

Community Chest campaign is within \$1,800 of reaching goal

Workers to meet

With Garza County's 1960 Community Chest almost \$1,800 short of its \$12,500 goal, Drive Chairman Leo Acker today issued an appeal to both workers and donors to get pledges and cash still out turned in.

J. B. Potts, president of the Chest organization, said a meeting of all drive workers will be scheduled Monday afternoon and asked all cards to be checked in to the First National Bank prior to that time.

Contributions in cash and pledges to date in the drive total \$10,708.85.

The Chest has bounced over the top here the last two years.

Potts reported that the big gifts division, which annually raises almost 75 per cent of the total in donations of \$25 and over, so far has turned in \$7,431.25 in cash and \$1,448 in pledges.

Big gifts is expected to top the \$9,000 mark by Monday.

Postex employees have donated \$858.50, including \$517 in cash and \$341.50 in pledges.

The rural division to date reports \$416.50 in contributions, broken down \$141.50 from the Verbeno community, \$138.50 from the Graham community, and \$136.50 from the Grassburr community.

Other rural communities are yet to report, Potts said. School employees division has turned in \$39.

Oil employees have contributed \$228.50 to date and downtown employees have given a total of \$351.50.

Potts said he wanted to express his appreciation to workers for what has been accomplished to

date, but urged those who still have cards out to get them in.

For those missed in the drive, both in rural and city areas, Potts urged that their contributions be mailed to the Garza County Community Chest, care of the First National Bank.

The 1960 Chest drive combines eight campaigns into one big financial effort.

The various participating agencies and the amounts they will receive if the Chest is fully subscribed are as follows:

Gonzales Warm Springs Foundation \$500, Texas United Fund \$575, American Heart Association \$600, Post Youth Center \$1,730, Salvation Army \$1,500, American Red Cross \$1,750, Girl Scouts \$1,750, and Boy Scouts \$3,000.

The campaign originally was scheduled for the week Nov. 16-20 but has been extended through this week.

Potts said drive leaders hope to wrap it up next week right after the traditional Thanksgiving Day holiday.

He pointed out that everybody is so busy it is difficult to get all the contacts made.

By JIM CORNISK

Lon (Corkey) Ammons, one of the best young printers we've ever been associated with in the newspaper business, is the latest to be bounced out of action here at The Dispatch. Corkey got smacked into late Saturday night in one of the worst local traffic accidents of the year and suffered a broken left leg. Right now he's at the West Texas hospital in Lubbock where he underwent a near-three hour operation Monday to have the broken bone pinned. With Corkey sidelined for what may be two months or more, our backshop is hampered again. We're going to miss Corkey a lot in the weeks ahead, but one way or another we figure to keep right on getting The Dispatch out each Thursday. Right now we're in a period of "adjustment."

The Community Chest needs all the help you can give this week—if you haven't given yet. It's easy to be overlooked in such a widespread campaign. If you have, just mail your check into the First National Bank and it will be appreciated.

Dr. A. B. Carter who has been busy the past few weeks promoting and organizing the Retail Merchants Association Credit Bureau of Post told us yesterday that the new credit bureau will get into operation "right after the first of the month". Dr. Carter already had 27 merchants signed up for credit bureau membership and was calling on filling stations, lumber dealers, and auto agencies at the time, explaining the work and procedures of the bureau's operation. It is Dr. Carter's plan, as we understand it, that the participating business men will organize the retailers association and have complete direction of the credit activities. His purpose is to

Harvest nearing completion

Ginnings here up to 13,761

With the cotton harvest in Garza County variously estimated at being anywhere from 75 to 90 per cent, steady gin operations had upped the total to 13,761 bales by 10 a. m. Tuesday.

Up to Wednesday noon of last

week, 10,597 bales had been turned out by the county's six gins, but ideal weather conditions and steady gin operations had upped the total to 13,761 bales by 10 a. m. Tuesday.

Most gins were running day and night as the harvest nears completion.

One of the gins running full time is the Planters Gin in Post, which had turned out 2,046 bales up to Tuesday morning. The estimate there was that the crop is about 80 per cent completed.

The Close City Co-operative Gin had tied out 3,065 bales and is also running around the clock. They estimate 90 per cent of the cotton has been gathered.

At the Basinger Gin in Southland, where the estimate is 75 per cent of the harvest over, 2,810 bales had been ginned up to Tuesday, with the gin operating day and night.

The Pleasant Valley Gin, which is on a 15-hour a day basis, had ginned 1,378 bales. The estimate there is that the harvest lacks only about 10 per cent of being completed.

The Graham Co-operative Gin had turned out 3,457 bales, with about 90 per cent complete.

Ginnings at the Storie Gin, west of Post, totaled 1,025 bales. They estimated the crop at being 90 per cent complete.

This time last year, ginnings totaled 11,375 bales, but the 1958 crop was later than this year's, and at the time it was estimated that only about 60 or 65 per cent had been harvested.

White River dam board awaiting word from FHHA

White River water district directors are still awaiting word from Fort Worth that the new bond maturity schedule, already approved by the Texas Water Resources Board, has been approved by the regional FHHA office and forwarded to Washington for the final okay.

Acceptance of the maturity schedule, which excludes any income from sale of surplus water to oil companies, would remove one of the last major hurdles to receiving the \$4,000,000 in state and federal loans for the White River project.

Directors, at their November meeting here last Thursday night in the First National Bank, heard Marvin McLaughlin, chairman of the board's finance committee, report that action can be expected from the FHHA office at Fort Worth soon.

McLaughlin explained to directors that while the state water resources board has approved the new bond schedule, providing for the bulk of payments on the state loan after the federal loan obligations have been met, the White River district has yet to make its formal application for a state loan.

Fiscal agents for the district are now preparing the "book thick" formal application. Ransom Galloway of Lubbock, representing the district's fiscal agents, has about completed gathering the necessary data.

Local student pledges social group at Duke

DURHAM, N. C. — Mary L. McCrary of Post, daughter of Mr. and Mrs. G. C. McCrary, has pledged Kappa Delta sorority at Duke University.

Miss McCrary is one of 270 students joining sororities and fraternities at Duke this semester.

Long weekend

Play it safe on holiday

Have a good Thanksgiving, but drive carefully, law enforcement officers and other safety officials were warning today as the long holiday weekend began.

With people coming and going for holiday visits, streets and highways are expected to be unusually hazardous for this time of year. The brightest note in this area was the fact that no bad weather is predicted.

Schools were dismissed Wednesday afternoon, with classwork to be resumed Monday. Practically all business and public places in the city will be closed Thursday.

The annual community-wide Thanksgiving service sponsored by the Post Ministerial Alliance was scheduled for Wednesday evening at the First Methodist Church.

Brownfield teams wins two first places

200 boys take part in FFA contests

RECEIVES TEAM'S FFA BANNER

The Brownfield chapter won two first places in the Mesa District Future Farmers of America leadership contests here Saturday, with the other four first places going to Wellman, Meadow, New Home and Tahoka.

The Post FFA chapter and its advisor, D. H. Koeninger, were hosts to approximately 200 boys representing the 16 schools in the Mesa District.

Brownfield took first place in the junior chapter conducting and the junior farm skill contests.

Wellman won first in senior chapter conducting, Meadow first in senior farm skill, New Home first in farm radio and Tahoka first in FFA quiz.

In the senior chapter conducting contest, Brownfield finished second to Wellman. Seagraves was Meadow fifth.

Finishing behind Brownfield in the junior chapter conducting contest were Wilson, Wellman, Lamesa, Meadow, Seagraves, Seminole, O'Donnell and Loop in that order.

Brownfield was second to Meadow in the senior farm skill contest with New Home third, Wellman fourth and Wilson fifth.

Negro is charged in shotgun theft

L. E. Smith, a Negro, was released under \$750 bond Monday after being charged with felony theft in connection with the theft of a shotgun Saturday evening from Short's Hardware.

The sheriff's office said the 16-

gauge pump shotgun was taken from the store by a Negro who came in wanting to look at the guns and then carried the gun out under his coat before a clerk could wait on him.

The theft was reported to the sheriff's office and Saturday night while officers were searching for the thief, a Negro went to the home of Lowell Short, owner of the store, and attempted to return the gun.

Short called Deputy Sheriff Red Floyd and Smith was arrested Sunday morning. The deputy sheriff said a store employee had identified him as the man who had come in wanting to look at some shotguns.

The officers said two women reported seeing a Negro leave the store with the gun partially hidden under his topcoat.

Parole violator back to prison

A 37-year-old Mexican wanted for parole violation was returned to Huntsville by the state prison wagon last Thursday from the Garza County jail.

The Mexican, Pete Tijerina, was recaptured here Nov. 14 after having sawed his way out of the small jail on the courthouse lawn last August.

He had been arrested here July 27 on a drunk charge, with the sheriff's department learning a day or two later that he was wanted by the state prison for parole violation.

Tijerina made his escape before he could be returned to the state prison, however. His capture here Nov. 14 followed an anonymous telephone call to the sheriff's office.

Prior to his arrest last July, Tijerina had been employed on a ranch west of Post.

Girls win pair on Loop court

Post's "A" and "B" girls' basketball teams swept a twin bill at Loop Tuesday night, the varsity scoring a 32-30 victory and the "B" team winning, 36-26.

The Loop girls had won over Post by two points in the season opener here three weeks ago.

Glenda Whittenberg and Peggy Ramsey each scored 14 points to lead Coach Jiggs King's team to victory in the "A" game.

In the "B" game, three Post players tied for high scoring honors. They were Raynona Young, Janith Short and Marianne Jones, each scoring nine points.

Rites held here Wednesday for Mrs. W. F. Owings

Mrs. Martha Elizabeth Owings, 79, wife of W. F. Owings and a resident of Post for the last 37 years, died Tuesday in Garza Memorial Hospital.

She had been admitted to the hospital nine days earlier.

Funeral services were conducted at 4 p. m. Wednesday in the First Baptist Church with the Rev. Graydon Howell and Rev. C. B. Hogue officiating.

Burial was in Terrace Cemetery here.

