Exes' Response Is Sought On Banquet

Post High School ex-students planning to attend the annual homecoming banquet at 5:30 p. m. Friday, Nov. 9, again this week are urged to send the money for their banquet tickets to Mrs. Glenn Norman, treasurer, of Route 3, Post. The banquet tickets are priced at \$1.50 each.

NATO 'Worth The Price', Publisher Tells Rotarians

The NATO (North Atlantic Treaty Organization) has cost the United States \$20 billion since its organization seven years ago, but has been worth much more than that as a wall of steel between the free West and slave East, Chas. A. Guy, publisher of the Lubbock Avalanche-Journal, said Tuesday at the Post Rotary Club luncheon.

Donetta Ellis Is Southland Queen

Miss Donetta Ellis, a sophomore student, was crowned Southland High School football queen during halftime activities of Friday night's game between Southland and Smyer.

Three More Blocks In Paving Project

Three additional blocks have increased the size of the city's street paving program to 15 1/2 blocks, and there is a possibility that work may begin on three or four more blocks before the program is completed, City Councilman Powell Shytles said Wednesday.

Rotarians Sponsoring Book Donation Drive

Families with books they'd like to donate to the public library at the high school are asked to leave them at The Flower Shop, 109 North Broadway, or telephone 426 and arrangements will be made to pick them up.

Chance For Record-Shattering Vote Is Seen In Tuesday's General Election

With interest picking up daily as the "zero hour" nears, a near record-breaking vote in Tuesday's general election is forecast for Garza County, the state of Texas and the nation.

Cederholm, with midnight Friday the deadline for absentee votes. Cederholm said he had sent out 27 mail ballots and had prepared physician's affidavits for 17 voters who wish to vote absentee at their homes because of physical infirmities.

Absentee ballots sent through the mails will be counted up to 1 p. m. Tuesday providing they bear a postmark of earlier than Friday midnight, the clerk said. A new record for general election voting in Garza County was established in 1952 when 1,676

ballots were counted. The general election vote in 1948 was 1,120, and in 1944, 1,151. Garza County voting boxes are North Post, South Post, Southland, Verbena, Justiceburg, Close City, Graham, Pleasant Valley and Two Draw, and the absentee box.

Easy Victory In Water Election

The White River Water Control and Improvement District was confirmed Saturday in the member cities of Post, Spur, Crosbyton and Rails by an overall vote of 1,552 to 53.

Each city voted separately on the confirmation issue with the following results: Post, 552 for and 4 against; Spur, 323 for and 36 against; Crosbyton, 378 for and 7 against, and Rails, 299 for and 6 against.

this week expressed themselves as "well pleased" at the overwhelming majority given the confirmation issue here and in the other member cities.

Community Chest Drive Is Nearing \$9,000 Goal

Reports Wednesday from the larger gifts and general solicitations committees indicate that the fund campaign of the Garza County Community Chest is progressing satisfactorily, but that there still is work to be done.

The total reported Wednesday by the two committees was \$7,066.50, which is almost \$2,000 short of the \$9,000 budget recently adopted.

At the same time the water district was given approval, voters elected the following five permanent directors: Bouchier and R. J. Jennings of Post, Lynn Buzbee of Spur, Robert Work of Crosbyton and M. A. McLaughlin of Rails. The group has been serving as a temporary board of directors since creation of the district Sept. 10 by the State Board of Water Engineers.

Burglars Use Firm's Own Tools In Trying To 'Burn Open' Safe

Caprock Chevrolet, Inc., "furnished" all the necessary tools, including an acetylene torch, but even then burglars were unable Saturday night to successfully carry out a safe burglary in the firm's office.

Members of the larger gifts committee besides the chairman are James Minor, Powell Shytles, E. R. (Buster) Moreland, Clint Her-ring, R. J. (Rube) Jennings, Harold Voss, Dowe H. Mayfield, Ted R. Hibbs and Jess Rogers.

Immediately following announcement of the confirmation victory, Bouchier said the group "will move as fast as we can toward calling a bond election", which will provide funds for construction of a dam and reservoir on White River, near Kaigary, filtration plant and pipeline system.

Youths Organize To Battle Polio

A "Teens Against Polio" chapter has been organized at Post High School with Linda Livingston as chairman and N. R. (Jiggs) King as adult advisor.

Lucas said the attempted burglary was discovered about 8:15 o'clock Sunday morning when he went to the building to turn off the night lights. He said the safe was still warm at the time from the acetylene torch's operations.

The report on general solicitations, which showed \$590 raised, was made by Leo M. Acker, auditor for the Chest organization. He said this was a very incomplete report, since only a few of the captains had reported, and that it probably would be two weeks before a near-complete report can be made.

Rotary Club To Hear Talk On Mill Project

R. J. (Rube) Jennings, president of Postex Mills, Inc., will discuss the mill's expansion program at next Tuesday's luncheon of the Post Rotary Club, it was announced at this week's meeting.

After entering the shop through a rear window, the intruders rigged up an acetylene torch, rolled it to the door of the parts department, where they forced a door, then dragged the torch and tank to the office.

SCS Assists On Soil Reserve

The Conservation Reserve portion of the Soil Bank program offers a good opportunity for farmers to retire land that needs to go back to grass or to improve some of their cropland that is suitable for continued cultivation, it was pointed out this week by Soil Conservation Service personnel here.

"The Soil Conservation Service will be glad to work with the farmer in furnishing any information he might need in making his decision," said Guy W. Nutt, work unit conservationist for the Duck Creek Soil Conservation District.

Nutt explained that the Conservation Reserve program will pay farmers of Garza County \$10 an acre and those of Kent County \$9 an acre per year for a five-year contract to take cultivated land out of production and establish a perennial grass. In addition to the yearly rental, the act will also pay 80 per cent of the cost of establishing the grass.

'The Great Equalizer' . . . Your Vote In Tuesday's General Election!

Thursday to Thursday THE GREAT EQUALIZER

By CHARLES DIDWAY

IT'S EVEN HARDER to try to estimate how many votes will be cast in the general election Tuesday than it is to try to figure who will win. We're predicting, however, that the record 1,578 Garza County votes cast in the 1932 general election will still be standing after Tuesday night's final tabulation.

THE POLITICAL SCENE in Texas has been in an uproar the last few months, but there just doesn't seem to be as much interest in this year's general election as there was four years ago. In 1932, we didn't get a chance to see the national political conventions on television like we did this year. So, maybe most of us got a bitful of this year's campaigns even before they got under full steam.

ALSO REMAINING to be seen, come Tuesday, is whether this year's presidential vote in Garza County is as close as it was in 1932. The county carried the banner for Adlai Stevenson, but by only 34 votes—Adlai polled an even 800 to Ike's 766.

STEVENSON CARRIED the election at Southland, Verbena, Justiceburg, Two Draw, Graham and Close City, where it was just as close as the name of the voting place—Adlai beating Ike by one vote.

IKE WON in the two big boxes—North Post and South Post—at Pleasant Valley, and in the absentee voting. In the same general election, there was an Independent Party candidate for county sheriff, but he lost to Carl Rains, the incumbent, by a vote of 1,361 to 73. Garza County voters also rejected two proposed constitutional amendments that year.

IN THE 1948 general election, Truman polled 582 votes in Garza County to 178 for Dewey, 71 for Thurmond, 9 for Watson, the Prohibition Party candidate, and 2 for Henry Wallace—remember him? Seven out of eight constitutional amendments carried in the county. Our source of information did not give the total general election vote that year, but 1,126 ballots were cast for the presidential candidates, which must be pretty close to the number actually voting.

TWELVE YEARS AGO, in the 1944 general election, 1,151 votes were cast by Garza countians, with FDR and the Democratic ticket receiving 842 to 143 for the Republicans and 169 for the Texas Regulars—remember them? Three constitutional amendments also carried that year.

SO, WITH ALL that background "poop," see what you can do toward predicting the total vote and/or outcome of Tuesday's election. We're plumb exhausted.

WE'VE STILL GOT enough wind left, however, to get in this parting thought on the election: Santa Claus is comin' to town, his sled drawn by a Republican elephant and a Democratic donkey, with presents for everyone. Won't some kind soul remind us again of the awful truth—there just ain't no Santa Claus!

THE BEST WAY to tell whether a man is having a good time at a party is to look at his wife's face.

Roger W. Babson Writes This Week:

Credit Inflation Usually Is Generated By Confidence; Money Inflation, Lack Of It

BABSON PARK, Mass.—According to an apocryphal story, a legislator in Mexico moved that Gresham's Law (that bad money drives out good money) be annulled. When told that it was a natural law and could not be annulled, he then suggested that it be suspended for a time. The question of value has been a problem ever since money was invented,—and, in fact, even before that time, no matter what commodity was used as the medium of exchange—tobacco or wives. Money has always had a tendency to depreciate in value, and it has at some time or other met with disaster in practically every nation—as in Germany when the mark went to zero in 1923, spelling the end of inflation for Germany.

What Is Inflation?

One cause of inflation is a much greater increase in the quantity of money in circulation relative to the increase in the volume of goods and services. This forces the price level upwards. Price indexes for a period of years show that there have been great fluctuations in the value of money in practically every country. When the purchasing power of the dollar has decreased too much, injury has been done to the investors and creditors as a group.

Kinda Of Inflation

Credit inflation can be generated by confidence; and monetary inflation can be caused by lack of confidence. Inflation results from a combination of two things: Oversupply of money and/or under supply of the nation's goods and services. National debt figures in that it creates bank deposits. It is not how far the debt goes that makes people lose confidence; it is how low production goes. If production keeps up with debt, there is no harm except psychologically. Lack of production means that the value of money is under suspicion. Inflation is always an attempt to escape heavy burdens;—debt is often the core of the problem. The principal force making for price inflation is a huge expanded stream of income—purchasing power—which beats against a diminished supply of civilian goods and services.

Effect Of Inflation

The tragedy of inflation is the loss of pur-

For the second time in as many weeks, a big vote turnout is being urged here, and if response is as good in Tuesday's general election as it was in Saturday's water district confirmation election, then a new voting record will be established.

In many ways, of course, Tuesday's election will be more important than Saturday's city election, although the importance of the latter cannot be too greatly stressed. It's just that they're two different types of election, but both worthy of every qualified voter's ballot, as is any election.

In the old west, a Colt revolver was known as "The Great Equalizer." Today, it is your vote. When you step into the voting place, you enter the one place in the world where all men are truly equal. Your secret vote carries the same weight and counts exactly as much as that of the mightiest person in the U. S. A. See you at the polls Tuesday!

The newspapers of these United States are waging a big battle. It is the fight to keep the people of our land free at the same time it aids them to have a better life. These United States in which we are privileged to live were built on three freedoms—Freedom of Religion, Freedom of Speech and Freedom of the Press. If the newspapers of this land were to cease to be free, you would find freedom of speech and freedom of worship a thing of the past.—Baldwyn, Miss., News.

Using the excuse of "let the government pay for it" is a fallacious one. Conscience should tell the waster of public funds that he is not cheating a mythical human being of great wealth, but he is cheating himself and his children.—Mount Dora, Fla., Topic.

All media of communication have been very much occupied recently with talk about voter apathy. If it does exist, it is highly understandable, for the whole trend of politics now tends to make more and more people feel that they have no stake in the government.—Washington, Mo., Citizen.

Unless the nation is to be rocked periodically between paralyzing, nation-wide strikes and wage price inflation, the ability of giant unions to wield an arbitrary monopoly power over entire industries must be curbed; by changes in the anti-trust statutes or by other means to restore bargaining to the local level.—Benavides, Tex., Facts.

color of Texas auto license plates be switched from black and orange. Why? The black and orange plates do not blend with today's auto color schemes!

