Miss Cathy Pirlie gave a reading. Mrs. Harvey Line spoke on project and merits with the basis for awards of youth citizenship, youth education, sportsmanship for deserving students. Harvey Line is program chairman.

A compact, long keeping emergency ration made from whole wheat has been developed and tested by U. S. Department of Agriculture scientists. It was developed for stockpiling in fallout shelters. The product, in the form of wafers have an estimated shelf life of five years and pack a lot of food value in a small space.

Persons interested in cattle feeding may find a visit with the local county agent very profitable, suggests U. D. Thompson, extension animal husbandman. He says they have available or can get plans for feed lots, feeders and other equipment and have available information on feeds and feeding.

School Bond Election Sept. 9

33 EAGLES LOOKING GOOD

At a called meeting of the O'Donnell School Board last Thursday a petition was presented the Board signed by about 100 school district taxpayers requesting an election on a proposed \$125,000 bond issue to improve the school's physical plant. Supt. John Criner said Monday. The Board called the election for Sept. 9th. If the qualified taxpayers of the district approve the bond issue two main projects will be done:

1. Build a ten room addition to the east and north of present new Elementary building. The combined plant would house all students until entry in high school.
2. Rebuild the present old Junior High Building into a modern one story building to be used for school offices and other uses, as band hall, ag. and home ec., etc. Present office space in high school would be built into needed classrooms. In next week's paper a detailed account will be presented the public telling what they will get for their money.

Also at the Board meeting of the 1960-1961 budget was revised and the new budget was discussed. All discussed was the new Hale Aiken law and the \$800 increase in teacher's salary. Under the new law a beginning teacher with a degree will get \$4014 and a beginner with a master's degree will get \$4239. The salary goes up annually based on teachers' experience. A man and wife with say ten years experience will approach \$10,000 a year for the nine month term.

School opens this year with 34 professional employees, 4 in lunchroom, 3 service men, 1 bus foreman and 3 bus drivers (however some teachers are included as drivers, an office secretary and a tax collector.

The school gives the town the largest single payroll with about \$200,000 in salaries and another \$60,000 spent in utilities, supplies. If school money spent was in silver dollars it would be eye opening.

4 New Teachers Here

Following are teachers in the school system for this fall term:

Colored teachers are Adelen Payne, 1-4th, Maud Simpson, 5-8th

Farm Trailers To Need Tags --New Law

There is some misunderstanding of the new law pertaining to registration of farm implements and trailers for use on highways, states Geo. McCracken, County Tax Assessor and collector of Lynn Co.

The only vehicles that may operate on streets and highways without license plates are: 1. Farm tractors, 2. Implements of husbandry, 3. Farm trailers with a gross weight not more than 4,000 pounds.

Any farm trailer with a minimum gross wt. of 4,000 lbs. and not more 10,000 lbs. whether owned by an individual farmer or firm, can be registered with a farm trailer license as long as it is being used for seasonally harvested agricultural products or livestock. Trailers registered for the \$5 fee can not be used for hire.

Water well drilling machinery used solely for the purpose of drilling water wells may register for the \$5 fee after being approved by the Texas Highway Department.

Any farm trailer that exceeds the 10,000 lbs gross weight will have to be registered with regular trailer license if used on public road. This fee is subject to the loaded wt. of each trailer.

FINISH SUMMER CLASSES

Mrs. Oleta Smith said this week that 21 girls took homemaking this summer attending classes during June and working at home on their projects during July and August.

Last Tuesday the girls and Mr. Smith enjoyed a picnic and field trip to Lubbock visiting various points of interest.

Johnny Dempsey, age 12, who was injured last Monday week in a soot er mishap, is some improved at the Lubbock Methodist hospital. He has a serious head injury extent is not yet known. His grandfather said he was able to eat some ice cream Sunday.

Visiting in the home of Mr and Mrs. H. Y. Conrad last week were their son, Mr and Mrs. Herbert Conrad and family of Waco and Mr and Mrs. Ira Schneider and family of Waco. Mr and Mrs. E. H. Conrad and family and Mr and Mrs. H. Y. Conrad visited Mr and Mrs. Harold Vogler and family Sunday at Lamesa.

