IOWA PARK, WICHITA COUNTY, TEXAS 76367

OCTOBER 8 Thursday, October 1, 1998

**WOOOPS!** A trash truck prematurely dumped part of its load Thursday morning, while emptying the dumpster at Allsup's, when the rear end somehow opened. The mess was quickly cleaned up by a city worker using a bucket-loader.

## AT CHILDRESS FRIDAY

# Hawks starting district play

By DON YOUNG

Forget all the records, it's time for the real season to get underway Friday night when the Hawks travel to Childress to open District 5-3A play against the Bobcats.

Iowa Park played a very tough non-district schedule, winning four-of-five including four in a row to finish out the non-district schedule, with wins over three 4A schools along the way.

Childress comes into the district opener at 3-2, winning its last two games by the score of 34-9 over River Road and 34-7 over West Texas High.

The Bobcats opened the season with an impressive 61-6 win over Tulia, then fell to the only team to beat Iowa Park, Holliday, 17-13. Childress' other loss came to Canadian 18-7 in week three.

Iowa Park enters the game averaging 26.8 points per game while the Bobcats are averaging 29.8.

The Hawks are getting it done on the ground, averaging 266.8 yards per game rushing for an average of 5.93 yards per carry, and are averaging 326.2 total yards per contest.

"It's a good feeling to be where

we are right now," said head coach Weldon Nelms. "We've played a very tough non-district schedule and we've gained both momentum and confidence along the way, but you can throw all the records away now. Every team in the state is 0-0 going into Friday night. We know that we have to step it up to another level of play in district. This is what we call the real season. This is what we've been working toward since the first day of practice.

"I think this first game is a very important game for both teams," Nelms said. "You don't want to have to play from behind and after Friday night, three teams are going to be one game behind already. Childress is one of the teams that figures to be right there when the playoffs roll around. Charlie Johnston always has his team ready to play and they are very tough at home. We were the last team to beat them at home. Charlie's teams don't beat themselves, they force you to beat them."

The Bobcats are led offensively by tailback Travoy Brown and Willie Thomas, both have breakaway speed and can score from anywhere on the

field. Joining Brown and Thomas in the backfield are fullback Caleb Seal and quarterback Hunter Jones, a two-year starter. The offensive line averages 236-lbs. and provides plenty of blocking for the trio of backs.

"We've got to keep Brown and Thomas contained and keep them from making the big plays," Nelms said. "Their quarterback is a good passer, but will make some mistakes if he is pressured. Last year we forced him into making some mistakes with

our pass rush and we need to do the same again this year."

Defensively the Bobcats are led by three-year starter Juan Sierra at middle linebacker.

"Sierra has a great nose for the football," Nelms stated. "We must block him every play to be successful. The way he plays usually determines the way their defense plays. Their secondary has excellent speed, mak-

## School district receives \$88,000 technology grant

The Iowa Park school district has received a Technology Advancement Grant in the amount of \$88,000 from the Telecommunications Infrastructure Fund Board.

Technology Advancement grants were designed to allow schools with little or no direct Internet connectivity the opportunity to establish a local area network or expand a current network. Grants for up to \$100,000 have been awarded in this area for the purchase of computer equipment, networking materials, and other related telecommunications costs.

The local school district fulfilled a series of TIFB requirements in order to receive funding. Some of the TIFB requirements included creating a technology task force consisting of teachers, administrators, students, and community members, and committing to provide matching funds. Iowa Park CISD committed \$8,800 in matching funds to the project. The money will be used to purchase the necessary telecommunications equipment to provide Internet accessibility to the classrooms as well as to purchase computers.

"We are very pleased to receive this award," said Superintendent Mike Caplinger. "We will use TIFB funds, along with the matching funds we have committed to the project, to bring the Internet into the classroom as a teaching tool."

These grant projects officially

begin Jan. 4, 1999. To date, the TIFB has funded 1022 school districts, over 1,700 campuses, 158 public libraries, 57 community colleges and purchased 34,000 Internet-ready computers.

## School board meets tonight at 7 o'clock

A meeting of the Iowa Park School Board will be held this evening, beginning at 7 o'clock, in the W.F. George Middle School Library.

Items to be acted upon include districtwide committees for the 1998-99 school year, request to TEA for a maximum class size waiver for the third grade at Bradford, appraisal calendar for 1998-99 school year, a committee recommendation on a library book appeal, and a proposal to use the middle school gym for a basketball league for five and six year olds.

Trustees will consider bids for a steamer at the high school cafeteria, and Martha Dudley and Keith Fisher will report on the TASA/TASB Convention held recently in Houston.

In his report, Supt. Mike Caplinger will talk about the technology grant received by the school district, DEC compliance, and give an enrollment report.

Board members will go into a closed session to consider a complaint against school personnel.

## KidFish slated Saturday

Youngsters who like to fish, or maybe would like to try their hand at the popular sport, will have an opportunity to catch some large catfish at Lake Gordon Saturday morning.

That's the date of the annual KidFish, which is free to any youth under 16 years of age who wants to participate.

And if they don't have any equipment, or bait, it's all available, free of charge.

The northeast part of the lake will be screened off by netting, and some 5,000 pounds of catfish will be added to the stock that is already inhabiting the waters.

Fishing by the general public will be prohibited from 8 a.m. Friday, until 1 p.m. Saturday. The stocking will take place Friday, and the lake belongs to the kids through noon Saturday.

## NEWS BRIEFS

### Area receives some rainfall

A weather system that moved over Iowa Park during the early-morning hours Friday produced a lot more sound and fury than moisture, according to Virgil Woodfin.

High winds and loud thunder moved over the city shortly after 2:30 a.m., raising hopes of residents that

badly-needed moisture had arrived.

However, as it was, Woodfin measured only .37 of an inch in precipitation after daylight. An additional trace fell later in the day.

But that was .37 more than he reported measuring for the entire month of September.

