"OUGHT TO BE THAT HIGH"—Postmaster Harold Voss is showing Curtis Davies how high the stack of returned questionnaires on city mail delivery service ought to be in comparison to what it actually was when the picture was taken earlier this week. The post office distributed 1,000 questionnaires March 18 asking patrons if they desired city mail delivery, but only a few more than 200 had been returned almost two weeks later.—(Staff Photo.)

Contract Awarded Here For 20 New Mill Houses

Saturday 'Big Day' For Tag Purchasers

Saturday was the "big day" for 1956 motor vehicle registrations at the county tax assessor-collector's office, with Monday running it a close second, according to Mrs. Exa Thomas, chief deputy.

Post Lions To Select Candidate For Queen

The Post Lions Club's queen candidate for District 27-1 honorees will be selected at next Tuesday's meeting according to E. E. Pierce, the club's publicity chairman.

Lions Elect H. W. Schmidt

H. W. (Hiram) Schmidt, local representative for General American Oil Co., was elected president of the Post Lions Club at the annual election of officers Tuesday evening. He will succeed Joe J. DeArmon.

Damage Heavy In Monday's 'Duster'

One of the worst dust storms of recent years hit here at mid-afternoon Monday, causing hundreds of dollars of damage to plate glass windows, television and radio antennas, and other property.

The fog of fine, red sand from the duster cut visibility to zero for several minutes, and for a brief period turned the air as black as night.

90 Votes Cast In City Election Here Tuesday

Ninety votes were cast in Tuesday's city election, with aldermen L. A. Presson, Powell Shytle and C. R. Thaxton being re-elected without opposition.

Minor Thefts And Break-In Reported

A Saturday night break-in at the swimming pool and thefts of rubber tires from a number of wheelbarrows and a portable cement mixer were reported this week by Sheriff Carl Rains.

Son Of Post Woman Surprise Winner In Plainview Election

Write-in candidate M. B. Hood, son of Mrs. A. H. Hood of Post, scored a surprising victory over incumbent Mayor C. L. Abernathy in the heaviest municipal balloting in Plainview's history Tuesday.

Open House Date Is Set For Saturday

Open house at the Medical & Professional Building, 111 North Avenue I, will be held from 2 until 5 o'clock Saturday afternoon.

PAUL JONES
Jones, a resident of Post since 1946, is manager of Pig-gly Wiggly Super Market. He has served as president and as vice president of the school board. He has three children in school, Howard, a high school junior; Kay Gene, a freshman, and Mary Ann, a 5th grader.

VICTOR HUDMAN
Hudman, a resident of Post since 1921, is a partner in Hudman Furniture Co. and Hudman Funeral Home. He is a member of the Chamber of Commerce and the Lions Club, of which he is a past-president. He has three sons in school, Victor Jr., a freshman; Curtis, a 5th grader, and Joe, a 1st grader.

LEO M. ACKER
Acker has been a resident of Post since 1950 and at present is secretary of the school board. He is employed as an accountant by Brown Bros. et al, oil operators, and is a member of the Rotary Club. He has two sons in school, Lexa, a senior, and Leslie, who is in the 6th grade.

Fairly Heavy Vote Expected In School Trustee Elections

With contests in all races, a fairly heavy vote is anticipated in Saturday's school trustee elections throughout Garza County.

Only in the voting for three members of the county board of education is a candidate unopposed. Sam Ellis of Southland is alone in his race for re-election as Precinct 1 member of the county board.

Garza Was One Of 30 Counties On Her Map

Some people close their eyes and stick a pin in a map to decide where they are going. The method used by Mrs. Elizabeth Shannon, Post first grade teacher, was almost as unique.

Name Contestants For League Meet

Contestants who will represent Post High School and Junior High School in the interscholastic League meet at Floydada on Friday, April 13, have been selected, school officials announce.

Thursday to Thursday

By CHARLES DIDWAY

THIS YEAR'S early Easter leaves us 29 April days, any one of which could bring a welcome downpour of rain. The month of April has brought good rains the past two years, and we have a feeling that the month will follow the same pattern this year.

NO MATTER how fast a clock runs, it always winds up in the same place.

SOME COINCIDENCES are commonplace, but one occurred recently at the Brownfield Junior Chamber of Commerce installation banquet which classifies as one of those coincidences spelled with a capital "C."

L. G. SMITH, formerly of Post, was installed as new president of the Brownfield Jaycees, succeeding Alvin G. Davis, also formerly of Post, and the banquet's master of ceremonies was L. J. Richardson, another former Post boy.

BUT, THE COINCIDENCE doesn't end there. All three are bank employees—L. G. and Alvin of the Brownfield State Bank & Trust Co., and L. J. of the First National Bank.

HOLD THE PHONE! We just read further down in the story and learn that still another former Postie, Burnon Haws, was installed as second vice president. The coincidence ends there, however, as Burnon isn't employed by a bank—he works in a men's clothing store.

L. J. AND BURNON are charter members of the Post Chamber of Commerce, both having moved to Brownfield shortly after the Post Jaycee unit was organized.

EXPERIENCE IS SOMETHING we always think we have until we get more of it.

WHILE WAITING TO take a picture Friday afternoon, we sat in for a few minutes on what must have been one of the most enjoyable Easter events held here. All the first grade pupils of teachers Minnie Will Williams, Lola McWhirter, Jeanette Schmedt and Elizabeth Shannon put on "bunny ears" and gathered in one room for a brief Easter party.

THE MORE THAN 100 pupils were packed into the one room more like sardines than Easter bunnies, but the crowded conditions seemed to their liking, and after being led by Mrs. Schmedt in a couple of Easter recitations, they hopped past tables piled with candy Easter eggs, selected their egg, and hopped on out into the hall.

THE DRIVER WHO is heavy on his horn is light in other departments.

FROM THE LOOKS of the equipment parked there and the work that's already been done, the east half of the courthouse lawn is undergoing the biggest "face lift."

Roger W. Babson Writes This Week:

Financial Loss Not Only Blow When Fire Wrecks Successful Business, Happy Home

BABSON PARK, Mass.—Fire losses have so increased that I feel the subject should interest everyone, whether manufacturer, merchant, or householder. The financial loss may be covered by insurance; but insurance does not cover other losses, especially in the case of a successful business or a happy home.

Most Fires Could Be Avoided

Unfortunately, a certain number of fires are set—some by mentally deranged people, or by juvenile delinquents. Other fires are set by unsuccessful businessmen who use the fires "to sell their business to the insurance company." In view of the large number of "set" fires, the little red fire-alarm boxes at street corners will always remain in use. No one who sets a fire will ever notify the Fire Department! This must be done by someone who discovers the fire when walking along the street. As such discovery is made only after the fire has got a good start, "set" fires are the most dangerous.

EVERY TOWN NEEDS ONE . . .

The Post Volunteer Fire Department, which asks very little in return for the vital service it renders the community, is currently making one of its infrequent appeals—seeking financial assistance from the citizens for purchase of a portable resuscitator.

The need of every community for at least one of these resuscitators cannot be over-emphasized. The Post firemen already have a resuscitator, but it is several years old and is considered inadequate for most emergencies.

The new portable resuscitator has been on display here at the First National Bank, and this week is at the Piggly Wiggly Super Market. Citizens are asked to inspect the equipment and then, if they consider the project a worthy one, make a contribution in the conveniently-placed container.

