Mothers To March On Polio Monday

Garza County's 1956 March of Dimes, now in its final stages, will be climaxed Monday by three events—solicitation of business firms, two-hour marathon and Mothers' March on Polio.

J. Lee Bowen, chairman of the county chapter of the National Foundation for Infantile Paralysis, said Wednesday that Southland was the first community to report on its March of Dimes. They raised more than \$200, he said.

In charge of the women's work. Cooperating in the marathon will be broadcast by radio station KRWS will be the Post Lions Club and other civic organizations.

The Mothers' March on Polio will be from 7 p. m. until 9 p. m., according to Mrs. Ingram, who is chairman. Those who wish to contribute to the MOD when the marchers call are asked to have their porch light burning or a light in the window.

Another Monday event will be a March of Dimes talent show at 7:30 p. m. in the Graham School auditorium. No admission will be charged, but donations will be taken for the campaign.

Solicitation of business places Monday will be under the direction of Bob Poole and the Rev. Almon Martin, co-chairmen; Bowen, and Mrs. J. L. Ballentine and Mrs. L. H. Ingram, who are

Block leaders named by Mrs. Ingram for the Mothers' March on Polio are: Mrs. Charlie Kikor, Mrs. Herman F. Raphael, Mrs. Donald Windham, Mrs. Walter R. Holland, Mrs. Max Gordon, Mrs. L. A. Barrow, Mrs. Curtis Davies, Mrs. R. H. Tate, Mrs. Lawrence Gray, Mrs. C. W. Terry, Mrs. Guy Floyd, Mrs. Pat

Students in the Post schools are assisting in the campaign by filling coin cards and by sale of "Blue Crutch" label pins. Coin containers placed in business places are said to be "filling up" faster than in any previous March of Dimes here.

Question Suspects In Break-In Here

Sheriff's officers questioned two suspects Tuesday in the burglary Sunday night of Phillips Quick Service Station, 512 North Broadway, in which approximately \$150 was stolen.

Moreland Named C. Of C. President

E. R. (Buster) Moreland, manager of Brown Bros., et al, oil operators, was elected Tuesday as president of the Post Chamber of Commerce for the ensuing year.

E. R. MORELAND

Suit Filed Against Sheriff And Deputy

Johnny L. Johnson, 43-year-old Post Negro, has named Garza County Sheriff Carl Rains and his deputy, J. W. (Red) Floyd, defendants in a U. S. District Court suit in which the Negro charges his civil rights were violated by the officers.

The break-in was discovered early Monday by Keith Kemp, manager. The burglar had entered by breaking out the grass in the station's washroom door, and then entering the office through an unlocked door leading from the washroom.

The four new directors replace George Samson, Victor Hudman, Ira Greenfield and Tom Power. Holdover members of the board are Moreland, Williams, Snyties, W. S. Duckworth, John N. Hopkins and R. J. Jennings.

Johnson asked in a petition filed in the Lubbock court last Thursday that he be awarded a judgment totaling \$80,000 in damages.

Why learn the hard way? This is the opinion of an ex-fire insurance man, Buddy Hart, who has been dealing insurance of all kinds for a moon. Fire is a costly mess so why wait until every-thing goes up in smoke before you insure. See Buddy at POST PRANCE AGENCY and talk your fire insurance needs.

Named as an ex-officio director was George (Scotty) Samson, who recently was awarded a life membership in the Chamber of Commerce. A charter member, Samson served several years as the organization's first secretary and has also served as president and in other offices.

Johnson claims in his petition that he received bodily injuries in "an unjustified and malicious shooting" on the night of Dec. 5.

Language Arts System Seen As Improvement

Miss Bettye Travis, who teaches 7th grade language arts in Post Junior High School, attributes the fact that English and its related subjects are her favorites to the competent English teachers she was "lucky enough to have" early in her school life.

Both elections are set for Feb. 11. The county-wide election is on the separation of the tax assessor-collector's and sheriff's offices. The Precinct 4 election, to be held at the Justiceburg school house, is on a \$50,000 road bond issue for purchase of right-of-way.

Completing census school census forms were sent home this week by children for their parents to verify and return in order that the census may be completed by Jan. 31 in the Post Independent School District.

New Tags Go On Sale Feb. 1

The new king-size 1956 automobile tags will go on sale Wednesday at the tax assessor-collector's office, where deputies have requested that vehicle owners not ask for "special" numbers.

Special numbers, they explained, are usually asked by those wishing the same tag number as their telephone number, street address, etc.

This is a busy time of year and we just can't afford to go to the extra trouble of seeing that certain parties get certain tags," one of the deputies said.

John Adams, mid-term graduate of Texas Technological College, has been employed as a teacher at Post High School, leaving the head coaching position as the only vacancy as the second semester gets under way.

Enrollment at junior high school is approximately 240, according to Principal Ellis M. Mills. John Banta's eighth grade science class is taking artifacts under Miss Katharine Stryker the second semester, and Miss Stryker's first semester artifacts class of seventh graders is taking science under Banta.

Principal J. M. Alderson reports that six or seven new pupils have been enrolled in the grade school to bring the total to 470. There are no schedule changes for the second semester.

Poll Tax Payments Nearing 1,000 Here; Deadline Is Jan. 31

Gene King, deputy tax assessor-collector, reported at 1:30 p. m. Wednesday that 971 poll tax receipts had been issued.

Croiser Revue Is Billed For Friday

The internationally famous Croiser Stage Revue, its appearance here sponsored by the Post Rotary Club, will be presented Friday in matinee and evening performances in the high school auditorium.

At a special meeting Monday night, the school board discussed the coaching vacancy. Supt. R. K. Green reports. The board members re-checked the list of applicants, but reached no decision on a replacement for V. F. (Bing) Bingham, who resigned Jan. 15.

Those who have not yet paid their poll tax but who intend to do so are requested to go to the tax office as early as possible in order to avoid the last-minute rush.

The one-hour matinee will be for students, with an admission price of 25 cents being charged. The evening show, beginning at 8 o'clock, will be two hours long, with admission prices being \$1 for adults and 50 cents for children.

Tom Williams, owner of Tom's Place here, was transferred Wednesday morning to Methodist in Lubbock after being admitted to Garza Memorial Hospital last Thursday morning. Williams is believed to be suffering from a kidney ailment. Further examinations were to be made at Lubbock.

First opportunity for use of the new poll tax receipts in this county will be the special elections set for Feb. 11. One is for Precinct 4 voters only—on a \$50,000 road bond issue. The other is county-wide and is to decide if the offices of sheriff and tax assessor-collector are to be separated effective Jan. 1, 1957.

The Croiser Revue, which recently returned from a tour of the Far East and other foreign lands, is said to be high quality entertainment for adults and youngsters of all ages.

Area Cotton Group Formed

W. O. Fortenberry, Lubbock County farmer and agricultural leader, was named chairman of the new group.

Purpose of the organization is to work for legislation favorable to the South Plains cotton industry, fight for the area's "fair share" of acreage allotments, work for greater use of West Texas cotton in the spinning mills, promote the use of cotton products in this area and elsewhere, work for better cotton markets, especially as effecting this area, and serve as a watchdog over the South Plains' cotton interests in general.

The organization, first of its kind ever formed to represent the South Plains, climaxed two hours of discussion at the Tuesday meeting, which itself climaxed weeks of planning and years of need.

IT'LL BE FEB. 1 and after before we have another "go" at this column and that brings a reminder of what February will usher in besides an extra Leap Year day on the tail-end of the month.

THE VERY FIRST day of February, which is next Wednesday, will see the new 1936 automobile tags go on sale for the first time, and long faces on the parts of those who meant to pay a poll tax before the Jan. 31 deadline but just didn't get around to doing it.

TUESDAY, FEB. 7, is the date of the Chamber of Commerce's annual banquet, and two important elections—where you can use that brand-new poll tax—are scheduled for Feb. 11. One is the \$50,000 road bond election, to be voted on only in Commissioner's Precinct 4, and the other is the election on the separation of the tax office from the sheriff's office, which is to be voted on countywide.