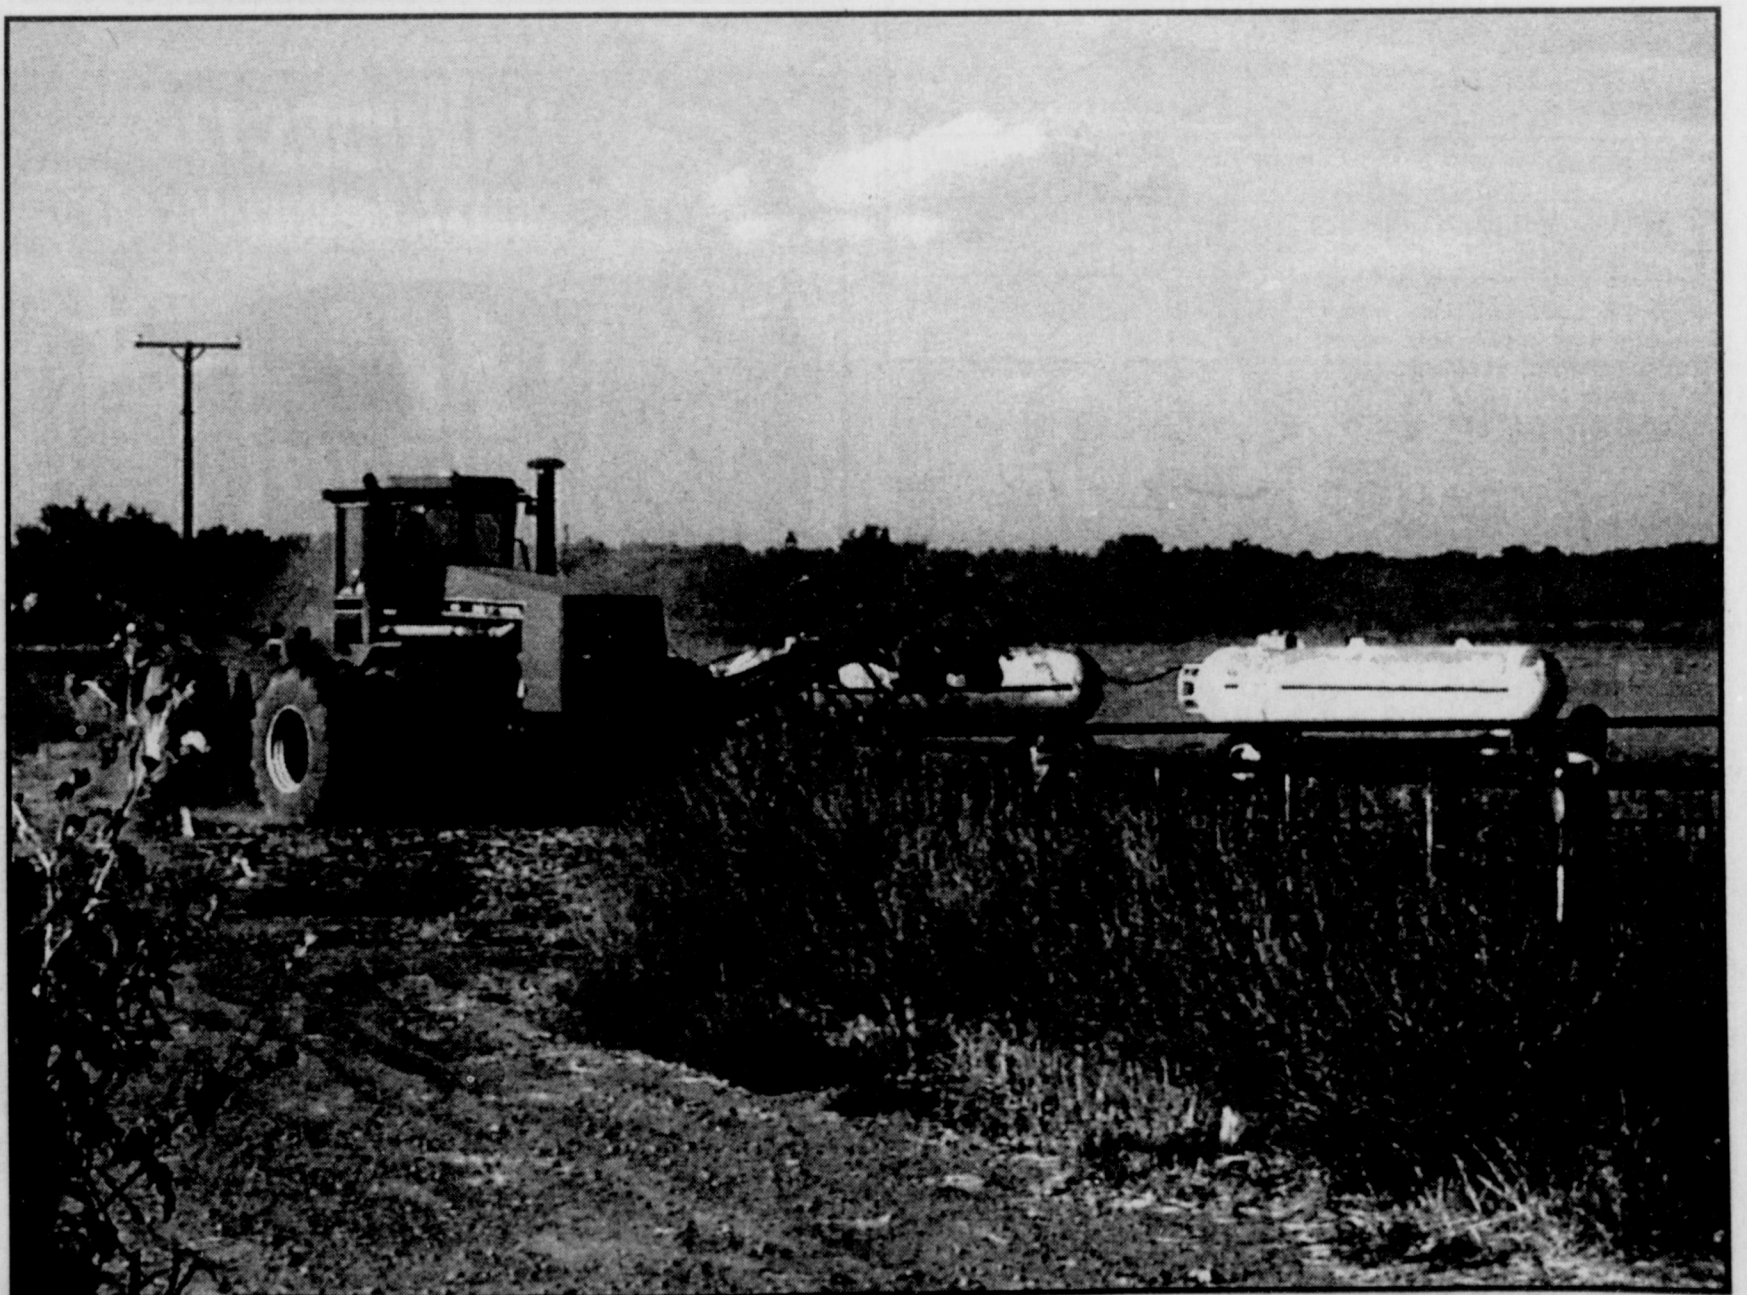

### TurtleTrot entry search on

Youngsters who reside in the Iowa Park school district should begin searching for their turtles.

The annual TurtleTrot will once again be the lead-off feature of the Whoop-T-Do on Saturday, Oct. 24.

Youths entering must be in the third grade or younger, and only one turtle can be entered.

Cash prizes, provided by Dutton Funeral Home, will be presented to both the first and second placing entries.

**PRAYING FOR RAIN** - This local farmer plowed and fertilized his field just south of town last Wednesday in hopes that impending rains would enable him to plant wheat. His prayers were answered in part Friday morning when the area received .37 precipitation.

# Brown, Tatom exchange vows Sept. 26 in ceremony at library

Miss Amber Dawn Brown and Jeremy Wayne Tatom were united in marriage Sept. 26 at the Tom Burnett Memorial Library.

Larry Suttle officiated the double-ring ceremony for the couple.

The bride is the daughter of Terry Brown and Ramona Brown, both of Oklahoma, and Tatom is the son of Mr. and Mrs. Terry Tatom of Iowa Park.

Given in marriage by her father, the bride was radiant in a formal ivory gown styled with a scoop neckline and capped sleeves, trimmed in delicate lace. The bodice featured an empire waistline with pearl accents and a bow in the back.

An ivory bandeau accented with pearls secured a fingertip illusion veil with pencil edging. Pearl drop earrings and a pearl necklace with a heart pendent completed her attire.

She carried a cascade bouquet formed of burgundy and ivory roses interspersed with strands of pearls, white netting and English ivy.

She was attended by Amanda Stephens of Wichita Falls as maid of honor. She wore a burgundy dress, and carried a bouquet of burgundy and ivory roses.

Mandi Chastain of Iowa Park was bridesmaid, and wore a dress identical to the maid of honor.

Darcy Duggins of Iowa Park was flower girl, and wore a petite burgundy and ivory dress.

Troy Tatom of Iowa Park was best man for the groom, and Galen Pickens of Iowa Park was groomsman.

Ushers were Jason and Justin Langford, both of Iowa Park, and Tres Beisch and Dena Carlton, both of Wichita Falls were candlelighters.

The couple exchanged vows before a heart-shaped archway intertwined with burgundy and ivory roses and white lights. Two six-branch candelabras flanked the archway. Two brass candleholders, decorations of sentimental value, completed the setting.

