

At Nov. 17 Housewares Show here—

# 16 prizes to be given

Sixteen valuable door prizes, including a television set, should draw a big crowd to the Post Community Center Saturday afternoon, Nov. 17, for the Housewares Show.

The list of prizes includes TV set, by First National Bank; four sets of sheets, Burlington Industries; Quick Chef, Wacker's; towel set, Happiness Is; dried flower arrangement, Prairie Flower Shop; ice tray and

bin, Guy's TV & Appliances; Burger Chef, Lott's White Auto; smoke alarm, Radio Shack; Mr. Coffee, Rick's Venture Foods; lamp, Hudson Furniture; pipe insulation, Higginbotham-Bartlett electric % drill and electric glue gun, Cox Lumber Co.; flower arrangement, Maurine's Flowers; wall clock, S & H Green Stamps; hat rack, Coe's Trading Post & Furniture Mart; and 1.9

lre Pump-a-Drink, Handy Hardware.

The Housewares show is sponsored by the Garza County Family Living Committee under direction of the Texas Agricultural Extension Service.

The show's three-hour program will begin at 1 p.m. with the viewing of 17 exhibits. At 1:45 p.m., Paula Cawthon, county extension agent, will give a demonstration on decorating with

fabrics. At 2:30 p.m. Rick Etheredge of the Lyntegar Electric Co., will give a demonstration, "Energy Conservation — An Audit." The show will conclude with another 45-minute of exhibit viewing and the drawings for the floor prizes.

The city's "heat loss photos" made from the air last winter will be on hand to show householders if their homes are losing heat and thus requiring higher heating costs.

## Council OK to zoning

The city council passed a new ordinance on first reading Monday night to require that all property within the city limits of Post be platted and dedicated and divided into residential lots prior to its sale.

Purpose of the ordinance is to provide for the orderly development of city growth out from the square mile of the original city.

The ordinance provides any person violating the provisions of the ordinance shall be guilty of a misdemeanor and upon conviction shall be fined not to exceed \$200.

Residential lots would not exceed 75 feet by 150 feet.

In other actions, the council:

Appointed City Manager (See City Council, Page 16)

## Voters okay 2 amendments

Garza voters — the six percent who went to the polls Tuesday that is — turned out to be an average sample of Texans statewide as they approved two constitutional amendments, including the state-guaranteed loans for purchase of small farms and ranches.

Only 143 of the 2,686 eligible Garza voters went to the polls to approve the loan guarantee amendment, No. 3 on the ballot, 116 to 26, approve the notaries amendment, No. 1, by 75 to 65, and turn down the No. 2 amendment providing for legislative review of rule-making by state agencies, 92 to 44.

The state-wide totals followed a very similar pattern according to latest reports Wednesday morning with amendments 1 and 3 carrying and No. 2 being defeated.

The biggest turnout in the county was 29 at the Southland box.

## 8 p. m. Saturday curtain— All-school play to be presented

Post High School will present "You Can't Take It With You" by Moss Hart and George S. Kaufman at 8 p.m. Saturday, Nov. 10, in the primary auditorium.

The play is one of the most popular and successful comedies of modern times.

The play is directed by

HERE FOR COMMUNITY LEADERS SESSION — Five visiting Burlington Industries officials from Greensboro, N.C. are shown above with Postex Plant Manager Don Smith right as they arrived for the Community Leaders meeting

here last Thursday in the community center. Left to right, L. C. (Crash) Davis, Herman Hill, William Johnson, Noel E. Garvin and Mark Thames with Smith. (Staff Photo)

TOP READ-A-THON WINNERS — Pictured above are the top winners in the Read-A-Thon held by Xi-Delta Rho Chapter of Beta Sigma Phi for the benefit of Multiple Sclerosis. Awarded prizes in the Friday morning assembly were the following: top row, l to r, Anissa Wyatt, Keitha Beth White, Debbie Ethridge, Pamela Baker and Janell Jones; second row, Angie Peck and Robbie Gossett; bottom row, Amanda Chapa, Teresa Yarbrough, and the two top winners, Melanie Reece and Mark Linn. Not pictured is Molly Prather. (Staff Photo)

## Multiple Sclerosis benefits as --- Youngsters raise \$919.30 by reading 623 books

Forty-eight Middle School students read a total of 623 books in the Read-A-Thon sponsored by Xi Delta Rho Chapter of Beta Sigma Phi and raised \$919.30 for the fight against Multiple Sclerosis.

Results of the Read-A-Thon were announced in a Middle School assembly Friday morning in the primary auditorium with Mrs. Nancy Hamrin, executive director of South Plains Texas chapter of MS presenting the prizes to students participating.

Melanie Reece, daughter of Mr. and Mrs. George Reece was top winner, reading 40 books and collecting \$106 for MS. Mark Linn, son of Mr. and Mrs. Jerry Linn was runner-up, reading 24 books and collecting \$61.16.

Prizes of T-Shirts, Mystery Sleuth dogs and Dairy Queen prizes were presented to the winners and participants. Those receiving awards were:

Melanie Reece, Mark Linn, Debbie Ethridge, Janell Jones, John Armendariz, Angie Peck, Pamela Baker, Anissa Wyatt, Teresa Yarbrough, Keitha White, Robby Gossett, Milly Prather, Rosa Gonzales, Angie Cruse, Lena York, Traci Bush, Laura Crenshaw, Willie Rangel, Willie Rodriguez,

Kristy Carpenter, Jamie Green, Houston Heidelberg, Sherry Hawley, Trevor Thuet, Tyra Alexander, Kerry Hart, Sharla Riley,

Chad Davis, Keith Peel, Kent Ammons, Steve Pena, Angela Graves, Tandi Rogers, John Bilbery and Tina Pena.

## New cable firm announces— Satellite TV coming soon

The Post Antenna cable television system here has been sold to High Plains

Cablevision, the firm now operating the cable company in Spur, according to an announcement by Jimmy Evans, general manager for Post Antenna.

Evans explained that he will continue as general manager of the cable system in Post, and will also be involved in managing other systems in the region. Betty Looney will also continue to operate the cable office in Post.

## 1981 projects set for US-84

The State Highway and Public Transportation Commission as a part of its 1981 Special Rehabilitation Program the resurfacing and improving of 22.6 miles of US-84 from Post's southern city limits to the Scurry County Line.

The improvement has been estimated to cost a total of \$3,589,000. It is broken down into three projects: 7.6 miles from Post city limits to near Green Tank for \$1,231,000; 6.6 miles from Green Tank to Justiceburg (See 1981 projects, Page 16)

"Thanks to our new involvement with High Plains Cablevision," explained Evans, "we will soon begin construction of a satellite-receiving station here in Post. Once that is finished, viewers will be able to see many extra channels including those from Chicago and Atlanta, (See Satellite TV, Page 16)

'YOU CAN'T TAKE IT WITH YOU' — Here is a scene from the PHS all-school play, which will be presented Saturday night, in which Rheba announces the Kirbys arrival for dinner.

Fifty-Second Year

Post, Garza County, Texas

Thursday, Nov. 8, 1979

Number 23

## Sneak preview here of towel fashions

There isn't much time or space for column writing this week. On press day Wednesday, we were behind on a big paper on a rainy day.

If you're wondering why The Dispatch was so late last week it was due to a press breakdown which required two hours to fix just as Dispatch plates were ready to run.

The wet weather Wednesday shut down a fast developing cotton harvest throughout the county. We've been told all the cotton trailers in the county were loaded and mostly waiting in gin yards before the rains came.

The crop now looks much bigger than it did only a few weeks ago with estimates running up to 40,000 bales and better. Everybody agrees it will be above average unless the weather whams it. The turnout isn't good, micronaire is low, and the price is dropping, but there is a lot of cotton in the fields.

In this issue you'll find a new library columnist. He is Michael Smith, who not so (See Postings, Page 16)

Post community leaders last Thursday afternoon were given a sneak preview of Burlington's new sheet and towel designs which will be shown to buyers throughout the world in New York City next week.

The occasion was a 1979 "community leaders meeting" in the Post Community Center sponsored by Postex Plant with five Burlington officials flying in from Greensboro, N.C., for the occasion.

Noel Garvin, executive vice president of manufacturing for Burlington's Domestic Division, conducted the fashion preview with Postex Plant Manager, Don Smith, helping him to display the various patterns.

Explaining that Burlington is now the "style leader" in fashion sheets and towels, Garvin said he had brought to Post with him the 20 new designs Burlington will unveil to buyers in New York for 1980.

He started out with a "Sesame street pattern" sheet for youngsters which he pointed out was sure to be a "best seller" to grandparents for their grandchildren.

Burlington is best known for its cat designs, he said, and broke out his "kiss the cat" towel which had two big tabbies with lipstick smeared on their faces. He also had a "super cat" design to paraphrase "super man."

For those caught up in disco there was a "disco dots" sheet pattern and another in "neon lights".

Garvin said the new look for 1980, at least as far as Burlington is concerned, is called "water colors" and has a unique design in water color style. "It'll be a big winner," Garvin predicted.

He also displayed a huge popsicle pattern and an ice cream Sundae design with a six-foot sundae looking good enough to eat.

Of course, Burlington has its own fashion designer and at the last show (every six months) had seven of the top ten sheets patterns in its line.

"We went into the style

market about eight years ago," Garvin said, "and it has led us into a whole new world."

Garvin also revealed that former Postex manager, (See Burlington, Page 16)

## Ashland promotes David Williams

ASHLAND, KY. — David C. Williams has been named executive vice president of Ashland Development, Inc., according to Orin E. Atkins, bond chairman and chief executive officer of Ashland Oil, Inc. Ashland Development is a subsidiary of Ashland Oil, Inc. primarily engaged in new ventures and acquisitions apart from the company's traditional lines of business.

In his new position, Williams, who has been vice president of environmental affairs for Ashland, will be responsible for technical analysis and feasibility studies of Ashland Development, Inc. projects and ventures.

Williams is the son of

Mrs. Lois Williams of Post. A native of Post, Texas, and a mechanical engineer— (See Ashland, Page 16)

DAVID C. WILLIAMS

## 40-ft. Christmas tree is secured

More Christmas plans were made by Post Chamber of Commerce directors at a "hamburger and potato chip" session Friday noon in the bank community room.

A 40-foot Christmas tree for downtown Post has been secured at Ruidoso, N.M., and transportation is being sought to bring it here in time for erection right after Thanksgiving, Larry Willard, Chamber president, told directors.

Willard and president-to-be Danny Shaw were authorized by directors to purchase the necessary lights and tree decorations.

Several choices were discussed.

Directors decided to invite Santa Claus to Post for an all-day picture-taking session in the community center Saturday, Dec. 1. The Old gentleman from the North Pole will be invited back for a second but shorter visit Saturday afternoon, Dec. 15.

The "photo session" will give local youngsters the opportunity to be photographed with Santa, a new promotional idea for 1979.

