Six Candidates Face Runoffs

Contests for two county and one precinct office will confront Garza County voters Aug. 25, following Saturday's first primary election in which a total of 1,562 votes were cast.

Carl Rains, candidate for reelection as county sheriff, will be in a runoff with Odean Cummings, and T. H. (Talmage) Tipton and

ed 266 votes. Other candidates and the number of votes they received were Mrs. W. D. (Helen) Livingston, 214; Exa Thomas, 197; Donald Windham, 197; Jewell M. Parsons, 163 and George N. Leggett, 91.

Evans and Robinson, the runoff opponents for Precinct 1 County commissioner, received 304 and 192 votes, respectively. The other candidates and their votes were L. P. Kennedy Jr., 175; Truett Fry, 155, and Clark Barton, 124.

County voters also went with the rest of the state in giving overwhelming majorities to the three referendums on the ballot. T. R. Greenfield was re-elected county Democratic chairman, and re-elected precinct chairmen were Homer McCrary, Sam Ellis, E. E. Peel, Robert Mock, F. H. Hodges, J. W. McMahon, Lucile Morris and Pearl Nance.

The 1,562-vote total was the lightest cast in a first primary here in several years.

VOTE TABULATION

On page 1 of Section 2 is a table showing how Garza County voted on the most important races. Also of interest to voters in this issue are descriptions of the constitutional amendments to be voted on in the general election. They appear on page 10.

Percy Printz are in a runoff for the newly-created office of tax assessor-collector.

B. F. Boone Evans, seeking reelection as Precinct 1 county commissioner, has a runoff opponent in Racy Robinson.

Elected without opposition were County Attorney Carleton P. Webb and Precinct 3 county commissioner Ozell Williams. In the race for Precinct 1 constable, the present office holder, J. A. Johnson, defeated L. E. Claborn Sr. by a vote of 494 to 418.

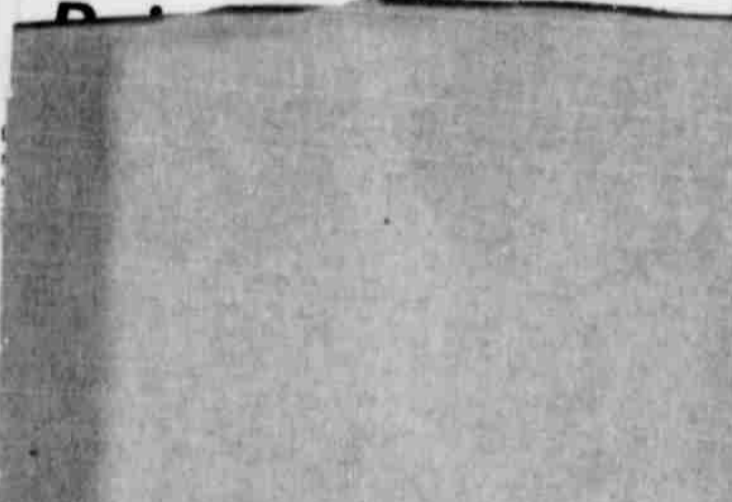

In the races for state offices, Garza County voters went with the rest of Texas in giving Price Daniel the lead in the race for governor. His Aug. 25 runoff opponent, Ralph Yarborough, ran third, behind W. Lee O'Daniel, in Garza County.

Rains lacked only 15 votes of having a more than 50 per cent margin over his two opponents, Cummings and Nathan Mears, in the sheriff's race. Rains polled 750 votes to 461 for Cummings and 303 for Mears.

Tipton, with 407 votes, outdistanced six other candidates in the race for tax assessor-collector. Printz, his runoff opponent, received

5. FLOATS TO BE IN OPENING DAY PARADE SET FOR 6 P. M.

Junior Rodeo Is To Open Wednesday

Committee reports Tuesday that "everything is ready" for the Southwestern Championship Junior Rodeo.

Reports were made at a meeting of directors and committeemen in the district courtroom. Performances, each scheduled to get under way at 8 o'clock, will be held Wednesday, Friday and Saturday.

Rodeo activities will begin at 6 p. m. Wednesday with a parade through downtown Post. In the parade will be area riding groups, competing for three trophies, and decorated cars, vying for \$50 in cash prizes.

The 4-11 benefit rodeo is expected to attract more than 200 contestants 19 years of age and under. Events will include calf roping, bareback bronc riding, saddle bronc riding, bull riding, cutting horse contest, cowgirl's barrel race, ribbon roping, flag race, kid's pony race (12 years and under) and a goat sackling contest (10 years and under). More than \$3,500 in cash and prizes will be awarded. Official rodeo judges will be M. W. Davis of Clairmont and J. Martin Basinger of Southland. Novis Rodgers and J. E. Birdwell

will judge the cutting horse contest. Judges of the riding contests will be elected by contestants just before the opening night's performance. Alvin G. Davis of Brownfield, secretary-treasurer of the American Junior Rodeo Association, will be the announcer, and timekeepers will be Floy Richardson, chairman; Jack Brown, Jack Kirkpatrick, Melvin Stewart and Walter Jones.

Dale Winters of Earth will be the rodeo clown, and playing for the dance each night at the rodeo pavilion will be Tommy Hancock and his band of Lubbock.

Stock for this year's show is to be furnished by Morris Stephens of Silverton. Wednesday's parade will form at the usual place—on the farm-to-market road between the high school and junior high buildings—according to Don Long, parade chairman and president of the Post Junior Rodeo Association. Other rodeo officials are Jack Rains, vice president; Loyce Josey, secretary; James Dye, arena director, and Ronnie Kennedy, manager. The Garza County Quarter Horse Association's 8th annual Quarter Horse Show is to be held on Saturday afternoon in the rodeo arena.

