemaking Department of the High School. Edith Hutcheson was leader. Daphn McClure, Dorothy Nell Beggs, and Ann Mabe gave parts on the program. After the program refreshments were served by the hostesses, Margaret Woods, Marie Wells, and Mary Frances Bruce.

MATADOR TOURNAMENT

The Wildcat went to the Matador Tournament Friday. They beat Lake View and Turkey only to lose to Quannah in the semi-finals. Quannah overcame a six point lead in the last minute to beat Crowell in two extra periods of play. Richard Kelsey received votes for being one of the most valuable men in the tournament.

THIS THING CALLED ILLNESS

Did you know that 75 per cent of all illnesses are purely psychological? They are. It is a fact that has been known since the time of Confucius. Fact is, Confucius claimed that a mentally fit person was a physically fit person. And the ancient Hebrews said, "A broken spirit drieth up the bones." So, to be a good physician, a doctor must also be a fairly good psychologist. To cure a person completely he must know a great

deal of that person's individual characteristics.
 As well as a physician, a pastor must also be a fair doctor. He must know how to heal a person's spirit in a way that will make that person better off physically.
 And finally, it all boils down to this, to be physically fit keep thyself in good mental condition.

BASKETBALL

The Crowell High School basketball team won another conference game last Wednesday night when they beat the Vernon Lions by a score of 30 to 33. This victory gave Crowell their third conference win in as many starts, having won from Childress, Wichita Falls, and Vernon. Crowell has not played Electra or Quannah yet.
 The Junior basketball team from the Margaret Juniors by a score of 20 to 14.

DID YOU KNOW—

From A. & M.
 That the Aggeland Hotel is the only hotel owned by the Texas state government?
 That twenty miles northeast of Brady is the geographic center of Texas?
 That Texas has seventy-six State Parks?
 Jefferson Davis was invited to be the first president of A. & M., was going to accept—then did not because his friends and family asked him not to accept because of ill health?

CHEER LEADERS CHOSEN

For 1937
 At a meeting Monday at 12:30 the Pep Squad girls of CHS elected cheer leaders for the 1937 football season. There were nine girls who tried out for leader. Those elected were Ann Mabe and Faye Zeibig; Joyce White, who had the third highest number of votes, was chosen substitute leader.

BASKETBALL BOYS HONORED

The basketball boys of CHS were entertained with a buffet dinner by Mr. and Mrs. Jim Owens and Mr. and Mrs. Harry Kelsey of Margaret, Sunday evening, Jan. 25, at the home of Mr. and Mrs. Owens. Coach Graves, Mr. and Mrs. I. T. Graves, and daughter, Frances Larue, were also present. After dinner the guests told stories until time to depart.
 It has been said, "The way to a man's heart is by his stomach." From the reports of the basketball boys Mrs. Owens and Mrs. Kelsey have certainly won a warm place in their hearts.

HIGHLIGHTS OF MATADOR TOURNAMENT

Crowell finally broke the Turkey jinx.
 Perhaps some kind of a record was established when Quannah overcame a six-point lead in the last minute of the game to beat the Wildcats out in a two extra period game.
 Things were rather shaky in the Lakeview game. Crowell had one player out on account of fouls and Middlebrook had three fouls most of the last quarter.
 The Wildcats would have had to finish the game with only four players if he had fouled out, as Coach Graves had only six men up there for the first game.
 It seems like two of our players thought they really had gone west as they slept with their boots on.
 The meals for the boys would not have been so expensive if it had not been for the extra catsup that had to be paid for.
 We wonder if John Lee has told Jennie Dee about sitting with the pretty little girl from Spur during the Quannah-Matador game.
 It was an inspiration to our boys in the Turkey game to know that Mr. and Mrs. C. V. Allen and sons, Dupree and James Victor, came over from Spur to see them play.
 The boys kissed the large trophy goodbye as they left the gym Saturday afternoon, but they explained that they would be seeing it again in about a year.
 Cotton Owens was the spark-plug in Crowell's lineup. He played consistent ball in every game and kept the pep up. However, it was Bullet Kelsey that got several votes for the most valuable player of the tournament. There was not a player at the tournament that hustled any harder than Middlebrook did, but he had hard luck with his shots.
 Gilbert Fitzgerald took a shot at the basket from center after he substituted for Nelson. He said he knew Coach Graves didn't have another sub and couldn't jerk him.
 Nice homes were furnished for the boys to stay in, and all of them seem to have had a good time.