NEXT YEAR, FOR the first time since 1932, Texans will have black and white plates on their cars. Letters will be black, backgrounds white. They will also be dressed up with a "lone star" between the prefix letters and the numbers.

SOME 4,500,000 PAIRS of license plates and 392,000 single plates are being produced by the Texas Prison System. They go on sale here and elsewhere in Texas on Feb. 1.

Medicine and advice—they're both easy to give, but hard to take.

THE DEFINITION of an American appeared recently in the Crane Chronicle, Crane, Mo., under the name of Publisher Carl White. How many of you are Americans within the following definition?

"During a discussion on the political condition of the country; recently, the following statement was made, 'What the Americans need.' This raised the question in my mind of 'just what is an American anyway?' In trying to analyze a rank-and-file American, I came to these conclusions:

"He yells for the government to balance the budget and then takes the last dime he has to make the down payment on a car.

"He whips the enemy nations and then gives 'em the shirt off his back.

"He yells for speed laws that will stop fast driving and then won't buy a car if it can't make 100 miles an hour.

"An American gets scared to death if we vote a billion dollars for education, and he's cool as a cucumber when he finds out we're spending three billion dollars a year for smoking tobacco.

"He gripes about the high prices of things he has to buy, but gripes still more about low prices of things he has to sell.

"He knows the line-up of every baseball team in the American and National Leagues—and doesn't know half the words in 'The Star Spangled Banner'.

"An American will get mad at his wife for not running their home with the efficiency of a hotel and he'll get mad at a hotel for not operating like a home.

"He'll spend half a day looking for vitamin pills to make him live longer and then drive 90 miles an hour on slick pavement to make up for the time he lost.

"An American is a man who will fall out with his wife over her cooking and then go on a fishing trip and swallow half-fried potatoes, burnt fish and gritty creek water coffee made in a rusty gallon bucket and think it's good.

"An American will work hard on a farm so he can move into town where he can make more money so he can move back to the farm.

"When an American is in his office he talks about baseball, football or fishing, but when he is out at the games or on the creek bank he talks about business.

"He is the only fellow in the world that will pay 50 cents to park his car while he eats a 25-cent sandwich.

"An American likes to cuss his government, but gets fighting mad if a foreigner does it.

"He is never ready for war, but he has never lost one.

"We're the country that has more food to eat than any country in the world and more diets to

"We're the most ambitious people on earth, and we run from morning until night trying to keep our earning power up with our yearning power.

"We're supposed to be the most civilized, Christian nation on earth, but still can't deliver payrolls without an armored car.

"In America we have more experts on marriage than any other country in the world—and more divorces.

"But we're still pretty nice folks. Calling a person 'a real American' is the best compliment you can pay him. Most of the world is itching for what we have, but they will never have it until they start scratching for it the way we did."

"Small Enough To Be Friendly . . . Large Enough To Serve Your Every Banking Need"

BY STATE COMMISSIONER OF EDUCATION

School Officials Reminded Of Need Of Written Policies On Procedures

In a letter to R. K. Green, superintendent of the Post schools and to all other Texas public school superintendents, J. W. Edgar, commissioner of education, has reminded local school officials of the need for written policies to govern their financial, personnel, and pupil accounting procedures.

Edgar has requested the auditors of the State Department of Education to check local board policies and administrative practices and procedures during their regular visits to local school districts and to determine whether accreditation standards established by the State Board of Education are being met.

One of the outcomes of the Gilmer-Aikin Minimum Foundation School Program, Edgar said, has been a steadily improved efficiency by local school districts in budgeting, budget controls, fiscal accounting, pupil accounting, personnel records, and audits. His purpose in asking auditors to look into these activities is to emphasize the need for school trustees to provide a public record of their policies and procedures in order to meet school accreditation standards and to furnish a basis for

public understanding of school operations.

Once a school district has established the amount of its entitlement to State funds, the responsibility for the systematic budgeting and accounting of these funds rests upon the citizens of the district through their elected school boards.

State Department of Education auditors devote their time to checking records that have a direct effect on the allocation of funds by the State. "Auditors are not to make audits of funds other than those which are already subject to audit by this Department," Edgar explained. "They will only review the financial practices and procedures of school districts accredited by the State Department of Education."

It's A Risky Gamble To Wait Too Long For Auto Safety Checkup

Getting early automobile safety inspections may mean the difference between life and death, Garza County motorists are reminded by G. C. Morris, executive secretary of the Highway Safety Council.

During the first month of the current inspection period, which will run through April 15, only 4 per cent of the registered vehicles in Texas had been inspected.

"The importance of inspections has been proved by Department of Public Safety statistics," Morris said. "In 1951, before the inspection law went into effect, mechanical defects were a causative factor in 19 per cent of the fatal accidents in Texas. Last year, that figure had been reduced to 5 per cent.

"These figures show beyond a doubt that a person whose car is in good mechanical condition is much less likely to be involved in a fatal accident," Morris said. "A person who waits until the last minute to get his car inspected is taking a dangerous gamble with his own life."

Last year, 43 per cent of the vehicles inspected in Texas needed some adjustment or repair, and the average cost for such services was only 88 cents, according to the Department of Public Safety.

O. R. Cearley accompanied his son and daughter-in-law, Mr. and Mrs. Jess Cearley of Amarillo, to Broken Arrow, Okla., over the weekend, where they visited their daughter and sister, Mrs. Frank McNeely.

One In Every Four Americans Attend Some Type School

Now that all the students are back in school the nose count shows that 40,000,000 students, or one in every four Americans, are enrolled in grade school, high school or college. In a copyrighted article, the editors of "Change Times," The Kiplinger Magazine, report that the net gain in students this year was 1,200,000, or slightly less than anticipated.

The record school construction program still has not produced enough classrooms to hold all the students, but progress is being made. Two hundred and fifty thousand new classrooms were needed, and 67,000 have been built. More new schoolrooms are available than ever before, but half-day sessions and crowded classes are going to be common this year.

A bright note. About 96,000 of last June's college graduates were trained to be teachers. Seven out of ten of these graduates will actually end up instructing in grade and high schools. The average salary of teachers is now \$4,900 a year, about \$1,000 better than in 1950—a good omen for future teacher supply. But the sour note: even with 65,000 teachers this fall, the schools could hire another 100,000 if they were available.

The high schools are worried. Within ten years their enrollment will shoot up from 8,900,000 to 13,000,000. Two out of three high school students now stick it out through four years. Only yesterday half the freshmen quit before graduation. These pressures will make the present problems of high schools look almost trifling in the years ahead.

Colleges, too, are unhappy. Not only are there more people of college age coming along, but more of them get college educations—about 30 per cent now as against 14 per cent in 1939-40.

H-Day Merchandise Reaches \$800 Total

Five more winners were named last Thursday as the Post Chamber of Commerce and participating business firms awarded five "Hospitality Days" merchandise certificates, each good for \$20. The total now has reached \$800 since the program began here in September.

Last Thursday's winners and the firms on whom their merchandise certificates were drawn were: Mrs. Lillian Fogarty, The Flower Shop; Mrs. G. R. Cowley, The Post Dispatch; Mrs. Mabel Solis, Peel's Texaco Service Station; Mrs. George Samson, Ferguson Grocery, and Mrs. Willie Richardson, Hamilton Drug.

The ninth in the series of Hospitality Days programs will be held between 4:15 and 4:30 o'clock this afternoon in front of the Chamber of Commerce office.

From where I sit... by Joe Marsh

Fastest "News Service" in Town!

Had a frantic wire from Washington yesterday—saying that the local Congressman was making a surprise visit and a short speech. Could I get the word around fast?

No time for a special edition of the *Clarion*, so I turned to the fastest "news service" in town... Windy Taylor. He spent an hour mobilizing his Lodge and Court House cronies—all pretty fair talkers—and the rest is history. Biggest turnout ever.

As a newspaperman, I hate to admit it—but facts are facts. The Windys of this world aren't only quicker news spreaders than our paper... they've even got better circulation.

From where I sit, some of us would rather talk than eat, while others are close-mouthed... just as some of us like coffee and others prefer a glass of beer. There's a lot to be said for both attitudes. But if you go in for gab—don't talk against someone just because you don't happen to agree with him on some question of personal choice. Use your own "good censorship."

Tex Says He's No Expert But He Believes Ike Is

The other night a bunch of us were sitting around in the drug store after the football game, drinking coffee and talking. You know how it is after a game in a small town, especially after the home team loses. Nearly every man in the crowd had a theory as to why we didn't win the game. Most of them, of course, blamed the coach. I couldn't help remembering that before we consolidated the county schools we didn't even have enough boys to make up a football team. And these same football experts who were saying what Rockne or Bud Wilkinson would have done, up until a few years ago they didn't know a football from a watermelon.

But that's the way it is in a small town (and in big ones, too, I understand). I guess there's no real harm done, although sometimes it's pretty rough on the coach.

I guess we have a right, in this free country, to be self-appointed experts in any line we want to pick out. It seems to me that most people choose either football or politics.

Take this presidential election coming up next Tuesday: During the last few weeks I have heard so many different political experts that I nearly get confused sometimes. I have to stop and think that the fellow who is talking probably doesn't know any more about it than I do, and that helps me keep straightened out.

In fact, I guess I have had my mind made up all along. To make no bones about it, I like Ike. He's a man you can always look up to and respect—the kind of

man you'd be proud to point out to any person, from any country on the face of the globe, and say: "That's our President!"

About Adlai, now, I'm not so sure. Of course, if he was elected, he would be my President, too, and I would hope he'd do a lot better than most people around here seem to think he would. This is something I don't think we need to worry about, because from all I can hear and read, Ike is going to win it again.

It seems to me that if Adlai ever had a chance around here, he threw it away when he came out with that H-bomb business. Now, the folks in our town don't know much about H-bombs, except that they don't want any personal dealings with them. Our scientific knowledge of H-bombs is about on a par with our football knowledge, I reckon. But we do know one thing: We don't want some misguided, inexperienced fellow fooling around with our national defense. When it comes to trusting what Bulgainin says or what Eisenhower says, I'll take Ike. So will the rest of the country, if I don't miss my guess.

Just before we broke up the other night Doc Brown came into the drug store, and somebody asked him, "Hey, Doc, how'd it do?" (Don't a little, Doc, your man.) Doc looked at 'em, and some busy conversation for about five minutes, and got his head examined. I understand that this was the only thing he was going to say to his head.

Sincerely,
Tex

TEXAS DEMOCRATS FOR EISENHOWER

You are a free Texan... You can vote any way you like. Regardless of what you may have heard, it is perfectly legal to split your ticket if you want to, just as it is legal to vote the Democratic ticket straight, or the Republican ticket straight. The purpose of the ballot is to determine what the people want. And if you want to vote for Eisenhower and Nixon—then cast the rest of your ballot for the Democratic nominees—that is your privilege. Don't let anyone tell you otherwise! BY LAW YOUR VOTE MUST BE COUNTED.

(Pol. Adv.—Paid for by Texas Democrats for Eisenhower, William Earl, Director.)

