### Fall Business Looking Good

### Crop Is Very Late

975 bales of this year's cotton crop have been ginned here thru Tuesday noon. Cotton is opening slowly and it is thought that another week would pass before normal ginning begins. Pusiness firms reported. ning begins. Business firms reported a good day last Saturday— far bet-ter than was expected with about 1,000 Mexican Nationals and several hundred natives in the area.

A number of fall stores are open and Sundays seem as much a business day as Saturdays. Merchants say the visitors from South of the Bor der are buying more luxury goods than in years past.

Early grain has nearly been harvested with a luli until the big and late June and July crop is ready.

### SPEAKS AT ROTARY -

The O'Donnell Rotary Club met Tuesday in its regular meeting. Vis-Brownfield, Mrs. H M Cantrell of Stamford, Mr and Mrs. A J Barnes Jr and family, Mrs. Joe Jackson and Teresa of here, Mrs. W O Kelly and daughter of San Angelo and her son The Clint Walker of Tahoka. The Club voted to cooperate with the Hayward California Club on the Coastal Disaster Fund and to have Ladies Night on Sept. 26. C. A. Dempsey of the Department of Pub-lic Safety was speaker for the luncheon. Weldon Martin and Truett Hodnett attended the Executive

### S. S. MAN HERE TODAY

Older farm workers find it easier to qualify for social security benefits because of recent changes in the

social security law, according to John G. Hutton, manager of the Lubbock Social Security office.

Men who were 65 or women who were 62 before 1958, for example now need credit for only six quarters (about one and half years) of work under social security, to could work under social security, to could be social security. work under social security to qualify for benefits. For each year after Mishap Monday Afternoon 1956, a man was under 65 or a wo-man was under 62, an additional quarter of work is figured.

about two miles north of town, died that a farm worker who is paid that a bout 2 p. m. Monday when the \$150 or more in cash farm wages Mr. Hutton went on to explain at about 2 p. m. Monday when the tractor he was driving on Highway 87 near his home was struck from the rear by a truck. Officers investig ating the crash said Mr. Harris was pinned beneath the wreckage of the truck and tractor in a barrow ditch 200 feet from the point of impact Injured in the crash 1.4 north of town was the driver of the truck. 39 year old Lamesa resident, Pat. Four hundred dollars paid during 39 year old Lamesa resident, Patrick McKibben, Jr who was taken to Lamesa hospital, Mr. McKibben formerly lived here.

Four hundred dollars paid during a summer harvest season give credit for four quarters of work for that year. The farm worker in general, and the older one in particular eral, and the older one in particular who is seeking enough credit to qualify for social security benefits should make sure his wages are

> in this respect by having his social security card available when he reports for work. The farm employer who has a record of each employ 's number and the total amount of cash wages paid in a full year will be able to make up his social sec urity return accurately at the close of the year when it is due. A worker can check on his social security account at any time to see if pas wages have been credited properly

> A representative of the Lubboc Social Security office will be it O'Donnell on Wednesday Sept. 27th in Elementary School at 2 p. m. and will be glad to assist in all matters pertaining to S. S.

### FRIDAY

## A New World of Worth from Chevrolet for 62!

### '62 CHEVROLET Rich new styling with Jet-smooth ride!

Here's everything a car fancier could want. Fresh-minted style that comes to a climax in the sportiest sport coupe you've seen yet. A road-gentling Jet-smooth ride. A new choice of V8 skedaddle. Rich Body by Fisher interiors. Beauty that's specially built to stay beautiful. Here in '62 is more than ever to please you from the make that pleases most people.

It's like owning an expensive car without the expense. Check it over from its clean-thrusting prow to its rakish rear deck. Look inside the deep-well trunk. Then-head for the open highway. ■ That sittin'-on-satin feeling you get is Chevrolet's famous Jet-smooth ride at work-with a pliant Full Coil spring cushioning at each wheel. The standard six and V8 are triggered to do special things on regular gas, and for real hair-trigger reflexes you have a choice of four optional-at-extra-cost V8's with out-

put all the way up to 409 hp. . Hard-working helpers (like the new steel front fender underskirts that guard against corrosion) give this '62 its builtfor-keeps beauty. Even the heater and defroster come as standard equipment this year. This is the kind of car that will make you feel luxurious all over,

and your Chevrolet dealer will be only too happy to show you how easy it is to have one of your own.

### THE '62 CORVAIR MONZA

Meet the car that puts sport in the driver's seat! Bigger new brakes and Corvair's renowned rear-engine traction offer just about the surest footed going on the road. A new Monza Station Wagon makes its debut. And all models sport freshly tailored upholstery inside matched by sassy new styling accents outside. This jim-dandy's got the stuff that drivers dote on. 

Backstage you have a standard aluminum air-cooled engine that turns up 80 hp. (or if you like more razzamatazz, one that uncorks 102 hp.\*). 
Sure enough, there's independent suspension on all four wheels to keep the ride as amiable as ever. Inside, you'll find a heater and defroster, cigarette lighter, dual sunshades, frontdoor armrests and automatic choke as standard equipment on most models. There are lots of reasons for liking what's new-and tried and true-in the '62 Corvair. And your dealer's eager to tick 'em off for you. \*Optional at extra cost.

### HERE'S THE NEW CHEVY II

Here's modern basic transportation in a totally new line of cars with all the solid, time-tested Chevrolet virtues-plus some surprises you've never seen on any car before. A full line of saucy new-size models. Thrifty? Choice of a frugal 4- or spunky 6-cylinder engine (in most models). Roomy? Sedans seat six solid citizens. Price? A real pleasant This plucky new Chevy II comes about as

close as a car can to perpetual motion. All nine models (station wagons, a hardtop, even a convertible will soon be available in the lineup) are designed to save you money and service. Major frontend sections, including fenders, bolt on for easy replacement in case of damage. The heater and defroster are yours as standard equipment. Tough-but ever-so-gentle-Mono-Plate rear springs eliminate the friction of old-fashioned multi-leaf springs. ■ And, maneuverable and sensibly sized as this Chevy II is, it gives you the kind of room that'll make many a "big" car

wonder how it's done.

See the '62 Chevrolets, the new Chevy II's and '62 Corvairs at your local authorized Chevrolet dealer's

### PREVENTION CHECKS

Warning to parents: if you don't want Junior beating you to the punch, check your home for hazards before Oct. 8th.

QUILTS —

1st. Mrs. Geo. Vaughn, Mrs. J'T Middleton, 2nd Mrs. Levi Gray, Mrs. Geo. Vaughn, 3rd, Mrs. Middleton, 4nd fifth graders in 15,000 schools here and across the nation will solemnly prowl their homes, check list in hand, spotting fire safety flaws. It can momentarily be embarassing to have an earnest eight year old point out the fraved electric.

old point out the frayed electric cord you have been meaning to fix and the stacks of old newspapers you'd planned to clear out of the attic. But that's what happens every year when some 4 million young-sters become Junior Fire Marshals in a program sponsored nationally by the Hartford Fire Insurance Co. and locally by Moore Insurance Agency in cooperation with loschools and the fire department.

There's no denying the value of the 14 year old Junior Fire Marshal program in cutting risks of fires that annually destroy 11,000 lives and a billion dollar's worth of pro-

The Junior Fire Marshal program teaches youngsters proper respect for the dangers of fire. Elvin R. of Moore Insurance Agency says "safety checks alone do not guarantee you against fire. They just reduce the probabilities. To be really sure, adults must maintain a year round check against careless-