FEB. 14 IS St. Valentine's Day, and there's a number of famous men's birthdays throughout the month, including Abe Lincoln's on Feb. 12 and George Washington's on Feb. 22.

WITH FIVE DAYS left, this month of January isn't over yet and it, too, has a few important events on tap before February's advent. The Rotary Club-sponsored Crosier Revue is set for Friday night, and the Mothers' March on Polio for Monday night.

A LOT OF PEOPLE think they have the world by the tail until they start to swing it.

WE'VE JUST BEEN nudged by a gentle reminder that in listing important February events we shouldn't have left out the Boy Scouts' 46th birthday, which will be observed during Boy Scout Week, Feb. 6-12.

WE SHOULD SAY not, because it's doubly important this year. The nation's 4,100,000 Cub Scouts, Boy Scouts, Explorers, and adult leaders will launch their Four-Year Program, "Onward for God and My Country," during the week-long observance.

ON THE SAME subject, congratulations to Boy Scouts of Troop 129 on reorganization of their troop in time for the Boy Scout Week observance.

THERE'LL BE A raft of Post and Garza County folks at the Southwestern Exposition and Fat Stock Show opening Friday and continuing through Feb. 5. Of course, they won't all be there at once, but during the one-week event it'll probably be hard for a Garza countian to wander far in any direction without bumping into someone from back home.

WE'VE NOTICED that the entry list for the clover leaf barrel race and the cutting horse contest read almost like Post Rodeo programs of the last few years. Some of the barrel race entries include Sherry Price of Ardmore, Okla., LaTonne Sewell of Atton, Okla., Frances Motley of Colorado City, Mary

Roger W. Babson Writes This Week

In The Next Fight Over Prohibition, Nation's Automobile Industry Will Support Cause

BARSON PARK, Mass.—My father used to say to me: "Roger, avoid the words NEVER and ALWAYS; also do not put dates on your forecasts." In discussing this unpopular subject of Prohibition, I will now observe his advice.

Prohibition Could Return First, let me say I am not forecasting the success of the Prohibition party as a political factor. Rather, I am forecasting that one of both the major parties will put some form of Prohibition in their platforms. The cause of the liquor traffic may be no different now than 25 years ago; but there is one great difference.

In 1933 when Prohibition was overwhelmingly defeated, there were no great industries to put up the funds to continue Prohibition, while the great brewers, distillers and other liquor interests supplied the funds to kill it. Then, however, there were only 20 1/2 million automobiles. Today—with 36 million automobiles—the situation is very different. In the next fight over Prohibition, the automobile industry (now the second largest) which includes manufacturers, sales agencies, the great gasoline industry, as well as the owners of property rented by these interests, should heavily support the Prohibition cause. And this group is increasing every year as more cars go on the roads. There are now over 225,000 filling stations earning nearly a billion dollars annually.

Methods Of Preventing Accidents Safety belts, compulsory car inspections, canceling of licenses, and even jailing offenders should help prevent accidents or make them less serious. However, none of these things seem to be effective. The main cause of accidents is with the brain of the driver. Hence, the great importance of insisting upon drivers keeping in line and not passing except specifically permitted. The basic reason why drivers disobey rules, crossing lines, driving fast, ignoring intersections and signs, is lack of mental control. People are all too willing to take chances. But civilization has progressed by a constant tempering of this instinct to risk, by education, religion, and laws working toward the development of self-control. This is a

TIME IS GROWING SHORT ...

Texas citizens of 21 to 59 years inclusive are being called upon this week to pay their poll tax if they have not already done so. Only four days remain before the midnight Jan. 31 deadline.

Up to 11 a. m. Monday, 897 poll tax receipts had been issued at the Garza County tax assessor-collector's office. This is 552 less than the 1,449 poll taxes paid in 1932, the last previous presidential election year. If the 1932 total is equalled this year, clerks at the tax office will have to issue 92 poll tax receipts on each of the six remaining days. Since the tax office is staying open at noon for the convenience of poll tax payers, the clerks have 54 working hours in which to issue the 552 receipts required to equal the 1932 mark. That boils down to a little more than 10 poll tax receipts an hour.

Two important special elections are coming up in February, and there may be others before the July and August primary elections. At the general election in November, voters will ballot on offices from president down, in addition to casting votes on a number of proposed constitutional amendments. So it looks like a poll tax receipt this year will be well worth the \$1.75 paid for it.

Some observers have indicated that the slow rate of poll tax payments in this county may be due to the fact that some taxpayers think they will escape jury duty by not paying their poll tax. Those who think so have been misled. To be eligible for jury duty you are required to be a qualified voter in every way except the matter of paying a poll tax. Answering these questions affirmatively qualifies you for jury service: Are you a household head in the county, or a freeholder in the state? Are you a qualified voter in this state? These questions cover all points, relating to age, residence, citizenship, sanity, etc.—a list of 15 questions—but not as to payment of poll tax. Article 57B of the Code of Criminal Procedure reads: "Failure to pay poll taxes shall not disqualify any person from jury service."

So, if you're old enough to vote and not in the age group exempt by law, pay your poll tax before midnight Jan. 31. That's next Tuesday.

Etcheberry of Lovington, S. M. Dallum-Van-yard of Tulsa, Bevels Jo Smith of Dal., N. M., Sue Flemiken of Humber, Van McDonald of Athens, and a number of others who have performed here.

NOVIS RODGERS, long an official of Post Stamped, Inc., will judge the cutting horse contest at the Fort Worth show, along with Frank Daws of Throckmorton. Some of the horses competing there which have appeared in Post rodeos include Mill Bennett's "Snooky," E. A. Skipper's "Poco Mena," Marion Flynn's "Marion's Girl," and Phil Williams' "Little Tom W."

ALMOST EQUALLY as important to good government as poll tax payments is the annual school census now drawing to a close. Every scholar on the census rolls means nearly \$70 in state funds for operation of the schools—every one missed lowers the school districts that much. If you know of any school-age child who hasn't been enumerated, telephone the Post High school office—the number is 52.

Getting Out On The Limb

By EDDIE the editor

WHAT IS IT like to live in a city without a regular newspaper?

The people of Detroit know—after a prolonged strike that shut down all three of its dailies. The merchants of the city learned it particularly well—the hard way. They used all the other media to the limit. Some stores put out handbills of their own, to advertise their holiday wares. Yet, though Christmas trade for the country as a whole was well above last year, many Detroit stores did less business. The lack of newspapers was responsible.

Again, the merchants faced a fresh problem at post-holiday sale time. They had bargains and specials to offer as usual—but moving them was another matter, without newspaper advertising space.

The community problems that arise from lack of newspapers are certainly not limited to the big cities. The smaller towns are equally dependent upon the weeklies and dailies that serve them. In the small town, especially, the newspaper is a running record of its history—a thread that constantly touches the lives of all the people who live there. And, despite the newer media, it remains the most effective means of advertising for merchants and others.

Infinitely more important, the newspaper, small or large, is a guardian of our rights and liberties which is always on duty.

A FORMER POST resident—who preferred that his name not be used—was in Thursday from his present home in Wichita, Kan., and was all "burned up" over an editorial he'd clipped from a Wichita newspaper.

He said it'd solve his feelings some if I'd print the editorial in order to let other patriotic Texans know what some of the Jay-hawker-editorial writers think of us.

When the guy was straggling past me the other day I said: "If I know him and his attitude toward us, I may as well drop it." I may as well drop it, and Alaska.

THE AMERICAN WAY

The Bible—Source of Melodious Joy

Texas has always boasted that Texas was the biggest state. Alaska, however, is so big that the entire state of Texas could be dropped into the northeast corner where it would be frozen and forgotten until some chap with a dog team stumbled onto it.

Texas think in superlatives. They claim they have the toughest men in the highest booted boots in the world, the widest wide open spaces, and the biggest battle monument.

