"y Member Canvass" and "Three Little Girls," a football game. a show at the Majestic Theatre, and

were also provided with many other forms of entertainment.

Mr. Rennels reported that the club boys were particularly interested in the various agricultural, livestock and poultry exhibits and that in every way the trip was an unusually educational one. On their return Friday they stopped in Fort Worth and visited one of the large packing plants there.

The boys reported the trip as one of the biggest events of their lives. Other club boys of the county have their eyes set on winning a trip next year. Clois Orr of Margaret was entitled to a trip this year but did not make it.

### SINGING TO BE HELD SUNDAY AT MARGARET

The Brock Quartet of Chillicothe is scheduled to be present for the singing that is to be conducted at Margaret school Sunday afternoon at 2:30 o'clock.

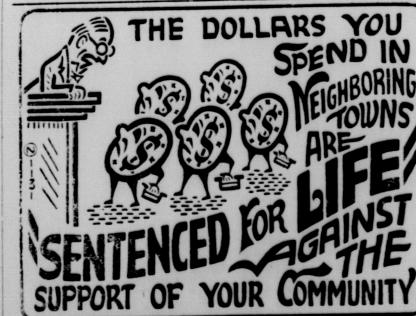

The public is urged to attend this

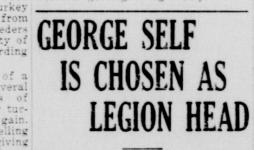

### Mrs. J. Q. Carter Died Monday in California

Mrs. C. E. Lyon received a message Thursday telling of the death of her mother, Mrs. J. Q. Carter, 75, Visalia, California, at 12:30 a. at m. Monday. Oct. 19. She was bur-ied at Visalia on the following day. Mrs. Carter was a former resident

of Foard County and was one of the oldest settlers of this section. She and her husband came to what is now lived here until about 1858 and plans are now underway to have a they moved to Old Mexico. After Tom show in connection with it. staying there a year or so, they moved to the Rio Grande Valley, then to Arizona and finally to California

Mrs. Carter is survived by her Foard County, Mrs. Lyon.

their turkeys on the Thanksgiving market should start their birds on feed as soon as possible. Mr. Rennels stated. # · FACTS

After years of study and experience in the refining of crude oil and in the marketing of Petroleum Products, we have learned not to let the mirage of increasing business by reducing quality prove a temptation to us and as distributors of FALLS SUPER-LUBE OIL in Northwest Texas, we have thus borne in mind that quality, service and square treatment are essential to the growth and success of any business.

With the high speed motors and heavy duty tractors of today, it has been necessary to continually improve the quality of lubricating oils, gasoline and greases. We are pleased to say that the necessary qualifications have been found in all FALLS PRODUCTS by Laboratory men, auto dealers and owners, tractor owners and operators, trucking contractors and others.

### Some Super-Lube Qualifications

1. It stays with your motor and lubricates properly.

2. Its small carbon deposit insures a smooth and cool running motor.

3. The velvety film insures proper piston lubrication and its tendency to cling to the piston increases compression, therefore giving your motor more power with less gasoline consumption per mile.

4. Its low cold test makes it preferable for winter driving.

Investigate our LOW COLD TEST ENGINE OIL for winter use!

The buying of FALLS SUPER LUBE contributes surprisingly to the economical operation of your automobiles, trucks, tractors, stationary engines, electric light plants or in the operation of any machinery that requires quality lubrication.

We Guarantee Falls Super-Lube to Give You Satisfaction. You Save Money on It, Too **Roy Hanna's**

QUART"

That Stays up in the Motor and Never Drains Away

"HIDDEN

Other good oils lubricate working parts after the motor starts and oil is pumped from the crankcase through the motor, which takes several minutes. But Germ Processed Oil stays up in your motor at all times and lubricates working parts safely during the starting period ... when almost half of all motor wear takes place! A "hidden quart" stays up in your motor and never drains away. Only Germ Processed Oil can give you this sure protection at all times, because only Germ Processed Oil can penetrate and combine with metal surfaces ... an exclusive characteristic called "penetra-tive lubricity." So you can see ... any oil would be better oil if Germ Processed!

oil that lacks the germ process. Stop at any station displaying the Conoco Red Triangle and fill with Conoco Germ Processed Motor Oil. Save your motor from wear . . keep it young and powerful!

not exactly due to his retiring dis-position. Ing the strong Archer City eleven, Crowell has already made the best

### NEEDED!

I left my family in France and started back across the ocean alone. There was none of the thrill that usually comes with heading toward America.