Decay and failure of woodwork can be reduced by brush, dip or soak treating with water repellent preservatives. Bill Smith, extension forester, reports that long time tests show surface treatments give worthwhile protection to wooden siding, steps, porches, exterior trim shutters and other items exposed to rain seepage.

Mr and Mrs. Nelson Mahurin visited their children and families at Midland Sunday.

Born to Mr and Mrs. Edward Wayne Cloe of Tahoka a baby daughter, Ann, 8th named Kathy Lynn and weighing 6 lb 10 oz.

Born to Mr and Mrs. Bill Cook, Jr of Tahoka a baby boy Aug. 18th and named William Allen. He weighed 10 lb 8 oz. Both babies were born at Rumbo Clinic here.

Mr and Mrs. Lee Haymes of Munday were in town Monday and visited in the Cleo Pearce and Bill Schooler homes.

Guests in the home of Mrs. Dick Atkins over the week end were Mr and Mrs. A. B. Pace of Lubbock, J. L. Wheat of Brownfield and Mr and Mrs. C. A. Kelm of Texarkana, Ark.

Mr and Mrs. Luther Kenley and Mr and Mrs. J. F. White, Sr visited Mrs. Will Bunton in the hospital at Hamlin last Thursday.

Harrell Line received a master's degree in math. last week at North Texas college in Denton. He is visiting in the Cleo Pearce and Bill Schooler homes.

Mr and Mrs. John Tidwell and Mr and Mrs. Chester Taylor of Houston visited Mr and Mrs. Wayne Fleming and their granddaughter, Mr and Mrs. Tim Rexrode and Mr and Mrs. M. D. Underwood at Lubbock Sunday.

Jan Hardberger and cousin, Katrina Hardberger left for Ozona Friday morning to visit and attend wedding parties this week for her cousin Gene Childress. Mr and Mrs. Homer Hardberger will attend the wedding there Saturday.

Miss Caswell Weds

Reverend Beruin Caswell, the bride's uncle, officiated at the double ring rites for Miss Maria Beth Caswell and Doyle Lanier Rexrode at 8:00 p. m. Friday in the First Methodist Church here.

Parents of the couple are Mr and Mrs. Vernon Caswell of here and Mr and Mrs. David Rexrode of Plainview.

Given in marriage by her father, the bride wore a street length dress of white peau de soie. The fitted bodice featured a scalloped neck line and capped sleeves. The pleated skirt accented the pleated midriff. Her veil of imported French illusion fell from a pearl encrusted crown. She carried a bouquet of white roses centered with a white Catalpa orchid atop a pearled Bible. Maid of honor was Miss Patsy Cook. Bridesmaids were Miss Sue Lott and Mrs. Sarah Edwards of Lubbock. They wore identical dresses of mint green cotton satin featuring a rounded neckline and capped sleeves. The fitted bodice was accented by a pleated cummerbund. Each skirt was pleated. They wore matching headbands featuring plaques matching the dresses. Each carried a single long stemmed white rose.

Judy Caswell, sister of the bride was candlelighter. Jan Caswell, also a sister of the bride, was flower girl. They wore dresses identical to the other attendants.

Darrell Cates, organist, played traditional wedding music and accompanied Miss Sandra Jameson soloist. Miss Jameson of Plainview is a cousin of the groom.

Best man was David Rexrode of Amarillo, brother of the groom. Groomsman, nephews of the groom were Carroll Rexrode, Amarillo, and Curtis Rexrode of Amarillo. Guest were seated by Venson Caswell brother of the bride, and Ray Newby, cousin of the bride. Allen Rexrode, nephew of the groom, was ring bearer.

A reception followed in the Fellowship Hall of the Church. Assistants with hospitalities were Misses Bonnie McCracken of Dumas, Delores Thomas of Plainview, Kay Dean Kirkey of Odessa, Brenda Barnes and Gloria Line of here.

For the wedding trip the bride chose a two piece dress of green with black accessories. She added an orchid corsage.

The couple will reside at 3304 28th Lubbock. She is a graduate of here and a Junior elementary education major at Texas Tech. Mr. Rexrode is a graduate of Plainview and a senior at Tech, majoring in math. He is a member of the Phi Mu Alpha fraternity.

