AND CROWELL INDEX

VOLUME XLI NO. 17

CROWELL, FOARD COUNTY, TEXAS, FRIDAY, OCTOBER 16, 1931

8 PAGES \$2.00 A YEAR

ATH TAKES W. B. BLEVINS SAT., OCT. 10TH

B. (Bryan) Blevins, 33, died today morning, Oct. 10, at 4:45 p. m. in the Crowell hospital. He was in a serious condition when he was taken to the hospital Tuesday. An operation was performed after his arrival, however, condition grew steadily worse and death came.

He had lived on Mrs. R. L. Kincaid farm, four miles east of Crowell, for the past 7 years, or since that he first came to Foard County.

Surviving are his wife and five small children, Dalton, Troy, Keith and Doris, five brothers, Tom Blevins of Margaret, Tom Klahoma, John, Delphis and James of Keller, Texas; three sisters, Mrs. Eva Travis and Mrs. Minnie Keller, and Mrs. Della Gates, near Keller, in 1898 and there until coming to Wilbarger County 9 years ago, at which time he settled on a farm north of Crowell and lived there until coming to Foard County two years ago.

He had since lived on Mrs. Kincaid's farm.

Although he was not a member of the church, he lived under the protection of the Baptist faith. The funeral services were held at the church Sunday morning at 10 o'clock. Rev. A. O. Hood, pastor of the church, and Thalia Methodist church, officiating. Interment was in the East View Cemetery. Pall bearers were: Joe Chas. Cavin, Luther Tamplin, McGinnis, L. W. Hairston and Ayers.

THWEST TEXAS BAPTISTS MEET AT WICHITA FALLS

West Texas Baptists will meet at the First Baptist Church, Wichita Falls, next Friday, Oct. 23, for the purpose of completing plans for the "Member Canvass" movement, Nov. 29 to Dec. 6. A number of the leading Baptists of the state, including Dr. Geo. W. Truett of Dallas, will appear on the program.

Baptist Missionary Speaking in Crowell All of This Week

Special services are being held each evening at the Baptist Church this week with Rev. E. M. Agee of Wichita Falls, district missionary, in charge. He is speaking each evening at 7 o'clock.

Thursday evening is to be Sunday School night; Friday evening is to be deacons' night, and Saturday evening is to be B. Y. P. U. night. Everyone is extended a cordial invitation to attend services.

Cup Challenger Dies

Sir Thomas J. Lipton will never contest again for the America Cup. The famed Irish yachtsman, who spent years in the U. S., failed to rally from a cold. He was past 81.

Regular P.T.A. Meeting Tues. Afternoon, Oct. 20

The Crowell P. T. A. will have its regular meeting Tuesday afternoon, Oct. 20, at 4 o'clock at the high school. Mrs. A. W. Lilly will be the leader of the program, the subject for discussion being, "Educating for 7 Point Lives."

Others on the program and their subjects are: "Seven Cardinal Objectives of Education," Mrs. Lee Allen Beverly; "How to Apply the 7 Cardinal Objectives," Mrs. Thomas Hughston; Fire Prevention Talk, Leo Spencer. All mothers are urged to attend the meeting.

FOARD COUNTY IS DRENCHED BY GENERAL RAIN OF ABOUT THREE INCHES; LONG DROUTH BROKEN

A long drouth in Foard County and this section was definitely broken when a heavy rain started falling here Sunday. At Crowell it amounted to 2.3 inches by Monday. More rain Monday night added .3 of an inch and another rain Thursday morning added .2 of an inch, making the total amount received at Crowell during the week 2.8 inches.

Reports over the county indicate that the rain was considerably heavier in most every direction, with the exception of certain portions in the southwest and west, however, the average for the entire county was at least three inches.

This was the first real rain that had been received in Foard County since May 18, although a number of scattered showers had fallen since that time. Rain from May 18 to 20 amounted to 1.3 inches at Crowell and were general over the entire county on May 18.

Everyone already seems to know the good that recent moisture will do so there is no use for The News to elaborate on this fact, except to say that it was as well as could have been asked for.

Salvation Army to Open Annual Drive in Foard Co. Friday

W. D. Pedigo, representative of the Salvation Army, will arrive in Crowell Friday morning of this week to make the annual appeal of that organization for funds to carry on its work. The quota for Foard County is \$100.00.

The Salvation Army makes but one appeal each year, although many gain the impression that it solicits frequently due to the fact that many fake solicitors and solicitors representing other organizations often attempt to impersonate the Salvation Army.

Due to present conditions of the country, demands upon the Salvation Army are greater this year than ever before in its history, except during war time.

This non-sectarian organization is worthy of all groups actuated by Christian doctrines, without regard to class or creed, it appeals to all who are interested in the poor and suffering of the state and nation.

As a part of its service, the Texas division of the Army, free meals were served to 24,460 persons, 27,000 persons were furnished clothing, work was obtained for 1,581, more than 250 unfortunate girls were taken care in the maternity homes and hospitals.

The Salvation Army is everybody's friend and it is hoped that everyone will assist it in some way in helping to carry on its work.

M. S. Henry is chairman of the Foard County committee of the Salvation Army.

Judge Hankins Speaks at Rotary Luncheon

Judge M. M. Hankins of Quanah, pioneer resident of Foard Co., was the principal speaker at the luncheon of the Rotary Club Wednesday. His talk was unusually interesting and consisted of old-time experiences and hardships here, along with discussions of present day problems.

Judge Hankins stated that he arrived here in 1885 and settled near Old Margaret. "Talk about your hard times, why it stopped raining when I came here in '85 and didn't start again until '87. During that 18 months of drouth rabbits were considered fine food and some people ate prairie dogs," he stated. Many other interesting old-time experiences were related. In speaking of the present change being made by nations to the silver standard, Judge Hankins pointed out the necessity of an international agreement on currency.

I. T. Graves discussed the fire prevention work that is being taught in the Crowell schools. T. B. Klepper was in charge of the program.

Former Pastor Here Died Saturday, Oct. 10, at Wichita Falls

Rev. S. H. Holmes, 76, who was pastor of the Christian Church in Crowell many years ago, died Saturday, Oct. 10, at his home in Wichita Falls. Rev. Holmes had been a Christian pastor for nearly half a century. He is survived by his widow, two sons and two daughters. He had been in failing health since January.

Funeral services were held Monday afternoon at the First Christian Church in Wichita Falls. Ed Bonar of Henrietta, a member of the church here while Rev. Holmes was pastor, was one of the honorary pall bearers.

Hindenburg Reaches 84

Gernany's aged president and former commander of its imperial armies is still active in spite of his years.

Pioneer Trail Driver Visitor Here Tuesday

P. P. Ackley of Elk City, Okla., honorary president of the Chisholm Trail Association in Oklahoma, was a visitor in Crowell Tuesday. He was here in the interest of the celebration that is to be held at Doans on Oct. 21 and 22 in connection with Wilbarger County's 50th anniversary. He hopes that a large crowd from Foard County will be present, especially the pioneer cowboys.