The Owings moved to Post 37 years ago from Clarendon.

Mrs. Owings was born April 30, 1880, in Caddo Mills, Tex., and was united in marriage to W. F. Owings 63 years ago. She had been a member of the Baptist Church for many years.

Mr. Owings is 92. The Owings home is 123 South Avenue F.

Corkey Ammons receives broken leg

Dispatch employe injured in collision

Donald (Corkey) Ammons, 21, printer at The Post Dispatch, suffered a broken left leg and other injuries Saturday when the automobile he was driving was struck by another car at the intersection of 8th Street and Avenir I.

Alvin Price, a Negro and driver of the car which struck the one occupied by Ammons, was fined \$24.65 Monday in Justice of the Peace D. C. Roberts' court after pleading guilty to failure to yield right-of-way.

Ammons underwent surgery Monday morning in West Texas Hospital in Lubbock, to where he was transferred from Garza Memorial Hospital the night of the accident. He was in surgery about three hours while a pin was placed in his leg, which was broken near the hip.

Two cuts on his head required stitches, but X-ray examinations disclosed that there were no pel-

vic nor kneecap injuries as was at first believed.

Neither Alvin Price nor his brother, Henry Price, who was riding with him, were injured in the accident. Ammons was alone in an automobile owned by his brother-in-law, Raymond Jenkins.

Sheriff Carl Rains said Ammons was driving east on 8th Street across Avenue I when the accident occurred. The Price car was being driven south on the avenue.

Ammons' car was struck broadside and knocked onto the curb at the Post Wrecking Yard. He was thrown out of the automobile.

The other car turned completely around and was headed back the way it came, according to the sheriff.

Ammons, who has been employed by The Dispatch since August of 1957, is not expected to be able to return to work for at least two months.

4-H awards presented here Thursday night

Renal B. Rosson of Snyder was guest speaker last night at the annual Garza County 4-H Achievement program, which awards were presented to club boys and adult leaders.

The largest crowds ever gathered in the 4-H building, where the awards program was the first time.

During the work of the night, including the 4-H sessions, Rosson urged members to work for good grades in school and to take advantage of the vast amount of opportunities available to them.

The two-year budget for Garza County 4-H for 1960 is \$130,000, more than 300 per cent more than in the last ten years, he said.

That 92 cents out of every dollar in Texas goes for highways, public welfare and hospitals, he said, is the current deficit in the state's budget, he said.

At the conclusion of his talk, Rosson briefly outlined the 4-H program, telling of its objectives and of the opportunities it offers the nation's youth.

Rosson made the presentation of the night's top awards, the Gold Star pins, to Jerry Thuet, son of Mr. and Mrs. L. G. Thuet Jr., and Linda Payton, daughter of Mr. and Mrs. Carl Payton.

He also presented the Silver Spur awards to adult 4-H leaders Alvin Young and Mrs. Robert Mock.

Achievement awards were presented as follows by Lewis C. Herron, county farm agent, and Mrs. Leta Smith, home demonstration agent.

Thanksgiving Day needs reassessment

Thanksgiving Day has slipped considerably as an American holiday in the last decade, but it remains essentially what it was before the war—a mixture of family, food, and religious thanks.

It used to be family, food, football and religious thanks. But the football is gone now with a very few exceptions.

And if we aren't careful the religious thanks will be the next to bow out. You'll note that our churches no longer hold Thanksgiving Day services. It just isn't practical because so few would show up.

The religious aspect of Thanksgiving Day these days is mainly confined to the saying of grace before the turkey is carved or the ham sliced.

Thanksgiving has grown into an eating and family reunion holiday. That, too, may be threatened one of these years if we don't watch out.

Americans today are continually on the run. It's a national disease. Some call it our "cardiac society." Others are more blunt. To them, life to-

day has degenerated into what they call the "rat race"—and not without reason.

America has sacrificed a lot of the most enjoyable aspects of living in pursuit of materialistic gains. Our holidays are seriously threatened. Because when one comes along anymore our tendency is to breathe a sigh of relief and just "set" for the day and rest. Nothing much is planned or accomplished.

That shouldn't be. Holidays are to be enjoyed—not slept through, or used as a "catch-up" day.

We of course can't simply stop "running" just like that. Most of us have been at it too long. But we can positively reassess the situation, at least as far as holidays are concerned.

Let's start putting today's holidays back in what we refer to as Americana. Let's take the day off and enjoy ourselves. Let's remember what we're celebrating. And in this case—Thanksgiving—let's bow our heads and give thanks for all the wonderful blessings we enjoy.—JC

Poll tax may have had its day

"The poll tax has had its day. It is not only obsolete as a tax, but also as a suffrage requirement." This is the conclusion reached in a recent comprehensive study of the poll tax published by the University of Alabama Press.

The above also seems to be the views of Texas Democratic Party leaders whether conservative, middle of the road, or liberal. This is indeed the general opinion of those who have bothered to study Texas poll tax requirements.

Now, with good prospects of success, Walter G. Hall of Dickinson is spearheading a movement for repeal of the Texas poll tax. An impressive group of backers support poll tax repeal with a unanimity rare in Texas Democratic Party annals. The list includes Sen. Lyndon B. Johnson, Speaker Sam Rayburn, Sen. Ralph Yarborough and National Committeewoman Mrs. R. D. Randolph and Committeeman Byron Skelton.

Petitions are now being circulated calling upon the Texas State Democratic Executive Committee to ask voters for an expression of opinion in the first Democratic general primary of 1960 as to whether the legislature should submit a constitutional amendment abolishing the poll tax as a prerequisite for voting. Although this vote would be advisory only, it is difficult to imagine a situation in which the legislature would refuse to follow a definite expression of opinion in favor of abolishment of the poll tax.

Looked at in its true light, the poll tax is indefensible in theory and practice. Democracy means that every adult capable of voting should vote because it is good for him and good for the state to have him participate in its political processes.

Pressure could hurt awards plan

We can't see where the awarding of sweaters or jackets to academically proficient students in Post High School could go wrong—providing it does not create too much pressure student-wise and faculty-wise in the student's striving for all "A" grades.

It is something that, in our opinion, was deserving of having been acted on long ago, not only in Post, but also in other high schools where "A" students sometimes are lost sight of in the shadows of the boys and girls who "made the team."

There are instances, of course, where athletes who letter in football, basketball or track are also "A" students in academic work. If this held true in every case, there would be no problem, but it doesn't always work out that way. Actually, it's the exception rather than the rule.

It isn't necessary for a student to make straight "A" grades in order to shine academically, and we think such a sweater award problem would defeat its own purpose if it created too much pressure on, say a student when three "A's

and one "B" grade . . . in, perhaps, causing him to overtax himself to bring a good "B" grade up to a sweater-winning "A" grade.

It doesn't work that way in football or basketball. The most dispensable man on the team gets a sweater or a jacket the same as the star of the team, providing he qualifies in playing time, etc.

The academic sweater awards should be made at the end of the year for what the student has accomplished academically, rather than being dangled before his eyes at the beginning of the school year as "something you'll get if you make all 'A's.'" It's all right for such an award to be an incentive, but it's all wrong for it to be the only object in the student's mind when he starts going after those all "A" grades.

The school board has the proposal for academic award sweaters under study and we feel sure that with the Academic Awards Committee's recommendations to go on, they'll come up with the right answer. We're all for it.—CD

Anyone repairing Christmas toys?

On some things, such as thinking about repairing toys for underprivileged children, the Christmas season needs to get started at least a week or two earlier than usual.

The Dispatch has had called to its attention by at least a half-dozen persons the fact that plenty of used toys needing nothing more than minor repairs are available here for distribution to children who can't expect toys from anywhere else.

The job, of course, is to get the toys repaired in time for distribution by Christmas. This is a job that could be done by one or more local clubs or other organizations. Toy repairs have

been made here in the past as Christmas projects, but as far as we have been able to learn, no group has yet set up such a project for this year.

If the Girl Scouts, Boy Scouts, volunteer firemen, or any other group plans to repair toys for Christmas distribution, The Dispatch would like to know about it as soon as possible. By letting our readers know where to turn in the toys they wish to donate, we can help the project along.

At least one toy for every child in town would help the true Christmas spirit glow brighter this year.—CD

What our contemporaries are saying

Quarterback Club members are shaken today. Why, they keep asking, would a bunch of kids cut cables to the new automatic scoreboard just put up at the football field at a cost of 2,500? Jaycees may be able to answer that question. The same bunch has practically destroyed a \$35,000 swimming pool, tennis courts and a public park—all created at some public expense for the enjoyment of young people. Not a single project undertaken by citizens of Ralls to provide entertainment and recreation for young people remains intact today. They're all destroyed or badly damaged. Only the things kids don't like have endured—school, church and policemen. Next time adults, in a

burst of emotional benevolence at the innate sweetness of youth, can't resist an impulse to contribute something of enduring value for our hope of tomorrow, I suggest they endow a good strong city jail.—The Ralls Banner.

THURSDAY to THURSDAY

By CHARLES DIDWAY

ONE OF THE best ways to watch the children of an area grow is to attend the annual 4-H Achievement programs, which we have done since 1953 without missing a one.

This year's crowning 4-H event was held last Thursday night at the 4-H Building—the first one, incidentally, ever held in the new building. Only one or two of the youngsters who received awards at the first 4-H Achievement program we attended were present at this year's.

IT IS ALWAYS interesting to us to watch the first-year 4-H pin girls go up to receive their awards. They're usually youngsters we've never seen before, but whom we'll see next year as two-year pin girls, the year after that as three-year pin girls, and so on, for as long as we keep attending the programs.

Some of the "old-timers" we'd seen so many years weren't at this year's program, with a few of them also having "outgrown" last year's. These include such 4-H clubbers as Ruth Ann Long, Janet Stephens, Carol Davis, Don Long, and many, many others.

THIS WAS ALSO the first 4-H Achievement program we've attended at which Jessie Pearce was absent, she having resigned a few months ago as home demonstration agent. In her place was Leta Smith, the new agent, who seems to be "catching on" with the 4-H Club girls as well as with the county's home demonstration club women.