The Friday meeting served as the board's October meeting with the November (See Holiday plans, Page 16)

Sponsored by Post Public Library---

## 'Be with a Book day' to be observed here Nov. 15

Post will observe "Be with a Book for a Day" next Thursday, Nov. 15, as part of a nationwide support program for the White House Conference of Libraries and Information Services which will open that day in the nation's capital.

Mayor Giles McCrary has made it official by signing a proclamation at the request of Post Public Library trustees officially designat-

ing next Thursday as "Be with a Book Day" in Post. Trustees voted at their

Be With a Book

for a day.

November meeting last Thursday noon in the library to sponsor this community's participation in the nationwide program.

All Post Library patrons and others interested in library services and development are asked to carry a library book with them next Thursday wherever they go throughout the day. "Be with a Book for a (See Be with a, Page 16)

## Be ready with your book

Free and accessible to all Americans, our libraries preserve the past, put the present in perspective, and prepare us for the future.

There are about 100,000 libraries in the United States with a holding of about two billion books, enough to supply every man, woman and child in the country with at least five books a year.

What does all this cost? The answer will surprise you — only about \$3.50 a year to the average citizen, a real bargain in today's market.

What do you get out of it? For one thing recreation (a vicarious vacation); for another information on how to fix your car, build a boat, or whatever else you're interested in; education by learning to needlepoint, bone up for a college placement test or improve job opportunities — and the joy of interacting with the ideas found in sharing a book in a one-to-one relationship with its author.

During Nov. 15-19, delegates from all

states and territories will convene in Washington, D. C. to develop recommendations for the further improvement of the nation's libraries.

This White House Conference on Libraries and Information Services, mandated by Congress, can be described as a "national town meeting."

In support of this unique meeting, a nationwide program — "Be With a Book for a Day" — intends to raise the awareness of all citizens to the importance of libraries.

Won't you join it and give libraries your public support by carrying a book throughout next Thursday?

Books are our link to the past and our key to the future. Libraries deserve our continuing support and the attention of legislators at all levels of government.

Choose your own book. Some may carry Bibles, others books of adventure, histories, a biography of someone respected, or maybe a book of poetry. Take your choice — but please take a book next Thursday.

## Wanted — a leader!

It's downright depressing to see the presidential campaign getting into full swing a full year before it will be poll time in November of 1980.

It scares us too to see a fuss being raised over prime time so far ahead. Can't we have the holiday season before all the foolishness begins?

One thing is obvious in politics these days. Whereas it used to be that just about everybody jumped into the political campaigns with enthusiasm, the presidential races these days turn just about as many people off as they turn on. And only about half bother to vote.

That's because even the man in the street realizes that that White House job is simply too big for one man. Today's problems are too complex to be actually solvable.

A new man in the oval office can't change things much. Jimmy Carter three years ago had several mouths full of new, interesting ideas.

So what happened. He soon found out he didn't have the leverage to make them work.

Another important part to the political equation is that congress is so torn and divided that it can't work with itself, much

less a president.

Name a president since Roosevelt who has gotten along with congress? It doesn't take long to answer that question. There hasn't been any.

There is too much power in Washington — vested in the president and in the congress.

People expect wasteful, unresponsive government now. That's part of it. Just so big it won't work. A lot of folks have tried to do something about that. All have failed.

Oh how America today yearns for a leader who can actually lead.

But they don't rise to the top in government — not in our government. Everybody feels he has to compromise just about everything in politics to move ahead.

It was probably unique in national polling for a poll to report this week that the most important thing by far the majority of Americans want in a president is leadership. Whether or not they agree with him they feel isn't really so important.

So now the new presidential campaign is beginning, take a hard look around for a leader. If you find him help that man.

Oh, how we need him.

## New meaning to saving

With interest rates so high these crazy days, old fashioned thrift is worthy of a second look.

It's the most simple thing in the world today to spend every cent you have. But since it's getting so expensive to borrow, it behooves us to think again about going deeper into personal debt.

A banker told me just this week that at last the saver is starting to come into own. He is beginning to be properly paid for his thrift.

You can't look ahead and see much changing very fast either.

Too bad thrift hasn't been so rewarding in the past or most of us wouldn't be in a personal financial pickle.

Putting something back may be harder to do today than ever before with inflation raging.

It makes one wonder if the saver had been given a little more incentive in the past would we find ourselves in the position we as individuals, a nation and a society find ourselves in today.

Mills is new Jr. High Principal; Completion near on new Junior High School; Southland's Boy Scout Troop flying high with six Eagles, they are: Fred Myers, Joe Neil Hargrove, George Ellis, Jimmy Haliburton, E. L. Dunn and Ronnie Dunn.

## Cub pack winner at Scout-A-Rama

Pack 314, composed of Cub Scout Dens 1, 2, and 3, spent Saturday at the Scout-A-Rama Family Fun Fair in Lubbock.

The Fair was held in the Exhibit Hall of the Lubbock Civic Center. Cubs, Boy Scouts, and Explorer Scouts from the South Plains Council put on the Scout-A-Rama with a variety of booths.

Post's Pack 314 participated by decorating a booth on Indian teepees. The youngsters displayed their den totem poles and a miniature teepee. Their craft was painting cones gathered from the Postex mill to resemble small teepees. The boys wore feather headbands and sat Indian-style. At the day's closing ceremony they were awarded a blue ribbon for "proficiency."

The Cub Scouts also enjoyed meeting Scouts from twenty other West Texas counties under the leadership of over 2,000 volunteer leaders.

Other booths which exemplified the scouting spirit were those on Indian

dancing, printing presses, "Smar-tee" games, Swirl art, finger painting and totem carving to name a few.

Leaders, Mrs. Becky Warren, Mrs. Nancy Thuett, Mrs. Jaynie Dickson, Mrs. Edith Capps, Mrs. Carol Payne and Mrs. Julie Hudman and Cubs: John Bilberry, Lex Dunn, Mark Linn, Guy Stewart, DeWayne Warren, Cliff Johnson, Chad Davis, Paul Robinson, Jay Green, Jarrett Dickson, Trevor Thuett, Deke Willard, Houston Heidelberg, Karl Gerner, Brook Capps, Tyge Payne, Matt Pennell, Richard Hudman, Felix Rosas, Mario Villa and Kent Ammons.

**UNDERGOES SURGERY**  
Monk Palmer, who underwent surgery Friday morning was moved from the Cardiac Care Unit at St. Mary's hospital in Lubbock to a private room. He is reported to be recovering very nicely. He is in room 209.

## Tourism worth \$804,000 to Garza county in '78

AUSTIN — Garza County received \$804,000 of the State's \$7,032,369,000 travel receipts in 1978, a national study commissioned by the Texas Tourist Development Agency has disclosed.

The 1978 figures reflect an increase of 11 percent in travel receipts over 1977 for Garza County.

In addition to gross receipts, the study found that Garza County in 1978 had 32 of the state's 243,887 travel-related jobs, with an annual payroll of \$191,000.

It also estimated \$32,000 in state and \$9,000 in local taxes were paid by county visitors in 1978.

The study was done by the U.S. Travel Data Center in Washington, D. C., an independent travel research organization funded jointly by public and private sectors.

It was based on the Center's Travel Economic Impact Model which breaks out a state's share of the national travel market on a county-by-county basis.

The model measures the economic impact of all travel involving overnight trips away from home, and day trips at least 100 miles or more from home. Thus it includes travel by Texans as well as out-of-state visitors, for all purposes.

It includes estimates of the traveler's spending at home in preparation for the trip, his spending en route, and that at his destination.

Basic data for the model comes from the National

Travel Survey, conducted every five years by the U.S. Census Bureau, and from the Center's own National Travel Expenditure Model.

It was the latter which estimated that in 1975 Texas had dislodged New York for third place in the nation's travel industry. The 1978 figures, however, show Texas as back in fourth place behind California, Florida, and New York.

"We're pleased that travel research techniques have

finally developed to the point that states can determine where, within their boundaries, travel dollars are spent and travel-related jobs exist," said Frank Hildebrand, executive director of the Texas Tourist Development Agency.

"Now we can trace travel's considerable economic impact on a county-by-county basis, observe changing patterns annually.

**COTTON TALKS**  
 FROM PLAINS COTTON GROWERS, INC.

**LUBBOCK** - Agriculture Secretary Bob Bergland October 16 indicated that the controversy created by a critical report from USDA's Office of the Inspector General is near to being resolved. Bergland made his statement following an October 12 meeting of the 40-man Cotton Incorporated Board of Directors at which changes in CI operations, almost identical to those recommended by the Cotton Board and USDA, were adopted.

Joe D. Unfred of New Home, President of Plain Cotton Growers, Inc., Lubbock, also voiced approval of the CI Board's actions, saying "Coming on the heels of our own Board's vote of confidence in CI, it is reassuring to know that recent criticism of CI operations is being answered and is being answered effectively."

The PCG Board of Directors on October 10 discussed CI and the Inspector General's report and resolved to urge continued support of CI by all individuals and organizations with an interest in cotton's future. "Considering CI's record of accomplishments and its potential to serve cotton interests in the future," Unfred said, "to withdraw support from the organization would be 'throwing the baby out with the bath water'."

The CI Board unanimously adopted the following statement at its eight-hour meeting.

"The Board of Directors of Cotton Incorporated affirms its responsibility for the policies and overall guidance of CI's program and operations and its support of management and staff.

"In this respect it has responded to all seven points raised for consideration by Assistant Secretary of Agriculture P. R. Smith and to the recommendations for revision of reporting and administrative procedures suggested by the Cotton Board.

"Furthermore the CI Board accepts the principle that the operating budget committees of the Board will function aggressively with management in preparing priorities for planning and budgeting the most effective research and promotion program possible for America's Cotton Producers."

Cotton Incorporated is the fiber company of American cotton producers, supported by producers per-bale assessments. Its 40-member Board of Directors is composed of cotton producers elected from each state where cotton is grown.

# PHS Class of '49 holds its first ever reunion

The Class of '49 had its first class reunion ever in the Post Community Center Oct. 27.

A visitation was held between the hours of 4 till 6:30.

Gifts were presented to Mack McCullough for coming the greatest distance, Hawthorne, California; the baldest received by Kay Kirkpatrick; changed the most, J. G. Cash; changed

the least, Barry Ford; most children, a tie between Shirley Schmidt Jackson and Carol Long Grigsby with six each; one with youngest child, Shirley Jackson, 11 years old; with most grandchildren, Harold and Jeniece Fluitt Reno, with seven and gifts were also presented to Jiggs King and Mrs. Tom Bouchier.

