

Join The 'Lucky Thirteen' Club

HAVE YOU ALWAYS THOUGHT THIRTEEN WAS AN UNLUCKY NUMBER? WELL, HERE IS A CHANCE TO SEE THAT IT CAN BE ONE OF THE LUCKIEST NUMBERS OF THE WHOLE LIST.

Working with a view toward helping our customers, we have formed the Lucky Thirteen Club. The club works in this manner: Each time you buy a pair of hose in our store, your name and the quality of hose are listed in a register. When you have bought twelve pairs of hose, we check the record of your purchases, and if it shows that you have bought more pairs of hose in the \$1 quality, you receive ABSOLUTELY FREE OF CHARGE, your thirteenth pair of \$1 hose. If the record shows that you have purchased more pairs in another quality hose, the thirteenth pair will be of that quality.

BUT IN ANY CASE, YOU GET YOUR THIRTEENTH PAIR OF HOSE ABSOLUTELY FREE.

Come in today and buy a supply of lovely hose in the new spring shades; we have them in every color, size, and price range.

Our customers are invited to come in and see our new shoe department for ladies and children, which has been built in this week. Don't fail to see our new millinery department, also built in this week.

Let's get straight to the point about your winter gasoline

In plain words it's old-fashioned to have winter starting troubles. (You needn't admit anything in company—because lots of people don't know there is hard starting any more.) But get a neighbor off to one side. Chances are he's an old regular on Winter Blend Conoco Bronze, or he is one of the thousands and thousands who changed to it these recent cold months. See if he doesn't say almost these words: "You always start up on Conoco Bronze; you start, that's all. No weather yet, around here, seems to make any difference. Maybe your car isn't new, but this stuff starts. You or I don't know how any gasoline is made, no matter what we're told. But when you don't have to grind the starter and pray for your battery, nor keep on choking and choking, then you know you've got what you want. And they don't have to tell you any more about Conoco Bronze than the way it starts, as long as you know it does." Continental Oil Company, Established 1875

Don't make the mistake of addressing mail to them to Barrett street, as we did for two weeks, because San Antonio boasts a Barrett street, an avenue of the same name, and also a Barrett Place.

LIVING COSTS ARE CLIMBING

ELECTRICITY IS MORE THAN EVER THE BIGGEST BARGAIN IN THE HOME

Living expenses go up and down . . . mostly up for the last few years . . . all except your electric service. It has gone steadily downward, even when other prices reached the highest peaks. Today electricity is cheaper than ever and has decreased in price more than any other living cost.

You can make full use of electricity in your home at a very small cost, save time . . . energy . . . health, and add to the comfort and convenience of your family. For example, good light for an evening of reading, costs only two or three cents.

As is always the case with every public-spirited resident of any community, it is our hope and desire that we may in some manner be of service in making our town a more beautiful, a more pleasant place in which to live. We believe that well kept lawns and flower gardens are among the most important means of civic beautifying. And because we believe this so strongly, we take great pride and pleasure in announcing that registration books are now ready for O'Donnell residents who wish to enter our home beautification contest.

— \$50 will be given in prizes —

To the three persons whose lawns are adjudged the most attractive. There are no strings to this offer; anyone who lives within the city limits of O'Donnell is eligible to register as a contestant. You will not be asked to buy anything or to pay any entrance fee. Simply come to the store and register in the Davis Drug Store Lawn Beautification Contest, and you will be given a small placard to put in an inconspicuous spot in your yard, saying that your yard has been entered. Judges will be brought from out-of-town, and we will secure competent, impartial persons to do this judging. Contest will close June 15th. For further details, watch this space weekly.

Flu And Other Illness Are Widespread Here

Flu, colds, light cases of pneumonia mumps and other ailments are becoming widespread in our community this week. Class rooms are left almost vacant, business houses are in charge of substitutes, and every resort and measure possible are being used to carry on business as usual in spite of sickness.

Mr. Homer Hancock was seriously ill with flu this week at his home in the country. His mother, Mrs. Walter Hancock, left her place at Thornhill's Variety and Dry Goods store and stayed at home to help in caring for him and with the care of the children. He is able to be up today.

Maynard Eubanks of the Eagle Cafe has been in bed since Saturday, also suffering from a severe cold. Mrs. Eubanks is assisting the regular force in waiting on customers. C. Bert Davis of Davis Drug store was confined to his bed several days last week with a cold and flu, and has been ordered to Rotan for a few days rest with his father and brother there.

Mrs. John Earles, who has been seriously ill for almost four months, was ordered to Mineral Wells several days ago by her physician. Mr. Earles was with her over the week-end, and reports that she is improving, but is still in an unfavorable condition.

Mrs. W. H. Thornhill, who was down from Tahoka Saturday for the opening of their Nine-cent Sale, was almost too ill to stay on the job. She has had flu this season, and has also worked far too hard in moving to their recently purchased home in Tahoka, but with her customary fortitude positively refuses to give up and stay in bed.

Miss Bernice Dean, 5th grade teacher, was ill last Thursday and unable to be at her place in the class room. Mrs. A. W. Gibbs substituted for her. W. H. Miller at the Help-Yourself Laundry was ill most of the week with a severe cold, and was confined to his bed several days.

The mumps epidemic which caused so much trouble and pain among school children several days ago, apparently is abating this week, and the absentees are beginning to come back to school.

Mr. and Mrs. Guy Bohannon of Leavenworth, Wash., were guests this week of her parents, Mr. and Mrs. D. M. Estes.

LOCAL COTTON MAN TALKS TO INSURANCE MEETING

Louis Druce, well-known cotton buyer in this territory this season, returned Tuesday night from Waco, where he had attended a state meeting of Republic Life representatives.

Some few local people are aware of the fact that in addition to being one of the best cotton buyers in the state Mr. Druce is also considered an expert in the 'underwriters' field. He was one of the principal speakers at the Waco session, but he positively refused to amplify that information when we asked him about it, he says folks can use their imagination about what he said.

Mrs. Guy Bohannon of Leavenworth, Wash., accompanied by her mother-in-law, Mrs. R. T. Bohannon of Stanton, were here a short time Friday afternoon, visiting her parents, Mr. and Mrs. D. M. Estes.

Mrs. L. L. Busby, Mrs. George Shumake Jr. and children, and Misses Alice Busby and Merle Womack were in Tahoka Tuesday afternoon.

Misses Naymon Everett, Carey Shook and G. L. Bryant were in Lamesa Thursday afternoon of last week.

STRAYED: From pasture of farm west of town, one medium-sized brown muley cow, unbranded. Finder please notify Mrs. B. F. Burnett, O'Donnell, Texas, box 385.

O'Donnell friends of Mrs. Wade Holland, the former Miss Dede McCoy of Tahoka, will be grieved to know that she is in a Lubbock sanitarium, seriously ill following the premature birth of a son. The baby was buried in Tahoka Tuesday morning. Mrs. E. T. Wells and Miss Beverly were present for the services.