For a couple of days I was depressed! Everything I cared for was behind me; I was sailing into silence.

Then one day the wireless spoke.

"Have arranged the following appointments for you," my partner wired. "Tuesday after your arrival, Baltimore. Wednesday, Pittsbugrh; Thursday, Friday, Chicago. Best wishes. Please confirm.'

Immediately came a feeling of relief and cheer. "I have work to go back to," I exclaimed. "Duties are waiting to keep me alert and a little worried and on my toes."

I was relating the incident to the chairman of the board of a large corporation.

"I know just how you felt," he said. "I've organied our company so well that I've almost organized myself out of a job. But every now and then a really big problem comes along, and the boys have to send for me. A hurry call came to my home from Chicago last Sunday, and I had to leave on an hour's notice. My wife thought it was a hardship, and of course I let her believe that we men lead terrible lives. But all the way out on the train my spirit was singing: 'Somebody wants me, I have work to do.'

Joseph Medill was asked: "What is the greatest pleasure of your life?"

"To feel that I am at play when I am at work," he answered. The book of Genesis presents work as a curse inflicted on humanity for its sins. We know in these times of unemployment how

faulty that conception is. To wake up in the morning and wonder: "Where shall I go

today? What shall I do?" That is the curse. America's most important problem is not education, not the government regulation of business, not even prohibition. Our real task is to work out some economic system by which we can provide

honest jobs for all the people all the time. Every man and woman is entitled to the glorious self-respect which comes from being able to say:

"Thank God, I have a place. I am needed."

Crowell missed a touchdown by inches early in the second half. With

### STURDY That's Corona's Middle Name!

A portable typewriter, to give the years of service that Corona gives, must be built substantially. Provision has to be made for the unexpected bumps and falls that are bound to come to a machine that is easily carried anywhere.

You may not treat your Corona roughly, we hope you won't; you may not even travel with it; but, just the same, you will be glad to know that it is built to "stand the gaff"-a sturdy, cheerful little companion.

> Phone us and we will gladly send you one of the latest Coronas to try for a few days.

and Crowell now has victories over

line, however, Crowell was called offside and instead of getting to take the ball at this point the Wildcats line, were penalized five yards and Chillicothe again took the ball and punt-ed safely out of danger. Chillicothe's two scoring threats

came in the first and last quarters. The first came after Crowell receiv ed the opening kick-off when Mid-dleton fumbled with an Eagle recovfield man that Crowell has played against this year, opened up a drive almost single-handed to carry the ball from his own 11-yard line to Crowell's 10-yard line. Before this drive Chillicothe took the ball after an attempted drop kick by D Caster an attempted drop kick by D. Carter.

### First Quarter

First Quarter Crowell won the toss and chose to defend the east goal. D. Carter re-turned Cook's kick-off 7 yards to the 34-yard line. Cooper made 6 yards. Mullins followed with 3. Middleton fumbled and McCaslin re-covered for the Eagles on the 45. Cook made 6 yards. Ramsey took the ball to the 31 for a first down. A pass was incomplete. Crowell penalized 5 yards for offside. Ram-sey's 2 short runs netted a first down on the 19. Womack and J. Todd held Ramsey for no gain. A pass failed. Ramsey made 4 yards. Another pass failed and Crowell took the ball on downs on the 20-yard line after Chillicothe was 20-yard line after Chillicothe was penalized 5 yards for second incom-plete pass. Crowell was penalized 15 yards for roughing to place the ball on its one formation in the second second

15 yards for roughing to place the ball on its own 5-yard line.
Standing behind his own goal line.
D. Todd made the best punt of the game, covering a distance of over
65 yards to place the ball on Chilli-cothe's 34-yard line. Cook failed to gain. P. Hutchens took Ramsey's pass to the Crowell 47 for a first down. Chillicothe fumbled and Mul. down. Chillicothe fumbled and Mullins recovered, but the referee ruled that it was Chilli's ball. A pass failed. Another failed and a 5-yard penalty pushed the ball back to Chilli's 46.