During the ceremony, "For This Moment" was played.

Following the ceremony, a reception was held to honor the couple.

The focal point of the reception was an elegant three-tiered white cake, trimmed with burgundy roses and white cherubs.

Mr. and Mrs. Jeremy Wayne Tatom  
(Amber Dawn Brown)

Cindy Sampley, Angie Smithson and Lisa Arrendondo presided at the table.

Special guests to the wedding were Sandra and Don Stafford of Montana and Gene and Annie Tatom of Iowa Park, grandparents of the groom; Obe and Ressie Stafford of Kamay and Ted and Faye Jeton of Texas, great-grandparents of the groom; Gloria and James Kaufman and Margie Hughes, all of Kansas.

Out-of-town guests for the wedding were Shelly Lee of Oklahoma

and Brent Brown of Kansas, brother and sister of the bride.

The couple are graduates of Iowa Park High School, and have made their home in Iowa Park

# Iowa Park represented at regional conference

Iowa Park is being well represented at a regional conference hosted by the North Texas Tech Prep/School-to-Work Consortium.

Automotive instructor, Tim Bartram, will participate in a "What is Tech Prep" panel discussion.

The two-day conference, held yesterday and today at the Multi-Purpose Events Center in Wichita Falls, is called "Preparing for the Future-Tech Prep and School-to-Work." It provides information on Tech Prep and School-to-Work for teachers, counselors, administrators, and businesses.

Gale Thomas, Production Manager at Cryovac Division, Sealed Air Corporation, is the chair person of the consortium. She will be welcoming representatives from 11 counties served by the consortium and from other parts of the state.

LaRae Collins, counselor at Iowa Park High School, is conducting two break-out sessions, one on a summer mini-camp she conducted and the other on establishing of a career center at Iowa Park.

Sheila Gholson, a teacher at W.F. George Middle School, will do a break-out session at the conference on the summer mini-camp conducted this summer for students in the fifth grade.

# TFWC district meeting held here

Forty-five delegates attended the 39th annual Fall meeting of Santa Rosa District of Texas Federation of Women's Clubs, held Saturday at the Iowa Park RAC. Co-hosting the event were the two local TWFC clubs, Amity Study Club and Twenty Three Study Club.

With District President Patricia Wilkins of Paducah presiding over the meeting, the invocation was given by Loys Campbell, District Chaplain, followed by the Pledge of Allegiance to the American Flag and Pledge to the Texas Flag.

Margaret Soell, president of Twenty Three Study Club, and Annetta Reusch, president of Amity Study Club, welcomed the visiting club representatives. Response was given by Pat Norriss of Burkburnett.

Special recognition was given to past TFWC State Presidents, TFWC board members, past District President, State TFWC Life Members, Santa Rosa Life Members, and guests.

Reports were given by the president of each club attending, listing their membership, special interests, participation in volunteer services in their communities, and aims for the future.

Theme for this year's State President, Marion Gamertsfelder of Dalhart, is "Accepting the Challenge: Dare to Dream and Deliver."

Pat Norriss gave the Trustee's Report on improvements to the TFWC Executive Mansion in Austin, stating that improvements have been completed and the historic building is now largely able to be self-supporting.

Jo Beard of Burkburnett Study Club, the main speaker for the day, spoke on "A Patient's Idea of M.D. Anderson Center."

A cancer survivor and patient at M.D. Anderson on a number of occasions, Mrs. Beard gave a history of the establishment of the center, which ranks second in the nation for the treatment and research of cancer.

She said patients come from all

over the world for treatment of cancer, which is the biggest challenge to face mankind. In 1995, an average of 1316 patients per day were treated there, where a team approach is used on each patient.

Causes of cancer are considered to be 20 percent genetic and 80 percent environmental. She stated that more than half of the people who have cancer now will be cured, and the five-year survival rate is now over 50 percent.

Currently M.D. Anderson has a 467 in-bed patient capacity, in addition to the many hundreds of outpatients treated daily. An expansion program is now underway which, when completed, will make the facility 30 percent larger with an area of four million square feet.

Mrs. Beard said that shuttles run from the airport every 30 minutes for those patients arriving by air. Parking and housing facilities, including Rotary House International, are conveniently located for patients.

"M.D. Anderson remains committed to the cure of cancer, and TFWC clubs remain committed to support of the hospital through the many avenues of volunteer support available," she said in conclusion.

Following Mrs. Beard's presentation, lunch was served by the hostess clubs. Entertainment during the lunch break was provided by Iowa Park elementary and high school students who presented a program of vocal and dance selections for the guests.

When the meeting reconvened, Beth Duke of Burkburnett introduced representatives of each of the seven program departments of GFWC, which are Arts, Conservation, Education, Home Life, International Affairs, Public Affairs, and Texas Heritage. Each representative gave a report on the projects and programs covered by her department.

Awards were presented for Outstanding Club Program, Yearbook,

Outstanding Americanism Day, A Rainbow of Service, Outstanding Clubwoman, Poetry and Short Story Contest, and M.D. Anderson participation, with the two local clubs winning several awards.

At the close of the meeting, an invitation was extended to all clubs to attend the Spring Convention, which will be held April 10, 1999, in Burkburnett.

Mayre Wiseman, genealogist with many years experience in ancestral research, told members and guests at Saturday's IPGHS meeting "How to plan your research trip."

Organization is always the key to a successful fact finding trip. After all the data has been entered on family group sheets, it becomes easier to recognize the blank areas one wants to find the answer to.

Shirley Banks demonstrated how someone new to researching might over burden themselves with too many notebooks etc. and then showed how armed with a notebook, pencils, coins (for copying and use of machines) can simplify the task of spending hours researching documents. Know what you are looking for. It is best to only pursue one family at a time. Researching can be very tedious and eye straining.

Homework is very important. All data must be documented, as to where you searched and the results. If you write for information, keep a correspondence log. Check dates of births, deaths and make sure the time frame is reasonable.

**BOOKS FOR LIBRARY - Pat Raby, librarian for Tom Burnett Memorial Library, accepts a wealth of books donated this week by Ken Van Loh, co-owner of Owens & Brumley Funeral Home in Wichita Falls. The books deal with a variety of grief-related topics which can be read in the privacy of one's home during a time of need.**

# As I See It... By Bob Hamilton

A word to the wise. If you're planning on attending all the homecoming activities that are on tap here in a couple of weeks, you'd better start getting your homework done.

What do I mean? Homework?

Well, if you've been around here for 15 or more years, you're bound to run into people you've not seen in that length of time, or longer.

And I'm here to tell you, people change in appearance after a short

time.

From all the comments I'm getting, there are a lot of folks who are going to be here for the centennial activities of Iowa Park schools.

And if you're among them, you'd better get out all the old yearbooks, scrapbooks, and anything else that might have pictures of those folks, and kinda reacquaint yourself by relating names and faces.

I'm doing what I can to review,

because I've been there, done that.

Realizing I had met and forgotten hundreds and hundreds of people after I left Hereford, I made plans to attend our class reunion after only 25 years. So I got out my yearbook, and reviewed.

It really came in handy... for all except one fellow. Gosh, there wasn't a familiar feature in that guy's face that I could recall. So I just figured he was a husband of an old classmate.

Wrong. He played the opposite end position on our football team from me for two years.

And when I finally got around to asking him his name, I really got red in the face when he told me.

Now I'm doing as best I can to review photos of students who have passed through IPHS over these past 30 years. Because I expect a lot of them will be here for the centennial celebration.

Of course, it hasn't done me any good thus far this fall. I've run into half a dozen thus far, and couldn't remember either their faces or names.

You don't suppose age has anything to do with it, do you?

## Building permit total increases

## Police make drug arrest

Police arrested a woman Monday night on a charge of possession of a controlled substance.

