O'DONNELL, LYNN COUNTY, TEXAS, APRIL 30, 1926

No. 32

Sky Juice Again Covers Country

After a few days sunshine, a weather and a sandstorm, good old sky juice began to fall Wednesday at noon. First it came down in drops, then in showers and finally settled down to drizzle which lasted throughout the night and Thursday morning the earth was again soaked with the life-giving liquid. Reports from the O'Donnell country are to the effect that the rain was general although heavier to the south and east of town, the average fall is estimated about three-fourths of an inch. Since it was several hours in falling, every drop of the moisture went into the ground, augmenting the supply stored from the rain of last week.

Some planting had been done before this rain but the majority of the farmers were holding back for warmer weather, fearing that too early planting would result in loss of seed on account of the low temperature following the rain of last week.

The O'Donnell country never had a better prospect for a bumper crop with a few days sunshine the work of planting will start in earnest and will be pushed to completion.

The farmers are happy; the business men are happy and all are joining in the chorus of the song of prosperity.

Tahoka Votes Bonds for School Buildings

The Lynn County News states that by a vote of a little more than two to one, bonds were authorized in the sum of \$100,000 at an election held on April 17 in Tahoka, for the purpose of building additional school buildings for that district. The vote for the bonds was 272, against the bonds 135. An election for the same purpose held on March the vote stood 184 for and 137 against the issuance of the bonds, but on account of a defect in the proceedings of the election was declared invalid and another election was called. An analysis of the votes shows that there were 89 more votes for the bonds in the last election than in the first, while the opposition decreased by two votes.

Born, to Mr. and Mrs. F. C. Smith, Jr., who reside near Hindman, a boy, Monday at 10:30.

Boys Scouts will Work to Clean City

The Boy Scouts are planning to show the older heads something in sanitation this spring. The boys have organized in to groups and will make war on flies. They will make traps and a prize will be given for the best trap and prizes will be awarded the boys who make the largest catch. The boys will also report out for fire hazards and will report such to the fire chief each week.

All citizens are requested to cooperate with the Boy Scouts in their fine work in trying to keep the town clean. All refuse allowing breeding places for flies and all trash should be destroyed. Every fly killed now will mean a million less this summer.

Odd Fellows Celebrate with Banquet

The Odd Fellows rounded out another year in the history of the organization Monday night when they entertained their wives and other invited guests at a banquet in the Davis building. The banquet was elaborate and consisted of everything that goes to make a meal perfect.

Rev. W. K. Horn made the feature address of the evening and was followed by Rev. W. B. Hicks, who made a speech of acceptance upon receipt of a safety pin presented in recognition of the work he had done for the lodge. He said among other things that a safety pin was the first piece of jewelry he had ever worn and as he went through life he still found them useful in many ways other than the first he wore.

A number of selections were rendered by Miss Sue Gates on the piano and readings were given by others.

Among the out of town guests were Mr. and Mrs. C. E. Cameron of Lamesa.

Dan Couch of Aspermont, president of the First National Bank of O'Donnell, and Carlton Couch of Haskell, also banker were business visitors Friday of last week. They will leave in a few days for the Rio Grande Valley where they have business interests. Both gentlemen were pleased with the progress the O'Donnell bank had made since its establishment last fall. Since the crop prospects are 100 per cent good they predict big business in all lines in O'Donnell this fall.

School to Close May 21st

The O'Donnell schools will close the most successful term in its history on May 21 and the following events will take place during commencement week:

Sunday, May 16—Baccalaureate sermon by Rev. W. B. Hicks.

Monday night, May 17,—Recital by Mrs. Baggett's class in music.

Tuesday night, May 18—Operetta by Mrs. Kercheville's class in expression.

Wednesday night, May 19—The Senior class will present an operetta, for which a small admission will be charged.

Thursday night, May 21—Senior class graduation exercises and presentation of diplomas.

A number of scholarships from the leading colleges of the state have been tendered honor students of the graduating class.

The graduating class consists of twelve members as follows: Delbert Beaton, Nola Lorenc Hill, Vigney Hohn, Roxie Alta Hancock, Thady Arwayne Gardenhire, (son Marjorie) McDaniel, Oma Faye Fairley, Geoffrey Holman, Golda Faye McGill, Howard Tredway, Mary Jo Ballow and Martin Lines.

Mrs. Lowrey for Re-election

No, Mrs. Zoe Lowrey has not thrown her hat in the ring. Women do not treat their hats that way. Besides, they do not get excited over politics, as some men do, and hurl their head-gear in the air or elsewhere and make fools of themselves generally. However, Mrs. Lowrey sedately and quietly announces in the proper column this week that she would again like to serve the people of Lynn county as the custodian of their funds. Since the law was passed several years ago providing for county depositories, the office of county treasurer has been more ornamental than useful. There is work for a county treasurer to do, to be sure, but the work is not so strenuous as to endanger the health of the incumbent or as to plow great lines of care upon her brow. But while the work is not hard, neither is the remuneration such as to soon get the incumbent into the Rockefeller or Hetty Green class.

Mrs. Lowrey has been county treasurer of this county for the past four years and during this time she has been useful as well as ornamental in this office. She knows the duties of the office thoroughly and is fully competent to perform them. While acting as treasurer, she has at the same time been of invaluable service to other officials. You never find Mrs. Lowrey idle. She is always on the job, always does her work well, is good natured and patient, makes friends of all with whom she has dealings, and is one of the most popular officials that ever had a place in the court house.

She respectfully asks for the support and influence of all the voters of the county, and the Index bespeaks for her candidacy your most serious consideration.

County Court in Session

County Court convened in Tahoka Monday and this week a large part of the population of O'Donnell has been in attendance. On the docket there were seventy cases for cold checking, showing that the pencil artist with a penchant for swindling has been plying a good trade. Court will remain in session throughout the week.

Honor Students Presented with Medals

In recognition of the splendid work of honor students in the high school, medals were presented in chapel Tuesday morning. Sue Gates and Roxie Hancock, representing the girls debating team, received gold medals. J. V. Shook and Delbert Beaton, representing the boys debating team, gold medals. Carl Betenbough, declamation, gold medal, and Geoffrey Holman was awarded a gold medal for leading in extemporaneous speech making Louise Anderson, for Senior girls declamation, bronze medal; Elmo Burkett, silver medal for Senior boys declamation, and Cathlyn Veazy, silver medal for Junior girls declamation.

