City Council Votes To Pay For Mapping Proposed Dam Site

The City Council voted Monday night for the city to go its pro rata share in paying for topographic mapping of the proposed site of the White River dam and lake, near Calgary.

The action came after it was announced that the Brazos River Authority will not help at this time to finance the topographic mapping, which is needed as the next step on the project.

Cost of the mapping will be approximately \$5,000, according to Mayor James Minor. The mayor said he had not received any word from Spur, Ralls and Crosbyton,

the other three cities in the White River Municipal Authority, as to whether or not they would go their shares in financing the mapping. Each city is to be charged on the basis of the number of its water meters.

Dr. H. M. Brannen of Spur, honorary member of the White River committee and a former member of the Brazos River Authority, has been quoted as saying that he feels that the organizational end of the White River project is not yet far enough along for the group to expect any help from the BRA. He has urged,

however, that continued efforts be made to obtain some assistance from the group.

At the last meeting of the White River committee, held in Ralls on June 16, it was decided that if the BRA turned down the request for help on the topographic maps that the committeemen from each of the four cities would request their respective city councils to advance the funds needed to continue with the work.

Buy using funds already available to the committee, it will require approximately \$1,000 per city to pay for the mapping.

Rites Are Held Here Friday For Mrs. S. D. Sims

Last rites for Mrs. S. D. Sims, Sr., 91, pioneer resident of Kent and Garza counties, who died about noon last Thursday in Garza Memorial Hospital, were conducted at 2 p. m. Friday in the First Methodist Church.

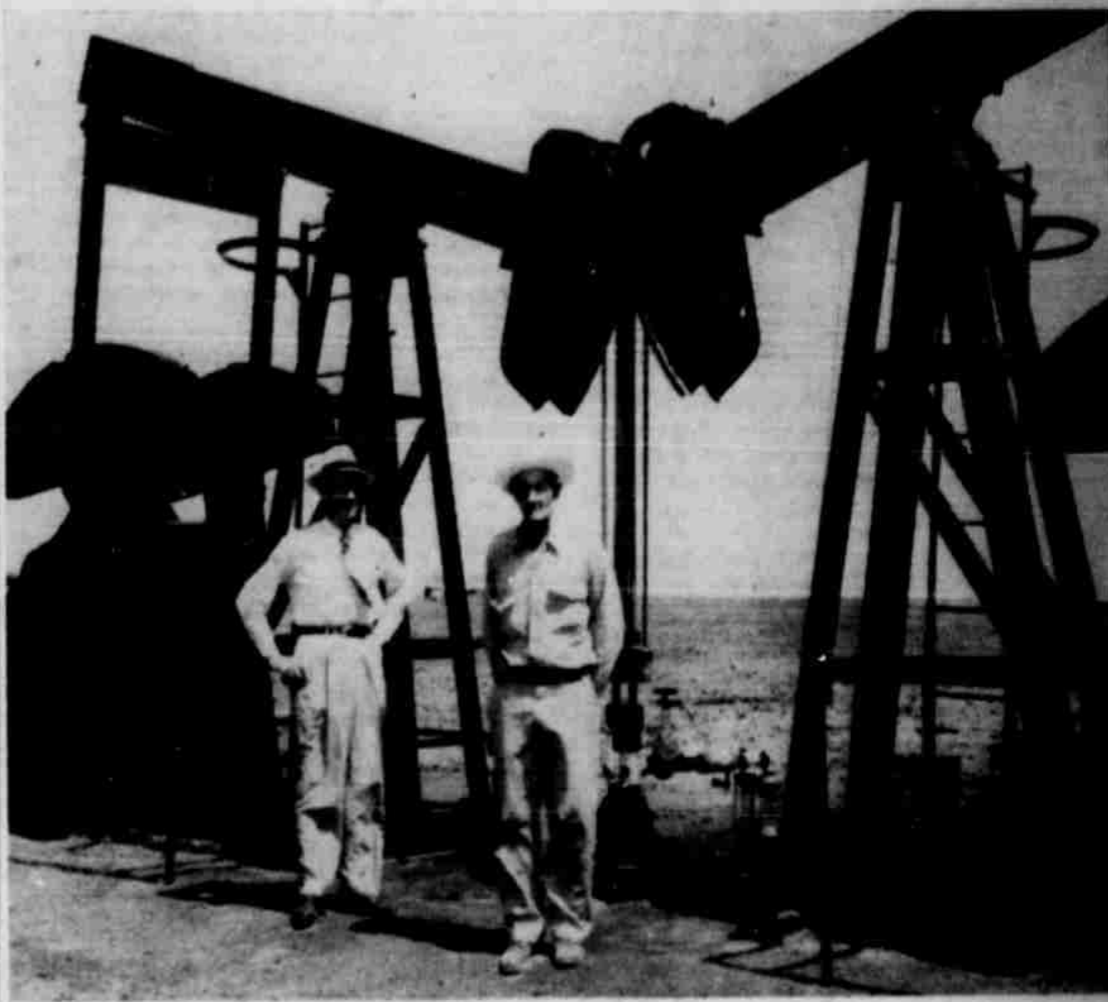

The Rev. W. L. Porterfield, pastor, officiated, and special music was by the church choir. Interment was in Terrace Cemetery under direction of Mason Funeral Home.

Palbearers, grandsons of Mrs. Sims, were Sims Taylor, Billy Taylor, Ed Kelly Sims, Stanley Sims, Manuel Davis, Frank Trammell, Billy Scott Stanfield and Walter McMeans.

She was born Laura Bell Smith on Jan. 17, 1865, near Lampasas, and was married to S. D. Sims on Jan. 9, 1882, in the home of her parents. She had been a member of the Methodist Church for 30 years.

Mrs. Sims and her husband moved to Kent County in 1888, where he established the Sims ranch. Following her husband's death on May 23, 1919, Mrs. Sims resided on the ranch until 1950.

COUNTY'S FIRST 'DOUBLEHEADER'—Something new in Garza County oil fields is this well with two pump jacks, and it is believed to be one of the few in the entire West Texas area. It is Sinclair Oil & Gas Co.'s No. 3 Barrie C. Jones, a few miles northwest of Post. The well was completed in Giorietta production about a year ago at approximately 4,000 feet. Last month, perforations were made of the San Andres pro-

duction at about 3,400 feet and now oil is pumped from both formations. The hole has seven-inch casing with two-inch tubing from each pay zone. Following perforations of the San Andres, a packer was run between the two pays. Shown at the well is the pumper, W. R. Dobbs (right) and Ted R. Hibbs, manager of Southwestern Public Service Co.—(Dispatch Staff Photo.)

Post Rotary Club Installs Officers And Directors

New officers and directors of the Post Rotary Club were installed by Lloyd A. Wicks, Sr., of Ralls at Tuesday's luncheon-meeting.

Dr. Harry A. Tubbs was installed as new president, succeeding Carl Cederholm, who automatically becomes vice president of the club for the 1956-57 year.

Irby G. Metcalf was installed as secretary, succeeding Harold Lucas and directors taking office were Bill Edwards, Harold Voss, Lowell Short, Lucas and Giles McCrary.

Wicks, a past-governor of the 183rd District of Rotary International, explained the duties and responsibilities of the new officers and directors to the club in the installation ceremony.

In a brief acceptance speech, Dr. Tubbs pledged a continuation of the club's service to the community and called upon the cooperation of all members in making the ensuing year a successful one.

During the coming club year, Edwards will serve as director of club activities; Short, vocational service; Lucas, community service; and McCrary, international service. Clint Herring will be director of international information and Rotary Foundation.

The following chairmen have been appointed by the new president:

Dean A. Robinson, attendance; Ted R. Hibbs, classification; Leo M. Acker, club bulletin; James

Minor, fellowship; Glenn Whittenberg, magazine; Tom Bouchier, membership; Ira L. Duckworth, program; Harold Voss, public information; T. R. Greenfield, Rotary information; Giles McCrary, scholarships and awards; Norman Morgan, student guests.

Mrs. Hazel Stallings and Bob Collier were re-elected as pianist and music director, respectively.

Visiting Rotarians at Tuesday's luncheon were Will Marr, a past-president of the Ralls club, E. L. Elterman of Slaton and Dusty Kemper of Brownfield, C. D. (Cliff) Baiser of Fredericksburg was a guest of Dr. Tubbs.