Band Meeting Is Set For Tonight

Bob Meisch, new band director, has called a meeting of all band members for 7:30 o'clock this evening in the band room at the junior high school building.

All members of last year's high school and junior high bands, as well as elementary school band pupils are urged to attend, Meisch said. Band rehearsals are to begin Monday and continue until the opening of school, Meisch said. The rehearsal schedule will be mapped out at tonight's meeting.

Rainfall Mark Is Way Below Normal

Post's 1956 rainfall through July 31 totaled 4.07 inches, which is 7.33 inches below normal for the first seven months, County Agent Lewis C. Herron reported Wednesday.

A light shower Tuesday and a heavier one early Wednesday morning measured .17 of an inch in Post, according to the agent's rain gage.

Good rains, ranging up to one inch fell north and northeast of Justiceburg Tuesday afternoon, and the Southland area reported one-half inch. Showers were scattered west and southwest of Post. Only .69 of an inch was recorded in Post in July, which is 1.29 inches below the month's normal of 1.98 inches. The county agent said that dryland cotton is holding up surprisingly well, but that it is going to need good moisture within the next few days to make anything. Dryland feed is burning up fast, he said.

Rotarians Hear About City's Water Problems

Water from the proposed White River lake would cost Post consumers 16 cents less per thousand gallons than water from the Canadian River project, Tom Bouchier told Post Rotarians at Tuesday's luncheon meeting.

Bouchier, who is chairman of the White River Municipal Authority Committee, said that as a non-member city Post would be required to pay approximately 61 cents per 1,000 gallons for Canadian River Water, whereas water from the proposed White River facilities would cost only about 45 cents per 1,000 gallons.

Bouchier and City Supt. Henry Tate brought Rotarians up to date on the city's water needs and progress of the White River project. At the outset of his talk, Bouchier said that Post should be grateful to the city of Crosbyton for the opportunity to "get in" for the White River project. Crosbyton holds water rights on the upper reaches of the river in Crosby County.

Bouchier told the Rotarians that petitions requesting creation of a four-city White River water district have been presented the State Board of Water Engineers and that a hearing on the request is expected around Sept. 1. In the meantime, he said, the proposed lake site is being topographically surveyed, which is necessary before the state board can create the water district.

Tate told the Rotarians that in the water situation, as in most everything else, "it is not where we are that counts, but where we are headed."

Electric Drills Are Stolen In Break-in

Two electric drills, valued at \$1,000, were stolen in a break-in at the Lee Moor Construction Co. toolhouse, about 12 miles northwest of Post, Sheriff Carl Rains said Wednesday.

The burglary was reported to the sheriff Tuesday morning. He said he was told that the toolhouse was locked from Friday night until Monday morning and again Monday night. The drills evidently were not missed until Tuesday morning, the officer said.

The Lee Moor Construction Co. has the contract on the farm-to-market road being built from U. S. Highway 380 to the Verbeno community.

Agricultural Exhibit Scheduled For Fair

Garza County will have an agricultural exhibit at the Panhandle-South Plains Fair in Lubbock Sept. 24-29, it was announced today by Gordon Rose of the Lubbock Chamber of Commerce.

As in past years, this county's exhibit will be arranged by and will be in charge of County Agent Lewis C. Herron.

The fair association is allowing each county \$50 for its agricultural exhibit.

Dies Monday After Anniversary Honor

Mrs. Riley Wood of Route 2, Post, died Monday at Mercy Hospital in Slaton one day after being honored on her 50th wedding anniversary.

Mrs. Wood and her husband, pioneer residents of Southland, were honored at their home Sunday by more than 150 relatives and friends. But Mrs. Wood, 67, was unable to attend the anniversary gathering. She had been taken to the hospital Thursday night after having expressed a desire that plans for the anniversary be carried out.

Born Aug. 11, 1888, she had lived in Southland since 1917. She and Mr. Wood were married in Jones County 50 years ago. Funeral services were conducted at 3 p. m. Wednesday at the Southland Baptist Church. The See WOOD FUNERAL, Page 8

Property Valuation In School District Gains

Taxable property valuations in the Post Independent School District are up more than one million dollars over last year, according to figures arrived at by the board of equalization and tax engineers of Thomas Y. Pickett Co.

The new valuation is \$13,717,811, as compared with last year's valuation of \$12,452,842. Newly assessed property and adjustments accounted for the increase, tax officials said. The board of equalization was composed of O. C. Garner, L. E. (Buck) Gossett and E. A. Warren.

New School Term To Open Sept. 4

Tuesday, Sept. 4, was set as the date of the opening of the 1956-57 school term at a called meeting Monday of the board of trustees of Post Independent School District.

Supt. R. K. Green said Wednesday that the pre-registration schedule will be announced later this month. In the called meeting, the board also authorized members of the high school coaching staff to attend the annual coaching school in Lubbock next week.

Before the meeting was adjourned, board members inspected repainting work now under way at the high school.

Rodeo Queen Will Be Chosen Tonight; 11 Are Competing

From among 11 hopefuls, the queen for this year's Southwestern Championship Junior Rodeo will be chosen at 8 o'clock tonight in the district courtroom.

The candidates are: Marica Dean Holland, daughter of Mr. and Mrs. Walter B. Holland; Shirley Heintz, daughter of Mr. and Mrs. Sam Heintz; Sherry Custer, daughter of Mr. and Mrs. Mike Custer; Minnie Lee Mathis, daughter of Mr. and Mrs. Bishop Mathis; Leslie Nichols, daughter of Mr. and Mrs. Lester Nichols; Janene Haynie, daughter of Mr. and Mrs. Byron Haynie.

Also, Louise Gerner, daughter of Mr. and Mrs. Amos Gerner; Jerry Beth Rains, daughter of Mr. and Mrs. Carl Rains; Alaine Norris, daughter of Mr. and Mrs. Al Norris; Kay Martin, daughter of Mr. and Mrs. Hugh Martin, and Ruth Ann Long, daughter of Mr. and Mrs. Bill Long.

