

FRIDAY - SATURDAY - SUNDAY

OS Roping Weekend Opens With Triple Auction

Well it's here! All the preparations are completed, and all that remains is just the doing, and the enjoying. The OS weekend is here again for the 12th year, and as big and as great as all the rest.

Jim Prather, and his crew of office staff and all his many volunteers have put many hours of work into making this the best OS weekend ever, and the weather so far looks to be just great. Of course Mother Nature could rear her head, but so far she has cooperated with all the rest.

Several new innovations have been added this year along with the steer roping, calf roping, cutting horse competition, barrel races, washer pitch and the art exhibit, and one of these is the triple auction which is scheduled for Friday, Oct. 1, at the OS Ranch, when 10 pieces of donated western art, 10 Longhorn cattle, and 10 yearling Quarter horses will be auctioned.

The public is invited to the Friday night activities, just pay your admission at the gate, but if you plan to attend the buffet that is being served, please make reservations.

Entertainment for Friday night will include a dance at the ranch with Johnny Gimble, his son Dick, and the band, C.W. Slick.

The schedule of events for the weekend include the Friday 5 p.m. art preview party, the triple auction, art sale and the dance; Saturday, October 2, 9 a.m. barrel race, cutting horse competition, and the washer pitch; 10 a.m. art exhibit, 12 noon, the barbecue and the

Johnny Gimble Show, and 1:30 p.m. calf roping, finals team roping, and the finals in the barrel race; and 9 p.m. the dance; Sunday, 8 a.m. old timers breakfast, 9 a.m. church service and art exhibit, 12 noon, a barbecue and Johnny Gimble entertainment, and 1:30 p.m. the steer roping and the finals in the cutting horse competition.

The art is on exhibit and for sale from 10 a.m. to 5 p.m. Saturday and Sunday. Over 100 works are for sale, and many of the artists will be present at the exhibit.

Defending arena champion Guy Allen of Lovington, New Mexico will be considered as a strong favorite when the 12th annual OS Ranch Steer roping begins this weekend.

Allen qualified as the number one contestant for the 1982 National Finals Steer Roping Sept. 11 and 12 in Laramie, Wyo. During the first day of competition he won two go-rounds and placed third in another to clinch his third world championship in the past six years.

Other OS contestants that have been big winners recently include Wade Lewis of Hereford, Texas, the defending combination champion, winning the average and the largest dollar amount at the NFSR. Jim Davis of Pecos, Texas winning the Roswell, N.M. steer roping championship. Defending OS calf roping champion Roy Cooper of Durant, Okla., who will also compete in this year's steer roping, winning the all-around cowboy honors at Pendleton. And Phil Lyne of Cottula, Tx., winning this past weekend's H Double Slash steer roping at Wilson, Okla.

WINNING STYLE — Jim Prather, wagon boss of the OS Weekend, is shown with his winning style, that he will be using this weekend in the steer roping.

Surely, There are at Least 100 People Here to Give Pint??

By WES BURNETT

So far in 1982, people in Post have donated 32 pints of life-giving blood...and on October 16 at least 100 more donors are expected to boost the community's contributions to a record high.

Coordinated by the Post Ministerial Alliance, the blood drive will be administered by United Blood Services of Lubbock.

Donors are encouraged to contact one of the churches in the Alliance to set up specific times to donate during the 9 a.m. to 5 p.m. event, at the Community Center.

"Our goal is to show ourselves that we can do it," drive chairman Rev. Tom Pals comments, "and we believe there are plenty of folks in our community who are willing to share a part of themselves in order to help others."

A donation of blood is one of the truly free gifts one human being can offer to another, especially since there are no guarantees of a return favor nor do we have any idea who will benefit from our contribution.

Transportation will be provided for those who need it, simply by letting one of the ministers know about the need.

It's not too early to call and get a time for your gift...any of the following Alliance members are ready to help:

J. W. Brown, 495-2359; Kenneth Cook, 495-3474; Church of the Nazarene, 495-3044; Bob Ray, Faith Lutheran; Glenn Reece, 495-2814;

Steve Traw, 495-3716; Tom Pass, 495-2315; Kenney Kirk, 495-2942; George Roney, 495-2791; Leon Medina, 495-2610; Arthur Kelly, 495-3192, and Albert Shults, 495-3038; Paul D. Jones, 495-2326.

Commissioners Provide Office to Outreach Teachers

The Commissioners Court met Monday in regular session, in the Commissioners courtroom, with T. D. Craft, Ted Aten, Mike Cisneros, Herbert Walls, and County Judge Giles W. Dalby present for the meeting.

The following business was transacted:
A motion was made and approved for office space to be made available for the Outreach Teachers in the Garza County Service Center Building.

Vicki Gannon was approved as Deputy Clerk to Carl Cederholm, to act as Deputy Clerk in County Court matters.

The precinct line in Precinct 1, which takes in a portion of the Courthouse was discussed, but no action was taken.

Cheryl Walker extended the Commissioners' Court a personal invitation to the 4-H Banquet, Oct. 9.

County Officers Make Arrests

Garza County officers have made several arrests in the past week, and are in the process of investigating several cases of vandalism and burglary.

Arrested since August 15, were Rudy M. Gonzales, for possession of marijuana paraphernalia, he paid a \$206 fine and court costs in city court;

Olga Hernandez, arrested 9-15, for disorderly conduct and possession of marijuana paraphernalia, plead guilty to the possession charge and paid \$206 in fine and court costs and plead not guilty on the

disorderly conduct charge, was out on \$200 bond in city court on that charge.

Fernando Gonzales, arrested 9-15 for disorderly conduct and public intoxication, paid \$312 in fine and court costs in city court;

Antonia Hernandez, arrested 9-15, for disorderly conduct and is out on a \$200 bond in city court.

Maurice Henry Lakson, arrested 9-19 for driving while intoxicated and is out on bond.

Homecoming 'Blast' Planned

By WES BURNETT

The Tahoka Bulldogs enter Antelope Stadium Friday night to find out if the 1982 'Lopes are as good as everyone seems to think and as they have shown on the field so far this year.

In addition to the fact that this contest is already a seething rivalry, the Antelopes will be celebrating Homecoming.

Not having beaten Tahoka in the last three years is another reason Friday night's non-district match-up is important to the Antelopes.

Tahoka has not scored during its first four games

and the 'Lope defensive unit is working to keep that record intact.

The Bulldogs will play a better game here than all year, simply because of the rivalry if nothing else and like most teams the Antelopes play, are out to get "the number one team."

Operating from a Wing T offense, Bulldog quarterback Tony Garcia, a 145 pound senior, gives the ball to wingback Steve Pierce, a 165 pound junior.

On the line 190 pound senior John Curry leads the blocking and he leads the 4-3 defense at middle linebacker.

Both teams will be out to prove a point.

BAND SWEETHEART NOMINEES — One of these three young ladies will be crowned Band Sweetheart, Thursday afternoon in the Homecoming Pep Rally to be held in the High School gym at 3 p.m. They are (left to right) Patti McCowen, Monique Claborn, and Denise Smith.