One Of Driest Years On Record Indicated

If the present trend of dry weather continues, the Post vicinity may be in for its driest year in the more than 40 years that rainfall records have been kept here.

Through the first six months, rainfall in Post has totaled 3.38 inches. In 1951, the driest year on record here, 3.91 inches had fallen in the same period.

In only one other year, 1953, has rainfall been scantier for the first six months than it has this year. In that year, only 2.19 inches had been measured up to July 1, but the total was boosted to 11.27 inches by the end of the year.

Meanwhile, cotton and feed continue to suffer from lack of moisture, although in many sections the crops are doing much better than expected, considering the amount of rain.

Officers Installed At Lions Meeting

New officers and directors of the Post Lions Club were installed Tuesday night, with three members of the club serving as installing officers.

H. W. Schmidt was installed as new president by Pat N. Walker. Schmidt succeeds Joe J. De Armond.

Installed as new directors by the Rev. Cecil Stowe were Walker, Victor Hudman, Charles Casey and Noah Stone.

Hudman installed the other officers, who are: Weaver Moreman, secretary; Howard Maddera, treasurer; Walter Johnson, first vice president; Al Norris, second vice president; Lewis C. Herron, third vice president; Wilf Scarborough, lion tamer, and Oscar O'Neal tail-twister.

Members voted at the meeting to resume meeting at 7 o'clock each Tuesday evening instead of 8 o'clock as they have been doing for the last few weeks.

Club will not meet next Tuesday evening.

GARNOLIA, GRASSLAND VOTERS DEFEAT PROPOSAL

School Merger Is Nipped At Polls

Proposed consolidation of five area school districts was defeated at the polls Saturday when the issue failed to carry in two of the districts.

Voters in Grassland Independent

School District of Lynn County and Garnolia County Line Common School District No. 22 defeated the proposal. The vote in the Grassland district was 28 for and 49 against, and in the Garnolia district, 27 for and 23 against.

The issue carried by big majorities in the Southland and Close City Independent School Districts and Graham Common School District No. 2.

Southland voters favored consolidation by 108 to 39, Close City by 51 to 18 and Graham by 35 to 14.

There was a total of 269 votes cast for consolidation and 149 against in the five districts, but it was necessary that it carry in all five districts to be put into effect.

Proponents of the consolidation measure planned to call a bond election for construction of a new school building northwest of Close City if the issue had carried.

Lancaster Elected School Principal

Jack Lancaster, a member of the Post school faculty for the last four years, was elected elementary school principal at a special meeting of the board of trustees last Wednesday night. He succeeds J. M. Alderson, who resigned after one year as principal.

During the 1955-56 term, Lancaster taught sixth grade language arts in Post Junior High School. After the junior high grades were moved into the new building at mid-term of 1954-55, Lancaster served as elementary school principal for the duration of the term.

He attended the Southland schools from the fourth grade through the twelfth, and is a 1950 graduate of Texas Technological College. He received his master's degree there in 1952.

He taught for a short while at Flomot and at Seminole for two years before coming to Post.

He has taught here for the last five years following his graduation from Abilene Christian College in 1951. He is completing work toward his master's degree at Texas Tech.

Sign-Ups Start On Soil Bank Program

Soil Bank acreage agreement sign-ups got under way Monday at the Garza County office of the Agricultural Stabilization and Conservation Service, with more operators than were expected signing up for wheat and cotton payments.

The sign-ups began following establishment of normal yields on 317 cotton farms by the county ASC committee and office workers, according to Emmarhe I. Hartel, office manager. Approval by the state ASC office followed.

The Soil Bank acreage agreement sign-ups are to continue through July 20.

Usrey Resignation Accepted By Board

The resignation of Malcolm Usrey as eighth grade language arts teacher in Post Junior High School has been accepted by the board of trustees, Supt. R. K. Green said Monday.

Usrey has accepted a teaching position in an Amarillo junior high school for the 1956-57 term.

He has taught here for the last five years following his graduation from Abilene Christian College in 1951. He is completing work toward his master's degree at Texas Tech.

MOVING TO POST—Fred Beavers, M. D., who completed his internship at Scott & White Hospital in Temple on June 30, will arrive here this weekend and open offices in the Medical & Professional Building. Dr. Beavers, who received his M. D. degree from the University of Alabama Medical School, Birmingham, is married and has a two-year-old son, William.

Shelby D. Bishop Resigns Pastorate

The Rev. Shelby D. Bishop, pastor of Calvary Baptist Church for the last three and a half years, this week announced his resignation, effective Sunday.

The Rev. Mr. Bishop and family will move to Tucumcari, N. M., where he has been called as pastor of the Emmanuel Baptist Church. The Bishops have three children, Eva Lee, 16; Johnny, 14; and Barbara, 12.

During the Rev. Mr. Bishop's pastorate here, approximately 180 members have been added to the church rolls and church and Sunday School attendance has steadily increased. Also during his pastorate, a \$16,000 23-room educational building has been constructed and an organ purchased. Mrs. Bishop has been the church pianist and organist.

The Rev. Mr. Bishop succeeded the Rev. F. M. Wiley as pastor of the church here.

It was announced this week that a pulp committee will be appointed to call a new pastor.

Bank's Mid-Year Deposits Are Up

Deposits at the First National Bank at the close of business on June 30 totaled \$4,283,793.25, which is an increase of \$272,872.37 over deposits of a year ago.

"Considering the weather and the crop outlook, deposits are holding up well," Irby G. Metcalf, Jr., president of the bank said. He attributed most of the gain over last year to new business.

Mid-year deposits at the bank are also ahead of those for the same time two years ago, when \$4,015,525.96 was on deposit.

Hill Funeral Held Friday Afternoon

Funeral services were conducted at 4 o'clock Friday afternoon at the First Methodist Church for Melvin Wilton Hill, 39, who died last Wednesday in a Tulsa hospital where he had been a patient for about three months.

The Rev. W. L. Porterfield and the Rev. Cecil Stowe, pastor of the Church of the Nazarene, officiated. Special music consisted of a song, "Will the Circle Be Unbroken?" by a trio. Burial was in Terrace Cemetery under the direction of Mason Funeral Home. Pallbearers were James Stone, Grover Mason, Melvin Stewart, Carl Fluit, Al Norris, Chester Morris, Ivan Jones and Orrian Clary.

Mr. Hill, who was an electrical engineer, had lived in Sand Springs, Okla., for the last six years. He was the son of Mrs. E. C. Hill of Post. Funeral services were held in Sand Springs before the body was returned here. He was a member of the Church of God.

Mr. Hill was born April 4, 1917, at Nocona.

He is survived by his wife; a son, John Everett; his mother; four sisters, Mmes. Loyce Powder of Oklahoma City, Letha Edwards of Tulsa, Wanda Morris of Post and Juanice Surface of Oklahoma City, and four brothers, Hoyt and Wiley of Post and Pleas and Surman Hill, both of Lubbock.

Water Use Tapers Off For Few Days

With Postex Cotton Mills, Inc., closed for its July 4 vacation period, water use was tapering off this week following setting of a new record for the year on Wednesday of last week.

A total of 1,161,000 gallons flowed through the mains for the year's high mark to date. More than one million gallons were used the first five days of the week, but consumption dropped to 890,000 gallons on Saturday.

The city's water supply was put to a much more severe test in June of this year than it was in June of 1955, when consumption was below the one million gallon mark every day of the month.

City Easement Is Given On Highway

The first right-of-way easement on proposed widening of U. S. Highway 84 from Post to the Scurry County line was assured Monday night when the City Council voted to give the city an easement on right-of-way at the City Park.

County Judge Pat N. Walker said Tuesday that negotiations are to begin within a few days to secure other needed easements. Most of these will be in Commissioner's Precinct 4, where a bond issue has been voted for right-of-way purchase.

The highway will be divided into a four-lane route. About four miles of the construction will be in Commissioner's Precinct 2 and about 14 miles in Precinct 4.

Greenfield Is Elected Legion Commander

Ira (Dad) Greenfield was elected commander of James C. Cole Post of the American Legion at the post's annual Independence Day supper Tuesday evening. He succeeds Wagoner Johnson.

Others elected were Elton Lee, vice commander, and Glenn Voss, adjutant. Ralph Cockrell is the outgoing adjutant.

