

Cent Cotton Loan Now Available To Farmers

Farmers Must Agree Cut Acreage In 1934

A plan announced Monday by H. Clark, manager of the Lyman Cotton Loan Association, farmers in the Plains area now have an opportunity to secure an advance of ten cents per pound for this year's cotton, regardless of the market price.

Monday the Agricultural Administration began this campaign on the present crop by securing the loans from the government's cotton program for 1934.

Would Increase Value of the Farmers of the Area

Several hundred thousand dollars to the value of the South crop this fall. The present price of cotton (33c) ranges from 10c to 15c, so that the additional cent per pound will make a difference when added to sales.

Must Give Note to Secure Loan

Each farmer who signs for a loan of \$500 will be required to give a note for the loan. However, there is no liability on his part if the cotton is eventually sold at a price which does not cover the loan on his cotton.

Gunplay Saturday Night Excites

A young Mexican revolution broke out in the outskirts of the business section late Saturday evening when two slightly stowed ironed Mexican cotton pickers started out to settle some differences with six-shooters.

However, deputy sheriff John Johnson quickly had the situation in hand, and the two Mexicans confined in the city jail. They paid fines Sunday morning, and, as they appeared to be thoroughly sobered by the night in the city's free hostelry, Mr. Johnson released them.

This is the first trouble of any kind among the visiting pickers, and it is sincerely hoped that it may be the last, especially if a few more are carrying 'shootin' irons'.

No one was hurt, unless somebody got trampled in the rush away from the scene of the fracas.

Lynn Cotton Crop 15 Per Cent Harvested

With cool weather bringing promise of real fall within the next few days, Lynn county's cotton crop is only 15 per cent harvested, according to the opinion of government experts and reports from ginners in the first part of the county.

Leafworms Have Been Worse This Year Than for the Past Three Seasons

Leading cotton planters say, but they have a help at this time, in many instances, particularly in our own section. The cotton plants grew so tall and carried such heavy foliage, so development and opening of bolls were materially hindered. Action of the leaf worms cloared away this surplus foliage, and permitted the time to reach the bolls.

So Far Not Quite Half the Cotton Is Being Sold

Many of the farmers were receiving their cotton blow-up checks just as their first bales were ginned, and these checks obviated the necessity of immediate cashing of harvested cotton. In many instances, according to J. L. Shoemaker, Jr., cashier of the First National Bank, farmers are borrowing enough to tide them over for the present need until the ten cent rate promised by the government will be available.

Mrs. Aldridge Has Unusual Accident

Mrs. H. C. Aldridge suffered a peculiar accident Monday when her left hand was pierced through the palm by the point of a paring knife.

Mrs. Aldridge was watching the process of sharpening the knife, and asked to see how it was coming. Just as she was about to take the knife, it was handed to her, and the point stabbed completely through the palm.

No stitches were necessary, and she is suffering little inconvenience from the injury.

Rural News Missing This Week

Due to cotton gathering and other harvest duties, our correspondents from the various communities have been too busy in a few days to write their news.

We miss these newsy letters, and trust that they will begin coming in again next week.

H. H. Williams and daughter, Miss Frances, accompanied by Mrs. W. H. Vance, were here from Wellman, Monday night and Tuesday.

C. L. Davis was in Lamesa on business Wednesday morning.

Bargain Days On Index Are Now Active Again

When will bargain days begin? That question has been asked a number of times during the past few days, and the answer is "NOW". New or renewal subscriptions to the Index may now be secured for fifty cents per year. Twice during the past year this rate has been effective—allowing you to read the home news at less than once each week.

Renewals Beginning To Come In This Week

Renewals to the Index for another year are beginning to come in this week in a nice little trickle, and the force appreciates the many kind thoughts said about 'the little old paper'. And we also appreciate the four bits.

Fred Henderson believes in taking a good thing when he sees it, so he strolled around to renew his subscription for two more years. Fred is afraid this fifty-cent rate won't be in effect, next year. Which it likely won't.