The 4-H program, like the Boy Scout and Girl Scout programs, is here to stay. It's one of the best character builders in the business.

WE'VE JUST received a batch of newspaper fillers "with a Western flavor" from the Justin Boot Company of Fort Worth. Unlike most concerns sending fillers, the boot company isn't trying to give them away for free advertising, since there isn't a mention of their business in any of the fillers.

You'll be seeing these fillers from time to time in The Dispatch, many of whose readers are interested in anything pertaining to the Old West. Here are a couple of samplers from the fillers: "Cowboys used to call a sheep camp 'maniac den,' believing that anyone who would herd sheep must be more or less crazy. 'Oldtime cowboys used to call cotton pickers 'lint-backs.'"

An old Indian was standing on the top of a hill with his son, looking at the beautiful valley below them. Said the old Indian, "Some day, my son, all this land will belong to the Indians again. Paleface all go to the moon."

SINCE OUR Boxer, Susie, got run over a few months ago, we've spent considerable time training a stray dog that took up with us, and we believe it is beginning to pay dividends. When we say, "Come here, or don't come here, or do just as you please," then he comes or he doesn't come, or he does just as the pleases. Man, what a dog!

Vet's Forum

Q. A friend of ours, a veteran with a service-connected condition, needs treatment for it, but the nearest VA hospital is some distance away. Will the Government pay his necessary travel expenses, to and from the hospital?

A. Yes, that is possible. However, travel authorization must be obtained from the admitting VA hospital beforehand. If it is a medical emergency, the private physician who telephones the hospital to request emergency admission may secure the travel authorization at the same time.

Q. I'm a Korea veteran, at school part-time under the GI Bill. What is the deadline for finishing training?

A. Your deadline is eight years from the date of your discharge. But no GI training may be taken after Jan. 31, 1965.

Q. I am interested in photography, and am eligible for training under the War Orphans Education Act. Can I study photography under the War Orphans program?

A. Yes, it is possible to make any of several types of training below the college level. You could take War Orphans training in a school specializing in photography.

Q. I am moving to another State and want to be sure my benefit check keeps coming to me on time. Is it enough for me to tell the Post Office about my change of address, or should I tell VA also?

A. You should tell both the Post Office and VA. Mail addressed to you at your old address can then be forwarded, and VA will have your new address for speedier delivery of future checks.

"Battle Border"

Little known facts about Texas boundaries.

A PUBLIC OFFICE OF THE TEXAS ATTORNEY GENERAL'S OFFICE.

Editor's note: This is the first in a series of articles outlining the numerous boundary lines dating back to 1716. It sets up little known facts which shaped the Texas of today.

As a state and a new face and voice was added to the dispute. Texas announced in 1919 her intention to sue Oklahoma. But Oklahoma filed first, attempting to establish the boundary along the Red River. Texas counterclaimed and sued for the location of the line constituting the eastern boundary of the Texas Panhandle and the western line of Oklahoma. Rather than confront the task of deciding which of the many meridian-locators was right, the U. S. Supreme Court said the true 100th meridian remained yet to be discovered and named the man to discover it — Samuel S. Gannett. Gannett styled himself a geodetic and astronomic engineer. Cannett ran the line once again marking it with monuments, from the south bank of the south fork of the Red River to the northernmost Texas boundary. Out of all this Texas gained a strip of land over three quarters of a mile wide and 133 miles long located along the tier of counties forming the eastern boundary of our Panhandle but lost Greer County. The remark of an old Oklahoma nester indicates how the hard fight had affected the lives of the local citizens. "I ain't moved an inch in 50 years but I've lived in one Injun territory, two states and three dad-gum counties."

Will Wilson says that the dispute over Greer county led an Oklahoma nester to remark "I ain't moved an inch in 50 years but I've lived in one Injun territory, two states and three dad-gum counties."

Successful irrigation takes careful planning, says agricultural engineer

COLLEGE STATION—Soil moisture is plentiful over most of Texas at the present. However, this is no guarantee that sufficient moisture will be available for maximum crop production next summer. Many farmers, remembering recent drought periods, may be considering irrigation as a means of providing a continuous supply of available moisture for their crops. Irrigation is not a magic process which assures increased production and income, emphasizes Wayne Keese, extension agricultural engineer. Careful planning and consideration of all factors involved is essential if irrigation is to be successful. Now is a good time to start making those plans. Don't wait until the crop is wilted to plan your irrigation system, the engineer advises. The first step in planning any irrigation system is to determine if an adequate supply of water is available. Quality of water is also very important. Water quality can be determined only by making a chemical analysis. Soil characteristics are also very important. A deep, fertile, well-

The Navy first used the Panama Canal on Oct. 12, 1914, when the USS Jupiter crossed the "Big Ditch" from the Pacific to the Atlantic. The drift speed of the Pacific has been calculated at 20.6 miles a day on the basis of a bottle from Panama found on Atiu Island, Suva reports.

More traffic will require safety effort

CHICAGO — Rising standards of living and increased purchasing power will put 100 million motor vehicles on the highways by 1970, a General Motors executive predicts. William F. Hufstader, vice president in charge of distribution staff, says this increased traffic will necessitate greater safety vigilance on America's highways. "Our ever-changing way of life is stimulating a growing dependence on the automobile," Hufstader declared.

"Greater safety, convenience and economy of our new roads will obviously do much to encourage increased use of motor vehicles." He said that the declining death rate per mile travelled has been a notable achievement on the part of safety experts but added that new highways will create more exposure of vehicles and result in more accidents. "Lower accident rates are not enough," Hufstader said, insisting that in the next decade of anticipated increased travel only lower total number of accidents should be considered as the organization's objective. If success made the heart swell like it does the head, this would be a far better world.

Graham community woman attends 96 birthday of mother

Mrs. Johnnie Rogers went to Lovington, N. M., Friday where she visited her mother, Mrs. Nancy Woods, and other relatives and helped to observe the 96th birthday of Mrs. Woods Saturday. Mrs. Rogers returned home Sunday after attending church in Lovington.

Monday was a beautiful day and also a busy one in the vicinity of our cotton field when several relatives and friends arrived with their cotton pullers and gathered a day of the cotton harvest for Dillard, who is ill. Words cannot express our appreciation and sincere thanks to everyone who helped in anyway and also to those who had planned to come and pull on Tuesday had cotton lasted that long. Also, thanks to Mrs. Willie Mason and Mrs. Nita McClellan for bringing and helping prepare dinner for the men. All the cotton was carried to the Graham Coop Gin and all tagged out at an estimated 60 bales. Mr. and Mrs. Arthur Morris of Plainview were down for the event and Mrs. Morris made moving pictures of the occasion. Again thanks to each and everyone and may God bless each of you.—The Dillard Thompson family.

Miniature turkeys, pilgrims, and fall leaves creating a Thanksgiving theme provided the decor when Mrs. Barbara Hill was hostess to the Bridge for Fun Club last Thursday afternoon. Present for the afternoon of bridge were: Mrs. Inez Pierce, Mrs. Rosemary Chapman, Mrs. Lorry Lou McAlister, Mrs. Patty Kirkpatrick, who won high; Mrs. Mary Eckols, bingo winner; Mrs. Anita Murray, Mrs. Helen Miller, and Mrs. Joan Hill. Mrs. Kirkpatrick will be hostess for the Dec. 3 meeting.

Several Post families will be among those attending the annual Thanksgiving dinner at Lubbock Christian College this evening at 5 o'clock. The LCC A Cappella Choir will present the evening program.

Plans are in full progress for the Golden Wedding anniversary celebration of Mr. and Mrs. E. C. Pettigrew in the Justiceburg community Sunday, Dec. 6. Time for the event is from 2 to 5:30 o'clock, at the Pettigrew home.

Many of the early Garza County cowboys and their wives were in attendance Sunday for the 50th wedding anniversary of Mr. and Mrs. L. P. Kennedy. The Kennedys, too, formerly ranched around Justiceburg before moving to Post.

Thanksgiving guests in the home of Mayor and Mrs. Powell Shytles will be her parents, Mr. and Mrs. C. G. English of Corpus Christi, and their daughter, Barbara Shytles, freshman student at Southern Methodist University, Dallas.

First Christian church program features youths

The high school youth were in charge of the program for morning worship in the First Christian Church, Sunday morning. Janene Haynie and Sandra Martin played piano and organ. Lana Haynie was song leader. Sandra sang a solo on the Thanksgiving theme, accompanied by Janene. Johnny Haire and Mike Cornell presided at the Communion table, and Curtis Hudman and Pat Cornell served the Communion to the congregation. The theme for the messages was "We As Youth Are Thankful". Wayne Gamblin spoke on "The Home"; Janene spoke on "School"; and Jack Roberts spoke on "The Church".

The entire program was conducted in a very dignified and reverent manner, and the expressions of appreciation and approbation by members of the congregation registered complete approval, as well as mild astonishment at the maturity of the Christian students.

This youth group, Christian Youth Fellowship of First Christian Church, was recently reorganized. Mr. and Mrs. Tom Gamblin are the sponsors. Sandra Martin is president; Mike Cornell, vice president; Wayne Gamblin, secretary-treasurer; Jack Roberts, program director; Janene Haynie, enlistment chairman and Johnny Haire, recreation chairman. Their regular meeting time is 7:30 p. m. Wednesdays.

Visiting in our church Sunday were Mr. and Mrs. E. A. Kast of Fort Morgan, Colo.

TO GRAND PRAIRIE
Mr. and Mrs. Charles Didway and son, Curtis, and Scottie Pierce are spending Thanksgiving in Grand Prairie visiting the Didways' son-in-law and daughter, Mr. and Mrs. Rick Feris. They will eat Thanksgiving dinner in Dallas with the M. L. Leris family.

Always pays to have good neighbors, area woman learns Monday

"What's happening" was the first thought that entered the head of J. W. (Bill) McMahon, manager of the Graham Co-op Gin Monday when 24 trailer loads of cotton—about 60 bales—started arriving at the gin.

