'It's Earlier Than You Think'

The political slogan of the new year is: "It's Earlier Than You Think."

That is, unless you are one of the many who have not yet paid your poll tax. For those slow on the draw in that department, it's later than you think, with the poll tax deadline only a little more than two weeks away.

But to get back to the slogan, "It's Earlier Than You Think," prospective candidates greeting 1960 had only 25 days to reach the point of no return—the filing deadline of Feb. 1. By now, those 25 days have dwindled to something like 14, not counting Sundays.

The new early primary and convention law pinched off more than three months from the normal leisurely pace that projected the conventions and first primary election into July and the run-offs into August.

In Garza County, things began to pick up on the political front the first week of the year.

As of last Friday, the county had five contested races, leaving only one in which at that time there was no contest. There was a three-man race for Precinct 1 county commissioner and two-man races for sheriff, county attorney, Precinct 3 commissioner and Precinct 1 constable.

Along with the new "spring" political calendar, there are far-reaching changes in some of the political procedures. And this new year brings on the double attraction of a presidential campaign along with state primaries, conventions and elections.

It's Leap Year, but the candidates will have to get off the springboard early for the first time.

About the only things unchanged in the elaborate twin-bill political circus are the aforementioned Jan. 31 deadline for paying poll taxes, and the Nov. 8 general election.

Swept into the discard was the unwritten, but traditional, opening of campaigns "when the dogwood blooms," usually on San Jacinto Day, April

21. That, in the past, had left about three months for peak campaign efforts. The same span under the new law will put the races in full swing by early February. Politically, it will get hotter while it's cooler.

Not only the dates and procedures for the primary election system have been changed. The first step in the official election procedure, looking to the November general election, will be taken by the commissioners' court at its first meeting in February. This will be the appointment of the precinct election judges for the November election. Those appointments must be served with notices, by registered mail, within 20 days after the court selects them.

The candidates who have filed for state office by the Feb. 1 deadline will have but three days of grace in which to pay their filing fees.

Candidates for county and precinct offices have a few days longer in which to pay, since the county executive committee of the political party will meet on Feb. 8 to estimate the cost of the primary and to set the assessments on the candidates. Deadline for paying the assessment is Feb. 13.

County executive committees will hold their second meetings on March 14 to set the hour and place for precinct conventions to be held on first primary day, and to set the place for county conventions to be held May 14.

Absentee voting for the first primary will be during the period April 17-May 3, with the first primary election scheduled for May 7.

Absentee voting for the second primary will be in the period May 15-31, and the second primary will be held the first Saturday in June, which is June 4.

Yep, it's earlier than you think unless you are putting off paying that poll tax, in which case it's later than you think.—CD

1960 seen as another 'growth' year

Post can look forward confidently to 1960 being another solid year of community growth.

Already in the construction stage and scheduled for completion this year, among other projects, are the fine new home of the First National Bank, the new high school and gymnasium which should be ready for the 1960-61 fall term, and the dial telephone building which will see the community convert to long-awaited dial service come November.

Another major improvement virtually sure to come is a new, larger, and better located Post office. Work on it should get under way before the year is out.

These are sizable gains, but the biggest of all should be the letting of contracts sometime this year for the construction of the White River dam and the pipelines which will bring all the water the community will need in this 20th century.

When that becomes reality, Post can look forward to a new period of new growth and progress, including the expansion of the Postex Cotton Mills with a dye plant, which would mean

the addition of more employees to this valuable industrial payroll.

Community growth, of course, brings with it community problems. Post has its share of those. But if we look back to the many splendid accomplishments of 1959 and forward to the major gains already in sight for 1960, Dispatch readers can see the tremendous progress which is being made.

In 1959, for example, to name only a few, we had a record construction year, the city limits expanded a half mile in all directions to assure stable future growth, a start made on zoning and building codes, the purchase of a new fire truck to provide increased fire protection, and the installing of a full scale garbage and trash pickup service which already is making Post one of the cleanest towns in West Texas.

The community as it expands has need for all the talent and leadership we can produce. In building a bigger and better town in which to live, we are building bigger and better opportunities here at home for ourselves and our children.

One of the best 1960 resolutions each of us can make, is to get in there and boost and help our community in every way we can.—JC

Advantages of shopping at home

Buy at home! That's a slogan we firmly believe in for many, many reasons.

The businesses on Post's Main street support through taxes, contribution, and leadership the development of our home town.

Shopping elsewhere—as in Lubbock, for example—encourages the growth of that city and hurts the growth of this one.

The arguments in support of shopping at home in every community are not new. But ever so often we need to be reminded of them.

Local merchants are here to back their merchandise and to service their products where such services are needed. In many cases one can find just as good "bargains" right here on Main Street as in any city.

The clearance sales here last week and this week have offered a whole raft of bargains. It is obvious the more we support our home town merchant the better opportunity he has to enlarge his stock to offer us greater selections.

When we journey elsewhere to shop, let's figure the cost of that shopping trip into the "bargains" we may have purchased.

Something big to 'shoot' at

While indications are that new construction, both business and residential, will continue at a gratifying level here for some time to come, we can hardly expect the 1959 record of approximately \$1,600,000 to be threatened in 1960, or even in 1961.

The past year's construction total in Post was much higher than in other West Texas towns of about the same size and even higher than in many larger towns, according to a 1959 city-by-city building survey conducted by the West Texas Chamber of Commerce.

The reason, of course, that our construction figure ballooned during the year was the issuance of permits for the new high school building, the new bank building, high school gymnasium, three church additions, a number of smaller business buildings, and many new homes, including 10 residential units in the Mill Village.

Even when it's unlikely to be broken under normal conditions, however, such an imposing building permit figure gives us something big to "shoot" at in 1960 and in the years to follow.—CD

What our contemporaries are saying

It pays to know how. Once a machine in an industrial plant refused to operate. Hundreds of men sat around idly twiddling their thumbs while the mechanics attempted to get it repaired, but to no avail. Finally an outside specialist was called in. He looked over the situation carefully, then picked up a screwdriver and hit a particular spot

and the machine started immediately. He sent in his bill for \$100 and the comptroller, knowing the short time he was in the plant, asked that the statement be itemized. It was received a few days later and read: "For hitting the machine, \$1; for knowing where to hit, \$99.50. — The Hamilton Herald News.

THURSDAY to THURSDAY

By CHARLES DIDWAY

CONFUCIUS OR SOME other Chinaman once said that one picture tells more than a thousand words, but when the picture appears surrounded by words you can't read, then one picture can tell more than a million words.

That was the case over the weekend when Leo Acker brought in three newspapers from Göteborg, Sweden, which is the home of Miss Josephine Larn, who visited in Post last summer as a guest of the Rotary Club.

EACH OF THE three newspapers contained pictures of scenes in and around Post taken by Miss Larn while she was here. There was quite a story with each set of pictures, but since I can't read Swedish, all I could do was look at the pictures.

In one of the newspapers there was a double-page spread under a Swedish heading in which the only words I could recognize were "cowboy" and "Texas." One huge picture which ran across the top of the two-page spread was of a round-up scene on an area ranch. On the same pages were pictures of Miss Larn in western togs, one showing her looking out over the rugged scenery of the U Lazy S Ranch.

THERE WAS ALSO a picture of ranch owner John Lott and his airplane, another showing horses being loaded into a trailer, and still another showing a chuck wagon cook at work.

One of the other papers had a full page spread, with the only word I recognized being "cornflakes." I'm pretty certain it had something to do with the town's founder, C. W. Post, for along with the story there was a picture of his statue here. There were also pictures of cotton choppers at work, Miss Larn seated on a tractor, and one of the "doubleheader" oil wells in these parts.

BEFORE WRITING this column, I tried a time or two to get in touch with County Clerk Carl Cederholm to see if he could read Swedish and help me out on the text, but couldn't make connections. The reason I thought Carl might be able to help was because just a few days before I'd heard him and a Denver, Colo., man spiel off a few words of Swedish to each other at the clerk's office.

The visitor at the clerk's office was a Mr. Westerberg, who, in addition to being an interesting fellow otherwise, had quite a Swedish accent. He was here checking on some property he owned, at the request of a Snyder attorney who was wanting to clear the title to the land.

MR. WESTERBERG told quite an interesting story about how the Snyder lawyer got in touch with him. The lawyer, it seems, knew he wanted to contact a Westerberg, but didn't know which Westerberg, nor where. The Denver man said the Snyder lawyer wrote letters to all the Westerbergs he could find in telephone directories and, believe it or not, reached him in that manner.

"If I hadn't had a telephone, no telling how long it would have taken the lawyer to find me," said Mr. Westerberg.

THE CURRENT ISSUE of Life Magazine has created a great deal of interest in Post because its cover picture is of Dina Merrill, described by the magazine as "actress, socialite and springtime model."

Inside the magazine are several full pages in color showing Miss Merrill, who is the daughter of Mrs. Merrivether Post, as a matinee idolisse, a Petty Girl, Madame X, patrician Spanish child, Flapper Girl, and Manet's Nana. The series of pictures run the entire gamut of spring styles.

