Methodist Plan Mexican-American Weekend

A Mexican-American weekend has been set by the Gruver United Methodists with activities being planned for Friday and Saturday, Sept. 26th and 27th in the Fellowship Hall of the church according to the Reverend Jim Terry.

Special guest speaker is community known Angel Rosa, Angel, a Puerto Rican, who grew up in New York City, has a deep insight into the lives of others. He is at present on the Teen Challenge staff in Phoenix, Arizona. His wife is the former Laurie Williams of Gruver and they have one son, Jason.

Fellowship, family, food, and fun

will be the keynotes at the two-day event with nurseries being provided each day as well as planned activities for children beyond nursery age. Plans will be laid with the help of our new friends for an Hispanic Sunday School Class.

Highlighting the weekend is the pot luck supper at 6:30 p.m. Saturday evening in the Fellowship Hall with a special bilingual message by Angel Rosa at 8:45 p.m.

Through this spark, it is hoped that many will be touched by the glow and will feel that true Christian fellowship is always a part of the Gruver United Methodist Church.

PUBLIC NOTICE
BRIEF EXPLANATORY STATEMENTS
OF PROPOSED
CONSTITUTIONAL AMENDMENTS
GENERAL ELECTION
NOVEMBER 4, 1986

PROPOSITION NO. 1 ON THE BALLOT
Senate Joint Resolution 15 proposes a constitutional amendment that would permit the legislature to provide by general law for the apportionment of the value of railroad rolling stock among the counties in which the property of the railroad is located for purposes of property taxation, and would delete the requirement that the Comptroller participate in making the allocation. To comply with both statutory and constitutional law, the apportionment currently is being made by the State Property Tax Board in conjunction with the Comptroller.

The proposed amendment will appear on the ballot as follows:
"The constitutional amendment to allow the legislature to provide by general law for the apportionment of the value of railroad rolling stock among counties for purposes of property taxation."

PROPOSITION NO. 2 ON THE BALLOT
Senate Joint Resolution 33 proposes a constitutional amendment that would replace the constitutional requirement that the subject of a bill be expressed in its title with a mandate that each house of the legislature adopt rules of procedure that would require the subject of each bill to be expressed in its title in a manner that gives the legislature and the public reasonable notice of that subject. Determining compliance with the rule would be the responsibility of the legislature. Currently, a law is invalidated if a court finds its caption is defective. The amendment would provide that past and future enactments may not be held void on the basis of an insufficient title.

The amendment also would eliminate the suggestion that the state's laws be revised every ten years, and instead would provide for continuing revision of state laws.

The proposed amendment will appear on the ballot as follows:
"The constitutional amendment requiring each house to include in its rules of procedure a rule that each bill contain a title expressing the bill's subject, and providing for the continuing revision of state laws."

PROPOSITION NO. 3 ON THE BALLOT
House Joint Resolution 73 proposes a constitutional amendment that would permit the Legislature to authorize any county, city, town, or other political subdivision to use public funds or credit to pay insurance premiums on nonassessable life, health, or accident policies. Due to the prohibition in the constitution against the lending of credit and granting of public money, political subdivisions currently are prohibited from becoming shareholders in associations such as mutual-insurance companies, in which policyholders are shareholders. A nonassessable mutual insurance policy does not allow a company to raise capital by assessing the policyholder an extra amount on a pre-

mium. This amendment will allow mutual insurance companies and stock companies to bid for life and health group policies of political subdivisions. Public liability will be limited to the payment of premiums specified in the contract.

The proposed amendment will appear on the ballot as follows:
"The constitutional amendment allowing political subdivisions the opportunity to engage in and transact business with authorized mutual insurance companies in the same manner as with other insurance companies."

PROPOSITION NO. 4 ON THE BALLOT
Senate Joint Resolution 4 proposes a constitutional amendment that would repeal the prohibition against branch banking by state banks and would allow state banks and national banks domiciled in this state to establish and operate banking facilities at locations within the county or city where they are domiciled. The amendment would also authorize the Legislature to permit a state bank or a national bank domiciled in this state to engage in business at more than one place if it acquires a failed state bank or national bank domiciled in this state.

The proposed amendment will appear on the ballot as follows:
"The constitutional amendment to provide that a bank may offer full service banking at more than one location within the city or county where its principal facility is located, subject to limitations and restrictions provided by law."

Estos son los informes explicativos sobre las enmiendas propuestas a la constitución que aparecerán en la boleta el día 4 de noviembre de 1986. Si usted no ha recibido una copia de los informes en español, podrá obtener una gratis por llamar al 1/800/252/8683 o por escribir al Secretario de Estado, P.O. Box 12887, Austin, Texas 78711.

Switching from incandescent to florescent lighting will improve the energy efficiency of your household lighting. One 40-watt florescent provides the same lumen output as three 60-watts incandescents with a total of 180 watts. And florescents last up to 20 times longer than incandescent.

Some people dislike the color of florescent light and the type of florescent fixtures typically seen in schools, offices and public places. However, there are now florescents made especially for household use.