IKE UNDERSTANDS TEXAS FARM AND RANCH PROBLEMS
 ... and he's doing something about them!
 Instead of empty promises, government control and socialist theory, **IKE IS GIVING TEXAS POSITIVE FARM AID** such as:

- DROUGHT ASSISTANCE**
 - More than \$60,000,000 already spent to aid Texas drought sufferers.
 - \$4,000,000 roughage program for Texas.
 - Increased grain certificates to \$1.50 per hundredweight.
 - \$15,000,000 disaster fund, 50% coming to Texas.
 - \$5,000,000 loan to Mexico for purchase of beef cattle from drought areas.
 - Pushed freight price concession for Texas farmers.
- SOIL BANK PAYMENTS**
 - A practical approach to farm needs and a means for conserving vital soil resources.
 - This year's payments to reach \$211,000,000, \$23 1/2 million coming to Texas.
 - Due to increase next year.
- PRICE-DEPRESSING SURPLUSES CUT**
 - Drastically reduced \$9 billion surpluses piled up under Fair Deal policies.
 - For example, virtually all cottonseed oil stocks gone; oil surplus rice sold.
 - Foreign markets expanded by 11%.
 - Accelerated research for new uses and markets; budget for this expanded by \$45,000,000.

RESULTS OF THIS PROGRAM have begun to show. For the first time in a generation farm income has begun to move upward without war... now 7% above last year and still increasing. (Remember, 85% of the drop was under policies of the Democrat farm bill.)

Williams Hold Open House 50th Wedding Anniversary

W. N. Williams celebrated their anniversary Sunday in their home at 10 o'clock. Two daughters, Mrs. G. H. McManis and Mrs. Joe Williams, were present. Mrs. Williams is a white carnation.

Stewart Home Is Scene Of Woman's Culture Club Meet

Woman's Culture Club held its regular meeting Wednesday in the home of Mrs. E. S. Stewart, with Mrs. D. H. Mayfield as co-hostess.

During a business session in which Mrs. Herman Raphael was elected to membership, a contribution of \$25 was approved for the current Community Chest drive, and matters relating to a Library Conference to be held in Lubbock were discussed. Mrs. Ellis Mills read the secretary's report and Mrs. Stewart gave a treasurer's report. The business session was presided over by Mrs. Mayfield.

The Club Collect was given in unison and roll call was answered with current events.

Mrs. E. A. Warren was leader for the program which featured two outstanding women of the press, Dorothy Thompson and Marguerite Higgins. Miss Maxine Durrett assisted in presenting the program. An informal discussion was held during the tea hour.

Hostesses served pecan-spice cake with whipped cream, open face cheese sandwiches, olives and coffee to Mrs. Roy Shahan, Mrs. J. R. Durrett, Mrs. W. L. Davis, Mrs. Mills, Mrs. Ershel Franklin, Mrs. J. P. Manly, Mrs. K. Stoker, Mrs. T. L. Jones, Mrs. Howard Maddera, Mrs. R. K. Green, Mrs. Warren and Miss Durrett.

The next meeting will be held in the home of Mrs. W. L. Davis, with Mrs. Connie Caylor as co-hostess. Women in radio, television and related fields will provide program topics.

Hallowe'en Party Is Given Tuesday For Scout Troop

The Clint Herring home was the scene of a Hallowe'en costume party Tuesday night for members of Girl Scout Troop 5.

The girls planned the party, decorated and made the refreshments, themselves.

Games were played and also enjoyed were a grab bag, weight guessing and fortune telling booths and a horror house, "House of No Return."

Those present were two guests, Mrs. I. N. McCrary, troop committee chairman, and Giles McCrary, Jr., and the following members:

Janie Carradine, Alyn Cox, Jan Herring, Glenda Hutto, Marianne Jones, Pam McCrary, Janice Moreman, Ann Pennington, Janith Short, Charlene Smiley, Sharon Taylor, Mary Williams.

Yesterday afternoon, the troop honored their adopted grandmother, Mrs. C. K. Henderson, of 216 14th, with a visit. They took candy and small gifts to her.

Mr. and Mrs. Hubert Cook and boys of Levelland visited in the homes of Mrs. Ethel Redman and Jimmy and Mr. and Mrs. Bobby Cowdrey over the weekend.

Church News

The Abilene Presbyterian will meet here from 9 a. m. until 3:30 p. m. tomorrow. The regular fall meeting will be attended by women from Brownfield, Lamesa, Snyder and Post churches and will include a business meeting, devotional, luncheon and workshops. Mrs. W. R. Everett of Snyder, and formerly of Post, will preside.

Approximately 220 attended the ministers convention last weekend at the Church of God of Prophecy. Purpose of the meeting was to organize pastors and state workers for the coming year's work. Among the representatives here were the Rev. G. A. Wilson, Fields of the Wood manager, and the Rev. J. W. McDill, pastor of the church at Anneton, Ala. The convention closed Sunday with a basket lunch served by the Missionary Society of the Post Church. The State Sunday School Secretary, Mrs. Dicie Quaws, remained here after the meeting and is conducting a revival. Everyone is invited to attend the services at 7 o'clock each evening.

The Rev. Clinton Edwards, First Presbyterian pastor, has announced that his sermon topic for Sunday morning will be "Stewardship of Time."

Members of the Berean Sunday School Class of the Methodist Church will have a food booth in the Garza Theatre building Saturday. Chili, pie and coffee will be served and cakes will also be sold.

Roy Shahan, First Baptist pastor, will speak Sunday morning on the subject, "Elements of a Great Church" (Matt. 16:18; 1st Peter 2:5-6). At the evening service, the theme will be "God's Vineyard" (Isaiah 5:1-7). He said "every family and individual in Post should be in attendance at worship services each Lord's Day. Post has a number of Christian congregations meeting each Sunday and a warm welcome will greet each person to these fellowships. All these services are planned for the spiritual welfare of the people of this community. Find your way to the Lord's House each Lord's Day."

The revival meeting at Calvary Baptist Church will close Sunday. The Rev. Graydon Howell, pastor, who is conducting the services invites the public to attend at 10 a. m. and 7:30 p. m. daily.

A large crowd gathered Tuesday evening at the Church of Christ to hear H. F. Mattox, president of the future Lubbock Christian College, discuss the plans and progress being made on the school. Property for the proposed new junior college has already been acquired in Lubbock.

The young married women's circle of the First Baptist W. M. U. presented a Japanese program at the church Monday, when both circles met for mission study. To add atmosphere to the program, several members of the group were dressed in authentic Japanese costumes and the group had decorated the hall in a Japanese motif, using lanterns, figurines and unusual flower arrangements. Following a program led by Mrs. Don Butler, a colored film of Baptist Missions and Schools and related subjects in connection with the work of the denomination in Japan, was narrated.

Eight Homes Will Be Included In HD Club Tour Nov. 8

The Garza Home Demonstration Club's fall tour of homes will be conducted Nov. 8. Miss Jessie Pearce, agent, announces that anyone interested in home improvements is invited to go on the tour, which will be completed by the time school is out in the afternoon. Each person going is asked to take a lunch.

All but two of the homes included are those of home demonstration club members. The others are the Ray McLellan place, a Farm and Home Development demonstrator, and Shirley Bostick, a 4-H Club girl.

The schedule follows: 9:15 a. m. meet at courthouse; 9:30, Percy Parsons home; 10:15, McClellan; 10:45, Jack Brown; lunch; 1:30, Bostick; 1:00, Hershel Bevers; 2:30, Hardie Smith; 3:00, Spence Bevers; and 3:45, N. C. Outlaw.

Girl Scout Troop Has Hallowe'en Party Tuesday

Girl Scout Troop 6 had a Hallowe'en party Tuesday night at the Little House. Members planned and carried out the party including preparing refreshments.

The table centerpiece, made by one of the girls, was a "haunted" house. Cookies, nuts and punch were served by candlelight.

After the meeting, the group took a bouquet of flowers and a refreshment plate to a member, Lana Haynie, who is in Garza Memorial Hospital.

Attending were three guests, Mrs. Connally and Mrs. Buck Harrison and Susie, and the following members:

Carol Hodges, Mary Alice Connally, Marilyn Minor, Susie Jo Schmidt, Margie Harrison, Linda Cowley, Carol Billings, Nita Wilson, Mary Beth Ford, Linda Penell, Betty Hill and leaders, Mrs. James Minor and Mrs. C. R. Wilson.

Priscillas Meet With Mrs. Barrow

Members of the Priscilla Club met Friday afternoon at Mrs. L. A. Barrow's for a period of sewing and visiting. Refreshments of pumpkin pie and whipped cream, nuts and coffee were served.

Attending were Mrs. R. H. Tate, Mrs. N. C. Outlaw, Mrs. Robert Cox, Mrs. R. H. Collier, Mrs. Ted Hibbs, Mrs. Jess Propst, Mrs. O. H. Hoover, Mrs. W. J. Satterwhite, Mrs. C. W. Terry, Mrs. Victor Hudman, two guests, Alyn Cox and Mrs. Monroe Lane and the hostess.

ed and projected by Miss Louella Eades. The Rev. Roy Shahan opened the meeting with prayer and Mrs. Manus Samples sang a solo, accompanied by Mrs. Glenn Norman, pianist. One of the typical flower patterns of Japanese origin was emphasized in an arrangement on the low table, from which spiced tea, mints and cookies were served by Mrs. Butler. Souvenirs from Japan were displayed on the registry table. The guest book was designed and hand painted in the Japanese motif by Mrs. Jack Lancaster. Fifty members of the W. M. U. attended.

The Spur Bulldogs came from behind in the second half here Friday night to score two touchdowns and then hold off a rousing Post Antelope rally in a District 2-AA game which ended 14-13 in favor of the visitors.

The comparative ease with which the Antelopes scored their first quarter touchdown gave many local fans hopes that this was Post's year to avenge a long line of Spur victories. But they didn't reckon with a third quarter onslaught of an improved Spur team and the educated toe of halfback James Gordon.

The first time they got their hands on the ball, the Antelopes marched 54 yards to a touchdown, with quarterback Noel Don Norman sneaking over from the three. Halfback Charles Morris' extra point try was blocked by a hard-charging Spur line and that spelled the difference.

No other serious threats were offered by the Antelopes during the first half, but the Bulldogs gave a hint of things to come when they drove to the Antelope nine-yard line, where time ran out on them.

The visitors picked up in the third quarter where they'd left off in the second, and marched to a touchdown after fielding center Jackie Carpenter's punt on their 22. Fullback Eddie Hagins, the district's high scorer last season, rambled nine yards around the left side of the Post line for the Bulldog touchdown, and Gordon's placekick was good to give the Spur eleven a lead they never relinquished.

The Bulldogs tacked on what proved to be the clincher on the fifth play of the fourth period when halfback Dwain Green broke through the middle of the Antelope line for another six-pointer. Again, Gordon's placekick split the uprights.

The Antelopes added the second touchdown late in the fourth on a prodigious 38-yard pass play from halfback James Williams to end Howard Jones, who had just subbed in at left end for Jerry Hays. Jones snagged Williams' perfect peg on the five, just over the heads of two Spur defenders, and carried across for the touchdown. Morris' placekick was good to leave the Antelopes only one point behind, but time was fast running out.

Antelope fans took heart on the ensuing kickoff, a short one off the toe of end Noel White, which was fumbled by a Spur lineman on the Bulldog 37 and recovered at that spot by defensive lineman Sammy Martin. Two long passes from spread formation,

which Post utilized throughout most of the final period, failed to find receivers, and the game's final play saw Powell intercept another of Williams' long heaves on the 10 and race it back up to the Spur 30.

Perhaps the brightest spot in Post's defeat was the bang-up defensive play of two boys who will be among the few back next year—defensive halfback Charles Morris and the aforementioned Sammy Martin.

FIRST QUARTER

Spur receives, defending north goal. Glenn Hairgrove takes Noel White's kickoff on the 12 and gets back 17 yards to the 29.