Alaska, however, is the tallest mountain peak in both America, the biggest bears and the best food. There aren't enough lawyers to prosecute every lawsuit in the state. The state is so big that it can't be reached by a single road.

When you're in Alaska, you're in Alaska. You can't get out of there. You can't get out of there. You can't get out of there.

His wife, Jewell, now is better known as "Ma Perkins" for her many readings given over the country in oral interpretation. She is said to have been a great hit at National Rural Carrier Assn. meetings.

ORDER FOR ELECTION
(For Assessor-Collector Of Taxes)
THE STATE OF TEXAS
COUNTY OF GARZA

On this the 9th day of January, 1956, the Commissioners' Court of Garza County, Texas, convened in Regular session at the regular meeting place thereof at the Courthouse in Post, Texas, with the following members of the Court, to-wit:

Par N. Walker, County Judge; B. F. Evans, Commissioner Precinct No. 1; E. E. Peel, Commissioner Precinct No. 2; Ozell Williams, Commissioner Precinct No. 3; Sid Cross, Commissioner Precinct No. 4; Carl Cederholm, County Clerk, being present and among other proceedings had by said Court was the following:

Whereas Article VIII, Section 9a of the Constitution of the State of Texas, adopted by the people in the general election of November 2, 1954, provides that the Commissioners' Court may submit to the qualified property taxpaying voters of the county at an election the question of adding an assessor and collector of taxes to the list of authorized county officials; and

THEREFORE, BE IT ORDERED BY THE COMMISSIONERS' COURT OF GARZA COUNTY, TEXAS:

That an election be held in said county on the 11th day of February, 1956, which date is sufficient to give notice of this election in the manner as hereinafter provided; and at said election there shall be submitted to the qualified property taxpaying voters of said county the question of adding an assessor, collector of taxes to the list of authorized county officials of said County.

Said election shall be held at the following places in said County and the following named persons are hereby appointed Presiding Judges for said election:

Precinct No. 1 (North Post), Voting Place: north end court house, Presiding Judge and Assistant: Homer McCrary and Walter Crider.

Precinct No. 2 (Southland), Voting Place: Southland schoolhouse, and Presiding Judge and Assistant: Sam Ellis and Otto Klaus.

Precinct No. 3 (Verbena), Voting Place: Verbena Church, and Presiding Judge and Assistant:

Public Notice

NOTICE OF ROAD BOND ELECTION
THE STATE OF TEXAS
COUNTY OF GARZA
TO THE RESIDENT QUALIFIED ELECTORS OF COMMISSIONERS' PRECINCT NUMBER 4, OF GARZA COUNTY, TEXAS, WHO OWN TAXABLE PROPERTY IN SAID PRECINCT AND WHO HAVE DULY RENDERED THE SAME FOR TAXATION:

TAKE NOTICE that an election will be held on the 11th day of February, 1956, within COMMISSIONERS' PRECINCT NUMBER 4, OF GARZA COUNTY, TEXAS, in pursuance of an order for road bond election made and entered by the Commissioners' Court of Garza County, Texas, on the 9th day of January, 1956, at which election the following proposition shall be submitted:

"WHETHER OR NOT the bonds of COMMISSIONERS' PRECINCT NUMBER 4, a political subdivision of GARZA COUNTY, TEXAS, shall be issued in the total principal sum of \$50,000, for the purpose of constructing, maintaining and operating macadamized, graveled or paved roads and turnpikes, or in aid thereof, and which bonds are to bear interest at a rate not exceeding 3% per annum, and are to be payable at such time as may be deemed most expedient by the Commissioners' Court, but not to exceed Twelve (12) years from the date thereof; and whether or not ad valorem taxes shall be levied on all taxable property within the said Precinct for the purpose of paying the interest on the said bonds and providing a sinking fund for the redemption or payment thereof at maturity."

THAT the proposed improvements will be for the benefit of all taxable property situated in said Commissioners' Precinct Number 4 of Garza County, Texas.

THAT SAID ELECTION shall be held under the provisions of the laws of the State of Texas, particularly Chapter 16, of the General Laws of the State of Texas, passed by the Thirtieth Legislature at its First Called Session in 1926, as amended.

THAT THE BALLOTS for said election shall be prepared in sufficient number and in conformity with Chapter 6, V.A.T.S. Election Code, adopted by the Fifty-second Legislature in 1951, and that printed on such ballots shall appear the following:

"FOR THE ISSUANCE OF BONDS AND THE LEVY OF AD VALOREM TAXES IN PAYMENT THEREOF."

"AGAINST THE ISSUANCE OF BONDS AND THE LEVY OF AD VALOREM TAXES IN PAYMENT THEREOF."

AS TO the foregoing proposition, each voter may mark out with black ink or pencil one of such expressions, thus leaving the other as indicating his vote on the proposition; or, in the alternative, each voter may vote on the proposition by placing an "X" in the square appearing on the ballot beside the expression of his choice.

THAT SAID ELECTION shall be held in Precinct No. 4 at the Schoolhouse in Justiceburg, Texas, and the officers of said election shall be as follows:

W. F. McWhirt, Presiding Judge; Mrs. Pearl Nance, Judge; Mrs. Cameron Justice, Clerk; Mrs. J. D. Justice, Clerk.

THAT THE MANNER of holding such election and canvassing thereof and making returns thereof, shall be governed by the General Laws of this State, when not in conflict with the provisions of Chapter 16, of the General Laws passed by the Thirtieth Legislature, at its First Called Session in 1926, as amended; and only qualified electors who own taxable property in said Commissioners' Precinct Number 4 of Garza County, Texas, and who have duly rendered the same for taxation, shall be qualified to vote.

THIS NOTICE is given pursuant to the orders and directions of the Commissioners' Court of Garza County, Texas, passed and adopted January 9, 1956, and in compliance with the requirements of law.

WITNESS MY HAND and the seal of the Commissioners' Court of Garza County, Texas, affixed, this 9th day of January, 1956.

CARL CEDERHOLM, County Clerk and Ex-officio Clerk of the Commissioners' Court of Garza County, Texas. (Com. Crt. Seal)

McClintock-Davis Vows Are Read At Minister's Home January 22

LaJuan Davis, daughter of Mrs. Guy Davis, became bride of Kent McClintock, son of Mrs. J. W. McKelvey of New Home, Sunday afternoon, Jan. 22, at the residence of Rev. W. L. Porterfield, Methodist pastor, performing double ring ceremony in at 2 o'clock. The bride wore an off-white, style dress, designed by neckline and three-length sleeves and light accessories. Rosemary Gaymons, maid of honor, wore a light dress style dress, navy blue and a white carnage. Robinson attended the ceremony as best man. Reception was given at the bride's home immediately following the vows. Approximately 20 guests were present. This week the couple will come in New Home, following a trip to Ruidoso, N. M., where the bride chose a suit with black accessories.

Mrs. McClintock completed her studies at Post High School last week and will be graduated in May. The bridegroom, a graduate of New Home High School, is engaged in farming.

Miss Naomi Nichols' Engagement To Johnnie Matsler Announced

Mr. and Mrs. M. S. Nichols announce the engagement of their daughter, Naomi Ruth, to Johnnie D. Matsler, son of Mr. and Mrs. J. B. Matsler. Date of the wedding has not been set. Miss Nichols and her fiancé are graduates of Post High School and the prospective bridegroom was recently discharged from the service.