The fire chief reports that funds for purchase of the resuscitator are coming in slowly and must pick up within the next few days if the few hundred dollars needed to purchase the equipment is made available.

Your contribution will help keep this resuscitator in Post. It will pay for itself many times over if it saves even one life, and there are recorded instances in many communities no larger than Post of it having saved many.

If you haven't yet contributed to the resuscitator fund, go by the place where it is on display, look it over and make your contribution if you think the project a worthy one. A great many already have, but not near enough.

There are few folks, these days, who take pride in their ability to do without the things they cannot afford.—Norwich, N. Y., Union.

ing" job it's had since the original landscaping was completed.

IT'S THAT TIME of year, though, and there'll probably be other jobs of a similar nature before Spring gives way to Summer. There'll be lots of remodeling and repainting and, it is hoped, another city-wide clean-up drive. Uptown, two recent improvements include installation of grillwork at the front door of the new Medical and Business Building, and remodeling of the prescription department at Hamilton's Drug Store.

WE'VE ALSO CHANGED furniture and fixtures around in the front office of The Post Dispatch, and if all remodeling jobs draw as much comment, then the weather won't be the only topic of conversation while these "face lifting" jobs are going on.

SINCE OUR ONLY daughter is in college and home only at infrequent intervals, we're not too perturbed over the "bright" idea thought up by Marjabelle Young, a professional model. Miss Young says dad's shaving brush is just the thing for a girl's complexion, if dipped into a shaving mug and used to lather the face. Men with daughters still at home will be wise to hide that mug and brush, if they care anything about them.

BE SURE TO vote in Saturday's school trustee election.

The Limb Getting Out On

By EDDIE the editor

SUDDEN THOUGHT: Punctuality is the art of wasting only your own time.

Many people have a hard time saving money because they never start until they run out.

AMERICANS IN London always remark about the "thank you" that is a part of the most trifling transaction. It's "thank you" when you buy a newspaper, pay a bus fare, enter an elevator, or inscribe your name in a hotel register.

Except in the smaller towns and cities, the "thank you" spirit is less common in America. In fact, it is so uncommon that efficiency experts frequently recommend it as a device for attracting favorable attention to an enterprise, such as selling newspapers or operating a bank.

My observation has been that very few transactions are ever made in Post without a "thank you" entering the picture. Sometimes, perhaps, it isn't as emphatic as it should be, but it's usually always there. The two words have an unusual goodwill value, because the average person is deeply pleased by any recognition that his trade is appreciated.

THE WOMEN, GOD LOVE 'EM! A single man runs around and gets into trouble. A married man doesn't have to run around.

A lot of trouble is caused by a narrow mind and a wide mouth.

AFTER READING of a recent occurrence in Chicago, I'm of the opinion that every city, even those of our size and smaller, should brush up on their city laws and see if all of them are up to date.

In Chicago, 13 men charged with shooting dice in a truck won freedom because the city gambling law wasn't up to date.

They were charged with being inmates or keepers of a gambling house but their attorney pointed out that the 1847 anti-gambling law defines a gambling house as "any building, booth, yard, garden, boat or float." It didn't say anything about trucks, he said.

The judge agreed and dismissed the charge.

A camel is an animal that looks as though it had been put together by a committee.

portunity do all the knocking.

I DON'T SUPPOSE that any county anywhere of proportionate size has as near perfect a school bus safety record as Garza County. That's a tribute to the bus drivers, as well as to the mechanics who keep the vehicles in good operating condition. But, according to Col. Homer Garrison Jr., director of the Department of Public Safety, many other Texas counties have not been so fortunate in this respect.

Alarmed over the death of five children and injury to 177 others in rural school bus accidents in 1955, Garrison warns that the law requires motorists to take extra precautions near school buses.

"Most of the accidents," he said, "occurred when the school bus was stopped to take on or discharge passengers."

Garrison pointed out that state law makes it mandatory for motorists to stop upon meeting or overtaking a school bus which has stopped on the highway to receive or discharge passengers.

Motorists are allowed to pass a bus only after stopping, and only at a speed of 10 miles per

hour or less when safe to do so. Garrison emphasized that cars must stop regardless of their direction of travel in relation to the school bus.

The public safety director also suggested that "school bus drivers consider themselves guardians of our children," adding: "Many accidents occurred last year because of moving traffic violations on the part of school bus drivers. Vague and improper turn signals and failure to yield the right of way were two of the most frequent violations."

OUR PAPER IS growing, but we're glad it's still small enough for the engagement and wedding stories to go on the society page—where they belong. News of the forthcoming marriages of Grace Kelly and Margaret Truman has crowded some of my favorite news off the front pages of most of the daily newspapers, and the situation probably will get worse as the wedding dates draw nearer.

What We Need Now

Within another month or so, the flies will be swarming and everyone will be complaining about the heat. Incidentally, this will probably be a bad fly year. We seem to have developed a breed of flies that is completely immune to DDT. What we need now is some of that old-fashioned fly spray with the pyrethrum base.—"Hereford Bull" in The Hereford Sunday Brand.

Costs A Little More

Work continues to be the most effective therapy known to the troubled heart. Its popularity, however, is limited to patients willing to pay a little more than they expected.—"Trail Dust" in Matador Tribune.

The Hard Way

Pete Pituitary says his son found how hard it is to drive a bargain after he bought that used car.—"Nearly News" in The Lamb County Leader.

Know Where They Are

The parents of young people, especially the very young, can do their part by knowing at all times where their youngsters are and what they are doing. Neglectful parents contribute as much to juvenile delinquency as anyone does.—"Minute Editorials" in The Lockney Beacon.

As Crazy As Music

Texas politics has become as crazy as our modern music. No song these days has a chance at the hit parade if it has a pleasant melody, possesses intelligible lyrics, and is presented by a vocalist having the rudiments of good musicianship.

To be a hit, a song must be a combination of gibberish and discords, each line must end with either a drop in pitch or a grunt, and the vocalist must have either gravel or mush in his throat, and suffer with St. Vitus dance.—"Town Topics" in The Tullia Herald.

This Week's Definition

Someone has defined a bigamist as "a man who keeps two himself."—"Drifting Sands" in The Andrews County News.

From Which Direction?

Now just where was the wind from last Thursday? Lubbock reported it from the northwest; Amarillo from the south. Here in Crosby County, we have conflicting reports. Some say north, others swear it was from the north, and one lady on the East Plains who built a fire in her yard to make sure, reports it was east northeast. Our guess is that they were all correct. There was so little wind that there was no general direction, and it varied with the locality. Shortly after sun-up there was no question but that it was from east northeast. Now what does that do to this year's crop?—"Trends" in The Crosbyton Review.

Agents Attend Meet Held In Amarillo

Extension Service agents Miss Jessie Pearce and Lewis C. Heron were in Amarillo last week attending a meeting of agents of Districts 1 and 2.

Most of the three-day meeting was devoted to training on program planning and farm and home development. In addition to the agents, there were a number of Extension Service officials from College Station in attendance.

Garza County is participating in the farm and home development program, with six farm families taking part. They are the families of J. C. Howard, Ray McClellan, A. C. Cash, Marshall Tipton, Luther Bibbery and Charles Morrow.

