Eagles To Meet Sundown Here Friday nite

The Eagles play host to the Sundown Roughnecks here Friday nite in a conference game. The Roping Club has offered the use of their bleachers to the school. The extra seats will be used by the band and pep squad. For the remaining home games, capacity crowds are expected and there will be ample seats for all. The kickoff is at 8 p. m.

Meadow Take Eagles 39 to 6

The defending champions the Meadow Bronchos were in mid season form as they tore the inexperienced Eagles 39 to 6 to open the conference play. The Meadow team, bristling with boys with experience and weight advantage took their share of the yardage. The Eagles showed the lack of experience but looked good at times. A high light of the game was Roger Doss, an Eagle back, who took the ball on his own 48 yard lined to dash thru a line of Bronchos for the lone tally.

TO PICK QUEENS

This week all classes are to select their candidates for the carnival and Homecoming Queen. The queen this year is to be crowned both at the carnival and the Homecoming game on Nov. 3rd. The selection of the queen is to be the same as in former years but in order to give the queen more recognition, she is to be crowned at the end of the carnival and then again at the ball game. The 8th grade will compete with the classes in high school this year. Details on the carnival will be given at a later date. However plans now are to have it on the football field instead of in the gym, provided the weather is suitable

WEEKLY NEWS ANALYSIS

Johnson Resigns U. S. Defense Post; Truman Requests Increased Taxes; 1950 Crop Prospects Above Average

EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysts and not necessarily of this newspaper.

JOHNSON: Resigns Defense Post

In a move that caught much of the nation by surprise, President Truman accepted the resignation of Louis A. Johnson as secretary of defense and nominated Gen. George C. Marshall to succeed him.

The move was surprising in that the President had insisted up until a few days before the announcement that he would not ask for Johnson's resignation.

Johnson had been under attack on Capitol Hill and elsewhere on the ground that he was fundamentally responsible for defense weaknesses brought into glaring focus by the Korean war.

There were rumors also of a wide breach between the defense chief and Secretary of State Dean Acheson which added to the confusion and demands that Mr. Truman accept his resignation.

Under the existing unification law, no person who had been on active military duty within the past 10 years was eligible for the post of secretary of defense. President Truman immediately asked legislation to enable Marshall to accept.

Although opposition to the waiver arose immediately after Marshall said he would come out of retirement to accept the post, there was little doubt from the first the law would be changed and the general confirmed.

TRUMAN: A Tough Speech

President Truman in a second report to the nation in as many weeks said cost of defense could soar to a rate of \$30 billion annually by next June and that inflation was inevitable "unless we do something about it."

The chief executive also announced the creation of a stabilization agency to hold prices in check during the war emergency—or to impose price controls "when they are needed."

He named W. Stuart Symington, chairman of the national security resources board, to coordinate the administration of these new powers.

Observers reported the President's speech a tough one, much stronger than had been anticipated. Without mincing words he called for new tax increases "as soon as possible," on top of \$4,500 million increase now in process.

Shortly before his radio talk he issued an executive order designating agencies to enforce priorities, limit civilian goods output if necessary, lend money for defense plant expansion and allocate scarce materials.

"For the consumer," he said, "the guiding principle must be: Buy only what you really need and can do without."

If the housewife follows that rule, he promised, "there will be enough of the essentials—in fact, enough of almost everything — to go around."

For businessmen, he said, the operating rule should be: "Do not pile up inventories; hold your prices down."

And for labor he set forth this guide: "Do not ask for wage increases beyond what is needed to meet the rise in the cost of living."

Apology

President Truman grins broadly as he displayed a distinguished guest medal presented to him by the Marine Corps League following a surprise personal appearance before the marine vets to amplify his apology for saying the USMC was a Stalin-type propaganda machine.

WRECK: 33 Soldiers Die

A tragic and unexplainable train collision claimed the lives of 33 soldiers and seriously injured many others near Coshocton, O.

A troop train carrying 700 members of the Pennsylvania national guards, was rammed by the crack Spirit of St. Louis. The huge Diesel-pulling 17 cars, knocked the rear coach into the air, smashed the second car aside, and plowed into the third.

Assault Fails

Although Communist troops continued to apply pressure on the northern front near Yongchon (1) and in the vicinity of Pohang (3) their all-out offensive has stalled again. New attacks were reported in the area of Taegu (2). In the south U.N. troops made slight advances in the area of Changnyong and Yongsan (5).

CROP PROSPECTS: In Line With Average

The department of agriculture predicted a harvest volume higher than in five of the past eight years and in any year prior to 1946. It forecast the volume at 125 percent of the 1923-32 average.

Up until the latest report, a drop in farm production had been predicted all along the line. Now the department was reporting only cotton, peanuts, peaches, apricots, pecans, rye, and dry peas appear smaller than average.

Corn remained virtually unchanged at a bumper crop level despite unfavorable growing weather.

Wheat total climbed above the billion-bushel mark to 1,012,000,000 bushels. This was an increase of about 15 million bushels over the August 1 estimate.

Other crops for which production prospects improved included oats, barley, flaxseed, sorghum grain, hay, soybeans, potatoes, sweet potatoes, tobacco, sugar beets, hops, apples, pears and grapes.

Soybean and sugar-beet production was indicated at a record level. The department said prospects indicated production of grains will provide amply for the nation's expanding livestock industry.

KOREA: Situation Dangerous

Military observers reported the situation in Korea still dangerous, but not critical, with the entire front the quietest in a long time.

North of Taegu, U. N. and Communist troops engaged in a heavy artillery duel with the invaders building up their forces for a possible new offensive in that area.

At the east-coast end of the northern front, U. N. forces were striving to seal a trap around an estimated 3,000 Communists who had tried to surround the air base six miles southeast of Pohang.

On the southern front American troops recaptured a ridge from the Reds four miles south of the confluence of the Nam and Nakton rivers.

In the air, fighter planes of the Far East air force continued around-the-clock aerial assaults that hit a record of 670 sorties in one day.

But the big news from Korea was that nobody talked anymore of an American "Dunquerque." Predictions of early victory, however, were hard to find.

The period of optimism returned because U. N. forces smashed the Red's largest offensive, the 50,000-man attack on the southwest front toward Pusan which began September 1.

Other counter-attacking U. N. forces succeeded in closing the gap torn in the northeastern defense wall by a Communist break-through toward Yongchon, gateway to Taegu.

On the front itself the general opinion persisted that the U. N. troops in Korea were there to stay even though they might have to give up more bloody ground. Even the pessimists seemed to believe that.