COUNTY-WIDE MEETING SCHEDULED FOR JULY 13

New PCG Official To Speak

George Pfeiffenberger, new executive vice president of Plains Cotton Growers, Inc., will speak at a county-wide meeting in the district courtroom here at 8 o'clock Friday night, July 13, it was announced Tuesday by Irby G. Metcalf Jr., Garza County director on the PCG board.

"All farmers and businessmen of Garza County are invited and urged to attend this meeting and hear Mr. Pfeiffenberger discuss matters of interest to each and every one of us," Metcalf said.

Metcalf and L. G. Thunt Jr., Garza County's other director on the PCG board, were in Lubbock Monday to attend the board's July

meeting.

Status of litigation on 1956 cotton allotments between West Texas farmers and the State Agricultural Stabilization and Conservation Committee and U. S. Department of Agriculture was explained to the directors by Austin Wilson, counsel attorney.

In Monday's meeting, plans were also discussed concerning a meeting July 17 of the State ASC Committee at College Station, at which time 1957 cotton allotments will be discussed.

In other PCG business, Pfeiffenberger, who assumed his new duties Sunday, discussed recomen-

dations and plans of the organization.

He said offices will be opened in the Lubbock National Bank Building and records and funds will be transferred from Littlefield to the Lubbock office.

Pfeiffenberger told the approximately 25 directors attending the meeting that a three-point plan already is under way for the organization.

"We want to promote and protect cotton interests of West Texas, we want to get more research development under way, and we want to keep all our members informed of what we are doing," Pfeiffenberger said.

By CHARLES DIDWAY

YESTERDAY WAS Uncle Sam's 150th birthday, and since it fell right in the middle of the week, many of us didn't get to help celebrate it.

THE "OLD MAN," on reaching the age of 150, is a venerable member of the world's family of nations, and not many thought he'd live that long when he was born on July 4, 1776. At that time, the outlook was bleak, and there have been many times since when the future seemed dark, and hope seemed impossible to maintain.

BUT, AS IN the nation's formative years, there always seemed to arise at the crucial moment some man whose genius was sorely needed and whose counsel helped to overcome the difficulties that were faced. Let's hope for a continuation of this same pattern.

THE BEST WAY for a man to avoid having to lift a finger around the house is by proving that he is all thumbs—which we did years ago.

WE SAW OUR first cotton bloom of the season Friday . . . not out in the field, but in Hamilton's Drug Store. Scott Storie was wearing it as a boutonniere.

IF YOU'RE A baseball fan, you've noticed how the top five teams are bunched in this season's National League race, and how things have started tightening up in the American League flag chase. For the first time in years, our favorite Cincinnati Redlegs are proving real contenders.

INCIDENTALLY, BOTH major league races are much closer than Post's Little League flag chase, where the Dodgers are way out in front. There's always the chance, though, of the other teams putting the skids under the leaders, and that's what makes baseball America's favorite pastime.

WHEN ADULTS ACT like children, they are silly; when children act like adults, they are delinquents.

AFTER READING last week's story on the forthcoming Southwestern Championship Junior Rodeo, someone remarked that it looked like Secretary R. E. Josey had found a job for just about everybody. Well, he may have missed a few, but we'll bet he can find something for them to do if they'll just go up and volunteer.

THE NEXT TIME you have a cold, it might make you feel better to know that your misery has company. The American Medical Association estimates that on any given day 20,000,000 Americans are suffering from a cold.

Roger W. Babson Writes This Week:

People Who Go With The Crowd In Selling Stock Or Buying Fruit Don't Help Things

BABSON PARK, Mass.—The only way I have made money in the stock market has been by selling stocks and taking profits at times like this. Depositing the money in banks, and waiting until the bottom of the next decline. When the market crash finally comes, I buy stocks.

Buying Into New Industries

In this way I am not a speculator, but am like the ice man in the North who gathers ice in wintry weather and stores it up for people to use during the summer. This same principle, in reverse, applies to those who can fruit and vegetables in summer when they are about to spoil. We all perform a real service and are entitled to be rewarded. We have the courage to sell stocks or buy fruit when others lack the courage to do so. People who go with the crowd make conditions worse. Those who go contrary to the crowd are in a position later to make conditions better when there is much unemployment, no new building, and when commodities are selling below cost.

Others make money in the stock market by performing another kind of service,—that is by helping new industries when they are unpopular and taking profits when these industries mature and are popular. Those who follow this second program have the additional advantage of diversification. They also always keep their money working, whereas, under my method, my money is idle about a third of the time. Buying into new industries each year and selling the stocks of a few maturing companies requires much research. Any investor who desires to follow such a program should be prepared to pay an investment counselor for selecting these new industries. Furthermore, although General Motors, for instance, has been a "gold mine," yet there have been scores of other automobile companies which have gone bankrupt. It is necessary both to get into the right industry, and also to buy the stock of the right company within that industry.

Wisconsin University's Program

Although investing maturing industries for new industries is increasingly profitable when done intelligently, very few individuals or even insti-

LET'S SET A RECORD . . .

Absentee voting for the first primary election begins next week, which makes this an opportune time to urge every qualified voter to join in this month's big "battle of the ballots." Those who will be out of town on vacations or for other reasons when the first primary election of July 28 rolls around are urged to vote absentee in order to help swell the county's total vote.

Not counting those exempted by age from paying a poll tax, there are 1,532 qualified voters in Garza County this year. With important issues at stake on the primary ballot, and political races to be decided from the precinct to the state level, this would be a good year for the county to set a new record in the number of votes cast.

In order to set a new all-time record, we'd have to vote around 1,700, since the record-breaking total in 1954 was up near that mark. The amount of interest being shown in three county races and a number of state races indicate that a new voting record will be established in the forthcoming first primary.

It's always a feather in a county's cap to mark up a new voting record, as well it should be. When people go to the polls and vote they are evincing an interest in good government, for the election polls are the places where good government starts. A big absentee vote between July 8 and July 24 will be a good start toward a new voting record in Garza County. Again, we urge that if you are going to be out of town on July 28, you cast your absentee ballot before leaving or make arrangements to do so while away.

Farmers are unhappy, yes, but not rabidly indignant as some politicians have tried to make out. It was predicted by many that a political volcano would erupt if President Eisenhower vetoed the farm bill. He did, and the eruption didn't happen. Farmers, by the very nature of their business, are accustomed to the ups and downs of weather conditions and markets. They are taking the present situation in stride.—Washington, Ia., Evening Journal.

been moved in by R. K. Green, Glenn Whitteberg, Jimmy Pollard, Bing Bingham, Bill Windham and a few others. Jack and Zoe Kirkpatrick, recent graduates of Texas Tech, have moved one to a location on West Main.

THE LIONS, ROTARIANS, Masons and a number of other groups always get their elections over with well in advance of the political elections, which helps make the confusion less confusing when it comes time to ballot on candidates for public office.

INSTALLATION OF NEW Lions and Rotary Club officers was held at Tuesday's meetings, and the Masons have set their installation for July 12. Another organization which got its own election out of the way before the real "battle of the ballots" begins is the American Legion Post, which elected new officers at a July Fourth meeting.

Getting Out On The Limb

By EDDIE the editor

SUDDEN THOUGHT: Too many of our youngsters are attending little-read schoolhouses.

Heard from a speaker before a group of business men: "The human brain is a wonderful mechanism. It starts working the moment you are born into this world and never stops until you stand up to make a speech."

A POSTCARD SIGNED "Some Women" comes to me reading as follows:

"Since interposition is to be voted on in the July 28 primary, will you explain just what the candidates mean when they use the term? We know what the word itself means, but what do they mean when they say 'I am for interposition'? We will be watching your column in the paper."

Alas, ladies, I'm not qualified to say what a candidate means by interposition, and I doubt that if you pinned them down very many of them could throw a ny light on the subject themselves.

The dictionaries and encyclopedias won't throw any light on the subject except to define the word itself. In the instant circumstance it means to come between, to interpose—to interpose the powers of the sovereign states between the people and the powers of the federal government.

It is almost as old as the Constitution, for Thomas Jefferson and James Madison, in behalf of certain clients, sought to prove that the citizens of Kentucky and Virginia should not have to obey certain federal laws because such laws invaded the sovereignty of the states. They didn't get very far. There was a word: Nullification.