SPUR—Dwain Green gets 2 at the line. Jackie Carpenter tackling. Spur jumps offense before ball is snapped on next play and draw a 5-yard penalty. Ronnie Kennedy racks up Eddie Hagins for no gain at end, but Hagins bores for 5 on next play. James Gordon punts out of bounds on the Post 46.

POST—Noel Don Norman's long pass to White is almost intercepted on the Bulldog 25. James Williams is momentarily stopped after taking handoff, but jerks loose for 9 yards. Ray Gary bucks the right side of the line for 5 and a first down on the 40. Kennedy gets 2 at the left side of the line, and Gary circles left end for 5 more. Gary is injured on the play and is replaced by Jack Morris. Williams hurtles through the right side for 9 and a first down on the 24. Morris fumbles after a good gain, and Williams recovers for the Antelopes on the 7, where it's another first down. William goes for 4, and Norman quarterback sneaks the remaining 3 yards for a touchdown. Charles Morris' extra point kick is blocked, and Post leads, 6-0.

Gordon takes White's kickoff on 15 and comes back up to the 27, where Kennedy makes the stop. Hagins is hauled in by Sammy Martin and Don Ammons after 5-yard pickup. Max Gabriel circles left end for 4 before being stopped by Charles Morris. Hagins goes for 4 more and a first down on the 40. Kennedy and Martin tackling. Andy Schmidt and Carpenter stop Gabriel for no gain. Green fumbles as he crashes into the line and Gary Welch recovers for Post on the Spur 40.

POST—Williams loses 2 after taking handoff. Jack Morris picks up 3 at the right side, and Norman keeps and rolls out for a 5-yard gain. Williams gets 3 at the line, but it's short of a first down and the Bulldogs take over.

SPUR—Hagins gets 5 at the line. Martin and Carpenter tackling. Gabriel recovers his own fumble for 2-yard loss. Hagins is stopped by White and Ammons after 3-yard gain, and Gordon's punt is allowed to roll dead on Post 35 as the first quarter ends.

SECOND QUARTER

POST—Jack Morris fails to gain at the line, but Williams goes for 11 and a first down on the 46. Kennedy, after nice faking by Norman, reels off an 11-yard gain to the Spur 43, where it's another first down. Jack Morris gets 2 at left tackle, and Williams adds 4 at the other side of the line. Kennedy makes 2 more, but Morris is stopped for no gain and Spur takes over on their 35.

SPUR—Gary subs back in for Jack Morris in the Post line-up. Gabriel gets loose around end for 19 yards to the Post 46, where Charles Morris brings him down. It's the Bulldogs' second first down. Green gets 2 at the line, but Ray Powell's jump pass, intended for Ernest Wilson, falls incomplete. Gabriel goes for 4 at the left side, Kennedy and Charles Morris making the stop. Hagins darts through the left side of the line for 10 yards and a first down on the 30. Powell fumbles after gaining 6 on a keeper and Williams recovers for the Antelopes on the Post 24.

POST—Kennedy gets only a yard at the line, and Williams' pass to Jerry Hays is too tall. Kennedy takes pitchout and gains 2 on sweeping end run. Carpenter's booming punt rolls dead on the Spur 26.

SPUR—Gabriel gets through the left side of the line for 9, and Hagins bucks center for 3 more and a first down on the 38. Martin and Williams making the stop. Martin, playing a bang-up defensive game, shoestrings Gabriel after 4-yard gain at end. Gabriel breaks into clear to Post 46 for 12 yards and a first down, Gary and Williams hauling him in. Carpenter and Kennedy stop Hag-

ins for no gain at the line, and Martin sets carrier back for 2-yard loss on pitchout. Gabriel's pass to Green is good for 33 yards to the Post 15, where Gary makes the stop. Green gets 2 at the center of the line, and Gabriel slashes at left side for 4 more. Schmidt and Kennedy tackling. Ammons breaks up Spur pass as the first half ends.

THIRD QUARTER

Post receives, Williams running Gordon's kickoff back 34 yards to the Post 44.

POST—Kennedy gains only a yard in two stabs at the line, and Gary gets one at the left side. Carpenter punts to Spur 21 and Hairgrove is nabbed after one-yard runback.

SPUR—Hagins gets one at the line, stopped by Williams and Carpenter. Gabriel goes between left end and tackle for 5 before being hauled in by Schmidt and Williams. On a reverse, Green swings around his left end for 16 yards and a first down on the Spur 44. Morris and Williams bringing him down. Charles Morris stops Gabriel after 9-yard gain to the Post 47, and Green goes for 3 more and a first down on the 42. Ammons and Welch making the stop. Gabriel fumbles handoff, but recovers for 2-yard loss.

Robert Carlton and Leon Davis stop quarterback sneak for no gain, but Gabriel circles left end on a reverse for 25 yards and a first down on the 19. Kennedy finally hauling him in. Green goes for 9 at right end, Jack Morris slowing him and Ammons making the stop. Hagins cracks the right side of the line for 3 and a first down on the 7. Charles Morris throws Gabriel for 2-yard loss at end, and Ammons and Carpenter stop Hagins after 1-yard pickup. Hagins heads around left end, fumbles, but retrieves ball on the bounce and goes across for Spur's first touchdown. Gordon's placekick is good and the Bulldogs lead, 7-6.

Jack Morris returns Gordon's kickoff 15 yards to the Post 25.

POST—Kennedy gets only a yard at the left side of the line, and the other side yields only one to Williams. Powell intercepts Williams' pass on the Spur 45 and gets back to the Post 49, where he slips and falls with no tackler near him.

SPUR—Green goes for 10 and a first down on the Antelope 39, Jack Morris tackling. Green is momentarily halted at center, but breaks loose and gets to the 26 for another first down. Hagins plows center for 7, and Powell goes for 3 on a keeper. It's a first down on the 16 as the third quarter comes to a close.

FOURTH QUARTER

SPUR—Davis stops Gabriel after one-yard gain at the line, and Ammons stops Hagins after 3 more are picked up. Green gets 2 at the line, Ammons, Kennedy and White combining to bring him down. On a fourth down play, Hagins goes for 4 and a first down on the 6, Martin tackling. Kennedy is injured on the play and is replaced by Carlton. Green breaks through the line for a touchdown. Gordon's kick is good, and it's 14-6.

Jack Morris momentarily fumbles kickoff on the 12, but recovers and gets back up to the 30.

POST—Williams gets 2 at the line. Powell intercepts Williams' pass on the Spur 48 and get back to the Post 47.

SPUR—Powell gets 2 on a keeper, and Green bangs the line for 2 more, Martin tackling. Martin and Ammons stop another try

after 2-yard pickup, and Jack Morris returns Gordon's punt 6 yards to the 16.

POST—Norman circles right end for 7 on a keeper, then quarterback sneaks at center for 2 more. He pulls the same play for another 2 yards and a first down on the 27. Norman swings around left end for 3 on another keeper, and Williams' flat zone pass falls incomplete. Kennedy barely misses Jack Morris takes one in the right flats and goes for 8 and a first down on the 38. Williams is trapped while trying to pass from spread formation, turns it into run and makes 9 yards. Kennedy goes for 6 on a draw play through center and it's a first down on the Spur 47. Williams goes way back to pass, is bottled up, but finally tacks on 2 at tail-end of long run. Williams' flat zone pass to Morris is too low, and a heave to Kennedy falls incomplete out of bounds. Morris takes pass in right flats and goes for 5, but ball goes over to Spur on their 40.

SPUR—Hagins gets 4 at the right side of the line, and Ammons and Jack Morris bring down Gabriel after 3-yard gain at left end. Green gets 2 more at the other end, but line play is stacked for one-yard loss and Post takes ball on the Bulldog 48.

POST—Jack Morris gains 3 after taking Williams' pass in right flats, but another pass fails to connect. Kennedy takes flat pass, but is stacked for 3-yard loss. On a fourth down try, Williams runs for 10 and a first down on the Spur 38. Williams' long pass is

batted down on the 12. Howard Jones subs in for Jerry Hays at left end. Jones streaks straight down field, takes Williams' pass on 5-yard line over heads of two defenders and lunges across for touchdown. Charles Morris kicks the point, and the score changes to 14-13.

White kicks short and Martin pounces on ball after it is bobbled by Spur receiver.

POST—Two long passes fail, and a third desperation heave is intercepted on the 10 and brought back to the Spur 30 as the game ends.

FOR ALL WE HOLD SACRED.... ATTEND CHURCH!

LET'S GO TO CHURCH TOGETHER

The good thing about this is that Dan and Betty and those other youngsters too are here, in Church, because they want to be!

No one made them come. No one told them that they had to. No one threatened punishment if they didn't.

Though outside it is a bright sunny day and the woods and fields and streams beckon, they are here, in God's house, at prayer.

They'd like the country and the world to know that despite all this alarming "juvenile delinquency" there are good teen-agers too.

There are teen-agers who have been instructed in the Christian way of life, and who have discovered what the Church can mean to them.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

The vote for the confirmation of the White River Water District looked good. There were only four people that voted against the confirmation. All you folks that did not pay your poll tax this year, and were not eligible to vote for the confirmation, please be sure and pay your next year's poll tax before February of 1957. The vote for the bonds for the White River Water district will probably be held in March and if you pay your poll tax for 1957, you will be eligible to vote on the bond issue.

VOTE TEXAS

Joe Smith Thinks Out Loud

Almost every day now we are besieged with typical Republican campaign literature. They are telling us that black is white and expecting us to be gullible enough to believe it. They are telling the farmer Eisenhower is best for him, as though he does not know his own plight. They are telling little business how wonderfully well it has done under Republican administration and expect it to believe them in spite of what it sees with its own eyes.

We are thinking they must be tearing their hair about some of that literature which was printed in advance and is now being mailed which lauds Republican Foreign Policy, the falsity of which is so pointedly proven by the events of the last 72 hours. Republican foreign policy has proven itself to be a muddled thing, but it is no worse than their other policies for confusion.

The Republicans are very displeased that we Democrats are trying to bring messages of the truth to Texas. They think it is bad for United States Senators to discuss their failings, but that it is highly proper for Mr. Benson, Mr. Brownell and various other Republicans to come to Texas and sing their part of the song of delusion and for a bevy of movie stars to join them in presenting their entertainment. We would think all the flamboyant acting of Mr. Brownell, et al and Irene the great and her bevy of movie stars was comedy, as presented, if it were not for the tragic effects of policies and operations of government under the three generals, General Eisenhower, General Motors and General Electric, which the puppet actors in the play attempt to cover up and distract us from remembering.

In keeping with the customary Republican policy of creating allusions we find Mr. Weldon Hart and his co-hosts sitting in a plush office in the City of Austin puppeting the imaginings of the Republican Big Wigs from New York, Detroit and Washington through the make believe character of "Tex", who, they would have you believe to be a Democrat for Eisenhower in a small town, portraying small town views; but which skit only exemplifies their contempt for we small towners and our views. After all, when "Tex" tells us "it is taking time for him to adjust, but like is working at it" we wonder whether he is trying to adjust to golf or to the part of second fiddle to Nixon—in either event we wonder how long they think it will take, and we wonder how long it would take if he should decide to adjust to making a President for the benefit of the people. "Tex" also tells us that "like stands for things the Democrats have always stood for," his record belies this statement, but let us suppose he does, still, of what benefit is that to us when he is not in a position to assert himself in such matters because he must accept his philosophies of government from and pursue the policies of the Party under whom he holds office and to whom he admits his first loyalty. This "Tex" character is presented to you through ads paid for by so called "Democrats for Eisenhower, Weldon Hart, Director," another figment of imagination dreamed up by the Republican party.