Mrs. Davis Is Named Honoree At Tea In W. M. Kirkpatrick Home

Mrs. Lee W. Davis, Jr., who before her recent marriage was Miss Alta Jane Pritchard of Pampa, was complimented when nine hostesses entertained with a tea Thursday afternoon in the home of Mrs. W. M. Kirkpatrick. In the receiving line were Mrs. Kirkpatrick, the honoree and her mother-in-law, Mrs. Lee W. Davis. She wore a black velvet dress, matching accessories, and a pink rosebud corsage. The houseparty was composed of Miss Sally Jennings, Mrs. Jess Cornell and Mrs. Sol Davis of Slaton, sisters-in-law of the bride, and the following hostesses: Mrs. Tom Bouchier, Mrs. J. E. Parker, Mrs. D. C. Williams, Mrs. L. A. Presson, Mrs. Jack Burrell, Mrs. K. Stoker, Mrs. Ollie Weakley and Mrs. R. J. Jennings. White tapers and pink carnations decorated the serving table, which was laid in a Venetian lace and cutwork cloth over

pink. White napkins with the couple's names in pink were used. Mrs. Sol Davis and Mrs. Stoker alternated in presiding at the silver coffee and tea service. The hostess gift was an electric mixer. Mrs. Burrell registered 50 guests between 3 and 5 o'clock. Out-of-town guests included the bridegroom's grandmother, Mrs. Nell J. Davis of Spur, the bride's aunts, Mrs. Jim Black and Mrs. Earl Phillips of Hereford and Mrs. Jim Russell of Lubbock.

Ten members of Post Chapter 206, Order of the Eastern Star, were in Lubbock Saturday for the School of Instruction, held at the Masonic Hall. Mrs. L. G. Thuet, Jr., worthy matron, served at three star-point stations during the day. Mrs. Alvin Young and Mrs. J. C. Fumagalli assisted with registration and issuing certificates and Mrs. Billy Johnson helped with the ticket sales for the banquet in the evening. Mid-term brought little changes as far as classes were concerned. The 3rd period study hall is larger due to the fact that civics used to be 3rd period.

Mr. Adams, who recently graduated from Tech and attended Hamlin schools before entering college, is now teaching American History at Post High. PHS welcomes him.

The Student Council met Monday afternoon. They discussed ordering membership pins. A pin was selected with a "56" year guard on it.

The 53-56 school term is half over. Graduation will be May 25.

The Homemaking classes are kept pretty busy thanks to Mrs. McQueen. She is doing a good job with the H. E. girls.

The Antelope Band measured for and ordered their new jackets Monday during band period.

Basketball season is over in February. Then comes volleyball.

The books are getting a "dressing up." By this, I mean that they are being covered. The grammar books, Texas History and so forth. Wonder how long it'll last????

LaJuan Davis is the first PHS girl to get married this year.

A tennis class is being organized. It will be 5th period.

A few couples seen together last week are: Wesley Guthrie and JoAnn Johnson, Bo Jackson and Betty Sue Hunt, Glenn Huntley and Ora Beth Maxey, Charles Chandler and Betty Sue Norman, Travis Polk and Carolyn Hudman, and Novis Pennell and Resene Welch.

Outstanding Young Man Awaits To Former Post Resident

Alvin G. Davis, 28, of Brownfield, formerly of Post, was named Outstanding Young Man of the Year at the annual awards banquet of the Brownfield Junior Chamber of Commerce held recently. It was the 14th year for the award to be presented by the Brownfield Jaycees.

Davis, a graduate of Post High School and Texas Technological College, is assistant cashier and agricultural advisor of the Brownfield State Bank. He is currently serving as president of the Brownfield Jaycee organization, as a director of the Brownfield Chamber of Commerce, secretary-manager of both the American Junior Rodeo Assn. and National Intercollegiate Rodeo Assn., as a director of Post Junior Rodeo, Inc., and as Brownfield city campaign director for the March of Dimes. He is a member of the Church of Christ, American Legion and Veterans of Foreign Wars.

The award was made on the basis of achievement, leadership and service to community, state and nation during the calendar year, as well as for past years while residing in Brownfield. Davis was nominated for the award by Casey Crutcher of Barker, Tex., president of the American Junior Rodeo Assn. The award winner is the son of Mr. and Mrs. Glen Davis of the Graham community.

Public Thanked On Christmas Mailing

Public cooperation today was credited with improved handling of a record volume of Christmas mail in this area. George A. Gray, director of the Post Office Department's Texas-Louisiana Region, said reports now being made to his office in Dallas indicate that there was about a 7 per cent increase in mail over Christmas of 1954. Postal revenues also increased about 6 per cent while work hours were up only 2 per cent.

On the local level, Postmaster Harold Voss reports that the public responded remarkably to Christmas mailing instructions. "Most people with Christmas cards to mail," he said, "carefully separated them into local and out-of-town bundles and freed them for quick processing through cancelling machines. This speeded up the dispatch of outgoing mail and helped postal workers keep pace with the deluge that gave the post office here its biggest volume in history."

New Timing Set For Easter Seal Appeal

New timing for the 1956 annual Easter Seal Appeal in behalf of crippled children was announced today by Euclid Hudson, president of the Texas Society for Crippled Children, the Easter Seal Society in Texas. Hudson said that the traditional Appeal, which in 1956 marks 35 years of service to America's crippled population, will be conducted from March 10 to May 10. The new schedule has been adopted to avoid conflict with other fund-raising campaigns.

Previous Easter Seal Appeals have closed on Easter Sunday, opening a month before that date. Best selling book in the world is the Bible. More than 25,000,000 copies are printed annually.

Social Security Representative To Be At Courthouse On Feb. 2

A representative from the Social Security field office in Lubbock will be at the district courtroom here at 1 p. m. Thursday, Feb. 2, to assist in all matters pertaining to social security. "Social Security credit cannot be given for employment of certain family members by others in the family group," John G. Halton of the Lubbock office said today. His cautions along this line continue below:

"The wages which a man pays to his wife for work in an unincorporated business owned solely by the husband must not be reported on the regular quarterly wage report. This employment of one spouse by the other is specifically excluded from coverage by the Social Security Act.

"The following work is also barred from social security credit: a son or daughter, under age 21, working for his father or mother, and a father or mother working for a son or daughter. "If the business is organized as a partnership and one of the partners is outside the close family group, this family exclusion law does not apply and the work is then covered by social security. Nor does the exclusion apply if the business is incorporated, even if one family owns all the stock.

"Ignorance of this provision can lead to disappointment. Occasionally, elderly persons who have worked in businesses owned by close family members have applied for social security

benefits based on this type of employment. We have had to inform them that social security credit cannot be given for this employment. Their benefits have thus been reduced by the removal from their record of such earnings.

"Since information on any part of the social security law is available for the asking, don't let lack of information lead you to disappointment."

Students in more than 700 colleges and universities throughout the country participate in Red Cross activities, including first aid, water safety, and home nursing training, and volunteer service to Veterans Administration hospitals.

65,569 Texans, Nearly All 18-Year-Olds, Register At Local Draft Boards In '55

AUSTIN (Sp.)—A total of 65,569 Texans registered at local draft boards in the state during 1955, practically all of whom were 18-year-olds.

This compares with a total of 63,852 in 1954, 66,546 in 1953, 69,023 in 1952, and 59,098 in 1951.

Federal law requires men to register on their 18th birthday, or within five days thereafter. Lt. Col. Morris S. Schwartz, state Selective Service director, pointed out.

Under present regulations and policies, no one is drafted under age 21 in Texas except volunteers or delinquents. But the law obligates males to register at 18.

Since the present law was enacted in 1948, all males born since Aug. 30, 1922, have had and now have legal obligation to register, except those not yet 18.

A man who fails to register as required, upon prosecution and conviction, is subject to fine up to \$10,000 or five years in prison, or both.

"Altering of registration certificates, or the carrying of registration certificates by unauthorized persons is subject to the

same punishment," Colonel Schwartz said.

Cases have come to light in the past where boys under 18 have had draft registration certificates in their possession so they can buy beer at public taverns.

Editorial Comment...

It Would Be Nice

We are almost of a notion to begin predicting the weather again. It is one of the possibilities that the "dry cycle" has come near to a close. The only thing that keeps us from predicting some real weather in February, with both wet and cold, is the tradition that February is a dry month. Also Jan. 2 (standing for the second month of the year) was a bright, shiny day. Otherwise there are some "indications." It would be "nice" to wade deep snow and slush for two or three weeks before spring arrives — "Views and Comments" in The Floyd County Hesperian.

Auto Inspections Dropping Behind

Long lines of automobiles will be waiting outside the doors of Texas' 4,000 licensed inspection stations unless motorists start getting their cars checked now, the Texas Highway Patrol warned this week.