The ginners' questions soon brought out the fact that a typical West Texas good neighbor policy had just been carried out at the farm of Mrs. Dillard Thompson, whose husband is in the hospital.

About a dozen men had gathered and pulled the Thompsons' cotton crop.

Those who helped were Elmer Cowdrey, Delmer Cowdrey, L. H. Peel, Elvius Davis, Ray McClellan, Dillard Morris, Chester Morris, Bryan Maxey, G. T. Mason, Quannah Maxey, G. M. Davis, Simeon Maxey and H. L. Mason.

With the help of other women, Mrs. Thompson prepared and served dinner in her home for those who helped.

New Arrivals

Mr. and Mrs. C. A. Wilcox of Bellville announce the birth of a son, Stephen Arthur. He was born Nov. 9. Maternal grandparents are Mr. and Mrs. E. E. Pierce of Post and paternal grandparents are Mr. and Mrs. C. M. Wilcox of Milwaukee.

Decorations depict circle study topic

The Wynon Gillham Circle of the First Baptist Church met last Thursday evening in the home of Mrs. Ivan Jones for a mission study program. Mrs. Dowe Mayfield Sr., Prayer Chairman, opened the meeting with the call to meditation and special prayer for missionaries listed on the prayer calendar for that day.

Mrs. Bob Miller, Mission Study Chairman for the WMS, gave an interesting review of the first chapter of the Mission Study Book, "By All Means", which is being studied by all chapters this quarter. Mrs. Miller carried out the theme of a television broadcasting station in presenting the review. A miniature TV set was erected with a rotating scroll which presented pictures to illustrate different paragraphs of the book.

Decorations for the meeting included a display of small flags back of a small world globe which was encircled with tiny missionary figurines, symbolic of the theme, missions around the world.

Refreshments of Brownies, salted nuts, and coffee were served by the hostess to the following: Iard, Mrs. Dowe Mayfield Sr., Mrs. Lorene Cash, Mrs. Jim Mal-Margie Harper, Mrs. Miller, and Mrs. Henry Tate of the WMS.

The Circle was organized Oct. 26, and the regular meeting dates are on the first and third Thursday nights of each month. The Circle was organized primarily for those who work and are not able to attend the day meetings. Any interested women who do not attend the day meetings are invited to attend the night circle.

Next meeting will be Dec. 3, in the home of Mrs. Margie Harper. The Week of Prayer program will be observed at this time.

Mr. and Mrs. L. P. Kennedy celebrate Golden Anniversary

Arrangements of gold mums added the background for the wedding anniversary celebration of Mr. and Mrs. L. P. Kennedy Sr., pioneer Garza County residents, Sunday afternoon at 2 o'clock at Antelope Hills.

Mr. Cravy, master of ceremonies, introduced Rev. Robertson who gave the opening prayer, followed by a scripture reading and then benediction by J. R. Brincefield.

Rev. and Mrs. Patterson "Old Cowboy Days" paying tribute to Mr. and Mrs. Kennedy, early settlers of Garza County.

Past experiences of the day cowboys were reviewed by Cravy in a "history" outline of the guests in honor of the Kennedy's and who had known L. P. since early boyhood.

Some of the many memories they had with their brothers.

They moved to Garza County in 1885 and bought a ranch in the northeast party of the county, where he worked some with the old ranch.

Kennedy, who was Minnie's first husband, was married to her as a young girl to Garza County in 1885 and was tutored by Lula Elkins, who later became the wife of Garza County's sheriff, Oscar Kelley.

Mrs. Kennedy is one of the first settlers living in Post at this time.

Mr. and Mrs. Kennedy were married Nov. 24, 1889, at the home of Lindsay. Their attendants were Miss Iona Nichols, now Mrs. Iona Blake; Mrs. Callie Nichols, now Mrs. Russell Wilks; Kennedy and Charley Horton were present at the Sunday afternoon ceremony at the Sun. Mrs. Belmont Gossett of Lubbock, Kennedy's granddaughter, sang "Don't Fence Me In" and Mrs. Cravy sang a memory of all the many cowboys who were early here. At the close of Mrs. Kennedy's resume, Elaine, Jana, La-

na and Johnny Gossett, grandchildren of the couple, sang "Home on the Range".

The Rev. Mr. Patterson read the ceremony for Mr. and Mrs. Kennedy's renewal of their wedding vows 50 years ago to conclude the program. Members of their wedding party of 50 years ago were their attendants again Sunday.

Approximately 150 guests, many pioneer residents, were present for the occasion. Mrs. Mason Justice greeted guests.

Mrs. Charles Williams Jr. presided at the guest registrar, where the table was complemented by an arrangement of gold mums and fall leaves.

Gifts were displayed by Mrs. Gilbert Blodgett and Miss Henrietta Nichols.

A large arrangement of spider gold mums with the lettering "50 Years" in gold and accented with fall colors formed the centerpiece for the serving table. The table was laid in white and gold napkins with the honor guests' names "L. P. and Mina" imprinted helped to complete the table decor.

Crystal and silver appointments were used.

Mrs. L. W. Evans of Lubbock, Mrs. Edsel Cross, Mrs. Marvin Williams and Mrs. Charlie Landers of Pep served traditional wedding cake, punch and coffee.

Music provided by a string band offered a background melody of tunes of yesterday for the hours of reminiscing.

Teachers to attend convention

Albert McBride and Mrs. Lee Wristen, teachers in the school system, will attend the Texas State Teachers Convention in San Antonio during the giving holidays. They will be accompanied by Annette and McBride.

Activities in the programs will include Vesper Service, general sessions, Classroom Breakfast, and Mrs. Wristen will attend the House of Representatives meeting on Saturday.

They will be joined by Mr. and Mrs. M. Gunnels in San Antonio on their way back to Garza County for a tour of the underground and the aqueduct.

Mr. and Mrs. Wesley Collins, 612 29th Street Snyder, announce the engagement and approaching marriage of their daughter, Lois Sellars, to Randy Tittle. He is the son of Mr. and Mrs. Randall Tittle, 2705 Avenue H, Snyder.

The bride-elect is a former Post resident and attended Post schools before moving to Snyder.

The couple will be married in the Church of the Nazarene, Jan. 2, in Snyder.

Talk on Europe to be given at Woman's Culture Club meeting

Miss Maxine Durrett will talk on her summer trip to several European countries as the highlight of the Woman's Culture Club meeting Dec. 2. Time for the lecture has been set for 3 p. m. at the chapel of the First Methodist Church. Any interested person is invited to attend.

When the club met last Wednesday afternoon at the home of Mrs. M. J. Malouf with Mrs. J. R. Durrett as co-hostess, a program entitled "Business and Industry" was presented.

The program was in continuation of the club's course of study for the 1959-60 club year, "The Great Southwest", and was centered around John Ruskin's quotation, "The highest reward for a man's toil is not what he gets for it, but what he becomes of it."

"Mineral Resources of the Southwest" were discussed by Mrs. E. S. Stewart, and Mrs. K. Stoker's topic was on "History of Cattle and Sheep Ranching in the Southwest". Mrs. Stoker also told of many past personal experiences in ranching, giving the program more local color.

Accompanied by Mrs. T. L. Jones at the piano and led by Maxine Durrett, the club closed their meeting by singing a melody of old cowboy songs.

Members of the club are: Mrs. Walter Boren, Mrs. Douglas Buchanan, Mrs. Connie Caylor, Mrs. Lee Davis, Mrs. W. L. Davis, Mrs. J. R. Durrett, Miss Maxine Durrett, Mrs. W. B. Dyer, Mrs. J. H. Haire, Mrs. Tillman Jones, Also, Mrs. D. H. Koeninger, Mrs. M. J. Malouf, Mrs. Almon Martin, Mrs. James Matthews, Mrs. John Edd May, Mrs. Dove Mayfield Jr., Mrs. D. H. Mayfield, Sr., Mrs. R. T. Smith, Mrs. E. S. Stewart, Mrs. K. Stoker, Mrs. J. F. Storie, Mrs. C. R. Thaxton, Mrs. Bess Thompson, Mrs. Ralph Welch, and Mrs. J. P. Manly.

Seniors' mothers sponsoring bingo

Mothers of members of the senior class of Post High School are sponsoring a bingo party and supper next Saturday, Dec. 5.

The Graham Community Center will set the scene, with serving for the dinner to begin at 6:30 o'clock and will continue until everyone has been served.

Bingo games will be played as long as there are prizes.

Falls are the chief cause of non-traffic accidents and drownings rank third.

DEER HUNTING

Mr. and Mrs. Billy Greene and Mr. and Mrs. Johnny Johnson of Lubbock spent the weekend in Lampasas deer hunting. They also visited some of Mrs. Breene's relatives.

Barnum Springs HD Club has all-day meeting Friday

The home of Mrs. Arda Long was the scene Friday for an all-day meeting of the Barnum Springs Home Demonstration Club.

The 14 ladies attending spent the day visiting and quilting for the hostess.

Mrs. Long served a Thanksgiving dinner at noon.

Plans were made for the club's Christmas party, to be held Dec. 17 at the home of Mrs. W. D. Williams. Each member is to bring a guest for the occasion.

Those attending the Friday meeting were: Members, Mrs. Wade Ray, Mrs. Johnny Ray, Mrs. W. D. Williams, Mrs. Bill Long, Mrs. Don Rose, Mrs. W. C. Ryan, Mrs. Avery Moore, Mrs. Tom Henderson, Mrs. Jim Graves, Mrs. Pete Pennell, and guests, Mrs. Ted Ray, Mrs. O. F. Pennell, Miss Ruth Ann Long and Mrs. Boone Pennell.

Texas Mu Alpha continues study on 'Happiness' Monday evening

"Happiness", course of study for the Texas Mu Alpha Chapter of Beta Sigma Phi sorority, was continued when the sorority met Monday night at the First Christian Church annex.

Mrs. Jack Kirkpatrick was in charge of the program on "Personality and Relationship", discussing ways members could improve and better their personalities.

During the business session, presided over by Mrs. Douglas Hill, president, Mrs. James Simms reported on plans for a sorority platter party to be held Dec. 5. The event will be held at the American Legion Hall and each member is to come dressed as song titles.