CONSISTENT WITH our policy of giving our readers some of the best inside features available in 1960, The Dispatch this week is running the first of Boyce House's "I Give You Texas" columns. Through a rearrangement with the widely known Mr. House, The Dispatch will run his column each week. He writes on subjects of interest to every Texan and in a style that makes for entertaining reading.

In addition to being one of Texas' foremost boosters, Boyce House is one of its best spinners of "tall Texas tales."

Playing cards were the first paper money used in North America. World Book Encyclopedia says that in 1685 the French colonial governor of Canada failed to receive money from France to pay his troops. When the soldiers threatened to desert, the governor seized all playing cards and declared that they were to be honored as currency when bearing his signature.

SOUTHERN SECESSION
—AND THEN?
New York Herald:—In of the Southern people and out on the stump press, they are unani- ciously declaring that in the event of Seward as Presi- dent will secede from the South. Is this to be done? By an army of a hundred thou- sand and then organizing a fight for a Southern Confed- eration? Mr. Seward and the South had no course. What could he do? The North would not give up, if not altogether de- feated, there would be panics, isolation and finally ci- vil war. The President would not be powerless against the South. The federal govern- ment would find the North- ern. The federal govern- ment would be just no government while the South would present a united front against it, the North could give it no material aid. Probably the executive would have its hands more than full with the work of putting down the North- ern disaffection which the stagna- tion of commerce and the ruin of our industrial interests would nat- urally create. That is the "then" of Southern secession.

The arch fiend could not have found a device more effectual than a sectional party to convulse this great Republic. Jefferson looked on the issue as one vital to the Union, but he was con-

SWPS to invest \$18,325,000 in construction, equipment in 1960

Southwestern Public Service Company will invest \$18,325,000 in construction and new equipment throughout the company's 45,000 square mile service area in 1960, it has been announced by A. R. Watson, executive vice president and general manager.

At the same time that he announced the 1960 construction investment, Watson revealed that the company's long-range forecast anticipates a \$96,000,000 investment in new facilities in the next five years.

"Our responsibility as a public utility is to stay ahead of the growth of our service area. Every economic index indicates that our service area will continue the phenomenal growth it has shown in recent years. We must plan now to keep ahead of that growth," Watson said.

Southwestern Public Service Company's 12th major generating station will go into service in June. Located north of Amarillo, the new plant will have a generating capability of 112,500 kilowatts when it goes on the line. The second unit, which will double the size of the plant, has already been ordered, and is scheduled to be in service in 1962.

When the second unit at the station north of Amarillo does go into service, Southwestern Public Service Company's generating capability will pass the million mark for the first time. The capability of the 12 major generating stations will be 1,037,000 kilowatts in 1962. The growth of the area, and the company, is dramatically portrayed by a comparison with the system generating capability in 1952, which was 404,500 kilowatts.

"Electric service continues as the biggest bargain in your family budget," Watson pointed out. "The average residential kilowatt-hour cost our customers 3.05 cents in 1959, compared with 3.11 cents in 1958, and since 1950, the average cost of a residential kilowatt hour has decreased by 23 per cent, he added.

23.9 cents of every dollar of gross revenue received by Southwestern Public Service Company went to pay federal, state and local taxes, Watson said.

"We have no quarrel with carrying our fair share of the tax load, but it seems manifestly unfair that some of our taxes, and those of our customers, should be used to finance government power projects which have tax-free profits, and destroy private industry which would add to the tax revenues," Watson concluded.

Subsidiary is formed for wide range of scientific research

NEW YORK — General Telephone & Electronics Corporation announced today the formation of General Telephone & Electronics Laboratories, Incorporated, a wholly-owned subsidiary which will be engaged in a wide range of scientific research activities in the communications and electronics fields.

In making the announcement, Donald C. Power, chairman and chief executive officer of GT&E, said that the nucleus of the research organization will be the Bayside, N. Y., Research Laboratories of Sylvania Electric Products Inc., a GT&E subsidiary. He said that additional facilities are contemplated in the future as the work of the laboratories expands, but that it would be premature to discuss possible new locations at this time.

The GT&E Chairman announced that Dr. Herbert Trotter Jr., senior vice president — Research & Engineering for Sylvania, has been elected president of General Telephone & Electronics Laboratories, with headquarters to be established at the General Telephone Building, 730 Third Avenue, New York City.

"The mission of this new research organization will be to assure that General Telephone & Electronics is in the forefront of the unprecedented technological progress we foresee in the years ahead," Power stated.

Bible Thoughts
"BIBLE BAPTISM"

By Ronnie Parker

No Bible subject is so much discussed as baptism. The New Testament writers attached great importance to this act of obedience. If a person will go to the Bible, study, and believe, he will find it hard to misunderstand what the Bible says about baptism.

God has a reason for requiring baptism. If we will let the Bible state its purpose, we can be sure it will be clear and reasonable.

Our resurrected Lord told his disciples to, "Teach all nations, baptizing them into the name of the Father, Son and Holy Spirit," Matt. 28:19. Why do this? The Bible gives these reasons:

1. That they may be saved, Mark 16:16; 1 Pet. 3:21
2. To receive remission of sins, Acts 2:38
3. To receive the gift of the Holy Spirit, Acts 2:38
4. To wash away their sins, Acts 22:16
5. To enter Christ, Rom. 6:3; Gal. 3:27
6. To be added to the church, Acts 2:41,47
7. To be born again, John 3:5

FORD'S ECONOMY TWINS FOR 1960

The Economy Choice of a lifetime — Two new Fords... Two new low-price fields...

Two wonderful new ways to go "The Finest"

THE 1960 FORD FALCON
Now there's both a new economy-size Ford and a large economy-size Ford.

The new economy size is the Ford Falcon—America's lowest priced 6-passenger car. It's up to \$124 less than other 6-passenger cars in the compact field. It goes up to 30 miles on a gallon of regular gas. Servicing is easy and repair costs are low. You can even save up to 15% on your insurance.

And the Falcon is the one American compact car that is thoroughly proved for American driving. There's a room for 6 people—luggage and all.

THE 1960 FORD FAIRLANE 500
Now consider the large economy-size Ford, the Fairlane 500. Here is the most car per dollar ever built. The Fairlane 500 brings you fine car styling, luxury and comfort, yet it offers Falcon economies like regular gas, 4,000-mile oil changes, double life aluminum mufflers, and no more waxing. Like the Falcon, too, it brings you big price news: \$142 less than last year's popular Fairlane 500!

Come see, come save, come pick the Ford economy twin that saves and serves you best. Visiting hours as usual at your Ford Dealer's.

Engagement of Linda Lott to Ronnie Bouchier is announced

LINDA LOTT

Mr. and Mrs. John F. Lott, 3214 44th Street, Lubbock, and formerly of Post, announce the engagement of their daughter, Linda, to Ronnie Bouchier.

Bouchier is the son of Mr. and Mrs. Tom Bouchier of Post. Miss Lott attended Post schools and Hockaday School in Dallas. She is now attending Briarcliff College, Briarcliff Manor, N. Y. Her fiancé also attended Post schools and is a graduate of the University of Texas. He is a superintendent of construction for the Manhattan Construction Co. of Texas in charge of construction on the new First National Bank building here.

A definite wedding date has not been set.

Baptist circle has Bible Study

The Betty Tennyson Circle of the First Baptist Church met in the home of Mrs. Bob Sinner recently for a Bible study.

After a short business meeting, Mrs. James Matthews read the names of those on the prayer calendar and Mrs. Boy Hart led in prayer for them.

Bible study for the meeting was under the direction of Mrs. Lee Bowen. Assisting her were Mrs. Matthews, Mrs. John Huffman, and Mrs. Bob Baker.

Refreshments were served to the following members:

Mrs. J. P. Manly, Mrs. Lee Bowen, Mrs. Doyle Young, Mrs. Truman Irwin, Mrs. L. A. Barrow, Mrs. Boy Hart, Mrs. Pete Murray, Mrs. Henry Tate, Mrs. James Matthews, Mrs. Bob Baker, Mrs. John Huffman, Mrs. L. G. Thuet Jr., a visitor, Mrs. L. P. Baker, and the hostess.

The circle will meet next week in the home of Mrs. L. G. Thuet Jr.

Xi Delta Rho has bi-monthly meet

Xi Delta Rho chapter of Beta Sigma Phi sorority met last Monday evening at the home of Mrs. Lee Davis with Mrs. Jess Cornell as hostess.

During a business session, the sorority voted to pay the lunch-room fee for the remainder of the school year for Ennis Luna.

It was announced that the next sorority meeting will be held at the home of Miss Maxine Durrett at which time a program will be presented by Chant Lee.

Attending the regular bi-monthly session were:

Mrs. Wallace Simpson, Miss Maxine Durrett, Mrs. Bing Bingham, Mrs. Ed Sims, Mrs. Mason Justice and Mrs. Cornell.

Films were shown by Miss Maxine Durrett of her summer trip to Europe, during which she toured several countries.