CROWELL AND CHILICOTHE MEET FRIDAY; BOTH ARE NOW LEADING DISTRICT NO. 3 FOOTBALL RACE

Crowell, Chillicothe and Olney are now leading in the district 3 football race of Class B with perfect records, however, after Friday's important game between Crowell and Chillicothe the standing next week should show two teams holding the top position—Crowell and Olney or Chillicothe and Olney. If the game at Chillicothe should result in a tie, then Olney will head the list for the Cubs do not play a conference game this week.

At present Crowell is entitled to the top position in the standing as a result of its victory over Archer City, one of the district's leading teams. The Wildcats have also defeated Seymour. Chillicothe has victories over Munday and Megargel. In its only conference game so far, Olney defeated Burk Burnett 52 to 0.

The Crowell-Chillicothe contest at Chillicothe at 4 o'clock Friday afternoon is without a doubt one of the most important games of the season and the winner of it should then have a fair chance in succeeding Olney as the district champion.

Thus far Chillicothe has made a far more impressive scoring record than Crowell and outside of Crowell the Eagles are rated as favorites to win. The city of Chillicothe and the Eagle players seem especially confident of victory. While Crowell may not be so confident as Chillicothe, yet the Wildcats and their many supporters really believe that Chillicothe is due for a big disappointment in Friday's game and that the Wildcats will emerge victorious.

To date Chillicothe has defeated the following teams: Electra, 6-0; Childress, 24-0; Munday, 45-0; Megargel, 74-0.

Crowell's victories include: Knox City, 39-0; Childress, 34-0; Seymour, 33-2; Archer City, 13-0.

Comparative scores mean little in this game. In using the Childrens game as a basis, Crowell should win 10 to 0, but in taking another route Chillicothe should win 43 to 0. Seymour and Megargel tied. Crowell beat Seymour 33 to 2. Chillicothe whipped Megargel 74-0, thus comes the 43-0 basis. But these scores mean nothing when the teams take field Friday and either team may win.

From all indications the largest crowd that ever accompanied a Crowell athletic team will be present at Chillicothe when the opening whistle blows in starting a game which is regarded all over this section as the most important of the day.

possibly with that thought in mind that he dressed his best since Foard County's 40th Anniversary Celebration. Taking his stand on the main drag of the town, the appreciative farmers of old Foard were not long in forming in line to congratulate him on his fine work.

Finding that other farmers benefited as much as he, Mr. Gribble is now seeking donations to share the cost of the three-line ad, which is thirty cents.

NEW FAMILY HERE
Mr. and Mrs. J. P. Plunkett and little daughter, Paula, of Hollis, Okla., have moved to Crowell. Mr. Plunkett is now employed by the Fox Bros. Grocery. He is a brother of Mrs. Herman Fox.

CROWELL DEFEATS ARCHER CITY 13 TO 0 IN WINNING SEASON'S MOST IMPORTANT GAME TO DATE

Crowell High School won its most important football game of the season so far this year by defeating Archer City 13 to 0 at Archer City Friday afternoon. The game the hardest fought that either had experienced this year and first half went scoreless, with well holding a slight advantage. Crowell made two first downs to none Archer City. Crowell made a total of six first downs in the game their opponents made none, indicating that the game was mainly a defensive affair.

Most of Crowell's touchdowns were made on passes from Mullins. The first one came in the first half, when Cooper kicked for Smith received the kick-off, returned it to Crowell's 44-yard line from which Cooper took a short punt near the side line and raced the ball a distance with little trouble to the touchdown. This was the first time this year that Archer City's line had been crossed. No team yet carried the ball over Crowell's goal line this year.

The second and final touchdown in the latter part of the last quarter when Cooper took another punt for 30 yards and a touchdown. Carter drop kicked for the extra point to make the score 13 to 0. The first touchdown in his pass for extra point failed.

In the second quarter Dick was injured when tackled and taken from the game. His injuries were greatly missed and the team continued to play astomony excellent defensive play yet the offense failed to click during most of the game. Times blocking and interfering running were woefully weak. With Todd Mullins took his position at quarterback and George Fox in to fill the other vacancy, was particularly outstanding in his playing in most every detail of the game. Cooper's receipt of passes and his rapid run for touchdowns as a result among the highlights of the game.

The Crowell's line starred as a with every person in it performing brilliantly, yet John Todd possibly the outstanding defensive player on Crowell's team, Haynes City center, was their outstanding defensive player and succeeded time after time in smearing all plays.

First Half
Starting the game Crowell received the kick-off to its own 42-line. Archer City got the first of the game in recovering D. S. fumble on Crowell's forty-line. Throughout the first half neither team was able to gain good gains on line plays and

YOUNG THALIA BOY KIDNAPPED MON. MORNING

Beecher Wisdom, 14-year old son of Mr. and Mrs. A. B. Wisdom of the Thalia community, reported to his parents Monday afternoon that he was kidnapped Monday morning while returning to his home from a visit with a friend, R. J. Mints, in the Talmadge community in Wilbarger County.

He had spent part of Saturday and all of Sunday visiting his friend and was walking along a road on his way home at about 9:30 in the morning when offered a ride by three men in a green Chevrolet. Six sedan. Upon reaching the paved highway running between Thalia and Vernon, the boy reported that he attempted to leave the car when it headed for Vernon instead of Thalia, but was held in it by two of the men while the other drove. He said that two of the men appeared to be about 25 years of age, while the other seemed to be about 40 or 45.

He said they carried him through Vernon and then shoved him out of the car near the cemetery east of Vernon after taking thirty-five cents and a pocket knife from his pockets. He was slightly bruised as a result of being shoved out of the moving automobile.

Young Wisdom reported that a sawed-off shot gun was carried in the car and that its license number was obscured by mud.

The boy's father, A. B. Wisdom, commissioner of Precinct 1 of Foard County, is of the opinion that the men took the boy work with his wages, which they planned to steal.

DEATH OF D. W. MORROW

No death of a man in public life, except that of the President, could have been a greater shock to the people of the United States, irrespective of party, than that of Senator Dwight W. Morrow of New Jersey, which occurred a few days ago.

The suddenness of his death, which came while he was asleep after retiring in apparently good health, added to the shock felt by his countrymen and by admirers throughout the civilized world.

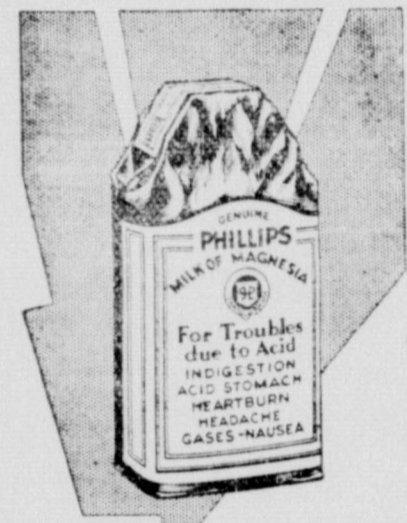

Mr. Morrow was 58 years of age, and had rendered many valuable public services, the most conspicuous of which was in the capacity of ambassador to Mexico from 1927 to 1930. He is credited with doing more than any other man toward improving our relations with that country.