Oddly enough, it was the greatest Democrat of them all, Andrew Jackson, who met the interposition proposition head on. In 1832 Congress passed a high-tariff law, and the South Carolina Legislature declared this federal law unconstitutional and therefore "null and void," and threatened to secede. Old Andy, who hated high tariffs as only he could hate, said "Whoa-up; wait a minute. You can't do that." So he sent troops to a spot readily available to Charleston and a couple of gunboats into the harbor, and the Carolinas calmed down. There was a terrific hassle over this attempted state interposition then and for years after, leading to Henry Clay's "Great Compromise."

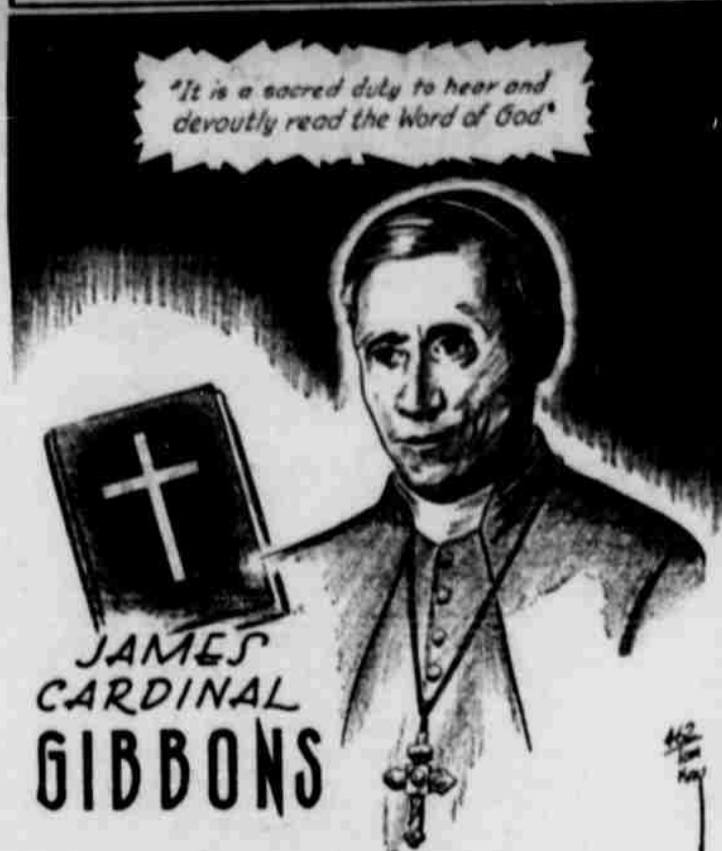

You could discuss the expansive subject of interposition from now to Doomsday and not exhaust it. As for me, just thinking about it exhausts me. So I'm going fish-to recuperate. No fooling. My advice to my puzzled readers is to do the same. Relax, girls.

If the Commies had as much to eat as they have to swallow, they would be a lot better off.

THE WOMEN, God love 'em: Even women who know nothing about cars are experts at changing attire!

THE DISPATCH photographer, seeing an old, old man going down the street, suddenly decided that

THE AMERICAN WAY

JAMES CARDINAL GIBBONS Bible Reading a Sacred Duty

here might be a feature story on a centenarian.

So he stopped the man, took his picture and proceeded with an interview.

"To what do you attribute your longevity?" he asked the man.

"I don't know," the other replied. "I've always eaten too much, I smoke cigars and cigarettes one after another, have tried to drink everything on the market. I have always stayed up all night chasing women and, in general, disobeyed all the rules."

"How old are you?" inquired our photographer.

"I'm 35," came the reply.

Nowadays a man may be lucky enough to get to work without being hit by a machine only to discover when he arrives that one has taken his job.

Car stickers distributed at the Houston Republican state convention included one that read: "Drive carefully, the life you save may vote Republican."

I DON'T KNOW if he'll ever run for office, but if he does, I'm going to vote for Rex Webster of Lubbock, governor-elect of District 183, Rotary International.

Rex is the first Rotary district governor I can remember wanting to subscribe to The Post Dispatch. Here's what he said in a letter I received Friday:

"On July 1st, I will become the Governor of the 183rd District of Rotary International. I need your help to make my year more effective.

"I am sure that you include in your news columns each week reviews of the Rotary Club program as well as items of interest where Post Rotarians are mentioned. In-

formation of this kind would help me keep in touch with what is being done locally by the Rotary Club and its individual members.

"Would you please send me each issue of The Post Dispatch for one year, starting July 1st? Let me know the cost and I will send you a check for it."

One thing you can say for a moth—he doesn't mind taking a back seat.

A CANDIDATE visiting in the city one day last week left enough book matches scattered around business places to keep his name aflame for a few days.

But book matches don't last long in the wind—political or otherwise—seems like the better way to permanently impress people is to buy some space in a newspaper.

It doesn't cost as much as a carload of matches and there is not as much chance of the candidate striking out!

I'VE SEEN THIS tried. If someone asks you to fold a sheet of paper in half thirty times, look out! If you fold it once it becomes twice as thick; on the second fold it is four times as thick, at the third eight times. By the time you reach the seventh fold it is 128 times as thick; and if you could fold it thirty times it would be over ten billion times as thick.

It works out like the old puzzler of saving a penny on the first day of the month and doubling your savings every day until the end of the month.

If a man gets too big for his britches it usually is easy to fill his shoes.

Give just as much thought to economical CAR FINANCING . . . as you devote to making the wisest CAR SELECTION

You wouldn't think of buying a car without looking the market over carefully to make sure that you get the best car for your purpose and the best value for your money. Compare financing plans just as critically as you compare cars. Let us show you how our rock-bottom auto loan rates will save you important money.

Swim Meet Results Announced

There was spirited competition between Slaton and Post last Thursday evening in a swimming and diving meet at the Post pool, with the Slaton boys winning most of the honors in their division, and the Post girls scoring the most points in theirs.
Added attractions to the swimming meet were a water skiing exhibition by Dick Shaw of Lub-

Yankees Subdue Tigers, 29-12

Postex Mill's Yankees set a new scoring record for the season Thursday evening when they defeated the Civic Clubs' Tigers, 29 to 12. The victory brought the Yankees out of the Little League cellar which they had been sharing with the Tigers.

Pat Cornell, who started for the Tigers, was the losing pitcher. Coming on in relief were Delroy Odom in the second, Neil Francis in the third and Ronald Scott in the fifth.

Jimmy Smith went all the way for the Yankees, although rapped for 10 hits.

The Yankees scored three runs in the first inning, seven in the second, six in the third, five in the fourth and eight in the fifth in racking up their record score.

The Tigers managed one run in the second, then exploded for ten in the fourth and one in the fifth.

Big Spring Rodeo Set For Aug. 1-4

Plans have been completed by the Big Spring Cowboy Reunion Association for the organization's 23rd annual rodeo which will be held on the evenings of Aug. 1, 2, 3, and 4, it has been announced by Tom Good, president.

This year's rodeo will be held in the Rodeo Bowl in the southwest part of Big Spring, and will be produced by Gene Autry and Everett Colborn. Colborn, who lives in Dublin, Tex., will be the arena director. He is considered tops in rodeo producing, and is often referred to as "Mrs. Rodeo."

The rodeo will include bareback riding, saddle bronc, calf roping, steer wrestling, bull riding, girl event, wild cow milking, and cutting horse contest, and a number of the rodeo world's outstanding specialty acts, including the famous "Sheep Dog Act."

The rodeo parade will take place at 4 p. m. Wednesday, Aug. 1, through downtown Big Spring, and will include city, county and rodeo officials. Contestants, floats and scores of cowboys and cowgirls will complete the spectacle. Sheriff's possees from several neighboring towns will participate in the parade and attend the big barbecue at the city park where members of the association and their wives will host the group.

This year's prize money will be \$3,700 plus entrance fees, and cowboys and cowgirls from many distant points are expected to enter the contests.

Following are the results in the girls' division:

Intermediate
Free Style—1. Pat Schilling, Slaton. 2. Eunice Wiley, Slaton. 3. Pat Wheatley, Post.
Backstroke—1. Wheatley, 2. Wiley, 3. Schilling.
Breast Stroke—1. Wiley, 2. Schilling, 3. Sara Bickens, Slaton.