It is planned to add another family to the program by the end of the year, the county agents said.

The true buffalo is a native of India and Africa.

CORRECTLY IDENTIFIED—Last week's Mystery Farm, that of A. I. Cross of the Grassburr Community, was correctly identified by Mrs. R. H. Sappington of Post Rt. 2. Although a number of others called to correctly identify the farm, Mrs. Sappington's guess was the first received after 1 o'clock Friday afternoon. She will receive a six-months subscription to The Post Dispatch.

Tests Help Cotton Merchants Analyze Harvest Prospects

AUSTIN (Spl.)—Tests compiled by University of Texas scientists should help cotton merchants analyze prospects for cotton crops in advance of harvest.

A repeat on the tests has just been published by the University's Cotton Economic Research Division. Research Scientist Bill Crumley developed the tests, which are based on relationships between environment and fiber properties. The report contains data which reveal the precise relationships of environment and fiber properties. Larger amounts of moisture, for instance, mean decreased fiber strength and coarser fibers, while smaller amounts mean stronger fibers with finer diameters.

Copies of the report, entitled "Relationship Between Environment and Certain Physical Properties of Cotton Grown in Texas," are available on request from the Cotton Economic Research Division, University of Texas, Austin 12.

Booklet Is Published On School Services

AUSTIN (Spl.)—The University of Texas Hogg Foundation for Mental Hygiene has published a "Directory of Services for School Age Children in the State of Texas" as part of the Foundation's state and community service program. Miss Mona Faye Jarrell, counselor in an Austin high school, compiled the directory as a master's thesis in education. The booklet lists only the state agencies, publicly supported, whose services are available to all the people of Texas. School teachers, public welfare workers, judges and ministers in rural communities will find the publication particularly helpful, Dr. Robert L. Sutherland, Hogg Foundation director, said. Copies may be obtained on request from Hogg Foundation for Mental Hygiene, University of Texas, Austin 12. An elephant heart beats 30 to 40 times a minute.

Public Notice

CONTRACTORS' NOTICE OF TEXAS HIGHWAY CONSTRUCTION

Sealed proposals for constructing 4.554 miles of Gr. Strs., Base & Surf, from Verbena south 4.5 mi. to U. S. 380 on Highway No. FM 2008, covered by R. 2180-2-1. In Garza County, will be received at the Highway Department, Austin, until 9:00 A. M., April 17, 1956, and then publicly opened and read.

This is a "Public Works" Project, as defined in House Bill No. 54 of the 43rd Legislature of the State of Texas and House Bill No. 115 of the 44th Legislature of the State of Texas, and as such is subject to the provisions of said House Bills. No provisions herein are intended to be in conflict with the provisions of said Acts.

In accordance with the provisions of said House Bills, the State Highway Commission has ascertained and set forth in the proposal the wage rates, for each craft or type of workman or mechanic needed to execute the work on above named project, now prevailing in the locality in which the work is to be performed, and the Contractor shall pay not less than these wage rates as shown in the proposal for each craft or type of laborer, workman or mechanic employed on this project.

Legal holiday work shall be paid for at the regular governing rates.

Plans and specifications available at the office of F. C. Stanley, Resident Engineer, Lubbock, Texas, and Texas Highway Department, Austin. Usual rights reserved.

Scouts To Present Rotary Program

Boy Scouts of Troop 16 will present the program at next Tuesday's Post Rotary Club luncheon, with the program to be introduced by Bryan J. Williams Jr., troop committeeman.

At this week's luncheon, Rotarians heard a talk by Dr. Woodson Armes, pastor of the Polytechnic Baptist Church in Fort Worth, who is conducting a revival meeting at the First Baptist Church here. Two songs were sung by Kenneth Hill, music and education director of the First Baptist Church of Littlefield, who is leading the singing in the revival meeting.

Miss Gaymans, Roy W. Robinson Married Saturday Evening

A double ring ceremony Saturday evening, Miss Rosa Gaymans became the bride of Roy Webb Robinson, son of Mr. and Mrs. A. R. Roy Shahan, first pastor, officiated for the 7:30 o'clock in the home of the bride's parents, Mr. and Mrs. Shannon.

Donna Spencer of Greenleaf, the bride, was escorted by a young man. She wore an aqua tulle dress and a white veil. The bride wore a cream lace dress with pastel blue accessories. The groom wore a blue linen suit and a white duster. The couple

is at home here. The bride, a graduate of Post High School, attended Texas Tech. She is employed as secretary for Bryan Williams and Son.

The bridegroom was graduated from Southland High School and completed a business course while serving in the Army in Germany. He is an employee of Calco Oil Co.

The program was composed of Hawaiian music by Jimmy Peede, Bob Tidwell and Mrs. Ray N. Smith; invocation, Ray N. Smith; duets, "Honolulu Moon" and "Pagan Love Song." El Wanda Davies and Dove Mayfield, Jr.; welcome, Mrs. Shahan; response, Homer Cato, class president, and "Echoes of the Isles" by the Rev. Bruce Melver, Lubbock.

The menu was pineapple juice, ham, jello salad, English peas, potato salad, iced tea, ice cream and cake.

Rainbows Are Guests At Sunday Breakfast
Members of the Order of Rainbow for Girls attended the Sunrise Easter service in a group Sunday at the First Methodist Church.

After the service, the girls were guests of Mr. and Mrs. Jess Rogers for breakfast at Judy's Cafe. Other guests were Mrs. Winnie Henderson and the Rev. Carl Hudson, who was conducting a revival at the Methodist Church.

Garza HD Council Meets On Tuesday
Garza Home Demonstration Council met Tuesday afternoon at the office of the agent, Miss Jessie Pearce. Those present were Mesdames N. C. Outlaw, W. H. Barton, A. O. Crockett, Robert Mock, Stanley Sims, Frank Bostick, Hardie Smith, O. H. Hoover, Stanley Butler, Jim Graves, Rufus Gerner and a visitor, Mrs. Glenn Davis.

Mrs. Outlaw announced that she would like for all members of the yearbook committee to contact her.

During the business session the finance committee recommendations were voted on and approved; also the EEE recommendations. All clubs reported on their last two meetings and Miss Pearce gave a program outline, "Preparing for Old Age" to representatives of each unit.

It was announced that National Home Demonstration Week will be observed April 29-May 5. On May 4, the council will have a 15 minute radio program over Station KRWS, with Mrs. Outlaw presiding. All clubs are asked to send in suggestions for the radio program.

It was also announced that a recreation leader will be here July 17 and 18 to give demonstrations to club representatives.

Mrs. Hardie Smith resigned as council chairman and Mrs. W. H. Barton was named to succeed her. Mrs. Graves was elected vice-chairman.

Mrs. C. R. Thaxton Gives Book Review At Culture Club

"Gifts From the Sea," by Anne Lindbergh was reviewed by Mrs. C. R. Thaxton at last Wednesday's meeting of the Woman's Culture Club at the home of Mrs. Victor Hudman. Mrs. K. Stoker and Mrs. S. C. Storie, Sr., were cohostesses.