Announcement was made by Mrs. John Hopkins that a pledge meeting will be held Monday at 7 p. m. at the home of Mrs. Wendell York.

The sorority will not have a regular meeting until Dec. 14 when they meet at the home of Mrs. Hopkins with Mrs. Burton Hill as co-hostess. "Awareness of Blessings" will be the program topic.

Sorority members attending the Monday night meeting were: Mrs. Douglas Hill, Mrs. Burton Hill, Mrs. Leon Miller, Mrs. Rex King, Mrs. M. L. Pierce, Mrs. Boren, Mrs. John Hopkins, Mrs. Mike Mitchell, Mrs. Wendell York, Mrs. Bob Terrell, Mrs. John May, Mrs. Roy Teaff, Mrs. Ella Norene Ryder, Mrs. Jim Durbin; Also, Mrs. Douglas Shepherd, Mrs. James Sims, Mrs. Darrell Eckols, Mrs. Gerad Loyd, Mrs. Charles Hopkins, Miss Marie Lusk, Mrs. Jimmy Moore, Mrs. Royce Josey, Mrs. Jack Kirkpatrick, Mrs. Bob Smith, Mrs. Jim Porter, Mrs. Ronnie Sturdivan and hostesses, Mrs. George Pierce and Mrs. Ed Sawyers.

Circle has study on mission book

The Betty Tennyson Circle of the First Baptist Church met in the home of Mrs. Jim Matthews this week to study their mission book, "By All Means", with Mrs. Bob Sinner as instructor.

Next week is the Circle's "Week of Prayer" for the Lottie Moon Christmas offering. They will meet at the church each morning (except Wednesday) from 9:30 to 10:30 o'clock. All women of the church are urged to attend.

Refreshments of coffee and sweet rolls were served to the following members: Mrs. Truman Irwin, Mrs. Boy Hart, Mrs. J. P. Manly, Mrs. Bob Sinner, Mrs. Bob Baker, Mrs. L. G. Thuet Jr., one new member, Mrs. James Kennedy, two visitors, Mrs. Virginia Bobb, Mrs. Edna Huffman and the hostess.

CONTINUES SERMONS

Sunday night at 6:30 Rev. Ronnie Parker of the Church of Christ will continue the third sermon in a series of "Marriage and Home". He announces the title of Sunday night's sermon will be "Husband Love the Wife, and Wife Fear the Husband."

It's the Law in Texas...

GOING BROKE

The word "bankruptcy" came from the Latin "bancus" (a tradesman's table) and "ruptus" (broken).

Under old English law a bankrupt was a trader who hid himself or did other things to defraud his creditors.

Under the Roman law creditors could cut up the bankrupt's body and each take his due share. Other laws would put the debtor in prison or in chains, allow whipping and hard labor. East Indian creditors could sell the debtor and his family into slavery forever.

In the Middle Ages a bankrupt was a criminal. Later he got some rights. Though creditors could force him to turn over all his goods, he would escape prison.

The basic concepts of our bankruptcy laws are: (1) Prorate the bankrupt's assets among his creditors, (2) discharge him from most of his debts, and (3) "grub-stake" him by exempting certain things from the creditor's reach.

The English wanted to discourage extravagance, yet they saw that a debtor's misfortune could trap him. So the early bankruptcy laws grudgingly were only for actual tradesmen. Others had to take their medicine.

Our Constitution gives Congress power, first used in 1800, "to establish a Uniform... Law on the subject of bankruptcies."

After Congress had passed and then repealed three laws it passed our present bankruptcy act in 1898. It amended the act in 1938 to refine liquidation and rehabilitation procedures.

Today the act relieves the debtor through liquidation, or reorganization and rehabilitation. His creditors have always worried about the debtor, but now the state through law has declared the public concern in putting him back on his feet.

The Supreme Court has said that the act aims to "relieve the honest debtor from the weight of oppressive indebtedness, and permit him to start afresh, free from the obligations... consequent upon business misfortunes."

This purpose is... it gives to the honest but unfortunate debtor who surrenders (his property) a new opportunity in life and a clear field for future effort.

Also the law puts creditors on notice to watch out that their debtors do not overextend themselves.

Farm statistics will be brought up to date by agriculture census

The 1959 Census of Agriculture, now under way in Garza County, will bring up to date farm statistics last collected in 1954, when the farm census revealed the following facts:

The value of products sold in 1954 by farm operators was \$3,539,051.

The value of all crops sold was \$3,050,868 and included \$3,049,058 for field crops, \$1,625 for vegetables, \$65 for fruits and nuts, and \$60 for horticultural specialties.

The value of all livestock and livestock products sold was \$488,243 and included \$15,619 for dairy products, \$27,406 for poultry and poultry products, and \$445,218 for livestock and livestock products.

Keeping the son's picture on your office desk will help you along the ladder to success—especially if it's the boss' son.

Remember when you used to go to bed with the curfew? Today they just blow it to wake you up.

If you can't get behind a movement for the good of the community, the least you can do is get out from in front of it.

A VITAL PART

A stop watch is a vital part in many sports. For instance, in track man races against time. The stop watch has enabled us to compare racers of one generation with that of another. In football it is a race to end up with the highest score when time runs out.

The Church is a vital part in man's life. The Church offers comfort, love, peace, and understanding. Just as we wouldn't leave the watch out of football, don't leave out the vital part in the greater things of life.

ATTEND CHURCH REGULARLY

© 1959, Coleman Adv. Serv. P. O. Box 4887, Dallas, Texas

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, one should support the Church for the sake of the welfare of himself and his family. Beyond that however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

get things started and running smoothly. Dr. Carter has studied operations of the retailers association's credit bureau of Lubbock and is patterning the new credit organization here along the very same lines.
 The John Lotts were busy moving to their newly purchased home in south Lubbock this week. Their many friends are going to miss them and their constant efforts in support of a wide range of community and area causes. But it isn't a complete break by any means with their old pattern of life. John is keeping his business office here so he'll be down regularly attending to a wide range of ranch and business affairs.

R. J. (Rube) Jennings and Lee Ward flew home from last week's quarterly management meeting of the B. I. Cotton Mills division of Burlington in Greenville, S. C., via jet transport service as far as Dallas. Rube says those jets are really wonderful and was explaining about the hi-fi music they played over the plane's loudspeakers. The pair arrived home Sunday. The best news they brought with them was not their comments about jet airliners, though. It was about the textile industry. Rube says the textile industry has better prospects today than for a good number of years. Some of the last few have been a problem for the industry as a whole, but through the period the Postex mills here have continued to grow and expand. It is nice from the town standpoint to look forward to some years in which the industry will be doing much better. The Postex Mills now modernized and expanded should be in a good position to grow even stronger.

The Ralph Kirkpatricks are leaving Texas for a newly purchased rural home on the western slope of the Rockies in Colorado, six and one-half miles west of Greenwood Springs, Greenwood Springs is 61 miles west of Denver. Ralph recently sold his Kirkpatrick Auto Electric business to Rex King, his former assistant, after moving to Lubbock last year following a severe heart attack. Ralph says he plans to simply "take things easy" up in Colorado and will keep busy in his wood-working shop, which for Ralph has become quite a hobby. Ralph told us last week that he is going to

Post band 'tunes up' at Seagraves

The Post Antelope band "tuned up" Monday night for the Inter-scholastic League marching contest by marching in a band meet at Seagraves.

There were four bands besides Post entered in Class AA at Seagraves, with Oton winning the first place trophy and Slaton taking second.
 Brownfield was first and Andrews second in Class AAA, Sudan first and Morton second in Class A and Whiteface first and Amherst second in Class B.
 "We found out a lot we need to know before we go to the regional TIL meet at Levelland on Dec. 5," Director Bob Meisch said today.
 The director said the band will drill every day next week in preparation for the Levelland competition.

Mrs. S. L. Kutch dies in Fort Worth

Friends and relatives received word Tuesday night of the death of Mrs. S. L. Kutch in Fort Worth. She is the sister of J. D. McCampbell, Arthur McCampbell and Mrs. R. B. Perrin.
 Funeral services will be in the Boulevard Methodist Church Friday morning Nov. 27 at 10 o'clock.

Four arrests for gaming among 11

Four arrests for "gaming" were included among the 11 bookings in Justice of the Peace D. C. Roberts' court this last week.
 The gaming arrests, all made by Sheriff Carl Rains, included Sam Kief, Nov. 21; Ike Wynn, Nov. 21; Apolonio Hernandez, Nov. 22; and Nat Manell, Nov. 22.
 Manell has already pleaded guilty and paid \$24.65 in fine and costs.

Jack Wall was named for "failure to control the speed of his car to avoid a collision". He was booked by Highway Patrolman Ivy Daniels following an accident Nov. 19 near Justiceburg in which Wall was injured but released from the hospital here following treatment.

Others booked, together with date committed, charge, and fine and costs paid, are:
 Vernon Milow, running stop sign, Nov. 17.
 A. J. Henderson, running stop sign, \$16.50, Nov. 17.
 D. J. Rudd, no mud flaps, \$16.50, Nov. 17.
 R. H. Burnett, Nov. 14, failure to yield right of way, by Sheriff Rains.

SERMON TOPIC

Rev. J. R. Brincefield, pastor of the Assembly of God Church, announces the topic of his sermon Sunday will be "Is Your Soul Tired?" The public is invited to hear this sermon.

ATTEND MEETING

Several people attended the Training "M" night at the Calvary Baptist Church in Lubbock. This meeting was to make plans for 1960.

Junior high girls are victorious over Wilson

Post's junior high girls' team, coached by Billy Hahn, eked out a one point 26-25 victory over Wilson Tuesday night.

Scoring for Post were Mary Beth Ford, 19; Linda McMahon, 4; Marilyn Williams, 7; and Shirley Sappington, 1.

Playing at guard positions for Coach Hahn's team were Linda Rogers, Linda Pennell, Romelia Solis and Lynette Potts.