Senior
Free Style—1. Linda Lott, Post. 2. Leslie Nichols, Post. 3. Freda Kennedy, Post.
Girls' Medley Relay—1. Post (Frances Craig, Lott, Nichols). 2. Slaton (Schilling, Wiley and Bickens).

Beard's 4-Hitter Wins For Dodgers

Bobby Beard pitched a neat four-hitter Thursday evening as the First National Bank's Dodgers scored a 15 to 2 victory over their closest rivals, the Brown Bros.' Red Sox.

Roger Camp, starting Red Sox pitcher and the only hurler to beat the Dodgers this season, was shelved from the mound in a big first inning in which Manager Punk Peel's team scored nine runs on six hits.

The heavy-hitting Dodgers continued their onslaught against two other Red Sox pitchers, David Nichols and Reuben Valdez. After the nine-run first inning, they scored five tallies in the second and one in the fourth.

Jack Jones, who had walked, scored one of the losers' runs in the second inning, and the other was scored in the third by Tommy Bouchier who had reached base on an error.

Beard struck out 12 batters in notching his second victory against one loss.

happy vacations begin in a Chevy

You'll love to travel in it, because it loves to travel! When you get this Chevrolet out on the road, you'll want to keep going—and so will the whole family.

Of course, even in a Chevrolet the happiest vacations may involve one or two minor problems. Like fidgety small fry who want gallons of water and keep asking if you're almost there. The big things, though, are beautifully taken care of by this roomy Chevrolet's smooth and easy way of going. That's for sure.

The fact is, few cars at any price hold the road with Chevy's grace, with its solid feeling of stability. And with horsepower up to 225, Chevrolet moves out like a whiplash, for safer passing. It's no wonder that so many people who used to buy higher priced cars are changing to Chevrolet! Stop by soon for a ride.

City To Proceed On Paving Plans

The City Council voted Monday night to proceed with plans for paving of eight and one-half blocks of streets here this summer, and more, if requests for paving are made in time by property owners.

Mayor James Miner said that the paving will cost the property owners about \$3.35 per foot, not including costs of performance bonds and insurance, which would increase the cost to about \$3.40 a foot.

The city will furnish and haul the caliche for the paving, the mayor said.

The city superintendent was authorized by the council to contact the C. & C. Asphalt Paving Co. of Colorado City in regard to the project.

Finchum Receives Prison Sentence

After being granted a new trial on a prior conviction, Kenneth Finchum pleaded guilty to a burglary charge this week and was sentenced to five and one-half years by District Judge Louis B. Reed.

Finchum, charged with stealing a number of government-owned .22 rifles from the county agent's office, had been found guilty by a district court jury and his punishment set at 12 years. The penalty was enhanced by a prior conviction.

Following sentencing by Judge Reed, Finchum was returned to the Lubbock County jail to await transportation to prison. He has been held in the Lubbock jail since his recapture after breaking out of the jail here June 8.

City Votes To Pay Library Salaries

The City of Post will pay salaries of librarians this summer at a public library to be maintained with facilities at the high school, it was announced by Mayor James Miner following Monday night's council meeting.

Mrs. Lillie McRee, high school librarian, and Mrs. Nola Brister, junior high librarian, will maintain the public library during the remainder of the summer, it was announced.

Suitable volumes now on the shelves at the high school library and other volumes, including donations, will be available to readers.

The city had planned to open a part-time public library in the former school tax office at the City Hall, but deemed the present plan the more advisable for the time being, the mayor said.

Mr. and Mrs. Ernest Sparks, Frances Opt and Guy Peterson spent the weekend in Alamogordo, White Sands and Ruidoso, N. M.

Mr. and Mrs. A. B. Haws of Jacksonville visited friends during the weekend and transacted business.

There will be a communion service Sunday morning at the First Presbyterian Church, the pastor, the Rev. Clinton Edwards, announces.

The Rev. Almon Martin is serving as counselor at Cota Glen Camp this week. Curtis Hudman is representing the First Christian Church at the camp.

Rev. Edwards is teaching in the Presbyterian Camp at Buffalo Gap this week. Attending from the local junior department are Deborah McCampbell, daughter of Mr. and Mrs. E. H. McCampbell, and Elisabeth Tubbs, daughter of Dr. and Mrs. Harry Tubbs.

The WJCS met Monday morning in the home of Mrs. J. E. Parker for reports on the sub-district meeting last week and a resume of the past four year's work. The next regular meeting will be Aug. 6, in the home of Mrs. T. R. Hibbs.

About 41 attended the picnic supper and closing of the Bible School at the Presbyterian Church Friday evening.

Roy Shahan, First Baptist pastor, reports: "We appreciate so much the visitors we are having in our services. While quite a number of our own people are visiting with relatives and friends at this time of year in other communities—and states, we urge you who have visitors with you to bring them to the services on each Lord's Day. The pastor will speak Sunday morning on the subject, 'Life's Greatest Tragedy (John 8: 21-24)'. At the evening hour, the sermon topic will be 'Christian Citizenship' (2 Cor. 5: 14-21). The message Sunday evening will be the first in a series of three that will be brought setting forth the Christian's obligation to the state and nation as a Christian citizen. The attendance and interest continues to grow in the Wednesday evening services. The book of Romans is being studied for the Bible lesson."

Andy Schmidt, sub-district president of the Methodist Youth Fellowship, and Linda Lot will represent the First Methodist Church at the annual youth assembly at McMurry College Monday through Saturday. Theme for the assembly is "For the Facing of This Hour."

Courses and instructors will include: "What It Means to Be a Christian," W. H. Vanderpool, Littlefield, Woodrow W. Adcock, Pampano; "Personal Christian Living," Lee Crouch, Clyde, William Pearce, Levelland; "Youth Friendships," Mrs. Walter White, Sudan, Charles Lutrick, Lubbock; "Christian Action for World Order," J. V. Patterson, Miami; "Finding Your Life Work," Jack Ellzey, Colorado City, W. A. Appling, Stamford; Charles Ellzey, Follett; "Prayer," Mrs. Hugh Daniel, New Home; "At Work for a Christian World," Mrs. Alby Cockrell, Hereford; "Life of Jesus," Jack Gary, Lubbock; "New Testament in the Life of Today," Albert Lindley, New Deal; "Understanding the Bible," Walter White, Sudan; "Facing the Alcohol Problem," Clark C. Campbell, Lubbock; "Home Missions and Human Rights," Alby Cockrell, Hereford; "The Christian and Race," Hugh Daniel, New Home; and "The Meaning of Methodism," H. Doyle Ragle, Canyon, Clarence Collins, Midland.

Dewitt Seago of Lubbock, will be the assembly dean, and James Carter of Amarillo, dean of the faculty. Darris Egger, Hamlin, will be dean of men. Mrs. Clifford Beck, Perryton, will be dean of women.

Marshall Rhew, Stamford district superintendent, will be the speaker. Fraternal delegate from the Rio Grande Conference will be Mary Lou Avila, San Antonio. Registration will begin at 1 p. m. Monday with the first session at 7:30 p. m. with Rhew speaking. Adjournment is set for Saturday morning following breakfast.

Misses Louella Eades and Wanda Baker attended the young people's camp at Plains Baptist Assembly Monday and Tuesday. The immediate boys' camp dates are July 9-11; junior boys, July 11-13; junior girls, July 14-16 and intermediate girls, July 17-19.

Visiting Tuesday in the W. C. Kiker home were Mr. and Mrs. Bradley Mitchell of Fort Worth.

HERE'S PROOF
dieldrin treatment kills thrips and fleahoppers... pays off in higher cotton yields

Photograph shows results of test performed at Texas A. & M. (1954). In this test, the dieldrin-treated plants produced almost three times (2.84 times) as many bolls in a three-week period after treatment as did the untreated plants injured by thrips and fleahoppers. Photo courtesy of Texas A. & M.

Results of this test prove without a doubt that treatment with dieldrin really pays. Dieldrin controls thrips, fleahoppers and other sucking insects. Cotton gets a good early start... you get better quality cotton and earlier harvest... less chance of heavy loss due to early frost.

Dieldrin provides long-lasting protection. Days after application dieldrin still has lethal effect. Two to three applications at the recommended dosage—1/10 lb. of actual dieldrin per acre—does the job. Dieldrin dusts are smooth-textured, free-flowing. In a spray, dieldrin forms top creaming emulsions... eliminates nozzle clogging.