Last year he was elected to the United States Senate to fill an unexpired term and also for the full term beginning March 4, 1931. He also served as delegate to the Pan-American conference of 1928 and to the London Naval conference of 1930. He was awarded the distinguished service medal "for exceptionally meritorious and distinguished service" in civilian capacities during the World War, and was chairman of the President's aircraft board in 1925. By many he was considered in line for the Republican Presidential nomination in 1936. He leaves a wife and four children, his daughter, Anne, being the wife of Col. Lindbergh.

FARMERS AND MACHINES

By many the plight of agriculture, as well as that of other basic industries, is blamed on the introduction of machinery which has displaced manual laborers at the present moment it seems that this indictment of the machine age is well founded.

But—without the aid of modern machinery it is pertinent to inquire

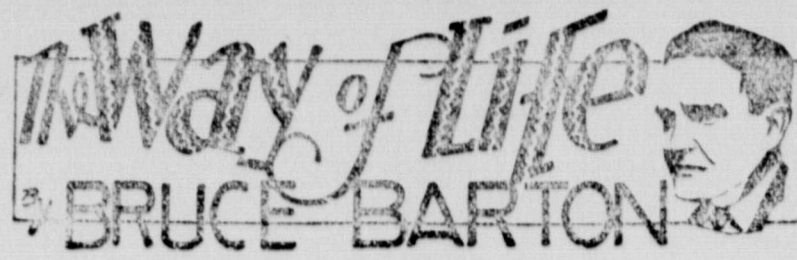

SOUR STOMACH

JUST a tasteless dose of Phillips Milk of Magnesia in water. That is an alkali, effective, yet harmless. It has been the standard antacid for 50 years. One spoonful will neutralize at once many times its volume in acid. It is the right way, the quick, pleasant and efficient way to kill the excess acid. The stomach becomes sweet, the pain departs. You are happy again in five minutes.

But don't depend on crude methods, try the best way yet evolved in all the years of searching. That is Phillips Milk of Magnesia.

Be sure to get the genuine Phillips Milk of Magnesia, the kind that the physicians prescribe.

"Milk of Magnesia" has been the U. S. Registered Trade Mark of The Charles H. Phillips Chemical Company and its predecessor Charles H. Phillips since 1875.

DESERVE . . . ELIMINATE

Broadly speaking, mottoes have done me little good. Being exhorted to "do it now" has not conquered a natural instinct to procrastination. "Tackle the hard things first" has not increased my courage; nor has "a penny saved is a penny earned" spurred me to thrift.

All of these wise saws, and others, I would trade for the two words on which a shrewd old merchant told me he had built his store:

Almost anywhere you look in business you may see the need for those two words.

A certain manufacturer, whose products already covered the field, announced his intention of still another item to the line. His banker was skeptical. "What excuse is there for it?" he demanded. "Does it meet any real need? Has it any special qualities that make it deserve to succeed?"

The manufacturer replied rather testily that he could not see what deserving had to do with it. There was an opportunity to steal more business from a competitor, and he proposed to do so.

The banker protested. "That seems a poor foundation on which to build," he said. He was right. After an expensive and unsuccessful campaign the new product was abandoned.

Another company, whose volume had grown rapidly during the months of prosperity, came into dull times and began to examine its expenses. It discovered that nearly half its overhead could be cut without reducing profits. While things were rolling it had entirely neglected elimination.

The words apply with equal force to individual lives. How many useless habits we loaded up with during the ten years previous to 1929! How we frittered away our time and diluted our energies! Apparently hard times are necessary once in a while to compel us to cut.

As for the word deserve, who has not experienced the increased sense of power which comes when one knows in his heart that his plans and purposes are wholly right?

Under the spell of such convictions we astonish ourselves by an unexpected capacity. We feel in tune with infinite forces. We deserve, and the stars in their courses seem to be fighting on our side.

what would be the condition of civilization today. One recent student of economics points out that if we were forced to return to the old hand methods of production, both in agriculture and industry, it would be impossible to have the standards of living either rural or urban, which exist at present.

Before the age of machines daily living was in a primitive state. The obtaining of food, clothing and shelter was about all anyone could hope for. There were little opportunities for recreation, amusement or culture for the great mass of the people. There were no motion pictures, no automobiles, no radio, no electric conveniences, no leisure.

Farmers of fifty years ago enjoyed none of the comforts and conveniences which the machine age has made possible for them. The back-breaking toil which farmers of a past age experienced is unknown today. No longer do they cut wheat with a cradle or thresh it with a flail. They have been emancipated from most of the drudgery of former times.

So, in spite of the complaints which we hear on every hand, it must be admitted that the farmer of the present is much better off than his father or grandfather ever was. Machines have been a blessing to the farmer, in spite of the temporary overproduction of crops which they have made possible in recent years.

WISDOM FROM THE EAST

Addressing a world conference of missionaries, Rev. Harris Kirk of Baltimore declared that "heathens have good reason for disliking civilization, because it always introduces the vices and evils of civilized countries."

He also predicted that the world will eventually look to the Orient for political and moral leadership.

Many missionaries have complained of increasing difficulties since the world war, owing to the bad impression created by so-called Christian

nations engaging in that unholy orgy of death and destruction.

Even in peace times it can not be denied that the prevalence of crime, especially in the United States, is a rather sorry example to hold up to the heathen. No wonder they are skeptical of Western culture and religion, when such fruits are borne by our vaunted white civilization.

Alluding to this phase of the problem, Robert Dean of Columbus expressed the view that "practicing Christianity at home is more essential than preaching it abroad."

Rev. Kirk is no doubt sound in his idea that we have much to learn of philosophy and true morality from some of the Eastern peoples. The Orientals have been from time immemorial given to serious meditation on these problems.

We might also remember that Christianity, like all the other principal religions of the world, had its beginning in Asia.

WRITING UP A WEDDING

Most newspaper men shrink from the task of writing up a wedding and prefer to pass that responsible duty to the female society editor. Yet there are exceptions. Occasionally an editor is found who can paint a word picture of nuptial events that any lady reporter might envy.

We just discovered one who appears to be hiding his great talents in an obscure Kansas town, while he ought to be holding down a great city job. Here is a sample of his literary ability, which proves our point:

"It was a wonderful wedding. The girl was as sweet as any girl who ever lived; but modern. As she walked up the aisle on her father's arm, her lips lightly tilted at the corners with a happy smile, she was a picture of modest beauty. Her filmy wedding gown and gossamer veil floated around her fair blond head like a halo. She was as nearly an angel as girls get to be in this world. At the altar as she passed from her father, the man she always loved, to the other man to whom she would devote the rest of her life, her dainty slipper touched a potted lily resting on the floor and turned it over. Smiling again, she turned to the dear old pastor waiting at the chancel and said: "That was a hell of a place to put a lily."

THE SEVEN WONDERS

Nearly everyone has heard of the seven wonders of the world, but probably few could name them and fewer could tell what became of them. Those interested in such things might clip this out for their scrap book.

The seven wonders of the world were so named by Antipater, a writer of Palestine, about 200 B. C., as follows:

The Hanging Gardens of Babylon, destroyed in 484 B. C., more than 100 years before they were listed among the wonders.

