NOW DROUTH RELIEF PLAN IN OPERATION

The new drouth relief plan to
help farmers and ranchers buy
roughage for livestock is in operat-
ion. Walter McKay, state director of
the Farmers Home Administration,
said that county FHA offices were
ready to accept applications for
hay and other roughage. Applicants
should go to the nearest FHA of-
fice to file their applications. The
local FHA committee will determine
each applicant's eligibility and will
issue a certificate for \$7.50 per ton
on roughage for a supply to Dec. 31
1956. The applicant then applies the
certificate on the purchase price of
roughage from any dealer he
chooses. The dealer endorses the
certificate and draws a draft on
the state emergency drouth com-
mittee's account.
Roughage includes all types of
hay, cotton seed hulls, peanut hulls,
corncobs, sorghum bundles and en-
silage.

The Texas Farm and Ranch Safety
Committee warns farmers and their
families not to disregard the dan-
gers of heatstroke and heat exhaust-
ion. Hard physical labor in the hot
sun or a stuffy place might bring on
heat exhaustion in a hurry. Preven-
tion is the best treatment.

WOMAN'S WORLD

Vegetables Spark Lazy Appetites With Their Appeal

DON'T try to stuff your family with hearty meals all of the time! Right now with warm weather slowly making itself felt, they're apt to show a distinct lack of interest in meals.

Vegetable combinations make excellent main dishes if you add a protein food such as eggs or cheese to them. Besides, it's an excellent way to keep the food budget trim.

Green peppers stuffed with this corn mixture are a pretty as well as nourishing and interesting vegetable dish. You'll want to keep this recipe on file for the next several months:

- Corn-Pepper Bake**
 (Serves 6)
 6 large green peppers
 4 slices bacon
 1 egg
 1 tablespoon butter
 2 tablespoons finely diced onion
 2 tablespoons flour
 1 teaspoon sugar (optional)
 1 1/2 teaspoons salt
 1 1/2 cups milk, scalded
 2 cups cooked corn
 1/4 cup soft bread crumbs

Wash peppers, cut a slice from the side of each and remove seeds and fibrous parts. Cover with boiling water and simmer 5 minutes. Meanwhile cook bacon, drain and dice. Beat egg slightly. Melt butter, add onion and cook until tender. Add flour, sugar, seasonings and blend. Add milk and cook

Bacon and corn go into a custard-like mixture as a stuffing for parboiled green peppers to make a satisfying and colorful main dish for lunch or supper. Cheese Sauce adds nourishment to the vegetable.

over low heat until thickened, stirring constantly. Add corn, crumbs and bacon; stir in egg. Fill green pepper shells. Bake in a pan of

Bassett, Va., Pastor Asks Prayer for Son

BASSETT, Va. — The weekly newspaper, the Journal, here has published the plea of Rev. Douglas M. White, pastor of the First Baptist Church, that residents send up a petition to God in behalf of Paul Vance, son of the pastor and Mrs. White. The boy is suffering with a brain tumor. Because of this plea, most of the population of Bassett has talked to God in the past weeks. The plea is as follows:

May I request the readers of this paper to join me in prayer this week?

At the time of this writing I have been informed by the neurologist at Duke hospital that Paul Vance, my 12-year-old son, has a tumor at the base of the skull. It is too risky to operate, but they are going to try X-ray therapy. What will follow we cannot tell; it just remains to be seen how he will respond to the treatments.

Our boy is a Christian, he loves the Lord, and trusts Him day by day. We have placed Him in God's hands and whatever He sees fit to do will be quite all right. God makes no mistakes. We are fully persuaded that God can raise Him up of course.

Early in my Christian experience God gave me a promise, which has become the foundation stone of my life. I am taking my stand upon that promise now. "And we know that ALL things work together for good to them that love God, to them who are the called according to His purpose" (Romans 8:28).

Work Hair Beauty Into Your Routine

When your hat comes off, and your hair is turned loose to bask in the warm, bright sunlight, it's important that your tresses be in top-notch condition for their Spring-time debut.

You say you have no time for hair glamour routine at a time when you're busy with a dozen housekeeping items like painting the closet, washing curtains and airing bedding. You can accomplish hair beauty while doing these other things if you use a system!

While you shampoo your locks or manœuvre your nails, think over the week's menus or shopping list. Then, while you do your other chores, a self-neutralizing home permanent can be processing.