Profit from this conclusive test. Use dieldrin early this year. Your insecticide dealer has dieldrin formulations and information on latest methods of application best suited for your use. Don't delay—get dieldrin now!

WEST TEXAS Editorial Comment...

Learning Fast
It's very encouraging and inspiring to see our local politicians, both city hall breed and drug store breed, take on a new attitude of cooperation and harmony. The continuation of such an attitude to the extent that it is actually put into practice in regard to all civic matters will mark the beginning of a great revelation of the true potential of this community.

Possibly, after all, Spur folks can learn to "disagree without being disagreeable."—"Whoa, Now!" in The Texas Spur.

Just Any Kind
A daily paper in Abilene is competently staffed, I'm sure, and yet a story published on the front page recently left me wondering either about the staff members or the type of rain they have in Taylor County. Anyway the story had a headline which read "SPOTTED RAIN FALLS IN COUNTY." Of course it wouldn't make any difference to Hamilton countians if the rain were spotted, striped or polka-dotted, if some would just fall—"Twilight Zone" in The Hamilton Herald-News.

It's A Living
Musicians who are having to roll with the punch of Rock 'n' Roll were thinking the madness which hit young America and made it shake and write and pound its feet had about subsided. Subsidized, that is, until Elvis Presley hit the boards. Then the craze was compounded ten times over. Musicians have thought there must be a melody, or if none, then at least a cadence to make popularity continue for any type of musical entertainment. Shrugging, they say, "It's a living," as they try to live with it.—"Views and Comment" in The Floyd County Hesperian.

No Impediment There
One fellow we take our coffee break with observed the other morning an odd ailment that afflicted some of his friends. When it comes to picking up a check, some fellows have an impediment in their reach—"Popville in The

Pierces Barrier
Life on the range has pierced the barrier of comfort. Recently a cowboy quit the roundup, changed boots in an air-conditioned automobile and shaved with an electric razor while listening to an orchestra playing in Chicago, then drove 120 miles to a dance. The ruggedness in ranching is in stories, on motion picture and television screens, and the memories of a few old-timers—"Trail Dust" in Matador Tribune.

No Particular Objection
I don't have any particular objection to girls wearing shorts. Some look mighty good. Blue jeans are something else. We have some pretty hot arguments at our house because my smallest daughter prefers to be a cowboy and to be made to wear a dress is sufficient punishment for even the most heinous crime.

Men like for their girls to look like girls. And, I suppose, girls like for men to look like men. For that reason, if no other, those Bermuda shorts aren't likely to gain popular favor.—"Sights, Sounds and Signs" in The Stamford American.

On Naming Children
Last week we ventured some advice to parents on naming children, a bold but foolhardy thing to do. Judging from some of the looks we have been getting, this drastic measure alienated a few of our readers. However, it was worth it a blow struck for a Holy Cause. We have been anxiously scanning the birth columns in the papers to see if our advice has had any widespread effect. It pains us to report that the Marys and Johns and Henrys and Janes seem to be doing no better than holding their own with the... but maybe we shouldn't mention any names. However, since parents seem determined to go on attaching these outlandish handles to innocent babes, we have decided to join them in the hope of raising the standards somewhat. If you need a name for your child, just call us and we'll furnish you with a dandy absolutely free of charge. Kindly specify sex of infant (not that it makes much difference) and what type of name you desire—exotic, Hollywood, rock and roll, or whatever.—"Main Street" in The Lorenzo Tribune.

FENCES

We need fences. They serve a good purpose. They give protection. But unless they have gates in them, they stop being fences and they become barriers. Without that gate, for instance, Mary Jane couldn't go across to the garden next door, and play with the little girl who lives there.

And, just as we need physical fences sometimes, we need mental and spiritual fences too. We need the privacy of our own thoughts, the sanctity of our own beliefs.

Danger comes only when we build barriers rather than fences around our inner selves. For none of us can live in spiritual isolation. We must have gates in our personal fences. We must permit Faith to enter. We must commune with others . . . and, above all, with God.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

TEXAS OIL PIONEERS

Walter Cline Squashes Legend Of Fowler Farm Well Near Burkburnett

(Editor's Note: Sketch compiled from records of "Oral History of Texas Oil Pioneers," University of Texas. Persons who can contribute additional information, documents, or photographs of early oil fields should write to the Archives Collection, Box 7767, University Station, Austin, Tex.)

By MODY C. BOATRIGHT

After the Fowler Farm well came in at Burkburnett in 1918, and the owners sold out for \$1,800,000 and netted \$15,000 for each \$100 invested, a legend arose that still has wide currency and is often seen in print. According to this legend, the discovery was the result of a happy accident. As the first load of equipment was being hauled to the stake a geologist had driven in the corner of a cotton field, the heavily-loaded wagon bogged down in the sand. As part of the equipment was being thrown off to lighten the load, Fowler is reputed to have said, "Just unload her here."

He had not, the legend says, expected to get oil anyway. He had got his neighbors to go in with him to drill in order to convince his wife that there wasn't any oil under the farm so she would consent to sell it.

If any man knows the facts in the case, that man is Walter Cline, for he drilled the well.

"Well, now, I heard that," he said in a tape-recorded interview at Wichita Falls, where he now lives. "I've heard it about the Fowler well and I've heard it a-

bout practically every discovery well that's been drilled in Texas in my time, and I have yet to find a single instance of where that's true. I know it's not true so far as the Fowler well is concerned. We drilled the Fowler well right where we intended to drill it, and right where we drove our stake."

Cline was not new to the oil business when he went into the Fowler Farm venture. A native of Louisiana, he withdrew from Centenary College during his senior year because of the ill health of his father. After working a while at irrigation, he went to the Evangeline oil field where he did various roustabout jobs before going to Humble, Texas, in 1905. In the Humble area he was successively derrick man, pump man, driller, scout, lease man and drilling contractor. In 1918 when the Fowler Farm partnership was being formed, he had three rigs in North Texas, one of which happened to be idle. He furnished the rig for an interest in the well. It is doubtful if any drilling contractor was ever better paid for putting down a hole.

He remained in North Texas where he has given generously of his time to the community. He served as mayor of both Burkburnett and Wichita Falls during the boom times when not the least of problems was finding classrooms and teachers for the hundreds of children the boom brought in.

NATIONAL FARM SAFETY WEEK IS JULY 22 - 28

About 14,000 Farm People Killed In Accidents Every Year In U. S.

Accidents are never cheap. Farm accidents in the United States every year claim the lives of about 14,000 farm people, injure more than a million and cause economic losses of one and a half billion. Last year, points out County Agent Lewis C. Herron, more farm workers died by accident than workers of any other major industry.

These staggering losses, he adds are the reason why President Eisenhower has proclaimed the week of July 22-28 as National Farm Safety Week and is requesting all persons and organizations interested in the welfare of farm people to join in a campaign to reduce all farm accidents.

The President said that in nearly every accident human failure is associated with the tragic loss of life and that experience in industry has proved accident prevention measures always pay.

The agent points out that specific studies in other states show that as high as 96 per cent of all farm machine accidents involve tractors and tractor equipment. This might be a mighty good place to start a safety program on most farms, he says.

"You wouldn't think of selling a good right hand or arm, an eye, or a leg, but many have lost these precious possessions by simply sticking them into a moving or operating machine, by stumbling over an unshielded power take-off or by getting an eye knocked out by flying dust or debris from

an operating machine being checked at too close range. Think about these needed body parts and your life when working with machinery and you'll develop a consciousness about safety you never had before," says Herron.

When every farm worker develops this type of attitude toward safety, farm accidents will drop to a new low-level and farm living will become more pleasant and satisfying as a result. Your safety is in your hands.

Postal Receipts In Mid-Year Decline

Second quarter postal receipts here totaled \$7,449,12, a decline of 1.4 per cent from second quarter receipts of last year, which were \$7,561,72, Postmaster Harold Voss said Tuesday.

Receipts for the first quarter of this year totaled \$7,012,18. Receipts for the first six months of this year amounted to \$14,461.30, as compared with a 1955 mid-year total of \$16,084.26.

Last year's total of \$33,280.82 set an all-time record at the post office.

Cooperation Sought From Stock Owners

Horse and cow lots within the city limits was discussed at Monday night's City Council meeting, after which it was decided to keep the lots cleaned and sprayed in order to eliminate health hazards.