The queen, who will be selected by a committee of judges, will receive a pair of cowgirl boots and will reign over activities during the four-day rodeo.

SOMETHING TO READ!—R. E. Green, superintendent of the Post schools, his nine-year-old son, Ronnie, and Mrs. Lillian Martin, librarian, are shown in front of a small section of the high school library, which is now open to the public on Tuesday and Friday afternoons. The library facilities will also be available to the public during the school year.—(Staff Photo.)

EVERY TWO YEARS, we have excitement aplenty along about this time, with one primary election out of the way, another one coming up and the Southwestern Championship Junior Rodeo in between.

TWO YEARS AGO, everything dove-tailed nicely, and we even had gubernatorial candidate Ralph Yarborough here to ride in the Junior Rodeo parade. There isn't much possibility of that happening again, unless someone gets in touch with Yarborough in a hurry.

THUS FAR, WE'VE struggled along without a visit from a single gubernatorial candidate, but may—if we're lucky—be paid a visit by one before the August primary. There probably isn't a one of us, however, who hadn't much rather see a good rain.

THE JUVENILE DELINQUENT probably gets on the wrong track because of a misplaced switch.

A DICTATOR WOULD have a rough time in this country, where the people want to kill the empire for making just one bad decision.

SPEAKING OF BASEBALL, the Petersburg All-Stars, who defeated the Post Wood Bees in the finals of the district National Baseball Congress, are in Alpine today for the Northern Division of the tournament. They were scheduled to play at 1:30 p. m., their opponent to be the winner of a 10 a. m. game between Odessa and Abilene.

NEWS COMES TO us rather late that Post Boy Scout swimmers made a good showing in the recent Comanche Trail District swim meet at Crosbyton, where they finished second to Ralls in team scoring. Some of the Post Scouts will be competing in the South Plains Council meet at Lubbock later this month.

"HOW DO YOU spell 'sense'?" inquired the stenographer. "Which one?" asked the boss. "Dollars and cents or horse?" "Neither," she replied, "but like in, I haven't seen him since."

THIS TIME NEXT week the town will be full of youngsters here to compete in the annual Junior Rodeo. Many of them will be in Abilene a couple of weeks later for the national championship rodeo of the American Junior Rodeo Association.

THE NATIONAL championship Junior rodeo is being moved to Abilene from Snyder, where it has been held the last two years, because of a lack of interest in the Scurry County seat. The Abilene Range Riders are underwriting and sponsoring the rodeo there with the understanding that all profits go to the Taylor County Society for Crippled Children to support its West Texas Rehabilitation Center.

ACCORDING TO AN article in last Sunday's Abilene Reporter-News, Abilene is being strongly considered as the site for establishment of permanent headquarters of the American Junior Rodeo Association. The headquarters were in Post until a few months ago when they were moved to Brownfield by Alvin G. Davis, AJRA secretary-treasurer.

Roger W. Babson Writes This Week:

Some 'Unexpected Event' May Pop Bubble Of National Economy As It Has In Past

BABSON PARK, Mass.—Last night I finished Burton Crane's Guide to National Economics, entitled GETTING AND SPENDING. It contains valuable statistics and notes. His conclusion is that if we will build up foreign markets "to keep the world safe," prosperity should continue, with an occasional dip now and then, for an indefinite period. He does not, however, mention "unexpected events." The very next day after I read this book, there occurred the great Wanamaker fire in New York City, which crippled its subway system. The following day Ringling Brothers announced the suspension at Pittsburgh, in the middle of its season, of the "Greatest Show on Earth." Certainly these were unexpected events, although perhaps not great enough to disturb stock markets. However, these events made me interested in studying anew the action of the stock market for the past one hundred years. This is what I learned.

Business was prosperous during the Civil War and started to boom directly afterward. The sudden death of President Lincoln, however, caused stocks to tumble and a year of depression followed.

Again business began to boom until 1869 saw the famous "Black Friday" come very suddenly due to the corner on the gold market.

Stocks quickly rebounded, and again investors were looking forward to several years of prosperity when, in late 1871, the Chicago Fire occurred. This was followed by the great Boston Fire in November, 1872. These caused another panic.

The market had just about recovered when the failure of the great banking house of Jay Cooke and Company was suddenly announced. Thus, for the first time, the leading Stock Exchanges closed for several weeks. This unexpected failure brought on the great depression beginning in 1873 and extending for some years.

Suddenly, on July 2, 1881, President Garfield was shot. This started a chain reaction of selling. During this second period, the great banking house of Grant and Ward, plus the two leading "bulls," namely Henry Villard and James R. Keene, announced their failures. Depression,

TWO RELATED EVENTS . . .

Two county-wide events, one coming next week and the other a month or two from now, bear an unusually strong relationship this year. They are the Southwestern Championship Junior Rodeo and the Garza County Fair.

The success of next week's Junior Rodeo will have a bearing on next year's fair, but not on this year's, since it is now too late to do anything about the proposed 4-H Club fair building.

Before the reader becomes hopelessly confused by so much double-talk, it might be well to explain that the rodeo is a 4-H Club benefit affair, with profits going into the club's building fund. Plans are to construct this building at the fair grounds and use it as an exhibit place while the Lions Club-sponsored fair is under way.

Members of the Lions Club think so much of the building project and its value to their county fair program that they have already donated a sizable sum of money toward its construction. At the time the donation was made, it appeared that the building might be constructed in time for this year's fair, but 4-H building committeemen have given up on the idea because of the drought-provoked economic conditions.