Attending the reunion were Harold and Jeniece (Fluitt) Reno of Lubbock, Henry and Marjorie (Freeman) Stribling, Midland; Don and Carolyn (Boren) Adams, Golden, Colorado, Joy (Mason) Barron, Bossier City, La., Carter and Sybil White, Hale Center; J. G. and Jo Cash, Austin; Alice (Carr) Standley, Austin; Minnie Jo (Dye) Meares, Odessa; Barry Ford, Amarillo; Fred Davidson, Gruver; Shirley Schmidt Jackson, Stephenville;

Bud and Jean (Sartain) Everett, Ballinger, R. E. and Martha Josey, Karnack; Mack McCullough, Hawthorne, Ca., Ramona June (Armstead) Myers, Dallas; Mitchell and Paula Malouf, Jr., Plainview; Carrol (Long) Grigsby, Billie Jean (Longshore) Cross, Charlie and Myra Cooper, Kay and Patty Kirkpatrick, Lester and Theona (Beauchamp) Josey, Bill and Janet (Stewart) Hall, A. J. and Judy McAlister, Troy and Joyce (Lofton) Nelson, Neal and Lanelle (Brown) Clary, Doris (Mason) Lester, Jim Ruth and Johnnie Norman, Roy and Joyce Teaff, George and Rowena Pierce and Douglas and Natalie Shepherd all of Post.

Guests were N. R. Jiggs King the class sponsor, Mr. and Mrs. Tom Bouchier, room mother, Mr. and Mrs. G. E. Fleming, Mrs. Ruby Kirkpatrick, Mrs. Mitchell Malouf, Sr., Mrs. Pearl Storie all of Post and Mr. and Mrs. Bing Bingham of Slaton.

## Report is given on human rights

The Woman's Culture Club met Wednesday, Oct. 31 at 3 p.m. in the Woman's club house. The president, Mrs. Buena Bouchier presided.

A letter from the "Hands-Up" Committee chairman announcing a crime prevention summit on Nov. 10 in Plainview was read.

## Music club in opera study

The Post Music Club, member of the National Federation of Music Clubs, met Nov. 5 in the First Baptist auditorium.

A program study on Henry Purcell's "Dido and Aeneas" was brought by Dr. Ruth Holmes and Doreen Hutton of Lubbock Christian College. Miss Hutton sang "Ah Belinda" and "When I Am Laid in Earth", accompanied by Dr. Holmes who also gave a synopsis of the opera plot with narration and recordings.

Following the study, information on the College Music Department was given to club members.

Members present were Mary Ann Gordon, Rhonda Alford, Consi Thuett, Sharlot Sparlin, Sue Shytles, Boo Olson, Linda Lewis, Patty Kirkpatrick, Sue Crenshaw, Debbie Clary and guests, Dr. Holmes and Miss Hutton.

## Close City 4-H club has meeting

By ROBERT SHULTS  
The Close City 4-H club held their monthly meeting recently at the new 4-H barn. Rusty Morris, vice-president, presided over the meeting with Derrick Dunn leading the pledge.

Mrs. Syd Conner gave a talk and a slide presentation on an archeological find.

The president announced that the Culture Club members have been invited to attend a dinner meeting sponsored by the Post Amity Club on Nov. 13 at 7 p.m. The Caprock District president Mrs. E. H. Boedecker will be the featured speaker.

Plans for the upcoming Thanksgiving luncheon at the club house on Nov. 14 were finalized and a motion was made to make a donation to the United Fund.

The Federation report on Human Rights was given by Mrs. Ruby Kirkpatrick.

An interesting program was presented on Australia by Mrs. Ruth Duckworth. Those present were: Mrs. Buena Bouchier, Mrs. Ruth Duckworth, Mrs. Lillian Potts, Mrs. Opal Pennell, Mrs. Lois Williams, Mrs. Estelle Davis, Mrs. Pearl Storie, Mrs. Ruby Kirkpatrick and Mrs. Beulah Pickett.

## Nona Lusk to head club

The Graham Extension Homemakers club met Nov. 2 in the community center. Roll call was answered with "How could you lower your energy cost."

Officers were re-elected for the next year, 1980, and they are: president, Nona Lusk; vice-president, Sue Maxey; secretary-treasurer, Loucille Morris and reporter, Viva Davis. Council Delegates are Mary Peel, Jewel Parrish and Rene Fluitt.

Nona Lusk and Pearl Wallace served refreshments to Rene Fluitt, Loucille Morris, Mary Peel and Viva Davis.

The club's Christmas party will be held Dec. 7 in the home of Rene Fluitt in Post. Their next meeting will be Nov. 16.

**ENGAGEMENT ANNOUNCED** — Mr. and Mrs. B. J. Claybourn of Irving announce the engagement of their daughter, Susan Diane of Greenville, to Robert Preston Craig, son of Mr. and Mrs. Robert L. Craig of Post. A Nov. 24 wedding is planned. The bride-elect is a graduate of Gregory-Portland High School and a 1978 graduate of Texas Tech University with a bachelor of arts degree in tele-communications. She is employed as a women's interest writer at The Herald Banner. Craig is a graduate of Post High School. He is also a 1979 graduate of Texas Tech University with a bachelor of science in engineering degree. He is employed as a district project engineer for Owens-Corning Fiberglass in Portland, Ore.

## Nominating report due Trailblazers

The Garza County Trailblazers, will meet today (Thursday) at noon in the Algerita Center. The nominating committee will report on nominees for the proposed board of directors changes and the new officers for the coming year. Election will be held at the next Trailblazers meeting, Thursday, Nov. 29.

The mini-bus is taking a group of senior citizens on the Extension Homemakers Club sponsored Solar Energy Home Tour, this afternoon (Thursday). The bus will leave the Algerita Center at 1:15 p.m. and join the rest of the group at the Courthouse at 1:30. Time permitting we will visit the

**MEETING CALLED**  
The Garza County Historical Commission has called a meeting for Tuesday, Nov. 13 at 10 a.m. in the community room of the First National Bank. A progress report will be given on the museum and all interested persons are urged and invited to attend.

Crosby County Senior Citizens Center before returning to Post.

The new game "O" the Devil will be demonstrated at the Algerita Center, Thursday, Nov. 15 from 10 a.m. to 2 p.m., by Mr. and Mrs. Emory Wall, who developed this game. Everyone interested in learning this new game is invited to come join in the fun.

## Library Corner

By MICHAEL SMITH

I'm happy to be writing the library column and hope to bring you an informative and entertaining review on what's going on at the library, news about books, and so on.

Our display case at the library is currently empty, and if you have a hobby such as antique collecting, stamp collecting, arts and crafts, etc., you might consider bringing them by the library. Pee Wee would like to see whatever you have and would be happy to display it for awhile.

The library has a very good collection of films. Unfortunately, most of our library patrons are not taking advantage of them. There are a number of subjects to choose from, including educational and entertainment film. Drop by soon and see if there is something there of interest to you.

If you have been looking for a special book and could not find it in the library, give the title to Pee Wee and she will try to get it for you through the Inter-Library Loan System, in which larger libraries loan books to smaller ones for a set period.

### WHAT'S NEW ON THE SHELVES

#### NEW FICTION

"Gnomes" by Poortulic Huygen - A very cute book about tiny imaginary creatures called gnomes (another name for elves). The author writes about them as if they were real, giving the book a very interesting tone. The book is chock full of illustrations, picturing the gnomes' underground homes, their activities, and so on. If you're feeling down in the dumps, this book is sure to cheer you up.

"Wild Times" - The true and authentic life of Col. Hugh Cardiff, by Brian Garfield. Here's another example of a book written as if fiction were fact. For

those who like good "shoot-em-up" westerns set in the early wild west, this book is a must. The story is told in the first person, by the main character of the book Col. Cardiff, an outlaw, sharpshooter and cowboy par excellence.

#### NEW NON-FICTION

"The Ann Landers Encyclopedia A to Z" - published by Doubleday. For those of us who never miss reading Ann Landers advice column in the daily newspaper, this book is a must. Ann answers all kinds of questions from questions about arthritis, to those about "work-a-holics". Some of the questions are unusual to say the least.

"Strangers Among Us" by Ruth Montgomery. Are there advanced beings living among us who have come from another world? The author believes so, and she names them "Walk-ins." Walk ins are supposedly beings from another time, another place, sent here to guide us through turbulent times ahead. Sound ridiculous? Read the book and you may find yourself asking, "could he be one of them?"

#### NEW MYSTERIES

"Alfred Hitchcock's Tales to Scare You Stiff" - An anthology of stories from Alfred Hitchcock's Mystery Magazine, including 27 fine writers of suspense. Included in the book is a short nove, "Graveyard Shift," topping off this collection of stories written in the unusual Alfred Hitchcock tradition.

"Make Death Love Me" by Ruth Rendell. A bank president, unhappy with his

## Clint Stokes to exhibit at WTC

**SNYDER** - Watercolor paintings by Clint Stokes of Fort Worth are being featured in the Scurry County Museum at Western Texas College in an exhibit scheduled through Nov. 26.

The museum is open each weekday and from 1 - 5 p.m. on Sundays without admission charge.

Stokes is perhaps best known in Texas for his wildlife paintings. Born in Kentucky, he came to Texas at the end of his military service in World War II, and his love of the Southwest is shown in his paintings.

"My desire is to interpret the Southwest - its peoples, their ways of life, their past and their present, and to preserve something of it for their future," Stokes says.

Paintings by Stokes were featured by special invitation at the U.S. Capitol during the 1977 Presidential Inauguration in Washington, D.C., and he has been represented in many important group shows throughout the country.

dreary existence, cooperates with two bank robbers to make his fantasies come true.

"A Morbid Taste for Bones" by Ellis Peters - A group of medieval monks set out to bring the bones of a saint to their monastery to be enshrined. The villagers where the saint is buried do not take kindly to the "theft" and all manner of murder and strange events follow.

That about does it for this week. Next week I will have for you a list of current bestsellers and a short review of the book "Hispano Folklife of New Mexico". Until then.....

# Some carcass tips for deer hunters

COLLEGE STATION — Deer hunting provides both outdoor recreation and table fare — venison — for Texas sportsmen each year.

Some 11 million pounds of boneless deer meat are harvested annually in Texas, points out Dr. Milo Shult, wildlife specialist with the Texas Agricultural Extension Service, Texas A&M University System.

"The hunter is the key person responsible for the quality and edibility of the venison he brings home," Shult emphasizes. "The entire process of handling

the carcass from field to table can add or detract from the desirability of the final product. The hunter plays an important role in determining whether a deer steak is tender and tasty or tough and bad-flavored."

Based on studies regarding the effects of handling on deer meat quality, Shult gives these recommendations:

1. Whenever a choice is available, select a female animal for less flavor intensity (gaminess). This does not mean that male animals provide undesirable meat, but rather that most

consumers may prefer the less intense flavor of the female.

2. Whenever possible, place the shot in the neck or head to insure clean rapid kill. This prevents post-shot stress and also reduces tissue damage considerably.

3. Field dress the animal as soon as possible. If contents of the intestine or paunch have been spilled, rinse the carcass with water. A publication, L-634 entitled "Field Dressing Big Game," is available from any county Extension office and provides more information.

4. If weather permits, leave the skin on the carcass to help conserve moisture. However, in hot weather, skin and cover the carcass with a fly proof bag if a cooler is not accessible. Also, a male in the rut may have a strong urine odor on the hind legs and probably should be skinned prior to storage.