#### **Crowell Scores**

Crowell Scores Cooper took Ramsey's punt on a dead run to step off 65 yards and a tourhdown with the aid of some ex-cellent blocking. On the try for the extra point D. Carter fumbled the ball, picked it up and then sent a hard drop kick between several Eagles and the goal posts to make the score 7 to 0 for Crowell. Ramsey returned D. Todd's kick-off from the 15 to the 36. Cook made 3 yards. Ramsey passed to made 3 yards. Ramsey

during the game. Todd lost a yard and then punted to the Chillicothe licothe on downs. At this time Crow-ell received another extremely hard break. Standing behind his own goal line, Ramsey's bad punt went out of bounds on about the 3-yard out of bounds on about the 3-yard Ramsey made 5 yards and punted to the one-foot line and Cook to Cooper on the 21, but the ball was called back and Crowell was penalized 15 yards, giving Chilli a a first down on the 35. Ramsey lost 4 yards. A pass was incomplete. Another pass failed and the 5-yard penalty was assessed, placing the

more accurate and cool-headed passes Eagles were capable of holding on to the ball, what a great passing machine that team would have.

appeared in the Dallas News and Star-Telegram about the game that was to be played with Crowell at Chillicothe and how important the game was-then why was it that the Chillicothe correspondent or correspond-

News is news, whether it is good ture Arts and Sciences, and movie or bad, and when a correspondent is fans may look them over for comnot fair-minded enough to treat news parison with their own preferences. in an unbiased manner, then we think he or she should let someone else take the job. Chillicothe's victories five pictures considered outstanding in unimportant games have been reported to the state papers. Along comes one of their very most important games of the season. They lose and then fail to do the right thing from a news standpoint about it. \* \* \* \*

Now that Chillicothe and Archer City have been conquered, 2 of the three outstanding obstacles in the path for the district championship Dix (Cimarron), Frederic March have been removed, with O L N E Y (The Royal Family), and Adolphe remaining as the greatest obstacle of Menjou (The Front Page). all and what a heck of a fight it is going to take if the Wildcats succeed inconquering the Cubs here on Nov.

The entire Olney club scouted the Crowell-Chillicothe game and it is taking every precaution in its attempt to again win the district championship. From an Olney man, the weight of the Cubs' regular back-field is 192, 182, 175 and 163, com-pared with Crowell's 157, 152, 139 and 126. However, weight alone does not determine the strength of a team and we believe there is more dynamite in Bill Middleton's 126 pounds than there is in some 200pounders. Olney players and fans already

seem confident that Crowell will be removed without so much trouble in what they term "Their march to an-other championship." Well if they think that they are going to have an other income manufactor they think that they are going to have an easy time in marching through the Wildcats, we know that they are mis-taken, and here's hoping that Crow-ell will turn their "proud march" in-to a retreat. Crowell is conducting a neat little march itself, so we think.

So much for Olney, but in consid-ering that team's strength, Burkbur-nett's Bulldogs are not to be overlooked and if the Wildcats are not careful and get too over-confident, they may find themselves at the small end of the score when Burk plays here next Friday, Oct. 30. The Bulldogs beat Munday 26 to 0 last week. They have easily defeated Henrietta and Fairview and have lost only to Olney.

A German professor declares that earthworms can sing. Some other kinds think they can.

## SAVE WHILE YOUNG

The poorhouse is full of people, today, Who one time were young, were happy and gay. How little they thought they would feel The pinch and heart aches of poverty's seal. For the ups and downs and failures that came, These people may think they know who's to blame; Yet one thing is sure: had they but saved more. A much smaller house would do for the poor. The First State Bank has found failures are few If you save while young and faithful work do.