Not counting donations, the 4-H building fund totals approximately \$3,500, not much more than half enough to construct the type of building desired. However, a financially successful rodeo next week would build the fund up to where it would be possible to construct the 4-H building in time for the 1957 fair.

As far as the 1956 fair itself is concerned, the event should be a highly successful one unless conditions become much worse between now and early Fall. A new fairgrounds site has been made available at the City Park, and the Lions have already appointed committees and laid other groundwork for this year's event. They deserve the support of everyone, since fairs are one of the best indications of the progressiveness and civic spirit of a community. They are good for business and deserve to be supported by businessmen, farmers, merchants and all other residents.

In the meantime, the 4-H benefit Junior Rodeo will hold the spotlight next week and, as previously mentioned, its financial success will have a bearing on future fairs from the standpoint of the proposed new 4-H building, if for no other reason.

POST RETAINS THE honor of having held the original championship junior rodeo, and year after year it continues to outdraw most of the others from the standpoint of spectators as well as contestants.

AS IN PAST years, this year's Junior Rodeo is a 4-H benefit affair, with all proceeds above expenses going into the county 4-H committee's building fund. That's one of the reasons we'd like to see this year's rodeo prove a financial success. Additional funds are needed if the proposed 4-H building is to be constructed.

INCIDENTALLY, THE building committee has given up on plans to construct the building this year. A few months ago, it was thought that this could be accomplished, but the continued drought has made economic conditions worse, and members of the committee said they just didn't feel like continuing a call for financial assistance from business firms and individuals.

A MONEY-MAKING rodeo Aug. 8-11 might give the committee sufficient funds to go ahead with building plans next year.

Getting Out On The Limb

SUDDEN THOUGHT: The old roads where two cars could hardly pass are being replaced by superhighways where six cars can easily collide.

It was Hedda Hopper, she of the exotic headgear, who said to a certain Hollywood actor: "You're the handsomest man in the world. And that's not just my opinion. It's yours."

IT'S NO SECRET that an easy way for any business to go broke would be to adopt Uncle Sam's system of budgeting and accounting.

Under this system, Congress is appropriating money for a single year that won't be spent for some time to come. The reason is that so many federal expenditures are long-term—stretching over a period of years. Foreign aid programs and purchases of military equipment that takes more than a year to design and build, are examples.

Hence, vast sums accumulate in the federal departments far in excess of a single year's expenditures. This money doesn't revert to Congress. It stays with the departments, beyond the control of Congress.

The figures for these unexpended appropriations for the year ending June 30, 1956, is estimated at \$5.9 billion.

With that kind of money clogging up the pipelines of future spending, the opportunity for laxness and waste is all too tempting.

That is why every citizen should support legislation based on the Hoover Commission recommendations and now before Congress, to require government agencies to prepare budget estimates on the basis of a single year's anticipated needs. At the end of the year, any funds not spent would revert to Congress for reallocation every June 30. That would end carry-over funds, and restore control of the vast federal budget to Congress, where it belongs. Congress could still authorize long-term projects, appropriating what would be needed from year to year.

The Hoover Commission estimated that this single step toward government economy would save \$4 billion every year.

Teacher Shortage Critical As School Opening Nears

AUSTIN (Spl.)—With opening of public schools only a month away, critical shortages of teachers exist, particularly in high schools, the Texas State Teachers Association reported today.

Based on reports through July 20 from school districts employing 20 per cent of Texas school personnel, the TSTA estimated that 7,615 teaching positions still are vacant in Texas, with only 1,310 teachers available to fill them. This means almost six openings for every teacher wanting a job.

Charles H. Tennyson, TSTA executive secretary, explained that 371 school districts—representing 20 per cent of school personnel—still have 1,523 teaching jobs listed with TSTA's registration service. Only 262 teachers have offered themselves to fill the jobs. TSTA does not operate an employment agency; administrators and teachers must contact each other from lists furnished by the association.

Supporting this general condition, Tennyson reported specific instances such as Brownsville, with 46 of its jobs vacant, and Mineral Wells, where one-third of the teaching jobs still are without any takers at this crucial stage. Midland, which has already employed over 100 teachers as replacements this summer, still has 16 vacancies. Teaching contracts normally are about completed by this time, he noted.

More than half the teacher vacancies exist in high and junior high schools, TSTA records show. Most of the others are in primary and intermediate grades, with the remainder in administrative and special service positions.

Demand is greatest for teachers of science, mathematics, English, music, home economics, physical education, and commercial subjects. On the other hand, supply exceeded demand for such subjects as history, social studies, Spanish, Latin, and industrial arts.

A recent survey by TSTA's research division adds weight to these alarming figures. Eighty-six per cent of Texas school districts, representing 98 per cent of the professional personnel, reported:

The 98 per cent figures show 12,848 school employees "new to the district," or in jobs with that school district for the first time, last year. Of that number, 5,512 transferred from one school district to another, 1,223 came from teaching experience in other states, 4,997 were beginning teachers, and 2,016 returned to the classroom after an absence.

At the same time, almost 4,000 teachers were completely lost from the profession last year, Tennyson explained.

Professional school personnel totaled 70,970, an increase of 3,487 over the previous year. At the same time, the scholastic population increase was 80,484, or about 25 for each additional person employed.

Moderate Grazing Pays, Recent Tests On Plains Reveal

COLLEGE STATION (Spl.)—Moderate grazing of land in the Great Plains region is more profitable in the long run than either too-heavy or too-light grazing. Twenty years of research at the U. S. Range Livestock Experiment Station, Miles City, Mont., says A. H. Walker, extension range specialist, has furnished the proof.

On the heavily grazed land, 1 cow to 23 acres, 71 per cent of the cows produced calves. These made an average daily gain of 1.6 pounds, and pounds of calf produced per cow at weaning averaged 268. This amounted to 11.6 pounds of calf per acre. Cows on moderately grazed range produced 86 per cent calf crop; gained 1.8 pounds daily and their calves averaged 428 pounds at weaning. Calf pounds produced per acre was 12.1. One cow to 31 acres was considered moderate grazing.