ANTELOPE QUEEN CANDIDATES — The Post Antelope football team selected these three young ladies to be candidates for football queen this year, and one will be crowned queen during the Pep Rally Thursday afternoon. They are (left to right) Charlotte Murphy, Cynthia Poole and Darla Jackson.

Garza County News Briefs

Pep Rally Thursday

The Homecoming Pep Rally will be held Thursday, at 3 p.m. in the high school gym. The football queen, and the band sweetheart will be crowned at this time.

The public is invited to attend this pep rally, and visitors are encouraged to enter the north entrance of the gym, for easier seating.

Register to Vote

If you plan to vote in the November 2, 1982 General Election, you only have until 5 p.m. October 4, to register to vote.

You must register 60 days prior to an election to be eligible to vote, and the time is running short. Take an interest in your government, and the men who will represent you.

Oil Lease Course

Snyder attorney Steve Payson will lead a nine hour course on oil and gas leasing as part of a Western Texas College program at Post High School starting October 5.

The course, which is open to the public, is designed for people interested in learning more about oil and gas leasing and its legal procedures.

Registration will open at 6:30 p.m. in the high school library and tuition is \$20 per person.

The course will be conducted October 5, 12 and 19.

Charter Bus for Band

A fund raising drive has been organized by the Post Antelope Band Booster Club to provide charter buses for the trip to Childress on October 8.

"The 150-mile one-way trip would be torture for our band on a school bus," Band Booster Club president Rosemary Rogers comments.

The total cost of renting the two buses, including drives, will be \$1,110 and the booster club is asking for community support for the band.

Band students have volunteered to work for individuals or businesses to help raise the funds, and interested people should contact Rosemary at 495-3682 or 495-2769 to coordinate band members for work.

Contributions toward the bus rental may also be made to Rosemary at Edith's Liquor Store, 503 E. Main.

"We want to emphasize that this fund raising drive is strictly a band booster club sponsored event," she adds, "and we feel that the distance of the trip makes it important that our band members travel in a little more comfort than a regular school bus."

The Way I See It . . .

By WES BURNETT

Did you notice the lack of trains last week? Wasn't it kind of quiet?

I don't know about you, but I missed the sound of the trains rumbling through town. There's something about trains which gives the feelings of movement, action and progress.

Like most youngsters, I was fascinated by trains at an early age...and remember vividly the few train rides I enjoyed before passenger service disappeared.

I'm glad the trains are running again, but not so sure about the political handling of the strike...not being well-versed in the issues, I'll just let it drop...if anyone wants to comment, send us a note.

+++++

Speaking of trains, you really don't realize how much a part of our life they are until you live in an area where there are none.

We lived in such a community once...and it was strange not hearing the sound of the freight horn now and then.

Once, on a trip from there to somewhere else, we encountered a train...and we all just went ape... "hey, there's a train...by golly..."

I guess you'd have to be there to understand.

+++++

I've got to get something off my chest...I really like Post...but like most places, there are always some little things that gripe you.

My gripe is simple...every morning when I come to work there is trash strewn all over the sidewalk and the street. I'm trying to mount a campaign to keep the streets and sidewalks tidy...I don't enjoy working in a filthy environment.

I think the trash and stuff on the streets and sidewalks tell a whole lot about us...the kind of people we are.

From the looks of our downtown area, I'd say some of us never learned the basic rules of behavior...like throwing trash in a trash can...

Next time you think about throwing a wrapper or a can or whatever on the street, think for just a minute about what that says about the rest of us who live here.

How about a little help from you all to start a new movement to keep Post clean?

+++++

The problem with this gripe is...the very people who need to read it probably won't.

+++++

The Way I See It, no one or no place is perfect.

Mr. and Mrs. J. D. McCampbell

Mr. & Mrs. J. D. McCampbell Celebrate 50th Anniversary

Mr. and Mrs. J. D. McCampbell will be honored Sunday by their children, on their 50th Wedding Anniversary. A reception will be held in the Post Community Center, from 3 until 5 p.m.

Mr. and Mrs. McCampbell are longtime residents of Garza County, and were married Oct. 2, 1932 in Slaton, and except for a short period of about three years, have made their home in Post.

J.D. McCampbell and the former Vada Satterwhite met in the winter of 1931, when she was employed by Southwestern Public Service, Co. J. D. came into the office to pay his father's electric bill, and their office visits ended in their marriage in 1932.

Their wedding day was a rainy one, and they left Post at 7 a.m. in a borrowed car to travel to Slaton to be married. There were no pavements during that time

and they finally arrived in Slaton, at 11 a.m. at the home of her sister Mr. and Mrs. Brent Thompson, where they were married. Vada made the statement that the preacher who was to marry them, was preaching Post at that time, and would have had to leave Post following his morning sermon, and then be back in Post by 6 p.m. for the evening service, and with the conditions of the road, he was afraid he could not make it to Slaton and back in time.

J. D. was employed at Hamilton Drug, and later was hired by Doc Collier at Collier Drug, and then worked for McKee Wholesale in Lubbock, where they made their home from 1940 until 1942.

In 1944, he went into the Armed Forces in World War II, and his wife and young son continued to reside in Lubbock where she was a payroll clerk for Southwestern Public Service Co.

Following J.D.'s return from the service, he had a chance to transfer to the

Post Office in Post, as a clerk, and they were glad to move back home.

Later J.D. took the job as a rural mail carrier, a job he held until he retired in January 1980. He had been with the Post Office for 37 years.

Both Vada and J. D. are

The Post Dispatch Wednesday, Sept. 29, 1982 Page 3

instrumental in helping to preserve our County history, and have been actively involved in many community projects during their time here in Post.

They have raised two children, a son, Jerry Don

of Roswell, N.M. and a daughter, Mrs. Jerry (Judy) Bush of Post.

They also have six grandchildren, Kim, Eric and Laura McCampbell of Roswell, and Trevah, Traci and Salli Bess Bush of Post.

Mrs. Williams honored

A layette shower honoring Mrs. Jeff Williams, was held recently in the home of Juanella Hays, with Ruth McClellan as co-hostess, along with Jodie Palmer, Shirley Moore, Nina Daniels, and Donna Workman.

A play pen was presented as hostess gift. Refreshments of cookies punch, nuts and mints were served to those attending.

Many foods will keep well in the refrigerator longer than you think, provided they're wrapped well. Cabbage and lettuce will stay crisp and green for one to two weeks, if covered in plastic wrap. Bacon, franks and poultry should be wrapped loosely. Poultry's refrigerator life is one to two days...bacon and franks, five days.

Traci Rollins Weds Martin Matsler

Wedding vows uniting Traci Corn Rollins and Martin Bailey Matsler were held Saturday, Sept. 18 at 2 p.m. in the Family Life Center Chapel of the First Baptist Church in Plainview. Dr. Fred Meek, pastor officiated.

Parents of the couple are Mr. and Mrs. Jack Corn and Mr. and Mrs. John Matsler all of Plainview.

The groom is the grandson of Mr. and Mrs. Martin Nichols of Post, and the late Mr. and Mrs. Bailey Matsler, also of Post.

Wedding music was presented by Janene Van Klyve, pianist, and Juanetta Matsler, sister of the groom, and Jerry Chapman, soloists.