During a traffic stop in the 500 block of West Magnolia, Delma Rose Swanson, 42, was taken into custody on the charge, when a substance believed to be methamphetamine was found in her possession.

Swanson was later transported to the county jail, according to the police blotter.

A man with Swanson, Raymond Allen Bridges, 38, also was taken into custody. He was charged with possession of drug paraphernalia, and also was found to have an outstanding warrant issued locally for speeding.

Bridges was later released, after signing two promises to appear in municipal court on the charges.

Friday evening, Roger Alan Taylor, 43, was picked up on an outstanding warrant issued by the Wichita County sheriff's office.

The warrant was for theft of service, over \$20 and under \$500, with bond forfeiture. He was turned over to a county deputy Saturday morning to be transported to jail, according to the police blotter.

## AG AGENT'S REPORT

By JOE RAFF, Wichita County Agriculture Agent

### Rangeland

As we move through the drought of 1998, a couple of things stand out in my mind.

The first is, we know it will rain sometime, we just need to hold out until it does. The weather is cyclic and we will have good and bad years, it's not new, it's life.

Second, it gives us a chance to do some things we were not able to do, like cleaning out stock ponds that are dry or almost dry. A lot of ponds probably needed to be cleaned 10 or 15 years ago anyway.

Third, we could have killed a substantial number of parasites, bacteria, and viruses in the pasture. I don't know how many stomach worms could have survived this summer (my best is not many).

Yes, with some of these meager advantages come a long list of bad things. I'm not going to list these, because you already know them, but here are two that you may have overlooked, or have not thought about yet.

Due to the dry weather and hoof action on our native plants, we could very easily see some irreversible damage to our native pastures. I have mentioned this before, but I think it's worth saying again. "If at all possible, it would be to your advantage to feed hay or cake in those pastures that are average to below average production. Try to save your 'Honey Holes', those pastures that you can always depend on, year in and year out."

Opposed to "wait and see" let's start making plans for our native plant recovery. You have heard me say before "I have a publication in the office".

Well, I do have a publication in the office, and I consider it to be one of the best I have seen for native plant seeding. I use it a lot and those of you that have a copy agree with me, it's real good.

It has step by step information on seeding rangelands, along with 40 to 50 plants that are conducive to our area. It lists number of seeds per pound, seeding rates, time of seeding, conducive soil types, Ph levels, drought and freeze tolerances, warm and cool season, and the normal rainfall required to maintain plant vigor, for each. Come by and get a copy.

Gerald Hobson of Dupont, Jackie Gholson of Estes, and I have been working on some weed control test plots in Wichita and Archer counties this year. It seems that we may have started these demonstrations at the best possible time, because if we have some damage to our native grasses, we may very well see a large weed population this spring.

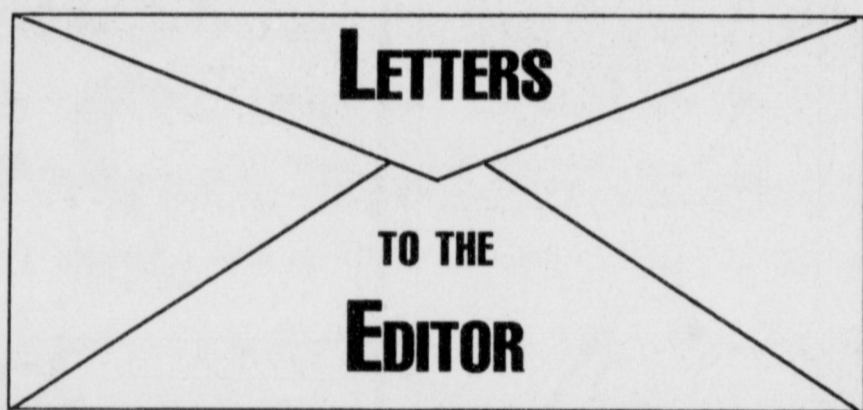

We had these tests on native rangeland and in coastal pastures. We used different levels of Ally, Amber, Ally + Tordon, Ally + Remedy, Amber + Tordon, Amber + Remedy and Ally + Amber. Keep in mind that this is only one year's worth of data, and we are planning to continue these demonstrations so we can give you the best data, and recommendations based on what is happening in our area.

Even though we did get some mixtures to work better than others, the one that seemed to work the best across all the species of weeds was 0.1 to 0.25 oz. of Ally + 6 to 8 oz. of Remedy.

As far as scattered mixtures that

work well in one test, but not well in others were: 0.15 oz. Ally + 0.35 oz. Amber worked well on one test for Silver Leaf Nightshade, and in one test 0.56 oz. Amber 6 oz. Tordon had some promise on Coreopsis.

Again, this is just one year's worth of data and we will have more results in 1999.

### Finds book offensive

Our Child attends the JR. High in Iowa Park. He brought home a book from the library to read and do an oral report on. After reading a few pages of this book my self I skimmed on and was shocked at its contents.

The title of the book is TWICE TAKEN. It has some 49 obscene (sic) & profane words in it. I called the school and talked to some school officials. I did not expect to hear what I was told. To give you an idea of what our children are reading here are the words in a book 199 pages long.

1. F----, 2. H---, 3. S.O.B., 4. S---, 5. B-----, 6. D-----, 7. D---, 8. D----, 9. B----, 10. G--, 11. G--D---

These are each in this book several times. I read the words to the school official and was told the book was placed in the library by this person personally and if the words were used in context that there should not be a problem with this book. It was personally read by them and has a good enough story line. It also says some other things such as. (The H--- with prayers and brushing teeth) (We like screwing around and were going to keep doing it as long as our bodies will let us.) From my understanding there are several more books like this one with good enough story lines for our children to read and do reports on. The book upset me but as I found out it is up to our school leaders as to what is acceptable for our children to read and say. We as parents do not allow our children to say, write or read this kind of language at home or will I let them read, write or say it at school in context or other wise. If our school is truly looking out for the best interest of our children and community why couldn't they find other books with as good of a story line? I think that as parents we need to do more home work on finding out what beliefs & views our children are being taught at our schools.

### Appreciates help

Dear Mr. & Mrs. Hamilton,

On behalf of the Red River Optimist Club, I wish to express our deepest appreciation to you and your staff for all of the space in your paper; to help us promote our programs.

Our fiscal year ends today and we will begin a new one tomorrow. Of course all of our club sponsored activities that require media coverage, would not be as successful without caring people such as you and your staff. We look forward to

working with you again this next year.

## Purchases on city agenda

City aldermen will consider approving three resolutions and three requests for authority to make purchases, when they meet Monday night.

The regularly-scheduled meeting will begin at 7 p.m. in council chambers.

The first resolution, if approved, would authorize the city administrator to enter an agreement with R&N Construction Phases, Inc., for the gridding of trees and brush at the convenience center.

Following that, aldermen will take up a resolution to accept the 1998 city tax roll.

The third resolution, if approved, would authorize the city administrator to purchase two automobiles for the police department, through the Houston-Galveston Area Council's Cooperative Purchasing Program.

The three bid action requests include authorization for the city administrator to:

- \* sell the pavilion at Oscar Park;
- \* purchase a four-wheel drive loader/mowing tractor for the water treatment plant; and,
- \* purchase a cover for the Bicentennial Swimming Pool.

# TEST KITCHEN RECIPES

Mixes and convenience foods make baking and meal preparation much easier today than it was even five or 10 years ago.

Recipes that use to require hours in the kitchen, can now be prepared much faster and taste almost as good. Due to the research kitchens of many food product manufacturers, there is a variety of convenience food products to help the cook of the 90's prepare delicious foods without spending all day in the kitchen.

Periodically the *Leader* receives new recipes and ideas that have been developed by many of the companies.