Norman Tanner has 10th birthday

Mrs. J. E. Tanner was hostess Saturday afternoon to a birthday party honoring her son, Norman, on the occasion of his 10th birthday.

The young guests arrived at 3 o'clock and a series of games and other forms of entertainment were provided until 5 o'clock.

Refreshments consisting of a cowboy decorated cake and punch were served.

Assisting Mrs. Tanner with hospitalities were Mrs. Lee Ward and Mrs. Warren Stockton.

Youngsters attending the party were:

Adrian Cook, Patsy Pierce, Mark Stockton, Charles Neff, Jane Hutchins, Brenda Ward, Barbara Bingham, Mickey Sue Taylor, Bill Cates, Larry and Roger Kirby, Linford Warren, Larry Joe and Harold Bonner, Larry Matthews, and Joe Bilbo.

TWINS WERE ABUNDANT HERE

Four sets of twins gathered Sunday afternoon at the Delmo Gossett residence in Lubbock to celebrate one set's birthday and the near birthday of another set. Left to right are Karon and Sharon Windham, daughters of Mr. and Mrs. Donald Windham of Post; the two men are Delmer and Elmer Cowdrey, both of Post, and the little girls in the center are neighborhood children — Lanita and Juanita Wheeler — not part of the family. On the right end are the twins that celebrated their birthdays. They are Lana and Jana Gossett. The Windham twins will have a birthday soon.—(Engraving courtesy Lubbock Avalanche-Journal.)

Sorority program on 'Nature' presented at Monday meeting

Astrology, geology, and biology were topics covered when Mrs. James Simms presented a program entitled "Nature" at the Texas Mu Alpha chapter of Beta Sigma Phi sorority Monday night. Mrs. Simms discussed the three subjects in relationship to every day living, placing special emphasis on astrology in today's "space age".

The meeting was held at the home of Mrs. Willard Kirkpatrick with Mrs. Jack Kirkpatrick as hostess.

Mrs. Douglas Hill, president, presided for a business meeting, during which the request for leave of absence was granted Mrs. Dale Cravy.

Reports and other communications from the international office of Beta Sigma Phi were read.

The Sorority Social Committee

Mrs. Pat Walker program chairman for Amity Club

Mrs. Pat Walker presented a talk and film strip outlining how to act in the event of atomic disaster at Tuesday night's meeting of the Amity Study Club in the home of Mrs. Bill Cates. Mrs. Lorene Cash was co-hostess.

The program topic "Operation Alert" was further carried out in Mrs. Leo Cobb's discussion on "Points to Ponder" giving suggestions for action in time of disaster.

Roll call was answered with "What I Would Do in Case of Nuclear Attack".

Mrs. Bob Collier, president, presided for a business session.

Those attending the bi-monthly meeting included:

Mrs. Malcolm Bull, Mrs. Jack Burress, Mrs. Billy J. Carlisle, Mrs. Lorene Cash, Mrs. Bill Cates, Mrs. Leo Cobb, Mrs. Bob Collier, Mrs. Thurman Francis, Mrs. Conrad Hartel, Mrs. George Miller, Mrs. Lewis Herron, Mrs. V. L. Peel, Mrs. Powell Shyles, Mrs. Pat Walker, Mrs. Russell Wilks Jr., and a guest, Mrs. R. G. Cates of Oklahoma City, Okla.

Glenn Whittenberg home scene shower for Mrs. Lloyd Mock

The home of Mrs. Glenn Whittenberg, 905 West 6th, was the scene Saturday afternoon for a miscellaneous bridal shower honoring Mrs. Lloyd Mock, who before her recent marriage was Miss Lea Mitchell.

Guests called between 3 and 5 o'clock.

The receiving line was comprised of Mrs. V. L. Peel, Mrs. Whittenberg, the honoree, and her mother-in-law, Mrs. Mock of Slaton.

Guests were registered by Mrs. Herman Raphael.

Displaying the large array of bridal gifts were Mrs. Gene Gandy and Mrs. Maurine Lackey.

The serving table was laid in white and featured an arrangement of pink carnations, and a miniature bridal couple arranged beneath a pink umbrella. Crystal and silver appointments were used for serving coffee, cake squares, nuts and mints. Mrs. Lorene Cash and Mrs. Harold Lucas served.

Jim Mallard home scene Thursday of circle meet

The Wynon Gillham Circle of the First Baptist Church held their first meeting of the new year when they met in the home of Mrs. Jim Mallard last Thursday evening at 7:30 o'clock.

The meeting was called to order by Mrs. Lorene Cash, circle chairman. Mrs. Ivan Jones led the

group in prayer, and Mrs. Jim Mallard, secretary, read the minutes of the previous meeting.

Mrs. Dowe Mayfield Sr. was in charge of the program for the evening, which consisted of a round-table discussion on juvenile delinquency, and the ways in which adults could help with the problem.

The hostess served homemade doughnuts and coffee to: Mrs. Cash, Mrs. Jones, Mrs. Mayfield, Mrs. Margie Harper, and Mrs. Henry Tate. Next meeting of the circle will be Jan. 21, in the home of Mrs. Mayfield.

Postscripts

Gold and silver, chosen colors of Miss Ruth Ann Long, will create a color scheme tomorrow night for a bridal shower in Miss Long's home at the home of Mrs. Boy Hart. Guests have been invited to call between 7:30 and 9 o'clock. Miss Long and Tommy Young are to be married Jan. 29.

The Post Parent-Teacher Assn. will meet tonight at 7:30 o'clock in the grade school auditorium for a program entitled "The Power of Art." Merits of art and its place in Post schools will be outlined by Mrs. Douglas Buchanan, demonstrating how she teaches her pupils to draw. Following the program, coffee will be held in the school gymnasium.

Friends here received word this week of the Sunday marriage of Bob Williams and Miss Sue Ann Holman in Las Cruces, N.M. Dr. Williams was formerly associated in medicine here. He is now in general practice in Las Cruces.

Plans are nearing completion for the 50th wedding anniversary celebration of Mr. and Mrs. R. L. Hagler, who live on Route 2, Post. The observance will be held Sunday, Jan. 24.

The Board of Directors of the Post Youth Center will hold an executive meeting Tuesday evening at 7:30 o'clock at the Youth Center on North Avenue M.

County agent writes this week colors in home decorations

By LETA SMITH
Bring out their personalities in the colors they select in their homes. More than ever today, color is a background for personality—what color makes it your own. Colors in color are varied, neutrals are setting the earth tones from rough beige and eggshell to the foreground. Color accents are important group of bright small patterned drapery can be the whole color scheme. Schemes in general are down. One wall may still different color from the rest, but the contrast is subdued and a sharp outstanding color.

Enrollment of 71 reached in church training course

Seventy-one were enrolled in the Church Training Course at the Calvary Baptist Church last week. Instructors for the week's course were:

Mrs. Graydon Howell, nursery; Mrs. Buck Harrison, beginners; Mrs. Mary Kelly, primaries; Lyda Odum, juniors; Mrs. Will Teaff, intermediates, and Rev. Graydon Howell, adults.

INVITATION EXTENDED

Friends and relatives of Mr. and Mrs. R. L. Hagler are invited to attend an open house Sunday afternoon, Jan. 24, on the occasion of their Golden Wedding Anniversary.

The event will be held at the Hagler home, Route 2,

Put your Work Aside

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

There is a time and a place for everything. God has commanded that man must work, this we do. Daily we go out and perform our various duties.

God also commanded that man must rest, and worship. Only too often this commandment we do not obey, and we are the losers. God offers us comfort, joy, and a time to put aside our daily problems. God's love is greater than any that man can imagine. Such a great love could only seek that which is best for us.

Put your work aside and worship with others in God's House. Attend church and know the real joy of leaving your problems with the Lord.

Postmaster at Slaton retires at age of 60

SLATON — T. E. McClanahan has retired as postmaster here after 41 years and 10 months as a postal employe.

McClanahan, who is 60, moved here in 1937 from Missouri, where he had been a rural carrier. He became postmaster here in 1952. Barry Ford has succeeded McClanahan as Slaton postmaster.

Brazil is the only country in the Western Hemisphere ever to have served as the seat of government for a European empire. The royal family of Portugal lived in, and ruled from, Brazil from 1808 to 1821, according to World Book Encyclopedia.

About half the people of South America live in Brazil. World Book Encyclopedia says Brazil is the largest country in South America and the fourth largest country in the world.

PACKED WITH POWER

Soon to be seen at Tom Power Ford, Inc., is the new Falcon station wagon, the latest addition to the economy car field. The two and four-door station wagons, like the sedans, are powered with the 90-horsepower Falcon engine that gives 50 per cent better mileage than six-cylinder engines in standard sized cars.

First display of the Ford Falcon station wagon slated for Jan. 16

Ford Motors Company, which mass-produced the world's first station wagon 30 years ago and has sold more station wagons than any other Company, today announced the latest addition to the economy field—the Ford Falcon station wagon—with the longest cargo space and greatest floor load area in its class.

The Falcon station wagon seats six-passengers comfortably and will be offered in either two- or four-door models. It will be first displayed in public at the Chicago Automobile Show, Jan. 16.