The altar was decorated with a large arrangement of ivory roses and greenery in a brass container. Two mauve colored tapers and two brass pots containing greenery completed the altar setting.

The bride wore a floor length gown of candlelight pink crepe and lace. The bodice of re-embroidered Chantilly lace featured a Victorian neckline and a new yoke accented with seed pearls. Sheer Bishop sleeves were lined with lace and the A-line skirt fell from an empire waistline. Her headpiece was fashioned of silk flowers and pearls. The bride carried a cascade arrangement of cream and mauve sweetheart roses, stephanotis and English ivy.

Maid of honor was Elaine Corn of Lubbock, sister of the bride, with Juanetta

Matsler, sister of the groom serving as bridesmaid.

Wes Naron of Canyon was best man, and Karl Matsler, brother of the groom was groomsman. Sam Corn, brother of the bride, and Tim Owen of Lubbock were ushers.

The bride's attendants were identically attired in styled dresses of floor length mauve silk. They featured pleated sleeves and full skirts, and each carried a fan covered with mauve rosebuds and daisies tied with streamers of love knots.

A reception followed in the Family Life Center parlor. The bride's table was covered with a cloth of white lace and was centered with a large arrangement of ivory and mauve roses and greenery.

The bride's cake was tiered and topped with two kissing angels and mauve daisies. The cake was made by the bride.

The groom's table was covered with a white lace cloth and centered with a brass candleabra with mauve candles and the bridal bouquet. The chocolate cake was designed with two bells and was made by the bride's mother.

The rehearsal dinner was hosted by the groom's family in their home.

The couple will make their home in Muleshoe where the groom is employed by Valley Grain Products.

Both the bride and groom are graduates of Plainview High School and both

attended South Plains College.

Out of town guests included Mr. and Mrs. Harold Lucas, Beulah Gilmore, Louella Bilberry, Mr. and Mrs. Don Greer and David Nichols, all of Post, and Mr. and Mrs. Michael Sears and Stephanie of Dallas and Mr. and Mrs. Billy Caudle of Lubbock.

Cynthia J. Kirkpatrick of 1010 West 10th in Post, and the daughter of Mr. and Mrs. K. W. Kirkpatrick, is one of the more than 700 students at Texas Tech University who qualified for the deans' honor roll in the six colleges during the second term of the 1982 summer session.

To qualify for a dean's honor roll, a student must have a grade point average of 3.5 or more on a 4.0 scale and must have taken at least six semester hours of work.

Texas Tech has an enrollment of 23,000 in six colleges; Agricultural Sciences, Arts and Sciences, Business Administration, Education, Engineering and Home Economics.

Noel and Orabeth White were honored on their 25th wedding anniversary with a reception at the Graham Community Center Sunday evening from 7:30 until 9. The couple's wedding colors of turquoise and pink, with silver were used throughout the center. Approximately 100 guests were registered by Angela Graves, niece of the couple, and Trevah Bush. The registering table was covered with a white cloth and featured a wedding picture of the couple in a silver frame, and an arrangement of turquoise and pink carnations, both gifts to the honorees. Receiving the guests were parents of the couple, Mr. and Mrs. Quannah Maxey and Mr. and Mrs. L. C. White. The serving table was covered with a white crystalline cloth edged with lace over white satin. It was centered with a silver candelabra entwined with tiny turquoise flowers and turquoise tapers on turquoise velvet ribbon streamers. The cake, made by Jennie Cowdrey, was identical to the couple's wedding cake, which was made by Mary Stone. It was topped with the same bride and groom ornament. A silver punch bowl and cups with other silver and crystal appointments were used. Serving the cake, punch, nuts and mints, were Keitha White, daughter of the couple, and Jane Mason, Mrs. White's sister. Wedding pictures of the couple were displayed over the gift table. Photography of the anniversary was done by Diane Graves, sister of Mrs. White. Special entertainment was provided by White as he played the guitar and sang four songs, two of them which he had written especially for Orabeth. Hosts for the occasion were the parents of the couple, children of the

INSIGHT INTO EYESIGHT

VAN MOORE O. D.
DOCTOR OF OPTOMETRY
EYE INJURIES

Eye injuries can happen to anyone. Thousands of people are injured every year through freak accidents, carelessness, or from exposures to hazards on the job.

If you wear glasses, good quality impact-resistant lenses will give you as much protection as possible. Your glasses should be checked often to make sure the lenses fit firmly in the frame and have not been scratched. Loose-fitting or damaged glasses increase the danger of eye injuries.

Anyone exposed to unusual hazards in his work should wear safety goggles or some other kind of protective eye shield. The

danger may not be just from flying metal objects or chemical splashes. It can come from gases, vapors, and fumes, and just plain ordinary dust, if there's too much of it.

If you need safety eyewear it should be of the highest industrial quality to protect you from accidents.

You and your eyes deserve the best possible protection. Your optometrist can help you get it.

Wildcats Find Out Why 'Lopes Are Undefeated

By WES BURNETT

There's an old axiom in football reporting, it's called "the team which makes the least mistakes usually wins."

The Post Antelopes (by our count) had eight mistakes last Friday night in Littlefield and their 20-6 win plus the Wildcats' 10 mistakes tells the story.

It wasn't so much the total of mistakes, as it was the type and the timing.

And as Dandy Don or Howard will tell you, taking advantage of the turnovers means a lot too.

The Antelopes went well prepared to Littlefield, where they met a well disciplined and talented team. The first quarter was a see-saw with no real offensive dominance established by either team.

At the closing of the first quarter, the Antelopes had moved from their 20 yard line following a punt to their own 44.

The first touchdown drive included two plays at the end of the first quarter and seven in the opening of the second quarter.

The sweep around right end worked like it shows on

the drawing board and Milton Williams slid into Wildcat territory at the 32, then on first down Richard Cisneros punched over right guard to the 30.

Williams scooted around right end to the 29, Post was penalized five yards back to the 34 and then quarterback Tim Tannehill hit Will Kirkpatrick for a key third down pass reception and a first down at the three yard line. Kirkpatrick had crossed from his right to his left and caught the ball on the 17.

The move to the end zone was a well executed Milton Williams dive over right tackle as the Antelope line provided the blocking.

Kirkpatrick hit the extra point for the 7-0 lead, with 9:04 on the clock.

On the next possession, following a stiff 'Lope defensive effort, the number one rated team in AAA Texas football hit the lights again.

The drive started at the Post 40 and took five plays, finished with a patented Post right end sweep as "lopin" Williams simply turned on the afterburners from the 24 and went into the end zone.

Kirkpatrick's extra point failed and with 5:47 remaining in the first half, the Antelopes went out front 13-0.

Littlefield mounted a drive in the closing minutes of the first half, but was stymied by a quarterback sack at the Post 35 as Cisneros and L.D. Harper squeezed Bryan Gregory to the ground.

The 'Lopes ran out the clock and went into half-time with a comfortable 13-0 lead.

Second Half

Post took the second half kickoff and couldn't move the ball, punted to Littlefield and the Wildcats moved from their own 46 to the Post 33 before losing the ball on fourth down on an incomplete pass.

On first down from the 33, Williams took a pitch-out from Tannehill on the sweep around right end, racing down the sidelines to the end zone.