Whether one is a Democrat or a Republican is determined by how he votes, that is the only possible method of determination in a government like ours. We have a two party system in which it happens that the philosophies of government of the Democrats is that of human interest and the welfare of people as against the philosophy of the Republicans that property and big business are the purposes of government. The party in power controls the actions of its President, the system could not operate otherwise. Therefore, it is not possible to vote "for the man." Every vote anyone casts is for the philosophy of the party under whose label he places himself when he votes. No neither you nor I want it to be any different. France has a multi-party cross section system and their government is so unstable that it falls every few months and a new election has to be held. Russia has a one party system with a permanent rule of terror, and no elections are permitted. Yes, we want to keep our system but in order to do so we must be honest with ourselves and our fellow man and take our stand in the line in which we choose to march; being not ashamed thereof. Let us beg those who do not wish to be known by the label they have placed on themselves to please not try to hide under the respectable name of "Democrat." There are no hyphenated Democrats, in voting for President or any other office under our system, only Democrat or Republican. Yes, there is the Constitutional Party but it has no band wagon, and even they call themselves by the name under which they travel in voting their ticket.

We are told that "like" made possible the biggest tax cut in American history. We do not dispute that because it is true that the Republican Party did manage to cut taxes for big interests in an unprecedented manner and enormously. The average man and little business man got no cut but did get the responsibility to carry the load for the big interest tax cut and that burden has caused more small business failures during the last two years than in any other ten year period in history.

Let us join efforts on next Tuesday and elect Democrats from constable to president, remove the uncertainties of the last four years and restore confidence in a government by and for the people as opposed to that of the present administration, of, by and for big business.

Antelopes Seeking To Get Back On Victory Trail At Floydada

The Post Antelopes, who have lost their last two starts—one by one touchdown, the other by one point—journey to Floydada Friday night for a District 2-AA game with an old foe.

Except for 1954, the Post and Floydada eleven have clashed on the gridiron every year since 1949, with honors all even at three victories each. Scores of the games have been as follows:

1949—Floydada 13, Post 6
1950—Post 32, Floydada 0
1951—Post 14, Floydada 12
1952—Floydada 32, Post 7
1953—Floydada 26, Post 7
1955—Post 20, Floydada 0

Through the two teams' first seven games this season, the Antelopes have fared better than the Whirlwinds with four wins and three losses against three victories, three losses and one tie. Floydada has a better conference mark, however, with two wins and one defeat against Post's

one victory and two losses.

Coach Preston Ward's Whirlwinds opened their season by losing to the District 1-AA Canyon Eagles, one of the state's top-rated Class AA eleven. They followed with a 34-14 loss to Olton, another District 1-AA power, and then defeated the Class A Ralls Jackrabbits, 24 to 7. On Sept. 28, the Whirlwinds battled to a 20-20 deadlock with Class A Paducah, then rested a week before opening their conference schedule with a 12 to 6 victory over Tahoka. The following week they lost to Abernathy, 12 to 6, and last Friday downed the Slaton Tigers, 25 to 6, on the Slaton gridiron.

Floydada has a speedy backfield in Dowling, Beedy, Huckaby and Stovall, and a line that has held its last three opponents to scant rushing yardage. Dowling is also a passing threat, several of the Whirlwinds' touchdowns this season having come on brilliantly-executed pass plays.

Little Change In District Scoring

Although held scoreless in his team's 14-13 victory over Post, Max Gabriel, Spur halfback, this week retains his District 2-AA scoring lead.

Since Lockney was idle Friday, the second, fourth and fifth high scorers also failed to move up, but retained their places in the scoring column. Dickie Thomas, Slaton halfback, is still in a tie for second place with 48 points, although he has not scored since the Slaton-Post game Oct. 6.

Following are scoring totals through Friday's games:

Norm Cash Named To All-Star Nine

Norman Cash, former Post High School athlete, was one of two Waterloo players named to this season's Three-I League all-star team. The Waterloo manager, Ira Hutchinson, was named as manager of the team.

Cash, son of Mr. and Mrs. Bandy Cash of Justiceburg, was selected at the left field position on the all-star aggregation.

Norman was inducted into the Army shortly after the season ended last September and is now in basic training at Fort Hood, Tex. This was his second season with Waterloo, which is a farm team of the Chicago White Sox.

Mr. and Mrs. Elton Truebeck of Lubbock spent Sunday with his parents, Mr. and Mrs. S. M. Truebeck.

LOCKNEY-SPUR CLASH SEEN AS CRUCIAL ONE
Abernathy Only District 2-AA Team Idle This Week As Season Nears End

The Abernathy Antelopes have an open date Friday, but all other six teams in District 2-AA see action, with the feature game pitting the Lockney Longhorns against the Spur Bulldogs on Spur's field.

In other games, the Post Antelopes journey to Floydada, and the Slaton Tigers and Tahoka Bulldogs meet at Tahoka in a battle between the two cellar eleven.

The Spur Bulldogs, probably the most improved team in the district, are "doped" to lose to the league-leading Lockney eleven, but will have the home field advantage.

Williams Tops 'Lope Ball Carriers Friday

James Williams, Post quarterback-halfback, was the leading ground gainer for the Antelopes on Friday night's Spur game with a net of 64 yards on 12 carries.

Fullback Ronnie Kennedy juggled the leather nine times for a total of 26 yards, and halfback Jack Morris carried it five times for a total gain of 22 yards.

Halfback Ray Gary, who suffered a foot injury early in the contest, carried only three times for an 11-yard total. Quarterback No. 1 Don Norman chipped in the rest of Post's rushing gain with 22 yards on six tries.

What The Antelopes' Opponents Are Doing

Here's a brief look at what the Post Antelopes' 1956 gridiron opponents, past and future, did in last Friday's games:

Local Hunters Down Three Montana Deer

R. J. Blocklock and Gene Hair returned Saturday from a deer hunt in Montana, where R. J. bagged two deer and Gene, one.

They reported seeing "lots of deer" in the vicinity where they hunted—between Roundup and Lewiston.

R. J.'s deer, one a blacktail and the other a whitetail, dressed out at 206 and 166 pounds. Dressed weight of the whitetail killed by Gene was about 150 pounds.

Mr. and Mrs. R. V. Burnes and family visited Sunday afternoon in Andrews with his sister and family, the A. F. Neinasts.

Prosperity Republican Style

How Does the GOP Really Feel About Big Business?

Interior Secretary McKay in a speech to the U. S. Chamber of Commerce, April 29, 1953: "We're here in the saddle as an Administration representing business and industry."

Defense Secretary Wilson, Jan. 16, 1953: "What's good for General Motors is good for the country."

How does the GOP Really Feel About Small Business?

Assistant Interior Secretary Felix Warmser, May 24, 1956: "There are business failures even in times of great prosperity. It is part and parcel of our American way of life. I do not think we would want it different."

HERE'S THE PICTURE OF GOP'S "BIG BUSINESS PROSPERITY."

General Motors profits are UP	113%
U. S. Steel's profits are UP	158%
General Tire's profits are UP	58%
"Take home pay" of all corporations is UP	35%
Auto Workers' income is UP ONLY	14%
Steel Workers' income is UP ONLY	21%
Rubber Workers' income is UP ONLY	17%
Take Home Pay of the average person is UP ONLY	4%
FARM INCOME DOWN OVER	20%

"THE DEMOCRATS NEVER HAD PROSPERITY WITHOUT WAR"

In the real peacetime years of 1947 and 1948, for instance, the Democrats spent only about one-third as much on defense as the Republicans. Even so, unemployment was less than it is now. Here are the Facts:

HERE IS THE RECORD ON SMALL BUSINESS EARNINGS:

1. **DEMOCRATS:** In 1952 the smallest corporations (assets under \$250,000) and larger corporations (assets over \$1,000,000) both earned more than 9%. Profits of independent retailers, wholesalers, service tradesmen, small manufacturers were generally pretty good, whether incorporated or unincorporated.

2. **REPUBLICANS:** In 1955 the profits (after taxes) of smaller corporations were down 52% from 1952. By contrast the profits (after taxes) of biggest corporations (assets over \$100 million) were up 61% over 1952.

3. Small business failures were up (from 1952) 56% in 1954 and up 48% in 1955 (based on first six months. Dun and Bradstreet.)

DEMOCRATS

Year	Defense Spending	Average Unemployment
1947	\$13.3 billion	2.1 million
1948	16.0 billion	2.1 million

REPUBLICANS

Year	Defense Spending	Average Unemployment
1954	\$43.2 billion	3.2 million
1955	40.7 billion	2.7 million

In three peace-time years, President Eisenhower piled up a \$5.5 billion **DEFICIT** (compared with President Truman's \$4.3 billion **SURPLUS** in four peace-time years).

Under President Eisenhower, the national debt has risen by \$17.6 billion (whereas under President Truman it went down by \$13.1 billion).

NEW DESOTOS ON DISPLAY—New 1957 models of the DeSoto automobile, such as the one pictured here, went on display Tuesday in dealer show-

rooms throughout the nation. The new DeSotos may be seen in Post at Post Auto Supply, 114 South Avenue I.

New Firesweep Feature Of 1957 DeSotos Now On Display In Post

Highlighted by an all-new, lower-priced Firesweep, a third model in the company's 15-car line, the new De Soto cars went on display here Tuesday at Post Auto Supply, 114 South Avenue I, and in dealer showrooms throughout the country.

The new model features many automotive advances, including a revolutionary new suspension system, a newly designed V-8 engine, a triple-range push-button transmission, and an all-weather new air conditioning system which are also available in its sister cars, the Fireflite and the Fire-dome.

In the new 122-inch wheelbase De Soto Firesweep, mechanical torsion bars replace conventional front springs, save space and reduce weight by 30 per cent. An anti-brake dip device, which replaces forward pitch by 65 per cent, is also standard. Rear-end stability is increased by mounting rear springs outboard of frame.

All suspension components are isolated from the heavily reinforced frame by rubber bushings. Also contributing to the Firesweep's smoother ride and easier handling are new 14-inch tires requiring only 22 pounds air pressure.

Together with the new "step-down" chassis, they help account for the unusually low silhouette, measuring barely four feet, seven and one-half-inches from road to roof.

The completely new De Soto Firesweep engine is a V-8 power-plant rated at a highly-competitive 245 horsepower.

The Firesweep offers four transmissions, including De Soto's new Torque-Flite, which combines a high-performance torque converter with a 3-speed planetary gear box. A fifth button to the push-button control adds a new third

forward speed that affords greater acceleration at low speeds, increased flexibility in city traffic and fuel economy.

A standard transmission, standard transmission with overdrive, and Power-Flite are also offered.

Other available safety, comfort and beauty features are improved full-time power steering, power brakes, electric window lifts, a six-way power-operated front seat and two types of heaters, one an instantaneous, gasoline-fired type.

Five De Soto Firesweep models are offered: a four-door sedan, two and four-door Sportsman hard tops, the Shopper two-seat station wagon and the Explorer, a three-seat wagon based on Chrysler Corporation's "Plainsman" dream car. In the latter, the third (rear) seat faces backward, "observation car" fashion. Third-seat passengers gain entry through a unique tailgate which doubles as an entry step.

The new cars are available in 64 different color combinations, 14 solids and 50 two-tones.

LONG STAR AGRICULTURE

Farmers Express Dissatisfaction With Hay, Roughage Aid Program

By JOHN C. WHITE
 Commissioner of Agriculture

Dissatisfaction with the new drought relief hay and feed concentrate program of the federal government is becoming evident from letters received by the Texas Department of Agriculture.