A patrol district official said about 3,000,000 motor vehicles in Texas have yet to be inspected between now and the deadline, April 15.

The official cautioned that patrolmen and local officers will begin issuing tickets April 16 to operators of all vehicles without the new sticker. He said the maximum penalty of \$200 could be assessed by the courts for his violation.

Balk On Poll Taxes

Looks as if when they win the right to sit on juries, a lot of women lost their right to vote. Those who don't want to be burdened with jury duty are not paying their poll taxes this year, we understand—"Nearly News" in The Lamb County Leader.

There's A Difference

The friend of a wise Hamlin community matron asked if she had yet made the long trip to California to pay a visit to her son and his new wife.

"No, I've been waiting until they have their first baby."

"Oh, I see, you want to spend the money for the trip until then?"

"No, it isn't that," the matron replied. "It's just that I have a theory that grandmas are more welcome than mothers-in-law."

You Can't Find Them

Lots and lots of people are talking about the insurance frauds in Texas. Several local people, it seems, had bought stock in U. S. Faith Outbound

This is a scene you see every Sunday . . . hundreds of men and women pouring out of our churches. What effect does it have on the life of our community?

There was more happiness in our streets this week . . . more sympathy and understanding . . . more kindness and helpfulness . . . more determination to attain the highest moral and spiritual ideals.

We won't see Utopia next week. Human nature is still human. Perfection is God's alone.

But crowded churches change many lives. Worship and prayer strengthen souls. The seed God plants never dies, if we are determined to cultivate it.

Come to Church next Sunday. And when you leave, you and our community will be richer because you were there.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church: They are: (1) For his own sake (2) For his children's sake (3) For the sake of his community and nation (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Held On Road Plan

The State Highway Commission reacted favorably last week to a hearing on a proposed secondary road connecting Gail and Post, according to County Judge Pat N. Walker.

Attending the hearing were the commissioners' courts of Borden and Garza counties. Judge Walker said members of the highway commission expressed surprise that there was not already a road connecting the two county seat towns.

He said the commission indicated that it would be June before they could let the Borden and Garza County groups know for sure about the proposed road.

Road Jobs To Take 175 Working Days

Construction of three Garza County road projects for which a contract was recently let by the Texas Highway Department is expected to take 175 working days, according to S. C. McCarty, district highway engineer.

Total distance of the three projects is 15.396 miles, with 3.3 miles of that distance being the four-lane widening on U. S. Highway 84 from Post northwest to the top of the caprock.

The other projects, both farm-to-market roads, are from Southland south for five miles, and from Gordon to U. S. 84.

J. O. Boswell of Lubbock submitted the low bid of \$199,885.34 on the projects, which will include grading, structures, base and surfacing.

F. C. Stanley, resident engineer at Lubbock, will be in active charge of the projects while they are under construction.

SPELLING BOOKS HERE

Twenty-four Spelling Bee books have been received at the junior high school here and distributed among the various grades. A school elimination Bee will be held within the next few weeks, to be followed by the Garza County Bee, at which a champion will be determined to represent the county in the regional Bee sponsored by the Lubbock Avalanche Journal.

Lions' Ladies Night Is Tuesday, Jan. 31

The regular fifth Tuesday ladies' night meeting will be held next Tuesday evening by the Post Lions Club, with the program to be presented by a representative of the Lubbock office of the Social Security Administration.

At this week's meeting, it was reported that the club had contributed \$25.50 to the Polly O. Neal Memorial Fund of the March of Dimes. Announcement was also made that the Lions would take part in the March of Dimes marathon set for Monday afternoon from 2 until 4 o'clock.

Walter Johnson reported that the club had furnished eyeglasses for three needy children. The children were taken to a Lubbock optometrist last week by E. E. Pierce. One child has been furnished shoes so that he can attend school, and six other children are to have their eyes examined this week to see if they need glasses.

On Feb. 17, the Lions will sell brooms, mops and other household items for the benefit of the Lighthouse for the Blind of Texas. Proceeds will go to the club's child welfare fund and to the blind.

Also at Tuesday night's meeting, Bill Humphrey spoke on the importance of bank depositors having insurance on their savings and explained the functions of the Federal Deposit Insurance Corporation.

Introduced as new members were Bob Garrison, Matt Stetzer and the Rev. Cecil Stowe. Garrison is a transfer from the Levelland Club.

8th Graders Capture Consolation Trophy In Slaton Tourney

The Post 8th grade boys defeated Roosevelt, 26 to 23, Saturday night to win the consolation championship of the Slaton Junior High School Tournament.

After losing to O'Donnell, 41 to 25, in their first game, Coach Herman F. Raphael's cagers downed Cooper, 35 to 30, to advance to the consolation finals against Roosevelt.

The 8th grade team received an attractive third place trophy to add to their collection.

Curtis Didway, with 10 points, was high scorer in the consolation final's victory over Roosevelt. Darrel Jones had 6 points, and Richard Cornett, 4, for the winners.

Jones was high point man in the Cooper game, with 15 points. Didway scored 12, and Clinton Smith, Scotty Pierce and Cornett, 2 each.

Pierce got eight points for Post scoring honors in the loss to O'Donnell Smith and Leon Bradock each scored 6 points, and Didway, 4.

(Continued From Front Page)

Miss Travis is co-sponsor with Jack Lancaster, also a language arts teacher, of the junior high publication, "The Antelope Sentinel." On this excellently written and edited paper, the students do all the work except the typing, according to Miss Travis.

Along with the other junior high school teachers, Miss Travis still expresses enthusiasm when she talks about the year-old junior high school building. "A few years ago," she said, "I thought that moving into the new grade school building brought about all the improvements that one could expect, but they would hardly compare with the ones provided by the new junior high building."

Miss Travis is one of the many classroom teachers in the system here who believe in keeping abreast of new trends in their profession, and especially in the subjects they teach. She holds membership in the Post Classroom Teachers Association, Texas State Teachers Association, National Education Association and National Council of Teachers of English.

Coach Not Notified In Time To Attend District 5-AA Meet

V. F. (Bing) Bingham, who resigned Jan. 15 as head football coach here, said he did not attend the recent District 5-AA meeting at Slaton because he was not notified of it. Bingham told The Post Dispatch that after he learned the meeting had been held he demanded of Supt. Lee Vardy of Slaton, district chairman, that another meeting be called.

"I told him," Bingham said, "that I had two boys I wanted included among the all-district selections and five or six others for honorable mention." Bingham said Vardy then asked him if it would be all right if he could get the Post boys on the all-district team without having to call another meeting.

"I told him it would," Bingham said, "and that's the last I heard of it."

However, the district selections released to the press did not include a Post player on either the offensive or defensive team.

Bingham said his recommendations for the all-district team included halfback Ronnie Kennedy on the offensive team and center-linebacker Jackie Carpenter on the defensive team.

Post Soph Cagers Lose In Overtime

Post High School's sophomore basketball team lost to the Lubbock Pioneers, 44 to 40, here Monday night in an overtime contest.

The score was 40-all at the end of the regulation playing period, with the Pioneers scoring their four-point margin in the overtime.

Coach Olin Reddell's sophomores led at halftime, but the visitors gradually crept up to a tie score at the final whistle.

Following is the scoring summary for the Post team:

Antelopes Beat Slaton 45-42 For First District 5-AA Win

The Post Antelopes rallied in the final quarter at Slaton Tuesday night to defeat the Slaton Tigers, 45 to 42, and win their first District 5-AA game of the season.

The victory gave Coach Vernon Ray's Post cagers a 1-3 loop mark and leaves Slaton in the cellar with an 0-4 record.

In preliminary games, the Post "B" team won by a score of 54 to 41, and the Post girls lost, 76 to 35.

In the varsity game, Slaton led, 11-9, at the end of the first quarter, but the score was tied, 19-19, at the halftime intermission. Slaton was ahead again, 32-29, when the third quarter ended.