The above students represented the O'Donnell school in the county and district interscholastic meets.

Mice and Matches Start Small Blaze

O'Donnell experienced another close call from a serious fire Sunday night at about 9 o'clock when a blaze in its incipency was discovered in the Poodle Dog hamburger stand. The big siren called the fire department and when the doors were broken down it was discovered that the fire was coming from the cash box. This was thrown out and a squirt from the chemical tank extinguished the blaze. Had it not been so early in the evening the blaze would have gained such headway that the building and other buildings would have been destroyed. It is supposed the fire was started by mice igniting matches.

The chemical equipment is a fine protection against fires, but should a blaze get under headway it would be of no value and all we could do would be to sit idly by and watch the town burn. We need waterworks for such emergencies.

Mr. and Mrs. W. H. Harland returned Saturday from a visit to their old home at Gladewater. Mr. Harland was so binding with the fish stories that the Index promised its readers that he would not disgorge a word about his catch. We have an idea that he was rained out and could not get near the creek all the time he was away.

You may be born intelligent but you've got to learn to think.

O'Donnell Needs Water System

O'Donnell's crying need today is a system of waterworks. If we are too poor to build a system to cover the entire town, then we should vote bonds and provide water for the business section.

Should the business section of town catch fire and burn, the residential portion of the town would not be worth shucks. Without business houses, the residential portion of town would be deserted.

We are paying sufficient premium on fire insurance to pay the interest on the bonds. When a business house burns, the small percentage of its value received from insurance will not go very far in rebuilding.

The entire town should be covered with a system of waterworks, but if we are too poor at this time to do this, then we should at least provide the first unit in the business district. Later we could vote more bonds and extend the mains.

The City Council is already considering calling an election to vote bonds and when this is done every voter in the town should help put the issue through.

We need a system of waterworks.

It will increase the value of our property.

It will lessen the fire risk.

It will reduce insurance rates.

If there is any reason under the sun why we should not have water, the Index would like to be informed what it is.

Mrs. Wade Christopher in Sanitarium

Mrs. Wade Christopher was taken to a Lubbock sanitarium Monday where she will undergo a major operation. On account of her weakened condition due to a fever lasting more than thirty days, transfusion of blood was found necessary before the operation could be performed and Miss Martha Simpson, Miss Maurine McDaniel, Lee Christopher, Calvin Fritz, Felix Sisk, and George Shumake volunteered to give their blood and went to the hospital Tuesday. After arriving there it was found that a student of the Tech had offered his blood and the O'Donnell volunteers returned home.

"Ain't" is a proper word to use if you know better.

Diversification

Backed with Good Judgment Spells PROSPERITY FOR THE FARMER

All cotton and no feed, no cow, no sow and no hen all combine to make John a poor farmer. Intelligent diversification in farm management will grow a big bank account.

T. J. YANDELL

For Sheriff and tax collector of Dawson County:

MAC W. HANCOCK

If X-ville advertises for home-seekers and tourists and O'Donnell does not, X-ville will get them and O'Donnell will not.

If X-ville calls upon its people to trade at home and support home industry to the exclusion of all others whenever possible, and O'Donnell does not, X-ville will build for more permanence in its local prosperity and O'Donnell will not.

One might continue this line of reasoning indefinitely and find that there is no end to it. We are living in a land and an age of competition between towns, cities and communities just as in the field of legitimate business competition.

The growth of O'Donnell depends on the alertness of all of us individually and collectively, and on the persistency with which we put forward our claims to a rightful place in the business and civic affairs of our country and state.

ADVERTISING'S COMPETITOR

Like most other things, advertising has competition.

Like all other things, when it works hard enough it wins.

The competitor of advertising is non-advertising.

Silence, when something needs to be sold, is disastrous to business.

All honest advertising helps the craft it seeks to exploit.

Thus advertising reflects advantage to itself.

It becomes its own reward.

It becomes a matter of community interest.

In the field of advertising, all business is partner to its line of endeavor.

Straw hats will be much higher this season. They had to use about 10 per cent of the country's supply for the straw votes.

Mr. and Mrs. R. C. Hardberger and daughters, Lucile and Jennie Louise, were here Saturday from Lubbock visiting relatives. Mr. Hardberger has secured the exclusive agency for a large body of land near Levelland which he will sell during the spring and summer. He states that a reduction of ten dollars per acre had been made on this land and that it is going strong.

Mrs. Modesta Green of Kansas City, is the guest of her parents, Mr. and Mrs. W. P. Sanderson and other relatives. She will spend the spring months here.

Prof. Franklin Y. Martin, principal of the Plainview school, was a visitor to the Index office Monday to get a whiff of printer's ink and to listen to the merry grind of the linotype once again. Mr. Martin is a newspaper man but is following the more lucrative calling of school teaching to make his beans.

Prof. Martin states that the Plainview school has an enrollment of nearly sixty pupils with two teachers, Miss Sadie Ramsey being his assistant. It is planned to construct a brick building by the opening of the next term of school.

Poultry Raisers Declare War On Chicken Thieves

War has been declared on chicken thieves by farmers and other poultry raisers in Texas who have suffered serious losses from these offenders, according to advices received by the Sears-Roebuck Agricultural Foundation, Dallas, from poultrymen in many parts of the state. The Foundation has been broadcasting on radio programs over Station WFAA information by authorities on methods of combating thieves.

With the development of the poultry industry, the country has become infested with organized bands of poultry thieves who steel out under cover of the night to rob farmers and other poultry breeders," declared R. E. Sparkman, Ellis county, in a radio talk for the Foundation. "Good roads and automobiles give thieves easy access to the good poultry markets in the cities. There are hundreds of instances on farms where families have been dependent upon the chicken and turkey crops for their living, where entire flocks have been stolen in a single night. Whereas our state laws provide that the stealing of any number of cattle, sheep or hogs is a penitentiary offense, poultry raisers are comparatively unprotected, as thieves must steel over \$50 worth of chickens or turkeys before the offense is classed as a felony. If captured, the ordinary poultry thief is punished for petty larceny only, and usually gets off with a light fine."