A yellow flag fell to the ground, and the play was called back as one of the Antelopes was called for a "crack-back" block, which was questioned by the Post coaches.

Moving back to their 20, the Antelopes were unable to continue the drive and punted to the Wildcats.

The home team took the ball at their 44 with 5:25 left in the third quarter and moved to the Post 14 before running out of steam on a fourth down incomplete pass play.

The quarter ended with Post on its own 32 yard line, and a muffed handoff from Tannehill to Cisneros put the ball into the Wildcats' hands on the Post 46.

They took advantage of the turnover and marched to their lone touchdown in five plays, with Steve Greene going in from the 12 over left guard.

The extra point attempt was wide, the clock showed 9:43 left in the game.

Final Score

The Antelopes punted the ball back to the Wildcats on their next possession and just when it looked like they were mounting a threat, Wildcat running back Larry Cantu fumbled the ball and into the waiting grasp of 'Lope linebacker Toby Craft at the Post 39.

Ten plays later the Antelopes gave the fans and coaches some breathing room as they ate up the clock and added seven more points.

The drive started from the fumble recovery at the Post 39 and included a sweep by Williams to the Littlefield 44, called back to the Post 34 on an illegal use of the hands penalty.

Then Tannehill found Bill Black at the 41 for a second down and Kirkpatrick took the ball around right end to the 46, setting up a crucial third down situation. Tannehill ran the quarterback keeper smoothly to the 50 and a first down.

Williams went over left tackle to the Wildcat 41 and got the call a second time, losing one to the 42. On third down Tannehill pulled the keeper over right tackle to the 33, spilling would-be tacklers on the ground along the way.

Williams took a pitchout over right guard to the 23 and again to the 12 and Tannehill finished it off with a keeper around left end to the end zone.

Kirkpatrick hit the point-after and with 2:17 left in the game the 'Lopes topped off the scoring, 20-6.

The defense took over and held the Wildcats' final push, the offense ran out the clock, moving to the Littlefield 17.

Game Statistics

The Antelopes ran for 211 yards and passed for 70 in the 281 yard total, compared to 224 on the ground and 35 passing for the Wildcats.

Tannehill was good on seven of 13 passes and had one intercepted.

Williams collected 132 yards on 23 carries to lead the 'Lopes in rushing, followed by Tannehill with 10 carries for 59 yards, and Richard Cisneros five for 21.

Tannehill passes were caught by Bill Black with three for 29 yards, Will Kirkpatrick twice for 22, James Lee once for 14, and Williams once for five yards.

Tannehill punted five times for a 37.2 yard average and the Antelopes were penalized five times for 35 yards.

The Wildcats punted four times for a 40.5 yard average and were penalized four times for 40 yards.

On defense Cisneros and Marvin Wynne were credited with one fumble recovery each as Black and Giles Dalby caused one fumble each.

8th Grade Loses One

The 8th grade football team managed 57 yards rushing and 37 yards passing in a 32-0 loss to Littlefield last week.

The game saw Post lose the ball seven times on fumbles in the contest played in Littlefield.

The 8th grade team hosts Tahoka Thursday with a 6:30 p.m. kickoff.

Strake Talk

FROM YOUR NEXT LT. GOVERNOR

This may be my last column in this series. We began this column ten weeks ago, hoping it would be a success. And judging from the response of the readers, I would call it an unqualified success. The mail has been very favorable. The columns that drew the most response were those dealing with education of our children, the property tax issue, and the issue of Mr. Hobby raising funds for the ACLU to use in that organization's crusade against prayer in schools and in defense of pornographers.

I have made a point in these columns that Texans need a Lt. Governor who is in touch with the people he is supposed to serve. Mr. Hobby is clearly out of touch with the thinking of Texans, and, in my opinion ought to be retired.

Mr. Hobby's lack of understanding can be illustrated: Texans are overwhelmingly in favor of President Reagan's efforts to transfer power and responsibility back to the states. I agree that Texans can do a better job for Texas than Washington can. Mr. Hobby disagrees. The vast majority of Texans do not believe they ought to be forced to pay for the education of the children of illegal aliens. I have compassion for these children—but I must confess that I care

more for Texans who are faced with the burden of supporting their own children in hard economic times. Mr. Hobby disagrees. Most Texans think our Right to Work law should be incorporated in the Texas constitution. I agree here, too. But Mr. Hobby disagrees and has fought the effort. The list goes on and on.

The problem with continuing my column is a simple one—money. We originally budgeted for ten columns, and we have now reached that point in our budget. If we are successful in raising more campaign funds, you are likely to see more columns. I hope so, for this seems to be a good way to get the issues to the people.

These columns are needed. Without them Mr. Hobby will clearly avoid the issues and seek to confuse us with 30-second TV commercials created by his image builders. If you would like to see these columns continue and would like to help in that regard, please send your contribution. If you can't make a contribution, I assure you that your opinion will be equally important. Please write to me at Texans for Strake, 1213 W. 34th, Austin 78705. Let's keep in touch.

Freshmen Drub Littlefield 42-0

The freshmen Post Antelopes blitzed Littlefield here last week in a 42-0 drubbing, opened up with a 32 yard kick-off return by Greg Adams.

After Adams' return to the 47 yard line, it took the 'Lopes five plays to score, coming on a Simon Salinas carry from six yards out.

Quarterback Joel Kirkpatrick threw the ball to Sam Binford the two-point conversion.

The second touchdown came on the third series with fullback Tracy Price busting loose for a 50 yard score.

In the second quarter Binford recovered a fumble on the Littlefield 31 yard line and four plays later Adams scored from 21 yards away.

Just before the half, Adams broke for a nine yard touchdown play and Kirkpatrick ran in for two points.

In the third quarter the Antelopes went 71 yards on a sustained, eight play drive, ending with Steve Gomez scoring from the 30 yard line.

The next score came on a 74 yard drive in 13 plays with Salinas hitting paydirt

from 35 yards out and Gomez getting the two point conversion.

Defensive highlights included Binford's recovered fumble, Delton Osborn fumble recovery, Greg Storie's intercepted pass and good play from James Mock, David Shults, Jay Fluitt, Donny Payne, Benny Hair, Tracy Price, Mark Valdez, Tim Tanner, Russell Graves, Sam Hardin, Rodney Tidwell, Kurt Williams and Danny Foster.

"The whole offense played very well," coach Dwayne Osborn comments, "and our offensive line blocked great as the backs ran hard...it was a great offensive game."

The freshmen Antelopes mounted a 459 yards rushing attack and three yards passing and held Littlefield to a total of 82 yards offense.

The team travels to Tahoka Thursday for a 5 p.m. kickoff.

The surprise in the eyes of Wildcat defender Billy Nix (30) tells the story as Antelope running back Milton Williams (33) turns the corner on a typical Post sweep during last Friday's 20-6 win at Littlefield. (Photo by Norma Baumann)

JV Return With 16-0 Victory

The junior varsity Antelopes scored twice, but that was all they needed to shut out the visiting Littlefield Wildcats 16-0 last week.

The first touchdown came on a 67 yard drive, capped by a three yard run by Mike Ollison. The key play in the drive was a 44 yard run by Curt Greer.