In the "B" game, Post led, 14-6, at the end of the first quarter, but had fallen behind, 27-20, at halftime. They rallied to lead by a score of 39-34 at the three-quarter mark.

Noel White, with 19 points, led the Post scoring in the varsity game. Troy Cartmill had 16 to pace the Post "B" team scoring, and Sara Ray, with 18 points, topped Post's scoring column in the girls' game.

Friday night, the teams go to Floydada for conference games, then journey to Tahoka next Tuesday night. The next home games will be against Spur Friday night week.

Following is a box score of the Post-Slaton varsity game, and the scoring summary for the Post "B" team:

TAHOKA 73, SPUR 65

The Tahoka Bulldogs took over undisputed possession of first place in District 5-AA Friday night by defeating Spur, 73-65, on the Tahoka court. Junior Fitts, 6-5 center, scored 30 points for the winners, while Ronnie Ensey paced Spur with 16. Spur's girls won the preliminary game, 79-44. Nan Alexander tossed in 38 for Spur, while Virginia Gable had 23 for Tahoka.

BITS-OF-NEWS

Mr. and Mrs. Bill Howe and children and Mr. and Mrs. F. M. Reep, Jr., of Lubbock spent the weekend with relatives and friends.

Post Girls Bow Out In Wilson Cage Tourney

The Post High School girls' team was eliminated from the Wilson Invitational Basketball Tournament Saturday morning by losing to New Home, 56-45, in a consolation bracket game. Post had lost to O'Donnell in a first round game.

Frances Craig scored 24 points for Post in the New Home game. Frenship won the boys' championship by beating Cooper, 66-50, and also annexed the girls' title by downing Wilson, 59-56.

Southland Teams Are Tournament Losers

Southland High School's boys and girls basketball teams were defeated in semi-finals games of the Wilson Invitational Tournament last Friday night.

The Southland boys lost to Cooper, 64-44, and the girls were defeated by Wilson, 60-55.

In the boys' game, George Ellis had 12 points to lead the Southland scorers. Nancy Muller poured 37 points through the hoops to pace the Southland girls in their loss to Wilson.

Post Freshmen Defeat Host Team To Win Ralls Tournament Title

Post High School's freshman basketball team won its second tournament title of the season Saturday night at Ralls by defeating the host team, 61 to 45, in the championship game.

A few weeks ago Coach Olin Reddell's freshmen won the championship of the Crosbyton tournament.

In Saturday night's victory over Ralls, Sidney Hart and Jimmy Short scored 17 points each

for Post scoring honors. Charles Morris had 12 and Earl Mitchell, 10. Others playing for Post were Clarky Cowdrey, John T. Brown, Herbie Hays and Billy Williams.

The Post cagers had a close call in their semi-finals game before edging Abernathy, 42 to 41. Hart, with 12 points, and Short, with 11, led the Post scorers.

The locals won their first round game from Lockney by a score of 37 to 28, with Short scoring 15 points for Post.

ABERNATHY 55, TAHOKA 46

The Abernathy Antelopes defeated the Tahoka Bulldogs, 55-46, at Abernathy Tuesday night to knock the Tahokans from the District 5-AA undefeated ranks. Jack McGuire, with 19 points, was high scorer for Abernathy, while Junior Fitts scored 17 for Tahoka. Abernathy's girls won by a score of 65 to 17, with Jerry Deering hitting 31 points.

Abernathy Defeats Antelopes, 66-52

Red-hot in the first quarter when they scored 25 points, the Abernathy Antelopes held on the rest of the way Friday night to defeat Post, 66 to 52. It was the second loop win against one loss for the visitors and left Post with an 0-3 conference mark.

Coach Vernon Ray's Post five outscored the visitors, 13-12, in the second quarter, but lost ground again in the third when Abernathy racked up 15 points to only 6 for the locals. Post scored 17 points to Abernathy's 14 in the final quarter.

Leon Manley, Abernathy, forward, took scoring honors with 20 points. Tommy Murray had 18 and Noel White, 17, for the losers.

SPUR 79, FLOYDADA 58

The Spur Bulldogs defeated the Floydada Whirlwinds, 79 to 58, Tuesday night in a District 5-AA game on the Spur court. Ronnie Ensey and Alton Williams both flipped in 20 points each for Spur, with Watts hitting 24 for Floydada. The Spur girls won, 49 to 40. Nan Alexander had 22 points for Spur, and Sonja Beth Wilson, 17 for Floydada.

FLOYDADA 78, SLATON 72

Floydada's Whirlwinds scored 12 points in an overtime period at Floydada Friday night to take a 78-72 District 5-AA game from the Slaton Tigers. Don Colley scored 27 points for the winners, while Jerry Ross had 21 for Slaton. Slaton won the girls' game, 75 to 49. Smith tallied 26 points for Slaton, while Sonja Beth Wilson had 18 for Floydada.

TEAMS TO TAHOKA

The Post freshman and sophomore basketball teams, coached by Olin Reddell, will play at Tahoka Monday evening. These two teams are compiling good records this season. The freshmen are undefeated and have won tournament championships at Crosbyton and Ralls.

8th Grade Teams Going To Cooper

Post's 8th grade boys' and girls' basketball teams, coached by Herman F. Raphael and Jimmy Pollard, are to play at Cooper Friday evening.

In last week's Slaton tournament, the Post boys won over Cooper in a consolation semi-finals game, and the girls lost to Cooper in a championship semi-finals contest. Earlier, the Post girls had defeated Slaton.

Both 8th grade teams and the 7th grade boys are to play at Tahoka next Thursday, and on Feb. 7, the 7th grade boys' and girls' teams go to Clairemont. That evening, Tahoka will be here for return games with the local school's 8th graders.

The 8th graders have three tournaments coming up in February—one here and then at Southland and Wilson.

40TH YEAR
Mason and Company
 1915 - 1955 40 YEARS SERVICE TO WEST TEXANS

HERE—Storie Motor Co. has on display its newest model—the Mercury Phaeton. The new automobile's Flo-Tone color tan top and bottom and a center. It features extra eye-level rear seat passengers and a four-door pillbox hardtop.

only 58 3/4 inches high and more than 17 feet long. The new Phaeton is powered by Mercury's safety-surge V-8 engine with 225 horsepower and a 9.0 to 1 compression ratio. A 210 horsepower V-8 engine also is available with standard transmission. Like all 1956 Mercurys, the new model has a safety steering wheel and five other "crash-tested" safety features.

Mercury Phaeton On Display Motor Co. Showrooms

Phaeton—a new, four-door pillar-top more eye-level rear seat passengers and a four-door pillbox hardtop on display at Storie Motor Co. showrooms, 112 North Broadway. The general manager of the Division and vice president of Ford Motor Company said the new model "has a new look in viewing area and ease of entrance and exit for rear seat passengers."

ness and freedom of these original Sport Phaeton touring cars with the 1956 Mercury's outstanding styling," Mr. Reith said. Initially offered in the Montclair series, the Phaeton will be available later in the Custom and Monterey series. A five-inch band of ribbed, bright metal extending across the roof forward of the rear window and down to the beltline on the rear doors, distinguishes the Phaeton from other Mercury Montclair models and makes it easily recognizable. The new model is only 58 3/4 inches high and is more than 17 feet long. Rear doors are hinged on a strong pillar, anchored firmly to the floor and frame. The pillar extends only to the level of the door tops. With the rear doors open, there is a record 24 inches of entrance room, making it easy either to enter or leave.

In 1954, the American Red Cross issued 903,100 certificates to persons completing Red Cross swimming instruction training.

Side visibility on the Phaeton is unusually good and rear seat passengers do not have to lean forward to obtain a clear view. The Phaeton is powered by Mercury's all-new 1956 safety-surge V-8 engine with 225 horsepower and a compression ratio of 9.0 to 1 combined with the fully-automatic Merc-O-Matic drive. A 210 horsepower V-8 engine also is available with standard transmission. Like all 1956 Mercurys, the new model has a safety steering wheel and five other "crash-tested" safety features. The Phaeton features Mercury's new "flo-tone" color styling and is available in 28 "flo-tone," 31 conventional two-tone color combinations and 14 solid colors. Distinctive interior trim schemes utilize new woven plastic, vinyl, and cloth materials which range from ultra modern to conservative patterns and blend with exterior body colors.