Mr. Sparkman was a member of the 38th Texas legislature and introduced a bill which would make any amount of poultry stealing a felony. The proposed measure failed to pass by a few votes, and now poultrymen are organizing to promote the introduction and passage of a similar law in the next legislature.

W. W. Brady, secretary of the Collins County Poultry Association made a radio talk in which he stressed the need of organization and legislation to protect the poultry industry. He said that many are discouraged from building quality purebred poultry flocks, owing to constant danger from theft. Collin and Dallas county poultry raisers, he said, have been organized for a year to fight chicken thieving, and have secured excellent results in protecting their birds by clubbing together to offer rewards for the capture and conviction of offenders who stole from members.

Most Girls Can Have Pretty Eyes

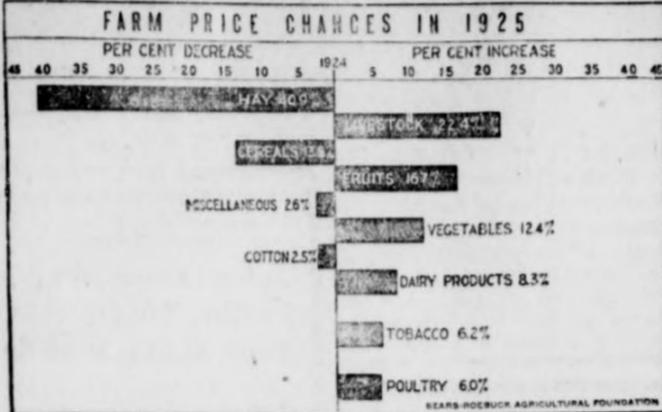

No girl or woman is pretty if her eyes are red, strained or have dark rings. Simple camphor, hydrastis, witchhaze, etc., as mixed in Lavoptik eye wash, brightens the eyes and a week's use will surprise you. Regular use of Lavoptik keeps the eyes healthy, sparkling and vivacious. The quick change will please you. Dainty aluminum eye cup FREE. Haney Drug Company.

Takes the Place of "Drastic" Calomel

Never take another dose of the old style "raw" calomel. There is a newer and more improved kind known as Pepsinated Calomel. It does not tear through your system like a streak of lightning. People who are ill or suffering with biliousness, constipation, indigestion, and especially with backache, headache and torpid liver can secure immediate and complete relief with this new mild Calomel. Hereafter when you buy calomel, always demand the "pep-si-na ted" kind. It is better for you, for it is purer, milder and more beneficial to your entire system. In 25c and 50c packages. For sale by

THE CORNER DRUG STORE

Farmers Income for 1925 Shows Rise in Prosperity

WHILE farm production has not yet assumed a proper relationship to consumption as a whole, states the Sears-Roebuck Agricultural Foundation, American agriculture has been more properly balanced during the past year than it has for five years, and is slowly reaching correct proportions.

Only three staple farm crop groups, reports the Foundation, showed a decrease in gross farm prices for 1925 as compared with 1924. The crops included were hay, cotton, corn, wheat and one or two small miscellaneous crops. On the other hand, the products which increased substantially in price for 1925 over 1924 were cattle, hogs, sheep, fruits, vegetables, fluid milk, butter, cheese, tobacco, poultry and eggs.

The American farmer is beginning to place some figures on the right-hand side of his ledger for the first time in five years and renewed feeling of national farm prosperity, due to increase of farm prices, is being reflected in the business and industrial prosperity of the entire country.

O'Donnell Enters Many Contests at District Meet

Two hundred and fifty-six contestants competed for honors in the literary events of the Interscholastic League at Lubbock last Friday and Saturday. While none of the O'Donnell entrants were winners in the various events, yet they held their ground long after representatives of other schools had lain down. Our school had two debating teams, the boys team, represented by J. V. Shook and Delbert Beaton, and the girls team represented by Roxie Hancock and Sue Gates. The boys held their own until all but four of the sixteen competing teams had been eliminated, then they went down before Floydada. The girls held on until all but three of the teams had been defeated, Slaton defeating them.

Carl Beatenbough represented the junior boys in declaiming and passed the first preliminaries. Geoffrey Holman made a dandy speech but lost to Lubbock.

The Dixie school won first place in essay writing, Lillie Mae Crump gaining the honors.

We had no representative in athletics except in volley ball. Our team won first count but lost on the second.

A. W. Evans of the Tech, served as director general of the contests.

Doak Makes Weather Prediction For Season

In printing the weather forecast by C. H. Doak last week, the Index left out the month of June and we reprint the rain periods for the entire season.

May 2nd, storm period with rain on 4th or 5th.

May 16th, local showers.

June 6th, storm period with heavy rains.

June 25th, heavy rains.

July 25th, cloudy.

July 27th, heavy rain.

August 24th, thunder showers.

September will be dry, with the exception of showers around the 10th, when considerable hail will fall.

The Singing Convention will meet in O'Donnell next Sunday. As this is the first time the convention has been here in some time, it is expected that a large crowd will be present. A cordial invitation is extended everyone to be present and participate in the singing.

The singing at Wells last Sunday attracted quite a crowd from O'Donnell. The singing was good, a feature of which was a male quartet.

Mr. and Mrs. B. F. Wilhite visited Mr. and Mrs. J. F. Wilhite in Lamesa Sunday.

Farmers Letters Attract Much Interest

The letters from farmers giving their crop programs for this year have a special interest. That E. T. ... State Bank is desirous of obtaining as many other letters from farmers as well send them in. These letters are educational and will prove of value to those who want to get out of the rut of the old-time method of farming in a haphazard way.

Send in your crop program to Mr. Brown and give your neighbor a chance to profit by your own experience.

Chicken Thieves Caught In Snyder

About the middle of last week 14 hens were taken from the premises of Mr. and Mrs. Allen residing near ... Complaint of the theft was made to Sheriff Simpson. At this time Mr. Simpson was making some investigations of alleged chicken thefts at O'Donnell. He had telephoned to Snyder requesting the sheriff to be on the look-out for the thieves of the O'Donnell chickens. The Snyder sheriff later phoned him about the two young men who had showed up there in a Lynn county car with a bunch of poultry. Mr.