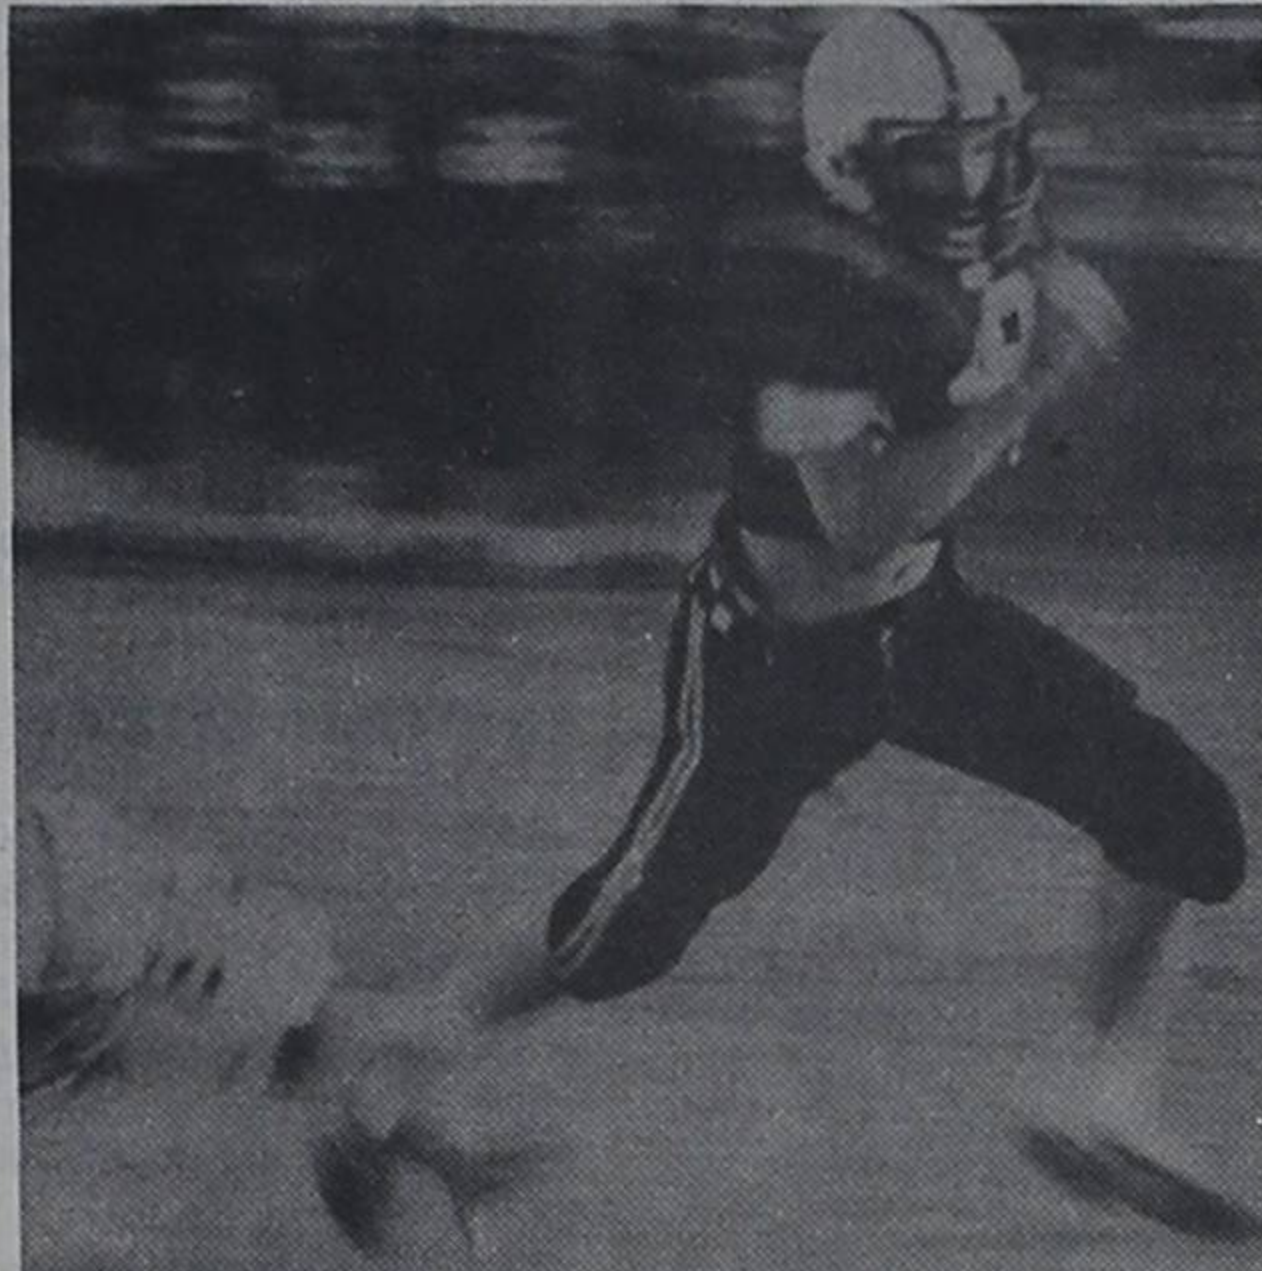

The second score was set up after Littlefield was forced to go for a fourth down at their six yard line. Greer ran the ball in from

the six and the point-after attempt was blocked.

"We recovered two fumbles and collected one pass interception," coach Lane Tannehill observes, "Jay Valdez and Curt Greer got the fumbles and Dennis Lee intercepted the pass."

The coach also praised the playing of Charles Johnson, Rodney George, Curt Cowdrey and Mike Johnson.

The junior varsity travels to Tahoka Thursday for a 6:30 p.m. kickoff.

Rodney Hays, junior varsity wingback, get loose from a Littlefield Wildcat during last week's contest here.

7th Grade Team Outscores Littlefield

The 7th grade football team outscored Littlefield 14-0 there last Thursday, as Ben Kirkpatrick opened up the game on a 63 yard kick-off return to the Wildcat seven yard line.

The touchdown drive included a Mike Bartlett run over the left side to the six, Lex Dunn off right tackle for two yards to the four and with third and goal Blair Didway ran the sweep to the left to the two and on fourth down Didway crashed in behind good blocking for the touchdown.

Kirkpatrick, Mike Ayala, Tony Ramirez and Bartlett provided the blocking for Didway's score.

The second touchdown came in the third quarter after a bad snap by the Wildcats on their own seven yard line.

The punter tried to run the ball out of the end zone and was tackled by a hustling Antelope defense at the two yard line.

From there it took one play to score as Bartlett took the ball in over the left side and then also ran the two-point conversion through the right side for the 14-0 lead.

"The entire defense played well," coach Fred Postell reports, "and Littlefield never really threatened."

He praised ends Mike Ayala, James Leviritt, Augustine Soto; tackles Mark Tyler, Bobby Gonzales and Blaine Davis; linebackers Ben Kirkpatrick, Mike Bartlett, Daryl Foster, Mike Moore and Gary Puckett and secondary Brent Jones, Eddie Slay, Blair Didway, Lex Dunn, Mike Wells, Curtis Williams and Glenn Hardin.