ATTEND JOURNALISM WORKSHOP

Lubbock — The technical revolution in printing and population shifts to suburbs and many small western towns are creating new opportunities in community journalism. W. H. Graham told a Texas Tech short course for high school journalists. Workshop sessions last week included newspaper and yearbook writing, editing and photography. Students attending the workshop from O'Donnell included Sherry Harris, Judy Furlow, Mrs. Nola Bolch, Oleda Johnson, Douglas Mires, Bobby Burton.

The Texas Agricultural Extension Service, along with other State Cooperative Extension Services of the nation, has been assigned the responsibility for providing the educational and organizational leadership for carrying out the U. S. Department of Agriculture's Rural Areas Development Program.

WHEAT REFERENDUM SET AUGUST 24

"Lynn county wheat growers will join with other producers throughout the state on August 24th, to decide if marketing quotas will be in effect on their 1962 wheat crop," County Agent W. B. Griffin announced. Quotas will be in effect only if at least two thirds of the producers vote "yes" in the referendum. Here are the options in a nutshell.

If farmers vote "yes":

1. The price of wheat will be pegged at \$2 per bushel or about 84 percent of parity for those who comply with program provisions.
2. There will be a mandatory acreage reduction of 10 percent.
3. Payments will be made for diverting wheat acreage and for devoting it to a conservation use.
4. Additional voluntary reductions may be made.

If farmers vote "no":

1. Price support on wheat will be \$1.19 per bushel or 50 percent of parity for those producers planting within acreage allotments.
2. There will be no limit on marketings.

All farmers who have produced more than 13.5 acres of wheat in at least one of the last three years are eligible to vote, Griffin said. Complete information on the proposed wheat stabilization program can be obtained at the county agent's office or by contacting Lynn Co. ASC Office Manager, Charles Bragg.

"We do not have a 1962 wheat program now," Griffin emphasized. "That will be up to the farmers to decide on August 24."

HARRELL LINE TO RECEIVE MASTER'S DEGREE

Denton — Harrell Line of O'Donnell, is one of 208 graduate students who have applied for master's degrees at North Texas State College this semester.

They will be the last graduates to receive degrees from North Texas State College. By an act of the Texas Legislature, the school will become North Texas State University on Aug. 29th. Summer commencement exercises are scheduled for 8 p. m. Aug. 24 in Potts Field.

Mr. Line, son of Mr and Mrs. Harvey H. Line of O'Donnell, is seeking the master of science degree in mathematics.

To Register

Following is the schedule for registration for the fall term of high school —

Thursday, 24th — Seniors — 1:30 to 3 p. m.

On Aug. 25th —

All Freshmen and first time entries to O'Donnell High School are to be at High School Friday morning at 9 a. m. to take a test.

NEW WARNING SIGNALS TOLD BY MAYOR

Mayor Jimmy Hash said this week that the following warning signals are now in effect (they are largely the same in all towns):

Storm — one minute sustained blast, off one minute, and then repeated in that order until the town is warned.

Fire — the same as always — 9 second on and off blast

Civil defense and atomic defense warning — 4 to 5 minute sustained blast. The danger to rural areas is not a direct bomb blast but radiation fallout. More will appear soon on this but a house, or a storm house is better than being out in the exposed atmosphere.

Mr and Mrs. T. J. Coombs, Perry and Penny of Garland visited her parents Mr and Mrs. R. C. Fanner over the week end.

The annual Eastland Co. reunion will be Sunday, Aug. 27th in the McKenzie State Park in Lubbock. Come and bring a picnic lunch. Willie Mae Childress, secretary

REVIVAL TO OPEN

A week end revival at the Assembly of God Church will begin tonight, Wednesday, August 23rd and continue thru the 27th. Evangelists are Rev. and Mrs. James Farmer of Fritch, Texas. Services are each night at 7:45. There will be a special song service each night. Everyone is invited. D. R. Kirkendall is the local pastor.

The quality of the hay crop now being harvested may well depend says Geo. McBee, extension pasture specialist, on the stage of growth of the plants when cut and the length of drying period. He suggests checking with the local county agent for information on improving the quality of hay.