The Temple of Diana at Ephesus, burned in 262 A. D.

The Statue of Zeus at Olympus, destroyed in 408.

The Colossus of Rhodes, sold for junk in 653.

The Lighthouse of Pharos at Alexandria, fell in an earthquake in 1375.

The Mausoleum of Artemisia destroyed in 1402.

The Pyramid of Cheops, the only one of the "Seven Wonders" still in existence.

Such were the seven wonders of the ancient world. Many lists of modern wonders have been made, but a recent writer selects not the perishable works of man, but the discoveries and inventions which have revolutionized civilization.

FOR A LIMITED TIME
From Oct. 15 to Nov. 14 Inclusive

Here's a rare opportunity for you to equip your entire home with the world's famous Aladdin kerosene (coal oil) Mantle Lamps at a big saving. Bring in any old oil or gasoline lighting device of any make or condition, and you will be given the generous allowance of \$1.50 to \$2.00 for it, depending upon the style of Aladdin you purchase. Bring in as many old lamps as you please as long as you purchase an equal number of Aladdins.

These New INSTANT LIGHT ALADDIN MANTLE LAMPS
Will Brighten and Beautify Your Entire Home

Note its features:

Burns common kerosene (coal oil). Lights instantly. Gives a modern white light equal to 10 ordinary lamps. Absolutely safe. Burns 64 hrs. The most economical of all lights. No odor, smoke, noise or trouble. No generating or waiting a match and a minute that's all. Endorsed by world's highest authorities.

We will GIVE AWAY A Beautiful Aladdin ON DATE BELOW FREE (ASK FOR DETAILS)

SATURDAY, OCTOBER 31ST

M. S. HENRY & COMPANY

He names the radio, the telephone, the airplane, the antiseptic, speeder analysis and radium. Whether his list is the best that might be made or not, the wonders mentioned will survive as long as humanity exists, bestowing untold benefits upon mankind.

G. G. Crews,
Hines Clark,
Directors.

An Iowa judge recently fined a woman for violating traffic laws and only when she looked up at him did he discover that she was his wife.

After breaking into a store near Akron, Ohio, and making away with 100 pounds of sugar and other groceries, burglars left a note advising the proprietor to leave cash for their next visit.

Apparently conscience-stricken because he had "used up" a county shovel while digging a ditch in Warsaw, Ind., 43 years ago, "John Doe" of Los Angeles sent \$1 to the sheriff of Kosciusko County.

After making arrangements for his burial and paying the sexton for digging his grave, Fred Peppin of Northfield, Vt., went to the back of an undertaking parlor and shot himself.

LOCALS

Self made a business trip to this week.

W. D. Howell left Monday for McKinney for a stay of several days.

Jim Cumley and baby son of Dallas Falls are visiting her parents, Dr. and Mrs. Hines Clark.

Mrs. O. L. Hinds of Dallas the week-end visiting in the home of Mrs. Hinds' sister, Mrs. Spencer.

Richard Martin, former Crowell school teacher who is now teaching at Bisbee, Texas, visited friends here last week. He graduated from Crowell School in 1926.

W. Self and J. W. Allison left Monday morning for Gaines County where they will visit their Lonesome ranch, which is located 25 miles west of Lamesa.

H. Lanier and son, J. H. Jr., returned from Dallas Wednesday morning where Mr. Lanier had been for nearly two weeks with his wife, Mrs. Lanier, who is in the St. Paul hospital as the result of an eye operation. He reported that Ragsdale was getting along nicely. J. H. Lanier Jr. went to Dallas last Saturday.

Mrs. J. H. Shults returned to Crowell Sunday after visiting a few days in the home of her son, Glenn Shults, at Davidson, Okla. Mr. and Mrs. Glenn Shults and children accompanied her home. Last week Mrs. Shults went to Davidson from Fort Worth where she had been visiting her son, Garland, who is in the St. Paul Hospital, where he has been for the past six months as the result of a foot injury received in Old Fort. Mrs. Shults reported that Garland was getting along nicely. She also visited in the home of her son, Grady, at Dallas while away.

G. D. Owens of Lubbock was here the first of the week looking after his farming interests.

We are in the market for wheat every day.—T. L. Hughston Grain Co.

Mr. and Mrs. A. Y. Beverly and son, Joe Wallace, spent Sunday in Frederick, Okla., with relatives.

Mack Boswell returned Monday morning from a weekend visit to the Dallas Fair.

Mr. and Mrs. Ellis Gafford of Sulphur Springs, Texas, were here last Friday and Saturday. They were en route to Olton to visit their daughter.

Joe Strickland of Dallas, a former resident of Crowell, was a visitor here the latter part of last week. The Strickland family left here 17 years ago when Joe was a small boy.

GRID GOSSIP

(By Mack)

Lee Black won the guessing contest of last week by predicting four winners of the five games and by guessing closer to the scores than George Cates, who also guessed four of the winners. Rice provided the most outstanding upset of the day in defeating Texas 7 to 0 and the five guessers were wrong on this game. Frank Weatherall, who won third, guessed closest on three of the games and had predicted Centenary to beat Baylor he would have easily won the contest. Gordon Gribble won fourth and Tom Reeder Jr., who broke the record for guessers in the past two years by winning twice in succession, took last place.

The writer maintained his 100 per cent record this year in again picking the winner, Lee Black, and in predicting Reeder to hit near the bottom.

The actual scores of Saturday's games, together with Black's predictions, which come last, follow: Rice-Texas, 7-0; 0-12; A. & M.-Iowa, 25-0; 7-10; S. M. U.-Arkansas, 42-0; 18-0; T. C. U.-Austin College, 38-0; 25-0; Centenary-Baylor, 24-13; 13-6.

Those guessing this week had an unusually difficult task, since practically all of the games should be very evenly matched. Three of the games are conference affairs and will no doubt have a more direct

bearing on the conference championship this year than any other group of games on any one day this season.

Those predicting this week were: Lee Black, 1; Ragsdale Lanier, 2; John Wishon Jr., 3; Oscar Boman, 4; Herman Fox, 5; Ernest Patton, 6.

Saturday's games and predictions follow:

	1	2	3	4	5	6
S. M. U.	13	0	20	6	19	6
Rice	0	0	13	0	0	7
T. C. U.	6	12	2	13	19	13
A. & M.	0	0	13	6	7	6
Baylor	12	6	12	13	6	14
Arkansas	0	7	7	0	0	0
Texas	10	7	26	21	0	7
Oklahoma	6	0	6	0	13	6
Harvard	0	0	7	13	10	7
West Point	6	7	13	6	7	13

There seems to be a greater variety of opinion in the above guesses than in any other set in two years. There are six guessers this week, instead of five each as has been the case in the past. Six is about all that can be tabulated properly in a single column.

There is not a unanimous opinion as to the victor in a single game. Four pick S. M. U. to beat Rice, but Rags Lanier predicts a scoreless tie and Ernest Patton a victory for Rice. John Wishon is the only one to pick A. and M. to beat T. C. U. at Fort Worth. Rags is the only one to pick Arkansas to beat Baylor at Waco. Herman Fox is the only person giving Oklahoma a victory over Texas at Dallas. He and Oscar Boman also pick Harvard to beat West Point.