The two new station wagon models, like the Tudor and Fordor sedans, are powered by the efficient, six-cylinder, 90 horsepower Falcon engine, designed to provide 50 per cent better fuel economy than the six-cylinder engines in standard sized cars.

Ford began mass-production the

station wagon in 1929 and has led the industry in sales and production ever since, having built nearly two million in the past three decades, a million in the last four years alone.

Ford announced its Falcon station wagon models would go on sale in the spring at Ford dealership showrooms from coast to coast. Suggested prices have not yet been announced.

Over-all length of the Falcon station wagon is 189 inches, about 8 inches longer than the Falcon sedan models. Width and wheelbase are the same—70 inches and 109½ inches respectively.

The Falcon station wagon body is of single unit construction for maximum strength and rigidity. A specially processed zinc-coated steel is used in the rocker panels and other body sections to provide maximum strength and rigidity. The front fenders are bolted to the body to facilitate replacement or repair.

Paving bond election is called at Tahoka

TAHOKA—A \$50,000 paving bond election has been called for Feb. 6 by the Tahoka city council.

The city proposes, if the bond issue carries, to pay about 10 per cent of the cost of street paving, which will include the curbs and gutters and street alley intersections. Estimated cost of the 36-foot paved streets to property owners is \$3.75 per front foot.

The city also proposes to re-top some of the old paving.

There used to be one born every minute, but the birth rate has been greatly increased.

I Give You Texas . . .

By BOYCE HOUSE

To a tourist, but probably not to the Knoxville Chamber of Commerce, the most picturesque downtown section of that Tennessee city is the public market area. An ancient building stands at the head of a street and the traffic divides to flow to each side of the Public Building in single file, for the rest of the street is taken up with a row of small trucks backed up to the sidewalk. The proprietors display mounds of tomatoes—red and yellow; apples, also—red and yellow; sweet potatoes, squashes, carrots and peppers, red and green. Each individual product has been scrubbed and positively glistens.

The block of dilapidated buildings is occupied by a barber shop, souvenir shop, clothing store, a grocery store and other enterprises. In a stairway entrance a Negro has set up a "shine parlor" and,

as a customer, I learned from a remark that he made to a visitor that business has been rushing; it wasn't quite noon and he had already given 14 shines.

He needed an assistant but the one he called on in such rush periods was not available as he was in the work-house.

"Do they work in the work-house"? He repeated my question. I gathered that if a man said he was sick, he didn't and that there was a great deal of sickness. Inmates enjoyed the workhouse so much that when, because of crowded conditions, the authorities wanted to release an inmate three days before his term was up, he stood on his rights and refused to go.

"How long have you lived in Knoxville?" I asked. (There was lots of time for conversation in the course of the leisurely shine.) "Fifty-two years" was his reply. "I didn't mean to learn your age; you should have just said,

"All my life."

He chuckled as he answered, "But that wouldn't be correct; I'm still living."

Discovering that I had once lived in Memphis, he declared, "There used to be a great man in Memphis."

"Mr. Crump?"

"Yes, he was a rich man but he was for the little man."

Knoxville's public market reminds one somewhat of New Orleans' French Quarter.

Watermelons are one of big crops

COLLEGE STATION — Watermelons are one of Texas' main vegetable crops grown for fresh market, ranking fifth in value among the vegetable crops grown for fresh market.

They are grown in most of Texas' 254 counties, according to A. B. Wooten, extension economist, with 33 counties producing 1,000 or more acres of melons. Production is concentrated in the five following areas: the Lower Rio Grande Valley, the Rio Grande Plain, the Post Oak Area, the Northeast Sandy Land Area and the West Cross Timbers.

The principal factors affecting are: the shipments from Texas and competing areas; the general level of disposable income in the U. S.; prices of competing fruits and vegetables; and weather conditions in the market areas. Wooten pointed out that a close analysis of these factors prior to marketing date can aid to increase returns for the melons sold.

"Marketing Texas Watermelons" is a leaflet released by the Texas Agricultural Extension Service which lists many vital facts concerning sale and shipment of melons. Many marketing hints are also given which should serve to make the enterprise more profitable for growers. Your local county agent can supply you with a copy.

Girl Scouts into Caprock Council

The Garza County Girl Scouting organization was scheduled to be voted into the Caprock Girl Scout Council at noon today during a luncheon session of the council in the Lubbock Hotel at Lubbock.

The Garza organization made application to join the Caprock Council two months ago and all necessary actions have been taken to clear the way for today's vote.

The Caprock Council is now conducting a Girl Scout leadership training course here for local women, and several new Brownie troops have been organized under their guidance.

Scheduled to attend today's luncheon meeting from Post were Mr. and Mrs. Lee Ward, Giles McCrary, and Mrs. Vada Clary.

Reorganization of the county Girl Scout organization is expected to be worked out within the next few weeks along lines proposed by the council.

Billy Hill gives talk to Rotarians

D. C. (Billy) Hill told of the development of his several businesses here in a classification talk before Rotarians at their luncheon meeting Tuesday in City Hall.

Starting in the trucking business here in 1948 with one truck, Hill first expanded his trucking business, then in succession through the years added oil field mud, water hauling, butane, oil treating, and dirt contracting.

He reported he now has 23 pieces of equipment for these enterprises with "178 tires on the ground rolling."

Hill told fellow club members, "I've had a lot of help all along from my wife," and he praised the bank, local merchants, and his personnel for their contributions to the growth of the firms.

Leo Acker, club president, passed around to club members three copies of the Goteborg, Sweden, newspaper which contained pictures and stories of Post and this West Texas area as presented by Miss Josephine Larn, daughter of the publisher of the paper, who was a guest here last summer of the Slaton and Post Rotary clubs.

Ray Henderson of Radio Station KUKO was introduced as a new member of the club.

Lions discuss choice of new civic project

Lions Club members at their weekly meeting Tuesday night at Tom's Place discussed several choices for the club's next civic project without making a definite choice.

At the business session, the club also discussed the district Lions convention at Levelland Sunday at which Lynn Duncan will be one local delegate. Several other local members also are expected to attend.

Discussed the need for a traffic light at the corner of Broadway and Tenth. Mayor Shytles brought up the matter with the comment that the city will ask the state highway department to look into traffic congestion there. Shytles said it is difficult for Tenth Street traffic to cross Broadway at the intersection and with the post office in its present location he felt traffic probably was heavy enough at the intersection to warrant a traffic light.

Councilman Johnny Hopkins said he thought the city also ought to consider a traffic light at the corner of Main and Avenue I.

Named The Post Dispatch as the city's official paper for 1960.

Lubbock trucker breaks leg in fall here

Glenn Hill, Lubbock trucker, suffered a broken right leg early Tuesday afternoon while unloading a bundle of pipe in the yard of the Forrest Lumber Company here.

He is reported to have lost his balance while taking the pipe off the truck and fell, breaking the leg just above the ankle.

Just a note to add the name of Oman Ticer as one of the Postex workers who helped stage the highly successful Postex Christmas party for the youngsters just before Christmas. Lee Ward called to say that somehow Ticer's name had been erroneously left off the list of those who helped put on the party.

Two new members of the Caprock Chevrolet - Olds Company family are being introduced today via an ad with their pictures on page 4. They're Fred Saunders, new assistant parts manager, and Gene Jackson, a lanky auto mechanic whom Claud Collier was happy to add to his garage force because of his ability and experience.

Saunders, his wife, Tanya, and their three children, Jack Dale, 4, Belinda Jeanne, 3, and Monty Daniel, 1, have moved to Post from Littlefield and are making their home at 507 North Avenue K. The family are members of the Methodist Church. Fred's original home was Morton. Gene Jackson plans to move his family, consisting of wife, Mary, and three youngsters, Billy, 16, Sharon Sue, 12, and Michael, 8, to Post this weekend from Brownfield. The Jackson residence will be at 201 West 13th Street. They're members of the Baptist Church. Gene has been a mechanic for 17 years—the last 12 at the Chevrolet garage in Brownfield.

HE HAS THE HORSE!

If Sen. Lyndon B. Johnson decides to run in the 1960 Presidential Derby, he has a horse for the purpose. This four-year-old quarter horse was presented to the Senator by Tarrant County supporters at a recent appreciation dinner. Senator Johnson lifts his western-style hat in responsive appreciation.

Patrol car led on wild chase

Crosby County officers were searching late last night for four occupants of a car which escaped through a road block at Ralls after a hair-raising chase by highway patrolmen from about 10 miles northwest of Justiceburg.

Highway patrolmen Wayne Baker and James Johns started pursuit of the vehicle, believed to have been occupied by four Latin-Americans, after it passed their car about 7:40 p. m. at a high rate of speed.

As the chase progressed along U. S. Highway 84 to Post, where the course changed to FM 122, the men attacked the patrol car by throwing beer bottles.

When the beer bottle attack failed to push back the two officers, the driver of the other car forced the patrol car off the road twice as the patrolmen gained on them.