KNOW ANYONE IN CHINA?

You probably don't have neighbors in the Orient. But it's just as important for you to know what is going on over there and everywhere else in this hectic world as to know what's being done by the local fire department. That's why we have made this special arrangement to bring you Pathfinder with the Foard County News for only \$1.85. For Pathfinder, the outstanding news weekly, will give you national and world news to supplement our accounts of the doings of your friends and neighbors. Thus, for only \$1.85 you get a complete news service—a benefit and protection to every intelligent person. Mail or phone your order or drop in at the office today.

WHAT OCCUPATIONS DOES THE LAW COVER?

Question 10: "What occupations are covered by the law?"
 Answer: The easiest way to answer that question is to list the occupations that are not covered. The unemployment compensation act includes all workers for any one employer who employs as many as 8 persons, except in certain specified fields.
 The Act covers all occupations with these exceptions:
 (1) State, Federal, county and city workers, and employees of all political subdivisions of any of the governing units named are exempt.
 (2) If Congress has written a special unemployment insurance law covering your industry, you are exempt from the state law.
 (3) Farm labor is exempt, and all domestic service in a private home.
 (4) If a father works for his son, his daughter, or his wife, he is exempt. Likewise, children working for their parents are exempt.
 (5) The officers and crews of vessels on navigable waters are exempt.
 (6) Workers in a non-profit organization, such as a community chest, are exempt.
 (7) Agents of insurance companies who are paid strictly on a commission basis are exempt.

INTERESTING NEWS OF PICTURES AND PLAYERS

Shirley Temple was the largest attraction in the movies in 1936 from the standpoint of box office receipts, according to the Trade Journal Motion Picture Herald; Clark Gable was second; Fred Astaire and Ginger Rogers, third; Robert Taylor, fourth; Joe E. Brown, fifth; Dick Powell, sixth; Joan Crawford, seventh; Claudette Colbert, eighth; Jeannette MacDonald, ninth; Gary Cooper, tenth. Robert Taylor rose from 83rd place in 1935 to fourth place in 1936.
 Lionel Barrymore receives more letters from attorneys than any other screen actor, these commenting on his lawyer role. After "The Voice of Bugle Ann," he answered about 250 letters asking for copies of his speech, based on Senator George Vest's tribute to a dog. All were from the legal profession. "One law college in California is using his speech in "A Free Soul" as an example of jury procedure and this results in letters from law students.
 Metro-Goldwyn-Mayer has a traveling motion picture studio which goes into cities and hamlets all over the United States testing promising youths and sending them to Hollywood for training. A few picture stars get into pictures by their own efforts but most of them are picked up by studio scouts.
 Robert Taylor was picked from a cast of a college play. Nelson Edgely was taken from the concert stage. Jeannette MacDonald was taken from a show in Chicago and rushed direct to Hollywood. Greta Garbo and Marlene Dietrich were imported. Maureen O'Sullivan was found in Ireland.
 The mallard duck has to find most of its food by the touch system, as it does practically all of its feeding by night.

SAFETY SLOGANS

Think—you may escape death in an automobile accident but at the same time be so scared about the face that it will handicap you seriously in business.
 Even four wheel brakes won't hold a car on icy streets. Brakes may be perfect but if the wheels won't hold on the ice the result is the same as no brakes.
 Pneumonia kills more persons than plagues and all other diseases. Don't neglect the common cold. It may lead to pneumonia.
 Decaying teeth are frequent causes of rheumatism and other far removed bodily ailments. A tooth may be decayed and discharging poison into the system without its owner being aware of it. Have your teeth examined and X-rayed.

Midnight Show Saturday at Vernon Theatre

The scene above is of Myrna Loy and William Powell as they appear in "After the Thin Man" which opens at the Vernon Theatre midnight show Saturday and continues through Sunday and Monday.

UNEMPLOYMENT COMPENSATION IN TEXAS

Editor's Note:—Following are questions and answers prepared by R. B. Anderson, chairman-director of the Texas Unemployment Compensation Commission, which is an interpretation in simplified terms of the various provisions of the recently-enacted Texas Unemployment Compensation Act.
 Further questions and answers in this series will appear in this paper from time to time.