Miss America

The nation, like a boy playing hooky from school, took time from the grind of mobilization, war and rising prices to name a new Miss America and chuckle while doing so with pleasure.

She is brown-haired Yolande Betbeze of Mobile, Ala. And for those who want the statistics she weighs 139, is 5 feet 5 1/2, and has a 35-inch bust, 24-inch waist, and 35 1/2-inch hips.

FOREIGN MINISTERS: Important Discussions

The foreign ministers of Britain, France and the United States held talks in New York concerning the defense of western Germany in case of a Russian attack.

Early reports indicated the three—Ernest Bevin of Great Britain, Robert Schuman of France, and Dean Acheson of the United States—were in some agreement on the question of arming western German units.

Acheson had previously exchanged views with members of the congressional foreign relations committee. Those present at the meeting agreed unanimously to pledge support to the "general line which the secretary would follow"—evidently meaning the administration's aim at arming western Germany.

The three also appeared to be in agreement on President Truman's proposal to send more American troops to Europe as an important contribution to the common defense of the continent.

Schuman indicated that France was prepared to make comparable contributions and Great Britain was expected to contribute also.

Acheson in a statement shortly before the meetings began said that he was "confident that our frank discussions will result in agreement on practical conclusions which will contribute to preserving peace."

Schuman, however, ruled out the rebuilding of German armament factories. He said Germany could contribute raw materials and steel for the rearmament program and that France has sufficient factories for arms production.

Candidates

New York Gov. Thomas E. Dewey (right) and Lieut. Gov. Joseph E. Hanley, arrive at Saratoga Springs for the opening of the Republican state convention. Dewey seeks re-election as governor and Hanley seeks nomination for U. S. senate.

ACHESON: West Can Hold Reds

Secretary of State Dean Acheson, in a major radio and television speech, asserted that modern weapons and ingenuity can build out-numbered western allies a defense that will stand firm against the hordes of communism.

Observers saw another important move in Acheson's radio talk. He warned the Chinese Communists against getting into the Korean war. "There is nothing in it for them," he said.

The secretary went on to explain that the Chinese Reds are "undoubtedly under heavy pressure from the Communist movement to get into this Korean war."

In these remarks observers saw one of the major tasks the state department has set for itself. An all-out effort to keep the Chinese from giving the North Koreans aid in their fight against U. N. forces. The department is undoubtedly making every effort to discourage the Chinese from sending troops into Korea.

Acheson also hit at reports of a defensive war, calling such talk dangerous and "immoral."

"I think we must put our major effort at the present moment," he said, "into creating strong North Atlantic defense forces. If we have those forces—united, balanced, collective forces—strong, well equipped, able and ready to deter aggression, then problems all over the world take on a different shape."

CONTROL BILL: Curbs Consumer Credit

President Truman signed the economic controls bill which imposed general consumer credit curbs in an anti-inflation move that makes it harder to buy automobiles, television sets and many other everyday items. The new regulations went into effect September 18.

Government officials said the action was aimed at heading off a dollar-down-and-dollar-a-week credit splurge that had pushed installment credit buying to a record high of \$20,340 million as of July 21.

The new regulations require one-third down on automobiles and limits payment of the balance to 21 months. Purchasers of household appliances, such as TV sets and refrigerators, will have to pay 15 percent and complete their payments within 18 months, according to the new law.

Furniture and rug purchases call for 10 percent down and 18 months to pay, while home repairs, alterations and improvements can be handled for 10 percent down and 30 months to pay, instead of the present 36 months.

HADACOL One of the Greatest Blessings of the Times!

Just a Few of Thousands Upon Thousands of Interesting Records of Folks With Such Deficiencies Who Have Been Helped

Mrs. C. C. Keller, 1629 1/2 Frederick Avenue, St. Joseph, Missouri: "I really have put a stop to her neuritis pains. She was in a very bad condition with aches and pains and unable to sleep and was forced to give up her position as a practical nurse. She had severe pains in wrists and stiffness in her hips, being almost unable to walk. Now after taking one bottle of HADACOL, she is able to do her own housework. She most enthusiastically recommends HADACOL to all sufferers from neuritis pains."

Link Robinson (a steel worker for over 20 years), 519 Lindsey, Newport, Kentucky: "When your stomach is in bad shape as mine, couldn't eat, gas pains, stomach bloating and nervousness, then your body doesn't get the proper foods it needs. My boss told me about HADACOL and I started taking it immediately. After the second bottle I could eat a definite improvement. Now I can eat anything I want to. Best of all I haven't got those terrific gas pains and stomach bloating."

Floyd Mabe, 1401A South 7th Street, New Orleans, Louisiana: "For some time after a wartime injury I had been troubled with neuritis pains in my legs and could not work. Nothing seemed to help me until I tried HADACOL. After taking a half bottle I seemed to feel better. My wife told me it was only my imagination, but I continued to take HADACOL and up to the present have taken 13 bottles. Now I feel fine with no more pains in my legs." (HADACOL is so effective because it relieves the REAL CAUSE of neuritis aches when due to such deficiencies. Why don't you give HADACOL a chance to help you?)

Mrs. John Geary, 840 Ursuline Street, New Orleans, Louisiana: "I had such a nervous stomach I was unable to eat regularly. Lots of times I was unable to hold any food on my stomach. Then I heard about HADACOL. After the first few bottles I could tell a definite improvement. Now my stomach doesn't trouble me at all. I eat anything I want. HADACOL is wonderful. You can see that, if it did so much for me after suffering so." (A big improvement is often noticed within a few days' time. One of the many advantages of HADACOL is that continued use helps prevent such stomach distress from returning. Don't continue to suffer. Start taking HADACOL today!)

Mrs. L. Crifasi, 327 N. 14th Street, Springfield, Illinois: "I am elated with the wonderful results obtained by taking HADACOL. I had emotional indigestion, which is stomach distress and makes a person feel down and out. HADACOL seemed to be prepared for my ailment; for it made a new woman of me."

W. E. Hoxworth, a skilled maintenance man in Waco, Texas: "I almost had to give up my job because of suffering from stomach distress. I couldn't hold my food, as no food agreed with me. After hearing about HADACOL and completing a second bottle, I began to feel better and regain the weight I lost, and suffered no more indigestion. I now take HADACOL regularly to help stay well. (Why don't you try HADACOL?)"

Mrs. J. Sciassinski, 514 Kruger, Ottumwa, Iowa: "My daughter, Marilyn Sue, is five years old and for some time lacked pep, had a poor appetite, was generally run-down. Since giving her HADACOL, we have noticed wonderful results. She has a much better appetite, eats everything on the table and doesn't seem tired like she used to. Incidentally, she likes to take her HADACOL, too." (Kiddies sure do like HADACOL.)

