METHODIST CHURCH

W. R. Burnett, Pastor
10:00 A. M. Sunday School. W. J. Shook, Superintendent.
11:00 A. M. Morning Worship. We missed several of our people last Sunday. Some were sick, and thus were hindered from coming. We trust that all will have completely recovered by now. It may possibly have been too warm for some. To any such we would remind you that it is likely about as cool at Church as it is at home, and you will feel a whole lot better from having come to the House of worship. We are looking forward to having a large audience at the morning worship hour next Sunday.
7:45 P. M. Epworth League, Miss Mary V. Shook, acting president.
8:30 Evening worship service. The pastor plans to bring a message at this time on the following subject: "The West Is Great, God's Love Is Greater." This message will probably be considered unique in that it is different from the message usually heard from the pulpit. We believe you will enjoy it and find it helpful.
Monday 4 P. M. Woman's Missionary Society will meet at the church.
Wednesday June 14th. Third Quarterly conference. Bro. Bickley will be present and conduct this service. We trust that we will have a good attendance for this midweek service.
Every one will find a hearty welcome at all the services of the Methodist church. Come and worship with us.

CHURCH OF THE NAZARENE

Mrs. Pearl Keeton, Pastor
10:00 A. M. Sunday School.
11:00 A. M. Morning Worship.
8:30 P. M. Children's Day program. Everyone is urged to come and take part in these services.

BAPTIST CHURCH

L. S. Jenkins, Pastor
10:00 A. M. Sunday School. Drew Hobby, superintendent.
11:00 A. M. Morning Worship. The pastor will bring a message at this hour.
Young people will meet at the usual time, and everyone is cordially urged to come and take part.
8:30 P. M. Evening worship. Come and be with us; you will always find a hearty welcome at our church.

NEW MOORE CHURCH

Rev. W. L. Henderson will fill his regular appointment at New Moore Saturday night, Sunday and Sunday night. Everyone is cordially invited to attend any or all of these services.

T BAR SERVICES

The Methodist pastor, Rev. W. R. Burnett will fill his regular appointment at T Bar Sunday afternoon. These services at T Bar are held every second and fourth Sunday afternoons at 3:30 o'clock. A cordial invitation is extended to every one to attend the services next Sunday afternoon.

CARD OF THANKS

We wish to express to our many friends our heartfelt appreciation of the sympathy and kindness shown us during the brief illness and death of our darling baby, Floy Lee. Without your help we could hardly have borne the shock of the tragedy.
May God bless and care for each of you.
Mrs. Lee Lawrence.
J. W. Benthall and family.

CARD OF THANKS

Members of the Senior Class wish to thank those who so graciously assisted with music on bacchalaureate day, and all those who have been so generous and kind in offering flowers and other things to enhance the commencement season.

**INSTANT STARTING
LIGHTNING PICK-UP**

CONOCO BRONZE'S claims to superiority have received the most tremendous indorsement ever accorded a new gasoline.

Motorists in vast numbers talked and wrote of their experiences with instant starting, lightning pick-up, improved anti-knock, greater mileage and power of Conoco Bronze. They proved its unusual qualities in new cars and old-timers.

Take any motor car manufacturer's claims of car performance . . . add a plus if you use Conoco Bronze! Where performance counts . . . or economy is stressed, here is a gasoline whose perfection is greater than the car engineers counted upon.

Users all say it is a great gasoline. At Red Triangle stations everywhere.

WOMEN'S CONTRIBUTION TO THE MOTOR CAR

There is some doubt that people care to hear very much about what goes on under the hoods of their cars.

The driver knows that "driving qualities" are not accidental; they are put there. How the manufacturer creates or evolves those results may not interest him. He judges entirely by the results he gets in driving.

Well, it is not essential to talk "shop"; let us talk Results. Smoothness. Drive the Ford V-8 and you will find that the engine runs with surpassing smoothness, due to its design and the extra precise methods of its manufacture.

Power. There it is, 75 horsepower (we could say 80) at the drive-shaft for the driver's use. With less weight to pull around, the mettle of this car—its life-like response—is rather remarkable.

Economy. Our V-8 develops more power on a gallon of gasoline than any car we have made. Mileage is partly a matter of individual driving, but under average conditions the Ford V-8 does 17 to 20 miles a gallon. Of course, car economy is not only a matter of fuel. Ford V-8 has that too, but it is also economical in the complete sense—initial cost, operation, maintenance.

Appearance. This is woman's contribution. The motor car must not only be useful, but also good-looking. View the Ford V-8 and you will not need our comment on its fine appearance.

Comfort. This also is woman's concern. In 30 years she changed the motor car from a wagon to a coach. Comfort is a quality made up of numerous ingredients. There is no comfort without a quiet, smooth-running engine. We have all the other ingredients too.—color, good taste, quality, ease, safety, roominess and convenience.

mash alone without free range will consume approximately 50 lbs. of grain during the period from a chick to the early marketable age of nine months and about eight pounds a month thereafter.

If afforded a range of grass, weed seeds, bugs, etc., such as is always available on the average farm; the consumption of grain would of course be much less.