District Court Has Busy Session Last Week

District Court now in session at Tahoka had an unusually busy session last week. One or two of the cases had been brought over from previous terms.

The jury in the D. A. Parkhurst case brought in a verdict of guilty early Wednesday afternoon, assessing a penalty of five years in the penitentiary. Parkhurst was charged with a statutory offense involving improper relations with a 14 year old girl. His attorneys will file a motion for a new trial.

This case went to trial Monday morning. The jury was selected from a special venire of 108 men. The State was represented by District Attorney G. H. Nelson and County Attorney Truett Smith, while G. E. Lockhart and E. D. Brown of Lubok represented the defendant. This case was tried once before, resulting in a mistrial. The jury at that time, stood four for conviction and eight for acquittal.

Three other cases were disposed of Wednesday afternoon. Calvin Davis of Ft. Worth and J. R. Romines of this place each pleaded before the court without the intervention of a jury, and each served eight years in the penitentiary for the offense of car theft. The car was stolen in Fort Worth last Spring and brought here thus placing venue in Lynn county.

S. D. Yowell and S. D. Dick, young desperadoes convicted of robbery and kidnaping, were sentenced to a total of 105 years in the district court on Thursday morning. Yowell pleaded guilty and was sentenced to 100 years. Dick, who pleaded not guilty and conducted his own defense, drew a 55-year term. The men were charged in connection with the robbery and kidnaping of J. T. Covey, Santa Fe railway agent at Wilson last April. Covey was robbed of \$3 and blinded. The bandits abandoned the stolen car in which they were driving and took Covey's Ford V-8 sedan. Covey was released near Ackerly.

The car was recovered in Hugo, Oklahoma about May 1, when Dick was arrested.

Both Dick and Yowell, as well as Romines and Davis figured in a jail break about May 15, but were recaptured.

Eagles Battle Tahoka Bulldogs To Scoreless Tie

The flashy Eagle team of the local high school showed skill, tenacity, and real football Friday afternoon when they played the Tahoka Bulldogs to a scoreless tie on Tahoka's home field. A number of fans went along with the team, and reported the game as one of the most interesting of the season. A brief summary follows:

First Quarter

Tahoka kicked to O'Donnell. Gibson received the kick-off, and behind good interference, returned the ball for a good gain to their own 40-yard line. From here Morrison carried the ball on the play for 20 yards. McLaughlin ripped off-tackle for 3 yards. Debusk, on an off-tackle play, gained 3 yards. Just before the quarter ended, O'Donnell carried the ball to Tahoka's 3-yard line. On the same play, Gibson was penalized 15 yards for holding. Out of the 12 minutes in the first quarter, O'Donnell took the offensive 10 minutes, carrying the ball through and giving their opponents some lessons in old-time football.

Second Quarter

O'Donnell's ball in midfield. On off-guard, tackle and end plays, the Eagles made first down. Just at the close of the half, they completed 3 passes for 2 first downs. Half ended O'Donnell 0, Tahoka 0.

Debusk kicked to Tahoka; failing to make first down, punted to Tredway on his own 40-yard line. McLaughlin and Morrison, behind the interference of DeBusk, cut off guard and tackle for a few yards at a time. As the end of the half neared, the Eagles broke loose with power plays, and passed to the ball to Tahoka's 3-yard line, where McLaughlin, on an end around play, fumbled the ball. Tahoka recovered and on the first play punted to the Eagles. Debusk kicked to Morrison at right half. O'Donnell carried the ball back to the ten yard line. On the first play DeBusk blocked the punt. The Eagles made a few plays, the game ended, the score being 0-0.

To Play Lovington

The Eagles venture to play Lovington this week end, to play Lovington, Friday, October 20. All who care to make the trip are cordially invited to accompany the team.