In the light grazing experiment, 93 per cent of the cows produced calves; average daily gain was 1.9 pounds; calves weighed 438 pounds at weaning which meant 10.5 pounds of calf produced per acre. Under light grazing one cow was run on 39 acres.

Heavy grazing not only resulted in smaller calf crops and lighter gains but also caused injury to the range over a long period. It also reduced the vigor of range plants, causing a shift from the better native tall grasses to the less productive short grasses. Trampling left the soil less permeable to moisture and left little grass residue for soil cover and for maintaining soil structure and fertility.

Light grazing, though good for conserving soil resources, did not give the ranchman the most from his range. Moderate grazing is favored because of more profit in the long run and also because ranges remained in a more stable condition.

Walker points out that this research is highly significant because during the last seven years breeding stock were used in the tests which had been produced from stock raised under each of the three grazing intensity patterns. Six lots of cows have been used in the experiments—two for each grazing pattern.

Top o' Texas Rodeo Starts On Aug. 8

PAMPA (Spl.)—Pampa is dressing up this week in readiness for the annual Top o' Texas Rodeo scheduled for Aug. 6-11. Aug. 6 and 7 will be devoted to the big Kid Pony Show with the rodeo proper getting under way Wednesday night, Aug. 8 and running through the 11th.

Smiley Burnette, America's No. 1 cowboy comic, will be the featured attraction, along with Sally Skelton, rodeo trick rider, Tab Evans and his "Pork Chop" act, plus all the regular rodeo events.

The big Top o' Texas Rodeo parade will move promptly at 4 p. m. on Wednesday, Aug. 8, led by the Amarillo Air Force Band. The band, under the direction of Lt. Milton Stern, will furnish music for all rodeo performances at 8 o'clock each evening.

VA Questions And Answers

Q. I am going to school under the Korean GI Bill. What procedure must I follow if I want to change my course?

A. You must apply for VA for a change of course. Included in the application should be a report of your progress and conduct from your present school. The application should be sent to the VA Regional Office that handles your records.

Q. If a Korea veteran suffered a mental illness within two years of his discharge from service, would he be admitted to a VA hospital on the same basis as a service-disabled or a nonservice-disabled veteran?

A. He could be considered as a veteran with a service-connected condition, and then admitted to the hospital on the same basis as any service-disabled veteran.

Q. Must a Korea veteran be drawing VA disability compensation payments in order to be eligible for vocational rehabilitation training under Public Law 894?

A. The veteran either must be drawing VA disability compensation payments, or must be entitled to such payments. A veteran drawing disability retirement pay instead of compensation may be eligible for training.

Q. I plan to buy a farm with a GI loan. Included is a farm house we will be living in. Will this be considered a GI farm loan or a GI home loan, for purposes of VA's guarantee?

A. So long as the property includes a farm house to be occupied as your home, the GI loan will carry the same guarantee as any home loan: 60 per cent of the loan, up to a maximum guarantee of \$7,500.

Church News

Mrs. Ellis Mills, Mrs. J. E. Parker and Mrs. J. R. Durrett were in Lubbock yesterday for the Northwest Texas Methodist Conference Woman's Society of Christian Service School of Missions at St. John's Methodist Church. The school began Monday and will continue through tomorrow. Mrs. James Farwell of Amarillo, conference WSCS spiritual life secretary, directs a 15 minute period of prayer, music and meditation to open each day's activities. Theme for the sessions is "O Come Let Us Adore Him".

Seventy-one enrolled in the Wednesday session of the Church of the Nazarene Vacation Bible School, Mrs. Cecil Stowe, supervisor, has announced. Classes will be held from 9 until 11 a. m. daily, through tomorrow. Mrs. R. B. Wilke is the leader in the nursery department; Mrs. Lester Keeton, primary; Miss Frances Lane, kindergarten; Mrs. Sam Lane, intermediate; Mrs. M. A. McDaniel, junior girls and Mrs. Bill Bennett, junior boys. Other workers are Delta Rogers, Clarence Hawkins, Charles McDaniel, Carolyn Jones, Barbara Keeton and Junior Gray.

The Rev. Clinton Edwards, First Presbyterian pastor, is on vacation this month. He has arranged the following schedule of church services for four weeks: Aug. 5—Glenn Whittenberg, high school principal, will be the guest speaker, with J. A. Stallings in charge of the service; Aug. 12—the Rev. David Richmond, campus minister at Texas Tech, will deliver the sermon; Aug. 19—Ellis Mills, junior high principal will direct the service and speak; Aug. 26—There will be no morning worship service. Sunday School will continue through the month at the regular time.

The Assembly of God Church's district camp will be held in Lubbock Aug. 7-16 at 4206, Avenue H. The local church will be represented.

The Rev. Roy Shahan, First Baptist pastor, who is conducting a revival at the Sweet Street Baptist Church in Tahoka this week, will return here for the Sunday evening service. Members of the Brotherhood will have charge of the Sunday morning service, with Ray N. Smith as program chairman. On the program will be William Robinson, Tom Williams, Ollie Weakley and Walter Johnson.

Students in the Church of the Nazarene Vacation Bible School will have charge of the Sunday morning worship service at the church.

A revival meeting will begin at the First Baptist Church on Aug. 19. Dr. D. D. Sumrall, who is with the state evangelistic department with headquarters in Dallas, will do the preaching. Music will be directed by Winfred Walker of Temple Baptist Church in Amarillo.

The Rev. G. E. Howell of Lubbock will conduct services Sunday at the Calvary Baptist Church.