Post men named census takers

J. P. (Price) Manly Jr. and Charles Y. Morrow, both of Post, have been named as census takers for the local area in the 1959 Census of Agriculture now under way.

The census takers completed a five-day training course at Ralls, conducted by crew leader James Green, before beginning the census.
 The training course covered the use of the census questionnaire, census definition, interviewing and map reading. Emphasis was placed on the importance of locating every farm and obtaining complete and accurate information.

OFF ON KANSAS VISIT

Mr. and Mrs. Jim Cornish and their two daughters, Chris and Susan, left Wednesday afternoon for a Thanksgiving holiday visit to Kansas. They will visit relatives in Ponca City, Okla., Arkansas City and Wichita, Kans., over the holiday and then go on to Pratt, Kans., to visit friends Friday and Saturday before returning home Sunday.

Appreciation is most important

Coy Evans, southern division personnel director for Southwest Public Service company at Lubbock, surprised a lot of Rotarians Tuesday noon here by comparing what Rotarians considered the three top employe considerations of a job with what the workers themselves actually thought about them.

Rotarians ranked good wages, good working conditions, and job security as the top three employe considerations.

Not so, Evans told them. None of these rank among the top three according to his survey. Number one, he declared, is "appreciation of work done."

Evans spoke on Human Relations in Industry.

He was introduced by Ted Hibbs, Southwest Public Service manager here.

Church addition permit issued

A building permit for the Post Church of Christ's 42 by 84-foot educational building addition was issued contractor M. C. Walters of Lubbock at the city hall here last Thursday.

Estimated cost of the addition is \$25,400. It is to be of brick veneer construction.

A permit was issued Saturday to Charlie Williams for moving a house at an estimated cost of \$2,500.

The two permits, totaling \$27,900, brought the year's construction total to date to \$1,353,325.

Antelope cagers open with win over Hale Center

Team also
rks up win

Post Antelopes made Coach Murray's high school coach- but a successful one Monday by coming from behind to win the Hale Center Owls, 50-33, on the Owls' court.

The season opener for the Antelopes was the second game at the Hale Center, which lost to Saturday night.

Teams played raggedly throughout the contest, with the Antelopes unable to hit from outside throwing the ball away from 14 times.

John Blocker's "B" team of the Hale Center "B" 37 in a preliminary contest.

Ray, who opened drills for the Antelope team on Nov. 16, said the Antelopes' opening game against the Owls was a "B" game. "Monday is already a bad time for a game," he said.

Man Scottie Pierce paced the scoring with 23 points, the Antelope's seven players in the line-up to hit in the first quarter.

trailing 11-8 at the end of the quarter and 22-20 at the end of the second quarter. The Antelopes staged a third quarter rally to go into the final with a 34-33 lead.

Antelope's next game will be Friday night, Dec. 4, a rematch with the Owls. Murray said he will also be a "B" game and more than likely a game.

Coach named sophomore Schleuber and junior Ray as two boys who are "along fast" and are being looked on to help the "A" team before the season is over.

SECTION TWO SPORTS The Post Dispatch

By VERN SANFORD
Texas is indeed fortunate that the great outdoors has become so enticing to so many citizens throughout the length and breadth of the state.

Our weather is ideal for the outdoors man.
Our transportation, power and manpower facilities, available to manufacturers of outdoor equipment are excellent. Here again our long summers and short winters also play an important part in inducing such industries to locate in the state.

Unless you have tried to watch the development of these businesses, dedicated to the outdoors man, you just can't realize the magnitude of this relatively new industry in our state.

Take Giddings, for example. It is a town of around 3,000 population. Recently we learned that a new boat manufacturing firm had opened for business there. Inquiry revealed that the Invader Boat Co. had been formed last March and was employing 25 persons.

JUST THE OTHER DAY we stopped in for a looksee. They have a very nice plant, located about three minutes from downtown Giddings. It's no small layout either. In fact, it is a truly modern factory and as clean as a kitchen.

At present the firm is geared for production of about 25 fiber-glass boats a week. Now already being distributed are 14, 16, and 17 foot runabouts.

A widely known designer of boat hulls, Bill Raschke of Fort Worth, is the draftsman.
President of the firm is Walter Helweg of Deamville. Business manager is Don Thrash from Fort Worth. Shop foreman is Merle Joy, also of Fort Worth.

Interested in knowing something about the outboards these fellows are building?

THEN READ ON—for we certainly were—and we were quite impressed with their snappy appearance and gay colors.

Invader "Forty" is their smallest streamliner. It's a rakish 14-foot streamliner, with chrome ornamented fins and sculptured foredeck . . . rated for motors up to 40 h.p.

Invader "Eighty" is a sixteen

Eagles lose to Jayton, 52-34, in bi-district

The Southland Eagles made a game of it Friday afternoon, but couldn't cope with the speed and power of the Jayton Jaybirds and were defeated, 52 to 34, on the Jayton gridiron for the bi-district crown in eight-man football.

Jayton will take on Gail of Borden County for the regional championship.

Coach Duane Locke's Eagles started off with a rush in Friday's game, with Darrell Jones, 180-pound speedster, racing 65 yards for a TD on the first scrimmage play after Southland received the opening kickoff.

Jones scored two other touchdowns on passes of 15 and 40 yards from quarterback Sammy Ellis. The Eagle quarterback also passed to end Clinton Smith for a 26-yard tally and the same combination clicked on two extra point attempts.

Gary Hicks led the touchdown parade for the Jaybirds with five touchdowns on runs of 2, 14, 5, 44 and 33 yards. He passed to Edwin Kyle for a 14-yard TD and to Larry Cox for a 25-yard counter.

It was the final game for six Southland seniors, including Jones, Smith and Dennis Popham, who attended the Post schools until their sophomore years.

Army-Navy game to be telecast

The Army-Navy game will be telecast and two Southwest Conference games will be broadcast Saturday by the Humble Co.

The Army-Navy game will be telecast from Philadelphia with Red Grange and Lindsey Nelson at the microphones. TV time will be 12:15 p.m. (CST).

The Rice-Baylor game will be broadcast from Houston by Ves Box and John Smith. Radio time will be 1:45 p.m.

The TCU-SMU game will be broadcast from Fort Worth by Kern Tipt and Alec Chessher. Radio time will be 1:45 p.m.

Antelope 'B' cagers are to open here Monday

The Post Antelope "B" team will play its first home game Monday night against Slaton, Coach John Blocker has announced.

Also scheduled is a "C" team game between Post and Slaton. Harold Teal is coaching the Post "C" team.

The first game of the twin bill is scheduled for 6:30 o'clock. Members of the "B" squad are Harold Wayne Mason, Wayne Gamblin, Jimmy Minor, Mike Cornell, Leslie Acker, Tomy Bouch-

Car dealers rap gas tax increase

AUSTIN — Opposition to any increase in the present State tax of 5 cents per gallon on gasoline to retire a general fund deficit or to expand any non-highway program was expressed this week by C. B. Smith of Austin, president of the Texas Automotive Dealers Association.

Smith said in addition to speaking for the automobile retailers he believes he is expressing the opinion of the overwhelming majority of motor vehicle users who must absorb any increase in gasoline or other road user taxes.

The federal government until recently levied a 3 cents per gallon tax, in addition to the state tax. The federal tax was increased to 4 cents by the last session of Congress for benefit of the U. S. Highway Trust Fund, making a total of 9 cents per gallon paid by consumers in Texas. The extra penny is supposed to expire in May of 1961, but Smith pointed out that very few federal "temporary" taxes have turned out to be anything but permanent taxes.

Net state collections from gasoline taxes in Texas for the fiscal year ending Aug. 31, 1959, were \$169,640,025, by far the largest single item of income from within the state. The gasoline tax ostensibly was levied as a road user tax to be paid in proportion to a person's use of the highways, Smith pointed out.

Yet, he said, out of last year's total gasoline tax collections the sum of \$42,410,006 was diverted to the general fund for purposes not even remotely related to the building or maintenance of highways.

"The automobile is a necessity," Smith said. "It is a direct means of making a living, or the only means of getting to the place where one makes his living, for untold thousands of Texans today. Including federal and state taxes from start to finish, it is estimated that taxes represent nearly one-fourth the value of every motor vehicle.

Only about another week now and the 1959-60 basketball season will officially be under way, with most major college teams scheduled to open on Dec. 1.

Already, the season is a week or two old for some high school teams, and even further along than that for such schools as McAdoo and Shallowater, which give little thought to any other sport than basketball.

It'll be Friday, Dec. 4, before local fans will have the opportunity of seeing the Post Antelope boys' varsity team in action on the home court. But there are other games going on out at the gym, and fans are invited to see them. The Antelope "B" and "C" boys' teams are to play Slaton here Monday night.

Arian Flake, the former Lubbock Monterey griddler, who worked in Post for an oil company last summer, has been named at quarterback on the All-Southwest Conference freshman team Arian, who is attending SMU in Dallas, made a lot of friends while in Post and helped the Caprock Chevrolet baseball team chalk up a good season.

There's a Marlene Dietrich on the Tullia High School girls' basketball team.

The Floydada Whirlwinds, this district's representative in the Class AA grid playoffs, bowed out early, but made a good showing against Denver City, the highest scoring AA eleven in Texas. The 'Winds outgained the Mustangs in first downs, yards rushing, etc., but were one touchdown short in the all-important final score.

We look for Denver City to defeat Olton in Friday's playoff game, but to reach the end of the line against defending state champion Stamford

'Food Comes First' writing contest announced for high school students

COLLEGE STATION — Here's news for high school students—especially for juniors and seniors interested in journalism. It's an opportunity to win a free trip to the National Youth Power Congress in Chicago and a vacation tour next summer. Also, this is an opportunity to learn more about the farm-to-table story of food and the importance of eating a good diet every day.

Entrants must write a food-related news story or editorial column. All original work in connection with food is eligible for competition. Suggested topics include: the farm-to-table story of food, the food industry in my town, food for health, happiness and achievement, benefits from a proper diet by teenagers and adults, etc. Closing date for entries is Dec. 20, 1959.