THE NEW DEAL'S DECALOGUE

One of the new assistant secre-
taries of state, Harry F. Payer, of Cle-
veland, who, in a recent speech laid
down the Ten Commandments of the
New Deal, said partly as follows:

"First—Thou shalt not live, my
dear country, beyond thy means.

"Second—Thou shalt not lose con-
fidence in thyself or thy great
strength.

"Third—Thou shalt not make Man-
mon thy God, but neither shalt thou
be unfaithful of thy monetary sys-
tem lest it destroy thee.

"Fourth—Thou shalt not make gold
thy god but thy servant.

"Fifth—Thou shalt not permit the
employment of thy people, well be-
loved; this is the greatest and first
commandment.

"Sixth—Thou shalt not fail to
manage well and rationalize thy in-
dustry.

"Seventh—Thou shalt not suffer
the paradox of poverty amid plenty
else thou sinnest grievously."—Ev-
ents, Enid, Oklahoma.

**Weekly Report Shows
Good Cotton In Area**

The weekly cotton grade and staple
report issued by the United States
Department of Agriculture said Sat-
urday that in District 2, the High
Plains of West and Northwest Texas,
of which Lynn is a part, 55 per cent
of the cotton was found to be strict
middling or better of the extra white
and white standards.

This shows an increase of 2 per
cent over the 53 per cent reported
week before last.

Thirty-two per cent of the cotton
was equal to the spotted and yellow
inced standards last week compared
with 29 per cent to date. There has
been very little change in the dis-
tribution of the staple lengths for this
section. About 74 per cent was 7.8
inch and longer, and 37 per cent was
7.8 to 8.2 inch in staple length this
week. There was an increase in un-
tenderable cotton.

**Beer Election in Terry
Tuesday, Oct. 24th**

The Terry County Commissioners
Court Monday acted upon a petition
before that body asking that an elec-
tion be held here to see whether or
not a 2 per cent beer can be sold in
the incorporated limits of the city of
Brownfield. Our understanding is that
the election will be held on Tuesday,
October 24th.

The petition bore the signature of
the required number of voters, all of
which are qualified voters, and most
of which are among the most prom-
inent business and professional men
of the city.—Terry County Herald.

**State Health Officer
Requests Local Support**

We are this week in receipt of a
communication from Dr. W. A. Da-
vis, registrar of the Bureau of vital
statistics of the State Department of
Health calling attention to the fact
that one of the legal requirements of
the 1927 Vital Statistics Law has ap-
parently been overlooked in this
county.

This law requires that a birth cer-
tificate be filed by the attending phy-
sician or nurse at the time of birth.
A violation is a misdemeanor which
carries a fine of not less than \$5 or
more than \$50. Dr. Davis included a
copy of a letter which is being sent
to local officials of the county with
the request that we publish it. It said
in part:

If you are a patriotic citizen, not
to mention your official relation to
your state, county and home town,
the following will appeal to you:

In every State in the Union EX-
CEPT TEXAS, the Census Bureau
recognizes the human records, birth
and death rates are computed and
published. In order to overcome this
condition and relieve Texas of this
stigma a test of registration was
made. It was found that death regis-
tration had reached the standard and

in future years Texas will be shown
all the favors shown other states as
a matter of mortality. This result
was a high compliment to the under-
takers, coffin dealers, and others who
had charge of the burial of the dead
during the time included in this in-
vestigation.

There is attached a list of the
births about which a request as to
the certificate has been directed to
the State Bureau, but the correspond-
ing birth certificates cannot be found
as the law requires. These
births may have occurred in other
years or in other counties or there
may be an error in the name, in such

event if this information is furnished
the State Bureau immediately that
record may be cleared up, before the
investigation is finished, otherwise
the birth must stand charged against
your county as a violation of the
1927 Vital Statistics Law. Such a
violation is a misdemeanor that car-
ries a fine of not less than \$5.00 nor
more than \$50.00, for the medical at-
tendant at every birth must file a
certificate with the Registrar at the
time of birth. These violations appear as a
reflection on your county and the list
is given you believing that as a citi-
zen you will do everything to locate
these births and secure the complete

enforcement of the law.