The local Youth Center was open Thursday night for the first time in several weeks. Approximately 50 young people "were in and out" during the evening, during which they danced to records such as Elvis Presley's newest hits, "Hound Dog" and "Don't Be Cruel".

A-2C Robert Hays, who is stationed at Barksdale AFB in Shreveport, La., spent a few days of last week visiting his parents, Mr. and Mrs. Jim Hays, and other relatives and friends.

Plans, plans and more plans are being made and completed for the annual Southwestern Junior Rodeo to begin Wednesday, Aug. 8. The rodeo queen will be chosen this year by judges instead of the usual "penny votes". She will reign over the entire rodeo. The lucky one will be chosen tonight at the courthouse and will receive a pair of shop-made boots. Girls entered are Marica Dean Holland, Shirley Heintz, Sherry Custer, Minnie Lee Mathis, Leslie Nichols, Janene Haynie, Louise Gerner, Jerry Beth Rains, Alane Norris, Kay Martin and Ruth Ann Long.

A-1C Donald Moore returned to Lackland AFB in San Antonio Saturday morning after spending about two weeks visiting friends and relatives here.

THANKS VOTERS Of Precinct 1

I wish to express my sincere thanks for the nice vote you gave me in Saturday's first primary in my race for Precinct 1 County Commissioner.

I solicit your continued support and vote in the August runoff election. I hold no ill will toward those who did not vote for me, but earnestly solicit their consideration in the August primary election.

I'll make every effort to see all the voters between now and the Aug. 25 election.

RACY ROBINSON

To The People Of Precinct 2

I wish to express my gratitude for the wonderful cooperation you have given me since I have been serving you as commissioner of precinct 2.

It is always a pleasure to discuss your problems with you and I insist that you feel free at any and all times to confer with me, as your problems are also mine.

I will endeavor to continue to give you courteous, prompt, efficient service and if possible make you a better servant for the ensuing two years of this term of office.

I would also like to urge those of you (and also those of you who have not) approached me regarding the paving of the streets in front of your homes, to please contact your city councilmen immediately. They will be most happy to advise you on the correct procedure and cost of paving your streets. Councilman Powell Shyffles is head of the city's paving department.

By county, city and property owners cooperating in this joint project, it will save the property owner 35 cents per foot over the previous paving project by the city.

I am happy to assist in this paving project by furnishing trucks and other equipment to put down the caliche base for the pavement.

Again I say thanks for your cooperation.

Yours for a better Garza Co.

Elva E. Peel,
 Commissioner of Precinct 2

'56 Post Stampede Rodeo Shows Loss More Than \$3,708

The 1956 Post Stampede Rodeo held May 23-26 went "in the hole" \$3,708.63, according to a financial report released this week by Secretary Homer McCray. The secretary's report disclosed that total receipts were \$6,966.72 and total expenses, \$9,374.35. One of the biggest items on the loss side of the ledger, \$774.49, was in the cutting horse contest. Cash receipts for this year's rodeo were as follows: Entrance fees, \$2,640.75; dance gate, \$812.15; admissions, \$3,155.25; concessions, \$58.37. Expenditures were as follows: Judges, \$385.50; contestants' money, \$2,849.70; cutting horse contest, \$709.99; labor and miscellaneous expenses, \$424.18; trucking and cost of stock, \$1,930; trophies and advertising, \$782.48; water, feed and lights, \$711.05; tax paid for 1956, \$361.99; repairs, \$62.50; special expense, \$708.25; sponsors, \$700; building, \$148.71. The secretary's report showed a balance of \$3,203.73 on hand on July 31. Balance on hand as of Jan. 1, 1956, was \$4,632.08, which added to this year's receipts and oil royalty through July of \$1,259.28 makes a total of \$12,578.08. The present balance on hand figure of \$3,203.73 is arrived at after expenses of the rodeo are subtracted from the larger figure.

Economic Impact Of VA's Work In Texas Enormous

Eight thousand Veterans Administration employees serve the 1,110,000 Texas veterans of the nation's wars. These were among eight pages of facts revealed today in a special booklet on VA's operations in Texas, Robert W. Sisson, manager of the VA Regional Office in Lubbock, said. The booklet, assembled for U. S. Congressmen and VA executives, is the first in a series VA is preparing for each state in the nation, Sisson said. It shows that the economic impact of VA's activities in Texas is profound, Sisson pointed out. Last year, for example, VA paid Texas employees \$33 million and spent \$261,188,443 for cash benefits and services to veterans and their dependents living in the state. It operated 10 hospitals statewide with 5,900 operating beds and an average daily patient load of 5,500 including 2,100 general medical cases, 2,600 neuropsychiatric patients, and 800 tuberculosis patients. The hospitals are at Amarillo, Big Spring, Bonham, Dallas, Houston, Kerrville, Marlin, McKinney, Temple and Waco. In addition, VA is caring for 600 veterans in domiciliaries operated in conjunction with the hospitals at Bonham and Temple. VA operates five regional and 21 sub-offices in Texas to provide service as close as possible to home towns of veterans. Regional offices are at Dallas, Houston, Lubbock, San Antonio, and Waco. The report showed that Texas veterans have made good use of

the education programs available to them, Sisson said. About 500,000 World War II veterans have used GI Bill training. Approximately 50,000 Texans disabled in World War II needed vocational rehabilitation to overcome their disabilities. So far, 90,000 Korea conflict veterans have used training benefits. Over 150,000 Texas veterans are receiving compensation and pension in the amount of \$166 million for fiscal year 1955. About 40,000 unmarried widows, minor children and dependent parents of deceased veterans received \$34 million last year. In Texas, the estates of 4,300 incompetent veterans, 15,000 minor dependents of veterans and 400 other incompetent beneficiaries are protected by VA under the guardianship program. At the end of fiscal year 1955, their estates, derived from benefits, amounted to \$27,300,000. The loan program under the World War II and Korea GI Bills has resulted in 250,000 home, farm and business loans with a principal amount of \$2.1 billion for Texas veterans. All loans were made by private lenders and were guaranteed by VA in the amount of \$1.2 billion. In addition to 270,000 GI home loans made by private lenders, VA made over 3,600 direct GI home loans averaging \$7,300 per loan in areas where private capital was not available. Automobile grants amounting to \$4 million have been made to 2,500 Texas disabled veterans and last year 6,600 prosthetic devices, exclusive of stump socks and