This week we are printing some of these recipes that offer new ways to use a product. They include easy cookie recipes, and also some interesting desserts and vegetable dishes that have cornmeal as one of the ingredients.

### Butterscotch Bars

1/2 cup (1 stick) butter or margarine  
1 1/4 cups packed light brown sugar  
2 large eggs  
2 tsps. vanilla  
2 1/4 cups Pioneer Buttermilk Biscuit & Baking Mix  
1 - 6 oz. pkg. butterscotch chips (1 cup)  
1 cup chopped pecans or almonds  
In medium microwave-safe bowl, microwave butter on High for 90 seconds to melt. Stir in brown sugar, eggs and vanilla until smooth. Stir in biscuit and baking mix until well combined. Pour into oiled 13x9x2-inch baking pan. Sprinkle butterscotch chips and pecans on top. Bake at 350 degrees 20-25 minutes

or until bars are light golden brown and center is almost set. Cool completely. Cut into bars. Makes 4 dozen bars.

### Rich & Chewy Honey Peanut Butter Cookies

1 cup honey  
1 cup chunky or creamy peanut butter  
2/3 cup shortening  
2 large eggs  
3 1/4 cups Pioneer Buttermilk Biscuit & Baking Mix  
1 cup granulated sugar  
Granulated sugar as needed  
In large mixer bowl, beat honey, peanut butter and shortening until creamy. Add eggs; beat until light and fluffy. Mix biscuit and baking mix and 1 cup sugar. Add to honey mixture; mix well. Chill dough for at least 1 hour. Roll dough into 1-inch balls; roll in sugar. Place on oiled cookie sheet. Bake at 350 degrees 10-12 minutes or until golden brown. Cool on cookie sheet 5 minutes. Remove to wire rack to cool completely. Makes 5 dozen cookies.

### Fabulous Football Cookies

1 cup packed dark brown sugar  
1 cup (2 sticks) butter or margarine, softened  
1 large egg  
1 tsp. ground ginger  
1/2 tsp. ground cinnamon  
1/8 tsp. ground cloves  
2 3/4 cups Pioneer Buttermilk Biscuit & Baking Mix  
1 cup white chocolate chips (6 oz.)  
2 tsps. shortening  
In large mixer bowl, beat sugar and butter until creamy, about 3 min-

utes. Add egg, ginger, cinnamon and cloves; beat until light and fluffy. Add biscuit and baking mix, beating on low speed to combine. Chill dough at least 1 hour. On surface dusted with biscuit and baking mix, roll out half of dough to 1/8-inch thickness. With cookie cutter, cut out football shapes (or other shapes as desired). Place 1 inch apart on cookie sheets coated with nonstick cooking spray. Bake at 350 degrees 10-12 minutes or until tops are no longer moist. Remove from cookie sheet to wire rack to cool. Repeat with remaining dough. To decorate, place white chocolate chips and shortening in heavy-duty resealable plastic bag; microwave on 50% power 3-4 minutes, massaging bag every minutes, or until chips are melted.

Cut off tip of one corner of bag. Pipe melted white chocolate onto cookies to resemble seams on footballs. Makes 4-5 dozen cookies, depending on size of cutter.

### Buttermilk Chess Pound Cake

1 cup butter or margarine  
2 1/2 cups sugar  
1 stp. vanilla  
5 eggs  
2 cups Martha White all-purpose flour  
1 cup Martha White self-rising cornmeal mix  
1 cup buttermilk  
Heat oven to 350 degrees. Grease and flour a 10-inch tube pan or 12-cup Bundt pan.  
In large bowl, beat butter, sugar and vanilla until light and fluffy. Add eggs, one at a time, beating well after each addition.

In medium bowl, stir together flour and cornmeal; add to creamed mixture alternately with buttermilk beginning and ending with flour. Mix well after each addition. Pour batter into greased and floured pan.  
Bake at 350 degrees 50 - 65 minutes or until toothpick inserted in center comes out clean. Cool upright in pan 30 minutes; invert onto serving plate.

For an elegant dessert, serve with fresh strawberries and whipped cream.

(The Martha White Kitchen did a little experimenting and found there is a secret to corn meal's sweet success. To enjoy its texture and flavor in a dessert, you have to pre-cook the corn meal a little or combine it with flour to lighten the texture. Otherwise, it can overwhelm a delicate recipe.

Buttermilk Chess Pound Cake is a great example of how a little cornmeal can deliciously transform a classic recipe. The cake is made with two parts all-purpose flour and one part self-rising corn meal mix. For a moist, tender crumb with just the right amount of bite.)

### Summer Squash and Cornbread Casserole

1/4 cup butter or margarine  
1 large sweet onion, cut into thin wedges  
2 lbs. yellow summer squash, cut into 1/4-inch slices (about 8 cups)

1/2 tsp. salt  
1/4 tsp. coarsely ground black pepper  
1 - 6 oz. pkg. Martha White cornbread mix  
2/3 cup milk  
1/2 cup shredded Cheddar cheese  
Heat oven to 450 degrees. Grease 2-quart baking dish.

In large skillet, melt butter over medium high heat. Add onion and cook until translucent. Add squash, salt and pepper; cover, reduce heat and cook until squash is tender, about 15 minutes. Remove lid; mash squash gently with fork to break up large pieces. Continue cooking, uncovered, until slightly thickened and creamy, about 5 minutes.

Pour squash into greased baking dish. In medium mixing bowl, combine cornbread mix, milk and cheese. Stir until blended. Spoon batter around edge of baking dish. Bake at 450 degrees 15-18 minutes or until golden brown. Allow to stand 5 minutes before serving. 6-8 Servings.

**Cheddar Salsa Biscuit Bites**  
1 2/3 cups Martha White self-rising flour  
4 oz. (1 cup) shredded Cheddar cheese  
1/2 cup thick salsa  
1/4 cup melted butter or margarine  
1/4 cup water

Heat oven to 425 degrees. Generously grease large baking sheet.

In large bowl, combine flour and cheese. Add salsa, butter and water; stir just until blended. Turn dough out onto lightly floured board or pastry cloth; if necessary, knead gently just until smooth. With floured fingers and floured rolling pin, press and roll dough evenly forming a 6x12-inch rectangle. Cut into 1x2-inch strips with knife or pizza cutter. Using thin spatula, place on greased baking sheet about 1/2-inch apart. Bake 11-13 minutes or lightly browned. Serve warm. Makes about 36 biscuits.

**Terry Glenn Hail Sr.**

Terry Glenn Hail Sr., 49, of Syracuse died September 28, in a Syracuse hospital.

Memorial services will be 2 p.m. Saturday at First Christian Church of Iowa Park.

Mr. Hail was born Jan. 26, 1949, in Iowa Park. He graduated from Iowa Park High School and served in the Marine Corps during Vietnam. He worked as an auto mechanic at Century Transportation in Syracuse.

Survivors include his wife Sherlene Hail of Syracuse; a daughter, Angela Hail of Syracuse; two sons, Terry Jr. of Syracuse and Mike Hail of Shawnee, Okla.; a brother, Gordon Clyde Hail of Houston; two sisters, Wanda Phillips of Iowa Park and Linda Blevins of League City.

**Card of Thanks**

We would like to express our thanks to all our family and friends for all their acts of kindness, words of comfort, and the flowers, cards and food that were brought to the house.

Thanks especially for all the prayers that were said for our family.

We also want to thank the Iowa Park Police Department and the EMT's for their quick response and efforts.

Thank you so very much to Brother Greg for the service you conducted. Thanks, also, to the Faith Baptist Church for providing a dinner for the family.  
From the Family of Gene Tatom

**Card of Thanks**

This is a letter of appreciation to all the people who sent cards, food, letters, flowers, and their respects to the David, Ila and Misty Petit family. Your love and concern in our time of sorrow and grief is deeply appreciated.