Meanwhile, at least seven units of Crosby County sheriff's deputies and highway patrol units had set up a road block at Ralls.

With one bullet hole already in the trunk of the Latin-American's car, the vehicle was hit by three more bullets as it roared through the road block.

Later the car was found abandoned with a tire flat in the residential section of Ralls. Baker estimated the car contained 15 cases of beer, about two of which were broken on the two roadways.

\$1,000 bond set on liquor charge

Bond was set at \$1,000 for Alfred Orville of Lubbock Wednesday after he pleaded not guilty in county court on a charge of transportation.

Orville was arrested by Sheriff Carl Rains and Highway Patrolman Wayne Baker near Justiceburg late Tuesday night after he had been stopped for speeding.

The sheriff said Orville's automobile was loaded with 500 quarts of beer, 100 pints of wine and a few bottles of whiskey.

Cotton root rot serious problem

COLLEGE STATION — Root rot takes a big bite out of many cotton farmer's profits. Harlan E. Smith, extension plant pathologist, says the average loss has been an estimated 25 per cent for all growers of the central Blackland area. Lower Rio Grande Valley growers lost an average of 10 per cent, he adds, with losses in some fields in these areas as high as 80 or 90 per cent.

Although root rot cannot be eliminated, it can be reduced. Now is the time for growers to plan their campaign against this disease. Smith gives these pointers toward reducing root rot: deep plow badly infested areas, grow resistant crops in rotation; turn under large tonnages of organic matter; produce early cotton; fertilize properly, and avoid excessive planting rates. Remember, emphasizes the pathologist, a combination of these practices carried on for a number of years is necessary for best results.

Where recommended practices have been carried out over a period of years, root rot damage has been reduced from 75 to 5 per cent or less. For further information on how to prevent this profit-eating disease, see your local county agent and ask for the new publication, "Root Rot Losses of Cotton Can Be Reduced."

Roll call was answered with "quick ways to prepare meals" when the '55 Home Demonstration Club met last Thursday in the home of Mrs. Lorene Shepherd.

Booklets on quick meals and master mixes were presented members and Mrs. Leta Smith, county agent, gave a demonstration on making pizza pie. She also demonstrated how to smock round velvet pillows.

During the business session, a letter from the Home Demonstration District 2 scholarship winner was read. Winner was Billye King.

Attending the meeting were: Mrs. Mollie Kolb, Mrs. Lucy Maddox, Mrs. Jerry Butler, Mrs. Wilma Gerner, Mrs. Shepherd, and three visitors, Mrs. Maxine Cummings, Mrs. Dorothy Perdue, and Mrs. Azalee Taylor. Mrs. Perdue was voted a new club member.

School Board—

(Continued From Front Page) a swap of some eight sections of land between the Tahoka and Post districts. The swap proposal, made several months ago, had been turned over to the county boards of education of the two counties and the resolution submitted to the Post board came from these two groups. Smith said the same action on the resolution would have to be taken by the Tahoka school board.

Present at Monday night's meeting were trustees Russell Wilks Jr., Bobby Pierce, Clint Herring and Burney Francis, Supt. Smith and Charles Didway, Post Dispatch editor.

Two from Post attend annual art roundup

Two Post women, Mrs. William Robinson and Mrs. John Rogers, attended the South Plains Art Guild's fifth annual art roundup at the Texas Tech Museum Saturday.

Mrs. Robinson and Mrs. Rogers are members of the South Plains Art Guild and the Texas Fine Arts Association.

Art exhibits were on display from 20 counties in Region 20. Mrs. Robinson said there were no exhibits from Garza County, but that it is hoped there will be at the next roundup in May.

The judge of the art roundup, Dr. Emilio Caballero, head of the art department of West Texas State College, made a gallery talk following the judging.

The exhibits were displayed in the rotunda gallery of the museum. Activities also included the annual roundup luncheon in the Tech Student Union Building, which the Post women attended. The luncheon included a book review of "Art on the Texas Plains," which is just off the press.

Post superintendent named to committee

R. T. Smith, superintendent of the Post schools, has been appointed to the Legislative Committee of District 13 of the Texas State Teachers Association.

District 13 was formed not long ago when the old District 4 of the TSTA was divided. There are between 15 and 20 counties in the new district.

Post High School Chapter

The Post FFA chapter has been notified that they are eligible for two chapter farm electrification awards to be presented by the Southwestern Public Service Co. to the outstanding school of the ten in completion. The top prize is \$150 and second is \$25. The award is presented on a basis of work done by the boys in class and on an individual basis. The boys in our VA III classes have wired a shop building for Butch Bowen, so they have a start on this program. We wish to express our appreciation to Ted Hibbs for his assistance in setting up this program.

Mr. Koeninger is again working on the farmers welding short course. It has been temporarily rescheduled for the last week in January. It will not be possible to have the specialist out of Texas A&M College, but the Forney representative will assist in the program. All interested farmers are requested to contact the ag teacher.

The Ag Department now has custody of the District Soil Conservation equipment. Anyone desiring to use the shredder or the seeders may get them at the ag building.

The 1960 FFA calendars have been distributed. We hope that all who are interested received one of the calendars. If not call 53 and we'll send one of them down.

Our project program is a little smaller than last year, but we feel that the quality is a little better and the projects will be better overall. At present our program looks something like this: four lambs, 28 barrows, six gilts, three sows, 52 acres dryland mib, 38 acres of cotton, five acres of wheat, and one boar.

The advancement program in the FFA is quite different from the program in other comparable organizations. The requirements are not rigid, but they are set up on a national level. In order for a boy to receive his second FFA degree, he must earn and invest \$50 in a project program. We have very few boys who do this. Since the boys will get the money to go to college on, or to buy a car when they are a senior, we'd like for the dads to assist the boys in attaining these higher degrees. The investment of this money in a car at the present time is not counted as a farm investment, but bonds or a savings account does count. In order for the boy to hold an office in this chapter, he must hold the second degree, so if he doesn't advance, he is being kept from his fullest educational value of the chapter.

Caprock Chevrolet has again presented the chapter with a pickup. It surely is pretty if a pickup could be. It is light blue and white, fleetside. All of the members of the chapter, including the ag teacher are proud of it. There will probably be a picture of the pre-

Have You Heard??

The boys won another first place trophy at the Ropesville Tournament. Congratulations!

Linda McMahon spent four days in Fort Worth recently. Seems she met a real nice guy named Jim. How 'bout it, Linda?

What's this on the grapevine about the funniest joke ever pulled in PHS. Only one draw-back - it didn't work!

It's good to see Bobby Beard hobbling about with the crutches this week. Remember, he hurt his leg in the Caprock Tournament.

Carol Billings, who moved from Post to Lubbock recently, was back visiting last weekend.

Some couples seen around are: Johnny Kemp and Kay Gordon, Beth Kemp and Jimmy Redman, Beth Stewart and Jimmy Hodges, Mary Lois Edwards and Frank Hadderton, Virginia Young and Wayne Durer, Vonda Howell and Sonny Dunn and Frankie Howell and Rusty Millican.

Kenny Poole gave Linda Wilks a beautiful bracelet and earring set for her birthday Sunday. Linda was 16. Imagine!

Mid-term tests are almost over. Everyone has been studying real hard. It's hard to imagine half a year already gone, especially for the seniors.

What's this we hear, that Santa Claus brought Nita Wilson a real live horse. Bet he didn't bring it down the chimney.

Congratulations go to Edna May Boddgett and Graydon Howell. They're engaged.

Mr. Casteel took picture retakes Tuesday morning. Everyone got their school pictures back last week and exchanged them with lots of enthusiasm.

The junior, sophomore, and freshman classes are to elect favorites late this week.

Back the Post basketball teams!

By PAT WHEATLEY

The first district basketball game for both boys and girls for this season will be played this Friday between Post and Spur at Post.

The Post boys are picked to win first with good competition from Floydada. Our girls aren't picked first but are expected to give Slaton a real fight for first place.

Both these teams are going to be playing hard to bring home the honors. Not everyone can actually play, but we can all participate in the sports program as fans. We need to be enthusiastic fans and good sports. We can all help our teams by backing them with our cheers and our presence at all the games.

Don't forget - Back the Post Antelopes!

Traveling science teacher to visit

Charles E. Compton Jr., one of 20 specially trained science teachers participating in an eight-state traveling science demonstration-lecture program during the 1959-60 school year, will spend one week in the Post High School beginning Feb. 8.

The program is supported by a \$335,000 National Science Foundation grant to Oklahoma State University, Stillwater, where Compton spent three months during the past summer in preparation for the job.

While at OSU he was issued a station wagon completely equipped with lecture - demonstration appa-

ratus and supplies. He and the other 19 traveling science teachers were selected by a committee of scientists because of their outstanding qualifications.

Compton, 28, was born at Depew, Okla., attended elementary schools at Plains, Tex., and graduated from Kermit, Tex., High School. He holds a BA degree from Central State Teachers College, Edmond, Okla., and a master's degree from Sul Ross State College, Alpine, Tex. He has done additional graduate work at the University of Wyoming.

