**Let the Index  
Write Your Letters**

C. J. Beach came in the Index office the other day and said the paper had the kind of news in it he wanted his friends living in other parts of the country to read, and that every citizen interested in the upbuilding of the town and country should not stop at subscribing for one copy of the paper, but should take as many copies as possible for their friends and relatives back home. He had the paper sent to T. E. King, Kalamazoo, Michigan, J. W. Jackson, Seminole, and P. G. Galneau, Weatherford.

L. L. Drumheller said he mailed a couple of copies of the paper to his father, J. S. Drumheller, at McKinney, and he was so impressed with it that he wrote to have the paper sent for a year.

G. O. Newman said the Index beats any paper he ever saw for local news and wanted the folks back home to learn what was going on out here. He had copies sent to W. W. Newman, Harlingen, C. L. Newman, Corpus Christi, and Mrs. G. O. Newman, Dallas. Mrs. E. J. Tredway said the paper beats any letter she could write for local news and had it sent to Mrs. Emma Yeager at Lexington.

These few names are given to show the spirit in which nearly 100 other subscribers regard the paper. They are sending copies back home and the Index invites you do the same.

**Buys City Property**

S. M. Minton and his brother have purchased twenty acres of land in the south part of town and will have the same cut into town lots at an early date and place on sale. This land overlooks the business section of town and will be very desirable residential property.

Yes, we have some measles. It is reported that about 100 cases are in town, but it is of a mild form. A number of families have been working overtime nursing their children, but it is thought that with the recovery of those now in bed with the disease, that it will have run its course in O'Donnell.

After an absence of several weeks, Miss Jewell Doak returned home Tuesday. She had been visiting friends and relatives in Austin and San Marcos.