Farmers are complaining that the monetary aid received was immediately devoured by a corresponding increase in hay prices. A price study by the Department seems to bear out this criticism.

After four months of negotiations, the Texas Emergency Drought Committee succeeded in attempts to get the federal government to re-instate a drought aid program in the state. The plan went into effect in October. It called for \$7.50 per ton grants-in-aid for drought area farmers on hay or roughage purchases. In addition, a price reduction of \$1.50 for each 100 pounds of feed concentrate in government storage was granted needy stock farmers.

The state committee, composed of farmers and leading agriculturists, strongly recommended that the government also inaugurate some temporary form of price controls on roughage and feeds. This phase of the program was

neglected when the program was first set up.

Here are the results of a study since that time. In June, when the plan was suggested, hay was selling mostly at \$42.50 per ton. When government aid was granted, prices probably would have gone up to \$45.00 per ton in September—when the plan was in effect.

The same was true of hay. June prices were to \$39.00 in July and \$48.10 per ton in September. This is an astounding increase of \$24.20 and mixed hay from \$35.50 to \$42.50 per ton.

Temporary controls gone a long way toward relieving the money situation.

THANKS . . .

For Your Vote Of Confidence

The excellent turnout of voters and the overwhelming majority given the White River Water Control and Improvement District in Saturday's election makes us feel that our efforts and your efforts during the last few years to secure an adequate water supply are bearing fruit.

We wish to express our sincere and heartfelt thanks to every voter who cast a vote in Saturday's election. The percentage of qualified voters casting ballots was by far the greatest ever recorded in a city election here. We gratefully feel that it was a "vote of confidence" in our efforts to assure the city an adequate water supply in the years to come.

By confirming the White River Water Control and Improvement District you have made it possible for us to continue on a project which has been deemed the most feasible for solving our water problems. You have cast a vote for your city's future.

In addition to the individual voters casting ballots in Saturday's confirmation election, we wish to thank all civic and service and other type organizations which have assisted us in our educational campaign on the election and in getting out the record-breaking vote. These include the Post Junior Chamber of Commerce, which heartily endorsed the project, and whose members provided transportation to and from the polls for many of those voting in Saturday's election.

Also endorsing the project and combining with the Jaycees in holding a pre-election meeting for the purpose of hearing the confirmation election and other phases of the project explained were the Rotary Club, the Lions Club and the Chamber of Commerce. Our sincere thanks to each of these organizations and to each and every one of their members.

We also wish to thank the Post Independent School District, the Chamber of Commerce and the Garza County Commissioners' Court for going on record as being in favor of confirmation of the District and for issuing signed endorsements to that effect.

Our thanks also go out to the city's women clubs and other organizations for their interest in the election, as attested to by representation at the pre-election meeting and in other ways.

An unfavorable vote in Saturday's confirmation election would automatically have excluded us from the District and from the water project, thereby setting our endeavors in securing an adequate water supply back several years—a point from which we might never have recovered in time to find another source.

Now that the White River Water Control and Improvement District has been confirmed, we have taken a long step in the right direction, but much remains to be done before the goal is reached. We respectfully solicit the continued support and influence of all the above-mentioned organizations and of every qualified voter living within the city limits of Post.

Post, today, is nearer a solution of its water shortage problems than it ever has been. Our efforts along this line have been no greater than your own. Without your help, a solution might never have presented itself, because YOU ARE the city. We are only your elected officials, acting in your behalf.

Again, we say "Thank You" to every individual and to every organization which has helped us come this far.

IKE HAS THE FORMULA FOR SOLVING TODAY'S COMPLEX PROBLEMS

Let's take a look at the record of problems left us by the previous administration, which Eisenhower solved with integrity, intelligence, and courage..

- War in Korea—IKE ENDED IT**
No American boy today is shedding blood in any foreign war.
- A Mess of Corruption, Communism and 'Cronyism' in Washington—IKE CLEANED HOUSE**
Integrity and decency have replaced the Alger Hiss and Harry Vaughans of previous administrations.
- Inflation Rampant—IKE STABILIZED THE DOLLAR**
With peace, the greatest prosperity in American history, including more jobs and higher wages, has been achieved under Eisenhower.
- Texas' Tidelands Stolen—IKE RETURNED THEM**
By this action, Texas has already received more than \$60,000,000 for its public school fund.
- Unbridled Government Spending—IKE BALANCED THE BUDGET**
Now — the Federal government is living within its income!
- High Income Taxes—IKE LOWERED THEM**
Beginning in 1954, Americans received the biggest tax cut in history, about \$100 per family.
- Government Centralization in Washington—IKE HALTED IT**
A 25-year trend has been reversed by protection and strengthening of the Constitutional powers and responsibilities of the states.
- Dean Acheson Guiding Foreign Policy—IKE RESTORED SOUND AMERICAN DIRECTION**
The Eisenhower policy of working for peace through strength has restored America to its rightful place in world affairs.
- Government Without Principle—IKE BROUGHT MORAL AND SPIRITUAL DEDICATION**
His administration has restored following leadership with faith in the dignity of man.

"Fixing To Jerk Off The Hide"

STATEMENT BY GOV. SHIVERS:

I will vote for and support President Eisenhower for re-election.

Four years ago I supported him because he promised to return our lands, and because I felt that he would find a way to stop the Korean war and restore integrity in the Washington government.

If for no other reason, a sense of gratitude would compel me to vote President Eisenhower again.

There are, however, other reasons.

I believe he has proved himself to be a bigger and better man, by and all the political, moral and spiritual standards by which we judge than his opponent of 1952 and 1956.

That opponent, who opposed the Texas tidelands claim, has done so nothing to convince me that he has any real understanding or sympathy for the Texas view point. I do not know of any reason why any of the 1,000,000 Texans who voted for Eisenhower in 1952 should be for Stevenson in 1956.

I believe Eisenhower will keep us out of war. If we should be forced into war, I know I would want Eisenhower to lead us—not Adlai Stevenson.

A brainwashing campaign is being waged against Texas voters, to convince them that the party is the most important issue—not the candidate. This campaign is being conducted by persons who hold positions of party power and who want to strengthen and perpetuate themselves in those positions.

Political parties are important, but they are a means to an end—not an end in itself. Free Americans, called upon to elect a President, have to look beyond partisan political claims and ask themselves: "Which of these candidates would make the best President?"

The answer for me is still Dwight David Eisenhower.

West 5th St. between South Avenue "P" and South Avenue "O". South Avenue "R" between West 5th and West 6th Street. South Avenue "Q" between West 6th and West 5th Street. And such other streets as may be hereinafter designated by Ordinance of the City Council. SECTION 2. Each of said street units shall be paved with the following types of pavements: Three (3) courses of asphalt on a Six (6") inch caliche base. Curbs and Gutters—Portland Cement. Streets will be paved from curb to curb, curbs and gutters will be constructed where the City Superintendent of the City of Post determines that adequate curbs and gutters do not exist, and necessary drainage facilities will be installed. The plans and specifications for all such improvements, heretofore prepared by the City Engineer of the City of Post, and now on file with the City Council are hereby in all things approved. SECTION 3. The cost of said improvements shall be paid as follows, to-wit: (a) The City shall pay all of the costs of excavation and base preparation on all portions of the street units involved, which said cost is determined to be in excess of Twenty-five (25%) per cent of the total cost of said project, and where the City Council may deem it just and proper, the City shall

also pay all or any amount of any credit adjustment which may be allowed in the assessment of abutting property and the owner thereof. (b) The City, upon completion of the curbs and gutters, shall pay to Contractor Ninety (90%) per cent of the cost thereof; upon completion of the caliche base, Ninety (90%) per cent of the cost of said paving and upon completion of each block unit and the acceptance thereof of the City, the City shall pay the balance then due the Contractor. SECTION 4. The written statement and report of the City Superintendent heretofore filed with the City Council showing the estimated total cost of all the improvements on each of said streets or units within the limits above defined, showing the amounts per front foot proposed to be assessed against the abutting property and the real and true owners thereof on each of said streets and units for said improvements, showing the total estimated cost of said improvements on each of said streets or units proposed to be assessed against and paid for by the abutting property and the real and true owners thereof, and showing other matters relative thereto having been received and examined by the City Council, said reports and the estimates therein shown are hereby in all things approved and adopted; and it is hereby found and determined by the City Council that the estimated amounts of the several respective items of cost of said improvements as above described on each of said streets or units are as follows: Curbs and Gutters—\$1.35 per front ft. Caliche Base—\$1.29 per front ft. Topping—30 cents per front ft. No assessment shall be made against any abutting property or to real and true owners thereof for costs in excess of the benefits to such property in the enhanced value thereof by means of such improvements, the amount of such assessments shall constitute a first and prior lien upon all such parties and a personal liability of the true and real owners thereof, whether correctly named or not and shall be payable in installments as follows: When the improvements herein ordered for any street unit herein designated have been completed and accepted by the City of Post, the amount of the assessment against each property abutting thereon and the real and true owners thereof shall be and become payable in Four (4) equal annual installments due respectively 1, 2,

3, and 4 years from date of acceptance by the City, together with interest on every installment from said date until paid at the rate of Seven (7%) per cent per annum, payable annually; provided, however, that the owners of any of said property shall have the privilege of paying all or any of said installments at any time before maturity thereof, by paying the total amount of principal of such installment, together with the interest accrued thereon to the date of payment. Further, if default be made in the payment of any of said installments of principal or interest as the same matures, then at the option of the City of Post or its assigns, the entire amount of the assessment upon which default is made, together with reasonable attorneys fees and all collection costs incurred shall be and become immediately due and payable. SECTION 5. A hearing shall be held and given to the real and true owners of, and all owning or claiming any interest in any property abutting upon said streets or units within the limits above defined, and to all others owning, claiming or interested in said property or any of said matters, as to the assessments and as to the amount to be assessed against each parcel of abutting property, and the real and true owners thereof, and as to the special benefits, if any, to said property to be received from said improvements, and concerning any error, invalidity, irregularity or deficiency in any proceeding or contract with reference thereto or concerning any matter or thing connected therewith, which hearing shall be held by the City Council of Post, Texas at 10:00 o'clock A. M. on the 29th day of October, A. D. 1956, at which time and place all persons, firms, corporations or estates owning or claiming any such abutting property, or any interest therein, and their agents or attorneys, and persons interested in said proceedings, shall be notified to appear and to be heard in person, or by counsel, and may offer evidence; and said hearing may be adjourned from day to day and from time to time and kept open, until all evidence and protests have been duly offered and heard, and the City Superintendent of the City of Post, Texas, is hereby directed to give notice of said hearing by publication of Notice in some newspaper of general circulation in the City of Post, Texas; said Notice shall be published at least Three (3) times in said newspaper before the date set for said hearing, the first of which publications shall be at least Ten (10) days prior to the date of said hearing, and such notice by publication shall be valid and sufficient, without any further form or character of notice. However, said City Superintendent may, in addition to the contents of the Notice of said hearing, as required by law and the Charter of the said City, which shall be for all purposes valid and sufficient in itself, included in any one or all of the publications of said Notice such further data and information regarding such proposed improvements and assessments as the City Superintendent may deem proper and such general statement in connection therewith as the City Superintendent may desire, to acquaint those to whom the Notice is directed with the facts and matters concerning said improvements, assessments and hearing. The form of said Notice, as required by law and said Charter, having been heretofore submitted to the City Council by the City Superintendent, same is hereby approved for publication. SECTION 5. Following such hearing as above provided, assessments will be levied against said abutting property, and the real and true owners thereof for that portion of the costs of said improvements hereinabove determined to be payable by said abutting property and the real and true owners thereof, which assessments shall be a first and prior lien upon said abutting property and a personal liability and charge against the real and true owners thereof. In levying said assessments, if the name of the owner be unknown, it shall be sufficient to so state the fact, and if said abutting property be owned by an estate or by any firm or corporation, it shall be sufficient to so state the fact, and it shall be unnecessary to give the correct name of any such owner and no error or mistake in attempting to name such owner or in describing any of said property shall invalidate any assessment or certificate issued in evidence thereof; but nevertheless, the real and true owners of said abutting property shall be liable and the assessment against said abutting property shall be valid whether or not such owner be named, or correctly described therein. SECTION 7. Each portion of said streets hereinabove described and designated by Unit numbers constitutes a separate and independent Unit of the improvements and shall be improved and the improvements constructed therein as separate and independent from each and every other Unit of said streets, and the assessments to be levied for said improvement in each unit or portion of said streets shall be altogether separate and distinct and independent of and from the assessments to be levied in every other of said units and portions of said streets, and, in making and levying said assess-