The 7th grade team hosts Tahoka Thursday at 5 p.m.

Simon Salinas rounds the corner as the Antelope freshmen whopped visiting Littlefield last week.

did you know?

Electricity is vital to our food supply. A full 16.5% of the energy consumed in the United States is used in the production, processing and distribution of food. Additional electricity is used by businesses like farm equipment dealers and feed suppliers who depend on agricultural sales. Managing electricity wisely helps the farmer, the utility company and each of us, since the cost of electricity directly affects the price we pay for food at the supermarket.

Sam Thomas, Agricultural Development Manager, Amarillo.

Air leaks in your home can increase your yearly electric bill by 20 to 40%. Air can enter your home through cracks around doors, windows or any other place where two materials or parts of the house meet. To find air leaks around your home, wait for a windy day, then turn off your furnace or air conditioner. Hold a small piece of tissue or a candle next to cracks around windows and doors. If the tissue or candle flame flutters, leaks are reducing your home's energy efficiency. Weatherstripping and caulking can help plug these leaks and save you money, too.

Helen Hernandez, Order Clerk, Carlsbad.

Caring properly for portable appliances improves their safety and efficiency. Always plug an appliance cord directly into a wall outlet, rather than into lightweight extension cords. Unplug the appliance immediately after use. When disconnecting an appliance, pull the cord plug from the outlet first, then remove from the appliance. Always grasp the plug itself; do not pull on the cord. When cleaning portable appliances, first check the instruction book to see if the appliance is immersible. Then wash it with hot sudsy water and rinse and dry thoroughly. And always read the instruction book before using an appliance for the first time.

Joy Parnell, Consumer Service Representative, Lubbock.

On Thursday September 23, the Junior High football team will play in Whitharral at 5 p.m. The High School has an open date on Friday, Sept. 24. Thursday, Sept. 30, is picture day and all school pictures will be taken.

Also, the Junior High will play in Dawson at 5 p.m. on Thursday.

Football Statistics
Southland's unblemished record was not threatened Saturday in the game with Midland Christian. Southland is now sitting on a 3-0 record. Ray Diaz led the rushing with 89 yards on nine carries and made one touchdown. Alberto Saenz had 82 yards on six carries and made one touchdown.

Andy Wheeler had 43 yards on six carries and made two touchdowns.

Jimmy Hiracheta caught a five yard touchdown pass, while Ray Vasquez had 59 yards receiving and one touchdown along with a 20 yard interception touchdown.

Southland ended the game in the third quarter by the 45 point rule and ended up with 281 yards total offense.

FIRST CHRISTIAN CHURCH

When imprisoned the man prayed for an open door. Yet not for a door of escape as this one was jailed for his Christian faith. Requests to God were for further avenues to speak of the way to life eternal.

An open door for proclaiming God's Word was more desirable than escaping an unjust imprisonment. The Apostle Paul gave insights to prayer. His constancy, watchfulness, gratitude and purposefulness marks fervent personal prayer. Like the Apostle, we need to temper our hearts

by just such an eternal mind set. Priorities in our requests need to assume such eternal perspectives.

Following our 9:45 a.m. Sunday School, the 11 a.m. service and message will explore this call to prayer from Paul's Roman imprisonment.

The 6 p.m. evening study will explore Christian insights to the growing acceptance of mercy killing in today's society. This will be a challenging and penetrating probe at a topic that has or soon may touch many.

Booster Club Report . . .

The Antelope Booster Club met Monday night, with a record attendance of approximately 50 people, who were presented with an Antelope stadium cushion for being there.

A business meeting was held, and it was stated that more bumper stickers have been ordered and will be in soon.

An invitation was extended to all present to attend

Trinity Baptist Church of Post, will have revival services beginning October 6, and concluding at the morning service October 10. Services begin at 7 p.m. nightly, Wednesday through Saturday and 11 a.m. Sunday. A fellowship lunch will follow the Sunday

morning service. Rev. Tom Reynolds, pastor of the University Baptist Church of Lubbock, will be the evangelist. He will proclaim God's word nightly and will be assisted in music, by the Rev. Terry Don Thomason, music director of the First Baptist

Church, Slide Road in Lubbock. The "Sisters in Song" will bring the special music Wednesday evening, followed by the "Senior Citizens Choir", Friday and the First Baptist of Slide Road "Youth Choir", Saturday.

The Church invites everyone to attend these revival services. Those who cannot be present, the church asks for your prayers. The church asks you to come worship Jesus Christ with them and share the good news with others.

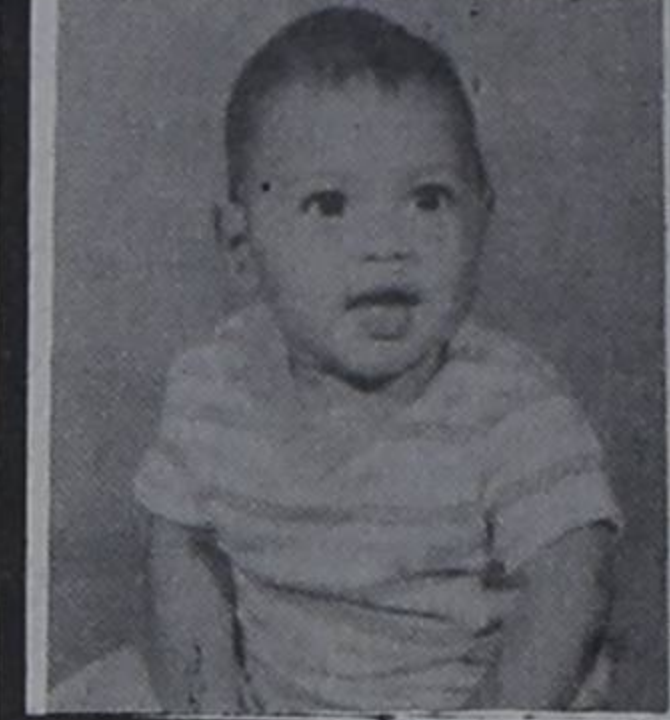

Grassland Church Holds Revival

Revival services are being held this week at the Grassland Church of the Nazarene with Evangelist Clifford Mayo. Services

begin each night at 7:30 p.m. with Sunday services at 11 a.m. and 6 p.m.

Evangelist Mayo is a long time resident of the West Texas area and currently resides at Dumont, Tx. Prior to becoming an evangelist he was a pastor in the Methodist Church and served as pastor at the Methodist Church in the Grassland community.

Rev. Tom Moore, pastor, members and friends of the Grassland Church of the Nazarene cordially invite the public to attend these services.

the Homecoming Pep Rally, which will be held Thursday at 3 p.m. in the high school gym.

Don Payne reported that one chartered bus has been filled, and another one has been tentatively reserved but must be filled before it can be reserved. So if you want to ride a chartered bus to the Childress game, for \$13 per person, Don must know by today (Wednesday) and he must also have the money to pay for the bus when it is reserved to give him a call at Collier Drug.

Student varsity guests were Wade Giddens, Irvin Price, Tim Tannehill, Melvin Wynne, and all made comments on the game with Littlefield.