Simpson hastened down and upon investigation found that the chickens the young men had sold in Snyder were the Allen chickens. Complaints had been filed there against the young men for theft, the property stolen having been transported by them into Scurry county, and on Monday of this week they entered pleas of guilty. We are unable to learn what penalty was assessed by the Snyder court.

Mr. Simpson says that there is much chicken thieving being done all over this section of the state. He further states that some young boys in Tahoka have been guilty of taking chickens that did not belong to them. No arrests have been made but he says that if these boys are not careful a bunch of them will land in the county jail and then their parents will be shocked and humiliated. —Lynn County News.

Mrs. B. J. Boyd Entertains W. M. S. Society

Mrs. B. J. Boyd was the charming hostess at an informal social hour Monday afternoon for members of the W. M. S. society. Much giggling chattering and brain work caused the time to pass quickly and pleasantly. The guests were indebted to Mrs. Boyd for a very happy afternoon. Brick ice cream and angel food cake, carrying out a pink and white color scheme, were served to Mesdames Bowlin, Dickinson, Lines, French, Gillespie, Veazy, Scrimshire and Jones.

Mr. and Mrs. L. Dennis left Saturday for Sweetwater where Mrs. Dennis took the train for Abilene where she will spend a week visiting relatives. Mr. Dennis returned Sunday.

Ben S. Coin returned Saturday from a business visit to San Antonio. He says that heavy rains fell between here and the Alamo City.

R. L. Pirtle and J. F. Albright spent the past week in Brownfield organizing a Modern Woodmen Lodge. They report the lodge will start with a good membership.

Mr. and Mrs. Mac Simpson are rejoicing over the arrival of a fine son Monday at 4 o'clock p. m.

A. M. Tredway was here from Tahoka Saturday shaking hands with his old friends.

After a very successful term, the T Bar school will close today. The closing of the school will be marked by a play to be given tonight by the pupils.

W. J. Smith has been quite ill the past week. His condition was reported as improving Friday morning.

Prison reform is running to such an extreme that the convicts expect an apology from the Governor if they are not payroled in six months.

MY MOTHER

(Franklin Y. Martin)
In Honey Grove Signal

As I look thru the shadowy Halls of the Past—

Thru the shadowy Halls of my Yesterdays—

Into the Vale of Forgotten Days, One object alone in my memory stays—

One object alone shall forever last; A face—a light that abides all others—

Mother's

I see a mystic fairyland— The mystic Land of Long Ago, Where roses in the sunlight grow;

I see a sweet-faced fairy stand Amid them, she herself as grand As any that beside her blow;

The Mother that I used to know, The flush of youth was on her face,

The rose of spring was on her cheek, And never tresses shone more fair;

But plundering Time has kept his pace, And now his footsteps grimly speak

The changes that have taken place, And Winter's frost is in her hair.

I see her in the long ago, Consoling me—the little boy

Who brings to her his childish woe; A marble lost, a broken toy.

And now, as then, the son still gropes

To her with woeful themes; Not marbles any more, but hopes—

Not toys—but broken dreams. And as the Trail of Life we plod

Together, onward to the West, My "first fair wish" is that my God

Will thru the years grant one request,

Grant me one boon—of all the best My Mother

Mr. and Mrs. Tom Doak have been over from Terry county this week

the guests of Mr. and Mrs. C. H. Doak. Mr. Doak reported fine rains

having fallen over his way.

Woman's Case Amazes O'Donnell People

A business man's wife suffered for two years with sore, watery eyes, which pained day and night. Finally she tried camphor, hydrastis, witchhazel, etc., as mixed in Lavoptik eye wash. This helped her AT ONCE. One small bottle Lavoptik usually helps ANY CASE weak strained or inflamed eyes. Aluminum eye cup FREE. Hanev Drug Company.

Car Load of Mules

We will have a carload of good Mules at both Lamesa and O'Donnell by February 18th, and we will have good Mules at both places until Spring. We will also buy any kind of Live-stock you have for sale.

We will be glad for anybody needing mules to come and look over our stuff. Every mule we sell guaranteed.

Methodist Stewards Entertained In Veazy Home

One of the most hilarious mirth-provoking evenings ever endured by a self respecting board of stewards was Tuesday evening when Rev. and Mrs. W. B. Hicks entertained at the home of Mr. and Mrs. W. H. Veazy. The guests were the stewards of the Methodist church and their wives. Soon after their arrival, slips with corresponding numbers were passed to both ladies and gentlemen, and it was announced the partners thus obtained were going on a honeymoon trip. A suitcase containing the apparel and aids to beauty was provided and each couple was required to dress, from the lady's passage to the gentleman's necktie, race to a given point and take off their traveling suits, leaving them ready for the next couple. There is a rumor out that Mrs. Baggett must help Mr. Baggett get to work on time, for she tied her partner's tie with one hand, put on her hat with the other and kicked the door case closed, all at one and the same time.

The fastest time was made by Mrs. Paul Gooch and Mrs. Shook, which was 35 seconds. Mrs. W. B. Hicks and W. H. Veazy, with a record of two minutes and five seconds, won the prize, a silver spoon, which was announced to help them dress faster. Various stunts, such as Mr. Scrimshire's Charleston, Mr. Jones and Allen's first aid to the blind, and Mr. Haymes' social solo, were other features. A reading by Clydene Jones and piano numbers by Margaret Hicks and Mrs. D. A. Baggett were much appreciated.

After the fun and enjoyment, the affair turned to more serious matters, namely: Discussion of building a new parsonage, inspection of the plans and appointment of an investigating committee.

Ice cream and cake were served at a late hour to Messrs and Mesdames Shook, Jones, Dickenson, Allen, Baggett, Gooch, Scrimshire, Haymes, Veazy, Campbell, the host and hostess and the children.

Young People Entertained Monday Evening

Members of the Young Peoples Missionary Society were delightfully entertained Monday afternoon by Mrs. Hattie Wyatt Biggs at her mother's home. New games, old games and clever contests were the order of the day, leaving everyone breathless and minus her dignity, but declaring that "I never did laugh as much."

Mrs. Veal and small son of Oklahoma, sister and nephew of the hostess, were pleasant guests.