During the tea hour, preceding the review, the club colors of purple and silver were emphasized in decorations and refreshments. The refreshment table was covered with lace and was centered with an arrangement of purple iris, baby's breath and fern in a crystal basket. Crystal and silver appointments and orchid napkins with the club name in silver lettering were used. Lime sherbet punch, cake squares decorated in orchid flowers, open face sandwiches and nuts were served.

Mrs. T. L. Jones gave a brief account of the author's life after Mrs. Thaxton's presentation of the much discussed book. The program was closed with a vocal solo, "My God and I" sung by Miss Maxine Durrett, with piano accompaniment by Mrs. Jones.

Approximately 40 members and guests were present.

450,000 CLUB MEMBERS TAKING PART

4-H Agricultural Programs Easing Cost-Price Squeeze On Many Farms

The cost-price squeeze on the nation's farms is being eased by 450,000 4-H Club members taking part in four popular 4-H agricultural programs, Field Crops, Soil and Water Conservation, Tractor, and Grain Marketing.

Through the programs, club members are learning to produce crops efficiently, conserve natural resources, maintain farm equipment at the peak of operating efficiency, and market grain products in order to gain the greatest returns.

In addition to increasing financial returns and learning latest approved methods, 4-Hers who do outstanding work are eligible for honors and recognition in the National 4-H award program. Incentives in the Field Crops Program are provided by the Nitrogen Division of Allied Chemical and Dye Corporation; Soil and Water Conservation awards by the Firestone Tire & Rubber Company; Tractor honors by the Stanolind Foundation Inc., Tulsa, Okla., and recognition in Grain Marketing by the Chicago Board of Trade.

Gold-filled medals are made available for four county winners in each program. State champions in Field Crops, Soil Conservation and Tractor receive

Liquor Violations In District High Again

Again in February, the 24-county Lubbock District of the Texas Liquor Control Board led the state in the number of convictions and jail terms for liquor law violations.

A total of 50 cases were filed in the Lubbock District during the month, and 76 convictions and 11 jail terms were marked up. Fines and costs totaled \$15,653.15.

The Lubbock District was far and away head of others in the state on the amount of fines and costs collected. Nearest to it was the Houston District, where collection of fines and costs totaled \$4,533.40.

all-expense trips to the National 4-H Club Congress in Chicago. At the Congress, national awards of \$300 college scholarships will be presented to six Field Crops winners, eight Soil Conservation champions, and 12 Tractor winners.

Two state Grain Marketing winners and a chaperon will receive all-expense trips to the Grain Marketing Clinic and Tour in Chicago in mid-January, 1957.

The Stanolind Foundation also provides funds for training volunteer 4-H leaders in Tractor and Machinery Care, and incentives for members who participate in club events.

4-H Club work is conducted by the Cooperative Extension Service, and the award programs coordinated by the National Committee on Boys and Girls Club Work. Full information can be obtained from county Extension offices.

Keep Eyes Peeled For Kids, Sheriff Urges Motorists

"Watch out when kids are out!"

That warning was given to area motorists today by Sheriff Carl Rains as he urged them to give full cooperation to the child pedestrian safety program which the Texas Safety Association, the Department of Public Safety and the National Safety Council are conducting this month.

"Children can hear safety rules day in and day out in school and at home but still forget all about them when a ball rolls out into the street," the sheriff said.

He reminded drivers to keep a constant lookout for such situations and to be ready to act fast in an emergency. "The only way to compensate for children's needlessness," he said, "is by the use of extra caution and alertness on the part of every driver."

"Be especially careful when you drive near schools, playgrounds, or any place where youngsters are likely to be found," Sheriff Rains said. "Keep a sharp eye out for signs, signals, traffic police, school patrols and the youngsters themselves. Even when you don't see any children around, they may be dangerously near, so look for such clues as tricycles, roller skates and other toys lying around and listen for the shouts of youngsters at play."

He also cautioned motorists to give bike riders every break. "Lack of skill handicaps many young riders while others suffer from over-confidence," he said, "and the result of either can be disastrous if the driver does not act quickly enough to avoid an accident."

VA Questions And Answers

Q. I am in the military service, and I am covered by \$10,000 free indemnity. I recently was married, and I want to change my beneficiary. Am I supposed to notify the VA?

A. No. Service personnel should not notify VA of changes in beneficiary. Instead, they should notify their branch of service, since that's where their records are kept. VA handles the records of veterans, and not generally, of members of the armed forces.

Q. I want to get a GI farm loan. How can I find a lender who makes such loans?

A. You should be able to get the information from your County Agricultural Extension Agent. You also should contact lending institutions in your community.

Q. I am going to school under the Korean GI Bill. Will I have the right to make one change of program for as long as I might train?

A. No. You have the right to change your program up to the third anniversary date of your discharge from the armed forces. After that, you may change only if you are not making satisfactory progress in your present course, due to no fault of your own, and your new course would be more in keeping with your aptitudes and abilities.

Q. I am eligible for VA outpatient medical treatment for my service-connected disability. May I simply go to my own doctor and tell him to bill the VA?

A. No. You must get VA's prior authorization for your doctor to provide the treatment at VA's expense.

NEW LIFE

So many things develop from within, and so do we. The chick comes out of the egg, the flower from a tiny seed, the tree adds rings year after year to its outer core. Always it is the inner life.

And so it is with the heart of man. When the inner man is fed by God's Holy Word, the outer life becomes a joyful expression, a vital power that overcomes all obstacles and sweeps on to eternal life.

The Church nourishes the inner life of spirit so essential to outer growth and beautiful expression. From the Church comes the instruction and inspiration for happy, worthwhile living. Attend some church regularly, and see what a difference it makes.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake (2) For his children's sake (3) For the sake of his community and nation (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Farm Real Estate Values In Decline

COLLEGE STATION (Sp1) — Farm real estate values in Texas dropped slightly during the latter part of 1955, according to a report just issued by the U. S. Department of Agriculture.

During the four-month period from July 1 to Nov. 1, farm real estate values increased from 2 to 4 per cent in 31 states and remained essentially unchanged in 16 states. In Texas the decrease was 1 per cent.

Compared with a year earlier, farm real estate values in the state were 3 per cent as of Nov. 1. This compares with a nationwide rise of 5 per cent during the same period. Values last November averaged higher than a year earlier in all but two states—Nevada and Utah.

Continued business prosperity and strong demand by farmers for additional land to enlarge their farms have helped to offset expected effects on land values of lower prices for farm commodities, according to the USDA report.

Many farmers and non-farmers continue to view farmland as a safe and desirable investment despite current lower returns. Present owners apparently share this view because the number of farms for sale continued at a low level.

Cemetery Lot Charges Payable At City Hall

Terrace Cemetery lot owners may now pay their watering and upkeep fees at the City Hall, Mayor James Minor said this week.

The cemetery is in the process of being transferred to city operation and maintenance by the cemetery association. For that reason, the mayor said, many lot owners do not know where to pay their fees, which were due April 1.

The yearly fees are \$4 for watering one-half lot, \$6 for watering one whole lot, \$6 for watering and maintaining one-half lot, and \$10 for watering and maintaining one whole lot.

In Abilene Wed'sday For Relative's Rites

Mr. and Mrs. K. Stoker and Mr. and Mrs. Willard Kirkpatrick were in Abilene Wednesday afternoon to attend funeral services for Mrs. Stoker's sister-in-law, Mrs. R. E. McFall, who died unexpectedly at her home at 4 a. m. Tuesday.