Lee Black is again picked to win.

Football

(Continued from Page 1)

Cooper took Mullins' pass for 50 yards and a touchdown. Smith returned the kick-off as the second half opened to the 44-yard line. Doyle Carter's pass for the extra point failed. Score, Crowell 6, Archer City 0.

Archer City received the next kick-off and returned the ball to the 28-yard line. Shortly afterward Crowell blocked a punt and recovered the ball on the 15-yard line. Three tries at the line netted short gains and on the fourth down a pass failed and Archer City took the ball on their own 9-yard line. Fish punned out-of-bounds on the 34-yard line. Mullins made Crowell's third 20-yard penetration with a run of 12 yards after a short gain had been made through the line. After Cooper had carried the ball to the 11-yard line, Crowell fumbled and Archer City recovered on the 15-yard line. Fish let loose with a powerful punt and the ball reached Crowell's 25-yard line before Crowell's safety, Cooper, stopped it. He fumbled it twice and aided in sending it back about ten yards. The total distance covered by the ball on the play was about 70 yards and served in no position.

Crowell soon punted to their own 43-yard line. An Archer back was thrown for a 7-yard loss and with first down and 17 yards to go, Horaney got away with a pass for 15 yards, the largest gain that Archer City made during the game and yet it did not result in a first down because of the loss of 7 yards just before. On the next play Cooper intercepted a pass on the 25-yard line. Mullins made 7 yards to place the ball on his own 32-yard line as the third quarter ended.

Mullins got away with another good run to place the ball on the 15-yard line. After an exchange of punts Crowell took the ball and made a few short gains and again punted. The ball was fumbled by the Archer City safety, Larkin, who finally recovered on his own one-yard line. A bad punt followed and Crowell took the ball on the 12-yard line.

Another opportunity to score was missed when Crowell was held for downs at this vital point and Archer City took the ball on their 9-yard line and punted to the 30. Crowell tried a pass, but it was incomplete. Another pass followed from Mullins to Cooper that was good for about 30 yards and a touchdown. D. Carter drop kicked the extra point, making the score 13 to 0.

Archer City returned Crowell's punt to their 40-yard line. Mullins intercepted a pass on the 37-yard line. A bad punt for Crowell followed and Archer City took the ball on Crowell's 48-yard line. Two in-

SAVE WHILE YOUNG

The poorhouse is full of people, today.
Who one time were young, were happy and gay.
How little they thought they would feel
The pinch and heart aches of poverty's seal.
For the ups and downs and failures that came,
These people may think they know who's to blame;
Yet one thing is sure: had they but saved more,
A much smaller house would do for the poor.
The First State Bank has found failures are few
If you save while young and faithful work do.

(Copr. 1927 Adam Brown Hunter)

CHURCHES

Christian Science

Sunday, 11 a. m. Subject for Sunday, October 18, "Doctrine of Atonement."
Sunday School at 9:30.
Wednesday evening service at 8 o'clock.
The public is cordially invited.

Baptist Church News

We were the recipients of great blessings last week. Bro. W. A. Reed preached Monday evening, Bro. E. F. Lyon preached Tuesday evening, Bro. Frank McNair preached Wednesday evening, Bro. Guy Bellamy preached Thursday evening, Bro. Claud Price preached Friday evening. Those who missed these services missed a great treat. The crowds were fair and the spirit was fine. These brethren brought great inspiring messages and eternity alone can tell the depth and breadth of their reach.

The pastor preached Sunday morning on "Joshua at Jerico." A large crowd was present. The services were rained out Sunday evening. We claim no honor for the rain, but we have noticed that when God's people turn their steps to His church in special services, it always rains. Grateful indeed are we for the rain. America could have the depression lifted within thirty days if it would only return to God and put Him first in all their plans.

This week we are having the greatest treat we have had for a long time. Missionary E. M. Agee of Wichita Falls, is bringing great messages on Bible Stewardship. The attendance is fine, but many are missing blessings untold by not coming to these services.

Next Sunday—Sunday School at 9:45, preaching at 11 and 7:30, training service at 6:30. Let everybody be in their places for the Lord is in command.

WOODIE W. SMITH.

Christian Church

Gospel Team at Vivian

The Crowell Christian Church gospel team will conduct services at the Vivian school house on Sunday, October 18, at 3 o'clock in the afternoon.

Christian Science Churches

The lesson-sermon subject was "Are Sin, Disease, and Death Real?" in all Churches of Christ, Shientist, Sunday, October 11.

The golden text was from Psalms 67:1,2. "God be merciful unto us, and bless us; and cause his face to shine upon us; that thy way may be known upon earth, thy saving health among all nations."

The service included the following passages from the Bible: "Art thou not from everlasting, O Lord my God, mine Holy One?" We shall not die. "Thou art of purer eyes than to behold evil, and canst not look on iniquity"—Habakkuk 1:12,13.

These citations from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, were also read (pp. 356,357):

God is 'of purer eyes than to behold evil' ***** There is neither a present nor an eternal copartnership between error and Truth, between flesh and Spirit. God is incapable of producing sin, sickness, and death as He is of experiencing these errors."

Sunday School Lesson

International Sunday School Lesson for October 18

PAUL IN THESSALONICA

Acts 17:1, 5-11 I Thes. 7:7-12
Rev. Samuel D. Price, D. D.

Paul and Silas were escorted to the boundary of Philippi by the very magistrates who sentenced them. That part of the country was also familiar ground during the recent world war. Thessalonica is the modern Salonica. The usual approach was made through the Jewish synagogue. Soon, jealousy arose because the success of the evangelist meant the giving up of many of the ancient national traditions and customs. A group of roughnecks was stirred up to attack Paul and they sought him in the house of Jason. Fortunately the soul winners were elsewhere, and poor Jason had to bear the brunt of the attack. Meanwhile high praise was paid to the work of the gospel in the charge that was made: "These that have turned the world upside down have come hither also."

Since the messengers could no longer be heard in Thessalonica they were sent forward to Berea, where the same method was pursued. These people showed just plain common sense when they took the words of Paul and sought out confirming references in their Scripture rolls, our Old Testament. Therein they found the prophecies concerning the Messiah and beheld their complete fulfillment in the life and works of Jesus Christ. We do not need to believe everything we are told, but

many a great truth is lost because we refuse to give attention to the supporting evidence. The result was that many believed and among the number we find a group of Greek women of distinction.

In passing, attention should be given to the various letters that Paul wrote to the churches that he established en route. Two epistles were sent to the church at Thessalonica after Paul reached Corinth. The Golden Text is a good verse to commit to memory: "Open thou mine eyes, that I may behold wondrous things out of thy law," Psalm 119:18.

SERMONETTE

THEY ALL DO IT

By Arthur B. Rhinow

Have you not heard that statement?

Hardly a day passes but what somebody within our hearing tries to quiet compunction and better taste by flipping the words: "They all do it."

Let a friendly critic point out that we are making ourselves hideous by following a morbid fashion, and we snap: "They all do it." And that settles the argument—for the fashion slave.