5. If the family prefers a somewhat more intense flavor similar to aged beef, hang the carcass in a locker for about a week before final processing. Use a clean locker to avoid contamination of odors from poorly handled carcasses.

"These recommendations are not the only way to handle carcasses," Shult notes. "For the hunter who has a preferred method which differs somewhat from these recommendations but whose family is satisfied with the venison

brought home, change is unnecessary.

"If a hunter has no experience in handling deer carcasses or has had a bad experience with deer meat, these suggestions may help increase the use of the deer resource," he adds.

Further suggestions on care and cooking of venison can be found in the publication MP-1333, "Big Game Cooking Care," also available from any county Extension office.

Oily hair should be washed every two to three days; dry hair every five to six days.

## mothers and babies

### LITTLE KNOWN FACTS

When traveling with a baby, it's often a good idea to bring along a couple of plastic tablecloths for covering beds and carpets on which the baby may sleep, crawl, sit or be changed.

A good pramsuit can be a big boon for the traveling baby. One from Mothercare, retailing specialists for mothers-to-be, babies and children under five zips up the front for easy dressing and has mitten cuffs for warmer hands.

It's even fun to wear in a rocking chair, while mother watches nearby. Parents should never leave an infant alone in a rocker.

Parents should not compare their children's development to that of others the same age. Perfectly normal babies vary greatly in their rate of development. Some walk without help at eight months, others, not for four years.

A complete line of practical clothes for children and infants can be found at Mothercare stores.

It takes 50 years to replace a forest destroyed by fire.

## STATE CAPITAL HIGHLIGHTS

By Lyndell Williams  
TEXAS PRESS ASSOCIATION

AUSTIN—The shutdowns of low-level nuclear waste dumps in other states may prompt Texas to create a dump of its own. Although Texas has several sites which generate nuclear waste, the state has no permanent site for disposal of such wastes and has been shipping them to dumps in South Carolina, Washington

and Nevada. Only the South Carolina dump is still operating and officials there announced recently it would not take on the wastes refused by other states.

Texas now has to find a place to ship the radioactive wastes which are accumulating here. Health Department officials predict the wastes could pile up for six months to a year before the state faces a major problem.

Last session the Texas Legislature rejected a bill to create a low-level nuclear waste dump somewhere in Texas because the penalty to other states for illegal dumping was \$200—the same fine for littering on the highways. The Nevada and Washington dumps shut down after illegal dumping was discovered at those sites.

Gov. Bill Clements long ago expressed his willingness to create a dump site in Texas, and lawmakers are

now mulling over the problem. Strong sentiment exists that if Texas does create a waste dump, then the facility should accept only Texas waste and none from any other states.

### Tuition Low in Texas

A brighter note for Texans came last week from Higher Education Commissioner Kenneth Ashworth who told a legislative committee that state university tuition and fees would still be among the lowest in the nation, even if tuition doubled.

He stopped short of recommending an increase, though. The Coordinating Board will consider such a proposal in January.

### "Redneck" Attitude

Institutions of higher learning came under attack from Gov. Bill Clements two weeks ago when he charged

they probably wasted more tax money and effort than any other state agency.

Clements, himself, drew criticism from Lt. Gov. Bill Hobby for that comment.

Hobby told reporters that there is already a strong current of "anti-intellectualism" in the Legislature, "but it should be the duty of the governor to counteract that sort of thing rather than give it redneck reinforcement."

He backed higher education as "very well run" and added, "if there were fat (too much tax money) there, I think we would cut it out."

### Black-Hispanic Coalition?

Controversial Ruben Bonilla, national president of the League of Latin American Citizens and a Texan, flew to New York last week to meet with the director of the National Urban League.

The subject: creation of a working coalition between blacks and Mexican-Amer-

icans.

The Corpus Christi attorney said minorities are concerned they are losing ground in the area of civil rights.

Bonilla, who has been outspoken in the past months, also blasted U.S. District Judge Ross Sterling of Houston for sentencing three former Houston police officers to one year and one day in prison for violating the civil rights of Joe Campos Torres. Torres died in police custody after he was beaten and thrown into a bayou by the officers.

Sterling's removal from the bench will be a priority Hispanic issue, Bonilla vowed.

### Hill Seeks Refund

Former Attorney General John Hill asked Dallas County to refund half of the money he paid for a recount

of county votes last year in his race against Gov. Bill Clements.

Hill said he was due the money not spent in the recount, about \$1,000 of the \$2,071 he paid.

### Garwood Named

Governor Clements has appointed Austin attorney Will Garwood as associate justice of the Texas Supreme Court. He replaces Sam D. Johnson, who is now judge of the 5th U.S. Circuit Court of Appeals. Garwood is expected to seek a full term as a Republican in the 1980 election.

### Rep. Roberts to Retire

U.S. Rep. Ray Roberts, D-McKinney, announced he will retire at the end of the 96th Congress. Roberts, 66, touched off a flurry of political activity in the 4th Congressional District. One observer predicted the district will be split by redistricting.

Attorney General Opinions Atty. Gen. Mark White in a legal opinion ruled expert witnesses at criminal trials cannot be paid greater fees as witnesses than other witnesses.

He also found that a district clerk is required to file exhibits received in evidence during criminal proceedings as well as those received during civil proceedings.

The Titus County Hospital District may select its depository from among those used by Titus County.

The North Texas Commission is a governmental body under the Open Records Act because it receives public funds.

Hint to consumers from the Better Business Bureau: Ask a firm for references—bank, suppliers, trade creditors and satisfied customers.

# Lopes score 3 tds in 42-20 loss to Seminole

## Fourth called back by penalty

Trying is what the Post Antelopes do best. They are very good at it.

Down 21-0 at intermission at Seminole Friday night, they came back to play the district co-leading Indians even in touchdowns — three apiece — for the last two periods.

They would have "won" that portion of the game too if they hadn't been penalized for an ineligible player downfield on a 51-yard touchdown pass play which was called back. Game films fail to show any infraction on the play however.

Totalling it up, Seminole won by the rather lopsided score of 42 to 20.

The big senior team — 18 of the 26-player varsity squad will graduate next spring — dominated the rushing, getting a net of 277 yards themselves and limiting the Lopes to a 46 yard net if you first subtract 62 yards Post lost, mostly by Quarterback Drew Kirkpatrick trying to pass (57).

If the Indians had dropped the ball in the first half as they did in the second, it might have been a wild scoring scramble all the way.

Seminole fumbled the ball away three times in their own territory in the second half and Post converted each mistake into a touchdown.

The first bobble came just after the second half kickoff and the Indians had drawn a 12 yard half-the-distance penalty back to their 12 for holding.

Larry Rodriguez covered a fumbled Seminole pitch on the Indian six. On the third Lope ground play, Kirkpatrick sneaked the last two yards for the touchdown to cut the margin to 21-6. A pass for a two-point conversion fell incomplete.

Seminole got that one back, going 61 yards in five running plays with Fullback Jim Hill slanting off the left side for the final 24 and the touchdown.

The next time Seminole got the ball, the Indians dropped it again on their own 37 and alert Mike Macy covered it.

Kirkpatrick's pass to End Jackie Stelzer netted 20 yards. The next one was incomplete, but Kirkpatrick then hit End Mark Holly for 17 more and the second Lope touchdown with 4:31 still left in the third. Kirkpatrick went back to pass, found no receiver, and ran for the two conversion points. That made it 28-14.

By this time, the Lopes were trying "on-side" kicks on every kickoff but couldn't pick one off.

Ricky Greene, who had well over a hundred yards rushing for the night, broke 55 yards for a touchdown on the first scrimmage play to get the Seminole margin back to 21 again.

Kirkpatrick fumbled the ball away trying a sneak after the Indians had kicked off to Post and Seminole recovered on the Post 28 from where they moved in for their sixth and final touchdown in eight plays, Greene getting the tally on the first play of the fourth period from the two.

The Indians intercepted a Kirkpatrick pass on their own 37 which had bounced off the hands of the intended receiver, but three plays later fumbled for the third time.

This time Defensive End David Poole recovered for Post on Seminole's 35.

Tailback Alonzo Luna picked up 41 of the 50 yards needed for the touchdown on this drive after Post drew a 15-yard penalty.

He got 20 yards on a pass from Kirkpatrick and then reeled off runs of 12 and 6 yards before plunging the final three for the game's final touchdown on a fourth and two situation.

Taking the on-side kick at midfield, Seminole moved to a first down at the Post 11 in two plays and a Lope penalty. But Macy stepped in front of an Indian receiver in the end zone to intercept and end the threat.

POST	SEMINOLE
16 First Downs	22
108 Yds Rushing	285
62 Yds Lost Rushing	8
46 Net Yds Rushing	277
10 of 18 Passes Comp.	4 of 15
172 Yds Passing	134
2 Opp. Passes Int.	2
3-38 Punts—Ave.	0-0
3-2 Fumbles Lost	4-3
6-70 Penalties	9-102

The Lopes then went for their fourth touchdown and almost had it. A 34 yard pass by Mike Macy to Holly moved the ball to Seminole's 41 and after Kirkpatrick was sacked twice for 10 yards in losses he got off a long touchdown throw to Holly for what appeared to be a 51-yard touchdown play.

But a yellow flag was on the ground for an ineligible receiver downfield and the play was recalled.

That drive wound up with Post losing the ball on downs back on its own 34.

Seminole Quarterback Mike Grass threw four straight incomplete passes trying to put more points on the board and Post took the ball back with 18 seconds left. After Kirkpatrick was sacked for an eight yard loss, Fullback Barry Wyatt broke away for 23 yards, the longest gain of the night for the Lopes on the last play of the game.

Post got only one scoring opportunity in the first half.

They drove 49 yards in the first period to the Seminole 16 from where Rodriguez was wide left on a 33-yard field goal attempt.

Seminole went 46 yards for their first touchdown in eight plays the first time they got the football in the opening quarter with Hill banging across from the one.

Their second tally came only minutes later on their second possession. From his 19, Grass lobbed a high throw out ahead of Wes Womble racing down the sideline. Womble pulled it in about midfield, shook off the tackle and then faked out the safety going 81 yards for the touchdown. It was the biggest of the four throws Grass completed for the night out of 15 tries for 134 yards.

Luna then fumbled the Seminole kickoff and the Indians were back in business on Post's 33. Rodriguez stopped this thrust with an interception of a Grass pass on its nine yard line.

After a Post punt out to midfield, Seminole hammered 48 yards in nine plays with Grass sneaking for the tally.

A pitch to Greene got the two-point conversion to make up for a missed conversion kick on the second touchdown. Kirk Jackson converted from placement after Seminole's four other touchdowns.

Quarterback Kirkpatrick ran or passed the ball on 38 of Post's 58 offensive plays of the game. He threw 17 times for 136 yards on nine completions, had two interceptions, managed a total of 30 yards on 11 delayed-type rushing plays and was sacked 10 times for 57 yards in losses.