He is a member of the Masonic lodge, Methodist Church, National Education Association, Texas State Teachers Association, National Council of Teachers of Mathematics and Texas High School Coaches Association.

He has coached and taught mathematics and physics in the Andrews Independent School District, Texas, since 1950.

He traveled in Japan in 1953 and 1954, and his hobbies are fishing, hunting, gardening and golf.

State Capital NEWS

By Vern Surfard

AUSTIN — Most important date for the Texas voter this month is Jan. 31.

After that it will be too late to get a poll tax receipt that will enable him to participate in this year's merry-go-round of political events.

Since 1960 is a presidential election year, lines will probably be long on the night of the 31st. Safest course is to do it now.

This year's poll tax receipts, for the first time, have a place for the owner's party affiliation to be stamped. But the voter doesn't have to decide this when he pays the tax.

Decision is made when the holder casts his primary vote. A person who votes in the Democratic primary will have his receipt stamped "Democrat". That means he can't go to a Republican convention that evening.

Also, if he fails to go to the Democratic primary to vote and doesn't have his receipt stamped at all, he can't get into a Democratic precinct convention.

As far as the general election in November is concerned, the new party registration law apparently makes little difference. There would be no way for anyone to know whether the holder of a receipt stamped for one party voted that party's straight ticket in the general election.

BLANKETS STATE — First goal of the Johnson-for-President organization in Texas has been reached.

Clubs have been organized in all 254 counties in the state, according to Director Larry Blackmon. Goal was reached just about a month after the state headquarters was set up in Austin. In addition, there are about six other clubs in Texas and several out of state.

Supporters of Sen. Lyndon Johnson are expected to keep the state lively during the coming months.

RELOCATION PAYMENTS Upheld—City officials and private utilities are joyful over a State Supreme Court's decision that will save the cities and companies some \$28,000,000.

High court ruled constitutional the law that provides for the state to reimburse cities and companies for the expense of moving utilities for interstate highway building projects.

Law was passed by the Legislature in 1957. It was challenged by the Attorney General's Department on grounds it violated the constitutional prohibition of "donating" public funds to private firms.

Austin, Dallas and four utility companies were combined in the test case. Their attorneys contended the reimbursement was simply payment for work done for the state.

Austin city officials called the decision "a lifesaver". It will save the city \$500,000 on one project. Dallas County will save an estimated \$9,000,000.

Ninety per cent of the money the state spends on the interstate highway system comes from the federal government.

TRAFFIC TOLL CUT — Texans were more careful than expected in their year-end travel.

Department of Public Safety predicted that 111 would be killed on

the roads during the Christmas-New Year period. Tentative total is only 91. There may be more if some of those seriously injured do not recover.

Col. Homer Garrison Jr., DPS director, thanked all the news organizations, official agencies and law enforcement officers who worked to make Texas safety conscious.

AUTO RATES Become Issue — Pros and cons of the new merit rating system for auto insurance are expected to be an issue in the 1960 campaigns.

Some legislators have been highly critical of the plan to make drivers with accident and violation records pay more for insurance. Other lawmakers have defended it.

Gov. Price Daniel says he favors correction of any inequities that may exist in the program.

Industry is divided. A spokesman for the National Association of Independent Insurers has announced that his group will try to get the Insurance Board's plan replaced with a flexible rating law. Legislature has twice turned down flexible rating, which allows companies to set their own rates.

Other industry groups have endorsed the merit plan, some with statements that it may need adjustments, but should be given a fair trial.

THERMOMETERS "Legalized" — All the people who have been unknowingly breaking the law in regard to possession of mercury are off the hook.

Court of Criminal Appeals has declared void an old, forgotten section of a law making it a felony offense to have mercury without a bill of sale or proof of legal ownership.

Law was aimed at preventing the stealing of mercury from pipeline meters.

Uncounted thousands of housewives and doctors have flaunted it by buying thermometers and medicines containing mercury and throwing away the bill of sale.

TRINITY HEARING — Desirability of a new Trinity River Dam near Houston is still a point of controversy before the State Water Board.

Hearing began in November, recessed for the holidays, then began again with all participants swinging hard.

Houston and the Trinity River Authority are asking a permit to build a dam and a salt water barrier. Project would supply an estimated 1,200,000,000 gallons of water daily, the better part to be used by Houston.

San Jacinto River Authority is opposing the dam. Its spokesman contended Houston should develop the San Jacinto and leave Trinity water to the Trinity basin.

SHORT SNORTS—State cigarette taxes for December totaled \$6,738,896, almost a 50 per cent increase from a year ago. Liquor tax collections also were up, said the state treasurer's office, from \$300,318 in December, 1958, to \$1,154,041 this year.

A statewide survey of the problems of Texas oldsters is planned by the governor's committee on aging. Sen. Crawford Martin of Hillsboro is chairman of the committee which is to hold a state conference next fall.

CORVAIR COUPES NOW IN PRODUCTION

Chevrolet has added a new 2-door coupe to its Corvair line and shipments to dealers are now under way. The new model of the rear-engine compact car has the same basic dimensions as the 4-door Corvair sedan, but has its own distinct sporty styling motif.

Chevrolet producing new 2-door coupe for popular Corvair line

DETROIT — Chevrolet has begun production of a new 2-door coupe for its Corvair line, it was announced today by Edward N. Cole, general manager.

Shipments of the new model to dealers are now under way from Chevrolet assembly plants at Willow Run, Mich., Kansas City, Mo., and Oakland, Calif., Cole said.

The five-passenger coupe is distinguished from the Corvair 4-door sedan by a sloping, "faster" roof line and larger rear wheel openings which give it a sports car appearance. Basic dimensions of the new rear engine compact model remain the same as the Corvair sedan.

Main difference in the interior is that the coupe has a split front

seat. Interior trim and equipment is identical to sedan models. The fold-down rear seat which provides 13.3 cubic feet of added luggage space is standard equipment on this model as with the 4-door sedan. All optional equipment and accessories offered for the sedan apply also to the coupe.

The 2-door coupe will be available in regular and deluxe models, same as with the Corvair 4-door sedan.

Factory list prices on the coupe are \$50 less than on the corresponding 4-door models. They are \$1,810 for the 500 series and \$1,870 for the 700 series, exclusive of federal, state and local taxes, destination and delivery and handling charges.

CANDIDATE

Judge James G. Denton of Lubbock today announced candidacy for his first elective term as Chief Justice, Court of Civil Appeals, Seventh Supreme Judicial District. Judge Denton was appointed to the office last October following the death of Chief Justice E. L. Pitts.

Future calf crop is said dependent on present management

COLLEGE STATION — Your 1960-61 beef calf crop may be affected by the management practices being used now, according to Uel D. Thompson, extension animal husbandman. Very few winter weeds, grasses and legumes had started growth prior to the early freezes this year. The husbandman said this created a situation not experienced every year.

The old grasses killed by the freezes left cattle with little to graze except roughage. This caused cattle to lose weight rapidly due to a lack of proper nutrients not obtainable in the roughage.

Overcoming this situation and getting the most from dry pasture roughage means additional feed. Cattle need protein supplement now to keep them in good breeding and calving condition. Thompson pointed out that cows should be fed about two pounds of a protein supplement daily based on a 41 per cent crude protein analysis.

In addition to the protein supplement, cattle should be allowed access to steamed bonemeal and salt at all times. He added that supplying minerals and protein supplement will take care of your animals' needs at this time.

ASSISTANCE PROVIDED UNDER FEDERAL ACT

92 Texas watershed applications approved by Conservation Board

COLLEGE STATION — Progress is being made in Texas as well as other states in working to control the loss from floods which affect the economy of the individual landowner as well as the entire watershed.

Lynn Pittard, extension specialist in soil and water conservation, said 92 applications by small watershed groups in the State have been approved by the State Conservation Board. This will provide Federal funds for constructing flood control structures.

Of the 92, 20 have been approved and authorized for operations and six are presently in the process of planning. Acreage in the watersheds range from 20,000 to 240,000 and the number of structures required per watershed vary from 20 to 40. Pittard said the average cost per structure has been estimated at \$50,000.

Assistance is provided for under the Watershed Protection and Flood Prevention Act passed by the Federal Congress in 1954. Pittard pointed out that under terms of the Act, local landowners pay for operation and maintenance of the projects while the Federal government provides funds for the structures. The projects are initiated and administered by local organizations with the USDA providing technical assistance, cost sharing and credit in accordance with mutually agreed upon plans.

Leadership and group action on the local level is a must even before assistance is asked for under this program. Local conservation district supervisors can supply all details on procedures for obtaining this assistance. Pittard added that local county agents also have information on the program and information on other ways and means of financing small watershed projects.

Post teams open loop play against Spur here Friday

Two games are to be played

Spur Bulldog boys' and girls' football teams will meet the Post teams here Friday night in District 3-AA openers for all teams.

The Antelopes of Coach Murray sporting a 14-1 record, a capacity crowd is expected to attend the games.

Each Jiggs King's girls' team has been inactive since before the boys, with bad weather having caused cancellation of a game scheduled with Dawson. Along with the boys' team, the Post girls are expected to be in the thick of competition for the District 3-AA championship.