Let the finer within us complain that we risk our self-respect whenever we are too daring in our efforts to be up to the minute, and we dismiss the matter with an impudent toss and the words: "They all do it."

Let the wisdom of ages warn against indulgences that at first are soft as silken threads, but are likely to become cords of steel binding us, and we defy the experience of the past with the slogan: "They all do it."

In quoting the phrase to cover our defects, we imagine we are using a cloth of opaque texture, but it is as transparent as a flimsy veil.

A little independent thinking would soon make the discovery that it is not at all true that all do it. Indeed, we would be surprised at the number of exceptions to the rule, if it is the rule. It is only when we are intoxicated with desire that we declaim: "They all do it."

And suppose all did do it, and it were wrong, would the fact that all do it make it right? Never. Better be alone and right than with the crowd and wrong. Do not live as though you just belonged to the herd. You are an individual, and as such you are accountable to God.

Boys and Girls

William Maulin, 6, of Lexington, Ky., with a .38-caliber revolver made 78 out of a possible 100 at 25 yards at the national rifle matches at Camp Perry, Ohio.

Nadine Dore of Los Angeles was selected "Miss North America" at an international "beautequest" at Ocean Park, Calif.

David Kaigler of Eufaula, Ala., recently appointed to the Naval Academy, is the youngest Alabama boy ever to receive that honor.

Refusing to be without a job when her former employer left town, Miss Allie Kesseling, public stenographer of Chico, Calif., took over the taxi service of a Chico hotel.

From more than 300 youngsters in the Ocean City, N. J., baby parade recently, 18-months-old Gillingham Landis was picked out by the judges as the finest and healthiest of them

Translate Bible Into "American Language"

Two University of Chicago professors have completed the work of translating the Bible into more modern forms than the King James version, being aided by more recent discoveries of manuscripts. Doctor Edgar J. Goodspeed is shown standing alongside of Doctor J. M. P. Smith.

Fat Girls! Here's A Tip For You

Helen Watson, a girl of Richmond, Calif., was a heroine recently, when she saved seven persons from drowning.

Richard Headrick, 13, of South Pasadena, Calif., is one of the youngest evangelists in the world.

In view of all the worry over surplus crops, perhaps agricultural experts should teach farmers how to raise less stuff.

There are only eight Siamese in the United States, according to the census bureau. And none of them twins.

"More genuine satisfaction than any car I ever owned"

THE FORD is good-looking. It is safe. Comfortable. Speedy. Reliable. Long-lived. Economical. Everything a good car should be.

There is, too, an added something about it that brings enthusiastic comments from every one who has ever driven a Ford . . . the joy it puts in motoring.

"I have been a car owner continuously for nearly 20 years," writes a motorist connected with a leading university. "During this period I have bought eleven new automobiles. Eight of the eleven were in the middle-price field, one cost three thousand dollars, and the last is a Ford I purchased thirteen months ago.

"In the light of this experience I can say in all sincerity that I have derived more genuine satisfaction from the Ford than any car I ever owned. In

saying this, I am thinking in terms of comfort, safety, driving pleasure, ease of control and economy. My next car will also be a Ford because it will give me what I want at a price I can afford to pay."
When you get behind the wheel of the Ford and drive it yourself you will know it is a truly remarkable car at a low price. You will like it when you first buy it. You will become more and more enthusiastic the longer you drive it. After thousands of miles of driving you will say "it's a great car." Its economy will save you many dollars.

EDITORIAL

Those Exams

Weeks has rolled around and more we start the exams. It's hard not to have the gang going by in the evening and saying "busy!" C'mon and go ridin' or "Get your suit, we're goin' swimmin'." The books are not like the fierce, and we never did like any anyway. In fact, we'd much rather read the New Movie Magazine and listen to the radio. We might see what we want to do after about five minutes of half-hearted work we want to go. But we suddenly remember old adage about a "road paved with good intentions" and we work harder than ever. We've finished all now and time has flown by. I feel proud to see our books and feel good about it. We hate to stack them so neatly. We missed it, but we "have" missed it in tomorrow night. We're through with those exams.

FRESHMAN THINKS THAT—

The Weather Bureau is a piece of furniture.
 A knapsack is a sleeping bag.
 A water moccasin is a new kind of house slipper.
 The League of Nations is a new ball circuit.
 The "Lady of the Lake" is a bath beauty.
 The independence Clause is Santa's brother.
 Amberg is the place all bum become from.
 A nightingale is an evening wind.
 Football boys press their clothes in a gridiron.
 Pluribus Unum manufactures sil-dollars.

The credits of each high school student have recently been posted. A student can tell exactly how many credits he has.
 A student does not have a sufficient number of credits to be a member of a certain class, he must be voted into the class by a 90 per cent majority.

BOWELS
 need watching
 Dr. Caldwell help whenever your bowels are feverish or upset; or has caught cold.
 A simple prescription will make that sick, headachy, cross boy or girl comfortable, happy, well in just a few days. It soon restores the bowels to their regularity. It helps "break-up" by keeping the bowels free from that sickening mucus waste.
 You have a famous doctor's word for laxative. Dr. Caldwell's record of having attended over 3500 births without the loss of one mother or baby is a unique in American medical history.
 Get a bottle of Dr. Caldwell's Syrup Pepsin from your drugstore and have your bowels healthy. Then you won't have to worry about any member of your family is sick, bilious, gassy or constipated. Dr. Caldwell's Syrup Pepsin is good for all ages. It cleans the bowels; increases appetite and makes digestion more complete.

 Doctor's Family Laxative

FROM THE FILES OF 1922

As we look back over the record of Crowell football team, we come upon the first football team that Crowell ever had, and consequently the first game, which was with Paducah. In our first game all of the boys were new and Paducah ran "rings" around them, but we caught on quickly and played a game, considering the fact it was the first game of football ever played in Crowell. Our next game was with Knox City. This was a hard fought game. Our second game with Paducah showed that we were just out-classed. Knox City again defeated us but we sought vengeance on Monday when they came here. This was our first victory. Armistice Day brought us a game with Chillicothe and victory! Next we went to Quannah, then to Munday and last to Hamlin. The score for our first year was:
 C. H. S. 7, Paducah 32.
 C. H. S. 0, Knox City 7.
 C. H. S. 0, Paducah 45.
 C. H. S. 2, Knox City 20.
 C. H. S. 14, Munday 7.
 C. H. S. 6, 6, Chillicothe 0.
 C. H. S. 6, Quannah 12.
 C. H. S. 6, Munday 20.
 C. H. S. 6, Hamlin 6.

The team was: Cates, Burrow, Carter, Glover, Collins, White, Clifford, Kincaid, Cook, Byrd, Hayes, Shults, King, Lovelady and Thompson.

Since the first football game Crowell has steadily gained a foothold on the upward stairs. She will continue to go upward until she reaches the top where she will remain.