If owners fail to cooperate and complaints keep coming in, the city health officer will be asked to inspect the lots, with the possibility that some of them might be condemned, Mayor James Minor said.

LONG STAR AGRICULTURE

Penalties Too Light For Violation Of Some State Agricultural Laws

By JOHN C. WHITE, Commissioner of Agriculture

Petty crime pays off in Texas. At least, for a small percentage of scheming opportunists it does! These men make thousands of dollars operating outside our state agricultural laws and then pay small fines for doing business illegally. The trouble is with some of our laws as they pertain to farm nursery stock and seed sales. The laws are good—offering adequate protection to buyers and sellers—but the penalties for violation are too light.

State inspected and tagged seed is a case in point. The Texas Seed Act provides that each bag of seed offered for sale must be properly marked as to its quality and content on the tag to let the buyer know what he is paying for.

An unscrupulous operator can mislabel his seed bags, charging a high price for what is actually an inferior and cheap product. The penalty for this action is a nominal fine.

If the seller violates the law on a large scale he can make tremendous profits. The only recourse the law has is to fine him for each illegal sale—a lengthy and expensive proposition, even if

it can be proved. The end result is that small fines serve as a nuisance to legitimate businessmen who accidentally violate the law and only slap the hands of schemers who operate on the outer fringes.

A goal of the Texas Department of Agriculture is to correct this inequality in the next session of the Legislature. For first offenders, the penalty will remain about the same. But for repeated violations, the dealer "should have the book thrown at him."

In the meantime, a drive by agricultural inspectors is under way to offer as much protection as possible to prospective seed buyers. Known offenders of the seed act are being subjected to a "harassive campaign" to discourage the illegal sales. Fines are being levied fast and frequently.

In addition, wide publicity is being given to cases filed in court on offenders who have been fined repeatedly on other occasions. This is one of the best methods to discourage such operations.

Legitimate dealers have requested this "clean-up campaign." They know that sellers and buyers suffer equally from such disregard of the law by a small percentage of

The United States has about nine million skilled workers and technicians. Mexico used 20,000 men in 1953 and 1955.

Projects 'Aired' At C-C Meeting

The city mail-delivery project, need of a traffic light at the intersection of U. S. Highways 386 and 84, and the Southwestern Championship Junior Rodeo next August were on the agenda for discussion at the July meeting of the Post Chamber of Commerce's board of directors Tuesday.

The organization decided to table the mail delivery project pending a decision from the postal inspector on the city's chances for the service.

Need of a stop-and-go light at the Tahoka and Snyder highway intersection on South Broadway was pointed out in a discussion. The organization already has made one request to the Texas Highway Department to make a traffic check at the intersection.

Discussion of the junior rodeo resulted in a decision to contact rodeo association officers to find out what the Chamber of Commerce will be called upon to do in this year's rodeo plans.

Absentee Voting Set For July 8 to 24

Absentee voting for the first primary is to get under way Monday and continue through July 24. July 8 is the date set for absentee voting to begin, but since the day falls on Sunday, it will be the following day before voting begins.

Application for absentee ballots may be made at the county clerk's office.

Candidates are reminded by T. R. Greenfield, county Democratic chairman, that July 20 is the last day for filing of second sworn statement of expense accounts. July 3 was the last day for the filing of the first statement.

RECIPE OF THE WEEK

By Mary Lee Taylor

Cornburgers

- 1 lb. ground, lean beef
- 1/4 cup finely cut onion
- 1/4 cup finely cut green pepper
- 2 tablespoons hot fat
- 1 tablespoon flour
- 1/2 teaspoon salt
- 1/2 cup catsup
- 1 lb. cans whole kernel corn, drained
- 1/2 cup fat evaporated milk
- 8 mediumish beans, split and soaked

Cook beef, onion and green pepper in hot fat in skillet over medium heat until meat loses its red color. Stir often with a fork to break up the meat. Sprinkle over meat the flour, salt and pepper, then blend in. Stir in catsup, corn and milk. Cook over low heat 15 minutes, stirring now and then. Spoon into beans. Serve hot, 2 to a serving.

Hudman And Brewer Card 68's Tie For Medalist Honors

Champion Jimmy shot 68's in Sunday's qualifying round to tie for medalist honors in the third annual membership tournament at the Caprock Golf Course.

The medalist merchandise prize went to Hudman, since Brewer, who is a high school student, was not eligible for a prize. Neither are two other high school students in the tournament, Howard Jones and Auvy McBride. The three high school boys were not required to pay membership fees to enter the tournament, according to Durward Bartlett, manager.

Just two strokes off the pace set by Hudman and Brewer in Sunday's qualifying round was Oscar Garner with a 70, including a four-stroke penalty. Minus the penalty, he would have carded a 68.

Foursomes, with an "A," "B," "C" and "D" player on each team, were off in Sunday's qualifying round.

Dodgers Overcome Tigers, 27 To 6; Yankees, Sox Tie

The Dodgers strengthened their hold on first place in the Little League Saturday evening by pounding the Tigers, 27 to 6, while the Red Sox and Yankees were battling to a five-inning 9 to 9 tie.

The Dodgers started off with three runs in the first frame, then scored 12 in the second, three in the third, two in the fourth and seven in the fifth.

The Tigers scored one run in the first inning, two in the third and three in the fourth.

Filiberto Collazo was the winning pitcher.

Roger Camp and David Nichols hurled for the Red Sox in their 9-9 deadlock with the Yankees, who pitched Leslie Acker.

The Red Sox got off to an early lead by scoring three runs in the first inning and two in the second, then coming back for two in each of the fourth and fifth frames.

Two of the Yankees' runs came in the second inning, five in the fourth and two in the fifth.

Post, Justiceburg Rodeo Performers Make Good Showings In Lamesa Event

Jack Kirkpatrick won second place and Jimmy Bird third place in double mugging at the eighth annual Lamesa Amateur Rodeo, which closed Saturday night.

Jerry Dean of Lovington, N. M., won the event by tying two steers in 35.3 seconds. Kirkpatrick had a time of 36 seconds and Bird, 40.9 seconds.

Jimmy Moore of Post was a second-round winner in both the bareback and saddle bronc riding contests, and Riley Miller of Justiceburg finished third in the second round of the bull riding event.

Miller was first in saddle bronc riding at the second performance of the rodeo.

At the first performance, Kirkpatrick won both the calf roping and double mugging contests with times of 13.4 and 18.8 seconds, respectively.

Winner in the cutting horse contest was Skeeter, owned and ridden by Phil Williams of Tokio. Skeeter was first place winner here last May in the Post Stampede Rodeo.

The Cochran County Sheriff's Posse was winner of the first place trophy in the parade, in which the Post Stampede Cowboys also rode. Hale County won second and Lynn County third.

Post Youngster On Ten-Day Trip With Uncle, Pet Lioness

Butch Wilson, 16-year-old son of Mr. and Mrs. C. R. Wilson, left Dallas by plane Monday night with his uncle, C. E. Hippi of Graham, and the latter's three-year-old lioness "Blondie," for a 10-day exhibition tour of the northern and eastern United States.

Blondie, one of the most famous lions in captivity, will be exhibited at a Lions International meeting in Chicago and in Washington, D. C., and Fort Belvoir, Va., where she will be seen by hundreds of servicemen.

During the last year or so, Hippi has exhibited the lioness throughout the United States, and a few weeks ago showed her at a sports show in Lubbock.

Butch, who will be a junior next year in Post High School, has been looking forward eagerly to the trip with his uncle and Blondie, his parents said.

Wood Bees To Play In District Meet

No announcement had been made late Tuesday as to the Post Wood Bees' opponent in opening round games of the National Baseball Congress tournament opening today at Petersburg.

The tournament is to decide the winner of the Upper South Plains and Panhandle district of the NBC. The winner will represent the district in a tournament of North Texas teams.

This is the first tourney for this district. Teams entered besides Post are the Lubbock Eagles, Lubbock Independents, Shallowater, Tahoka and Petersburg.

The double elimination meet is to end next Tuesday.

Three Locations Are Staked In County

Three field locations have been spotted in Garza County recently, according to Railroad Commission filings. They are:

Aycock-Glorieta—W. M. and A. P. Fuller No. 2 Frankie Irwin, 300 feet from north and 2,310 feet from west lines of Section 1, K. Aycock Survey, 515 acres, 10 miles east of Southland, rotary to 3,900 feet.