Neither the Spur boys' nor girls' teams has compiled much of a record thus far, but each team has more than broken even in games to date.

The Spur boys, coached by the Spears, swept through the finals of the Jayton Tournament last weekend and are to play Saturday to decide the tournament championship. In preliminary games, Spur and Jayton played a pair.

James coaches the Spur team.

Some of the Spur Bulldogs who will be seen in action against Post Friday night are Freddie Walker, Bubba Bigham, Woody McArthur, Jimmy Paronto, David Allen and Curtis Parsons.

Both Spears and James are in their first year as coaches at Spur.

ANTELOPES LATCH ON TO TROPHY

The seven seniors on the Post Antelope squad accepted the championship trophy Saturday night at Ropesville. Post Antelopes capture Ropesville championship

The Post Antelopes, who are rolling up one of the best, if not the best, records in the school's history won their second tournament championship of the season Saturday night by blasting the Meadow Bronchos, 67 to 53, in the Ropesville Tournament.

The victory clinching the tournament championship was the Post team's 13th win in 14 games.

The Antelopes had advanced to the finals with easy victories — 58 to 27 over Wellman and 65 to 43 over Sundown.

The Meadow team had won its finals berth with a 63 to 56 win over Frenship and a 56-51 victory over the host Ropesville Eagles.

The Bronchos were even with the Antelopes, 15-15, at the end of the first quarter and stayed on their heels until about midway of

the second period when the Post quintet began widening the gap. The Antelopes were ahead 32-23 at halftime and outscored Meadow 20-8 in the third period to hold a 52-31 lead going into the fourth. On three different occasions, Post was ahead by as much as 23 points.

Meadow began to narrow the gap against the Antelope second unit in the final period, in which they outscored Post 22-15.

Coach Pete Murray played every man on his bench, just as he had in the first and second round wins over Wellman and Sundown.

Four of the Post starters scored in double figures. Scotty Pierce led the way with 20, followed by Dan Rankin and Curtis Didway with 12 each and Forrest Claborn with 10. The other starter, forward Derwood Mayberry, was ejected from the game late in the first quarter for questioning a foul call by one of the officials.

In their semi-finals win over Sundown, the Antelopes built up a 42-23 halftime margin, with the second unit taking over in the last half to outscore the Roughnecks 23-18.

It was the second tournament championship win of the year for the Antelopes. They won the Anton Invitational and were runners-up to McAdoo in the Caprock Holiday Tournament in Lubbock.

LL and PL directors to meet here Monday

Post Little League and Pony League directors will get off to the earliest start ever in organizing the summer's youth program here when they meet at the city hall Monday night.

The meeting has been called for 7:30 o'clock by Lee Ward, president of the youth baseball program.

All directors and all others interested in assisting in next summer's program are urged to attend Monday night's meeting. Ward said.

Ward said today he had applied for a new franchise for the Little League, with six teams to be included instead of the four of the past few years.

"That means we'll need two additional sponsors," the league president said. He especially urges anyone interested in sponsoring the two new teams to attend the meeting.

He said the reason two teams are being added to Little League play is because last summer there were approximately 80 youngsters in that age group who were unable to participate because of the limited number of teams.

Present directors of the baseball program include the following:

Nuel Landreth, Edsel Cross, Burton Hill, Jack Kennedy, Bobby Pierce, Donald Windham, Max Gordon, Bill Hall, A. W. Bratcher.

Martin Nichols, Eddie Shaw, Floyd Stanley, Bill Cates;

Joe Wilson, Dick Tanner, Dan Cockrum, Whitey Morris, Smiley Welch, Punk Peel, Jess Cornell, Gene Matthews, Dee Caffey, Ben Howell and Pat Franklin.

ed number of teams.

Last-second shot wins contest for Post 'B' cagers

Donnie Hays' 30-foot shot from the corner with five seconds to go gave the Post Antelope "B" team a last-ditch 40 to 39 victory over the Littlefield Wildcat "B" team Monday night at Littlefield.

With the clock showing five seconds and Coach John Blocker's Post team trailing by one point, the Antelopes called time out. On the throw-in, Harold Wayne Mason tossed the ball to Hays, who hit his desperation shot.

Hays was high scorer for Post with 14. Leslie Acker scored 10 and Dewayne Capps, eight.

Last Thursday night at Fluvanna, the Post "B" team racked the Fluvanna varsity, 43 to 30, with Benny Schlehuber hitting for 20 points.

The Post girls' "B" team lost to Fluvanna.

Williams letters at East Texas

James Williams of Post is one of 32 football lettermen announced at East Texas State, Commerce, for the 1959 season. Coach J. V. Sikes made the recommendations and the Athletic Council approved the awards.

For Williams, who plays quarterback, it is his first grid letter at ETSC. He is a transfer from San Angelo College, where he played quarterback, being named Junior College All-American in 1958.

James is the son of Mr. and Mrs. W. B. Williams.

FLUVANNA HERE TONIGHT

The Post boys' and girls' "B" teams are to play Fluvanna tonight in the high school gym here. In games at Fluvanna last Thursday night, the Post boys won and the girls lost.

Four contests on slate next week

The Post Antelopes will play two games next week, journeying to Blanton Tuesday night for a district contest and playing Littlefield here Friday night, Jan. 22.

The Post girls' team will also play at Blanton.

The varsity game here Friday night will be preceded by a "B" team game.

THREE WEEKS TRIP

Sorry, but it isn't this easy anymore—just dropping in to get up your auto insurance policy.

The new Texas Merit Rating Plan requires all insurance agents to have a signed declaration containing the history of all accidents and traffic violations of drivers in the household for the last 3 years before a policy can be issued. These regulations require real cooperation between agent and the insured.

The new regulations make insurance cheaper for the driver—but that application must be signed.

Come in and talk it over with us and give us plenty of time.

Antelope scoring totals listed

Through Monday night's game with Littlefield, Scotty Pierce, 6-5 center for the Post Antelopes, had scored 274 points in 15 games for an 18.3 game average.

Two other Post starters, Dan Rankin and Forrest Claborn, went over the 100 point mark. Rankin with 115 and Claborn with 106.

The other two starters, Derwood Mayberry and Curtis Didway, were nearing the 100-point mark. Mayberry has 96 points and Didway has 81.

The team scoring totals and personal foul counts are as follows:

| | G | FG | FT | PF | TP |
|------------|----|-----|----|----|-----|

National ranking earned by Tech in grid records

LUBBOCK — Texas Tech's footballers attained national ranking in several categories, according to 1959 NCAB statistics just received.

In punt return defense, Texas Tech was 10th, permitting 22 punts to be returned an average of only 5.5 yards each. The Red Raiders were seventh in interception - return yardage, running back enemy aerials 306 yards.

Among the point-after-touchdown leaders, the Red Raiders ranked 16th, making 19 points following 20 touchdowns for a .950 percentage figure.

Split-back Bake Turner of Alpine was 15th in punt returns, running back 14 for 156 yards. He was 30th in punting with a 39.1 average on 35.

Quarterback Ken Talkington of Tyler, who was prevented by injury from playing most of the last two games, ranked 38th on number of completions, 53 of 114 attempts.

ROY ETHRIDGE DISMISSED FROM HOSPITAL

Graham folks go to Lubbock for Gossett twins' birthday party

By MRS. DILLARD THOMPSON

Mr. and Mrs. Elmer Cowdrey, Mr. and Mrs. Delmer Cowdrey and Clarky, Mr. and Mrs. Lonnie Peel and Gene, Mr. and Mrs. Glenn Davis and Carol and Mr. and Mrs. Elvius Davis and daughters were among those who attended a birthday dinner in the Lubbock home Sunday for Lana and Jana Gossett, twin daughters of Mr. and Mrs. Delmo Gossett. Four sets of twins were represented.

Mrs. Fred Gossett returned home this weekend from Petersburg where she had been recuperating from surgery at the home of a daughter and son-in-law, Mr. and Mrs. Jason Justice.

Mr. and Mrs. Quannah Maxey and family have been spending a lot of time in Spur with her father, J. D. Green, who is reported to be in serious condition.

ROY ETHRIDGE was dismissed from West Texas Hospital last Friday where he had been a patient after undergoing surgery the previous week. Roy is doing fine but says his sort of lonesome around home since Mary returned to work at the mill Monday.

Mrs. Jimmy McMillan and Dennis of Tahoka visited Sunday afternoon in the home of her parents, Mr. and Mrs. Harlan Morris. She and Mrs. Morris visited in Post with Mrs. Pete Haney and son.

Mrs. Leon Davis arrived the first of last week from Wichita Falls to spend a few days with her parents, Mr. and Mrs. J. C. Howard, Kenneth and Keith.

Sunday afternoon visitors in the home of Mr. and Mrs. Jimmy Duggett and children were Mr. and Mrs. Dillard Thompson and Gloria.

Friday night guests of Mr. and Mrs. Glenn Davis and Carol were Mr. and Mrs. Alvin Davis and children of Brownfield.