ments against the property abutting upon one of said Units, no matter or circumstance in connection with any other of said units shall be considered or have any effect upon the other, all as fully and to the same extent as if separate proceedings and contracts had been had and executed with reference to the improvements to be made in each of said units. SECTION 8. The Mayor and the City Secretary are hereby authorized and empowered upon the completion of each block to issue warrants which shall be general obligations of the City of Post, payable to the Contractor in Six (6) equal annual installments, the first of said installments to become due and payable Two (2) years after date for One-sixth (1/6th) of the total price and a similar installment due respectively 2, 3, 4, 5, 6, and 7 years after date, said warrants after the expiration of Three (3) years, may be paid off in full at any interest paying date, said warrants shall bear interest from date of issuance at the rate of Five (5%) per cent per annum, payable semi-annually. In order to secure the payment of said warrants and to set up a fund for retiring the same, the City of Post, in addition to levying the assessment as herein provided for, shall secure from the property owners of any exempt property abutting said project a Mechanic and Materialman's Lien securing notes to be executed by the property owners for the cost of the construction of the improvements as hereinabove designated. The City Secretary shall establish a separate fund known as Post Paving Fund No. 1, into which fund all money collected from property owners by virtue of payments of Mechanic and Materialman's Liens or payment of assessments herein levied shall be deposited and shall be kept separate and apart from any other fund of the City and the amounts deposited in said fund shall be applied solely to the retirement of the warrants as herein specified. The amount of warrants herein issued shall not be in excess of Fifty Thou-

sand (\$50,000.00) Dollars. That Notice of intention to issue said warrants was duly and legally given by publication in the Post Dispatch of Post, Texas, on the 20th day of September, A. D. 1956, proof of which publication is on file with said City Council and no protest having been made to the issuance of said warrants, the same are hereby ordered issued as above set out. In the event collections in said paving fund are not sufficient at the time of the due date of said warrants to retire any of the warrants then due, sufficient money shall be transferred from the general funds of the City of Post to complete said payment. The City Council further approves the contract on the terms and at the prices submitted by C & C Asphalt Paving Co., the Contractor, and that the Contractor and contract documents by and between the City of Post and C & C Asphalt Paving Co., the Contractor, be and the same are approved and the Mayor is hereby authorized and directed to execute the same on behalf of the City of Post. It is contemplated that additional blocks within the City of Post will be paved at some future date, and said paving may be provided for in a future ordinance designating said blocks as long as the cost thereof does not exceed the amount of warrants authorized by this ordinance, and Notice of intention to pave shall be given by the City Secretary as outlined herein and liens of assessments fixed in the same manner after hearing. Form of said warrants to be substantially as follows: NO. — CITY WARRANT \$1,000 The City Secretary of the City of Post, Garza County, Texas, pay to the order of ——— the sum of One Thousand (\$1,000.00) Dollars out of the general fund, said Warrant being issued under the authority of Ordinance No. 164 passed on the 8th day of October, A. D. 1956. For paving and curbs and gutters as designated in said Ordinance, the above amount being due in Six (6) equal annual installments, the first being due

The Six Real Issues In The --- PRESIDENTIAL RACE

More than ever before in our lifetimes, the issues which divide the presidential candidates and their philosophies of government are being obscured in a gale of oratory, misstatements, and diversionary tactics. This reprint strips away the camouflage and starkly simplifies the real issues which concern Texans.

PEACE OR WAR?

This is the top issue in Texans' minds today, and it is a simple choice. Looking through the fog of wild, intemperate attacks on the President's foreign policy, what are the FACTS? Four years ago, we were in a war we weren't allowed to win. Today, we're not. And — if another war were forced on us, whom would we want for Commander-in-Chief?

THE RACIAL PROBLEM

This problem has come to a head under Ike's Administration, but it has been in the making for over a century. It is not an Administration maneuver — it is the inexorable movement of history. Again, the choice is clear and simple. Each side has demonstrated its own approach. Eisenhower has refused to be stampeded by the NAACP into Federal intervention. He has repeated his insistence on home rule. Nixon has flatly stated the Administration's policy will be "evolution, not revolution."

THE ECONOMY

Never in history have employment and wages been so high. Compare the cost of living index during the past four years with that during Truman's disastrous regime. The income increases have been real increases, not wiped out by Truman-type inflation. There is a farm problem, and Eisenhower has faced it squarely. It was brought about by the previous Administration's piling up huge surpluses. Eisenhower has reduced those surpluses and, despite a hostile bloc in Congress, passed the Soil Bank bill which is already relieving the pressure on reduced farm incomes. Eisenhower's program is one of solution, not another temporary expedient to buy votes.

THE VICE-PRESIDENT

The left-wing radicals, the ADA, and other party liners have done a fantastic hatchet job on Richard Nixon. They have succeeded, by smear, insult and innuendo, in confusing some people as to WHY they are against Nixon — WHY they hate him so. It's really quite simple. The left wingers have set out to destroy Nixon because he sent Truman's boy, ALGER HISS, to jail. That's the Nixon issue in a nutshell. He sent one of their fair-haired boys to jail and they'll never forgive him for it.

Who's "Behind" The Government?

The left-wingers say "Big Business" controls the Eisenhower Administration, but it's pretty plain who makes the decisions in this Government. NOBODY controls that Texan in the White House, except the millions of voters who elected him. Who would control a Stevenson Administration? That's easy. Who called the shots at the Democratic National Convention? Walter Reuther and Harry Truman. Whom does Adlai owe his nomination to? Ask Texas' Senior Senator, Lyndon Johnson. He knows. So, again — the choice is simple. We now have dignity and integrity in the White House. Shall we trade them for Reuther and Truman?

TEXAS TIDELANDS

Yes, this is still very much an issue, though they've almost succeeded in hiding it. Suppose a bill is passed in the next Congress grabbing our Tidelands again — which have already paid sixty million dollars into Texas School Fund, Has Adlai said whether or not he'd sign such a bill? No, Adlai hasn't answered that question. Because he would sign the bill, and grab our school children's Tidelands again.

Eight Decisions On State Policy Up To Voters In General Election

By VERN SANFORD
Texas Press Association
AUSTIN (Spl.)—Eight decisions on state policy soon will be squarely up to the voters. In addition to party candidates, eight proposed amendments to the state constitution will appear on the general election ballot.

Through a procedural slip-up, a ninth will be considered at a special election on Nov. 13.

Each amendment will be printed on the ballot twice—one preceded by FOR and one by AGAINST. Voters must mark out the statement they oppose and leave the other clear.

Gist of the amendments and arguments pro and con:

1. Authorizes the legislature to compensate persons fined or imprisoned for crimes they did not commit. PRO: Would make amendments for hardships unjustly imposed on the innocent. CON: Might open the door to numerous fraudulent claims.

2. Allows county commissioners courts to vary allocations of tax money without special elections. PRO: Greater flexibility would make for greater efficiency in county financial management. CON: Commissioners' court would have too much authority.

3. Adds other colleges to the building program financed by the University of Texas Permanent Fund and authorizes investment of the fund in corporate stocks and bonds as well as government bonds. PRO: Would provide an increase in college building money without new taxes. CON: Risk involved in wider investments is not worth the possible return.

4. Increases the benefits of the teacher retirement system. PRO: Would attract more persons to the dwindling profession. CON: Would increase taxpayer obligations by \$4,500,000, take a larger nick out of teachers' salaries.

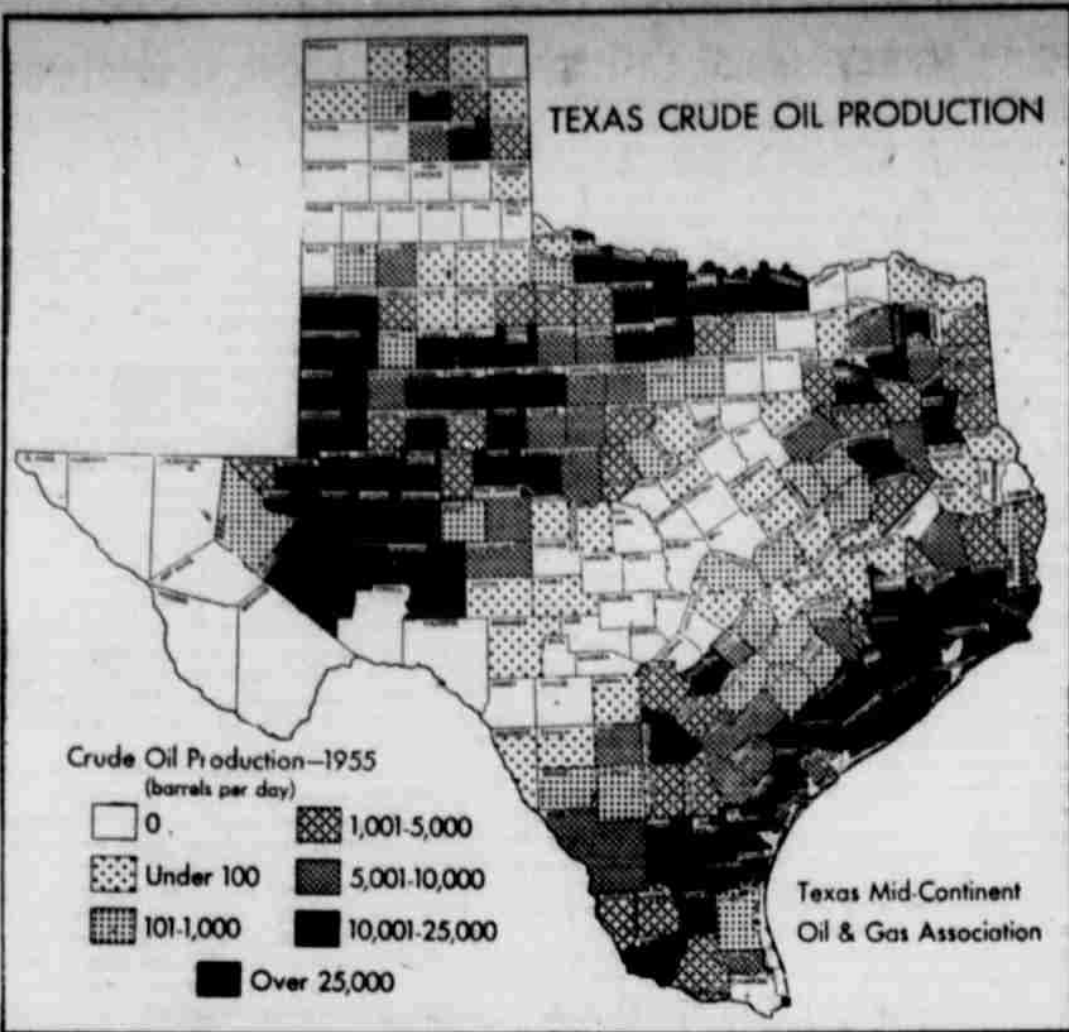

5. Authorizes another \$100,000,000 bond issue for veterans land buying. PRO: Program has been put in order, and additional money is needed to enable more veterans to participate. CON: Program does not merit public confidence; only about one per cent of Texas veterans have benefited.

