ALABAMA'S CONSTITUTIONAL CONVENTION

The Alabama Constitutional Convention is wrestling with the negro problem, and the probability is will disfranchise a vast majority of the blacks, but in doing so finds it necessary to deprive many whites of the suffrage. The question is not up in our own state, and not being on the ground of the contest and amidst the vexation it is hard to advise the Alabamians, except in a general way.

Other Southern States have legislated on the question, but it is yet to be seen how wisely. As economic conditions exist it is an impossibility to be thoroughly democratic, and instead must draw on nearer and nearer and faster and faster under the policy of the survival of the fittest, into a plutocratic instead of a democratic government. Pure democracy would give equal rights, through majority rule methods to all human creatures. This would mean that the states, having a majority of blacks, would belong to the blacks. That negroes have the same right to life, liberty and country as have the whites is certainly democratic, and as certainly right.

But until all white men can have equal rights with other white men we need not concern ourselves so much about the negro. And, so surely as white men's rights are secured and assured, just so surely will the rights of the blacks, the yellow and the red be secured.

The Amarillo News thinks Alabama disfranchising is dreadfully wrong, and, not drifting away, but leaping by leaps and bounds away from Jefferson's doctrine of confidence in the people. Let Alabama offer bonuses for votes rather than restrictions, both to the blacks as well as the poor, ignorant whites. It is not creditable to her intelligence to do otherwise. There is enough of christian, democratic intellectuality in our dear old native state, properly exerted through loving persuasive influences, to control, direct and turn to the very best of purposes all the votes it can get. "Not by might nor power, but by My Spirit, sayeth the Lord." If we say that equal rights is right we must believe it, and believing must act. The hard road to travel is the wrong road. The right way is the easy way, in all human affairs. Bad laws have to be continually proposed—only to tumble at last.

Mr. F. E. Rickey general manager of Dalhart Town Co. let the contract Monday morning for the erection of the company's big hotel. J. C. Casey being the successful bidder. The building is to be a large two story structure. Work was begun on it Monday afternoon and about thirty days will be required in which to finish it.

Runs can now be made on banks without the cost of stamps.

The University of Texas is issuing a handsome booklet of views giving glimpses of the surroundings and the inside life of the institution. A copy of this book or a catalogue of the University may be obtained free by addressing, Registrar John A. Lomax, Austin.

We received a letter from Eld. Volney Jones, of the Christian church, this city, from Pilot Point, that there will be usual services at his church Sunday, morning and evening.

Austin, Tex., July 2.—Lieut. Gov. J. N. Browning arrived this morning from his home in Amarillo. During an interview he stated that he believed the legislature could complete its work in thirty days. He believes, however, that the session will be a hot one.

Washington, July 2.—At the cabinet meeting to-day secretary Hitchcock informed the cabinet that the proclamation for opening the Kiowa, Comanche and apache reservations in Oklahoma was completed. It will be issued either tomorrow evening or July 4. It will fix the day of opening and will prescribe the methods and rules to be observed by the prospective homesteaders.

To-day is an unusual interesting 4th of July. Besides being in regulation order the birth day of the editor of the Amarillo News, and incidentally of American independence, it also gives birth to civil government in the Philippines—may be. At Meridian, Texas, to-day will be nominated a candidate by the democracy of the 6th congressional district to fill the place of Judge Bell, deceased.

The Methodist Sunday school will, Sunday night, render the Children's Day program. Songs, recitations, etc., have been prepared and the entertainment promises to be a pleasant treat. Everybody invited.

The Methodist District Conference, of the Clarendon district, met at Plainview on Thursday, June 27. Large attendance and much interest was manifested. Among the special features was the district Epworth League conference, whose reports show that much progress has been made along that line. \$1500 was raised for Clarendon college. Those present from here were Revs. J. H. Whitehurst and Chas. Cartwright, Dr. J. W. Cartwright, and W. Y. Switzer. Dr. Cartwright was elected as one of the delegates to the annual conference which meets at Corsicana in November.

The new town of Stratford presents good openings for all kinds of business. Special prices will be made in both residence and business lots for a short time. Call on Judge O'Brian at the Hotel Amarillo, for any information desired concerning the town.

Says Mrs. Dr. Lockett: The Guild will meet with Mrs. Thos. F. Turner Saturday, July 6, at 4 p. m. Members will please bring their thimbles.

The case of State vs. Brice Peightal for burglary at the Amarillo hotel of a travelers grip was taken up Wednesday morning. The case was given to the jury in the evening, verdict of guilty and punishment assessed at two years in the penitentiary.

The jury in the case of H. W. Johnson, for burglary of merchandise out of a car failed to agree—six to six, and the prisoner returned to jail to await the fall term of court. This is the second trial of this case at this term. The first jury lacked two of convicting.

Two well equipped freighters from Miami passed through Wednesday on way to Hereford to haul for the Rock Island.

Mr. and Mrs. T. E. Slagle of Henrietta, are visiting relatives in the city. Mrs. Slagle is well known here being the daughter, Tura, of our townsman, D. L. Britain.

A public meeting will be held in Amarillo at the court house on Friday evening, July 5, for the discussion of subjects relating to forestry. Mr. George L. Clothier, agent and expert in the U. S. Bureau of Forestry will give an address illustrated by stereoptican views. Everybody invited. Admission free. Come at 8:30 o'clock, p. m.

The 'Phone Co has just received a new set of chords, to replenish those that are weakening, and enable a clear transmission of the voice—and ward off all the kicks a coming. The Co. is determine to give patrons the best service possible.

"BE A HERO IN THE STRIFE."