Seminole turned the ball over five times on three fumbles and two interceptions and Post gave it away four on two fumbles and two interceptions.

Wyatt and Luna each picked up 38 yards for the Lopes, Wyatt on five carries and Luna on nine.

Proof that the Lopes were tackling is that they sidelined 198-pound senior fullback, Jim Hill, for Seminole's showdown game with Slaton with three broken ribs.

The Indians didn't have to punt once, although they did run once out of a fake punt formation.

A final item of interest — from the game program. Seminole's football coaching staff was pictured — all 14 of them.

KIRKPATRICK TAKES OFF — Quarterback Drew Kirkpatrick ran or threw on nearly every play in the second half at Seminole Friday night as the Lopes rallied. Above Guard Lance Dunn moves in to block a Seminole player. (Staff Photo by Norma Baumann.)

## Lopes looking for upset

The Post Antelopes will be out to upset the Tahoka Bulldogs here Friday night and knock the visitors out of the district's three-way championship race.

Coach David Thompson is one of those who thinks the Lopes can pull it off too.

"Tahoka has a good

football team and two fine backs in Tailback Tracy White and Fullback Clifford Oages," Thompson said.

But he thinks his team is improving with every game.

The Bulldogs have only five seniors on each of the offensive and defensive platoons and Coach Thomp-

son doesn't rate the size of the visitors as being as some stories have indicated.

The clash will be the final home game of the season for the Lopes and mark the last appearance in Antelope Stadium for 18 senior gridders.

They include Mike Macy,

Rance Adkins, Larry Rodri-

quez, Jackie Ayala, Pat Mitchell, Jimmy Pruitt, Lynn Simpson, Kelly Mason, Lance D. Dunn, Kirk Stevens, Brent Mason, Randy Teaff, Chuck Black, Lenny Drake, Walter Perez, David Poole, Jeff Stotts, and Jackie Stelzer. That list doesn't include Deb Palmer who was sidelined for the season with an early injury.

The Lopes lost one of their players, Linebacker Adolfo Varela, for the remainder of the season in last Friday night's Seminole game.

Varela was carried off the field on a stretcher late in the second period, taken to the Seminole hospital, and Saturday transferred to the intensive care unit of Highland Hospital in Lubbock with a neck injury.

Coach Thompson said the physician reports that no operation will be necessary on Varela, that nothing was broken, and that he should be released from the hospital in a week to 10 days.

Varela tackled a Seminole ball carrier and the Seminole player's hip pad caught under Adolfo's helmet and snapped his head back, Thompson said.

Thompson pointed out Tuesday that Quarterback Drew Kirkpatrick is the district's No. 1 passer on the basis of completion percentages. Kirkpatrick to date has completed 40 out of 75 throws for 675 yards and a 63 percent completion mark. He has suffered four interceptions.

Coach Thompson said he called 37 pass plays from the sidelines in the Seminole game but that Drew got the ball off only 15 times.

The Lope mentor said he thought the Post offensive line did a good job against Seminole in giving Kirkpatrick more time to throw and he credited the defensive platoon with much harder "hitting" against the Indians.

## District loses DC and Seminole

There have been a lot of changes in district alignments this week, but the only change on the 1980 Post football schedule is replacing Seminole with Coahoma.

Both Seminole and Denver City have been shifted out of district 5AA, which will become district 6AAA next year, but the Mustangs are going to remain on the Lope schedule as a non-district game.

The realignment of the districts will see the Lopes competing in a six-team district with five district games and five non-district games on next year's grid slate.

No new teams have been moved into the district.

It will consist of Post, Slaton, Frenship, Roosevelt, Cooper and Tahoka.

The district realignment will be effective for years 1980 and 1981.

The Class B classification was removed this year and all B teams redesignated as Class A teams. The A teams

became AAs, the AAs moved up to AAAs, the AAAs to AAAAs, and the AAAAs to AAAAs.

The new AAA designation is for schools from 265 to 614 students. Under the AA setup it was from 257 students to 574. Post has 320 students which means it is one of the smaller AAA schools. Frenship on the other hand has about 600 students with Slaton next in size.

Coach Thompson Tuesday reported he has virtually completed the 1980 grid slate with Post opening at Lockney, playing Colorado City here, Floydada here and Denver City there before having its open date the fifth weekend of the Season.

Coahoma will come here to close non-district play with the district slate in order being Tahoka at Tahoka, Roosevelt here, Frenship there again, Cooper here, and Slaton there. That would give Post five home and five road games.

## Middle schoolers drop Coahoma pair

Post Middle School's two football teams will be glad to return to district play at home tonight after each absorbed a whipping at Coahoma last Thursday night.

The star running backs of the seventh and eighth grade clubs — Milton Williams for the eighth graders and Mike Ollison for the seventh graders — saw little action at Coahoma and were not effective.

Ollison suffered an arm injury in the game's first few plays and saw no further action. Williams became sick before the kickoff and carried the ball only twice for nine yards.

The seventh graders were blanked 24-0 and the eighth graders dropped their first game of the season in losing 30-6 in the nightcap.

In the seventh grade game, Post got only one penetration for the whole game, that coming on a pass interception by Javier Valdez. Greg Massey managed

12 yards in five carries while Danny Storie got 16 in seven and Curt Greer got 16 on six tries.

In the eighth grade game, Post's touchdown came on a three yard off tackle smash by L. D. Harper after Post recovered a Coahoma fumble on Coahoma's 20.

Fullback Giles Dalby got 60 yards rushing in nine carries. Jeff Lamb added 44 and 11 carries.

Linebackers Martin Coffee and Dalby and right tackle Gilbert Perez played a good game on defense for the eighth graders.

The two teams will play Tahoka in Antelope Stadium tonight in their final home starts of the season. The eighth graders are unbeaten in district play and tied with Frenship for the district lead. They will settle the championship in the season finale at Frenship next week if they get by Tahoka.

The eighth graders are 7-1 for the season and the seventh graders 5-2-1.

Page 8 Thursday, Nov. 8, 1979 The Post (Tex.) Dispatch

## Post frosh whip Seminole, 37-0

Post's freshman team rang up an easy 37 to 0 triumph over one of Seminole's two freshman teams in Antelope Stadium here last Thursday night with every member of the 31-player Post squad getting plenty of playing time.

Seminole divides its freshman squad into two equal teams to give the young players as much experience as possible and plays two schedules.

Post played its second and third teams during the last half after taking a 21-0 advantage into the dressing room at the intermission.

Wingback Richard Cisneros opened the scoring in the first period when he sprinted 44 yards off tackle for a touchdown. Will Kirkpatrick then kicked the first of his five straight conversion points.

Also in the first period, Kirkpatrick scored the second td on a 12-yard end sweep.

In the second, Quarterback Tim Tannehill passed seven yards to End Ervin Price for the third touchdown to climax a 40-yard drive starting from a short Seminole punt.

In the third with a second team line up front, Kirkpatrick ran 10 yards off tackle for his second touchdown. Also in the third, Post got a two-point safety when the Seminole center snapped the ball over the punter's

head and out of the end zone.

When Seminole then kicked off after the safety from its 20, Kirkpatrick returned 60 yards for the fifth and final touchdown of the night.

All told he scored 23 points on three tds and five conversion kicks.

Post out first-downed Seminole 9 to 4, out rushed them 169 yards to 70 and

out-passed them, completing two of four, no interceptions for 22 yards, to two of five, one interception, for 12 yards for Seminole.

The win brings the local frosh to a 6-2 record for the season to date. They will journey to Tahoka tonight to play the Tahoka freshman in the first game of a twin bill with a 5:30 p.m. kickoff slated.

## Post tumblers place third

The Post Jumping Jacks tumbling team, coached by Jackie Arnwine, were the third high point team in the Lamesa Boy's Club invitational tumbling meet held Saturday.

Accepting the Post trophy were Coach Arnwine, Keitha Beth White and Jeff Lamb. Keitha and Jeff were among the first place trophy winners from Post. Teams from seagraves, Littlefield, Denver City, Slaton, Lubbock and Post competed.

The Post Booster Club has scheduled a tumbling meet for the Post High School

Gym on Saturday, Dec. 1.

The Post team coached by Jackie Arnwine had the following winners in their ability groups:

First, Steven Payton, Matt Holly, Trudy Woods, Christi Stone, Keitha Beth White (tied for 1st and 2nd) and Jeff Lamb. Second, Cody Stone and Kendra Williams.

Third, Becky Shumard, Marta Holly and Coriu Payton. Fourth, Mara Jones, Sonya Curtis. Fifth, Crystal McArthur and Rhonda Williams. Sixth, LaQuetta Redding, Margaret Green, and Amy McArthur.

# Opposition is seen for '80 cotton set-aside

WASHINGTON, D.C. — A group of knowledgeable cotton leaders from the South Plains and Gulf Coast regions of Texas say there is strong sentiment held by some USDA officials that a set-aside should be implemented for the 1980 cotton crop but that Administration budget officials appear to be opposed.

Returning from a trip to the nation's capital, around a dozen members of the Texas Farmers Union said they found Department of Agriculture authorities well aware that the accumulated carryover of cotton stocks will increase to around 6.1 million bales for 1979's crop, a prediction which has reflected an impact already in deflated prices.

TFU is asking for a minimum 10 percent set-aside when the 1980 crop program is announced Dec. 15. The farm organization is also asking for an increase in the target price that reflects inflationary production costs and a change in the law as regards the loan rate to allow the Secretary to use the loan as a tool for orderly marketing and price support.

"There are considerations beyond the obvious price suppressing impact of an increased surplus," said TFU Vice President Joe Rankin. "Without a set-aside, the increased consumption of energy, water and other scarce resources used to produce a crop in surplus is unwise at best, if not foolish. The USDA recognizes this, but there are certain Administration advisers who persist in fighting food and fiber inflation by encouraging surpluses to cap producer prices," Rankin noted.

If a set-aside were in place cotton farmers would be required to stay within a base acreage prescribed by law as well as reduce plantings by the announced percentage in order to qualify for farm program benefits. A set-aside would have further impact in that cotton farmers who raise other crops would be required to keep within their base acreage for all commodities.

"There are huge companies operating farms in the West using federally subsidized water that don't want a set-aside," pointed out Bob Gibson, a cotton farmer from Meadow. "They can make money with cheap cotton prices because they don't pay what we do for water," Gibson said. "Plus, they would be limited as to the amount of acres they would receive water for."

Gibson was referring to a part of federal law that prohibits delivery of subsidized water to newly irrigated acres that are part of an expanded reclamation project whenever a crop is determined to be in surplus by the USDA.

The TFU cotton group spent two days in Washing-

ton meeting with both USDA and Carter Administration advisers. In addition to making the case for a set-aside, the farmers visited individual congressmen to oppose a Senate-passed measure that liberalizes limitations on corporations in the West to allow them to maintain their now illegally held acres receiving water subsidies.