hearing aid batteries, were given to disabled veterans. Forty-four blind veterans have been rehabilitated. The booklet reported that Texas has 714,000 World War II veterans, 44,000 who served in both World War II and the Korean conflict, 187,000 veterans of only the Korean conflict, 159,000 World War I veterans and 6,000 veterans of earlier wars and peacetime service.

Dates Announced For Dove Hunting

AUSTIN (Spl.)—Dove hunting dates for Texans have been announced by the Game and Fish Commission. There will be 95½ days, divided between the north and south zones, under the plan worked out by the Federal Fish and Wildlife Service—an increase of five days over the 1955 season. The north zone season will run from Sept. 1 through Oct. 17, and the south zone will begin Oct. 12 and continue through Nov. 28. Shooting periods will be from

12 o'clock noon to sunset. Limits will be 10 per day and 10 in possession. Field reports indicate that Texas has an amazing mourning dove population despite the fact that about 7¼ million have ever 65 years old get the public Social Security

Fall Seeding Is Best For Alfalfa, Which Is Crop Of Varied Farm Uses

COLLEGE STATION (Spl.)—Alfalfa is a crop of varied farm uses. It is important in Texas as a source of hay, pasture and seed and also as a soil improving crop. Its blossoms provide bees with a prime source of nectar for honey. E. M. Trew, extension pasture specialist, says the supply of high quality alfalfa hay never seems to be adequate. As a pasture crop, it is excellent alone for hogs but for cattle and sheep is usually used in mixtures with grasses. Its excellence as a soil improving crop is well established. Alfalfa does best, says Trew, on fertile, well drained soils which are neutral to alkaline and of medium texture. With applications of lime and plenty of fertilizer, it is being grown on acid, sandy soils in East Texas. The most widely adapted varieties are the "Common" varieties, Texas, Southwestern and Barstow. These varieties are recommended for all of Texas except for the area south of a line east and west through College Station and San Antonio. For this section, Hairy Peruvian, Indian and African make more winter growth and more total yield than do

the "Common" varieties. Arizona Chilean may also be used in this area. Ranger and Buffalo are grown in the Rolling and high Plains areas for seed but have no advantage over the "Common" varieties in forage production. Prostrate varieties for pasture have not been successful in Texas, says Trew. Fall seeding is best for establishing alfalfa stands. The seed should be firm, clean and moist. Seed may be planted in dead stubble in areas where wind or blowing sand is likely to damage the young plants. Alfalfa needs plenty of potash and phosphorus as well as calcium. A soil test will determine these needs. Trew says from 15 to 20 pounds of good seed should be seeded per acre. If planted in 36 to 42 inch rows for grazing in dry areas, from two to three pounds of seed per acre should be used. Only certified seed should be planted and it should be inoculated just prior to planting. And finally, Trew says, don't plant alfalfa on land infested with cotton root rot.

Texas-Made Fashions To Be Modeled In 34 Shows At State Fair

The best of Texas-made fashions will be modeled in 34 free style shows during the 1956 State Fair of Texas, Oct. 6-21. More than 300 manufacturers all over the state have been invited to participate in the fourth annual Texas Fashion Roundup competition. The "blue ribbon fashions" judged as the best will be the ones shown at the fair. The free shows will be presented in the Women's Building twice daily during the fair, except for Sunday, Oct. 14. There will be additional showings on the three Saturdays and the first Sunday of the fair. Nationally known judges for the event will represent the national fashion scene, the retail merchant, the consumer and children's fashions. Judging will take place on Aug. 17 and the winning garments will be shown Oct. 18 in a private preview for manufacturers and designers. An Honoree-of-the-Day will be presented at each of the fashion shows during the fair. The blue ribbon fashions will be available in retail stores throughout the Southwest at the same time they are being shown at the fair. Mrs. Leah Jarrett, director of the fair's Women's Department, said that manufacturers should have their entries in her office by Aug. 13. The fashions to be judged will be divided into more than 100 categories. The fashion competition and shows are sponsored by the State Fair in cooperation with Dallas Fashion Arts, Inc., a non-profit organization devoted to the promotion of Texas fashions.

UNCHANGING!

How different their transportation from ours! How different their clothing! And yet, their spirit, their motives, their purpose, their God were the same.

In a covered wagon on the open prairie, or in a modern car on a super deluxe highway, God is with his people, his unchanging love giving them strength.

His Church is unchanging too. For it taught the same truths, and proffered the same comforts to those pioneer men and women as it does today.

Yes, God is unchanging. The Church is unchanging. Only people, the hearts of people, are inconstant.

How about you? Don't you need a power and strength far greater than yourself? God is waiting, the Church is waiting, the people are waiting. Will you add your strength to theirs and help the Church meet the challenges of today?

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Two Main Events On Grapple Card

Klodike Ike, from Alberta, Canada, will meet Champ Thomas of Denver, Colo., in the special main event on Friday night's wrestling card at the Postex Mill baseball park.

The main event will pit Paul Michler against Sugi Imoto, from Japan, and Ray Dunlap will meet the Black Demon in the preliminary.

Thomas, an ex-boxer, will weigh in at only 189 pounds against the 214-pound Klondike Ike, but roughing up bigger men has long been a habit of the Champ's.