Entry blanks and assistance are available from county extension agents offices, and from vocational agriculture and home making departments. High School English and journalism teachers also have information on the contest. The 50 top winners in the State will be invited to attend the "Youthpower—Food Comes First" breakfast and program at the Stephen F.

Speech students do good job with well known play

"Cheaper by the Dozen", a difficult play for any high school cast, was presented by the speech department of Post High School Friday night, with the audience's close attention and generous applause marking the presentation a success.
Long hours of practice by the cast and the superb direction of Mrs. Wesley Scott, speech instructor, resulted in one of the most delightful plays ever presented here.
Its production was a real note of progress for the speech department, whose productions heretofore have been plays of lesser quality or one-act plays.
Mrs. Scott said she felt the higher royalty that had to be paid for "Cheaper by the Dozen" was well worth it, since it provided the speech students with a much better instrument for the dramatic training they are receiving in the speech class.
Nearly every seat in the grade school auditorium was filled for the play.
Members of the cast were: Leslie Acker, Pat Wheatley, Melanie Thompson, Curtis Didway, Letta Stone, Dan Rankin, Delwin Fluitt, Curtis Steel, Sharron Wood, Glendon Washburn, Bobby Beard, Rhea Peel, Melinda Newby and Lois Hodges.
The stage crew, which did a good job of "keeping things going", included Kenneth Bullard, Glendon Washburn, Derrel York, Shirley Masters, Charles Gordon, Kathy Weatherby, Allen Johnson, Sharon Moore, Kay Maxey and Neal Francis.

School dismissed for Thanksgiving

By Kathy Stone
 School was dismissed at 2:45 Wednesday for the Thanksgiving holiday and will take up again Monday morning.

It is good to be out of school, but we should all remember why we're out.

Students and teachers planning out-of-town trips include: Kay Gordon to Brownwood; Coach Teal is going to see his "outlaws"; Scottie Pierce and Curtis Didway plan to go to Grand Prairie; Rhea Peel is going to Fort Worth.

Have You Heard??

Well, Thanksgiving is here again. That's just about how much some of us think about Thanksgiving. How about taking five minutes out of this week and really think about it. It'll really do everybody lots of good.

Our congratulations go to the Drama class on the success of their play. It was really good. Everyone started out laughing and ended in tears. Everyone is looking forward to another production.

Hey, Coach Murray, how many of the games did you pick right? The fourth period class had a poll of games and it seems somebody didn't know what he was talking about.

The Drama Club went to Lubbock Tuesday. Seems everyone had a ball blowing off the steam.

Anne, who was that doll from Big Spring down here Saturday? We heard you met him at the tournament a couple of weeks ago.

An ole Post High student was back last weekend. Quentin Knight was here with Dub Craig. Quentin's living in Muleshoe now. Seems he's the same fun-loving kid he's always been.

Post was full of FFA boys Saturday. The Post chapter played host to an area meeting of FFA

23 boys are on 8th grade squad

By Mary Beth Ford

There are 23 boys on this season's 8th grade basketball squad, according to Coach Glynn Gregg. Members of the squad are: Pat Cornell, Jackey Fluitt, Leslie Hair, Roger Hair, Richard Hart, Rickey Little, Johnny Mayfield, Ronald Storie, Eddie Valdez, Charles Yowell, John Bland, Larry Bishop.

Tony Carlton, Steve Casteel, M. J. Elmore, Billy Max Gordon, Curtis Hudman, Danny Odom, Danny Stone, Pat Sullivan, Wendell Johnson, Jackie Curb.

Good luck, boys!

VISIT RELATIVES

Glenn and Roy Smithers of Phoenix, Ariz., visited their cousin and her husband, Mr. and Mrs. L. P. Kennedy Sr., over the weekend.

EVERYONE LIKED DIXIE LUCAS' ROSE DRESS WITH A LIGHT PINK ROSE PRINT ON IT.

Cerretha Jones' blue and gray plaid skirt with a blue sweater made a good combination.

Brenda Mason's gray jumper

and red blouse was real pretty.

Peggy Claborn looked "snazzy" in her red, green, and white plaid straight skirt with her white blouse.

We all liked Judy McCampbell's red and black pedal pushers with her red sweater.

Doyle Nichols looked nice in his red corduroy shirt Wednesday.

Pam Owen looked "just right" in her gray straight skirt, a white blouse, and a blue sweater.

You surely looked cute in your pink middy blouse with a pink pleated skirt.

Clubs. There were boys from everywhere here. Anyone meet any of these adorable boys?

Rickey Little was in Snyder Saturday to see a cutting horse contest.

Jane, the next time you borrow Mason's car, be sure you give his car keys back to him, instead of some little boy in shop!

Some of the couples seen around are: Lois and Delwin, Beth S. and Jimmy H., Jane F. and Scottie, Gienda Hutto and Noel L., Carolyn and Kenneth, Ruth M. and Dean H., Leta and John T., Mel and Jerry, Bobby and Vonda, Dan and Margie, Donald and Sharon, and Peggy and Jerry.

Linda Ausburn and Shirley Bostick spent Thursday night with Shirley's grandmother. They attended the 4-H achievement night then went to a Stanley Party. They really had fun.

Delwin Fluitt has a new car. It's red and white, two-door Galaxy. Just try to touch him. He's wild!

We were sorry to hear that Kat Collier slipped on the steps at the play Friday night and hurt her leg. Hope it gets well quick. Hey, Bob, couldn't you grab fast enough?

Sharron Wood has stars in her eyes these days. She's happy as a lark planning the wedding and writing invitations and all. Charles has those stars, too. Good luck, kids.

The football boys got their pictures in this week. They were gone before the boys even got a good look. That's agoin', girls!

What is the joke going around school about song titles? It seems that "slippin' and slidin'" is the favorite!

There were lots of kids up at Teen Town Saturday night, and Friday, too. All the kids really enjoy going up there and goofing off.

Basketball games will start before long. We want to see all the student body out to see these games. The boys and girls both should have a good season. Let's keep the school spirit we had for the football season and really back the teams.

Students 'spruce up' for Drama Club play

By Janene Haynie

Ruth Miller looked real cute last week in a green, blue, and red plaid skirt and blouse set. She wore white loafers and bobby sox with this outfit.

Wearing a brown skirt and sweater set, topped off with brown shoes and white bobby sox, Kay Maxey appeared just as cute as ever.

Horace Smith was seen in a very pretty brown and white plaid shirt. What do you mean by getting new clothes, Hoss?

Sandra Stewart wore a blue and gray wool skirt, with a bright blue sweater. With her black lace-ups and bobby sox this was a very cute outfit.

Wearing a new red straight skirt and a white sweater with a white fur collar, Janith Short was an awfully attractive sophomore girl.

All the members of the play last Friday night, looked real, real cute. Melanie Thompson looked especially nice in her all white outfit, consisting of a white blouse, white pleated skirt, white flats, and a white bow in the back of her hair. The boys sure looked funny in their short pants!

Mrs. Scott, PHS speech teacher and director of "Cheaper By the Dozen", looked absolutely beautiful Friday night in her black two piece wool suit, with red suede heels, and a lovely red corsage. I guess besides trying to show off some of her drama students, she was also trying to show herself off a little bit. I sure don't blame her!

Ann Taylor looked real attractive in her royal blue, velvet sheath at the play Friday night. With this dress she wore black flats.

Mrs. Hudman's class is studying measures

Mrs. Hudman's class has been studying about measures. They had a little test about measures. Also, they are learning how to multiply easier when using an even ten.

Mrs. Hudman's class in Language has been learning to use verbs.

The class has really been using their spelling lists! They have to give definitions for the words.

Post boy is nominated for 'Most Handsome' at West Texas State

CANYON — B. A. Ford, Post sophomore, is among nine men who have been nominated as the campus "Most Handsome" at West Texas State College in Canyon.

Candidates for the honor, sponsored annually by Le Mirage, WT yearbook, were announced through petitions, each signed by 25 classmates. Formerly a student body election, the contest this year will be a judged event.

Winner will be revealed Dec. 5, when contestants are presented along with candidates for "Most Beautiful", at the first formal dance of the year. Judging will be held at 3 p. m. Dec. 1, and six couples will be chosen for the presentation.

The formal dance, with an orchestra, will be sponsored by the Inter-Fraternity Council. The Le Mirage staff, headed by editor Carol Barnes of Midland, will have charge of the presentation program. Winners and runners-up will be featured in a special section of the 1960 yearbook.

Ford, son of Mr. and Mrs. Burt A. Ford, is majoring in art education. He is a 1957 graduate of Post High School.

Teen Age Book Club's orders are increased

There was a significant increase in the number of books ordered from our Teen Age Book Club this month. In November, 25 books were ordered. Immediately upon receipt of these books, students who saw them began asking, "When can we order more books?" Another order has just been sent for December selections totaling 173 books.

The evident truth seen in the great interest from 7th grade students alone is that our students are interested in reading; in fact, are hungry for good and new literature.

The services of the Bookmobile will be discontinued early in February, which means only three or four more visits, and it will be greatly missed by the large number of people who have used and enjoyed it.

The Teen Age Book Club will, in a small way, make up for this loss—but only for a very limited number of students. It is an excellent means of supplementing a reading program and is highly approved by the National Council of English Teachers and the American Library Association.

Lunchroom menus

Lunchroom menus for the Post schools lunchroom Monday, Nov. 30, through Friday, Dec. 4, are as follows:

'The Nun's Story,' coming to Tower, stars Audrey Hepburn, Peter Finch

Seldom does a motion picture receive the critical acclaim that has been awarded "The Nun's Story," Fred Zinnemann's Technicolor production for Warner Bros., starring Audrey Hepburn.

The film, which shows Sunday, Monday and Tuesday at the Tower Theatre, was more than a year in preparation and six months in production, during which thousands of miles were traveled by the company for filming in the Belgian Congo, Rome and in various cities of Belgium.

Audrey Hepburn, a truly international celebrity and one of the most appealing and gifted personalities of all time, stars as Sister Luke, the conscience-charged heroine of "The Nun's Story."