Mrs. McFall had visited here on a number of occasions, and her son, Rex L. McFall, once made his home with the Stokers on their ranch near Post.

Besides the son, Mrs. McFall is survived by her husband, two sisters, one brother and four grandchildren.

Last Wednesday the league spellers and typists met with Mr. Tittle and Mrs. Fleming, respectively, during the activity period.

Did everybody or anyone know that PHS had some good golf players? Andy Schmidt, Howard Jones, Jim Brewer, and Auvy McBride won in the Snyder meet last Wednesday afternoon. Congratulations, boys.

Everyone enjoyed the Baptist banquet Thursday evening. Rev. Bruce McIver from Lubbock was the speaker and the program was very interesting and entertaining.

Eliminations were held last Thursday for the Interscholastic League. Literary events will be held in Floydada on April 13.

Sherry Taylor looked cute Thursday night in a gold and avocado print dress; Mozelle Edwards, in a white dress with blue accessories; JoAnn Moreman in a green dress, with yellow flowers, and Darilyne Hulsey in a navy dress. All the other girls looked attractive too and the boys were a credit to PHS.

Another one—an engaged girl in PHS, Betty Watson, is sporting a diamond that she received during the Easter holidays. James Truelock is the lucky guy.

The party Patty and Linda Lott gave honoring the seniors last Thursday night was fun. Everybody had a good time.

The seniors had a good time at Plant X Friday. Mr. Whittenberg drove the bus and Mrs. Fleming accompanied us. The trip was interesting and the food—marvelous.

The FHA Club did good with their bake sale last week. The girls worked real hard and sold loads and loads of cakes. While we're on the subject of the FHA Club—in a recent meeting, the club elected officers for the coming school year.

PHS's track team went to Big Spring Friday for the meet held there.

Several of the exes were home from college for the Easter holidays. To name a few seen around—Bernie Welch, Charles Bird, Tommie Jean Williams, Margaret Welborn, and JoFern and Helen Taylor.

Among the many couples seen together during the holidays were: Novis Pennell and Rexene Welch, Larry Sanders and Barbara Stone, James Capps and Ann Osborne, Darrell Norman and Linda Lott, Jerry Key and Lois Josey, Ned Myers and Betty Sue Hunt, Walter Didway and JoFern Taylor, Carrol Davis and Alice Joy Nichols, Jimmy Hutton and Jackie Sue Mason, V. A. Lobban and Annie Porterfield, and Jim Jackson and Darilyne Hulsey.

HARD-WORKING THIEVES OKLAHOMA CITY—Alroy DeLaughter, superintendent of the parking meter department here, reports the most ambitious thieves he has ever encountered. They yanked up a meter—with 150 pounds of concrete still attached to the base. It is a puzzle how they got the meter and concrete out of the sidewalk. For their efforts, they got about \$1.50.

SENIORS VISIT PLANT "X"—This group of Post High School seniors visited Southwestern Public Service Company's Plant "X" in Lamb County last Friday, and were guests of the company at a barbecue lunch. Accompanying the students were their sponsor, Mrs. G. E. Fleming, High School Principal Glenn Whittenberg, and Ted R. Hibbs, SWPS manager in Post.

Mrs. Tol Thomas had Mr. and Mrs. Wayne Thomas, Syran and Jay Tol of Lubbock, Mr. and Mrs. A. C. Thomas and Vicky of Hobbs, N. M., Mr. and Mrs. Waggoner Johnson and Johnny, and Mr. and Mrs. Red Floyd as her Easter guests.

Mrs. Jimmy Thomas, Deedie, Danny, and Debra of Hereford were Friday visitors of relatives here.

Mr. and Mrs. Clarence Morrison visited in the L. G. Truett home Friday.

Mother Nature Sometimes Rough In Teaching Soil Conservation Lessons

COLLEGE STATION (Sp1) — Just as the proof of the pudding is in the eating, so is the proof of good soil conservation methods in the practice, says John Brazzil, Randall County agricultural agent.

When heavy snow and high winds hit Randall County in early February, 15 miles of a farm-to-market road became impassable in many places. Winds piled the snow into drifts in many places over the road.

A week later, Brazzil, in driving along the road, could tell by the drifts where stubble farming had been used on roadside farms. In those fields where maize stubble was still standing, the road was clean. In adjacent fields where the ground was left bare, drifts were six feet high on the road.

Jack Barton, extension soil and water conservationist, said Brazzil made checks on moisture penetration on these same fields as soon as conditions made it possible. The depth of penetration on stalk fields was 12 inches. On bare fields, many spots could be found that were completely dry. Other spots showed some moisture penetration, but all under 12 inches.

On Feb. 24, the stubble was of even greater value. On that day, a severe dust storm with winds up to 80 and 90 miles an hour hit the county causing considerable wind damage to unprotected fields. Those fields amply protected with crop residue came through with no wind erosion.

Mother Nature sometimes has to become a little rough to teach us good soil conservation methods, says Brazzil.

Seniors Hear Talks By Recruiting Officers

Post High School seniors heard talks Wednesday afternoon by three members of the armed forces recruiting services.

Military obligations and opportunities for careers in the armed services were explained by Master Sgt. W. A. (Sam) Bass of the U. S. Army, Master Sgt. White of the Air Force, and Master Sgt. Laird of the Marine Corps.

The teacher also said that adjustment is made important to the pupil's first grade level than achievement.

"The first thing we try to do is to teach the beginning to enjoy school. If we can't we have a good pupil on our hands."

Mrs. Shannon received her bachelor's degree in education from East Texas State at Commerce. She had a high school at Wesley in her hometown of Commerce.

Her first and second husbands were English and studies, respectively. Mrs. Shannon's only child who became a bride last evening, is the former Rosemary Gaymans. She graduated from Post School in May of 1953 and attended Texas Technological College for half a semester.

CONCRETE PIPE STARTS HERE—Shown here is one of the two irrigation wells on the Will Teaff farm from which water is pumped through 1,900 feet of concrete pipeline installed early last year. Teaff and his son, Howard, shown in the picture, are firm believers in the value of concrete pipe for irrigation purposes.

Farmer Learns Advantages Of Concrete Pipe For Irrigation

Will Teaff, who has farmed in Garza County since 1926, is one of an ever-increasing number of farmers in this area who has learned that concrete pipe is one of the best methods to cut irrigation water seepage and evaporation losses to a minimum.

Teaff, whose 160-acre farm is a mile north of the Close City community, still uses unlined ditches to flow water from one of his three irrigation wells, and thus is reminded almost daily of the many advantages of concrete pipe over the older method.

His approximately 1,900 feet of concrete pipe was installed just a little too late last year to realize full benefits from it, but he got it down in time for it to help him make "a little better than a bale of cotton to an acre."

This year, he has watered twice and is now watering for the third time. If other conditions are as good as last year, he expects a higher yield from having the concrete pipe with which to start the 1956 crop year.

The 1,900 feet of 12-inch pipe and approximately 400 feet of gated aluminum pipe was installed by Teaff at a cost of around \$1,900, with approximately \$750 of that amount being paid by the federal government after qualifying as an Agricultural Conservation Program practice.