The box office will open at 7 o'clock, with the first match scheduled for 8:30.

Donkey Ball Game Is Discussed By Jaycees

Next Tuesday night's donkey ball game was the principal topic of discussion at Wednesday's luncheon meeting of the Post Junior Chamber of Commerce.

The Jaycees selected Punk Peel as their team's manager and J. P. Parnell as captain. Their opponents, the Post Lions Club, will be managed by Walter B. Holland, with Don Butler as captain. The game is set for 8 o'clock at Little League Park. Proceeds will be for the Little League's benefit.

Miss Nellie Shepherd is visiting her sister, Mrs. Bill Whitaker, and family in Phoenix, Ariz.

Mr. and Mrs. Lew leave tomorrow to spend days at Alpine.

To the Voters of the County

I am deeply grateful for the support you gave me in the election last Saturday. I will try to see you in the forthcoming days before the next election, but if I fail to contact you I want you to know that it certainly is not intentional. I have to take care of my job first.

I will certainly appreciate your support on August 25th. I also want to urge you to be sure to vote.

I appreciate the way in which Odean and Nathan conducted their campaigns.

Sincerely,

Your friend,

CARL RAINS

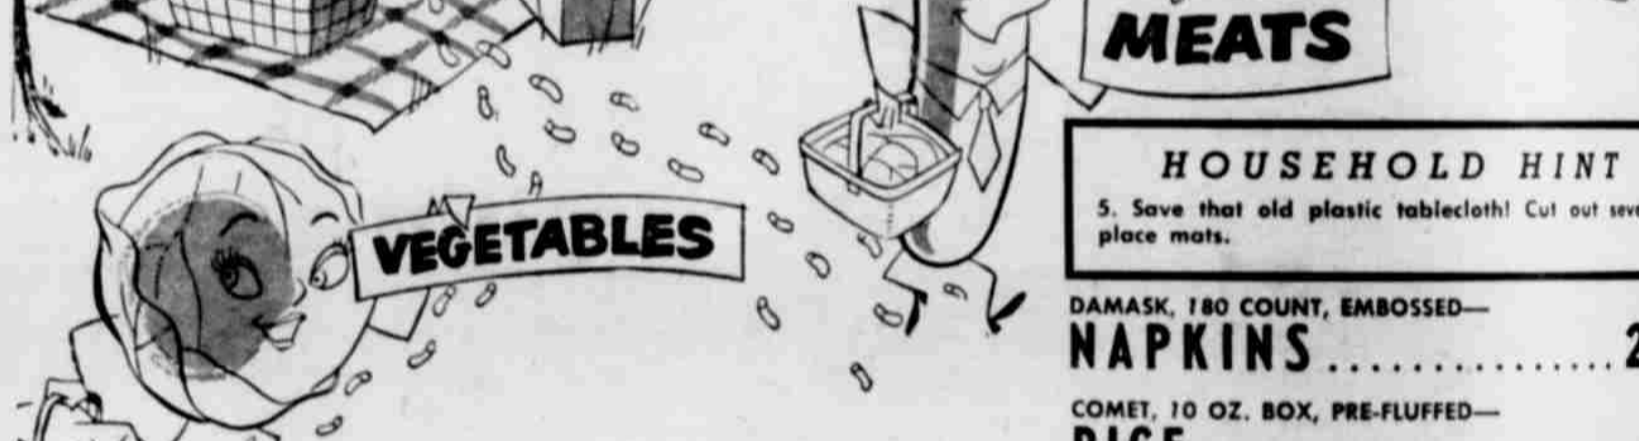

To The Voters Of Garza County:

I would like to thank the entire county for your votes and your kind consideration that you gave me in the primary election. Even though I did not win I still know that I have many, many good friends.

DONKEYS SOMETIMES WIN—This is a typical scene from a donkey ball game such as that to be played at Little League Park at 8 o'clock Tuesday night between the Post Lions and Jaycees.

CONTEST IS FOR BENEFIT OF LITTLE LEAGUE

Lions And Jaycees To Clash Tuesday In Donkey Ball Game On LL Diamond

Teams representing the Post Lions Club and Junior Chamber of Commerce will tangle at 8 o'clock Tuesday night in what promises to be a hilarious affair—a donkey ball game. The game

will be played at Little League Park, with proceeds going into the Little League fund.

Rival Lions Club and Jaycee captains are reported this week to be selecting their team members with care, with each group having expressed itself as confident of victory. It'll be well worth the admission prices of 25 and 50 cents to attend the game and see who wins.

All players except the pitcher and catcher will be mounted on donkeys. The batter will stand at home plate, but if he gets a

hit, he must mount a donkey for the trip to first base, and on around, if the hit is for extra bases.

Batting averages should be high, since there are no strike-outs or bases on balls under donkey ball rules. When the ball is hit, the fielder must ride his donkey to within a step of the ball, pick it up and remount before attempting to throw the runner out.

Rules call for the use of a softball, and nine players on each team.

R. B. Dodson and sons, V. A. and Boyd, and Damon Ethridge left Monday night to spend a few days fishing at Lake City, Colo. They will return next week.

The Rev. and Mrs. Jack Ratcliff and children returned to Honduras this week, where he is a Baptist missionary. They have been visiting in the states for approximately a month, during which they visited her parents here, Mr. and Mrs. E. C. Haragan.

Donkey Ball Game

Laughs... Spills... Fun... Thrills

Better Than A Rodeo!—Funnier Than A Circus!

RULES:—All players except pitcher and catcher ride donkeys. When the batter gets a hit he must mount his donkey and ride around the bases in proper order—if he can. There are no strike-outs or walks. Fielders must ride to within a step of the ball before dismounting and must remount before throwing the ball. Soft-ball is used. Nine players on each team. Game plays 5 to 7 innings—approximately one hour and a half.