Match Lotion to Hair

Select a self-neutralizing permanent which will give you a type of lotion to match your particular hair. There's a very gentle one for the easy-to-wave hair, or the color-treated or naturally curly hair. There's a super one for tresses which are resistant to waving and a regular lotion for normal hair.

On the day you plan to achieve hair beauty, set the alarm clock a little earlier for yourself so you can have a head start on the family. Include a shampoo with your shower or plan to wash the hair in basin or sink.

Starting the Wave

Now, lay out the supply of pin curlers, hair net and contents of your kit. Read the directions thoroughly. Next, block off the hair in the regular home permanent wave blocking pattern.

While the hair is still damp, start rolling the curls. Saturate each strand with waving lotion, slip on end papers and curlers. Once wound, you can forget about the hair for 30 minutes and get breakfast for the family.

Half an hour later finds you rinsing the curls briefly with clear water and towel blotting to outlaw dripping. Slip a scarf on the head until your husband leaves. Substitute a hair net to hold in place.

Ruffles on many seasonal blouses and dresses give away and fray before the body of the garment does. Add new ruffling and increase the life of the clothing and at the same time give it an interesting new look.

Smooth, silky gabardine is tailored by Frank Gallant into a wonderfully wearable suit. The jacket is simple and slightly curved over a slender skirt.

SMART moderns go GAS for Clothes Drying!

Like most every modern homemaker, I try to run the most glamorous and efficient household possible... at the lowest cost. That's why I use GAS appliances. Take my dryer, for example. I think it's the smartest looking appliance I've ever seen. Performance-wise, it's got every automatic feature you can think of... it's safe for all fabrics — even my most delicate lingerie — and I'll tell you, I didn't

Sweet Tooth For Childhood Compliment

FINDLAY, OHIO—Mrs. John Minnrod remembers with fondness the bakery that was patronized by her mother when she was a small girl. She remembers that on her 11th birthday she fell in love with the wedding cake in the bakery window.

She rushed into the shop, plunked 11 pennies on the counter, and told the proprietor, "This is all the money I have. I'd like to give it to you as a deposit on a cake exactly like the one in the window for my own wedding." The baker took the 11 pennies and gave her a receipt.

Twelve years later, on the eve of her marriage, she received a package. Inside it was a duplicate of the cake, with a bill enclosed which said, "One wedding cake. Received on account: 11 cents. Balance: Respects of the Campbell Baking Co., for the sincerest compliment ever paid them."

Beauty 'Flips Lid' As Mayor Kisses Her

WILDWOOD, N.J.—Several thousand persons crowded Wildwood's boardwalk recently to watch the 42nd annual baby parade. The crowd saw one of the biggest parades in history as seven bands, 300 entrants and the queen's float filed along the boardwalk in a two-hour spectacle.
 Highlight of the gala affair was the crowning of the queen, Miss Barbara Blake, by Mayor W. Harry Steele. Queen Oceania, the 42nd was crowned at the reviewing stand, which was situated between Glenwood and Magnolia ave.
 This also provided the most humorous comment of the day by Mickey Shaughnessy, who served as MC for the entire parade. As the mayor kissed Miss Blake after crowning her, the crown slipped from her head which prompted Shaughnessy to remark, "There's one girl who flips her lid when the mayor kisses her." The mayor went through the proceedings again without mishap.

Maine Town Collects Big Sum for Orphan

WATERVILLE, Me.—This is a bustling, thriving town, aglow with civic pride. The reason for the glow began on a September day five years ago when Connie Grindell, 5, felt weak and took a headache. At the hospital, the dread verdict was that the little girl had polio.

She fought an uphill battle against the crippling disease for two years. And when she was almost ready to walk, tragedy struck again. In an automobile wreck her grandmother was killed instantly. Her father and mother died from injuries received in the wreck several days later. The seven little Grindell children were orphans.

Carleton Brown, owner of Radio Station WTVL had a talk with the treasurer of the local bank. Then they dropped by the newspaper office. The Grindell fund drive was launched.

The movement swept Waterville and nearby Winslow. Piggy banks, sugar bowls and wallets were opened. Children put on benefit shows. Mothers sold pies and cakes. Home talent and professional actors put on a benefit show in the Opera House. Even a woman being expelled from town by police gave her last dollar to the Grindell benefit fund.