"I feel that conservation of irrigation water is very important to the irrigation farmer," Teaff said. "Loss of water from unlined ditches because of seepage and evaporation can be enormous and probably varies from 10 to 50 per cent."

"It didn't take me long," he continued, "to learn the advantages of concrete pipe. It provides close control of water distribution, it saves time and labor, it aids in insect and weed control, it simplifies irrigation of sloping land, and it requires little maintenance. I just wish I had more of it."

Practically all farmers in this area who have installed concrete pipelines have sought the advice of Soil Conservation Service technicians on their design and location. Since these lines are permanent, farmers have found that it is a good practice to call on the SCS for assistance in properly locating them.

Studio Making Free Pictures Of Scouts

Morgan Studio here is currently making pictures of Girl Scout and Boy Scout groups and individuals at no charge, purely as a goodwill gesture, according to Norman Morgan, owner.

Each Scout group whose picture is made is given an 8 by 10-inch print, Morgan said.

The photographer has also offered to assist the Scouts on their photographic projects, for which merit badges may be earned. He plans to have those working on photography projects to meet at the studio for tips on developing, printing, etc.

GARZA SURPASSES QUOTA IN 1955

County's Savings Bond Chairman Awarded 100 Pct. Club Medallion

T. R. GREENFIELD

T. E. Greenfield of Post has received the Treasury Department's 100% Club Medallion in recognition of his outstanding patriotic service to the U. S. Savings Bond program. It has been announced by Nathan Adams and Ed Gossett, state savings bond co-chairmen.

During 1955 Garza County achieved 110.5 per cent of its quota.

The Medallion is made of silver and was designed by a master engraver and struck at the Treasury's Philadelphia mint. The front bears the figure of the Minute Man, the Treasury seal and the wording "U. S. Treasury Award." The reverse side carries the inscription "For Patriotic Service—U. S. Savings Bond Program." Also engraved on it are Mr. Greenfield's name and the year.

"The people of Garza County are to be congratulated," said Adams, "for their joint contribution to personal thrift and to a sound national economy. Where people have good thrift habits, there is a progressive community with a sound economy."

Gossett said, "The Medallion is but a small token of the Treasury Department's appreciation to Mr. Greenfield, a person who has put service above self to further a program that is vital to his fellow citizens, his community and his nation."

From where I sit ... by Joe Marsh

Happy Ending With A "Familiar Ring"

Buck Howell says he and his Missus had quite a time at the Stockman's Convention in Chicago. But for a while they had a "breakdown in communications."

The phone bell in their hotel room was pitched so low they often didn't answer their calls. "Never knew if it was for us or not," Buck said, "always sounded far off—like it was ringing in someone else's room."

Finally, Buck hit on the obvious solution. He just made a deal with the hotel switchboard operator that whenever she called them she'd use two long rings and a short—their party-line signal back home.

From where I sit, our own familiar routines tend to make other ways of doing things seem strange. That's natural. For instance, if you've always had ice water with your meals, you might think it's odd that lots of us prefer a bottle of beer at dinner-time. I say you've a right to gear own customs ... but don't call mine wrong.

TWO NEW GRADES EFFECTIVE JUNE 1

Agriculture Department Announces Change In Commercial Beef Grade

COLLEGE STATION (Sp1)—Effective June 1, 1956, the commercial grade of beef will be divided into two new grades designated as Standard and Commercial.

The Standard grade will be applied to beef from younger animals while the name Commercial will be retained by beef from mature animals falling in the present Commercial grade. The present grades of beef are Prime, Choice, Good, Commercial, Utility, Cutter and Canner.

According to the USDA announcement the revision was originally recommended by the Cattle and Beef Industry Committee. Comments from individuals and organizations favored the change. It was the opinion of the Committee that it is impractical to merchandise, under the same grade designation, beef from young animals which may qualify for the Commercial grade with only a small quantity of fat together with beef from much older animals which is required to have a much greater degree of fatness. Also in some parts of the country where substantial portions of the younger type of Commercial beef are produced and consumed, it is believed that some of this type of beef is not now being federally graded because of prejudice against the name "Commercial" which has come to be associated with beef from older animals.

It was the Committee's opinion the change in grades would lead to a greater proportion of the younger beef being federally graded and this would result in increasing the marketing efficiency for meat of this grade and be beneficial to both producer and consumer.

ADD UP THE COST of keeping your present car in top condition this year—new tires—engine work—paint—battery—muffler—brake lining, etc. Then talk to your Plymouth dealer about his modern financing plan; find out how it may actually cost you less money to drive home in a '56 Plymouth—the only all-new car in the low-price three.

"Let's trade! Your present car on a big, all-new, jet-styled Plymouth!"

You'll own the only low-price car that's really new. Plymouth is all new—design of the future today. But the other two low-price cars? Still about the same as last year and the year before!

You'll own the biggest car in Plymouth's field. You'd have to pay hundreds of dollars more to match Plymouth's length and roominess.

You'll own the only low-price car with positive, mechanical Push-Button Driving. Greatest advance in a decade, and only Plymouth has it in its field! Touch a button... and you're off. Fool-proof! At left, safely out of children's reach.

You'll own the top performer of the low-price three. Plymouth is fastest from 0 to 30 and 0 to 60 m.p.h., as independent tests show! Just try that new Hy-Fire V-8—with up to 200 horsepower!

So—bring your present car in now and see how much we'll allow you on a magnificent all-new '56 Plymouth. We'll surprise you! And be sure to ask about our modern financing plan—makes owning a Plymouth easier than ever!

PLYMOUTH costs less

From the day you buy it... through all the years you own it... you'll spend less on a Plymouth. That's one reason more Plymouths are used as taxis than all other cars combined.

LONGTIME MILL EMPLOYEE—Mrs. Ella Dye, who has been employed at Postex Cotton Mill continuously since 1938, is shown stacking sheets in the sewing room. Mrs. Dye, a sheet inspector, also worked at the mill for two years in the 1920s. —(Staff Photo.)

Mill Here Once Turned Out Hankies, Napkins

Mrs. Ella Dye of 112 West Third Street is one of the "old timers" at the Postex Cotton Mill who remembers when sheet and pillow case production was cut down and handkerchiefs and napkins were manufactured to help take up the slack.

Mrs. Dye began work at the mill on March 21, 1938, and says it's always easy to remember the anniversary date because it is the first day of Spring every year.

She was also employed at the mill in 1927 and 1928, and those two years added to the 18 she has worked continuously since 1938 give her a record of 20 years as a mill employee.

Mrs. Dye recalls that manufacture of handkerchiefs and napkins began shortly after Ely & Walker Dry Goods Co. purchased the mill.

"It lasted only about a year, however," she said, "after which the handkerchief and napkin units were moved out and full scale sheet and pillow case production was resumed."

Mrs. Dye says she has seen the mill build from the "old" to the "new," but that none of the earlier transition stages will compare with the expansion program which got under way a few weeks ago.

While she has drawn sheet inspector's wages all the time she has been employed at the mill, Mrs. Dye has, at times, handled various other duties, including folding pillow cases, working on the mangle and bundling sheets.

The late Herbert Jones was manager of the mill when Mrs. Dye began work there. Since that time, she recalls, there have been four other managers before R. J. (Rube) Jennings, who came here as manager about two years ago and is now president of the mill.