Dainty refreshments of brick ice cream and cake were served to Mesdames Hicks, Thomas, Wyatt, Veal Campbell, Misses Florence Henderson, Velma Slaughter, Mildred Bowlin, Inez Gore, Sue Gates, Juanita Millsap, Hester Gates, Esther Millsap and Viola Wyatt.

STATEMENT OF THE OWNER-SHIP, MANAGEMENT, CIRCULATION, ETC., REQUIRED BY THE ACT OF CONGRESS OF AUGUST 24, 1912.

Of The O'Donnell Index published weekly at O'Donnell, Texas for April 1926.

State of Texas
County of Lynn

Before me, a Notary Public in and for the State and county aforesaid, personally appeared T. J. Kellis, who having been duly sworn according to law, deposes and says that he is the Owner of The O'Donnell Index and that the following is, to the best of his knowledge and belief, a true statement of the ownership, management, etc., of the aforesaid publication for the date shown in the above caption, printed on the reverse of this tion 443, Postal Laws and Regulations August 24, 1912, embodied in recaption, required by the Act of form to wit:

1. That the names and addresses of the publisher, editor, managing editor, and business managers are:
Publisher T. J. Kellis, O'Donnell, Texas.

Editor, T. J. Kellis, O'Donnell,

Texas.
2. That the owner is: T. J. Kellis, O'Donnell, Texas.
3. That the known bondholders, mortgagees, and other security holders owning or holding 1 per cent or more of total amount of bonds, mortgages, or other securities are: Mergenthaler Linotype Company, Brooklyn N. Y.

T. J. Kellis, Editor
Sworn to and subscribed before me this 19 day of April 1926

(Seal) Ben T. Brown
My Commission expires June 30 1927.

Mrs. Emma Wood is a booster for the O'Donnell country and in order to help spread the news of its wonderful opportunities to the outside world, sends the Index to her uncle, Anton Janak, at Cameron. Before the year is up we expect to see Mr. Janak a resident of this section.

"The Alaskan" Will Be Shown At State Theatre

The State Theatre announces having secured "The Alaskan" for next Thursday and Friday. The present screen season offers no more delightful treat than that of seeing everybody's favorite male star, Thomas Meighan in James Oliver Curwood's most popular novel. Herbert Brenon has produced for Paramount in this picture what is by long odds the finest Thomas Meighan feature ever offered to the handsome star's legion of admirers.

Mr. Meighan and the entire company journeyed to the Far North and made "The Alaskan" amid Nature's untarnished grandeur many thousands of feet above sea level. Snow-capped peaks, deep and dangerous gorges, and other magnificent scenery never before caught by the camera are the settings of the story.

"The Alaskan" is the adventure-romance of "Alan Holt" (Thomas Meighan), who, following the death of his father, becomes leader of the Alaskans who are fighting the moneymad marauders from the States to save the resources of the

Oil Found In Well Near Brownfield

A dispatch from Brownfield in the Avalanche says oil operations in the Brownfield section of the south plains are becoming more pronounced all the time. Recently the test on the Kelly farm, which is some 20 miles west of Brownfield, was started and at a depth of only 284 feet there was a strata of oil found that will test 3 barrels a day. The drillers have cased this off and are going on down with the well.

Leasing operations are increasing all the time. W. W. Hubbard, a prominent oil operator in company with Mr. Funkheasier, a geologist, are gathering up leases in this western territory right along and the leases are commanding a figure of 50 cents per acre now. There has been numerous oil scouts at work west and south of Brownfield for some time and the best information that they will permit to get to the public is that they are very favorably impressed and it is noticed that they keep right on operating and the leases are being sought after, while there is one party that is openly buying leases with the stated purpose of turning them to major companies.

The geologists concur in the opinion that a shallow field is sure for development here, all indications point to that possibility and the showings thus far are exceedingly favorable.

and the blocked acreage for two others is fast being completed. All the geologists' reports and surveys think that the Brownfield shallow oil field will come in at around 1,600 to 1,800 feet.

Wells Club Women Met Friday Evening

The Wells women met at the school house Friday afternoon with twelve members present, one new member being enrolled.

The subject of the program was: "How Should a Woman Dress" The women illustrated their subjects with picture models. Miss Halsey gave a very interesting lecture on suitable cuts for dresses and illustrated colors suitable for different type swith samples of cloth.

Ford Motor Company Tests Upholstery

Determining the life of upholstery long before it is used to trim the car is a problem which the Ford Motor Company has solved by the development of a number of unique and conclusive tests. Before Ford upholstery cloth is released for production, samples are eaten by chemicals, pulled apart and even worn out in an especially constructed rubbing machine.

Some of the cloth used in Ford cars is manufactured right in the Ford plant where it may be held to the required specifications. Most of the upholstery, however, is supplied by the outside sources and must prove its fitness before being used.

Color and structure of the cloth are first scrutinized. Then, samples are sent to the laboratory for chemical and physical tests. In the test for tensile strength, samples from the running direction or warp of the cloth, and from the cross direction or the woof of the cloth are pulled to pieces by means of a standard testing machine. In this connection, it is interesting to note that although the Ford specifications are unusually rigid, upholstery now being used shows practically twice the required strength.

Wool content is determined by use of chemicals. The sample is given the chemical bath which dissolves all the wool. The remaining cotton must not only show the correct percentage, but must show a perfect pattern and distribution of cotton fabrics as well.

Another test, is similar to that which the material will receive in actual usage. A cushion is trimmed with sample upholstery and placed in a machine together with a cushion trimmed with a material of known quality so that the faces of the two cushions touch. Then the machine rubs the two cushions back and forth at the rate of 120 times per minute, until one or the other is worn out. If the sample wears out first, it is immediately discarded. But if it stands up as long as the cushion trimmed with known material it has proved itself to equal Ford standards of quality.

In selecting upholstery cloth for Ford cars, the Ford Motor Company is forced to be more critical than many other automobile manufacturers. Ford cars, because of the longevity and adaptable to business, social and professional life are expected to be almost constantly in use, and the materials of which they are built are selected in anticipation of hard wear as well as for their beauty.