Senator Dudley J. LeBlanc—the Man Responsible for the Great New HADACOL

Now! Thanks to the tireless efforts in scientific research of Senator Dudley J. LeBlanc—eminent statesman of Louisiana and creator of this great new HADACOL nutritional formula—it's at last possible to relieve the REAL CAUSE of such ailments as neuritis pains, stomach distress, gas pains, heartburn, indigestion, insomnia, certain nervous disorders and a general run-down condition due to lack of Vitamins B, B, Iron and Niacin.
Senator LeBlanc has just completed a modern \$250,000 manufacturing plant and a similar one is well under way so that this wonderful HADACOL will always be available to the public.
What the Great HADACOL Does...
No longer do you have to be satisfied with symptomatic relief—you can start this very day, and relieve the REAL CAUSE of such ailments with HADACOL. Get that wonderful HADACOL feeling everyone is talking about! A big improvement in the way you feel is often noticed in a few days.
And continued use of HADACOL helps prevent such ailments from coming back. Naturally, there's an explanation for this. You see, HADACOL not only feeds deficient, run-down systems with extra quantities of Vitamins B, B, Iron and Niacin, but also helpful amounts of precious Calcium, Phosphorus and Manganese—elements so vital to help maintain good health and guard against such deficiency sickness.

World Evangelist

Lesson for September 24, 1950

IT IS not only the ignorant and the prejudiced who claim that Protestant Christianity did not start till the 17th Century. Even Protestants can make this mistake. The real founder of Protestantism is Saint Paul. What the Reformers of the 17th Century did was to re-discover Paul. The doctrines of Protestantism are not some peculiar invention of Luther, nor a vagary nor a quirk, still less a heresy; they are simply Christianity according to Saint Paul. If for no other reason, Paul is one of the most important figures in Christian history, perhaps in all history.

Dr. Foreman

The World is My Parish
THERE is another reason why Paul is important. It is not too much to say that if it had not been for him, there never would have been any Christianity, as a world-religion. It would have died as a Jewish sect.

What the history of the world would have been in that case, God only knows. But although our so-called Christian era is still not exactly Christian, it is vastly different from what it would have been if Christianity had been no more (say) than Essenism, a word you would have to look up in the encyclopedia, an antique and forgotten sect.

To many un-named Christians, but to Paul more than any other person, we owe the fact that ours is a religion with a world-outlook.

First Great Missionary
PAUL was not a typical Christian any more than George Washington was a typical American. To this day, missionaries can hardly be called typical Christians. They are far too few, and their quality is far too high, to stand for the "average" Christian—who in fact does not even understand missionaries, as a rule. Nevertheless, the missionary now as in Paul's time is the burning-point of Christianity, the front-line patrol, the cutting edge. . . . What made Paul a missionary makes missionaries today.

One thing was his vital experience of Christ. Jesus, for Paul, was not somebody he had read about in a book, he was not a statue on an altar or a picture in a museum, he was not a definition in a catechism. Jesus was Someone he had met on the Damascus Road.

Second, Paul loved people, all kinds of people. (After his conversion, not before!) He could see in the most pitiful little moron of a slave-girl, the meanest jailer, a sister or brother for whom Christ died, as he put it. Nowadays you sometimes hear church people saying about others outside the church, "They're not our kind. They wouldn't make good Presbyterians (or Baptists or whatever the speaker's church may be)." It never occurred to Paul that anybody would not make a good Christian, if only Jesus Christ got hold of him.

Furthermore, Paul had a world-horizon. There are hole-and-corner Christians and there are world-Christians. Paul was a world-Christian. He "thought big." To this day, the wide-horizon, big-thinking Christians are either out there on the mission field, somewhere, or they are supporting missions with all their might.

Bibles Across the Sea

THERE is one thing which you, reader of these lines, can do right now, if you have some of this world-vision. This week, today, you can help in a great missionary enterprise which is not confined to any denomination.

Over in Japan, General MacArthur says, Christianity and the Bible are the dykes holding up the flood of Communism. Dr. Shiro Murata, a Japanese Christian, also says: "The eyes of Japan are fixed on two books. One is Das Kapital by Karl Marx. The other is the Holy Bible. Japan is at the crossroads."

A campaign is being conducted this year to send to Japan five million Bibles and Testaments. The Japanese can read; they have the largest non-Christian population in the world reading one language. Through your local church, or even by yourself, you can contribute to this great undertaking to bring the Bible to people sorely needing it.

HOUSEHOLD MEMOS... by Lynn Chambers

Treat the Family to Pineapple Cheese Pie (See Recipes Below)

Pie Favorites

WHEN YOU WANT to serve a really special dessert, that's when you have pie. It might be a light, airy chiffon type, a berry or fruit favorite, or a custard type. Whatever the type, the crust should be meltingly delicious and the filling tasty and tempting. Pie originated in old England as a main dish of meat, game or fowl baked in a deep, flaky crust. The pies for dessert originated in America, as you can tell from the expression, "As American as apple pie."

ONE OF THE pies which recently came into the spotlight of popularity is a combination of cottage cheese and pineapple. It's elegant enough for a party, but always a treat for the family. Garnish it with a wreath of toasted coconut, snowy whipped cream or toasted pecans, and it's a dessert with a flourish.

Pineapple Cheese Pie (Serves 6-8)

- 1 No. 2 can crushed pineapple
 - 1 1/2 envelopes unflavored gelatin
 - 1/2 cup pineapple syrup
 - 2 eggs, separated
 - 1/2 cup sugar
 - 1 teaspoon salt
 - 1/4 cup pineapple syrup
 - 1 cup cottage cheese
 - 1 tablespoon grated lemon rind
 - 3 tablespoons lemon juice
 - 1 teaspoon vanilla
 - 1/2 cup cream, whipped
 - 1 9-inch pastry shell, baked
- Drain pineapple well. Soften gelatin in 1/2 cup pineapple syrup. Place egg yolks, sugar, salt and 1/4 cup pineapple syrup in top of double boiler. Cook over boiling water, stirring occasionally, about 15 minutes. Add softened gelatin and stir until dissolved. Cool until mixture begins to thicken. Blend in cottage cheese, lemon rind and juice, flavoring and drained, crushed pineapple. Beat egg whites until stiff and fold into cheese mixture with whipped cream. Pour into baked and cooled crust. Chill thoroughly, about 2 hours.