WHERE SLANG ORIGINATED

Jobe—I should worry.
 Jazeabi—Dog gone.
 Jonah—The poor fish.
 Jehu—Excuse my dust.
 The Prodigal Son—Home was never like this.
 Gabriel—I'll get you yet.
 Noah—Don't rock the boat.
 Moses (to the children of Israel)—You make me tired.
 Samson (to Delilah)—I'm strong for you.
 Delilah (referring to Samson's hair)—Cut that stuff.
 David (to Goliath)—I'll call your bluff.
 Jeremiah—Now for the sob stuff.

PEP RALLY

The pep squad met in the gymnasium of the grammar school building Wednesday night, Oct. 7. The band was there and furnished music for the many peppy football songs. This rally was for the purpose of getting the pep squad in good practice for the Chillicothe game. Of course, the pep squad always does its best, but they are going to try to yell a little better than best at this game.
 Even though the pep girls didn't get to go to the game at Archer City, they met in front of the high school building and gave many yells for the boys before they left.

DID YOU KNOW THAT—

The South Pole is an ice covered land, while the North Pole is an ice covered ocean?
 The farther north one goes in California, the colder he will find it; while in Chile, the farther south one goes, the colder he will find it?
 Mt. Kenya, which is on the equator, has snow on its summits?
 The oldest city in the world that is in existence today is Damascus, in Syria?
 A resident of the state of New York, rather than enroll in the universities of that state, may attend the University in Texas, pay the transportation and traveling expenses both ways, and still save money?
 Any two-figure number, whose sum of its parts equals less than 10, by separating its two figures and putting their sum between as, 11x45-495. 4 is first figure, 5 last, their sum 9?

More than 6,000 American workers have found jobs in Soviet Russia?
 A third grade pupil should read 138 words a minute, silently?
 A modern battle ship cost \$12,600,000, and the time of its construction is 3½ years?
 About 20 per cent of licensed pilots in Great Britain are women?

DEFINITIONS

A faculty joke: One that you have to laugh at every time it is told.
 Seniors—If we gave them a definition we would have to enlarge this H. S. News edition.
 Credits—A warning for hard study.
 Quiz—A time when we all want to sit close together.
 Knowledge—The ability to grab it and run.
 Final Exams—Things that seal our doom.
 Puppy Love—The bread of life which Mr. Graves does not like for us to eat.
 Some things we take in C. H. S. which are not shown on our cards—Boy fever, big head, insults, fits, notes, bawling outs, failures, lickings.

PERSONALS

This week has been crowded with book reports, examinations, notebook work, and much study in general.
 The pep squad has done unusual work this week and although the girls could not go to Archer City they showed their loyalty just the

same.
 Bang! Crash! Everybody out. So it was when C. H. S. had its first fire drill Thursday afternoon. The building was cleared in 30 seconds.
 Those football boys do have "grit" because one of them remarked as he was leaving Friday for Archer City that they wouldn't be back unless they won.
 Our watchword this week is—"Beat Chillicothe."
 Ruby and Elizabeth Hrabal entered school Monday.
 Annie Vecera and Stella Machac also entered school Monday.
 Glen Rasberry visited in school Monday.

CHILICOTHE GAME

The football game between the Wildcats and Chillicothe Eagles today should decide the team that will fight it out with Olney for the district championship. Chillicothe should be a harder team for the Wildcats to whip than the Archer City team was. Archer City defeated Munday only 26 to 0, while the Eagles won over Munday 45 to 0. Archer City defeated Megargel

only 38 to 0, while the Eagles defeated the Megargel Blue Birds 74 to 0. We all know that our Wildcats had their hands full taming the Archer City Wildcats last week and haven't much surplus to throw against the Eagles. However, Dick Todd was out of most of the Archer City game, and he should make some difference.
 It is being rumored over at Chillicothe that they can beat us two touchdowns. The Chillicothe Coach and several of his boys watched our team play Childress, and they think we have some weak places in our line. Some of their players have been heard to say that they could make three yards through our line at any time. They also say that we will be playing with a second string back field when the game is over, as our back field cannot stand up against a team as strong as their team is.

Whether the above dope is correct or not, we are counting on the Wildcats to put up the best game of the season and come out on top. We know our boys can win if they will fight hard enough, and all of Crowell is believing in them to the extent that they are following them over to Chillicothe to see them ring the Eagle's neck in his own back yard.

JOKES

Coach: What was written characterizing the early life of the pilgrim's father?
 Ollie Mae: Pilgrim's Progress.
 Mr. Todd: Who was that who laughed?
 Peggy: I did, Mr. Todd, but I didn't intend to.
 Mr. Todd: Didn't intend to?
 Peggy: No sir, I laughed up my sleeve, but I did not know I had a hole in my elbow.
 John: Did you ever take chloroform?
 Orville: No, who teaches it?
 Otis: Why is it you're single?
 Miss Ball: Born that way.
 Miss W.: Tell us of the Mongolian race.
 Elouise: I was not there. I went to the ball game.
 Bernice: Did you hear about Lee Highway going through here?
 Iris: No, where was she going?
 Mr. Black: (in Anc. History) What do you have to say of the battle of Marthendon?
 Mary Edna: It was a water fight.

TAX DOLLARS.

Paid for You by the West Texas Utilities Company

YOUR business is not the only one which has been faced with the serious problem of ever-mounting tax expenses. Since 1923, the year of this company's organization, taxes paid by the West Texas Utilities Company have increased over 1,200 per cent! In making these tax payments, the West Texas Utilities Company is contributing substantially to the cost of government . . . and relieving you of a considerable burden which otherwise would fall on your shoulders.

If the taxes paid annually by the West Texas Utilities Company could be applied by governmental agencies as efficiently as funds are handled by private enterprises, they would build for you each year: two large city high schools; three completely equipped ward schools; fifteen modern rural schools; a complete water system for a city of 12,000 population, or seven and one-half miles of standard concrete highway.

While this company has had to meet an ever-mounting tax bill and increased cost of equipment and materials . . . you, as a customer, have benefited by rate reductions which make this modern necessity available to you at an average cost sixty per cent lower than was charged before the organization of the West Texas Utilities Company!

Electric service will do your domestic, industrial or farm tasks more efficiently than they can be accomplished by any other method, and the entire cost of such splendid service can be figured in terms of pennies!

Out of every dollar you spend for service, approximately 10 cents is returned to the various governing bodies in the form of tax payments.

Do You Know?
 . . . that the average cost of government per family in 1913 was six times the average family's electric bill—but that through increased political activities the cost of government to the average family is today fifteen times greater than the cost of household electricity?
 . . . that a reduction of 10% in the average family's household electric bill would amount to but \$3.00 a year; whereas a reduction of the political racketeering activities alone connected with the cost of government should decrease taxes at least 7%—a reduction sufficient to pay all the nation's household electric bills? Let's work on the political racketeers. There is the answer place to save.

Society

80TH BIRTHDAY CELEBRATED

Mrs. Hines Clark and her sister, Mrs. H. W. Norwood, of Vernon went to Wichita Falls last Friday to be present on Saturday at the 80th birthday celebration of their mother, Mrs. Bettie Thomson. The celebration was held at the home of another daughter, Mrs. D. P. Beaty, who was hostess at a lovely dinner. Not only was Saturday the anniversary of Mrs. Thomson's birthday but on that day she had resided in Foard County 40 years, she, with her husband, having come here soon after the organization of the county. Mrs. Thomson has another daughter, Mrs. Puryear, of San Antonio who was unable to be present on this occasion. Mrs. Thomson has a host of friends in Foard County who wish for her many more happy birthdays.