Birthday of Pioneer Is Celebrated Here

Honoring the seventy-sixth birthday of R. F. Hester, pioneer resident of this section, members of his family gave him a happy surprise last Sunday by holding a family dinner at his home.
 Guests began arriving shortly before noon, and before Mr. Hester realized the meaning of it all, he was greeted on all sides with a chorus of congratulations. And then he remembered that it was his birthday. After all had seen and admired the lovely array of appropriate gifts, which had been laid out in a separate room, he led the way to the dining room where his birthday cake formed the centerpiece for the attractive table. Mr. Hester 'puffed' 3 times before he succeeded in extinguishing all the candles.
 Pictures were taken of the family group with Mr. Hester occupying the place of honor, holding his cake. Those present and enjoying the delightful occasion were Mrs. Hester and the following children: Mrs. W. E. Williams and family, Mrs. J. E. Stockton and Mr. Stockton, Mrs. G. D. DON'T GET UP NIGHTS MAKE THIS 25c TEST

You need a bladder laxative to drive out impurities and excessive acids that cause irritation, burning, and frequent desire. Get a 25c box of BUKETS, the bladder laxative, from any drug store. After four days if not relieved of getting up nights go back and get your money. BUKETS containing buchu leaves, juniper oil, etc., acts on the bladder similar to castor oil on the bowels. If you are bothered with backache or leg pains, arising from bladder disorders you are bound to feel better after this cleansing and you get your regular sleep. Whitsett Drug Store says BUKETS is a best seller.

DRINK WATER WITH MEALS GOOD FOR STOMACH

Water with meals helps stomach juices, aids digestion. If bloated with gas add a spoonful of Adlerka. One dose cleans out poisons and washes BOTH upper and lower bowels. (Corner Drug Store).

Miscellaneous Shower Honors Newlyweds
 Honoring Mr. and Mrs. Ralph Beach, who were married several days ago, Misses Wynona Huff and Alice Busby were hostesses Wednesday evening of last week at a miscellaneous shower.
 Guests evidently got together in their selection of gifts, as there were complete sets of china and glass ware. A full array of kitchen utensils and tools also brought the promise of easily prepared meals.
 A delightful program of games and nonsense features completed the evening.

'EAGLES' SCREAMS'

Reports Out This Week
Report cards were issued Wednesday of this week for the first time this term, to high school students. E. E. Gilbreath, superintendent, asks that parents please sign them promptly and see that students return them to the office. Many parents refuse to sign. Mr. Gilbreath remarked, because grades are not good, thinking that signing is approving these grades. This is not the case. The signature merely indicates that the parent has seen the card.

Students Make Good Records
The following high school students were neither absent nor tardy during the first six weeks: Freshmen: Jennie V. DeBusk, Pat Gary, Burd and Earl Tunc; Sophomores, Ray DeBusk, Roy Elmo Everett, Robert Gary, and Burl Koeniger. Juniors: Mildred Copelin, and Ovell Warren. Seniors: Earline Gilbreath, Mary Helen Nance, Alline Nunnally and Albert Brendle.

Home Economics News
The sum of \$4.50 was realized from the food sale Saturday. This money will be used to help defray expenses of our representatives to Austin next spring. Food not sold Saturday was given to a needy family. The girls wish to thank Mr. Lendon at Pratt's Food Store for the use of the space in the store.

The Senior Class and the Home Economics girls will serve dinner in town at 35 cents per plate on Saturday, October 28th.

The D. E. I. Club enjoyed a hike and a picnic last week.

Class Elects Officers
Newly elected officers for the Freshman class are: President, Pat Gary; vice-president, Mildred Goddard; secretary, Beatrice James; treasurer, Alene Gates; reporter, Juanita Gilstrap. The treasurer reports that \$1.50 has been paid in class dues. Plans are under way for a class party in the near future.