FROZEN LEMON pie is made of a smooth lemon custard in a tempting cookie crumb coating, and it tastes delightful after a fish dinner.

*Frozen Lemon Pie (Serves 8)

- 1 cup evaporated milk
 - 3 eggs, separated
 - 1/2 cup sugar
 - 1/4 cup lemon juice
 - 1/2 teaspoon grated lemon rind
 - 4 ounces package vanilla cookies, crushed
- Chill milk in refrigerator tray until ice crystals form around the edges. Meanwhile, beat egg yolks slightly, combine with sugar and lemon juice and cook in top part of double boiler until thickened. Add grated lemon rind and cool. Fold in egg whites which have been beaten stiff but not dry. Whip milk very stiff in a cold bowl.

LYNN SAYS: Here are Tips For Successful Pastry

Keep pastry mix in your refrigerator for times when you want pie crusts in a hurry. Make the mix with 6 cups flour, 1 tablespoon salt and 1 pound lard. Use 1/4 of the mix for a 9-inch two-crust pie. Add enough water to mix together, from 3/4 to 4 tablespoons for 1/4 of mix. Keep the lard at room temperature for blending with flour easily. A few strikes across the bowl with a pastry blender does the job. Use a canvas and stocking cover.

with a cold beater. Fold in lemon mixture lightly. Line a quart freezing tray (or two pint trays) with crushed cookies, reserving a portion of the crumbs for topping. Pour custard into tray and sprinkle top with remaining crumbs. Freeze in refrigerator set at coldest point.

Orange Angel Pie (Serves 6-8)

- Crust:**
- 2 egg whites
 - 3/4 cup sugar
 - 1/4 teaspoon cream of tartar
- Beat egg whites until frothy and add cream of tartar. Gradually add sugar and continue beating until stiff. Spread in nine-inch ungreased pie plate. Bake for an hour in a slow (300°) oven.

- Filling:**
- 4 egg yolks
 - 1/2 cup sugar
 - 1/2 cup flour
 - 2 tablespoons orange juice
 - 1 tablespoon lemon juice
 - 1 teaspoon grated orange peel
 - 1 cup cream, whipped
 - 2 tablespoons confectioners' sugar
- Beat egg yolks, sugar, salt, orange and lemon juice, orange and lemon peel in upper part of double boiler. Place over hot water. Stir and cook until thick. Whip cream with sugar and spread 1/2 of it over cooled crust. Spread with filling, then cover with remaining whipped cream. Chill 12 to 24 hours.

Chocolate Meringue Pie (Makes 1 9-inch pie)

- Filling:**
- 2 squares unsweetened chocolate
 - 1/2 cup sugar
 - 4 tablespoons cornstarch
 - 2 cups milk
 - 3 egg yolks, slightly beaten
 - 1/4 teaspoon salt
 - 1 tablespoon butter
 - 1 teaspoon vanilla
- Meringue:**
- 3 egg whites
 - 1/2 teaspoon salt
 - 6 tablespoons sugar

For filling, melt chocolate in top of double boiler. Blend sugar and cornstarch together, add to chocolate. Add milk gradually and cook over boiling water until thick, about 10 minutes, stirring constantly. Cover and let cook for 10 minutes longer. Add egg yolks slowly, and cook for two minutes longer. Add salt, butter and vanilla; let cool. Fill cooled pie shell.

For meringue, beat egg whites with salt until stiff but not dry. Add sugar gradually and continue beating until meringue stands in peaks. Cover chocolate filling in shell, sealing meringue to edges of pastry shell and also leaving the top irregular. Bake in a slow (325°) oven until lightly browned. Cool before serving.

Use the following pattern when rolling crust: forward first, then back, then to right and then to left. Crust should not be more than 1/4 of an inch thick.

Attractive edges on crust enhance the beauty of a pie. Use the tip of a teaspoon to form scallops as it pinches the edges together.

For a plain fluted edge, cut pastry off 1/2 inch beyond pan. With knuckle of forefinger on left hand and thumb and forefinger of right hand, pinch edges into high, even scallops.

New Vegetable May Edge Out Spinach
Faithful, old spinach the nutritious vegetable whose edibility has been challenged by generations of children and many of their parents, may be pushed off the American dinner table.

A new green vegetable from Java which tastes better than regular spinach will be marketed in a limited way for the first time this year, frozen or canned.

The contender is called Florida spinach, but will grow over most of the United States in spite of its name. It is low in fiber, high in vitamins and has no oxalic acid, the chemical which makes spinach and beet greens hard to digest for some people.

Packing Peaches
Peaches or pears that must stand between peeling and packing should be placed in cold salt

water to prevent discoloration. Add two teaspoons of salt to each quart of water. Rinse in clear, cold water before packing. Or use a Vitamin C tablet or special ascorbic acid preparation now available.

At Last! It's Now Possible to RELIEVE THE CAUSE of YOUR NEURITIS ACHES and PAINS

When Due to Vitamin B₁, B₂, Niacin and Iron Deficiencies
HADACOL—One of the Greatest Blessings of the Times!

A Big Improvement Is Often Noticed Within a Few Days' Time!
We are delighted to tell the readers of this paper about the wonderful new HADACOL which is bringing radiant hope to such sufferers. Because now you no longer have to go on taking products which bring you symptomatic relief from cruel, stabbing neuritis aches and pains, when the real cause is that your system is deficient in the important Vitamins B₁, B₂, Iron and Niacin.

Now, thanks to this wonderful new HADACOL, you can relieve the REAL CAUSE of these miserable aches and pains—when due to such deficiencies.

How HADACOL Works
HADACOL supplies deficient systems not only with extra quantities of Vitamins B₁, B₂, Iron and Niacin but also helpful amounts of precious Calcium, Phosphorus and Manganese—elements so vital to maintain physical fitness and guard against such deficiency sickness.

Be fair to yourself. Be fair to your family. Why continue to suffer so and drag yourself around when relief is as close at hand as your nearest drugstore? Start taking this great HADACOL today. It's inexpensive—costs only a small amount a day.

And one of the many wonderful advantages of HADACOL is that continued use helps give you continuous complete relief and helps keep such miserable aches and pains from returning. Trial-size bottle, only \$1.25. Large family or hospital size, \$3.50.

These Are Just a Few of Thousands of Records of Folks Who Once Had Such Deficiencies

Mrs. Mabel Kitchen, 1650 Amsterdam, Cincinnati, Ohio:
"Before I started HADACOL, I had aches and pains of neuritis in my shoulders, my back and arms. I could hardly move without having those terrible aches and pains. Then I heard about HADACOL from a very good friend of mine. After the second bottle the aches and pains were about gone. I'm just starting my fourth bottle and now I'm on top of the world. The aches and pains are completely gone. I recommend HADACOL to all my friends."