FOARD CITY CLUB

October 6th the Home Demonstration Club met with Mrs. G. M. Canup. We had fourteen members, one visitor and three new members. The house was called to order by our vice president, Mrs. W. B. Jones. After our business meeting and program, Miss Hale gave a demonstration on changing a patient in bed. The sick room and its care, was our subject. Next meeting will be Oct. 20 with Mrs. Welch as leader. Each member is urged to be present as it is time to elect new officers.—Reporter.

TRUSCOTT P. T. A. MEETS

Special to The News
Truscott, Oct. 15.—The regular meeting of Truscott P. T. A. was held last Tuesday night.

Business which was of vital interest to the organization was transacted and during the business period a First Aid Kit was presented to the school by the chairman of the Health Com., Mrs. H. A. Smith.

The program was on "fire prevention" and was in charge of Mrs. Stewart. This was indeed one of the most instructive and impressive programs on this line of work that has ever been given in Truscott, and since there were 150 or more people in attendance, a decided help was rendered to the town and community.

Special credit should be given to the men of this locality as they are so faithful in attendance to all of the P. T. A. meetings, in fact, it is rumored that the Truscott organization perhaps holds the record in the district for having the most men in attendance. It is hoped this record of interest will continue and at the

next meeting, which will be held in the school auditorium on the night of October 20th, there will be still a much larger number present as another very interesting program will be rendered.

TRUSCOTT HOST TO KNOX COUNTY P. T. A. COUNCIL

Special to The News

The Knox County P. T. A. Council met with the local organization last Tuesday afternoon.

There was a representative attendance and the following program was rendered:

Knox City P. T. A. work for this year.—Mrs. Jno. Wilson of Knox City.

Report of Central Health Commission.—Mrs. J. W. Melton of Benjamin.

Red Cross work.—Mrs. C. E. Moorehouse of Benjamin.

The Work and Value of P. T. A.—Mrs. R. L. Kincaid of Crowell.

Summary of Summer Round-up work.—Dr. J. E. Stover of Truscott.

Musical reading.—Mrs. Jack Robinson of Gilliland.

Other musical numbers were furnished by the local P. T. A.

The above program was rendered in a very creditable way and was a distinct benefit to all present. Special mention should be made of the address by Mrs. Kincaid, president of the 13th District, as it was most instructive and fitting for the present situation.

The next Council meeting will be held at Gilliland in January.

About Women

Lucille Mai Grace was appointed by Gov. Huey P. Long of Louisiana, to succeed her father as register in the state land office.

Selma Lagerlof, the most famous woman in the history of Scandinavian literature, draws repeatedly on her old homestead for inspiration.

Doris Duke of New York, the richest debutante, has seven motor cars and four homes.

Lisa Roma of Philadelphia sang the lead in Max Von Schilling's opera, Mona Lisa, at the Staatsoper in Berlin.

Mme. Paul Dupuy, French newspaper publisher in Paris, France, who was promoted to the grade of officer in the Legion of Honor, was recommended for the distinction by the ministry of labor.

English women have taken up many unusual occupations, including the breeding of goldfish, goats and rabbits, tea tasting, judging cattle, selling brick, upholstering and so on.

Miss Dorothy Pilley was the first woman to climb Mount Baker, in northern Washington, which is 14,000 feet high.

SIDELIGHTS

By MARCY B. DARNALL

Thackeray's line, "Nothing like blood, sir, in horses, dawgs and men," was refuted recently at the national con trials in Kenton, O. A black and white animal, described as "just plain dog, unpedigreed and unheralded," was declared the con hound champion of America over 160 entries, winning a \$1,000 stake in addition to the title.

Some interesting intelligence tests of animals are reported in European scientific journals. Food was hung from the top of a chimpanzee's cage and several boxes were placed on the floor. After some meditation the chimpanzee piled the boxes one on top of the other and then climbed up after the food. A monkey did the same stunt, but took a little more time to think it out.

A business magazine tells of the enlightenment of a negro insurance agent, arrested for doing business without a license. The magistrate said, "Don't you know you can't sell

First to Make Non-Stop Pacific Flight

Clyde Pangborn and Hugh Herndon, Jr., were handed a check for \$25,000 when they stepped out of their plane at Wenatchee, Washington, by the Japanese newspaper, Asahi. There's plenty more in sight.

life insurance without a license?" The darky replied, "Boss, you done said a mouthful; I knowed I couldn't sell it, but I didn't know why."

While aviators strive for greater heights, oil drillers seek ever greater depths. A well being drilled in Caddo County, Okla., recently reached a depth of 9,714 feet and was still making progress into the bowels of the earth. A few years ago the idea of reaching such a depth would have been considered visionary.

One of the strangest animal freaks ever discovered is a two-headed turtle found in Florida and described by O. C. Van Hyning, curator of the Florida State Museum. The animal has two perfectly developed heads which see, eat, drink, sleep and move independently. The animal is enclosed in a single shell, but has two sets of front feet, although possessing only two hind feet and one tail. One of the strangest characteristics of this turtle is that, although it has only one stomach the two heads fight for the same morsel of food.

Air races and stunt flying are a distinct detriment to aviation, according to Jules Guinotte in an address before an engineering society. The excessive number of fatal accidents which inevitably result from spectacular flying creates fear in the acceptance of the airplane as a means of transportation. The fact is that among passengers in planes of regular air lines the risk is less than that of railroad travel a half century ago, when disastrous wrecks were of frequent occurrence.

There are twice as many widows as widowers, a life insurance company discovers. This doesn't mean that women live so much longer, but is accounted for by the fact that most men marry women younger than themselves. Old and middle-aged men, especially, have this peculiar habit—strange as it may seem.

What's New?

A ventilated creel in which fish can be kept fresh for more than 40 hours after they have been caught has been perfected by a Salt Lake City resident.

Covers made of a waterproof textile have been invented to be attached to the sides of automobile fenders to serve as mud guards.

A Swedish chemist has found that a leather suitable for making gloves can be obtained from the intestinal membrane of whales.

A forest research institute in India has developed a method for treating native soft woods with preservatives so they can be used for railway ties.

Smoke screens have been used on some Alaskan airports to rid them of mosquitoes that sometimes swarm so

Farm Girl Champion

Maurine Hamann, Omaha, defeated a big field of rivals at churning, milking, corn-husking and general housework, at the Los Angeles County Fair.

His Fortune Already Told

John McCormack, world-famous tenor, is not crystal gazing but posing on his estate near Hollywood.

We read of a young woman who shot her husband the day after her marriage, probably having in mind the slogan: "Eventually, who now?"

Another weakness of our nation system is seen in the fact that with an area of more than three million square miles in this country hard to find a place to park.

Discussing business etiquette, a trade magazine tells salesmen when leaving a busy executive should not expect him to escort them to the door. That, we suppose, is the head bouncer's job.