**Local students place in contest**

Six Iowa Park students were named winners in the "Why My Grandparent(s) Are Special" contest sponsored by the Red River Optimist Club of Wichita Falls.

In the 7-12th grade division, eighth graders Tori Fowler, Jessica Conklin and Alan Brake placed first, second, and third respectively.

In the division for 4-6th grade students, Noel Walker, 6th grade, and Lauren Walker, 4th grade, tied for first place. Kara Gant, 4th grade, placed second.

There were 326 entries in the contest. Certificates of appreciation will be mailed to each contestant.

**Seniors nominated for Optimist award**

Iowa Park High School seniors Sarah Trotter and Ross Dillard have been nominated for Young Texanne and Young Texan, respectively, for the month of September by members of the Red River Optimist Club of Wichita Falls.

Each month the club nominates a senior girl and boy for the North Texas District of Optimist International scholarship program.

There are four steps. First, the club nomination; second, a panel of judges select a resume from all the North Texas District entries; third, a second panel of judges select a winner from the two entries (North Texas and South Texas Districts) each month; fourth, in March, the 12 Young Texas/Young Texanne state winners will attend a banquet where they will receive scholarship funds.

In July, Jonathon Horton, a 1998 graduate, was nominated and his resume was selected by the North Texas District panel of judges at the district winner. His resume will now be one of two being considered as a state winner.

**FFA Booster Club names new officers**

The 1998-99 officers of FFA Booster Club include: Bobby Baumer, president; Tim Stewart, vice president; Angel Sheets, vice president; Tina Dipprey, secretary; Rhonda Baumer, treasurer; and Lisa Wynn, reporter.

Members are asked to meet at the high school ag building on Sunday, Oct. 18, at 2 p.m. to decorate the sign post for the school's 100 year celebration.

The next pre-game meal will be Oct. 23. The club will be serving chicken fajitas. Members will meet at 7 p.m., Oct. 22 in the high school ag building.

# Hawks' non-conference statistics are impressive

With half of the season already over with, the Hawks will now turn their attention to what head coach Weldon Nelms has always called the "real season."

A very tough non-district schedule should have gone a long way in getting the Hawks ready for another run at the State Playoffs.

Iowa Park, 4-1 overall, will open district play tomorrow night in Childress at 7 p.m. and needs a big win to avoid playing catch up for the rest of the district schedule.

With the new format of taking three teams from each district to the playoffs, a win over the Bobcats is crucial.

The top four teams in District 5-3A figure to be Iowa Park, Vernon, Graham and Childress, with Bowie and Henrietta always a threat to sneak up on one of the top teams. So just like the last two seasons, Iowa Park's opening game in district goes a long way in clearing up the playoff picture.

Heading into the district portion of the schedule, the Hawks are on a roll, winning their last four games, with three of the wins coming against 4A schools and the other against a good Gainesville team.

Here is a look at the way the teams in District 5-3A stack up heading into league play Friday night.

## Where Are They Now? Kellye Lehman Beavers Class of '89

Kellye Lehman Beavers, a 1989 graduate of Iowa Park High School, lives in Irving with her husband, David, and their two children. She is employed as Collection Supervisor for Baylor Medical Center at Irving.

Following are her answers to the questionnaire IPHS graduates have been asked to fill out:

### What do you remember most about going to school in Iowa Park?

"I lived close to Bradford, so I had to walk to school on most days. I remember thinking to myself that when I got into 5th grade, I could ride the school bus out to Valley View. During my 4th grade year is when the school system closed the Valley View school down and relocated 5th grade to Bradford. I thought I would never get out of that school.

"I remember all the hype on Thursdays and Fridays for the football games. The cheerleaders would come to our school and sell the spirit ribbons each week. I also remember when I made it to Junior High. We could get tea or fruit drinks for lunch. Something different than white or chocolate milk.

"I remember the pep rallies and all the school trips we got to go on. I remember the Homecomings and the parade. The one I remember the most is my senior year. David gave me his senior ring right before the homecoming game. It was true love."

### How did you get to school each day?

From the 1st thru 5th grade, I walked to school; 6th thru 10th, rode the school bus; 11-12th, drove my car.

### What was your favorite subject and why?

"I didn't have any favorite subjects until I was in High School and then it was Homemaking. For one thing, I made mostly A's. It came very easy to me. Another reason was my teacher, Ms. Spring. She had faith in me and made me start believing in myself, and that I could do anything I wanted to. I thank God for her and several other teachers for teaching me that. I don't think I would be where I am today without their belief in me."

Kellye says her fellow classmates would probably remember her best as friendly and involved in almost everything. She was a member of FHA, FFA, Annual Staff, Choir, Student Council, SAAD, Quill & Scroll, and a class officer.

Her favorite hangout was Ken's Pizza after a football game.

"Another hangout for me was my then boyfriend's (and now

spouse) garage. When I would get off work at the DQ, my boyfriend and his friends would be working on building an engine for his hot rod pickup. I would go and watch. I was so in love I didn't care what we did to spend time together."

As to the fads and fashions while she was in school, Kellye said Friendship pins were a fad during her elementary years. Also yo-yo shoes, which have come back this year. Guess jeans were popular when she was in junior high.

Shortly after graduation, Kellye moved to Dallas to attend college. To help put herself through college, she got a job in the business office of a Dallas hospital, starting in the file room and working her way up to customer service/financial counselor. She and David were married two years later in 1991 and she got a job at Baylor Medical Center at Grapevine. They bought a new home, and in 1993, their first child, Austin Kyle, was born, followed in 1997 by the birth of his sister, McKayla Nicole.

In 1998, Kellye transferred to Baylor Medical Center at Irving as their new collection supervisor. "This hospital never had a collections department before, so the challenge for my 12 employees and me is to turn the hospital collections around," she said.

In conclusion Kellye said, "God has been great to David and myself. We have two wonderful children. We have a great church home and a roof over our heads, and wonderful memories of growing up in Iowa Park and going to school in a great town."

The center is closed Tuesdays, Wednesdays and Thursdays.

## Where Are They Now? Margaret Virgin Bitler Class of '80

MARGARET VIRGIN BITLER

What Margaret Virgin Bitler, IPHS Class of 1980, remembers most about her school days in Iowa Park is "the bus rides to the out of town football games. I was in band and we had a lot of good times on those buses."

Margaret, now an LVN, mom and military wife, lives in Germany. She and her husband, Lt. Col. Jon Bitler, have three children, Adam, Aaron and Bethany.

Margaret said the first year she was in high school her brother, Jim, drove her to school. She got her driver's license her sophomore year. "I had to take my driving test in our family station wagon and used it to go to school for the next two years. To this day I still hate station wagons."

Answering the question, "How to your fellow classmates from school probably remember you best?" she answers, "With a last name like Virgin, how do you think they remember me?"

Margaret's favorite subject was science, because it helped a lot in obtaining her nursing license. She said even though she doesn't work now, she uses it a lot with her kids and all their accidents.

While in high school, Margaret was involved in band, drama and FFA. "We always had a great time in Mr. Howell's horticulture class and Mr. Brooks and Mr. Gholson's agriculture classes."

During school, she worked at Dairy Queen, so there wasn't much time to hang out. But she said she did go to the Sonic a lot because she dated a guy who worked there.

As for the fads and fashions of the day, she said, "Boots and jeans, always! What else is there?"

Further, Margaret writes, "I am currently living at Spangdahlem, Air Base, Germany."

After graduation I went to Midwestern for a while and then went to VRJC and graduated from nursing school with a LVN license. I worked at the Wichita Falls Clinic for about three years before I met my husband. I'm currently not working at a paying job, but staying home with my children.