Harry Springer, 5608 Green Avenue, St. Louis, Missouri:
"I had neuritis pains for quite some time and tried expensive treatments but continued to suffer. Then I read about HADACOL in the newspaper and I bought my first bottle. Within a week I felt quite a bit better. After the third bottle I had no pains or trouble at all. I was always tired and listless, but after a few bottles of HADACOL I felt like getting out and doing things. I recommend HADACOL to anyone. Right now, five of my co-workers are taking HADACOL on my recommendation."

Why not start taking HADACOL, the very day. Give it a chance to relieve the REAL CAUSE of your cruel neuritis pain when due to lack of Vitamins B₁, B₂, Iron and Niacin in your system. YOU OWE IT TO YOURSELF.

Why HADACOL Comes in Special Liquid Form—Why It Reaches Every Part of Your Body

Vitamins and Minerals to be absorbed by the blood must be in soluble or emulsion form. That's why HADACOL comes in this special liquid form so that its precious elements are more easily and quickly absorbed and assimilated by the blood stream—ready to go to work at once.

HADACOL even helps build up and fortify your red blood cells (when Iron is needed) to carry these precious health-building Vitamins and Minerals to every organ and part of your body—to the heart, lungs, liver and kidneys.

Often within a few days' time a remarkable improvement is noticed! Because remember—you are now relieving the REAL CAUSE of such deficiency aches and pains.

Sold on a Strict Money-Back Guarantee
If after taking HADACOL for a reasonable period of time, you don't notice a great improvement in the way you feel—if you aren't experiencing fine results—your money will be refunded. Could you ask for anything fairer? You stand to gain simply wonderful benefits—and you can't lose one penny. It's your own fault if you continue to suffer so.

Protein Supplement Cuts Swine Production Costs

Farmers with ample supplies of grain may be tempted to fill the hog self-feeder with corn and cut down on the amount of, or even eliminate, the protein supplement. Such a step is not as thrifty as it may seem.

Experiments have shown that hogs fed corn alone in dry lot require 11 to 12 bushels of corn per hundred pounds of gain. When a good protein supplement is used in the ration, 100 pounds of pork can be produced with five and one half to six bushels of corn and 50 pounds protein supplement.

With hog and feed prices what they are, this means that every bushel of corn fed with a good protein supplement is worth \$2.25 to \$2.75 per bushel, while hogs fed corn alone return only \$1.50 to \$1.75 per bushel of corn consumed.

Hogs fed grain and a balanced supplement will reach market weight in five and one half to six months.

DEPARTMENT OF STATE

Study of Department Procedure Leads to Recent Reorganization

This is the second of a series of six articles on the department of state and its personnel by Walter A. Sheard, Western Newspaper Union's Washington correspondent.

By WALTER A. SHEARD

Washington, D. C. — Considerable fun has been poked at the department of state in by-gone years when even the secretary of state did not have full executive authority...

JAMES EDWIN WEBB UNDERSECRETARY OF STATE James Edwin Webb, born Green...

Conditions and traditions had grown up in the department where in the foreign or career service was almost a law unto itself...

Intensive studies as to reorganization of the department have been going on for the past dozen years and in 1944 the results of these studies began to take form...

The provisions of law which had vested authority in subordinate officials were amended and such authority now is vested solely in the secretary. In addition, a complete reorganization of the entire set-up of the department has been completed...

When Dean Acheson was named secretary, he had been vice-chairman of the Hoover commission for reorganization of the executive branch of the government.

Direct appointments to the department proper are made after full investigation and screening.

The personnel of the foreign service are selected even more carefully and only after their graduation from the foreign service institute, a graduate school of high scholastic standing operated by the state department itself...

REORGANIZATION of the department had two purposes in mind: one, to set up a machine to carry out U.S. responsibilities, in the formulation and execution of foreign policy; and, two, to emphasize the department's work with congress and the public-at-large.

Immediately after the war the department of state absorbed several war agencies, among them the Office of War Information. In these agencies there were beyond doubt some friends of Russia, then our ally.

Through the history of this nation efforts have been made by other nations to penetrate the secrets of the state department. In the past, however, these spies have been largely professional spies and the department of state had counter-espionage and security methods to protect itself and the nation.

During these post-war years, however, the spread of the fanatical, atheistic communism, the professional spy is competing with the amateur Communist.

One way to solve the problem of amateur Communist espionage was set up in 1947 under Gen. George C. Marshall, as secretary of state, under a directive of the President inaugurating a loyalty program.

Under the leadership of Jack Puerifoy of South Carolina, a long-time state department official and former West Point cadet, a security staff was set up consisting of 74 investigators. In addition, the FBI, under the direction of J. Edgar Hoover, cooperates wholly and all persons in the department have gone through a thorough screening.

This screening process is not based on the idea that all the people it investigates are crooks or spies. It is a process based first on protecting the United States and, at the same time, protecting the individual's rights, protecting their reputations, urging and permitting them to continue to serve the United States with loyalty and enthusiasm.

Whatever recommendation this board makes, whether it is to clear the individual or not, he then goes before the President's loyalty board headed by Seth Richardson, a former assistant attorney general under President Hoover, and if the individual is not cleared he is given an opportunity to resign.

Whatever the merits of system, Secretary Acheson believes it is the correct way. "The wrong way is to smear everybody's character and reputation, to make charges which you hope will stick and in doing destroy confidence of the people in their government and its institutions."

BROADWAY AND MAIN STREET

White Horsemen of World War I Still Unexplained

By BILLY ROSE

As I've mentioned before, whenever I come down with a case of brain-blank I smash the crystal on a cheap wrist watch and mosey down to see an old watchmaker on West 11th Street.

The other afternoon I noticed an unusual looking clock on his repair bench—one with symbols on the dial instead of numerals.

"It's a Bavarian miracle clock," said the watchmaker, "and each symbol stands for a different miracle. For instance the little fish represents the miracle of the loaves and fishes."

"Do you believe in that sort of thing?" I asked. "Whether you think so or not," smiled the old man, "miracles happen all the time. For instance, take the fire in Canada a couple of months ago—the one that wiped out almost the entire town but didn't touch the church."

"I could have been air currents," I said. "Maybe," said the watchmaker, "but how would you explain away the cross in the sky that two thousand Englishmen swore they saw during an air raid in 1944? Or would you rationalize the white horsemen who are accredited with winning two battles in the first World War?"