Elmer Dee Jones suffered a bruised shoulder in an oil field accident Sunday.

VISITING SATURDAY in the home of Mr. and Mrs. Alfred Oden were Mr. and Mrs. W. B. Roberts, Mrs. Johnny Rogers, and Mrs. W. A. Oden. Sunday guests were Mr. and Mrs. Clarence Dunn and daughter, Mr. and Mrs. Marlon Hawkins and son and Mrs. Vee

Oden and son. Mr. and Mrs. J. C. Howard and Keith took their daughter, Marie, home to Wichita Falls Sunday and visited with she and Leon for the day.

Sunday visitors in the home of Mr. and Mrs. Roy Ethridge were Mr. and Mrs. Billy Thomas Ramage and Linda and Mr. and Mrs. V. A. Dodson of Post.

Franklin Maxey of Big Spring visited Thursday night with his parents, Mr. and Mrs. Bryan Maxey and family, Henry Lynch of Lubbock was a Sunday guest and Miss Fannie Kelly and Mr. and Mrs. Delmer Cowdrey visited after evening church services.

Joe Dick Rogers, Texas Tech student, spent the weekend with his mother, Mrs. Johnnie Rogers.

Mr. and Mrs. Elmer Dee Jones and children were in Lubbock Saturday for Darlene to take a six-month medical check-up.

Mrs. Virgil Stone and Mrs. John Wallace visited Sunday with their mother, Mrs. J. N. Gossett.

Mr. and Mrs. Dillard Thompson visited at Brownfield Wednesday afternoon in the home of a niece, Mrs. Cecil Farrar and family. Also visiting were another niece and family, Mr. and Mrs. Eugene Jones and son of Santa Anna, Calif., who were en route home after spending the holidays in Arkansas with her parents, Mr. and Mrs. Vinson Morris.

Visiting over the holidays in the home of Mr. and Mrs. J. W. Stephens were Maj. and Mrs. John W. Sadaj and family and Miss Janet Stephens of Vellevue, Neb. Maj. and Mrs. J. W. Stephens Jr. and family of Abilene, Mr. and Mrs. Glen McWhirter and family of Alvarado, Mr. and Mrs. V. B. Cook and family of Amarillo and Pat Stephens, who is a student at West Texas State College, Pfc. Bill Stephens of Fort Jackson, S. C., was the only child unable to attend.

Mrs. Vee Oden and baby visited in Brownfield recently with her parents, Mr. and Mrs. J. D. McElroy.

Friday afternoon guests in the home of Mr. and Mrs. J. D. McElroy were Mrs. John Wallace, Mrs. Glenn Davis and Fred Gossett.

Profusion of colors highlights fashion parade in Junior High

By Terry Power

How about Tony Hutto's dark brown shirt with red-brown, yellow and white checks?

Everyone liked Sharla Pierce's olive green skirt with a light green blouse with ruffles on it. There was a dark olive green sash and dark olive green leotards.

Linda Byrd's bright red turtleneck and red and grey checked vest looked real nice on her.

Brenda Mason looked real nice in her grey turtleneck and blue turtleneck sweater.

Dane Hebert's red-brown and black striped shirt with a black collar trimmed in red, brown, and black looked "just right" on him.

Andrew Sanchez wore a "good looking" dark blue, light blue, and white checked shirt.

Jimmy Martin's blue, white, black and grey checked shirt looked real nice on him.

Marilyn Jones looked nice Friday in her blue corduroy slacks with her white sweater.

Delores Strofer's black slacks with a white blouse with polka-dots on it looked pretty on her.

Mrs. Florence looked lovely in her dark brown suit with a white silk blouse.

Mrs. Williams' charcoal-colored skirt with a red and black strip-

ed shirt and a red belt looked dazzling on her.

Verline McDaniel looked "just right" in her light olive green slacks with her red, turtle-necked bulky sweater.

How about Weldon Joe Smith's red, black, and white striped shirt?

Carol Camp looked nice in her gray pleated skirt with a white blouse and red vest.

Mrs. Walker looked lovely in a brown and black checked dress with a white collar trimmed in a black and brown checked ribbon. There was a small black and brown checked bow at the collar.

Bobby Dean looked nice in his blue shirt with a red vest trimmed in white and blue.

Dixie Lucas looked pretty in her red, white and black checked jumper with a black blouse and a black belt.

'I'll Tell You Why I Shop at home in Post!'

"There are lots of reasons, really, and I haven't time now to tell you all of them. But for one thing:

'It's Convenient'

"The girls that drive into Lubbock, have to make an expedition out of it. Figuring the cost of the car at 10c a mile, the transportation figures \$8 to \$9. Then it takes most of the day. So you have to add the cost of lunch. Lubbock bargains 'aren't such bargains,' when you add in the costs of the 'expedition.'

"Then again, a trip like that takes most of a whole day of my time.

"Instead, I do my shopping in Post where it is convenient and no "expedition overhead" is involved. I find the bargains offered here in Post are thus really money-saving, as well as time-saving."

Mr. and Mrs. Jesse Martinez became parents of a son Jan. 8 in Garza Memorial Hospital. He weighed seven pounds and was named Sammy Martinez.

Mr. and Mrs. Wade Peppers announce the birth of a daughter, Karla Kay, born Jan. 9 in Garza Memorial Hospital. She weighed eight pounds and one ounce. Maternal grandparents are Mr. and Mrs. Loyd Edwards and paternal grandparents are Mr. and Mrs. John L. Guy.

SERMON TOPIC TOLD

Rev. J. R. Brincefield, pastor of the Assembly of God Church announces that his sermon topic for Sunday morning will be "What the Bible says about the Baptism of the Holy Ghost" Text, Acts 19 and 2. "Have you received the Holy Ghost since you believed?" The public is invited to hear this sermon.

A lot of fellows who say what they think don't do enough thinking.

Two accident victims are back in school

Two high school students were injured Jan. 6 in a collision between an automobile and a school wagon are back in school this week.

The students are Dorothy, a freshman, and David, a sophomore. Dorothy received a head cut in the accident. David was badly shaken but other high school students were not injured in the accident.

that the present church sanctuary
be moved to the new site,
remodeled and enlarged, and an en-
tire new educational plant and fel-
lowship hall built of brick construc-
tion. The church sanctuary would
be faced with brick.
Rough cost estimates for such a
project total approximately \$70,-
000.
The church purchased the five
lots on its new site two years ago
from money from its building fund.
Action at the congregational
meeting clears the way for the

Some 7,000 square feet of space
would be added in the recommend-

In its annual election, also held
Friday night following a covered

elected S. E. Camp, Giles McCrary

COUNTY AGENT'S COLUMN

by Lewis C. Haddon

RECENT INCOME TAX CHANGES IMPORTANT

Some taxpayers may overlook recent changes in income tax regulations that could reduce their 1959 tax. One new feature is the 20 per cent first year depreciation allowance on tangible personal property. Farm and ranch operators should know the limitations on this special depreciation option in order to decide whether to use it.
To be eligible for this first year write-off, the property must have a useful life of six years or more. Usually a tractor or combine will qualify. Also the property must have been purchased. Any asset acquired by gift or inheritance does not qualify.
The maximum amount on which this depreciation can be taken is \$10,000 on a separate return and \$20,000 on a joint return. However, this limitation may include several items of property to make up the total.
The full 20 per cent additional depreciation can be taken on equipment bought in December 1959 so it enables quick recovery of this much of the cost. Then, the regular yearly depreciation can be set up for the remaining cost, less salvage value. For example, a tractor bought on Dec. 5, 1959, for \$4,200, would be allowed \$840 first year depreciation. In addition, one month's regular depreciation would be allowed. If a salvage value of \$160 is set up, the annual straight line depreciation on an eight-year basis would be \$400. Depreciation for the month of December would be \$33. So the total depreciation allowance on this tractor for 1959 would be \$873.
For a complete explanation of this and other newer features of the tax regulations you can obtain a copy of the 1960 Farmer's Tax Guide at the county agent's office.

Rites held in Nevada for Mrs. Myrtle Davis

Last rites were held in Bunker-ville, Nev., Dec. 9, for Mrs. Myrtle McNeil Davis, former Post resi-
dent, who died Dec. 6.

Mrs. Davis, who was 79, moved to Nevada from Post in 1944. While living in Post she worked at Postex Mills, Inc.

She is survived by four children, T. W. McNeil of Kansas City, Kans., Lillian Carlton of Amarillo, Ethel Burkhalter of Las Vegas, Nev., and Troy McNeil of Pacific Grove, Calif.

DOLLAR VALUE—PLUS

In an emergency, the value of medicine can hardly be reckoned in dollars. Medicine is priceless when needed.

Yet it is an interesting fact that nationally the average cost of a pharmaceutical prescription is about \$2.50—and more than half of all prescriptions cost less than \$2.00. Although higher than 20 years ago, the increase in the cost of medicine lags far behind that of other, and less essential, commodities.

When you purchase a prescription, you are sharing in the fruits of scientific research. You are getting today's best buy.