GOOD CHICKENS PAY THIS FARMER BIG

H. N. Terrell, living 22 miles north of Lamesa in the Pride community has recently received three Duroc-Jersey hogs from the Lillard Farm at Arlington. These hogs, a male and two sows, are each one year old and weigh 400 pounds apiece. The price paid for these registered hogs was \$100.00 each.

Mr. Terrell is making this addition to his farm after winning the title of being a successful chicken farmer. He is a firm believer in thorough-bred stock and from the success that is attending his work it appears that he is going to win his point.

Mr Terrell sold \$1772.70 worth of eggs from his chicken flock last year, according to his statement in Lamesa to a Journal man last Saturday. These eggs are contracted for by the year. He has furnished the White Rose Cafe with eggs for the last two years. L. M. Anderson, manager of the cafe, states that it pays in the long run to pay a premium price for eggs from this farm because of the fact that none of the eggs proved bad, despite the consideration that they were not kept in cold storage.

Mr. Terrell is also anticipating a large cotton crop this year. He stated that he would plant 500 acres to cotton this year and have perhaps 1000 acres in feed stuffs. His yield for cotton last year was 68 bales from 160 acres.

On his farm two Farm-all trac-

tors are found that were purchased from Yates Hardware, Lamesa. Mr. Terrell bought the first Farmall in the county and later bought another to match it. —Dawson County Journal.

NOTICE TO CONTRACTORS

Notice is hereby given to contractors that the Board of Trustees of the O'Donnell Independent School District will receive sealed bids for the construction of a High School building to be erected in O'Donnell Texas at its session in the City Hall at 1 o'clock on the 3rd day of May 1926. The Board hereby reserves the right to reject any and all bids that may be received. Plans and specifications of the proposed building and other information can be secured by applying to the secretary or president of the said Board.

J. M. Payne, Secretary
W. L. Gardenhire, President

Mr. and Mrs. W. R. Sanderson, Mr. and Mrs. Carl Cox and son, Perry, and Mose Sanderson returned Thursday of last week from a fishing and camping trip on the Llano river. While the party caught all the fish they wanted, the honor of the biggest catch fell to the credit of Mr. Cox, who caught the mumps.

It's a great age we live in. While father rolls up his sleeves and goes to work daughter rolls down her socks and goes to play.

Rev. J. Wood Parker and wife, Miss Willie Schooler, Mrs. J. F. Campbell and Mrs. V. E. Bonham attended the district meeting of the Presbytery at Post Friday. They report having been hospitably received, a fine luncheon being served at the manse.

One merchant says the cause of the recent cold spell was because he had received so many "cold" checks during the first of the week. He says he plans to use them in place of ice in his refrigerator during the summer.

The simple life has turned into the foolish life.

Chevrolet Motor Company Will Conduct Sales School

More than 17,000 Chevrolet retail salesmen will be trained in 3700 National Sales Schools conducted under the auspices of the Chevrolet Motor Company during May to insure the automobile buyer accurate and complete information on the car he is considering purchasing.

Dealers throughout the country are being instructed in conducting the schools which will consist of five evening classes to be held in the period from May 10 to May 24. The dealers themselves have been selected to head the schools because of their intimate acquaintance with their sales force and their knowledge of local conditions in their territories.

A text book, "Selling Chevrolets", prepared for the salesman to study is regarded as the most complete book of its kind ever evolved in the automotive industry. It sums up the experiences of years of intensive study and investigation within the Chevrolet selling organization and is filled with authoritative information on the improved car.

Salesmen will be examined at the close of each class, through written answers to a questionnaire covering the points discussed. Men attaining an average grade of 80 per cent or more on the entire course will be presented with an award of merit signed by R. H. Grant, vice-president and general sales manager of the Chevrolet Motor Company. The certificate will be enclosed in a fine leather case.

"I consider this to be one of the greatest educational efforts ever attempted in industry" said Mr. Grant. "Thousands of men will be trained simultaneously to prove their methods of work, to stimulate them to greater success and to make them assets to their community. Efficiency of the Chevrolet sales organization will be greatly increased by the sales schools and the car purchaser will benefit through dealing with well-informed salesmen thoroughly familiar with the Chevrolet Car."

I AM EDUCATION

I bear the torch that enlightens the world, fires the imagination of man, feeds the flame of genius. I give wings to hand and brain.

From out the deep shadows of the past I come, wearing the scars of struggle and the stripes of toil, but bearing in triumph the wisdom of all ages. Man, because of me, holds dominion over earth, air and sea; it is for him I leash the lightning, plumb the deep and shackle the ether.

I am the parent of progress, creator of culture, molder of destiny. Philosophy, science and art are the works of my hand. I banish ignorance, discourage vice, disarm anarchy.

Thus have I become freedom's citadel, the arm of democracy, the hope of youth, the pride of adolescence, the joy of age. Fortunate the nations and happy the homes that welcome me.

The school is my workshop; here I stir ambitions, stimulate ideals, forge the keys that open the door to opportunity. I am the source of inspiration; the aid of aspiration. I am irresistible power.—Better Schools League.

Mrs. L. Dennis Entertains T. A. Ms.

The T. A. Ms. enjoyed a pleasant afternoon at the home of Mrs. L. Dennis on Thursday of last week. The ever interesting game of forty-two was played and delicious plate refreshments served to Mesdames Boyd, Bowlin, Bonham, Campbell, Dickinson, Jones, Hicks, Garner, Gillespie, French, Veazy, Scrimshire and Baldwin. The guests were Mrs. W. S. Cathey, B. T. Brown, M. C. Hamilton, A. D. Brown, C. E. Kelley and Dunn.

Mr. Terrell is also anticipating a large cotton crop this year. He stated that he would plant 500 acres to cotton this year and have perhaps 1000 acres in feed stuffs. His yield for cotton last year was 68 bales from 160 acres.

On his farm two Farm-all trac-

tors are found that were purchased from Yates Hardware, Lamesa. Mr. Terrell bought the first Farmall in the county and later bought another to match it. —Dawson County Journal.

NOTICE TO CONTRACTORS

Notice is hereby given to contractors that the Board of Trustees of the O'Donnell Independent School District will receive sealed bids for the construction of a High School building to be erected in O'Donnell Texas at its session in the City Hall at 1 o'clock on the 3rd day of May 1926. The Board hereby reserves the right to reject any and all bids that may be received. Plans and specifications of the proposed building and other information can be secured by applying to the secretary or president of the said Board.