My husband is a pilot in the Air Force and flies the F-16 and we met while he was at Sheppard. I have lived in many places in the almost 12 years that we have been married. Some of those include Las Vegas, Osan, South Korea, (my daughter was born in Seoul), Idaho, Alabama, Virginia, and now Germany.

We have been here a year and a half and I have had the opportunity to travel many places here that I have only read about. England, France, Belgium, Luxembourg, Poland, Czech, and many more places in the future.

We have 1 1/2 to 3 years left of our tour here and visitors are always welcome.

I'm also involved with the Officer's and Civilian's Spouses Club and have volunteered with the Red Cross and the children's schools. I also play softball for the squadron team, left field.

I loved going to school in Iowa Park and will always have fond memories of those days. A big thank you goes out to Mr. Kasper (science), Mr. Brooks, Mr. Gholson, Mr. Howell (FFA), Ms. Black (English), Mrs. Johnson (Math), Mr. Priddy (Algebra) and Coach Clarey for making learning fun."

## TOP OF TEXAS FOOTBALL

### PEE WEE EAST

The Pee Wee East Hawks lost a pair of tough games falling 2-0 to Nocona and 12-8 to Petrolia last Saturday.

In the Nocona game, the Indians were awarded a safety when the Hawks fumbled in their own end zone for the game's only score.

Offensive players of the game for the Hawks included Troy Williams who rushed for 39 yards on 11 carries, Chris Wise, Ryan McLaughlin and Stephen McGwire.

Defensive standouts included, McGwire, McLaughlin, Andy Garcia, and Williams.

In the Petrolia game, Iowa Park trailed 12-0, but fought back to score in the third quarter to cut the lead to 12-8. McLaughlin carried the bulk of the load, moving the ball downfield to the Petrolia eight. Eric Young faked a handoff to McLaughlin and took it in himself for the score from eight yards out. McLaughlin then carried for the two-point conversion to make the score 12-8.

The Hawks then recovered the kickoff and were moving down the field when time expired.

Offensive players of the game included McLaughlin, who finished with 51 yards on 10 carries, Garcia, who added 52 yards on 16 carries and Young, who carried six times for 34 yards.

McLaughlin and Garcia both had good games on defense.

### MIDGET EAST

The Midget East Hawks remained unbeaten after a pair of wins and moved their record to 4-0.

Iowa Park beat Nocona 28-0 as the Hawks got a pair of touchdowns from Zac McCallister on runs of 12 and seven yards. The Hawks also got a touchdown run of 47 yards from Justin Swenson, and a 12-yard TD pass from Chris Trevino to David Quick. McCallister also scored a pair of conversions.

Defensively, the Hawks were led by Quick, Michael Sargent, Jeremy Williams and Teddy Lytle.

In Saturday's game against Petrolia, Iowa Park got another good game from Swenson, who rushed eight times for 112 yards and a touchdown, McCallister carried 10 times for 58 yards and a touchdown and Sargent, who carried six times for 44 yards. McCallister also added a two-point conversion run.

Others playing well offensively were Quick, Andy Carroll, Grant Miller, Williams and Brandon Hopper.

Defensively, the Hawks were led by Williams with seven tackles followed by Sargent with five and Quick with four. Miller, Hopper and McCallister all recovered fumbles while Swenson and Tyler Gann each had interceptions.

### PEE WEE WEST

The Pee Wee West Hawks recorded a victory over Electra last week winning 14-6 over the Tigers.

Christopher Hollis scored both of Iowa Park's touchdowns on quarterback keepers.

Other offensive standouts included Cody Hicks, Blake Whisnand, John Swanner, Jared

### BIEHL, CASS COYLE AND KIRK MORTON.

Defensive players of the game included Stephen Swanner, Hagen Duncan, Landon Veitenheimer, Slade Davis, Brady Whitaker and Justin Pugh.

### MIDGET WEST

The Midget West Hawks defeated Bowie 32-6 Saturday night thanks in part to a big offensive showing.

The Hawks got touchdowns from Matthew Gaiten, who rushed 12 times for 99 yards including a 40-yard touchdown. Gaiten also scored on a 70-yard kickoff return.

Brady Rusk carried six times for 89 yards and two touchdowns and a two-point conversion. Ryan Beard also scored a touchdown and added 61-yards rushing on three carries.

The Hawk defense was led by Toby Brown, Bryce Whitaker, Grant Gibson, and Gaiten, who all had fumble recoveries. Rusk and Toby Brown both had interceptions.

## GARDENING HINTS

By MARK TERNING, COUNTY AGENT - HORTICULTURE

**Q.** We have a large Silver Maple which continues to look thin and weak this summer. We have tried to water faithfully, but the tree still is not responding very positively. We had several lawn care companies look at the tree. We live in Wichita Falls. What else can we do to help our tree?

**A.** Silver Maple is simply out of place in the Southwest. Hot, dry weather of an average Texoma summer, not to mention this blistering summer and fall of 1998, will cause leaf drop, leaf scorching and thin canopy.

Watering deeply and regularly at the dripline of the tree where the branches extend out to will help ease the stress symptoms, but it will not eliminate the stress all together.

Silver maples are pushed to their limit in terms of heat and drought tolerance in this region. As I compose this news column from my computer at my grandparents far in central Nebraska, I can attest to the fact that these trees do much better in

a more northern climate. The neighborhoods in the small town close to the farm have many Silver maples within their landscapes. These trees look pretty good because they are growing in an area which does not experience intensive heat in summer.

Remember the vast majority of the feeding root system on many shade trees is within the upper 18 to 24 inches of soil and at the dripline. Hopefully, cooler fall weather will give us and our plants a break.

For the record, a much better choice of maple for use as a shade tree in our region would be Caddo Maple or Shantung Maple. Both of these maples are adaptable to growing conditions.

**Q.** We have a very well maintained lawn in Wichita Falls. I have read your articles on the severity of chinch bug problems in St. Augustine, however, my problem is that our St. Augustine looks fine while our Bermuda looks bleached out and thin in areas. We would like any input you may have on this problem.

**A.** The same hot and dry conditions that favor the build-up of chinch bug populations will also lead to problems with Bermuda Mites. As the name suggests, they do favor Bermuda turf.

These microscopic mites suck fluid out of the turf causing a bleaching and off-color even in properly maintained lawns. The internode length of runners will also be shortened. The internode is the area between leaf blades along the stem or runner.

You may have to bring a sample of your turf to a certified nursery professional, professional lawn care specialist, or your local county extension office for correct identification of the turf problem. I often use a microscope to inspect for the tiny mites.

Treatments include making a liquid application of Diazinon or Dursban to the affected lawn areas. Professional lawn care companies report good results using a control product called Evict.

Remember to read and follow all label directions when using any pesticide or fertilizer.

## Junior High Roundup

The eighth grade Hawks traveled to Holliday Thursday night and lost a heartbreaker to the Eagles, falling 22-20.

Iowa Park got a touchdown from Cody Penn, who returned a punt 70 yards for a score to put the Hawks on the board. Jeremy Fulfer tossed the two-point conversion pass to Ryan Shiery.

Fulfer also threw for a pair of long touchdowns, a 60-yarder to Jason Beckwith and a 40-yarder to Josh Jowers.

Shiery forced a fumble that was recovered by Jowers to set up the Hawks' final score.

Offensive standouts included, Tommy Jeter, Matt Pulley, Michael Yoder, B.J. Adams, Adam Arredondo, Garred Vernon and Heath Gholson.

Defensive players of the game included, Luke Ermis, David Clubb, Brady French, Brent Bennett, K.P. Rains, Drew Gholson and Daniel Bess.

The eighth grade Lady Hawks traveled to Windthorst this past weekend and when the dust had

settled, Iowa Park returned home with a second place trophy from the Windthorst Tournament.