"TAKE YOUR TIME with the watch and details," I said. "Well," said the old gent, "the first time the horsemen appeared was in August, 1914, when the Germans were advancing through a big

Billy Rose

hole in the Allied lines at Mons. One night when it looked as if there was no stopping them, the sky suddenly turned yellow and across it headed straight for the Jerries—rode three white figures mounted on white horses, the center rider wearing a gold-tipped sword. The enemy took one look, and that was the end of the advance.

"Sounds like somebody was seeing things," I said. "Thousands of people were seeing things—and they ranged from privates to generals. And later that night when several hundred of the Germans were captured, to a man they reported having seen the figures, too."

"The white horsemen didn't show up again until four years later," the watchmaker went on, "and this time they brought along a lot of friends. It was during the last German push along the Bethune line, and when a Portuguese regiment cracked up under the artillery fire a handful of British machine-gunners were rushed in to plug the hole. The gunners knew they didn't have a chance of getting out alive—all they could hope for was to keep the enemy busy until reinforcements arrived."

THEN CAME THE miracle. Suddenly the German guns switched their range and direction, and be-

THE FICTION CORNER CAUSE FOR MURDER

By Richard H. Wilkinson

ANDREW RANDALL'S death was, obviously, suicide. Capt. Van Ness of the homicide squad went down to investigate, though he admitted the investigation was merely in the line of routine duty. I went with him.

"You can't make a murder out of this one," I grumbled. "Come on home. We're wasting each other's time."

"Keep your shirt on, scribe. Let's look around the joint. I've always wanted to see what a millionaire's home looked like."

"You're still wasting time. Randall was just \$999,999 short of being a millionaire."

This was true. Once a prominent member of the upper brackets, Andrew Randall's fortune had depleted steadily for the past dozen years. Even the house was mortgaged.

"Who's going to inherit this bunch of debts?" I asked Van. "As far as I can figure there's only one living relative. A youngster named Barry Roister. A nephew by marriage. He lives in Michigan. Van grinned again. The drawing room of the old house contained three fairly good oil paintings. There were some silver and a few antique pieces and a car in the garage. Otherwise, young Mr. Barry Roister of Michigan was going to find it hardly worth his while to make the trip to New York

I stared blankly. "That wasn't a murder. It was a suicide. What do you mean you've got the killer?"

Outside, Van sighed deeply. "What a pity! There was a chance for a swell murder case and it turns out to be nothing but an ordinary suicide."

"Lord, it's getting so a man can't honestly kill himself these days without some inquisitive copper trying to dramatize it." I was sent up to Provincetown and then down to Miami to cover the air races. So it was more than two weeks before I returned to New York. The day after my arrival I dropped in on Van.

He looked brighter and satisfied. "About the Randall murder," he said. "We've got the killer!"

I stared blankly. Then suddenly I remembered. "That wasn't a murder. It was a suicide. What do you mean you've got the killer?"

"Barry Roister from Michigan. Remember? The nephew by marriage. He did it."

"Now look, Van," I said. "Stop talking in bunches. Why would Barry Roister want to kill penniless old Andy Randall?"

"Because of the paintings. You remember those three paintings we saw in the drawing room?"

"I remember that they weren't anything to kill an old man over."

"Ha!" said Van. "You newspaper men! Never get behind the news. Too superficial. I suppose you never heard of Caleb Trask?"

"No. I never heard of Caleb Trask."

"Well, he's an artist. Pretty good too. He painted those oils. They sold for about \$50 each. Then Caleb died. So what always happens when a fairly good artist dies? The price of his paintings hits the sky. So Caleb Trask lived in Michigan and Roister, being an art connoisseur and knowing that his distant uncle owned the paintings, began to think."

"Ah! Is right. To Roister it looked like a set-up. Uncle Andy had every reason to commit suicide and who would ever suspect a distant nephew living in Michigan who would only inherit a bunch of debts?"

"So Roister made a quick and murderous trip to Uncle Andy's and then returned to Michigan. And when he was advised he had inherited a lot of debts he came back and gave his uncle a decent burial and took the paintings and left everything else for the debts. And a week and a half later I read in the papers where the Trask oils had sold for \$50,000 each." Van sighed and grinned. "What a pity you newspaper men don't try to get behind the news."

"What a pity," I snapped, "that you had to read in the newspapers about the paintings being sold."

MANPOWER: Doctors and Fathers

Thousands of men who had looked upon the draft as something remote, a mere possibility in the dim future, suddenly found themselves face to face with the probability of being in the armed forces.

The house armed services committee announced the draft would be extended to draft-age married men with dependents. Officials estimated there are 1,000,000 married non-veterans of draft age—19 through 25—and that up to 400,000 would qualify for induction.

Meanwhile, a senate house group reached a compromise on a bill to draft doctors and dentists through age 50. The bill upon which the conferees agreed is designed to put into uniform 5,600 doctors and 3,000 dentists who were trained at government expense during World War II.

Few doctors or dentists actually are expected to be drafted. Military officials are confident the threat of a draft will swell the ranks of volunteers. An added inducement is the fact that volunteers will get \$100-a-month bonus while draftees will not. Doctors could be drafted with the rank of private; volunteers, would get at least a lieutenant's commission.

Maj. Gen. Lewis B. Hershey, director of national selective service, reported that nearly three out of five candidates for military service are being rejected.

SPY-WEARY HOUSE: Votes Red Curbs

The house had approved by a roll-call vote of 354 to 20 a bill which subjects American Communists to heavy curbs, and the senate was expected to approve a similar bill.

The measure is unusual on the American scene in that it would force a political party to register its many fronts (organizations). It goes even further and would compel them to label their propaganda and deny them defense jobs, bar them from government employment, and deny them the right to travel abroad.

President Truman is reported to disapprove of the legislation on the grounds that it might impair traditional American liberties. From a technical viewpoint such legislation if applied to one party could be applied to another and thus restricts the individual's political and civil liberties.

According to the FBI, the legislation will hit about 550,000 Communists and fellow travelers. J. Edgar Hoover, director of the FBI, in a recent report estimated there are about 50,000 Communists and 10 times that many sympathizers in the United States.

DEWEY: All-Out Attack

Gov. Thomas E. Dewey of New York, who was as dead as a fried mackerel — politically speaking — after his recent announcement that he was retiring, is back in the limelight. Dewey announced he would seek a third term as governor of New York.