J. M. Payne, Secretary
W. L. Gardenhire, President

Mr. and Mrs. W. R. Sanderson, Mr. and Mrs. Carl Cox and son, Perry, and Mose Sanderson returned Thursday of last week from a fishing and camping trip on the Llano river. While the party caught all the fish they wanted, the honor of the biggest catch fell to the credit of Mr. Cox, who caught the mumps.

It's a great age we live in. While father rolls up his sleeves and goes to work daughter rolls down her socks and goes to play.

Rev. J. Wood Parker and wife, Miss Willie Schooler, Mrs. J. F. Campbell and Mrs. V. E. Bonham attended the district meeting of the Presbytery at Post Friday. Their report having been hospitably received, a fine luncheon being served at the manse.

An Interesting Record

One of the most interesting and likewise the most easily kept record of Baby's growth is to have his Photograph taken regularly. Once a month is not too often.

We have some very late samples and we extend a cordial invitation to all to visit our studio and look them over.

We are giving FREE with every dollars worth of Kodak work one enlargement FREE, two dollars worth two; etc.

O'Donnell, Texas

One merchant says the cause of the recent cold spell was because he had received so many "cold" checks during the first of the week. He says he plans to use them in place of ice in his refrigerator during the summer.

The simple life has turned into the foolish life.

Chevrolet Motor Company Will Conduct Sales School

More than 17,000 Chevrolet retail salesmen will be trained in 3700 National Sales Schools conducted under the auspices of the Chevrolet Motor Company during May to insure the automobile buyer accurate and complete information on the car he is considering purchasing.

Dealers throughout the country are being instructed in conducting the schools which will consist of five evening classes to be held in the period from May 10 to May 24. The dealers themselves have been selected to head the schools because of their intimate acquaintance with their sales force and their knowledge of local conditions in their territories.

A text book, "Selling Chevrolets", prepared for the salesman to study is regarded as the most complete book of its kind ever evolved in the automotive industry. It sums up the experiences of years of intensive study and investigation within the Chevrolet selling organization and is filled with authoritative information on the improved car.

Salesmen will be examined at the close of each class, through written answers to a questionnaire covering the points discussed. Men attaining an average grade of 80 per cent or more on the entire course will be presented with an award of merit signed by R. H. Grant, vice-president and general sales manager of the Chevrolet Motor Company. The certificate will be enclosed in a fine leather case.

"I consider this to be one of the greatest educational efforts ever attempted in industry" said Mr. Grant. "Thousands of men will be trained simultaneously to prove their methods of work, to stimulate them to greater success and to make them assets to their community. Efficiency of the Chevrolet sales organization will be greatly increased by the sales schools and the car purchaser will benefit through dealing with well-informed salesmen thoroughly familiar with the Chevrolet Car."

I AM EDUCATION

I bear the torch that enlightens the world, fires the imagination of man, feeds the flame of genius. I give wings to hand and brain.

From out the deep shadows of the past I come, wearing the scars of struggle and the stripes of toil, but bearing in triumph the wisdom of all ages. Man, because of me, holds dominion over earth, air and sea; it is for him I leash the lightning, plumb the deep and shackle the ether.

I am the parent of progress, creator of culture, molder of destiny. Philosophy, science and art are the works of my hand. I banish ignorance, discourage vice, disarm anarchy.

Thus have I become freedom's citadel, the arm of democracy, the hope of youth, the pride of adolescence, the joy of age. Fortunate the nations and happy the homes that welcome me.

The school is my workshop; here I stir ambitions, stimulate ideals, forge the keys that open the door to opportunity. I am the source of inspiration; the aid of aspiration. I am irresistible power.—Better Schools League.

Mrs. L. Dennis Entertains T. A. Ms.

The T. A. Ms. enjoyed a pleasant afternoon at the home of Mrs. L. Dennis on Thursday of last week. The ever interesting game of forty-two was played and delicious plate refreshments served to Mesdames Boyd, Bowlin, Bonham, Campbell, Dickinson, Jones, Hicks, Garner, Gillespie, French, Veazy, Scrimshire and Baldwin. The guests were Mrs. W. S. Cathey, B. T. Brown, M. C. Hamilton, A. D. Brown, C. E. Kelley and Dunn.

Judge J. N. Kellis Celebrates One Hundredth Birthday

(From the Sterling City News-Record)

Last Tuesday Judge J. N. Kellis celebrated his 100th birthday at his home in Sterling City with a dinner to his children, grandchildren and great grandchildren.

A long table was spread on the lawn and after the giving of thanks by Rev. Coleman, local Baptist pastor, the Judge sat at the head of a special family table with his wife. Two sons, A. J. Kellis and W. F. Kellis sat on either side of the mother, and three daughters, Mesdames G. B. Slaton, Henry Davis and J. L. Glass sat next to the father just as they did fifty years ago when the family sat down to its daily repast. A vacant chair set for the only absent one, E. J. Kellis, editor of the O'Donnell Index was filled by Rev. Coleman.

At the big long table sat the sons and daughter-in-law, grandchildren, great grand children and a few old time and special friends as guests.

As near as we can account for, the guests were W. B. Martin, Bay City, Texas; P. P. Martin and wife, Rule, Texas; Col. J. P. Key, Austin, Texas; Mr. and Mrs. A. I. Davis, Z. Davis and Mrs. J. Tom Davis, San Angelo; Rev. and Mrs. Coleman and children, Mrs. William Reed, Mrs. Helen Lyles, and Dr. and Mrs. J. T. Brannan of Sterling.

The grandsons were: Pat Kellis, Dee Davis, Capt. Vern E. Davis, present sheriff, and wife, Jeff Davis, wife and daughter, little Miss Nell Ann, and baby Tom D. B. L. Slaton and wife, J. M. Slaton and wife, Dr. Dr. Carl H. Slaton of Marfa, and Gilbert Kellis and daughter, Miss Viola, and son, Gus Kellis of Blackwell, Texas.