Said Rankin, "Every cotton farmer in Texas should be aware that there is a direct conflict of interest with those corporations. We are competing with California and Arizona cotton

farmers who receive millions in subsidies. If we went out of business tomorrow, they'd be happy. They'd be in Washington tomorrow asking the government to expand their water bonanza and totally displace Southern growers."

Others making the Washington trip included Wayne Richardson of Wolforth, Melvin Lowrey of Tokio, Doug Higgins of Kress, Steve Carraker of Hamlin, C. W. and Charlotte Garner of Seminole, Anthony Hlavinka of East Bernard, Ken Lane of Haskell, and Gary Cook of Wilson.

C. and Beulah White, Virginia Terry, Inez McGrew both from Lamesa, Loucyle Walker, Zora Robinson, Glen Williams, Teresa Williams, Hilary Williams, Jay and Clay Williams, Artie Young, Dollie Santiago, C. A. and Lucille

## Cotton Talks Plains Cotton Growers, Inc.

LUBBOCK, Friday — Discussing the current controversy surrounding Cotton Incorporated, cotton producer Joe D. Unfred of New Home, President of Lubbock-based Plains Cotton Growers, Inc., says what the cotton industry and everybody in it needs to do is follow the advice offered in a song that was popular during World War II.

The song was one of many musical review numbers concocted to entertain and bolster the morale of a people separated by war from their loved ones and beset by shortages of gasoline, food and other less essential items.

The lyrics, set to a bouncy tune, went something like this: "You gotta accentuate the positive; eliminate the negative; latch onto the affirmative, and don't mess with Mr. In-Between."

"If enough of us set out to resolve the CI issue by that formula," Unfred believes, "we can build on CI's good points, correct its bad points and get on with the business of creating a stronger, more profitable cotton industry, which is what CI is all about."

# JVs bow 5AA's showdown time is here

Seminole's junior varsity scored a 20 to 6 victory over the Post JVs in Antelope Stadium last Thursday night in a game that was a whole lot closer than the final score indicated.

Post was trailing 6 to 13 with two minutes to play when they fumbled the ball away on the Seminole 9 to halt a threat to tie or win the game.

As Post gambled on defense in an effort to get the ball back, Seminole popped a back into the clear 60 yards for the clinching touchdown.

Post's touchdown came in the third period when David Foster passed four yards to Jeff Lamb after Post had recovered a fumble on the Seminole 40.

Seminole out first-downed Post 18 to 10 and outrushed the Junior Lopes 250 to 125. Post had the best of the passing, completing five of nine with one interception for 62 yards.

Seminole completed three of six for 59 yards and also had one picked off.

The JVs will journey to Tahoka tonight for their next to the last start of the season.

The Slaton Tigers can win the district 5AA football crown outright with a sure shot into the post-season playoffs by winning the last two games on their schedule — against Seminole and Tahoka.

The first of these confrontations with the other two contenders comes Friday night when Seminole's big senior team invades Slaton with Fullback Jim Hill sidelined with broken ribs suffered in the Post game.

The Tigers not only have a good range of offensive weapons of their own, but they are the strongest club defensively in the league. Seminole uses more of a "Big play" offense for their victories trying for deep touchdown passes and long breakaway runs.

Slaton counters with tough defense and two good "hitters" in Ken Bounds and Fullback Jesse Titus.

While the Indians were outscoring the Lopes 42 to 20 at Seminole last Friday night, the Tigers ground out a 22-6 win at home over the Roosevelt Eagles.

The Tahoka Bulldogs rolled over the Frenship Tigers at Tahoka 49 to 7 with three backs each topping the 100 yard mark individually.

In the fourth district tilt, Denver City managed to win its first district victory with a 28-10 verdict over Cooper at Denver City.

In other games Friday night Denver City will play Frenship on its home field and Roosevelt will take on Cooper on its home field.

## IT'S THE MOST!

The most lemons—skin, seeds and all—known to be consumed at once is three, eaten by Bob Blackmore in 1977.

Most people prefer their lemons in other forms. One popular way is blended with the natural juices of oranges, grapefruit, tangerines and limes in new Snow Crop Five Alive, a refreshing fruit beverage containing 60 percent fruit juice. Parents and children alike enjoy it throughout the day, and it's an ideal way to give children the goodness of natural fruit juice.

# SPS electric rate drops for winter

The base rate for electricity for most of Southwestern Public Service Company's customers in Texas went down one-half cent per kilowatt hour October 1. The reason is that SPS's winter rates went into effect at that time. During the summer months — June, July, August and September — the base rate for

residential service is 2.75 cents per kilowatt hour for all KWH after the first 30. The rest of the year, or during the winter months, the base rate after 30 kilowatt hours is 2.25 cents per KWH. A customer who used 500 kilowatt hours in September received an electric bill for \$30.94 plus city tax. His bill

in October for 500 kilowatt hours would have been \$27.08 plus tax.

Not all of the savings this customer would realize would come from the lower winter rate, however. SPS paid less for its fuel in October than it did in September, so these savings were passed on to the customers. The fuel cost portion of the September bill was \$13.52 while the October fuel cost portion dropped to \$12.02.

For a customer who uses 500 kilowatt hours per month, the winter base rate saves him \$2.36 over the summer rate.

Here's the way the bill is broken down:

September (summer rate) Base rate - 1st 30 KWH, \$4.50 plus the next 470 KWH, 12.92 equals the total base rate - 500 KWH of \$17.42. Add the Fuel Cost (factor \$.027047) of \$13.52 and the Total Electric Bill (less City tax) is \$30.94. October (Winter rate) Base rate - 1st 30 KWH \$4.50 plus the next 470 KWH of 10.56 adds to the total base rate of \$15.06 and add fuel cost (factor \$.024040) of \$12.02 and the total electric bill (less city tax) is \$27.08.

The fuel cost factor is determined by averaging the fuel costs for all of Southwestern's eleven generating stations. This includes the cost of coal, natural gas and fuel oil.

Southwestern Public Service Company's base rates for winter months are lower than for summer months because the Texas Public Utilities Commission requires all electric utilities in this state to design their rates this way.

SPS customers sue more electricity in the summer months because of air conditioning and irrigation. The summer load determines the amount of generating capability that SPS must have. If SPS customers used the same amount of electricity in the winter months, the cost of generating a kilowatt hour would be less.

## Homecoming News

Chris Flores and Gena Farquhar were presented as Football Beau and Homecoming Queen of 1979 during half-time activities at the homecoming game Oct. 26.

Chris and Gena are seniors. Chris is the son of Mr. and Mrs. Manuel Flores, and Gena is the daughter of Mr. and Mrs. Jerry Farquhar.

The other candidates were David Becker and Connie Buxkemper, seniors, and Joe Buxkemper and Samra Rush, sophomores.

The Eagles lost the football game 33-7 with Highland. Chris, who usually plays center, threw a 50-yard pass to Dennis Becker in the closing seconds of the game. Ray Vasquez completed a pass to Chris for the extra point. Chris took over as quarterback earlier in the game when freshmen quarterback Adam Rodriguez was injured.

The football team this year is made up of two seniors, three sophomores, and seven freshmen.

## Junior High Eagles Win Last Game

The junior high Eagles won their last game 28-13 at Southland Nov. 1 against Hermleigh.

Ray Diaz scored two touchdowns; Johnny Joe Flores scored one; and Julian Armendariz added another one. Extra points were made by Junior Cardona, Chris Lewis, Dee Farquhar, and Julian.

Other outstanding players were Jerry Hiracheta and James Johnston.

## Coming Events

Nov. 8 Booster Club meeting at 7:30 p.m. in the school Cafeteria.

Nov. 17 HS boys basketball games (A&B) at Spur, 6

# Gold Star awards banquet Monday

Two outstanding 4-H Club members from Garza County will be special guests of honor at the District 2 4-H Gold Star Awards Banquet at Coronado High School in Lubbock on Monday night, Nov. 19.

The program will begin at 6:30 p.m. in the school cafeteria, announced Dr. Catherine Crawford and Billy C. Gunter, district agents for the Texas Agricultural Extension Service. The 4-H youth program is administered by the Extension Service.

Two 4-H'ers from each of the 20 counties in District 2 are eligible to receive the Gold Star, the highest county award presented annually. The award is based on outstanding achievement, leadership and contribution to the county 4-H program. Lance Dunn and Tanya Bland will represent Garza County.

Some 450 persons, including parents, distinguished guests and special friends of 4-H will attend the banquet to congratulate the county winners, Paula Cawthon and Syd Conner county Extension agents said.

The banquet speaker will be John T. Montford, Lubbock criminal district attorney. State Rep. Jim Rudd of Brownfield will be master of ceremonies. Four-H'ers Steve Smith of Yoakum County and Kim Reese of Terry County will

p.m.

Nov. 19 JH basketball games (A&B girls, A boys; 5 p.m. at Meadow.

Nov. 20 HS basketball games (A&B girls, A boys; at O'Donnell, 5 p.m.)

Nov. 21 Order Senior rings, graduation invitations and gowns.

Nov. 22-23 Thanksgiving Holidays.

Nov. 26 JH basketball games, A boys and girls with Union, home, 5 p.m. No School. Teachers In-Service at Whiteface.

Nov. 27 HS basketball games (A&B boys, A girls; with O'Donnell, home, 5 p.m.)

narrate the awards presentation.

The annual banquet is sponsored by the following 12 member-owned electric cooperatives serving District 2: Bailey, Dickens, Lamb, Deaf Smith and Swisher counties; Lea County N.M.; Caprock, Light-house, Lone Wolf, Lyntegar, Midwest and South Plains.

Special guests will include parents, adult leaders, Extension Service officials, representatives of electric cooperatives and communications media, and other supporters of the 4-H program.

To qualify for the Gold Star Award, a 4-H'er must be at least 13 years old, have completed at least three years of club work and be active in 4-H.

The Gold Star Award is intended to stimulate winners to higher achievement and to encourage other young people to participate in the county 4-H program.

## Yule project is selected

The Caprock CB Club had its monthly meeting Sunday, Nov. 4 and decided for their Christmas project to purchase games for the Satalite school and to give each of the students a bag of fruit and candy.

There will be a covered dish dinner and a Christmas gift exchange at the next regular meeting. The club will purchase a gift for all children in the club under the age of 12 years.

Those attending the meeting included Robert and Marie Bartlett and children, Leslie Seals, James and Dora Halford, Freda Shronk and son, Lupe Martinez, Daisy Mae Redman and Carolyn Halford. Connie Halford was a guest at the meeting.

The next meeting will be in December. Date and time will be decided later.

# Aggie award to Wade Giddens

By BRENT HOWARD  
Twenty-five members of the Post FFA chapter were present at the regular meeting of the chapter held Tuesday, Nov. 5 in the vocational building.