A treasurers report was given, reporting that projects paid for by the booster club this year are the new goal posts, and carpet that was placed in the varsity and junior varsity dressing rooms.

If you want an Antelope windbreaker, you can expect a time of 2 weeks for delivery, from the time you order yours, cold weather is almost here.

Welding Course

SNYDER — Basic Welding techniques will be taught in a 30-hour Continuing Education at Western Texas College in evening classes scheduled to begin Oct. 12.

Instructor for the course will be Sam Walker, welding instructor at WTC. Students will pay fees of \$40 each and will need to provide their own gloves, goggles and tips. Classes will meet in the WTC welding shop from 6:30 til 9:30 p.m. on Tuesday through Dec. 14.

This course is designed to provide basic skills in the welding of metals. Participants will first learn the Terminology of the welding process and become familiar with the types of welds most commonly performed. It is designed primarily to introduce the beginner to welding skills and can also provide an opportunity for persons with some knowledge of welding to upgrade their skills through practice.

Students are to pre-register by calling the Continuing Education office at 573-8511, extension 240.

RECEPTION PLANNED
A reception-coffee will be held in the bank community room this morning (Wednesday) from 10 until 12 for State Senator hopeful John Montford. The public is invited to attend.

OPERATION OF UNITED CONVALESCENT OF POST IN COMPLIANCE WITH TITLE VI, CIVIL RIGHTS ACT OF 1964

Since Jan. 19, 1980, United Convalescent of Post has been operated on a completely non-discriminatory basis insofar as race, color or national origin is concerned. All of the facilities and services of our institution have been available to employees and patients on an equal basis. Lobbies, public toilets, dining areas, therapeutic services and etc. are available to all regardless of race, color or national origin, or handicapped. This has resulted in the room assignments being made without regard to race, color or national origin and bi-racial room occupancy on a frequent and infrequent continuing basis.

Annual notification to the community of our compliance is necessary since our facility participates in programs using Federal Funds.

Sincerely yours,
Bobbie Edler

NOTICE OF APPLICATION FOR FLUID INJECTION WELL PERMIT

Powell Properties, Inc. 95 Main St. Suite 10, Los Altos, Calif. 94022 has applied to the Railroad Commission of Texas for a permit to inject fluid into a formation which is productive of oil or gas.

The applicant purposes to inject fluid into the Clearfork formation, Post Montgomery A lease, Well Number 1. The proposed injection well is located 9 miles north of Post, Texas in the AFG (Clearfork) Field, in Garza County. Fluid will be injected into strata in the subsurface depth interval from 3526 to 3597 feet.

LEGAL AUTHORITY: Chapter 27 of the Texas Water Code, as amended, Title 3 of the Natural Resources Code, as amended, and the Statewide Rules of the Oil and Gas Division of the Railroad Commission of Texas.

Requests for a public hearing from persons who can show they are adversely affected, or requests for further information con-

cerning any aspect of the application should be submitted in writing, within fifteen days of publication, to the Underground Injection Control Section, Oil and Gas Division, Railroad Commission of Texas, drawer 12967, Capitol Station, Austin, Texas 78711 (Telephone 512-445-1373).

CITATION BY PUBLICATION
THE STATE OF TEXAS: TO: THE UNKNOWN HEIRS AND DESCENDANTS OF JOHN CLINTON BLAKEY, CLINTA BARBARA BLACKARD WILLIAMS, CAROLYN ESTINE BLAKEY, AND JAMES EDWARD BLAKEY, AND THE UNKNOWN OWNERS AND CLAIMANTS OF AN INTEREST IN THE OIL, GAS AND OTHER MINERALS SITUATED IN GARZA AND SCURRY COUNTIES, TEXAS BELONGING TO HATTIE DORWARD AT THE TIME OF HER DEATH, DEFENDANTS IN THE CAUSE NUMBERED AND STYLED HEREUNDER.

You are hereby commanded to appear before the Honorable George H. Hansard, District Court of Garza County, Texas, at the Court House in Post, Texas, at or before 10:00 A.M. of the first Monday next after the expiration of forty-two (42) days from the 28 day of September, 1982, the date of issuance of this Citation, by filing a written answer to Plaintiff's Petition that was filed in said Court on the 28th day of September, 1982, Numbered 3744 on the docket of said Court and styled: JOHN CLINTON BLAKEY, ET AL VS. THE UNKNOWN HEIRS AND DESCENDANTS OF JOHN CLINTON BLAKEY, ET AL.

A brief statement of the nature of this suit is as follows:
The Petition seeks appointment of First National Bank at Lubbock, Texas, Receiver, to lease the oil, gas and mineral interests situated in Garza and Scurry Counties, Texas, and belonging to Hattie Dorward at the time of her death, and to make safe and proper investments of the proceeds thereof in accordance with law, all as is more fully shown by Plaintiff's Petition on file in this suit.

If this Citation is not served within ninety (90) days after the date of its issuance, it shall be returned unserved.

The Officer executing this Writ shall promptly serve it and make due return thereof according to requirements of law, and the mandate hereof.

ISSUED under my hand and seal of this court at Post, Texas, on the 28th day of September, 1982.
Carl Cederholm
District Clerk of Garza County, Texas

Notice is hereby given that sealed bids will be received at the office of the Post City Manager on or before 12 o'clock noon, October 14, 1982 for the repair and renovation of the City Warehouse addressed as 205 South Avenue H, Post, Texas.

Specifications are available from City Hall, 105 East Main Street, Post, Texas 79356.

The City of Post reserves the right to accept or reject any or all bids and to waive any formality deemed to be in the best interest of the City of Post.

City of Post - Housing and Community Development Program.
The City of Post is planning to file an applica-

tion with the U. S. Department of Housing and Urban Development (HUD) for a Community Development Block Grant (CDBG) under the Housing and Community Development Act of 1977, as amended. The City's application will be submitted to HUD on or before November 8, 1982.

A public hearing will be held at 12:00 Noon, Thursday, October 14, 1982, at the Post City Hall, 105 East Main Street, to discuss the City's housing and community development needs and assess the City's past housing and community development efforts.

All citizens are encouraged to attend this public hearing and to present their views to the City. Written comments will be accepted by the City until the time the application is submitted to HUD.

Under the CDBG regulations, the City of Post is eligible to apply for one of the following:
Single Purpose Grants - \$300. per person in the City to a maximum of \$500,000. HUD has allocated \$15.8 million dollars for single purpose grants.
Comprehensive Grants - \$300. per person in the City to a maximum of \$800,000. HUD has allocated \$5.3 million dollars for comprehensive grants.

The basic intent of the CDBG is to eliminate slums, blighted housing and deteriorated neighborhoods by providing improved streets, parks, and community centers, improved utility systems, better drainage and other public facilities. CDBG funds may also be used to support economic development activities and public services including manpower training, crime prevention, health care, drug abuse and child care programs.

Copies of the official CDBG program rules and regulations will be available for public inspection at the October 14, 1982, public hearing on the CDBG application.
For further information of the CDBG program, contact Rebecca King, Post City Manager, at City Hall, phone 495-2811. Handicapped individuals who might have trouble attending the October 14 public hearing should also contact City Hall to arrange special assistance.