How to Become Eligible For Benefits

Question 8: "How do I establish my eligibility for benefits under the Unemployment Compensation Act?"
 Answer: You must comply with a number of rules:
 (1) You must register for work at a public employment office. Subsequently, we will discuss the establishment of these offices.
 (2) You must make a claim for compensation or benefits according to the rules of the Commission. The law requires every employer to post these rules and regulations at a conspicuous place where you can easily see and study them.
 (3) You must be able to work; and you must be ready to take work. In other words, you must be ready and willing—in case a call comes to you from the public employment office at which you have signed up.
 (4) Between the time you lose your job and the time you get your first benefit check, there must be a "waiting period" of two weeks. You will receive no pay during those two weeks, but the public employment office will make every effort to find a job for you.
 However, it is not necessary that those two weeks of waiting be one right after the other. If you have been unemployed any two weeks out of the thirteen weeks before you make application for compensation, then you can draw your compensation right away.
 (5) You must have had a job for at least 13 weeks during the year prior to the time when you lose your job. The next article will discuss the exceptions to this rule, such as sickness, etc.

A Special Case of Eligibility

Question 9: "After I had been working for a considerable time and had built up my compensation credits, I lost my job. Right away I started a small business going for a number of months, but finally I had to apply for unemployment compensation. But the law says that I must have been employed at least 13 weeks during the last 52 before I became unemployed. My only job in the past 52 weeks has been in my own little business. Does this make me ineligible for benefits?"
 Answer: No. In such cases as yours, you will be allowed to skip the time that you were working for yourself. You can start counting your 13 out of 52 weeks in the time you started your own business. Let's see an example:
 First, you worked for wages during 1937. Thus you built up 13 weeks of possible benefits.
 Second, you lost your job on January 1, 1938, and started in a small business of your own which you kept going for a year.
 Third, your own business goes on the rocks and you apply for benefits in January 1939. In your application you go back to the time when you were working for wages, or in other words, to your 1937 record of employment.
 This same treatment will be used for people who were physically or mentally disabled and therefore unable to work. This procedure will be used for people who have been working in businesses or trades, such as farming, which are not covered by the law. These occupations will be detailed in the next article.

What Occupations Does the Law Cover?

Question 10: "What occupations are covered by the law?"
 Answer: The easiest way to answer that question is to list the occupations that are not covered. The unemployment compensation act includes all workers for any one employer who employs as many as 8 persons, except in certain specified fields.
 The Act covers all occupations with these exceptions:
 (1) State, Federal, county and city workers, and employees of all political subdivisions of any of the governing units named are exempt.
 (2) If Congress has written a special unemployment insurance law covering your industry, you are exempt from the state law.
 (3) Farm labor is exempt, and all domestic service in a private home.
 (4) If a father works for his son, his daughter, or his wife, he is exempt. Likewise, children working for their parents are exempt.
 (5) The officers and crews of vessels on navigable waters are exempt.
 (6) Workers in a non-profit organization, such as a community chest, are exempt.
 (7) Agents of insurance companies who are paid strictly on a commission basis are exempt.

THE STATE OF TEXAS

To the Sheriff or any Constable of Foard County—Greeting:

You are hereby commanded to summon R. A. Sanderlin by making publication of this Citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in the nearest County where a newspaper is published, to appear at the next regular term of the District Court of Foard County, to be held at the Court House thereof, in Crowell, Texas, on the 3rd Monday in February A. D. 1937, the same being the 15th day of February A. D. 1937, then and there to answer a petition filed in said Court on the 2nd day of November, A. D. 1936, in a suit, numbered on the docket of said Court No. 2514, wherein Bessie Sanderlin is Plaintiff, and R. A. Sanderlin is Defendant, and a brief statement of plaintiff's action, being as follows:

Suit for dissolution of marriage relations existing between Plaintiff and Defendant, on the grounds of cruel treatment and asking for the restoration of Plaintiff's maiden name; and praying for judgment dissolving such marriage relations and for the restoration of

Travel Through Treetops

The only people who do most of their traveling through the tops of trees are the Ilongots, a tribe of Luzon in the Philippines. With a heavy knife they cut off the branch of one tree, slide the loop end of a 50-foot rope over it, then cast and catch the hook end of the rope over a branch of an adjoining tree. And with great agility, they travel across it in monkey fashion.—Collier's Week-ly.

her maiden name and for costs of suit.

Herein fail not but have before said Court, at its next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and seal of said Court, at office in Crowell, Texas, on this 5th day of January, A. D. 1937.
 (SEAL) J. A. STOVALL,
 Clerk, District Court, Foard County, Texas.