One of the biggest changes in the last few years, Mrs. Dye said, came when the mill began the manufacture of colored sheets and pillow cases.

"That slowed the workers down, but only temporarily," she said, adding that the colored sheets were not as easy to hem as the bleached ones.

Mrs. Dye recalls that the rattlesnake found coiled under the motor of Miss Cora Baker's sewing machine a few years ago, and the numerous vinegarons haven't been the only "varmint" to invade the mill.

"We had a skunk to wander in one day," she said, "and it took the combined efforts of nearly everyone to get it out before any damage resulted. Someone finally thought to open the big door and the skunk ran out."

Mayor Is Home After Visiting With Father

Mayor James Minor and his brothers, Capt. Max Minor of Shreveport, La., and Joe Minor of Austin returned Sunday from Spokane, Wash., where they had spent a few days at the bedside of their father, John W. Minor, who is seriously ill at the home of his eldest son, A. J. Minor, a longtime resident of Tahoka, is 75 years old. He suffered a stroke while visiting his son, and Mayor Minor reported upon his return here that his father had suffered another stroke Thursday.

The mayor reported that it rained on them for more than 300 miles after they left Spokane Friday, and that after running out of the rain they were snow-bound for several hours in the Idaho Mountains. The snowfall was so heavy that the trio had to come back a different route from the one they took going up there.

Double-Duty Beauty

—WE CALL IT "INTAGRILLE"

TWO FRONT BUMPERS IN ONE... FOR PROTECTION HIGH AND LOW!

Here's what's out in front when you're behind the wheel of a new Oldsmobile! It's the exclusive "Intagril", a full-depth bumper of sturdy steel, locked to the frame for your protection... double protection!

You not only get two bumpers in one—double protection high and low—but "Intagril" instantly indicates all the Oldsmobile beauty to follow.

NEW IDEAS EVERYWHERE! Behind the "Intagril" is beauty that's yours only with Oldsmobile. And for smooth comfort the Oldsmobile chassis—solidly stabilized at six points—resists road roar, takes away side sway on curves and corners.

PLUS THE ONE-AND-ONLY ROCKET! Under the hood there's the high-compression, high-torque Rocket—with a 9.25 to 1 compression ratio, and featuring advanced big-bore, short-stroke design... a double winner in the 1956 Mobilgas Economy Run!

ALL TOLD... IT'S THE CAR OF THE YEAR with the new features of the year—good reasons for you to get out of the ordinary... into an Olds now!

POSTEX MILLS

By A. LEE WARD

The duster that we had Monday afternoon really caused us some headaches in the plant. We had one of those freakish accidents that sometimes happen. One of our 220-volt lines at the mill started whipping around in the wind and wrapped over the main supply power lines coming into the plant and cut them into, and stopped all our power coming into the plant. Clyde Knowles and Willie Stewart really had a time getting all the machinery started back up Monday afternoon and Tuesday morning.

Mr. and Mrs. Orian Clary and Mr. and Mrs. J. W. Brown attended funeral services for Mr. Brown's sister, Mrs. Dan Brigham in DeLeon Thursday.

Mr. and Mrs. O. F. Floyd of Pampa and Mr. and Mrs. Jerry Epley and Mr. and Mrs. Lawrence Epley of Abilene were weekend guests of Mr. and Mrs. R. B. Perrin.

Mr. and Mrs. Walter Clark of Plainview, Mr. and Mrs. Surman Clark and children of Slaton, Cliff Clark of Big Spring, Mrs. Harold Voss and Voda Beth of Post, and Mr. and Mrs. C. R. Hotelling of Lubbock were Sunday guests in the home of Mrs. Carl Clark.

Rex King of Crane visited his parents, Mr. and Mrs. E. A. King last week.

Mrs. Ellaphene Lamb and son Benny visited Mr. and Mrs. E. A. King Sunday.

Mr. and Mrs. Wayne Thomas and children of Lubbock, Mr. and Mrs. A. C. Thomas and daughter of Hobbs, N. M., Mr. and Mrs. W. W. Johnson, and Mr. and Mrs. Red Floyd of Post were dinner guests of Mrs. Tol Thomas Sunday.

Mrs. Jewel Graham spent the weekend visiting her sisters, Mrs. L. J. Gorman and Mrs. L. D. Savage of Amarillo.

Mrs. Lucille Gibson, James and Patsy, Mr. and Mrs. J. D. Covington and daughter of Canyon spent the Easter holidays visiting Mr. and Mrs. Darrel Benson and children of Andrews. G. B. Bullington of Weatherford is visiting his sister, Mrs. N. L. Waldrip this week.

Tommy Maddux of Fort Worth and Crawford Maddux of Mineral Wells visited Saturday with their brother and family, Mr. and Mrs. Clarence Maddux.

Mr. and Mrs. Clarence Maddux and family went fishing Sunday at Lake Thomas, and he caught 25 crappies.

Saturday night guests in the Clifford Pruitt home were Mr. and Mrs. Neal Wilkerson and family of Lubbock.

Mrs. W. D. Williams and Quay and Mrs. Jewel Long were Lubbock visitors Thursday night.

Mrs. Sterling Kelly and children and Mrs. Gracie Johnson spent the Easter holidays in Waco visiting Mr. and Mrs. Emmitt Kelly.

Mr. and Mrs. Jack Diamond of Coleman visited Mr. and Mrs. Wiley Johnson Friday afternoon.

We are happy to hear that Ray Smith will be able to return home from the Big Spring Veteran's Hospital on Friday.

Mr. and Mrs. W. A. Waters, Mrs. Dessie Ritchie and Nancy of Abernathy, Mrs. Hiram Sanders and Larry, Mr. and Mrs. Woodrow Sanders, Terry and Jerry of Carlsbad, N. M., Mr. and Mrs. Dee Hodges, and Helen Ruth and Johnny, Mr. and Mrs. Roy Brown, Mrs. E. L. Gilmore, and Auvy Lee McBride were dinner guests of Mr. and Mrs. Jack Samson Sunday. We have often heard about Scotchmen being tight with their money and possessions, but from the looks of the above list of people that the Samsons had for Sunday dinner, either that old saying of Scotchmen being tight is wrong or all those people brought their own food. Maybe Jack thought that he might get on Ed Sullivan's show and make a little money.

Sam Long of Amarillo Air Force Base visited Mr. and Mrs. Lee Long Saturday and Sunday.

Mr. and Mrs. Andy Smallin and Mary Etta from Grand Prairie visited Sunday with the Martin family.

Frances Buchanan spent Saturday in Lubbock.

Mr. and Mrs. W. T. Jackson and children of Littlefield spent the weekend with Mr. Buchanan and Frances.

Odean Cummings In Race For Sheriff

Odean Cummings this week authorized The Post Dispatch to announce his candidacy for the office of Sheriff of Garza County, subject to the action of the Democratic primaries.

Cummings' statement to the voters follows:

"I am a native Texan, 39 years old, and have been a resident of Garza County for 30 years. I have been in business here since my discharge from the armed forces after having served four years in World War II, including three and a half years overseas.

"I am married and have three children, one of whom is in school here.

"If you see fit to elect me to the office, I pledge fair, honest and efficient law enforcement, and your help and suggestions will be appreciated at any and all times.

"Between now and the date of the elections, I will try to see as many of the voters as possible. In the meantime, I earnestly solicit your support and influence."