His return to the ring would indicate the Republicans have found an issue. In his own words: "We will not survive this crisis (the Korean conflict) unless we have a strong and constructive opposition party to force correction of the errors and incompetence of the national administration and to compel it to take a larger view of our dangers and more effective action to meet them."

Political observers reported there can be no doubt now as to what campaign issues the Republicans will expound this fall. On all fronts it will be a sharp attack on President Truman's conduct of the Korean war.

Mistaken

Ex-New Dealer Lee Pressman, (above) admitted one-time Communist, in testimony before a house committee named three other government employees who were Communists in 1934 and 1935. Now Pressman says he feels he made a "mistake" by joining the Communist party and that he has cut all connections with them.

FORMOSA: Confusion Increases

New confusion has been added to the Formosa question with President Truman's statement that it would no longer be necessary to keep the U.S. seventh fleet off Formosa once peace has been settled in the Korean war.

No one seems sure just what President Truman means. On the surface the statement would seem premature and adds to existing confusion.

WHEN SLEEP WON'T COME AND YOU FEEL GLUM

Use Chewing-Gum Laxative—REMOVES WASTE...NOT GOOD FOOD

When you can't sleep—feel just awful because you need a laxative—do as MILLIONS do—chew FEEN-A-MINT.

FEEN-A-MINT is wonderfully different! Doctors say many other laxatives start their "flushing" action too soon...right in the stomach. Large doses of such laxatives upset digestion, flush away and leaving food you need for health and energy...you feel weak, worn out.

But gentle FEEN-A-MINT, taken as recommended, works chiefly in the lower bowel where it removes only waste, not good food! You avoid that weak, tired feeling. Use FEEN-A-MINT and feel 10 times better. Full of life! 25c, 50c, or only 10c.

FEEN-A-MINT FAMOUS CHEWING-GUM LAXATIVE

HOUSEHOLD MEMOS... by Lynn Chambers

Bring out Bean Pot for Hearty Snacks (See Recipes Below)

Hearty Snacks
ENTERTAINING the high school crowd after a cold afternoon of football? Or are you providing supper to all-day hikers? Then plan hearty food and plenty of it. Occasions which involve a lot of physical activity foster appetites that are not readily satisfied unless you've planned food with a special steak-to-the-ribs quality. In this class come the Baked Beans, so extra good when homemade tamale pies and steaming casseroles of spaghetti riding on rich-red-brown meat sauce.

WHEN YOU MAKE your own baked beans, start the day before as the beans are to be soaked overnight. The best part of the following day can be spent in cooking them because they are at their best when cooked slowly.

Boston Baked Beans (Serves 10-12)
4 cups navy beans
1 teaspoon dry mustard
1 tablespoon salt
1/2 teaspoon pepper
1 cup pure dark molasses
1/2 pound salt pork

Wash beans; discard imperfect ones. Cover with boiling water; soak 3 hours. Or, cover with cold water and soak overnight. Bring beans to a boil in the same water in which they have soaked (to preserve vitamins and minerals), add a little more water if necessary. Skim. Cook slowly for 50 minutes. Drain, reserving cooking water. Combine 3 cups cooking water, mustard, salt and pepper; combine with beans and molasses. Pour in to bean pot or casserole. Score rind of pork; press into beans, leaving rind exposed. Cover; bake in a slow (325° F.) oven for 3 1/2 hours or until tender, uncovering during the last hour of cooking. If necessary, add more water during baking.

THIS HOT TAMALES pie with its cornbread topping gives a hearty supper snack with lots of zip. Make it ahead of time, if you like, and half an hour before serving, spread with the cornbread batter, and pop into the oven.

Hot Tamale Pie (Serves 8)
1 large onion, chopped
1 1/2 pounds ground beef
1 (10 1/2 ounce) can condensed tomato soup
1 teaspoon salt
1/2 teaspoon black pepper
3 tablespoons chili powder
1/2 cup chopped ripe olives
1/2 cup whole kernel corn

Brown onion and meat in hot fat. Add remaining ingredients. Pour into greased casserole and cover. Bake in a moderate (325° F.) oven for 1 1/2 hours. Spread with cornbread batter and bake uncovered in a hot (425° F.) oven for 30 minutes.

SPAGHETTI is an easy dish to prepare for a crowd of hungry folk because the preparation can be done ahead of time. As a matter of fact, the sauce gains more flavor, if prepared in advance, refrigerated overnight, then to be heated while the spaghetti cooks.

Italian Spaghetti (Serves 6-8)
1 large onion, chopped
1/2 cup salad oil
1/4 cup butter
1 pound beef, ground
1 8-ounce can tomato sauce
1 cup water
1 No. 2 1/2 can tomatoes (3 1/2 cups)
1 clove garlic, chopped
1/2 bay leaf
1/2 cup chopped celery
1/2 cup chopped parsley
1/2 green pepper, chopped
1 2-ounce can mushrooms
1/2 teaspoon allspice
Salt and pepper
1 1-pound package long spaghetti
1 4-ounce package Parmesan cheese

BARBECUED SANDWICHES are always a winner for snacks. Mother can just lay out the ingredients and the youngsters can put them together when they want to eat. You'll like these:

Barbecue Sandwiches (Makes 5)
Bread, unsliced
Roast pork, ham, beef or hamburgers
1/2 teaspoon paprika
1/2 cup butter or substitute
2 1/2 tablespoons worcestershire sauce
1 tablespoon lemon juice
1 tablespoon granulated sugar
Dash of cayenne pepper

Cut 10 slices of bread, 1/4-inch thick. Butter the slices on one side. Lay thin slices of meat on buttered side of 5 slices. Then spread remaining ingredients which have been heated together. Top with remaining bread slices.

Cheese Barbecue Sandwiches (Makes 6)
1/2 pound grated American cheese
3 tablespoons finely chopped green pepper
1/2 cup finely chopped onion
2 hard-cooked eggs, chopped
3 tablespoons chopped stuffed olives
1/2 teaspoon worcestershire sauce
3 tablespoons catsup
1 tablespoon melted butter
6 hamburger buns

Combine all ingredients except buns. Cut buns in half and spread 1/2 cup cheese mixture on bottom half of each bun. Place both sides of buns, cut side up on a cookie sheet under a preheated broiler (400° F.) for 5 minutes or until buns tops are toasted and cheese is melted. Put together and serve.

Toasted left-over rolls, muffins and biscuits, are excellent to use for toppings for casseroles. Sprinkle them with grated cheese, if desired.

Dried cake should be cut into fingers and used for lining cornstarch or tapioca pudding dishes. It will give much the same effect as ladyfingers.