The Lady Hawks opened the tournament with a 15-4, 15-3 win over Henrietta, then beat Graham 15-10, 15-4. Iowa Park then beat Windthorst 15-8, 15-11 to advance to the title game. In the finals Iowa Park fell to Springtown 15-6, 15-0.

On Monday the 8th grade Green team lost to Vernon 15-3, 15-2 while the Black team fell 15-10, 6-15, 15-3.

The seventh grade Lady Hawk volleyball teams split a pair of games against Vernon this week with Team 1 beating the Lady Lions 15-13, 15-3 while Team 2 fell in three games 16-14, 8-15, 9-15.

On Saturday, Team 2 traveled to Windthorst to take part in the Windthorst Tournament, falling to Henrietta 14-16, 13-15, and then to Windthorst 4-15, 14-16.

In last week's paper, it was reported that Team 3 had lost to Chillicothe when it should have been that Team 3 defeated Chillicothe 15-5, 15-9.

## Hawks head to Childress

Continued from page 1  
ing it hard to break a big play against them."

Iowa Park is coming off a bye week, but according to Nelms, he feels the week off did his team some good and is not worried about the Hawks being rusty after the week off.

"We've looked as sharp as we've looked all season long this week in workouts," Nelms said. "The week off let us get over some sickness and helped us get over some minor injuries. Our kids came out really focused Monday and had an excellent workout."

Injuries are not going to be a problem for the Hawks heading into

the opener. Ryan Huff, who broke his collar bone against Wichita Falls High School, is out for the season and Anthony St. James will miss the Childress game, but is expected to return for the Bowie game next week.

Speaking of Bowie, coach Nelms feels the Graham-Bowie game is the key game of the first week and that the winner of that game has a leg up on a playoff spot.

This will be the 13th meeting between Iowa Park and Childress, with the Hawks holding a 7-5 advantage. Iowa Park won the last two meetings between the two teams, 42-7 in '96 and 19-0 last year.

## Iowa Park hosts meet

Despite a less than expected turnout, the Iowa Park Invitational Cross Country Meet was a success Saturday.

Eight schools competed in four different divisions, with the Holliday Eagles winning the Boys Varsity Division. Olney captured the Varsity Girls Division, while Iowa Park won the Girls JV division. Graham won the JV Boys Division.

In the Girls Varsity Division, Olney picked up the win by finishing fourth, fifth, sixth, seventh and tenth overall. Henrietta's Kelli Murchison finished first overall with a time of 12:57.35.

Iowa Park's top finisher in the Girls Varsity division was Crystal Vernon, who finished 13th overall with a time of 14:32.92. Stevie Holguin finished 18th with a time of 15:06.52. Overall, Iowa Park finished in third place behind Olney and Graham. Other Iowa Park runners included, Brandi Parker (15:44.12), Sara Nelms (15:54.19), Leann Duran (15:54.49), Lindy Gibson (16:17.42), Kelley Billington (17:13.84).

In the Varsity Boys Division, Holliday finished first followed by Henrietta, Burk Burnett, Graham and Iowa Park. The Hawks were led by Tommy Johnson, who finished 17th with a time of 22:02.36. Carl Morgan finished 23rd with a time of 22:45.34.

Other Iowa Park runners included Bobby Rowland (23:35.79), Travis Wagner (23:50.29), Martin Shaw (27:58.33), Troy Potter (28:01.73).

In the JV Girls Division, Iowa Park finished first overall with Jennifer Moen finishing fourth with a time of 16:40.53 followed by Morgan Brammer in fifth with a time of 16:56.24. Lindsay House (17:31.96), Meridith Williams (17:34.65) and Audrey Wells (17:40.28) finished 8th, 9th and 10th respectively. Other Iowa Park runners included Christie Pruitt with a time of 18:11.21.

CRYSTAL VERNON was first varsity Lady Hawk to cross the finish line Saturday.

## Lady Hawks drop district opener

The Lady Hawks knew how important it was to come out and play well in their first district volleyball game Tuesday night against Henrietta.

And had it not been for a very bad call by the official, Iowa Park would be standing atop the district standings right now.

But instead, the Lady Hawks will be playing from behind, heading into Tuesday's game here against Vernon.

After falling 15-6 in the first game of the match, Iowa Park rallied to win game two 15-8, and led 14-13 with a game point in hand when the Lady Bearcats hit the ball four times before getting it back over the net. After the third hit, the Lady Hawks were celebrating what they thought was a big win, only to hear the official call side out when the ball finally hit the ground on Iowa Park's side of the court.

"It was a terrible call," said head coach Brenda Hodges. "We had game point and after they hit the ball four

times we all started celebrating. It was obvious they had hit the ball more than three times. We should have won the match on that point."

Following the blown call, Henrietta went on to win game three 16-14 to pick up the win.

Iowa Park, now 13-9 overall and 0-1 in district play, was led by Carrie Evans, Cheyenne Patterson and

Robyn Dillard.

In JV action, Iowa Park won 15-9, 16-4 to improve to 11-8 overall. Leading players included Lauren Lovelady and Jenny Pack.

In the Freshman game, Iowa Park improved to 13-5 overall with an easy 15-1, 15-1 win over the Lady Bearcats. Leading players included Mary Knight and Stevi Brown.

## Boosters have project

The Iowa Park Athletic Booster Club met Monday evening to discuss several up-coming events.

The group has received a very nice custom built smoker that is on display across the street from the K&K convenience store.

Members are selling raffle tickets for the smoker which will be given away at the halftime ceremonies of

the final home game against Graham on Nov. 6.

Tickets may also be purchased at K&K.

The Booster Club will also be involved with helping decorate Iowa Park for the upcoming homecoming activities.

The group encourages everyone to decorate their yards and businesses to show their Hawk Pride.

## JV loses, Frosh win against Holliday

The JV Hawks ran into a very tough opponent in Holliday Thursday night, as the Eagles defeated Iowa Park 21-8.

Holliday jumped on top, scoring 21 unanswered points to start the game and never looked back.

Iowa Park got on the board with 9:54 left in the game on a nine-yard run by Chase Simpson. Jimmy Wilson caught the two-point conversion pass from Simpson to make the final 21-8.

Standouts offensively for the Hawks included Robert McCann, who had a big 46-yard gain, Simpson and Trey Goodwin.

Defensively the Hawks were led by Brandon Lane, Goodwin, Larry Lane, and Tommy Taylor.

The Hawks will look to rebound tonight as they open district play against Childress at 7 p.m.

After stalling on their first two drives of the game, the Freshman Hawks came alive just before the half to find the end zone and went on to defeat the Eagles 14-6.

With 3:23 left in the first half, Iowa Park took over at the Holliday 24 and marched 76 yards in seven plays, capped by Kyle Chaney's 10-

yard touchdown with 1:57 left to play in the half. Chaney, who finished with 57 yards on five carries, also had a big 24-yard run in the scoring drive.

In the second half the Hawk defense appeared to have put some points on the board when Michael Hopper scooped up a Holliday fumble and rumbled 64 yards for an apparent touchdown, only to see the play called back because of a block in the back.

The Hawks' offense didn't let Hopper's big play go to waste, as Bryan Swenson scored on a one-yard run with 9:57 left in the game to boost the lead to 12-0. Jeremy Wilson tossed the two-point conversion pass to Adam Arrington to make it 14-0. Holliday added a touchdown late to make the final 14-6.

Offensive players of the game included Chaney, Swenson, Andy Simpson, Matt Ohm, Kyle Young and Brad Reynolds.

Defensively, the Hawks were led by Hopper, Young, Ohm, Simpson and Swenson.

The Hawks will look to keep things on a roll when they open district play tonight hosting the Childress Bobcats at 5 p.m.