Even if only a few chickens are raised—caponizing the extra cockerels will afford a fine table chicken for any winter meal. So tender and delicious, your friends will wonder. And they require no special care and attention; growing up with the flock simply as another growing fowl.

Cockerels may be caponized at from six to twelve weeks old. Before caponizing they must be kept in a clean coop without food or water for 36 hours. Much depends that the place they are confined in is perfectly free from grass, or anything a hungry chicken might eat. If proper care be given when preparing the cockerels, losses from caponizing by an expert, rarely exceed five per cent.

Cockerels caponized during June, July and August are ready for market during January, February and March.

ON TEXAS FARMS
By W. H. Darrow
Extension Service Editor

Terrace constructed more than 20 years ago are still in service on the farm of F. C. Stevens, Karnes County dairy farmer living three miles north of Range. They are believed by the county agent to be among the oldest terraces in Texas. Laid out and built as an experiment with the help of a man sent by the United States Department of Agriculture, surprisingly few mistakes were made.

American cheese making is no longer confined to cheese factories. More than half of the 194 pounds of this cheese made by Mrs. Est Thomas of Concord Home Demonstration Club in Johnson county this year has been sold for a fair price.

Houston county farmers, cooperating with county agent and local civic organization, are buying brood material for farm power and for producing future farm power.

Robert County home demonstration club women are finding that they make \$5 per day by killing and canning chickens for sale.

Tarrant county 4-H club boys have more than 200 brood-sows this year.

It cost Mrs. Pat McDonough of Nueces county 79 cents to renovate her bedroom closet to make it fit for the wardrobe she is developing as a

demonstration with the home demon- stration agent. She is making her money for clothing by selling food products in the local home-makers

market. Try the Index Want Ads.

A large crowd attended Sunday School at Mesquite Sunday. There was a dinner on the grounds, and everyone had an enjoyable time. Several people from here attended the ball game at Joe Bailey Sunday when that team defeated our boys by a score of 9-8. This was the first time they had defeated our boys.

Mrs. Warren Dodson and little son visited old friends in this community last week and the first of this week. Mrs. Dodson was formerly Miss Pauline Sailor.

Miss Nellie Crump was the guest of Mrs. Joe Bradshaw Saturday night.

Mr. Levi Burrus was in O'Donnell on business Saturday.

Elbert Ward spent Sunday with his brother, Richard Ward.

Miss Daphne Lamb was the guest Saturday of Miss Almarine Nunnally.

Mrs. Meadows was on the sick list last week but is better now.

Mrs. Bill Stephens of Gail spent Sunday with her parents, Mr. and Mrs. James Pratt.

Most of the farmers of this part of the country will finish planting this week. We are hoping for more rain so that seed may come up.

Mr. and Mrs. Bill Brewer, Earl Jones and J. H. Yarborough went to Grandview Sunday where Bro. Brewer preached.

A number of friends gathered at the home of Mr. and Mrs. A. M. Willingham Sunday afternoon when Bro. Brewer held a special service for them. Mr. Willingham seems to be improving nicely. Those present also called on Mr. and Mrs. P. P. Brewer after the meeting. Bro. Brewer is improving some, and we all hope to hear of a speedy recovery.

READY FOR A FULL DAYS WORK

(Editor's Note: This bit of poetry was written by Miss Winnie Ferguson, daughter of Mr. and Mrs. D. M. Estes, and dedicated to the farmers of the O'Donnell territory. Mr. Estes brought it down for us to read, and it was so appropriate that we begged his permission to publish it for our readers.)

Down on the farm about half past four,
I slip on my pants and sneak out the door.
To milk ten cows and feed the chickens,
Clean out the barn, curry Nancy and Jiggs,
Separate the cream and slop all the pigs;
Work two hours, then eat like a Turk
An' by heck, I'm ready for a full day's work.

Then I grease the wagon, put on the track,
Throw a jug of water in an old grain sack,
Hitch up the horses, hustle down the lane,
Gotta get the hay in cause it looks like rain.
Look over yonder! Sure's I'm born!
Cattle on the rampage and cows in the corn.
Start across the medder, run a mile or two,
Heavin' like I'm windbroke, wet clean through.
Back to the house then for recom-pense—
Nance got straddle of the barbwire fence.
Joints a-achin' and muscles in a jerk,
I'm fit as a fiddle for a full day's work.

Work all summer till winter is high,
Then figure up the books and leave a big sigh;
Worked all year, didn't make a thing,
Got less cash than I had last spring.
Now some people say there ain't no Hell,
But they never farmed, so they can't tell.
When Spring rolls around, I take another chance.

While the fringe grows longer on old pants,
Give my suspenders a hitch and a belt a jerk
Then by Heck! I ready for a full day's work.

Particularly do we wish to thank the good people of the OK and Wab communities. May God's richest blessings rest on each of you.

Mrs. F. F. Hart, Johnnie Mullins, Mrs. A. B. Yarborough.

Mr. Williams, a State Ranger, was here on business Tuesday.

Miss Ethel Iris Simpson returned Wednesday from Canyon where she has been attending school.