The cast of 108 speaking roles reads like a global "Who's Who". There are performers from America, England, Italy, France, Belgium, Holland, Ireland, Scotland, Portugal, Switzerland, Sweden, Australia, Germany, Czechoslovakia and Austria—and two Dames of the British Empire, a young Polish princess and a Nigerian character actor.

The leading man in "The Nun's Story" is Peter Finch, the color-

ful Australian who is known to American audiences primarily for "Elephant Walk" and "A Town Like Alice." He is a top box-office star in Great Britain, where he has appeared in 14 films. In the current production he plays the role of Dr. Fortunati, a brilliant doctor in the Congo.

District judge injured in fall at Lubbock

District Judge Truett Smith of Tahoka was able to resume his duties last week after receiving severe bruises in a fall at Lubbock. Judge Smith fell in a luncheon at the coliseum in Lubbock while attending homecoming activities at Texas Tech.

Monday and Tuesday of last week, Judge Smith was replaced on the bench by former District Judge Louis B. Reed of Lamesa, who retired last Jan. 1.

SPEND DAY IN LUBBOCK

WASHINGTON AND "SMALL BUSINESS"

By C. WILSON HARDER

Congressman Thomas N. Downing of Virginia, the same state that gives Congress that very practical Senator, Harry Byrd, is espousing a plan to pay off the national debt.

Now, of course, everybody talks about the national debt and the need to do something about it. Usually, about all that is done is to raise the debt limit.

So it is quite refreshing when Congressman Downing comes up with a plan.

Give or take a few billion, the national debt now stands somewhere around \$285 billion. It keeps growing all the time.

It is costing something like \$5 billion a year right now to pay the interest on this debt. In fact, Congressman Downing claims 11 cents out of every dollar paid in income taxes goes for interest on the debt, making this item second only to national defense in the national budget.

The interest charges are also bound to go up, as witnessed by the government's difficulty in making any more low cost loans. Uncle Sam now owes so much money that he is no longer considered a preferred borrower at low interest rates.

Rep. Downing also points out if the government postpones paying anything on the principal of the debt for the next hundred years, at the end of that time almost 1000 billion dollars will have been paid out in interest and the national debt will not be decreased by one dollar.

Independent TV stations will be set up in three regions of Thailand, Bangkok learns.

New Delhi's tax blueprint calls for a substantial boost in the levy imposed on India's rural areas.

Thus, he feels it is high time that government face the facts like any individual does when he finds himself deep in the hole. He budgets out of current income something to pay on the principal amount of his debt, curtailing other expenditures.

Both Rep. Downing and Rep. James Wright of Texas believe there are sufficient frills that can be cut out to permit the government to budget a stated amount every year to apply on the debt.

His plan calls for a payment of at least 1% per year, which on the present basis would amount to a principal payment of less than \$3 billion per year. In 100 years the debt would be paid up.

Now it is interesting to note that this annual payment on the national debt is substantially less than what is thrown away every year in foreign give aways.

In fact, if this plan had been started a few years ago, instead of the world wide giveaway plans, the national government today would be well on the way to getting out of debt.

Undoubtedly this plan will gain attention in Congress. Whether it is put over depends on how much support is given it.

Obviously it is right and logical from a moral, economic, and financial standpoint, but such viewpoints don't always prevail in the Potomac madhouse. There are undoubtedly many who dream that they will wake up some morning and find through some magic worked in the night, the national debt has just disappeared. But as any businessman knows, unpaid notes or invoices can be lost in the office files but duplicate copies are bound to crop up.

Lynn county man ACPA president

Cotton producer delegates to the American Cotton Producer Associates in Memphis Friday elected Wilmer Smith, Lynn County cotton farmer, as the 1959-60 president of ACPA.

Smith, who is vice president of the Plains Cotton Growers, Inc., has long been active in agricultural organizations. On his election he announced a six-point program for ACPA.

It includes: 1. A membership drive to unite cotton producers in all states from South Carolina to California; 2. A review of all present policies of ACPA and the revision of such policies to bring them up to date; 3. Development of a present and future stand on farm legislation for cotton producers; 4. To establish a system of rotating meeting places of ACPA representatives, with the next meeting to be held in Lubbock, probably in late January or early February; 5. To put ACPA on a sound financial basis; and 6. ACPA will strive to work with other agricultural groups in any and all matters pertaining to improvement of the cotton industry.

LONE STAR AGRICULTURE

Farm-City Week being observed throughout nation Nov. 20-26

The period from Nov. 20 to 26 was being observed in Texas, as elsewhere, as Farm-City Week in a renewed effort to bring about a closer understanding of farm problems on the part of our people who are not so close to the soil.

Kiwanis International served as the coordinating agency for the National Grange, the U. S. Chamber of Commerce and the American Farm Bureau Federation in setting up local observances and meetings for a mutual exchange of information and opinion.

From the farm viewpoint, the week offers exceptional opportunities for correcting misinformation and misconceptions about what is happening in American agriculture. Again and again, all over Texas, farm spokesmen were emphasizing the following five points in a determined campaign to get the city viewpoint back into proper focus:

1. Food prices are not high as a result of farm programs. In fact, food prices, in terms of man hours required to earn the family food budget, are lower today than ever in history.
2. Farmers do not receive large government handouts, as recently highly publicized articles concerning individual payments under Commodity Credit indicates. These are the rare exceptions, and do not represent the average American farmer.
3. Farmers are not paid for soil conservation practices that are unnecessary, but, in fact, are helped to preserve the productivity of the land for future generations of Americans to insure our national strength in the years ahead.

RULE HITS 'CORPORATE OPTOMETRY' — Within the next few weeks Texas optometrists will vote on a proposed new rule prohibiting practice under any name except the name under which the optometrist is licensed.

Before polling the optometrists, the Board of Examiners in Optometry got a ruling from Attorney General Will Wilson stating that the regulation would be legal and valid.

While the board is not bound by the results of the balloting, it was predicted that a favorable response would almost certainly result in adoption of the rule. This, because there are hundreds of individuals engaged in optometry as compared with firms so engaged.

If adopted, the rule would prohibit practice "under an assumed name, corporate name, trade name or any name other than the name under which the optometrist is licensed."

This would mean the end of such firms as Texas State Optical, and Lee Optical, where glasses are available at considerable savings to the general public.

HOSPITAL PROBLEMS STUDIED—State Hospital Board has under way studies aimed at three of its current problems.

One is to find a way, other than providing expensive mental hospital facilities, to care for some 2,700 patients whose only ailment at present is old age. Two plans are being considered. One is state assistance toward the cost of caring for the oldsters in private nursing homes. Other is providing for state nursing homes.

Under law, the state is not responsible for giving institutional care for the aged. But these patients were all admitted on court order as mental cases. Now they're too infirm to be "turned out."

Another problem under study is that of tuberculosis patients who go "awol" from TB hospitals before they are completely cured. Danger is not only that they will relapse, but that they will infect healthy outsiders.

Third matter under study is the facilities needed for present and future care of mentally retarded children under school age.

CARR APPOINTS — Named by Speaker Waggoner Carr to the Joint Educational Standards Commission were Reps. C. T. Matthew of Yoakum, Leon Thurman of Anson and Maurice S. Pipkin of Brownsville. Commission is to search for ways to cut school costs without sacrificing necessities.

Reps. Louis Anderson of Midland and C. W. Pearcy of Temple have been selected by Carr to serve on a committee to study the state fiscal system.

Four big city solons will serve on a committee to study the possibility of merging some functions of city and county government. They are Reps. Raymond R. Russell of San Antonio, Warren C. Cowen of Fort Worth and Ben Atwell of Dallas County.

COURT TO MOVE — Texas Supreme Court justices will sit at their new marble bench for the first time on Dec. 3, rather than Nov. 18, as previously announced. A special ceremony will be held Dec. 3 in the new State Courts Building, with the justices formally attired in black robes for the occasion.

About Your HEALTH

A weekly public service feature from the Texas State Department of Health. HENRY A. ROLLE, D.D., Commissioner of Health.

A San Antonio firm exposes automobile piston rings to a radioactive isotope. Later, ring wear is calculated by measuring radioactivity in the engine oil.

In Houston a commercial art firm does original sketches with radioactive inks. Then, by pressing the drawing against photographic paper, they get a finely detailed copy truer than a photographic print, cheaper and more precise than lithography.

Texas industries are using isotopes to measure life expectancy of cutting tools. Botanists are checking amounts of phosphate absorbed by growing plants. Physicians use isotopes to destroy tumors and to locate other body abnormalities.

All of which indicates that radioactivity has grown right out of the pages of science fiction into everyday life, putting the State Department of Health up to its figurative ears in the business of enomonal growth as an industrial keeping tabs on radioactivity's phenomenal medical tool.

The Department, as part of the tedious task of registering all radiation-producing devices used in

subject to Board of Health regulations.

It takes more than whim to get an isotope license. First the Atomic Energy Commission must be convinced the risk is good. Some 400 AEC licenses for isotopes alone have been issued in Texas to date. Then the operation must be registered with State Health Department occupational health engineers and periodically inspected by them. If isotopes are lost, spilled or otherwise mishandled, details of the incident must immediately be reported.

The Atomic Age has brought boom business for health department engineers. And it will get busier as things progress.

(A weekly feature of the Health Educator Division, State Health Department.)

Bible Thoughts
"HOME"
by RONNIE PARKER

J. B. Holland has said, "The home is man's kingdom. The father is the king, the mother is the queen, and the children are their subjects. Truly there is no place like home. It is the place where father, mother and children can live, learn, love, and be happy together. It is a place where they can invite their friends and loved ones and enjoy God's blessings together. Let us build more homes and better homes; homes where our Saviour can dwell."

In the homes of America are born the children of America; and from them go out into American life, American men and women. They go out with the stamp of these homes upon them; and only as these homes are what they should be, will they be what they should be."

Lesson number three on the all important subject of "Marriage and the Home" will be given Sunday evening at 6:30 at the Church of Christ. Only through plain Bible teaching can we curb this national tragedy—broken homes. We sincerely invite you to be present.