The granddaughters were Mrs. B. B. Huckell and husband, B. B. Huckell and children, Miss Nannie Beth Huckell and sons, E. E. Jr. and W. J. Huckell of Beverly Hills, California; Mrs. I. C. Bagwell and husband, Prof. I. C. Bagwell of Snyder, Texas; Mrs. J. P. Burrows and husband, J. P. Burrows, their children, Misses Elta, Edna and Edna and Master James Burrows of San Angelo; Misses Eula and Era Slaton of Sterling; Mrs. W. A. Eynum and son, Prof. Raymond Eynum of Abilene; Mrs. J. O. Aiken and son, Edwin, and daughter, little Miss Francis of Sweetwater. Mr. and Mrs. W. H. Sparkman and son W. H. Jr., and little Thyra. Mr. and Mrs. R. H. Neill and son, Robert, of Odessa; and Misses Melba and Joy B. Glass, of Sterling City.

The sons-in-law were G. B. Slaton, Henry Davis and J. L. Glass of Sterling. The daughters-in-law were Mrs. W. F. Kellis, Sterling, and Mrs. A. J. Kellis of Wickburg. The grandsons-in-law present were J. P. Burrows, San Angelo; B. B. Huckell, Beverly Hill, California; E. M. Neill, Odessa, Texas; Prof. I. C. Bagwell, Snyder, and W. H. Sparkman, Sterling, Texas. Granddaughters-in-law present were Mesdames J. L. Slaton, J. M. Slaton, Vern E. Davis and Jeff

In the center of the family table surrounded by vases of cut flowers was a large cake mounted by one hundred candles, the creation of Mrs. W. H. Sparkman, granddaughter of the aged couple.

The occasion was one of great joy. It was a family re-union with in a re-union because the members of the different branches of the family came from great distances to be present at grandpa's birthday and to be with mamma and papa, brother and sister, uncle, aunt and cousin. Some had not seen each other for more than forty years. Members who reside along waters of the Gulf of Mexico, were met by those whose domiciles overlook the waters of the Pacific Ocean. Here they met and renewed the ties of kinship at the table of father's and mother's home.

James Nicholas Kellis, the only surviving child of Dudley and Mary Brisco Kellis was born in Abbeville District, South Carolina, April 20th, 1826. When about ten years old the family moved to Georgia. Later, they settled in Chambers county, Alabama, where the subject of this sketch grew to manhood. In 1848, he came to Texas and settled in Shelby county where in 1849, he married Rachel Elizabeth Buce, eldest daughter of Bryant and Matilda Buce who had recently migrated from Alabama, and who had been friends of his before coming to Texas.

To this union eleven children were born, six of whom are living and are mentioned herein.

In 1853 he settled in Titus county near Mt. Vernon. In 1861 he moved to Wise county and settled at Prairie Point a village south of Decatur.

In 1864, he moved to Trinity county and settled near what is now Centralia. In 1867, he moved to McLennan county and settled at Bold Springs and resided there 20 years.

In 1885 he moved to Runnels county and the following year came to Sterling county then a part of Tom Green county, where he now resides at the age of 100 years.

He was ten years and one day old when the battle of San Jacinto was fought.

He was past 20 years old when General Taylor besieged and captured the city of Monterey, Mexico. At that time he was a volunteer musician in the United States Army at Dadeville, Ala., but the war ended before he was called to the front.

He was a volunteer in the Confederate Army in Capt. Josk Johnson's company at Mt. Vernon in 1861, and was first lieutenant of that company. He was detailed as trainmaster to haul army supplies from Mexico. In 1863 he was commissioned captain of Frontier Reserves in Quail's division. He raised his company in Wise county and was engaged in beating the Comanche and other hostile tribes from the settlers until the end of the war.

At an early age he joined the

Baptist church. In 1866, he was ordained as a minister of that church and for a quarter of a century he followed the calling—devoting his time and means in the cause.

In the early '50s he became a member of the Masonic Lodge at Mt. Vernon in Titus county. Later, he organized and became Master of Prairie Point lodge in Wise county. In 1866 he organized Eastern Star Lodge in Trinity county and became its first master. In the early 70s he organized White Rock Lodge in McLennan county and became its first Master. In 1876, he organized and became the Master of Liberty Grove Lodge in Hill county. His membership is now in Sterling Lodge No. 728 at Sterling City where, in favorable weather he attends and takes much interest in the work.

Inasmuch as there are few lodges which has among their membership a member who is over a hundred years old, Sterling Lodge is rather proud of the distinction.

Altho a veteran of the Mexican war, a Confederate veteran of the Civil war, and captain of the Rangers, a veteran Baptist minister and Mason, the old man has always been too proud to accept only two sustaining crumbs from either his government, his church or his lodge. One of the crumbs he accepted was in 1863, when he ran short of powder and lead. He then applied to the Confederacy for these messages to hand to the hostile Comanches, and to his surprise, he was granted a horn of powder and two bars of lead—he had flints and caps). The powder and lead was soon expended, but the horn is still in the possession of the writer.

The other sustaining came in 1870 when he was trying to make a crop and at the same time persuade people to tread the narrow path, some generous brother finding the pastor's family was short on bacon, kindly gave him a side of that commodity. Another time, some other generous brother noticed that his old Bible was tattered and torn from constant use, presented him with a new one. These are the only times we ever heard of his evading the injunction of the Savior who decreed that his minister should go without "purse or scrip." He construed these words literally and with these exceptions lived up to them.

Among his friends of other days, were such men as Sam Houston, O. M. Roberts, the two Burlesons, B. H. Carroll, W. E. Pen, Richard Coke, W. D. Herring, L. S. Ross, J. S. Hogg and a hundred others with

SHOES and HOSE YOU NEED At Prices You Want to Pay

WE DON'T BELIEVE YOU BUY
BETTER SILK HOSE

Or perhaps we had better say we don't believe you can buy buy better sale hose for \$1.25 than the "ALLEN A" hose we are featuring for \$1.25

We know that they will outwear the average \$1.25 hose, we know by comparison that they're heavier and finer quality than the average—and from the way sales are increasing we are quite sure our friends know these things too.

Cost you \$1.25 to find out—but we guarantee you'll be satisfied. Other "ALLEN A" hose at 95c to \$2.50