The governor's wife in Augusta gave a benefit tea. The Maine Magicians Society put on a benefit show. Ex-Mayor of Waterville, Russell Squire says the effort being in Waterville gave the whole state a feeling of "togetherness."

The drive collected \$18,000 for the Grindell orphans. The trustees of Colby College voted free tuition to all the children when they become of college age. The cash has been put in a trust fund.

Utah Town Snags Ohio Tourists Passing By

BRIGHAM CITY, Utah—Failure to stop at this northern Utah peach growing center was the charge against three Ohio tourists who were arrested near here. The town is named after Brigham Young, Mormon colonizer.

Mr. and Mrs. Howard Stephens and Briggs Barrett, all of Wilmington, Ohio, were picked up by an officer. They pleaded that they were in a hurry to get to Yellowstone park. The officer was a Utah highway patrol trooper.

When they were returned to town, a judge told them they should have stopped to see the sights. They entered the spirit of the civic promotion, pleaded guilty—and were sentenced to spend 24 hours in the city and vicinity as guests of the local 20-30 Club.

Delta, Colo., Scenery Is Tourist Paradise

DELTA, Col.—This and several neighboring towns sell scenery of spectacular proportions. The road south from Grand Junction through Delta, Montrose and over the "million dollar highway" to Durango is traveled daily by many tourists.

Despite the new boom in tourist entertainment, the main industries in this community are mining, cattle raising, and fruit growing.

About 20 miles out of Montrose traveling south is the Black Canyon of the Gunnison river, a narrow gorge which rises almost straight up from the banks of this famous trout fishing stream.

Health Exam. Urged For School Children

"Children are not really ready to enter school until they have had a complete physical examination," Dr. Henry Holte, Commissioner of Health reminds parents. All boys and girls enrolling in the kindergarden or first grade classes of Texas schools should be taken to their physicians or to a public health clinic for a physical checkup if they have not had such an examination in recent months.

It is important to act as promptly as possible. This is recommended in order to allow time for medical treatment or corrections.

As most parents know, vaccination against smallpox is necessary. Those who receive this immunization in infancy should be vaccinated again in order to assure a high degree of

immunity, and those who have never received this protection should be vaccinated with out delay.

Dr. Holte urges parents whose children have not received Salk poliomyelitis vaccine to have this administered before entering school. The safety and efficiency of this prevention has been proven and all children should be protected against this crippling disease.

HOMEOWNER?? or HOBO??

What you do about insurance protection within the next 24 hours might very well determine whether you remain a homeowner or wind up "out in the cold" like the gentleman above.

Building costs have doubled. Would you be able to replace your home if it is destroyed tomorrow? Not if it is insured by 1946 standards.

Be sure your insurance protection is up-to-date. Our free protection check costs you nothing, and may save you thousands of dollars.

For big jobs, small jobs, all jobs

Ford Trucks Cost Less!

"I earn as much as \$30 a day more because my Ford T-800 tandem job can carry more payload than comparable trucks," says timber-hauler Clarence Landwing.

"Low cost, dependability, toughness—that's what I get in Ford trucks," says John Karks. "Ford's power takes me through tough going that would stop many another truck."

Only a Ford pickup gives you the economy of modern Short Stroke design in both Six and V-8!

Ford's low initial prices mean real savings, to be sure. But the on-the-job savings you get in Ford trucks count even more!

Take running costs; they're downright low. Because only Ford gives you the gas and oil economy of modern Short Stroke power in every truck. Only Ford offers Short Stroke engines backed by over 5 billion miles of on-the-job experience.

Upkeep costs are low because Ford trucks are built extra strong. They outlast all other leading makes—a fact certified by independent insurance experts. That same stand-up ruggedness means greater dependability, too.

And when it comes time to trade—you'll gain from Ford's traditional high resale value, too. You'll find that, from start to finish, Ford trucks cost less.

THE BIG FLEETS BUY MORE FORD TRUCKS THAN ANY OTHER MAKE

Ford Trucks last longer

Using latest registration data on 10,502,351 trucks, life insurance experts prove Ford trucks last longer.

"When you figure low running and upkeep costs, high trade-in and low price, we feel that nothing can beat Ford trucks for value," Charles Sofer, president of I. Hart & Co.

"Ford's Short Stroke engine design and rugged chassis mean low operating and maintenance costs," says John Coleman, whose firm operates 45 Ford C-750's.