Feed represents between a half and two thirds of the total cost of producing a dozen eggs. This makes it just plain good business to try to get the best possible feed conversion from the laying flock.

Turkeys top the USDA's plentiful foods list for August. Marketings during the month will be as large as around Thanksgiving in yesterday and prices make turkey a bargain meat. Eat them often. They are excellent barbecued.

MUST REGISTER FARM TRAILERS

A new law recently enacted by the Texas Legislature, bringing farm trailers and semi-trailers having a gross weight (including load) of 4,000 pounds under the Motor Vehicle Registration Law, according to information sent George Mc Cracken, county tax assessor and collector, by the Texas Highway Department.

Under the new law, H B 1082, such farm trailers may be registered and license tags issued for \$5.00 on presentation of application by the farmer along with a signed affidavit that such will not have a gross weight in excess of 4,000 pounds and will be used exclusively to transport the owner's own seasonally harvested agricultural products and livestock to market or place of storage, will not be operated at more than 30 miles per hour and meet other requirements. An exception is extended to cotton gins provided the trailers are supplied to the farmers without charge.

The law also requires the registration of water well drilling and road construction machinery. Valuable time may be saved during the harvest season by checking all on farm grain storage facilities well in advance of the day when they will be needed. Using leaky, run down and unclean storage buildings will increase hazards from insect and rodent damage, two factors usually responsible for the loss of quality in farm stored grain.

Careful planning before building a farm pond can help solve the weed problem. Large areas of shallow water should be avoided in pond construction because weeds nearly always become a problem where the water is less than about 3 feet deep.

Stockmen over the state should be on the alert for a noncontagious livestock disease known as photosensitization. Conditions over the state are favorable for its spread. Contact a veterinarian or the local county agent for additional information.

JURY DUTY

Jury duty is an experience every citizen ought to have. In a criminal case twelve jurors are sworn to do justice as each sees it, and yet be unanimous. Most trials both sides have conflicting evidence and the evidence is conflicting. The twelve jurors vary in their temperament, character, ability, and their experience in the world, and in the question at hand.

Yet a jury made up of both sexes, of wide age and educational differences, jobs and origins must all agree with the same verdict. The upshot of their verdict much depends on the life or liberty of others and the good. So it may take them a long time of talking among themselves to agree.

Jury duty calls for insight, common sense, courage, tact, fairness, patience, (especially toward jurors who disagree with you), humor, tolerance, balance and willingness to hear others out and use one's mind, readiness to go over the facts to find some way to bring agreement. In short, jury duty demands a "decent respect to the opinions" of others.

More and more women share civic duties, especially as jurors. Time was in Texas when women did not serve on juries. They still do not in four states.

A jury finds facts. It hears and weighs evidence and then comes to a verdict. It does not make the law the legislature does; and the judge "charges" or instructs the jury concerning the law applicable to the particular case it is considering. The judge will tell you not to find the accused guilty until he has proved an under strict rules of evidence. If you have any "reasonable doubt," not imaginary or far-fetched — acquit the accused.

THIS WEEK IN AUSTIN — Sen. Preston Smith

Being Governor of Texas August 30 was one of the most exciting days in the Preston Smith family as he enjoyed.

By all estimates, there must have been 400 to 500 South Plains people in Austin last Friday for the Governor-for-a-day festivities. During the reception in the morning and afternoon, I met and talked to hundreds of visitors and dozens of newsmen throughout the state.

To all those who made this event

possible, and to those who came to Austin or were among the thousands who sent telegrams and messages of congratulations, the Smith family thanks all of you very sincerely. You helped to make August 4 truly one of the biggest events in our lives.

High point of the day was the banquet that night at which more than 900 persons jammed the main ballroom of the Austin Hotel. Speakers were J. Ed McLaughlin of Ralls, David C. Casey, Mayor of Lubbock, Joe Anderson of Seminole, State Sen. Martin Dies, Jr. of Lufkin, Wilmer Smith of New Home and Waggoner Carr of Lubbock.