The meeting was conducted by the chapter president Lynn Simpson. The Aggie of

the Month award went to Wade Giddens for doing such a good job through last month. FFA members are now selling grapefruit, oranges and apples and we encourage everybody to buy. If no one has contacted you please get in touch with an FFA member or call E. A. Howard. The prices are oranges and grapefruit \$9.50, apples \$7.00.

A pot-bellied stove can be an efficient source of heat if it's properly installed.

# 'Bomb' found in highway weeds

A highway employe mowing grass in the center divider on US-84 20 miles southeast of Post Monday afternoon came within "about six inches" of running over an explosive type bomb.

Garza deputies picked up the "bomb" which turned out to be a simulated hand grenade, probably taken from an air force base or army installation.

They said its firing pin had been pulled and evidently thrown from a passing car to detonate.

The deputies took it to the city dump, shot it full of holes with a shotgun but it still didn't explode. So they buried it 20 feet deep.

"It might have killed somebody if the mowing machine had run over it," one commented.

Also in the law enforcement news here this week were the following items:

Barbara Fields arrested Nov. 2 on warrants from Lubbock and Snyder on check charges pleaded guilty in JP court and paid \$126.25 which covered fine, court costs and restitution on the two checks.

Orlon Ford of Post pleaded guilty in county court Monday to a charge of possession of marijuana under two ounces and paid \$110 in fine and court costs.

Deputies checking on a car apparently abandoned on US-84 Monday found a drunk asleep inside. A check on the old model car revealed it had been stolen in California. But California

authorities refused to extradite the prisoner so he was turned loose. The Californian who owned the car called an uncle in Big Spring to come get his car.

Joe Donald Light, 19, was charged with disorderly conduct after he was arrested at the Carol Light home, five miles north of Post on FM 207. He had reportedly been shooting off a high powered rifle around the place. He was fined \$53.50 in justice of the peace court.

## Lunch Menus

### BREAKFAST

Monday, Cold cereal, fruit and 1/2 pint of milk.

Tuesday, oatmeal, toast, bacon, juice and 1/2 pint of milk.

Wednesday, cold cereal, fruit and 1/2 pint of Milk.

Thursday, Rice, sausage, toast, juice and 1/2 pint of milk.

Friday, cold cereal, fruit and 1/2 pint of milk.

### LUNCH

Monday, Taco, lettuce salad, pork and beans, peanut butter cake with peanut butter icing and 1/2 pint of milk.

Tuesday, Chili beans, cabbage slaw, fried okra, sliced peaches, cornbread and 1/2 pint of milk.

Wednesday, Hamburger, 1 slice of cheese, lettuce tomatoes, onions, pickles, buttered corn, jello with fruit, home made buns and 1/2 pint of milk.

Thursday, Turkey and dressing with gravy, green beans, whipped potatoes, chocolate pudding, hot rolls, cranberry sauce and 1/2 pint of milk.

Friday, fish, macaroni and cheese, sweet peas, carrot sticks, pineapple cobbler, cornbread and 1/2 pint of milk.

MOBILE CHAPEL FOR CHILDREN — Pictured above is the new mobile chapel of the First Baptist Church which will be used to conduct Bible classes for children at six different locations throughout the city. Shown standing in front of the converted trailer is Pastor Glenn Reece and Bo Jackson, the church's Bible study director. (Staff Photo)

## Children to be taught Bible in mobile chapel

The First Baptist Church has converted a trailer into a mobile chapel to conduct neighborhood Bible Classes for children after school in the afternoon.

The classes will be held in six different areas of town on a weekly schedule which also will include Saturday mornings.

Designed as a portable classroom — paneled and carpeted with built-in lighting and sound system — the trailer was converted through donations given by church members above the regular church budget.

The idea of such a mobile chapel was originated because so many of Post's boys and girls do not attend Sunday school anywhere, Pastor Glenn Reece points out.

Purpose of the mobile chapel is to give spiritual guidance and training to these children. The program will be specifically geared for children grades one through six at the start with the possibility of future expansion.

Classes will be taught by volunteer teachers from the First Baptist Church. Each location will have a different set of teachers, at least two.

Information about exact locations for the classes can

be obtained by calling the church office. Approximate locations will be (1) between Third and Fourth street, (2) Between 13th and 14th, (3) Mill Village area, (4) near city-county park, (5) Pine street, and (6) near junior high school.

This ministry will be directed by the church's regular Bible Study program. Bo Jackson is the Bible Study director and Phil Alford is educational director over the church's total educational program.

## Two new wells, 4 starts set

Garza's oil activity this week includes announcement of four new drilling locations, two of which will be deep tests, and two completions.

The two new wells are Rocker A Well Service's No. 3 Barrie Jones in the PMA field, eight miles northeast of Post which produced 30.6 barrels of oil and 140 of water on test from 3,259-3509 feet; and Rocker A's No. 4 Barrie Jones, also eight miles northeast of Post in the PMA field. This new oiler produces 30.78 barrels of oil and 140.40 of water in a 24 hour test from 3,259 to 3,509 feet.

Of prime interest here is the location of Amoco

Production Co.'s No. 1 L. G. Thuet in the new Post West field, eight miles west of Post. It will be drilled to a planned depth of 9,200 feet.

Other starts include: Amoco Production's No. 1-B Kirkpatrick in the Rocker A Southwest field, seven miles southeast of Post. This deep test will be drilled to a planned 8,300 feet.

WTG Exploration Inc. No. 3 Post-Montgomery in the WTG field, 10 miles north of Post, which is projected for 3,380 foot depth.

WGT Exploration Inc. No. 5 E. W. Williams, Jr., 10 miles north of Post which will be drilled to 3,360 feet.

# COTTON TODAY

A NATIONAL COTTON COUNCIL SERVICE

**Loan Rate Announced**  
USDA has announced a 1980 loan rate of 48 cents per pound for upland cotton, 2.23 cents below the 1979 level. The rate is the minimum provided by law. A seed cotton loan program similar to that available in 1979, with recourse loans available to borrowers, also was announced. USDA also said there would be a zero set-aside for cotton, feed grains, and wheat. The target price for cotton is 57.7 cents per pound and the national program acreage is 10,634,181.

**Specialist to Assist CCI On European Mission**  
Dr. Andrew Jordan, National Cotton Council manager of processing technology, will observe the U. S. bale package as it is received by European customers on a special visit as technical consultant for Cotton Council International. He will be in Sweden, Belgium, France, The Netherlands, and Germany November 6-17. When he returns from the visit, Jordan will report to the Joint Industry Bale Packaging Committee on bale packaging and improvements that may be needed.

**Exports Continue to Climb**  
Sales of 187,900 running bales of upland cotton during the week ended October 21 brought the season's total orders to 5,555,800. The principal buyers were China, 95,000 bales; Japan, 26,000; Korea, 13,600; and Taiwan, 11,200. The week's exports totaled 92,600, bringing the season's shipments to 1,167,400 bales.

**Dust Inspections Pushed**  
A union official recently

said his group plans to ask the Occupational Safety and Health Administration to "schedule an inspection of every cotton mill in the country to assure compliance" with the cotton dust standard. Sol Stein, Amalgamated Clothing and Textile Workers Union, said "... we intend to press employers for immediate action to bring dust levels down as soon as possible. We also intend to enforce the right of workers who cannot wear respirators to transfer to a safe area without loss of pay or seniority."

**NCC Annual Meeting Set**  
The National Cotton Council's 42nd annual meeting is scheduled January 27-29 in New Orleans at the Hyatt Regency Hotel.

**And Cotton Yesterday**  
Cotton was a major crop for the Choctaw and Cherokee Indians in Oklahoma around 1820.

**Garza 4-H food show is Saturday**

The 4-H Food Show will be held Saturday in the Post High School Homemaking Department. Judging will begin at 9:30 and continue through 11:30 with the tasting to begin at that time. Approximately 50 Garza 4-H'ers will participate in this contest.

**COUSINS VISIT**  
Visiting in the home of Mrs. Viva Davis Sunday were cousins, Mrs. Agnes Dickson of Amarillo and Mr. and Mrs. John Turpin of Lubbock. Also visiting were Mr. and Mrs. Elmer Cowdrew and Mrs. Lonnie Peel.

**FIVE GENERATIONS** — Five generations of the late Scott Storie and Mrs. Sadie Storie of Post are pictured above when they were together Sunday. They are l to r top row, Mrs. Kendra Brown Hada of Woodward, Okla., her mother, Mrs. Jeanette Storie Brown of Alva, Okla.; bottom row, Mrs. Sadie Storie of Post holding Jay Hada and S. C. Storie Jr. of Post.

## WTC to observe 10th birthday

**SNYDER** — Western Texas College will mark its 10th anniversary with ceremonies on Sunday afternoon, Nov. 18, and area residents are invited to attend.

State Senator Ray Farabee of Wichita Falls will be guest speaker for a ceremony planned for 3:30 p.m. near the Scurry County Museum on the south side of the campus. Special guests to be introduced include members of the original steering committee for the college.

A campus open house is scheduled from 1:30 - 3:30 p.m., with tours of the campus. Visitors are asked to register in the Student Center. A luncheon is planned from 12 - 1:30 p.m. in the college cafeteria. Tickets, priced at \$3 each, are to be reserved by writing Mickey Baird, Student Activities Director, or by calling her office at 573-8511, extension 276. It was in November, 1969,

that Scurry County voters approved by a 10-1 margin the first bond issue which made the long-awaited college a reality. Construction on campus buildings was begun the following year and the college enrolled its first students in the fall of 1971.

The anniversary observance will also include the introduction of ex-students and faculty at the half of the WTC-South Plains College basketball game starting at 8 p.m. on the night of Nov. 17 in the Scurry County coliseum. This game is part of the WTC Classic scheduled Nov. 15-17. Tickets may be purchased at the door. Also scheduled for 8 p.m. on Nov. 17 is "The Effect of Gamma Rays on Man-in-the-Moon Marigolds" in the Fine Arts Theatre on campus. This production is the season opener for the college drama department and

The currents are tricky, and it's a challenge staying off the sandbars.

## Slow Boat to New Orleans.

The day my company transferred me out here to the Midwest, my boss said, "It's only for a short while, Doug." That was six years ago. Long enough to meet Jan and get married.

Oh, I like it out here, all right. The people are nice and the land is beautiful. But I sure do miss the ocean.

You see, until I came out here, I had lived and worked all my life by the sea. Sailing was my passion. Summer, winter, good weather and bad, I loved the ever-changing moods of the ocean. Now, here I am landlocked in a small Indiana town. Married and raising a family.

When I met Jan she was working in our payroll department. And after we were married she insisted we both join the Payroll Savings Plan and start saving for something special with U.S. Savings Bonds. Our own little dream.

I told her about my dream, "How about a 35-footer so we can sail Lake Michigan on weekends?" "But honey, I get seasick on sailboats." Her voice trailed off as she watched the shock register on my face. "Seasick?" I screamed. "My one and only wife? No one in my family has ever been seasick! I'm surrounded by landlubbers."

"Will you settle for the river?" she brightened. "I've got a great idea. A houseboat. It's comfortable, steady and we can take long trips down the river."