Children Should Be Vaccinated Now For Polio, Says State Health Man

AUSTIN (Spl.)—State Health Commissioner Henry A. Holle today appealed to Texas parents to have their children vaccinated now as protection against polio this spring and summer. "The polio season starts early in Texas," the Commissioner warned.

"This year, for the first time in history, we have a vaccine against the disease on hand before the Texas season opens in earnest in mid-April." Dr. Holle said the vaccine's effectiveness to date has been "gratifying."

"Official records show paralytic polio during 1955 struck six times more frequently among unvaccinated children than among those who received prescribed amounts of the vaccine at the proper intervals."

Three shots are said to give a high level of protection against polio; the second shot given one month after the first shot, and the third shot following seven months later.

According to that schedule, all Texas children who received second shots last summer or fall are now ready to have their third shot.

The success of the vaccine was announced April 12, 1955, after exhaustive nationwide studies. But by then countless numbers of children had already been ex-

posed in a rising seasonal incidence. Results: 1955 was pretty much an ordinary year for polio for the nation as a whole, despite the fact that Texas' 1955 season was below the 5-year median.

Too, vaccine was in short supply during those early days, and production difficulties unsettled public confidence in the product.

Both these problems have since been overcome, Dr. Holle pointed out. Supplies are increasing daily, and, concerning production safeguards, "health and medical men agree that the vaccine is as safe as human hands can make it."

511 FOREIGN STUDENTS

AUSTIN (Spl.)—Fall semester enrollment at the University of Texas included 511 students from 66 political sub-divisions of the world outside of the continental U. S. Syria had most representatives, with 53 students enrolled. Tied for second place were Mexico and Jordan, with 38 each. Other large groups included those from India 31; Venezuela, 28; Turkey, 27; Colombia and China, 20 each.

Mr. and Mrs. Donald Jones and Mr. and Mrs. Gilbert Blodgett and family were weekend guests of Mr. and Mrs. Wilson Burnes in Lometa.

School Progress Study Is Sponsored By P-TA

AUSTIN (Spl.)—The Texas Congress of Parents and Teachers selected a University of Texas elementary-education professor to direct a study on the best methods of reporting children's school progress to parents.

Dr. Henry J. Otto has the assistance of four graduate students, all of whom are experienced school administrators. Six city school systems are participating in the study.

The project will be completed by Nov. 1, 1956, and a published report should be available by June, 1957, state P-TA officials said.

PERFORMANCE
made it the **Largest Selling "8"**
in the World . . .

the FORD V-8

Just look at these official registration figures for the first 11 months—January through November, 1955

Here's why!

People just naturally go for 8 cylinders in the FORD package!

And to a world record extent!

Just think, in the first 11 months of 1955 alone, 344,496 more people bought Ford V-8's than the two other low-priced competitive eights combined!

Of course, the reason the Ford V-8 is the largest selling eight-cylinder car in the world is that more people like its brand of performance—the kind that comes with the car!

These people aren't amateurs in judging engines. Nearly 24 years of building Ford V-8's to supply their demand is convincing proof of that.

And the Ford V-8 of today is the best yet . . . by a country mile!

Smother and quieter—you can scarcely hear it, even with the hood up!

Sassier—just ask the highway patrol officer who drives one. He knows it takes a Ford to catch a Ford!

And, for the very practical question of durability—ask a Ford cab driver. He knows how Fords take it days on end.

So, if it's performance that you want—and wrapped like a gift—the '56 Ford V-8 is your baby.

Come in . . . try it today!

Post Woman And Sister Reunited Saturday After Nearly 35 Years

A family reunion in Lubbock Saturday brought together two sisters who had not seen each other for nearly 35 years.

The reunited sisters were Mrs. D. L. Yandell, 68, of Post, and Mrs. H. C. Miller, 67, of Wichita Falls.

The two met again at a reunion of the family honoring Mr. and Mrs. D. L. Yandell, and celebrating their 50th wedding anniversary at the home of Mr. and Mrs. Lesley Yandell. All nine of the Yandell children and their families were present.

The whereabouts of Mrs. Miller was learned through one of her four sons, Henry Fowler of Wichita Falls, when members of the family asked a telephone operator there to try to locate him. Fowler informed them that Mrs. Miller lived nearby, and arrangements for the reunion in Lubbock were made with her by telephone.

The Yandell family did not know at the time that Mrs. Miller had married a second time and that her name was no longer Fowler.

Mr. and Mrs. D. L. Yandell have lived in Post since 1948, having moved here from Motley County.

Chevrolet's Truck Fleet For 1956 Called More Powerful, Versatile

An exclusive six-speed automatic transmission that promises a significant advance in safety and vehicular control leads the list of developments on Chevrolet's more powerful and versatile truck fleet for 1956, models of which will go on display Friday in the showrooms of Caprock Chevrolet, Inc.

Designed to meet virtually every specialized truck requirement, the new line features:

Automatic transmissions for all models except school buses. The sensational new Powermatic six-speed unit is offered on 15 models in the two-ton group. A new optional heavy-duty five-speed manual shift transmission is available on a total of 17 two-ton models.

More powerful V-8 and six-cylinder engines. The total of nine engines includes four V-8s and five sixes.

Safety advances, including new sealed beam headlights, an optional governor for the high powered truck V-8 and a hydraulic retarder which is part of the Powermatic mechanism augmenting the regular braking system.

Tubeless tires as standard equipment on all models, assuring greater safety, reduced weight and longer wear. Wheel mountings are improved for two-ton models.

Redesigned interiors for appearance and driver comfort and an exterior that further emphasizes the "load pulling" look of the 1956 models.

A 1956 Chevrolet exclusive in the truck field, the Powermatic is a heavy-duty automatic six-speed transmission which opens

up new avenues of safety, simplicity and control in heavy transportation.

Effective at all driving ranges, the unit automatically determines a shift schedule according to load, speed, grade and other factors. While it automatically performs these functions over the roughest on-or-off highway terrain, the unit may also be manually shifted by the driver into three specialized ranges.

These are drive; intermediate for mountainous country; and low for controlled power.

The high torque multiplication of the Powermatic converter for starting and six closely stepped ratios provide the most efficient use of engine power for any truck requirement—from the low 14.8-to-1 to 1-to-1.

Because of its built-in safety device called the hydraulic retarder, the Powermatic offers truck drivers greater control than ever before over heavily loaded vehicles. At the touch of a foot pedal, the retarder hydraulically slows the vehicle smoothly, augmenting engine braking up to six times the braking force of the engine alone. This gives the driver greater downhill deceleration with little or no use of the service brakes.

For the first time in any automatic transmission, the Powermatic offers power take-off openings—one on each side—for simple installation of special equipment.

Including the Powermatic, which is optional for 15 of the two-ton trucks, eight different transmissions are offered with the 1956 Chevrolet truck line.

Outstanding in the lineup of more powerful and improved truck engines are the Trademaster and Taskmaster V-8s, both of 185 horsepower but with differing components; three versions of the 140-horsepower Thriftmaster "8"; and the 148-horsepower Jobmaster "6".

Other 1956 truck features are: Thirteen exterior colors, four of them new. New sealed beam headlights, introduced in mid 1955, which increase night driving safety.

More luxurious cab interiors. Tubeless tires with a wheel mounting that is lighter, more durable and easier to service. Tubeless tire advantages in trucking are less weight, greater blowout and puncture protection, cooler running temperatures and easier changing.

MANY IMPROVEMENTS—Headed by a newly developed automatic transmission, tubeless tires and more powerful six- and eight-cylinder engines, an impressive list of improvements marks the new Chevrolet trucks. The above half-ton pickup typifies the styling, visibility and convenience of the 1956 line.