Notice is hereby given that sealed bids will be received at the office of the Post City Manager on or before 12 o'clock noon, October 14, 1982, for the construction of a metal building to be used for ambulance service and E.M.S. purposes.
Specifications are available from City Hall, 105 East Main Street, Post, Texas, 79356.
The City of Post reserves the right to accept or reject any or all bids and to waive any formality deemed to be in the best interest of the City of Post.

A-3 Card of Thanks

Our thanks to everyone at the First Assembly of God Church for making Pastor Appreciation Day a real success.

We appreciate the groceries and all that was done for us.

We love you.
Brother Johnny Brown and family

The outpouring of love as shown by visits, food, cards, gifts, flowers, and telephone calls helped to ease the pain of losing our loved, Horace V. Wheeler. The support of friends and relatives meant so much to us during this time of sorrow.
May God richly bless

each of you in a special way.
The Horace V. Wheeler family

We want to thank all the friends and neighbors who have helped our mother during her long stay in the community; also the good women who prepared and served us the beautiful dinner at Pleasant Valley Baptist Church.

Thanks to the pallbearers, Rev. Reece, the singers and Margie Pennell and special thanks to Dillard and Doris Dunn who so diligently and lovingly took care of our mother during the good and bad times.

Thanks to Hudman Funeral Home for helping us through our last moments.
Our prayers go to each and everyone.

Agriculture

LUBBOCK — Most High Plains cotton producers shortly will face two major decisions, note officials of Lubbock-based Plains Cotton Growers, Inc., "decisions that will have both immediate and short-term effects on their financial well-being."

First, for all farmers, will come the "harvest or destroy" decision, requiring a relatively simple calculation of cost versus returns. Will the value of lint and seed, considering both quality and yield, be sufficient

for not harvesting adversely affect the farm's established yield in 1983 or future years?"

Since this question may require a different answer for different farms, it can be best answered by county ASCS offices.

The other question is "How will harvesting affect, if at all, the total amount of government payments due?" A disaster payment (20.5 cents per pound) will be made on the difference between pounds harvested and 75 percent of established yield. A deficiency payment (13.92 cents per pound) will be made on 100 percent of established yield.

"Most may be able to figure this one out themselves," Johnson thinks, "but where there is doubt, the ASCS office again is the place to go for help."

Then will come important marketing decisions. At current reading it appears farmers will have no more than three alternatives. They can (1) sell at harvest for whatever price is offered, (2) sell on a "seller's call" contract or (3) put cotton into the government loan in hopes of selling equities at a later date.

Although each farmer will have to select a marketing plan suited to his own financial situation, Johnson says, "it should also be kept in mind that the route chosen by farmers collectively could well have an influence on prospects for better prices at some future time."

The loan was instituted for the specific purpose of giving farmers a way to hold cotton off the market until supply-demand conditions improve or until buyers are forced to bid up the price to meet their needs. But the loan can't be effective unless large numbers of producers take advantage of it."

Call contracts also offer the possibility of producers profiting from price increases that may come in months ahead. "And they have their advantages," Johnson admits, "but when widely used they discourage market improvement, working against the producer's objective, by making an adequate supply of cotton immediately available to the market."

Johnson finds the other alternative, selling direct into the market at harvest, the least attractive of all. "In times of oversupply it has the same market-depressing effect as a seller's call contract, and it leaves the producer with no chance at all to profit from any future price advances."

Representative Call For Emergency

State Representative nominee Steven A. Carriker of Roby joined with State Representatives Foster Whaley of Pampa and Larry Don Shaw of Big Spring in calling for a special observance of "National Farm Crisis Day", Saturday, October 2, 1982.

"Recognizing the problem is a major step toward solving it," Carriker said, "But some people in the current administration are keeping their heads buried in the sand and refusing to admit that a serious crisis is at hand in agriculture."

Carriker went on to say that not only is the severe depression in Agriculture hurting farmers, but it is hurting much of the rest of the economy as well. "It's pulling under businesses in small towns and adding to the growing burden of unemployment."

Workshop Gives Farmers Hints

LUBBOCK — Economic principles which will help farmers and ranchers make profitable business decisions needed to survive the '80's will be taught during a special workshop in Lubbock Oct. 13-15.

The three-day program has been especially designed by management economists with the Texas Agricultural Extension Service and the Cooperative Extension Service of New Mexico State University. The workshops also will be held in Ft. Stockton, Sept. 29-Oct. 1; Big Spring, Oct. 6-8; Artesia, N.M., Dec. 1-3; Las Cruces, N.M., Dec. 8-10; and Clovis, N.M., Jan. 10-12, 1983.

"The workshops are to aid farmers and ranchers in developing the decision-making skills which will be required to survive in the economic climate of the '80's," said Dr. Gary D. Condra, TAEX agricultural economist and farm management specialist at Lubbock.

"They will require a registration fee of \$85 and a 2½ day commitment of time, but they will go far beyond the usual program in providing the tools required for successful farm management, in bad times as well as good," he said. The fee will cover costs of meeting rooms, reference materials and textbooks; the instructors are provided by the sponsoring Extension Services.

Program participation is limited by available space and advance registration is required. Registration forms may be obtained from county Extension agents in Texas or New Mexico. Applicants may write to Dr. Gary D. Condra, Rt. 3, Box 213AA, Lubbock, Tx. 79401, sending name and address, first and second choices of location, and a check for \$85 made payable to Farm Management Workshop.

Subjects being covered by this workshop include the role and functions of management, management analysis and economic principles, cost concepts in economics, enterprise and partial budgeting, whole farm planning and budgeting and cash flow budgeting.

Among the questions to be addressed will be: Is big really better? When are certain costs not relevant to decisions? How do you decide how much water or fertilizer to apply? How much does it really cost to produce a crop? What budgeting is needed for the whole farm or ranch operation? How can you develop a cash flow plan to take to the bank?

The instructors for the course will be Condra; Dr. Lowell B. Catlett, associate professor of agricultural economics and Extension

agricultural marketing specialist, NMSU; and Dr. James B. Libbin, assistant professor of agricultural economics and Extension farm management specialist, NMSU.

The course emphasis is on economic principles that are relevant to short-run and long-run farm management decisions, Condra said. These topics will also provide the necessary background and foundation for a future series of workshops which are planned on farm accounting, marketing, risk management, income tax management, microcomputer applications, and financial planning, he noted.

All Buyers and Consigners Welcome!

When heat and air make the difference

A crowd gathered in the country square, curious to see the large, strange-looking contraption of paper and cloth. The on-lookers laughed at Joseph and Etienne Montgolfier as the two men ignited the pile of straw and rags beneath their invention.

The unbelieving crowd gasped as heated air began to fill out the paper and cloth of the world's first hot-air balloon as it climbed steadily to the then-astounding altitude of about six thousand feet.

As the inventive partners had managed the dynamics of heat and air to give flight to their idea, you and SPS and the High-Efficiency Add-On Heat Pump can make a difference with the everyday management of heat, air and electricity in your home.

When you install a High-Efficiency Add-On Heat Pump you increase the heating efficiency of your existing furnace, and add cooling efficiency next summer. You also qualify for a special electric rate from SPS for seven months of the year. Call us to see what your savings could be.

You and SPS, partners managing electricity, make the difference.