It didn't take very long to pile up enough U.S. Savings Bonds to make a down payment on a big, shiny, new houseboat that rode as smooth as any bus.

Last summer, we took a trip that led into the Mississippi River, then down to New Orleans. Jan didn't get sick once. Maybe this is a good way to wean her to some real boating.

Meanwhile, it's fun. 'Course it isn't like handling a racing sloop in the Atlantic; but the currents are very tricky, and it's a challenge just staying off the sandbars. And I'm seeing a lot of the country I'd never get to see any other way.

United States Savings Bonds will help your ship come in. Join the Payroll Savings Plan at work or the Bond-a-Month Plan where you save. It's smooth sailing.

A public service of this publication and The Advertising Council.

# Garza UF Burlington VIPs— drive at \$6,318

Garza County's 1980 United Fund drive stood at \$6,318.50 today — having reached approximately 62 percent of its \$10,195 goal for 12 participating agencies.

"We're moving right along and hope to be finished by Thanksgiving," Drive Chairman Jim Cornish declared.

Walter Didway, chairman of the Postex Employees division reported with approximately 200 pledge cards still out, plant employees had pledged or paid \$907.50 to date.

He said the division hopes to reach or exceed the \$1,742 raised last year and that the division should complete its work by the middle of next week.

Another new division to report was \$151 from the Justiceburg community. The United Fund campaign in this small southern Garza community has been completed by Betty Boren and Mary Miller.

The remaining \$565 reported this week is generally from the business division with two donations included from the private citizens division.

A week ago the amount raised stood at \$4,695.

Several big commitments are still out in the business division, as well as many others in that division, and the courthouse employees division headed by Preston Poole and the farm and ranch division by Delores Dunn are yet to report. Other divisions remain incomplete.

## City council—

(Continued From Page One) Pete Maddox as the city building inspector to facilitate condemnation of abandoned buildings.

Appointed Tom Drake and Bud Howell to the airport board and reappointed Harold Lucas. All are to serve two year terms.

Reappointed Julius Stelzer to the White River board of directors for a two-year term.

Heard a presentation by Librarian Peewee Pierce on Post's "Be With a Book for a Day" which is set for next Thursday, Nov. 15 with Mayor Giles McCrary signing a proclamation to that effect.

Heard a request by three local baseball men — Lonnie Peel, Lewis and Boog Holly — for setting up priorities and rules for the use of the three local baseball parks. Mayor McCrary asked they work out a list of their recommendations and seek representation of the local softball league in drawing them up for the council's future consideration.

Passed a resolution prohibiting the use of gas lighting in the city in conformance with national law.

Unanimously approved Giles Dalby, Jack Lott, Weldon McGehee and Dr. William Wilson to the new county-wide tax appraisal board being organized.

Discussed future plans of High Plains Cablevision for the operation of the cable system they have purchased here with Ernie Larson of Denton, Tx., and Jimmy Evans.

The youngest player in the NFL is the Cincinnati Bengals' Steve Kreider. The rookie wide receiver from Lehigh was 21 on May 12th.

Cox Lumber Co.

(Continued From Page One) Eddie Burton, has recently been promoted again by Burlington from manager of their Georgia carpet plant to division manager of their Monticello carpet division in Monticello, Arkansas.

Garvin told local leaders that Burlington's Domestic Division "is a profitable division", one that sells exports too and is not plagued by imports. The exporting has resulted from the drop in the American dollar in comparison with other world currencies, making U.S. domestics lines less expensive overseas than formerly.

He said "we're just finishing up at Postex right now in making improvements to lower cotton dust in the air and that the division as a whole already has spent \$10,000,000 on new federal cotton dust requirements alone.

In opening the hour-long meeting, Postex Manager Don Smith expressed his firm's thanks to the community for the interest and support Post has given the Postex operation.

"We have maintained a good relationship over the years both personally and professionally," Smith added.

He then introduced the Greensboro group of officials which included besides Garvin, Bill Johnson, corporate group vice president of Burlington Industries; Herman Hill, area personnel executive; L. C. Davis, Domestic Division personnel manager; and Mark Thames, Domestic Division engineer; plus many division head of Postex Plant who were also in attendance.

Johnson and Garvin were the two speakers for the meeting with Johnson leading off with a quick word picture of Burlington's major operations.

## The Active Consumer READ THE LABEL

Do you know how to get the most from your non-prescription medicines? Knowing how to read the label properly can help your medications do a better job helping you get better.

The nonprescription medicines industry offers these hints for proper self-medication:

— The most important part of the label is "Directions for use." This gives the recommended dosage, how much, how often and how long to use the medicine, and in some instances, when not to use it.

— Watch for new information listed on the label. Usually, the manufacturer will "flag" ingredient or other changes on the front panel of the product by such words as "see new formula" or "see new directions."

— If you have any questions that the label does not appear to answer, don't take

chances—talk to your physician, dentist or pharmacist.

— Never take or give medicines in the dark. Know exactly what you're doing.

— Don't switch medicines from one container to another.

— Return medicines to their proper place in the medicine chest.

— Keep all medicines out of reach of children.

Johnson said 35 percent of Burlington's \$2.6 billion in sales during the year were in home furnishings, five percent in industrial, with the remaining 60 percent in wearing apparel.

Some of the unusual facts to come from his talk is that Burlington is the biggest manufacturer in the world in seat belt materials, that it is a big maker of fiberglass for electronics, and produces 60 percent of the world's supply of ribbons (impressible materials) for everything from typewriters to computers.

He said Burlington's major problems are the same as those for individuals here in Post. "What's bothering us is the same thing that's bothering you," he said, "the interest rate, how to cope with the energy problem and what to do about inflation."

He cited the fact Burlington has found it is more and more difficult to keep and maintain a work force. He said it is bad in Sherman, bad in North Carolina, bad in Virginia, just as it is bad in Post.

Johnson said there is "quite a revolution going on in textile machinery development. He and Garvin are just back from a big world show of new textile machinery in Hanover, Germany. "They have weaving equipment now you wouldn't believe," he said.

He promised Burlington will continue to modernize. He saw problems ahead, as well as challenges and opportunities.

In closing the meeting Don Smith said Postex is planning to hold an open house for the Post community early in 1980.

Refreshments were served prior to the program.

For a free booklet about what to look for in labels, write for "Read the Label on Nonprescription Medicines," The Proprietary Association, 1700 Pennsylvania Avenue, N.W., Washington, D.C. 20006.

## Rev. Evans is new pastor

The Rev. Thomas (Tom) E. Evans, of California, will be the new pastor of the Post Church of the Nazarene.

Mr. Evans will succeed the Rev. Philip Daniels as the pastor of the local church. Mr. Daniels who has been pastor of the church here for almost seven years, has resigned to accept the same position at Ruston, La.

Mr. Daniels last Sunday in the pulpit here will be Nov. 18.

Mr. Evans is a graduate of Point Loma (Nazarene) College, San Diego, Cal. and the Nazarene Theological Seminary, Kansas City, Mo. Upon graduation from seminary, Rev. Evans assumed the pastorate at Seagraves in July of 1978.

Pastor Evans previously has been an associate pastor in children's ministries at churches in Temple City and San Diego, Ca., and Prairie Village, Kan. He has been active in the work of the Sunday school and teen ministries on the district church level.

Prior to becoming a minister, Rev. Evans served ten years in the U.S. Navy and is presently serving in the U. S. Naval Reserves.

Mrs. Evans is a native Oklahoman and graduated from Pasadena (Nazarene) College in California. The Evans' have two daughters, Jeannette, age 12 and Theresa, age 9.

Rev. Evans will be assuming the pastorate at the Nazarene Church on Sunday, Dec. 16, 1979.

## Ashland—

(Continued From Page One) ing graduate of Texas Tech, Williams joined United Carbon Company — subsequently acquired by Ashland Oil — in 1947 and rose to become general manager of its engineering operations.

He was elected a vice president in 1972 after serving as manager of engineering for Ashland Chemical Company.

Williams will remain in Ashland in his new post.

## 1981 projects—

(Continued From Page One) at a cost of \$1,026,000; and for 8.4 miles from Justiceburg to Scurry County line for \$1,332,000.

The three US-84 projects are a part of the 1981 program for the rehabilitation and improvement of 1,040 miles of state and U. S. highways and 260.5 miles of farm to market roads. The program is broken down into 210 projects statewide at a total cost of \$197,020,400.

## Postings—

(Continued From Page One) many years ago wrote a school library column for The Dispatch's school page, if our memory serves us right. Welcome aboard, Michael.

## Satellite TV—

(Continued From Page One) plus the exclusive Home Box Office channel from New York. We expect that Home Box Office (HBO) will probably be available shortly after the first of the year."

A similar satellite-receiver was installed in Spur during the summer, and has been bringing in TV signals from around the country since Aug. 1. The receiver is actually a large "dish" which is aimed at an RCA satellite, orbiting some 23,000 miles above earth. The satellite picks up the TV signals and relays them to the receiving dish — meaning the pictures are always clear and sharp.

According to Evans, "In addition to installing the satellite-receiver, we also plan other technical improvements here in Post, to make sure the picture on all channels is as good as possible. High Plains Cablevision plans to invest a considerable amount of

money in new equipment which will allow us to keep pace with the fast-changing world of cable TV."

Betty Looney also advises cable customers that they will be receiving complete details about Home Box Office and the other new cable services during the next few months. She says the phone number of the cable office remains the same: 495-3127.

Evans and Ernie Larson of Denton, Tx., who is treasurer of High Plains Cablevision, appeared before the city council Monday night to explain plans for the new firm's operations here.

The council had requested the meeting before approving the transfer of the city permit to High Plains Cablevision.

Larson said "we're going to be a good corporate citizen of Post." He added in answer to questions it will take up to four months to complete the earth station here to receive the satellite.

As for financial information on the firm, Larson said he would be glad to supply it but hoped it wouldn't be made public because it is a private firm and had competitors in the cable business.

Mayor Giles McCrary assured Larson that if he would provide it to the city's attorney, the council would accept the attorney's recommendation on the matter.

## Be a Book—

(Continued From Page One) Day" emblems also will be distributed at the library to all who participate.

Those volunteering to carry a book for the day are asked to visit the library next week to check out a book for that purpose, if they don't have a library book already checked out, and to receive the emblem to wear on shirt, coat or dress.

The "Be with a Book for a Day" program intends to involve all citizens in an effort to expand public awareness of the importance of libraries.

National distribution of 50 million "Be with a Book for a Day" emblems and 30,000 posters are planned throughout all 50 states.

Librarian Peewee Pierce and Post Library trustees chairman Jim Cornish ask those interested in the Post library to not only carry a library book next Thursday, but to choose it carefully, talk about it to all who ask questions, and share their library experiences.

"Perhaps no person can be a poet, or can even enjoy poetry, without a certain unsoundness of mind." Macaulay

Get up to \$10 back from Kodak!