The gifts presented to us were wonderful. Ina was presented a sterling silver tea and coffee service and a punch bowl set. Mickey received a very nice 35 mm camera. Jan a wrist watch and I received a very much desired set of Ben Hogan golf clubs in a beautiful red and black bag and a wrist watch. Among all the other nice gifts of the day were the good wishes of friends, the warm smiles and friendly hand shakes and the good will exhibited toward us. For all these things we thank you very sincerely.

no flue needed!

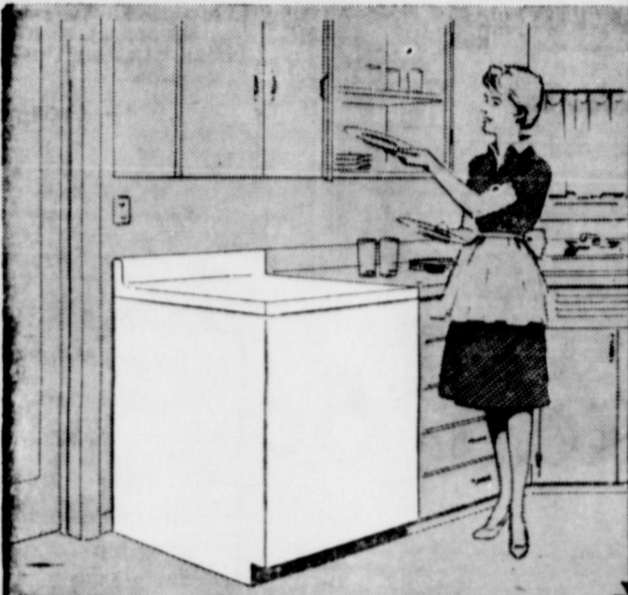

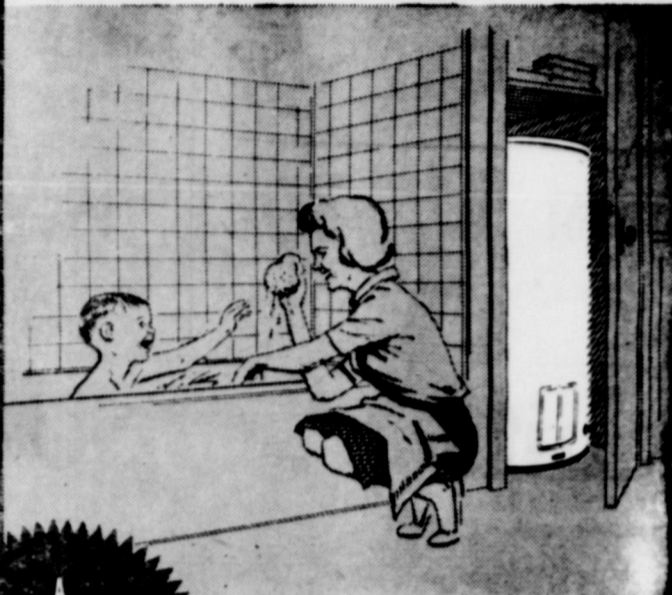

Table-top electric water heater provides extra work space in kitchen

Round model electric water heater installed in bathroom linen closet

FLAMELESS ELECTRIC WATER HEATER CAN BE INSTALLED ANYWHERE!

An electric water heater is a real space saver. Because it's flameless and requires no flue, it can be installed anywhere in the house, close to the point of greatest use. This saves long pipe runs and resultant heat waste due to water cooling in the pipes. You'll have plenty of hot water for every need, too. New quick recovery electric water heaters heat water as fast as you use it. And you'll find electric water heating is clean, odorless, noiseless and completely safe because it's flameless! See the new quick recovery electric water heaters at your dealer's soon.

For full information about electric water heating and its many advantages, telephone us or visit our office.

Homeowning Can Be Hazardous Too!

No matter how long the bronco-buster has been riding, he can never be sure the next horse won't throw him.

Such is the case with the homeowner. No matter how careful he tries to be, an unnoticed frayed electric cord, overloaded circuit, or smoldering cigarette can leave his home in cinders.

It's too late then to realize his insurance is "too little—and the wrong kind."

Be sure when you insure. Call on your local independent agent for a thorough appraisal of your needs.