Keep your toasted cake crumbs in a covered glass jar and use for toppings on puddings, ice cream and dessert dishes such as pear and apple crisp or coffee cake toppings.

Slice dried cake and top with whipped cream and half an apricot

Christian Living

Lesson for October 1, 1950

READER, do you have your New Testament handy? Get it down and let us go over a few paragraphs of it together. What we are looking for is an answer to this question: Is there anything special, anything different, noticeable, about the Christian way of life?

Act on the Word
FIRST, look at James 1:22-27. "Be ye doers of the Word," he says, "not hearers only." Moffat's modern-English translation says: "Act on the Word instead of merely listening to it." At the end of this section James offers the only definition of religion given in the entire Bible. Note that it is altogether in terms of action, behavior, life both inward and outward.

"Act on the Word"—he means the Word of God, of course. In verse 21 he has already told us the Word is like a seed sown in our lives, a seed expected to grow... Now look at Phil. 1:27-30. If you have the King James version, which is over 300 years old, that word "conversation" in verse 27 will mislead you.

What Paul wrote (in Greek, of course) was not conversation, but a word meaning manner of living. Moffat brings out the meaning more pointedly: "Do lead a life worthy of the Gospel of Christ." What God wants us to do as Christians is to live like the best sermons we hear. Live lives that match the story of Jesus.

Life of Grace
NOW turn to the story of Barnabas in Acts 11:19-26. Barnabas was commissioned by the mother-church to inspect and report on the new congregation at Antioch. Were they Christians or not? Barnabas saw two things about those people, and he was glad: it was a congregation of believers, and he saw also the grace of God, and he saw also the grace of God.

Christian living is a life of faith and a life of grace. It is a life lived with God, blessed by the grace of God. Now this is not automatic. It is not something that happens whether we wish it or not.

Observe what Barnabas told those new Christians at Antioch: "Remain faithful to the Lord with steadfast purpose" (v. 23, Revised Standard Version). The Christian life is one of devotion, a life of steady purpose, it is no drifting, sinking life, it sails by the Star of God.

World Not Christian's Orange
NOW turn to a group of passages too full, as all of these are, to be gone over here in detail. You will have to take time yourself to read and think seriously about them: Matt. 5:1-20; 18:21-35; Romans 12:9-21. The theme running through all these is the same: The Christian's life is marked by a special kind of attitude toward other persons.

There are different ways in which people regard others. The criminal looks on all men as his enemies. He is out to beat them down. "Git or git go" is his motto. The "average citizen" who is no Christian, and even some who claim to be Christians but never got the hang of it, are not so brutal as the criminal, but their main idea about other people is much the same, though they are more polite about it.

As one of these has said: "The world is your orange—squeeze it!" What can I make, what is my cut, what will you give me, where do I come in, how can I use you? But the Christian's attitude to other people is totally different. What it is—well, read these passages from Jesus and Paul, and find out.

Without Ceasing
THERE is one more point about the Christian life. It keeps on. It grows. Look up 1 Thessalonians 5:15-25. Listen to the note of perseverance singing through it all. There is a preacher who sometimes says: "You cannot be a Christian today. You can begin today, because that takes only an instant. But you cannot be a Christian today. That takes a lifetime."

The phrases of Paul—"ever follow... evermore... without ceasing... hold fast... were not mere phrases. He had lived them.

Household Hints

Color of Beets
Canned beets keep their red color better if you add one tablespoon of vinegar to each quart.

Handy Hairpin
A new hairpin works fine to hook the pits in cherries and pull them out.

With chromium-plated copper pans, there's no need to beware of bare spots. You will have to keep after them diligently with steel wool and scouring powder every time the vessel is used, though, because the bare spots will stain easily.

When the inside of an enameled pot becomes chipped, it's not safe to use because the bare spot may rust and further chipping may cause particles of enamel—a form of glass—to contaminate food cooked in the pot.

New Insecticide
An ideal insecticide for use on vegetables is now an accomplished fact. Called CFR, it contains rotenone, synthetic pyrethrum and a chemical which irritates and stirs up insects. It will be on the market for use in gardens this year under various trade names. Although designed for vegetables, it is just as effective against most nests of flowers.

JUST Gossip

The movie actor who had been divorced four times proposed again.

"Why, I rather like you, John," said the young woman, "but, you see, I've heard so many things about you—"

"My dear," interrupted the much-married actor, "you really must not believe these old wives' tales."

Slow Burn
"Which travels faster—heat or cold?"

"Heat, because you can catch cold easily."

Slow Show
The sleight-of-hand performance was not going very well.

"Can any lady or gentleman lend me an egg?" asked the conjuror, coming down to the footlights.

"If we'd had one," shouted a man in the audience, "you'd have it before this."

Only Creamy SNOWDRIFT Blends This Richer, Tastier Quick-Method Cake

Snowdrift is emulsorized and only emulsorized shortening gives you these 2 great helps: (1) Quickly blends all ingredients in 1 bowl—saves work, (2) Makes cakes extra-rich and tender, that stay moist longer. And—to protect all your cake's good taste, be sure you use pure vegetable Snowdrift—be SNOWDRIFT-SURE.

DAD'S FAVORITE SPICE CAKE
Snowdrift's Quick-Method Recipe
Sift together into a large bowl:
2 1/2 cups sifted cake flour
1 teaspoon double-action baking powder (or 1 1/4 tsp. single-action)
1/2 teaspoon soda
1/2 teaspoon salt
1 cup sugar
1 1/2 teaspoons cinnamon
1/2 teaspoon nutmeg
1/2 teaspoon cloves
Add:
1/2 cup Snowdrift
1/2 cup brown sugar, firmly packed
1 cup buttermilk

Mix enough to dampen flour. Beat 2 minutes. If by hand, count beating time only. With electric mixer use "low speed." Scrape bowl of cans, scrape beaters after 2 minutes.
Beat 2 eggs
Beat 1 minute, add:
1/2 cup finely chopped raisins, dusted with 1 tsp. flour
Bake in 2 greased 8-inch layer pans lined with plain paper in moderate oven (375° F.) about 30 minutes. Cool. Frost with—

ORANGE ICING: Blend 2 tsp. Snowdrift with 3 cups sifted confectioners' sugar and 1/4 tsp. salt. Add 1 unbeaten egg, 1 tsp. lemon juice, 1 1/2 tsp. grated orange rind, 3 tsp. orange juice. Beat smooth. Frost cake. Decorate with 1/2 tsp. chocolate, melted with 1/2 tsp. Snowdrift, as shown in picture.