EDGAR BERGEN JUDGES ENTRIES

First Week Winners Are Named In Studio Child Personality Contest

Glenda Dearsan, daughter of Mr. and Mrs. Glenn Dearsan, and Donna Stewart, daughter of Mr. and Mrs. M. M. Stewart of Route 3, have been selected as first-week winners in the child's personality contest being sponsored by Morgan Studios.

Edgar Bergen, who is judging the contest entries, wired names of the winners from Hollywood to Norman Morgan, owner of the studio.

The Dearsan child was the winner in the Group A contest, which is for children up to four years old. Donna Stewart was judged the winner in the Group B contest, children from five to eight years old.

Second place in the Group A contest was won by Curtis Davenport, son of Mrs. Gloria Davenport. Third place went to Terry Green, son of Mr. and Mrs. B. R. Green of Brownfield, who was here visiting his grandparents, Mr. and Mrs. Jack Dale, at the time his photo was taken for the contest.

Second place in Group B was won by Bobby Sneed, son of Mr. and Mrs. R. G. Sneed of Route 1.

The studio owner said Tuesday that photographs entered in the second week of the contest were ready to be mailed.

In addition to the weekly prizes in each age group, a grand prize will be awarded at the conclusion of the contest.

Texas Draft Quota For May Set At 593

The Texas draft quota for May will be 593 men, compared with a call for 301 for April, Col. Morris Schwartz, state selective service director, has announced.

A call on half the state's draft boards for 1,152 men to take pre-induction physical and mental examinations for future draft calls also was announced.

Boards not receiving a quota for these examinations in May will be called on to supply men for examination in June, Schwartz said.

May quotas will be filled with men who are 21 or older on May 1, with the exception of delinquents or volunteers.

SETS CANCER CONTROL MONTH—Gov. Allan Shivers is shown above as he signed a strongly worded proclamation this week declaring April as Cancer Control Month in Texas, urging all citizens to support the educational fund-raising crusade of the American Cancer Society. With the Governor are Joe Polichino (center) of Rosenberg, 1956 ASC crusade chair-

man for Texas, and Maxwell T. Dalby (right), crusade director for the Society's Texas Division. Governor Shivers designated April 17 as Texas Cancer Control Day—a day on which thousands of ASC volunteers will make a concerted statewide effort to tell all Texas citizens lifesaving facts about cancer.

YOUR INSURANCE MUST BE catastrophe-proof!

Fires and accidents usually follow an expected pattern and such losses are paid by insurance companies out of current premiums received.

But sometimes the unusual happens! The widespread destruction caused by a catastrophic fire, explosion or windstorm can bring a sudden drain upon the resources of insurance companies.

Anticipating such disasters, leading capital stock insurance companies maintain reserves—built up over the years by careful conservation of resources.

For your security and peace of mind, make certain your protection is in sound capital stock insurance companies with sufficient reserves to meet all just claims through war, depression or disaster. We represent such companies.

Friend Ship For Korea Loaded Again This Year

Friend Ship for Korea, the one Garza County lead in 1955, will again this year. It will sail in July with a load of livestock and farm equipment.

Such animals as pigs, dairy heifers, dairy goats and sheep are needed for the shipment, he said.

Other articles needed are carpenter tools, sewing machines, milking equipment, kerosene lanterns, trucks, jeeps, soap, paper, bath towels, blankets, demonstration materials for 4-H clubs and planes.

The shipment is sponsored by the American Korean Foundation, which has the endorsement of President Eisenhower and other national leaders.

The Texas committee, headed by Judge James Sewell of Corsicana, will make plans for loading the ship at a meeting April 11 at Texas A&M College.

Testers Are Staked In Garza County

Two locations, one a wildcat and the other a development in the recently opened Forbes-Glorieta field, have been announced for Garza County.

The exploratory venture is T. F. Hodges of Fort Worth No. 1-A J. M. Bland, spotted 330 feet from south and 990 feet from east lines of the northwest quarter of Section 1256 in the AB&M Survey. It is seven miles southeast of Southland, and is to be drilled to 3,850 feet with rotary tools.

Location in the Forbes area is Bond Oil Corp. of Big Spring No. 1-20 Robertson. Projected depth is 3,900 feet with rotary tools.

Operation situates 330 feet from north and east lines of the northwest quarter of Section 20, Block B-9, EL&RR Survey, 15 miles north of Post.

In the southwest portion of the county, Jack Markham et al of Lubbock No. 2 J. B. Slaughter, projected 9,000-foot Ellenburger test in Section 1, Block 30, T-5-N, TW&NG Survey, was drilling below 6,934 feet in lime.

Chas. Hudman Heads Crosbyton Jaycees

Charles Hudman, formerly of Post, has been elected as new president of the Crosbyton Junior Chamber of Commerce. He will succeed Bill Adams.

For the past several months, Hudman has been manager of Hudman Hardware & Furniture Co. in Crosbyton. He was a member of the Post Junior Chamber of Commerce before moving to Crosbyton.

Speaker Is Named For TCU Commencement

FORT WORTH (Sp.) — Dr. Theodore A. Distler of Washington, D. C., executive director of the Association of American Colleges, will deliver the commencement address at Texas Christian University's graduation exercises the night of June 1.

The Rev. William E. Wright, minister of Kings Highway Christian Church of Shreveport, La., will preach the baccalaureate sermon on Sunday, May 27, President M. E. Sadler announced.

A graduating class of approximately 340 will take part in the exercises.

Congress planned George Washington's tomb in the Capitol, but relatives rejected the proposal.

This Area Is Best For Texas Quail

Quail are making a substantial comeback in Texas, and more than half are believed to be in the Panhandle, the Game Commission says.

Principal basis of the latest appraisal is tabulations showing more than twice as many quail wings were sent in the past season than the year before — by hunters for a record 11,253 total.

South Texas made the worst showing. Quail wings are used to chart whether the hatching season was early or late, the number of young birds which have matured per adult hen, the general hatching success and the hunting pressure.

Garza Shows Gain In 1955 Ginnings

Garza County's 1955 cotton crop exceeded that of 1954 by nearly 3,000 bales, according to figures released this week by the Department of Commerce, Bureau of the Census.

The report shows that the county ginned 14,322 bales from the 1955 crop as compared with 11,333 bales for the crop of 1954.

Reports on other counties in this area were as follows:

County	1955	1954
Crosby	78,160	97,092
Dawson	85,003	81,582
Dickens	22,117	20,922
Floyd	60,962	106,611
Gaines	17,033	19,842
Lubbock	216,474	222,535
Lynn	89,040	108,474
Scurry	22,594	16,983
Terry	57,551	68,681

Big Spring 'Checker' Is Contest Winner

While Post's two entrants in the "Checker of the Year" contest failed to finish among the top three winners in their phase of the contest, they made good showings, according to Paul Jones, manager of the Piggly Wiggly Super Market here.

First place winner from among the 18 Davis & Humphries-owned stores was a checker at Big Spring, with one at Andrews finishing second, and one at Brownfield, third, Jones said he had been informed.

The Post entrants were Mrs. Estelle Barker, who won first in the local contest, and Mrs. Carl Rains, who was a close runner-up. Customers and employees of each store voted for their favorite checker.