(Copr. 1927 Adam Brown Hunter)

### EDITORIAL

### High School Politeness

The majority of the high school to the Crowell High School a students, I believe, know the true raing at 9 o'clock in the high impolite unconsciously. They are

well. The local group usually comes auditorium. The purpose the ogram was to show both the most polite class is said to be the most polite class in high school. The freshman are very home economics gils, at preshow to get and use polite when they enter high school, tening to, but they give the football home home are very polite when they enter high school, tening to, but they give the football home home are very polite when they enter high school, tening to, but they give the football home home are very polite when they enter high school. polite when they enter high school, but after they remain in high school four years, the veneer gradually their stuff. If you don't believe it, four years, the veneer gradually their stuff. If you don't believe it, After several snappy yells and home economics gus, and use learning how to eat and use table manners. They gave table manners. They gave od illutrations of both cor-and illutrations of eating. How wears off? I believe it is because the contact ways of eating. they are in constant contact with tingling sensation that runs up and the upper classmen, who are not as polite as they should be. If you care to notice, I believe C. H. S. boys, We can't do without

you will see that the most popular you. students are those who are the most polite. They are liked by everyone, and they are constantly in demand. The upper classmen should be an example for the freshmen. They should be a good example instead of

a bad example. Come on Juniors, Sophomores and Seniors! Let us not let the Fresh-men beat us-(Jo Roark).

### A SHORT, SHORT STORY

(With apologies to Liberty)

She was the most popular Bell in She had beautiful Brown Poland. hair and a Fox tan skin.

Hinds sought her hand but Bell loved Ashford, a poor but honest Smith who lived in the Woods. Ashford thought Bell was the Coffey, but Callaway, the old man, was a Cook with plenty of Nichols, and he treated her with Pecks (Mrs. Brown). This only made it Moore Mary for Bell, so she gave a big party and invited Crowell.

Bell's old man wanted her to marry Orr, who had Diggs on his brain, but she thought he was just a Welch fool and told him to Blair down the

At the party Orr got tipsy on high Ball and became very Joy-ful with Bell. Crowell got mad and said, "you Simpson, you cheap low Carter, I'm a Meason; you're a measely Horn and you need a Black eye.

Beil's father stepped between them and said, "Now, boys." Orr and Crowell apologize, then the latter exclaimed, "Ivie idea-let's Russell for her,'

Orr ran for Crowell. "Ketchersid," yelled Bell's father. Bell quickly out Hinds lotion on her face to hide the tears as she heard these words. She knew Orr had the longest legs in Poland. With Bonny steps she ran upstairs and filled on atomizer with Spears. Wo-mack," said Bell, holding up the atomizer; then just as Orr opened his mouth to speak, she Speared him in the face. "Ma-chac," he gasped. While he dying, Bell rushed into the arms of

**TWO MILLION DOLLARS** PAID IN WAGES AND SALARIES ...

### A REAL CONTRIBUTION TO WEST TEXAS' PROSPERITY

**P**ROVIDING a livelihood for over 1,200 employes . . . many of whom are your friends and neighbors . . . the West Texas Utilities Company has contributed to the prosperity of West Texas, for the last three years, an annual pavroll of over \$2.000.000.00.

Two millions of dollars is a powerful agency toward the stabilization of business conditions... Its expenditure means a substantial amount of trade for retail stores, grocers, laundries, doctors, dentists, and commercial establishments of all kinds.

Only the continued expansion and development of the West Texas Utilities Company has made possible the building of this payroll. Through efficient management and economical operation, this company has expanded its facilities, reduced rates and stimulated the industrial and agricultural development of its territory. To carry forward these important projects, the assembling of a loyal, enthusiastic and hard-working corps of native West Texan employes has been a logical outgrowth.

These employes are genuinely concerned over their company's activities. They are working for West Texas . . . its growth and development . . . just as you are working toward the same goal. To co-ordinate our activities is the constant aim of the West Texas Utilities Company.

Every dollar you spend for electric service ... and more! ... has, for the past eight years, been re-invested in the future of West Texas. Payrolls alone, for construction and operation, are equal to 30c out of every dollar you spend for electric service-a sum which goes back into this "Land of Opportunity" in salaries and wages Fail to West Texan employes.

Do You Know? ... that if you are an average user of domestic electric service you can increase your use and enjoyment of the comforts and conveniences of electric service by three times, and only increase your total bill by approximately 10c a day? This is made possible through a major transmission line electric system and an organiza-tion accustomed to doing large things in a large way.

West Texas Utilities