6. Provides a different oath of office form for elective and appointive officials. PRO: Would clarify present inconsistencies. CON: Clutters constitution with minor details.

7. Requires competent medical or psychiatric testimony before commitment of a person to a mental institution and allows waiver of jury trial, except in criminal cases. PRO: A mentally ill person should not be "convicted" as a criminal. CON: Jury trial is a safeguard against "railroading" of persons into mental institutions.

8. Permits judge to deny bail to persons convicted of two previous felonies. PRO: Would curb habitual criminals. CON: Right of bail is one of our fundamental civil rights.

9. Authorizes the Legislature to give aid with federal assistance to citizens permanently and totally disabled by a mental or physical handicap. PRO: State has a moral obligation to these needy persons. CON: Tie-in with federal program would lead to more federal encroachment.

TEXAS 1955 PRODUCTION MAP—First-time oil production from three Texas counties in 1955 pushed the state total to 193 oil producing counties, according to the Texas Mid-Continent Oil & Gas Association. Cottle, Hemphill, and Rains

counties were added to the production column for the first time. Crude oil output from Texas' top 11 counties exceeded total production of the nation's second-ranking oil state, California.

1955 Crude Oil Production In County, 5,114,709 Bbls.

Total crude oil production, in Garza County up to Jan. 1, 1956, had totaled 33,090,544 barrels, according to the Texas Mid-Continent Oil & Gas Association.

Total crude production in the county in 1955 was 5,114,709 barrels, an average of 14,013 barrels a day.

Year of discovery of oil in the county was 1926, the report points out.

Crude production from Texas' top 11 producing counties in 1955 exceeded by 9 million barrels the output from the nation's second largest oil producing state, according to the news release.

Based on newly-released county production figures, the Association calculated that the nation's second ranking oil state, California,

trailed Texas' top oil counties 354,737,000 barrels to 363,914,806 in 1955.

Texas' number one and two counties, Andrews and Ector, topped sixth ranking Wyoming in 1955, (100,473,000 barrels) by more than 8,000,000 barrels.

There were 193 oil-producing counties in Texas at the end of 1955, the Association said, a net gain of one over 1954. New discoveries in Cottle, Hemphill and Rains counties in 1955 added those counties to the production column for the first time.

Maverick County, which first produced oil in 1929, bounced back on the recorded production list last year after being dormant in 1954.

Culberson, Hill, Menard and Potter counties, which had previously chalked up oil production, dropped from the production column in 1955.

Production from Texas' top 10 counties amounted to more than 50 per cent of the total oil production for Europe in 1955, including Soviet Russia, the Association said.

The Association listed the dozen top oil producing counties in Texas in 1955, and their production in barrels, as:

1. Andrews, 55,198,782; 2. Ector, 54,256,961; 3. Gregg, 48,564,431; 4. Scurry, 39,734,127; 5. Rusk, 28,453,921; 6. Brazoria, 25,298,489; 7. Harris, 25,273,913; 8. Crane, 22,657,603; 9. Wood, 22,588,655; 10. Gaines, 22,459,603; 11. Refugio, 12, Yoakum, 18,920,457.

Only one of these counties,

Wood, was discovered as late as 1941. Discovery dates for the remainder range from 1902 to 1936.

Cold Facts Are Given On Hunting Fatalities

AUSTIN (Spl.)—Instead of reciting the time-worn safety measures, the executive secretary of the Game and Fish Commission cited the cold causes of the 12 Texas hunting deaths to date this year.

Of the fatalities unofficially reported, two were removing a loaded gun from their car, two were climbing through fences, two stepped into the line of fire of a companion's gun. One was mistaken for a squirrel. One was shot while clubbing an opossum, one when a gun leaning against a fence post fell and was discharged, one when a companion lost his balance while riding a tractor on a hunting trip, one when a gun was discharged in a moving car, and one when a companion was removing a loaded gun from a car.

Teen-agers were either the victims or were involved in nine of the tragedies.

Texas last year had the unhappy distinction of leading the nation with its 35 hunting deaths unofficially reported.

Visitors in the home of Mrs. Bill Laurence over the weekend were Mr. and Mrs. Ray Cook and children of Wilson and Mr. and Mrs. Denzel Laurence of Vallejo, Calif.

FHA To Certify On Hay Freight Rates

Farmers Home Administration has been designated to execute certification forms in connection with reduced freight rates recently worked out between the President and railroad representatives to further assist farmers and stockmen in drought-stricken areas.

This revised tariff provides for a reduction of 50 per cent in the freight rate of hay forwarded to destination due to the drought, and applies only in connection with purchases of individuals who are entitled to assistance under the Hay and Roughage program.

Farmers Home Administration is authorized to execute certificates in behalf of farmers and ranchers only. Details of the program and forms required may be obtained from local county offices of the Farmers Home Administration.

Post Mayor And Wife On 'Greeting' Staff At LTM Convention

Mayor and Mrs. James Minor represented Post last weekend at the 44th annual convention of the League of Texas Municipalities in Lubbock.

At opening sessions of the three-day convention, the mayor and Mrs. Minor were one of the couples designated as official hosts and hostesses for the "get-acquainted" reception Thursday night at the Caprock Hotel.

The convention was attended by approximately 1,100 city officials from all over the state.

Mayor Harold R. Downs of Odessa was elected president of the League in Saturday's closing session. Mayor A. P. Miller of Texarkana was elected vice president. Mayor C. E. Gatlin of Abil-

Area Uranium Facts Found In Bulletin
 AUSTIN (Sp.)—A study of uranium occurrences in West Texas has been published by the University of Texas Bureau of Economic Geology.
 Uranium minerals have been found in several West Texas locations, including Upton, El Paso and Hudspeth Counties, the author, Dr. Hoye Eargle, U. S. Geological Survey geologist, reports. No uranium ore has been produced from these areas, however.
 Copies of the publication may be obtained for 35 cents each from Bureau of Economic Geology, University of Texas, Austin 12.

Re-Allocation Amendment Would Save County Money, Garza Official Says

Garza County voters will have an opportunity in the Nov. 6 general election to make "a most progressive change in county fiscal operation," County Judge Pat N. Walker said this week.

The judge issued an appeal to citizens to vote for House Joint Resolution No. 23, which would amend the Constitution of Texas to allow commissioners courts to re-allocate the tax levies for the four main regular county operating funds on an annual basis without the necessity of holding re-allocation elections.

Adoption of the constitutional amendment would do more to put county government on a business-like basis than anything that has been proposed in many years, Judge Walker said.

Under the new proposal the Garza County commissioners court could levy the amounts actually needed in the operating funds instead of the amounts now fixed by the Constitution and a re-allocation election a few years ago, the judge continued.

Under the present allocation in Garza County, the general fund gets 35 cents, the road and bridge fund 15 cents, permanent improvement fund 25 cents and jury fund 5 cents.

The full amounts fixed by the Constitution are not always needed in a certain fund, and a larger amount may be needed in another fund, Judge Walker explained.

Under the present law, the only way the amounts can be changed is for the commissioners court to call a re-allocation election every six years or oftener. Holding of such elections costs counties thousands of extra dollars, the judge said.

By voting for the amendment, taxpayers can save themselves money in two ways, Judge Walker continued, first by making it possible for the commissioners court to operate on a more business-like basis, and second, by eliminating the cost of the expensive re-allocation elections.

Under no circumstances would adoption of the amendment cause an increase in county taxes, because it fixes the maximum county levy for the four regular funds at 80 cents on the \$100 valuation, which is the same as the present maximum, the judge pointed out.

Ballot 'Scratching' Legal In Election

While candidates and campaign camps are busy "scratching" for votes, voters are busy learning how to "scratch" ballots.

Ballot scratching is legal. You don't have to vote the straight Democratic ticket, or the straight Republican ticket.

All you have to do to scratch a ballot is to cross out or draw a line through the name of the candidate you do not want to vote for, and leave unmarked the names of the candidates for whom you do want to vote. Just be sure you vote for only one candidate for each office. It's as simple as that.

If you want to vote for a candidate whose name does not appear on the printed ballot, you can write his name in—in the write-in column which is provided for that purpose. You should scratch out the names of all other candidates for that same office.

Election laws say that your write-in ballot will be counted even though your spelling may not be exactly correct—and even the last name of the candidate is sufficient.

Ex-Students Organization Formed At Southland Homecoming Friday

Southland won its homecoming football game with Snyder 86 to 6 here Friday night. After the game ex-students and their families met in the cafeteria and organized an ex-students association. The following officers were elected: Harley Martin, president; Leonard Anderson, vice-president, and JoAnn Lee, secretary-treasurer. About 75 were present and enjoyed refreshments after the meeting. Among the ex-students and their families who attended from out of town were Mr. and Mrs. Bobby Trimble of Midland, Mr. and Mrs. Bobby Halliburton of Amarillo, Mr. and Mrs. Joe Lester, Mr. and Mrs. Roscoe Mercer, Mrs. Bob Conner and Mr. and Mrs. Otho Dillard of Slaton, Mr. and Mrs. Duane Gilliland of Lubbock and Bob Pierce. During the football game, Dale Edmunds received a knee injury and was carried to Slaton Mercy Hospital. He will have to be on crutches for some time.

Mr. and Mrs. Tom Anderson of Abilene Christian College were at Gordon Sunday and he was the guest speaker at the Church of Christ there.

Mr. and Mrs. R. T. Mabry of Petersburg visited her brother and family, the William Lesters during the weekend. Other guests were a daughter and family, the I. J. Duffs and Troy Lesters of Levelland and the Billy Lesters.

The Monroe Buxkemper are rebuilding a new home on their farm, the former S. P. Anthony place.

Mr. and Mrs. Thurman Stevens and Mrs. Henry McDaniel from Casa Grande, Ariz., visited the Richard Haglers Thursday. The women are Mrs. Hagler's sisters.

G. D. Ellis was in Morkel Tuesday for the funeral of Mrs. Pete Arthur, former resident. She had been an invalid for many years.

The J. M. Corleys of Lubbock visited their daughter and family, Mr. and Mrs. Dan Siewert, last Sunday afternoon.

Mr. and Mrs. F. M. Davidson and Louise spent Sunday with the D. P. Millikens at Wolfroth.

Mr. and Mrs. Pat Taylor and son were Sunday guests of the Cliff Balzers at Big Spring.

Mr. and Mrs. Sam Martin accompanied their son, Blanton, of Spade to Abilene and Merkel last week to visit relatives. They returned home Saturday.

Mrs. H. D. Hallman has been visiting her niece, Opal Lemon, in Lubbock. She recently underwent surgery. Another aunt, Mrs. George Shahan of Truth or Consequences, N. M., also visited Mrs. Lemon.

The Roy Williams attended the golden wedding anniversary party for his brother and sister-in-law, the W. N. Williams at Close City Sunday. Afternoon guests of the Roy Williams were Mr. and Mrs. E. N. Baker of Idalou and Mr. and Mrs. L. M. Conner of Slaton. Sidney Smallwood, son of the