3,500 Firms In Northwest Texas Now Under Unemployment Compensation

Almost 3,500 firms in the Texas Panhandle—those who hire four, five, six or seven workers—are reminded again by Wayne Grant, district director of the Texas Employment Commission, that they may have been brought under the Texas Unemployment Compensation program on Jan. 1.

Grant advises that these Northwest Texas employers heed a recent public statement by Weidon Hart, chairman of the Texas Employment Commission, and contact the state TEC office at once.

Grant quoted Hart's statement to the effect that "it would be to their advantage to do so immediately, so that penalties and assessments of back taxes can be avoided."

Grant estimates that some 13-250 Panhandle employers gained the benefits of unemployment compensation this year. The TEC district director further quoted Hart as explaining that following amendments to the Federal Unemployment Tax Act last year, the Texas Legislature changed the state unemployment law accordingly. Any business which has as many as four employees on 20 days in 20 different weeks after July 1, 1955 becomes liable for unemployment tax on its payroll during 1956.

Beginning Jan. 1 any firm which has 20 such weeks during a calendar year in which four or more persons are employed on any day, will pay unemployment taxes.

"Not only firms which regularly employ as many as four

employees will be affected," Hart explained, "but also a small business which has four people working only Saturdays, or one which regularly has two employees during the day and two others at night, will owe the payroll tax at the end of each calendar quarter."

Any employer who has employed four persons in 20 weeks during 1955 should notify the Texas Employment Commission in Austin now, Hart added, so that an explanation of how to comply with the law can be sent to him.

"We have little experience yet with the 35,000 firms that have four to eight employees," Hart said, "but we think that the group includes many small

able firms that have very low turnover—the drug store, grocery, barber shop, service station and cafe.

"This stability suggests that unemployment insurance claims may be made very rarely, and consequently tax rates can be held low."

The opportunity to save taxes through the "experience rating" system in the state law is one of the reasons why the Legislature brought in the smaller firms. Had the Legislature not done so, these employers of four

to eight would have had to pay a full 3% federal tax. Under the Texas "experience rating" plan, tax rates after a qualifying period of from 1½ to 2 years can range from a maximum of 2.7% to a minimum of 1/10 of 1 percent. The TEC collects the State Tax and the Federal Government collects 3/10 of one percent for administrative purposes.

This feature of state operation of the unemployment insurance program saves Texas businessmen millions of dollars each year.

Justiceburg Folks Hear About Road Plans At Benefit Party

They did things by pairs Friday night in the school auditorium at Justiceburg, listening first to a discussion of the proposed \$50,000 road bond issue to be voted on Feb. 11, and then staging their annual benefit party for the March of Dimes and the Garza County Community Chest fund.

The fair-sized crowd—even most of the children—let their party wait while they sat patiently through an hour-long discussion in which they learned just about everything there is to know about the half-million dollar highway that the Texas Highway Department proposes to build through their precinct. They heard all about the proposed \$50,000 bond issue, which if voted will provide funds for purchase of right-of-way for the road project. They also heard how this bond issue would affect their taxes during the 10 years it would take to retire the bonds.

Before opening the meeting, County Judge Pat N. Walker passed out mimeographed copies of the schedule of proposed bond payments and the schedule of property ownership and tax payment in Commissioner's Precinct 4.

The ownership and tax schedule bore the information that total valuation of all property in Precinct 4 is \$1,691,712; that the total of all property, mineral and non-mineral, owned by residents is \$1,038,811, and that the total of all property, mineral and non-mineral, owned by non-residents is \$1,571,631.

On the basis of these ownership and taxation figures, the schedule showed that the percentage of taxes paid by residents of Precinct 4 is 6 per cent.

Judge Walker pointed out that the residents of Precinct 4 would be paying increased taxes of approximately \$3,000 on the entire bond issue, with the remainder being paid by oil companies and other non-resident interests.

"It would mean," he said, "that you people would be getting a half-million dollar highway for about \$3,000."

Before going into a fuller explanation of the tax changes the bond issue would bring about, Judge Walker introduced F. C. Stanley of Lubbock, resident highway engineer. By the use of maps of the project, temporarily taped to the stage curtain by Judge Walker and Commissioner Sid Cross, the engineer explained the road plans to the crowd and pointed out the right-of-way needs.

Stanley said that the new construction would be a four-lane divided highway from the south city limits of Post to the Scurry County line. Five or six miles of the project, he explained, are in Commissioner's Precinct 2, which has sufficient funds left over from a 1943 bond issue for the purchase of its required right-of-way.

The engineer said the construction would consist of a new two-lane highway alongside the present one and improvement of the latter. He said most of the right-of-way expense would be incurred in the construction of fences.

Both the engineer and county judge explained in their talks that it is not believed the entire \$50,000 bond issue would be required for U. S. 84 right-of-way. What is left over, they said, would be used to acquire right-of-way for farm-to-market road construction, including one east of Justiceburg to connect with a paved road to Fluvanna.

Stanley said 70 feet of right-of-way on one side is needed for the U. S. 84 project. He said there is also a possibility of enough money being appropriated for construction of wider bridges over Sand Creek and the river at Justiceburg, but that present planning calls for using the present bridges even after the highway is widened. Both structures were widened several months ago.

Judge Walker also expressed hopes for enough left over after purchase of right-of-way to acquire what is needed for new farm-to-market roads.

"Garza County," he said, "has

more farm-to-market road money due it from the state, but it hasn't been received because the county hasn't had the money with which to purchase right-of-way."

Circling back to the proposed bond issue, the judge said that if the bonds are voted they will bear interest of not more than 2½ per cent a year. He said financing engineers had already agreed to purchase the bonds at that rate of interest and that the county might get an even better offer.

At 2½ per cent, total interest on the bond issue over the 10-year period would be \$6,875.

The bond issue would increase the tax rate in the precinct by 43 cents per \$100 valuation. Judge Walker pointed out. He continued that after two years the rate probably would drop to 44 cents and then down to 40 cents until the bond issue is retired.

Also present at the meeting were Carl Rains, sheriff and tax assessor-collector; Mrs. Eva Thomas, chief deputy tax assessor-collector, and Elva Peel, Precinct 2 commissioner.

Mrs. Thomas had the tax roll with her for the convenience of those wishing to know how much their taxes would be raised by the bond issue.

Following the discussions, a brief question and answer period was conducted by Judge Walker and Stanley.

Mrs. Pearl Nance, who had been dividing her time between listening to the road bond election talk and getting things ready for the community party, said it looked like a big night for Justiceburg's March of Dimes and Community Chest fund.

Is Deadline For Issuance W2s
 Employees were reminded this week of the Jan. 31 deadline for filing their withholding state-ment with their employers by John R. Robinson, administrative officer in charge of the Lubbock office of the Internal Revenue Service.

Alvin G. Davis of Brownfield was in Post last Thursday en route to Abilene on business.

Robinson said the employees must have the statements in time to file their income tax reports.

If it becomes necessary to correct a W-2 statement after it has been given an employee, a corrected statement must be issued and marked "corrected by employer," he said.

Why buy a truck in the dark?

If you buy a new truck after looking at only one make, it's like making a deal in the dark. You can't be sure of getting the most for your money.

A smarter way to buy is to "spotlight" real truck value—weigh and compare competitive claims with these Dodge truck facts:

- ★ Most standard V-8 horsepower of all leading makes—½-ton through 3½-ton range. You'll get faster trips—more work done with DODGE.
- ★ Shortest turning radius. You'll park more easily, wheel through traffic quicker with DODGE.

- ★ Biggest cabs, with biggest wrap-around windshield. You'll enjoy roomier comfort, safer vision with DODGE.
- ★ Highest payload capacities... pick-ups providing up to 22% more payload than others. You'll haul bigger, more profitable loads with DODGE.
- ★ Prices down with the lowest. Comparative facts show that, feature for feature and dollar for dollar, the real value is DODGE.

Next truck you buy, don't deal in the dark. Turn a bright light on the facts—see Dodge before you buy.