Justiceburg—Cecil Oil Corp. No. 8-B J. S. Reed, 750 feet from south and 1,465 feet from east lines of Section 135, Block 5, H&G Survey, 160 acres, five miles east of Justiceburg; cable to 2,600 feet.

Justiceburg - Glorieta—Cecil Oil Corp. No. 3-E J. S. Reed, 1,320 feet from north and 2,310 feet from east lines of Section 17, Block 5, H&G Survey, 160 acres, five miles east of Justiceburg; cable to 2,700 feet.

SANTA FE CARLOADINGS

Santa Fe carloadings for week ending June 30 were 29,145 compared with 29,012 for the same week in 1955. Cars received from connections totaled 12,755 compared with 12,437 for the same week in 1955. Total cars moved were 41,900 compared with 41,449 for the same week in 1955. Santa Fe handled a total of 42,425 cars in preceding week of this year.

Mr. and Mrs. Bake Robinson Jr. and children of Farmington, N. M. are visiting Mr. and Mrs. Harold Lucas and family.

Dodgers Keep Rolling With 9 To 6 Win Over Yanks; Sox Crush Tigers

The Red Sox lambasted the Tigers, 25 to 4, and the Dodgers beat the Yankees, 9 to 6, in Tuesday evening's games at Little League Park.

The game between the Brown Bros' Red Sox and the Civic Clubs' Tigers started off as if it would be an interesting contest, with neither club scoring in the first inning. The roof fell in on the Tigers in the second, however, with the Sox scoring five runs on one hit, six walks and one hit batsman.

The winners scored nine more runs in the third frame, four in the fourth and seven in the fifth. The best the Tigers could do was two runs in the third inning and two more in the sixth.

Neil Francis, the Tigers' starting pitcher, gave up only two hits in the two and one-third innings he worked, but his wildness kept the bases loaded most of the time. Ronald Scott relieved him with one out in the third.

Jack Jones went all the way for the Red Sox, yielding only seven hits.

In the Dodger-Yankee game, the winners scored all their runs in the first three innings—four in the first, four in the second and one in the third, then held off a Yankee rally which netted three runs in the third and three in the fifth.

John Valdez pitched three innings for the Dodgers to notch his sixth victory without a defeat. Bobby Beard relieved him in the fourth.

J. C. Gomez was the starter and loser for the Dodgers, with Ken Rankin coming on in the first and pitching effectively the rest of the way.

Six Are Injured In Road Mishap

Six persons were injured in a three-car collision Friday night about two miles east of Clairemont on U. S. Highway 390.

A highway patrolman who investigated the accident said one of the cars overturned. They were driven by Jackie Williams, 17, of Mineral Wells; Willie Walton, 24, of Phoenix, Ariz., and Stanley Lewis, 43, of College Station.

The highway patrolman said Williams was attempting to pass the Walton car when his vehicle skidded into the oncoming west-bound Lease car. Williams' car then slammed into Walton's, officers said.

The injured persons were taken to a Spur hospital by ambulances from Spur and Post.

VA Questions And Answers

Q I am covered by a \$10,000 Korean GI term insurance policy. I have just gone to work as a test pilot for an aircraft manufacturing company. Since this job is considered hazardous, will it have any bearing on the extent of my insurance coverage?

A None whatsoever. GI insurance has no restrictions as to type of job you hold, no matter how hazardous it might be.

Q May a veteran change his Korean GI training program if his progress in his present course has not been satisfactory?

A He may, if he shows VA that the lack of progress was not due to his own misconduct, neglect or lack of application—and if he has not had a change of program prior to that time.

Q If a veteran is going to school full-time under the Korean GI Bill, would he also be eligible to draw GI unemployment allowances, since he was not employed?

A No. The law prohibits full-time Korean GI Bill trainees from receiving unemployment allowances at the same time.

Q Is it true that Korea veterans have four months from discharge to apply for Korean GI term insurance?

A It is not. Veterans have 120 days from discharge to apply and pay their first premium. The 120-day period generally is shorter than four months.

MRS. R. J. KEY OF JUSTICEBURG WRITES

Primitive Baptists Hold Services At School, Afternoon Baptismal

Thirty-one were present for Sunday School at the Baptist Church Sunday. The Rev. Vernon Brown of Fluvanna was guest speaker. He was accompanied here by Miss Sandra Leach of Hermleight. They were guests in the home of Mr. and Mrs. Herman Messer and family.

Cotton Insect Report Shows Reduction In Thrip Infestations

Cotton showed rapid improvement in both appearance and fruiting during the past week, according to the Cotton Insect Situation release prepared by the Extension Service.

Such satisfactory progress was due to ideal weather conditions and a reduction in thrip infestations in a majority of fields. The reduction in thrip populations were partly brought about by heavy rains the previous week and by final early season insecticide applications.

Mrs. Etta Clarkston is visiting her daughter and family, the Horace Hancock, at Seminole.

Mr. and Mrs. Joe Mize and Mrs. Lewis Oasby of Holabird, S. D. spent Sunday with his brother, Bill, and family.

Mr. and Mrs. Elton Nance visited Mr. and Mrs. Marvin McKinley and family at Mountainair, N. M. during the weekend. Also visiting there were Mr. and Mrs. Mark and Henry Elkins of Grant, N. M.

Flea-hoppers, although appearing in many fields, were reported in light infestations throughout the area. Medium infestations were found in occasional fields in Crosby, Hale and Lubbock counties. A few fields of early cotton had sufficient numbers of warrant control. All cotton should be checked frequently for both flea-hoppers and damage. Immediate control of damaging infestations insures early fruit set and prevents "flea-hopper" or abnormal plants.

Wayland Loan Fund Is Increased By \$1,100

PLAINVIEW (Spl.)—Wayland College received \$1,100 this week for the A. C. Bray Memorial Fund in memory of two Bray grandsons, Otho and Bill Bray, who were killed recently near Dallas in an airplane crash.

Donors of the \$1,100 are Mrs. A. C. Bray and her daughter, Mrs. H. L. Blackburn, of Muleshoe, who with A. Bernice Bray, Dallas, established the A. C. Bray Memorial Loan Fund in 1935 in memory of the late A. C. Bray.

Church Groups Ask Candidates To Sign Fair Play Pledges

The Texas Council of Churches was joined by the ranking Roman Catholic prelate in the state, Archbishop Robert E. Lucey of San Antonio, and the Anti-Defamation League of B'nai B'rith in a letter to all candidates for statewide office in the Democratic primaries asking them to sign a pledge of fair campaign practices.

The Code rules out "use of personal vilification, character defamation, whispering campaigns, libel, slander, or scurrilous attacks on any candidate or his personal or family life."

Candidates also are to condemn any appeal to prejudice based on race, creed, or national origin.

The preamble of the Code is as follows: "There are basic principles of decency, honesty, and fair play which every candidate for public office in the United States has a moral obligation to observe and uphold in order that, after vigorously contested but fairly conducted campaigns, our citizens may exercise their constitutional right to a free and untrammeled choice and the will of the people may be fully and clearly expressed on the issues before the country."

Mr. and Mrs. Marvin Hudman and Carolyn and Bettie Sue Norman returned last week after visiting Mr. and Mrs. James Bagwell in Hope Mills, N. C. They also visited in Dallas while en route home and Don Echols accompanied them home for a visit.

Mr. and Mrs. J. W. Beggs and Barbara Wheatley spent Sunday and Monday in Snyder. Barbara visited Anne Osborne.

Mr. and Mrs. Eula Mae Wade and Wilborn Wade are visiting friends and relatives in Oklahoma this week.

Mr. and Mrs. Sonny Holt and daughter, Vickie, of Odessa spent the weekend with Mr. and Mrs. Jasper Atkinson.

Mr. and Mrs. Clark Barton, Mr. and Mrs. Douglas Livingston and Linda, Mr. and Mrs. Cecil Lee and daughters, Mr. and Mrs. A. J. McAlister, Mr. and Mrs. Bill Thomas, Mr. and Mrs. G. R. Wilson, Mr. and Mrs. Harold Carpenter, and Mr. and Mrs. Gene Gollehon and boys enjoyed a picnic at the Mackenzie Park in Lubbock yesterday.