A clergyman once complained to Sir Andrew Clark, Mr. Gladstone's physician, of feeling low and depressed, unable to face his work and tempted to rely on stimulants. Sir Andrew saw that the position was a perilous one, and that it was a crisis in the man's life. He delt with the case, and forbid the use of stimulants, when the patient declared he would be unequal to his work and ready to sink. "Then," said Sir Andaeuw, "sink like a man."

WEATHER BUREAU.

The following data, covering a period of nine years, have been compiled from the Weather Bureau records at Amarillo, Texas:

Month of July for 9 years.

TEMPERATURE.

Mean or normal temperature, 75 degrees.

The warmest month was that of 1893, with an average of 78 degrees.

The coldest month was that of 1895, with an average of 72 degrees.

The highest temperature was 98 degrees on 7th, 1893, and 3rd, 1894.

The lowest temperature was 54 degrees on 11th, 1895.

Average date on which first "killing" frost occurred in autumn, Nov. 2nd.

Average date on which last "killing" frost occurred in spring, April 18th.

PRECIPITATION (rain and melted snow).

Average for the month, 3.54 inches.

James F. Atherton, Observer.

Ice sells in Fort Worth at half a cent a pound. Ice in New York is half what it was last summer. Abundance of capital in rival companies is the occasion of declining prices.

The M. E. South, District Conference, Clarendon District, met at this place Wednesday the 26 inst. The opening sermon was preached Wednesday night by Rev. Stephens, of Claude. Conference business was taken up at 11 a. m. Thursday. About 100 preachers and delegates were present, with some preachers without the district being present. Much interest is being manifested by the community.—Hale County Herald.

The demands of the Oriental railroad on Altus are the most unjust and exorbitant that were ever made on a long-suffering but willing people. They demand every alternate lot on a townsite of 640 acres, with an additional 160 acres for yards and stock-pens; also \$18,000 cash bonus. This is simply robbery. For a little town of 500 people and only a few capitalists, and none of large capitalists, to meet such a demand is unparalleled.—Mangum Sun.

The Steam Laundry must ask indulgence of its patrons. The scarcity of help and water has handicapped it. Now the water supply is ample, but the 4th of July holidays are threatening, and several hands have already applied for lay-offs. After that misery is over we hope to be able to relieve the misery of tidy clothes wearers. The Management.

EXPLANATION OF WEATHER FLAG DISPLAYS.

The display of weather flags indicates the probable weather for the 24 hours from 7 p. m. of the day on which they are displayed to 7 p. m. of the following days. When the weather changes demand it this period is divided into two 12 hours periods ending 7 a. m. and 7 p. m. of the following day.

The white flag alone indicates fair weather with stationary temperature for the entire period.

The white flag with the black triangular or (temperature) flag above indicates fair and warmer weather; with the black flag below, fair and colder weather.

The blue flag alone indicates rain or snow with stationary temperature; with temperature flag above it rain or snow and warmer; with temperature flag below it rain or snow and colder.

The flag half white and half blue alone, indicates local rain or snow and stationary temperature; with temperature flag above, local rain or snow and warmer; with temperature flag below, local rain or snow and colder.

When more than one flag is displayed they are to be read from the top downward, the upper flag for the 12 hours ending 7 a. m. of the following day. Should the temperature flag be displayed between them it is to be read with the flag closer to it. If closer to upper flag it means colder tonight, if closer to lower flag warmer tomorrow.

When the 3 flags are displayed on equal distance apart, the temperature flag at top means warmer for the entire 24 hour period, and at bottom colder for entire 24 hour period.

When the square flags are displayed with the space between them decidedly greater than the space between temperature flag and the one next to it, the temperature flag next is to be read only with the flag next to it and stationary temperature read for the other 12 hours.

The white flag with black center during winter season indicates a cold wave; during the late spring and early fall is used to indicate frost.

Cards with key to interpretation of displays can be received by calling at Weather Bureau office.

Responsible parties can secure the forecast daily, stamped on cardboard, and holder for same, by applying to the observer, provided these are to be displayed in a conspicuous place easily accessible to the general public.

It is the purpose of the Bureau to serve the public and measures suggested with that end in view will be very gladly received and if practicable will be adopted.

Any parties desiring any information at our command are always heartily welcome. JAS. F. ATHERSTON, Amarillo, Tex. Observer in charge.

Our steam laundry, suspended time and again since it was established, seems now to be in the proper hands. It is turning out work punctually, and as neat as is done anywhere. Now this being so, the important part to keep in mind is that our people give it their patronage. This need not be repeated to our considerate citizens.

Fifty-Seven Cents per Day per Each To San Francisco via "The Denver Road."

This mere pittance also includes lodging in Denver over Saturday and Sunday. You see it's like this—having noticed a fondness for tourist sleepers with many figuring on the Epworth League Excursion, "The Denver Road" offers such accommodations to all wishing them. On Friday, July 12th, following the Dallas State Convention, we will operate Special Pullman Tourist Equipment, to be run through to Frisco, stopping in Denver Saturday and Sunday, reaching San Francisco Wednesday afternoon, July 17th. The cost is but \$6.00 for double berth, including the Denver stop, and the through rate; not covering stopover, is \$4.50 for double berth, \$10.00 less than standard Pullman rate (and double berths hold two people you know). The party will be personally conducted, making a bee line for Colorado and the Rockies, which will be constantly in sight after the first night; and will pass enroute Spanish Peaks, Colorado Springs, Denver, Manitou, Ute Pass, Over Pike's Peak, Cripple Creek, Lake George, Buna Vista, Leadville, Hagerman Pass, Hell Gates Glenwood Springs—in short, the wildest and best scenery in Colorado traversed by any transcontinental line; then on past Castle Gate and Soldier Summit to Salt Lake City (direct line, side trip unnecessary), through the wonders and beauties of Utah, via Ogden, the desert and the Sierra Nevada to Frisco.