Florescent bulbs are now also made to give off a softer, warmer glow that's flattering to skin tones and colors around the house.

While florescents cost more initially, you'll save with them in the long run.

Leticia Vela Second Runner-Up El Centro Pageant

Leticia Vela

I, Leticia Vela, 17 year old daughter of Aurora Vela and the late, Willie Vela, would like to take this opportunity to personally say "Thank you, from the bottom of my heart" to each and everyone that helped and supported me during my quest for Queen of the 16th of September for El Centro. I would like to thank Mr. & Mrs. Juan and Maria Antonia Avila and the KRDF Spanish Program for being my very loyal and faithful sponsors and

for believing in me. I will not mention any names, for I fear that I might leave someone out, but a very special thanks goes to my sisters, brother, uncles, aunts, cousins and especially to my most devoted fan and beautiful Mother. One person that definitely stands on top of my thank you list is GOD. He had a lot to do with how things worked out. I believe that if you put God first in everything you do, you will always succeed in what you are seeking.

This pageant was very different from other pageants, because a girl that entered had to have lots of raffles and goodies to sell, and the girl that raised the most money was the

winner. All the monies that was raised will go to a very good cause. El Centro uses the money raised by all of us girls in a very helpful way—assisting families with financial problems so that the utilities won't be turned off because of delinquent bills. I believe that I am speaking for all the other girls that ran in this pageant when I say that I did enjoy myself, and am glad that the money raised will go to a very special cause. As for the outcome, I am the Second Runner-Up. The crowning was held at the Exposition Center in Perryton, September 13, 1986, and 7:30 p.m.

The reason that I entered this pageant is that my Dad always asked me why I hadn't entered the pageant yet. So in loving memory to him, I did the best that I could, and I know that right this minute he is smiling and happy because he knows that I did do the best I could. All of my effort was dedicated to my Dad. We will always love you, Dad now and always.

God Bless each and everyone of you.

Gruver City Library

With best-selling novels such as the CALDER saga, THE PRIDE OF HANNAH WADE, and SILVER WINGS, SANTIAGO BLUE, Janet Dailey has brought home the passion and excitement of our country and its people. Now, in THE GREAT ALONE, her most ambitious novel to date, Dailey gives us an epic saga of Alaska, a canvas as vast, vivid, and unforgettable as the harsh and beautiful land it recreates. Her extraordinary combination of romance and adventure—spanning two hundred years and seven generations in the rich and dangerous wilds of Alaska—truly captures the heart of America.

The "soft gold" of sea otter pelts lured the Russians across the Bering Strait in the 18th century, and in the wake of the Cossacks came suffering and strife for the native Aleuts. One Cossack, gentle and far-seeing, comes to understand the Aleuts, and falls in love with one of their young women, the beautiful Tasha Tarakanov. She is forced to choose between her beloved Andrei and the safety of her people—and her decision marks the beginning

of a proud and enduring family.

Larissa Tarakanov falls in love with a dashing British sea captain and with him plies the perilous China trade; Zachar Tarakanov is fated to love the gorgeous Raven of the rival Tingets, and for her he betrays his tribe's greatest secret. A clever American lawyer with political ambitions takes one of the Tarakanov women for his bride only to find that her native blood is a threat to his status. Another Tarakanov descendant, Marisha, runs away with a handsome young Klondike prospector in search of gold. Finally, as a brave Alaska Scout, Glory's grandson Wylie Cole defends his homeland from foreign invasion in World War II, and lives to see Alaska's statehood in 1958.

THE GREAT ALONE begins with the love of a beautiful Aleut woman for a noble and ambitious Cossack hunter. From their union come seven generations of a proud breed of active Alaskans, in whose veins flows the blood of the many peoples—Russian, Indian, English, American—who have played a part in making this new land.

9th Annual Golden Spread Antique Machinery Show

The ninth annual Golden Spread Antique Machinery Show will take place September 20-21 at the Donald Sell farm southeast of Perryton, Texas. The only Show of its kind in the Texas Panhandle, it has increased in popularity each year. "Mrs. Richard Sell said, "We often have people express surprise at the quality and quantity of our Show," she continued.

The Show is sponsored by the Golden Spread Antique Machinery Association which was formed for the purpose of presenting the Show as a means of education and appreciation for our agricultural heritage.

Horse drawn equipment, antique tractors, cars, trucks, and steam engines are just a part of the Show. There seems to be something of interest for everybody.

A parade of the machinery actually being driven past the grandstands in review with information given on each vehicle is featured both Saturday and Sunday beginning at 1:30 p.m. The parade lasts about 2 hours and concludes with old-time wheat thrashing. John Deere is the feature tractor this year.

"Exhibitors come from all over the country, and each year is a new Show. We're expecting a number of different attractions this year," Mrs. Sell reported.

Food will be available on the grounds, and an all day outing for the family is encouraged. Sunday church services begin at 9:00 a.m.

Their story, their heritage, and the Alaska in which they love and want to make one of the great sagas of the American frontier.

Out on the JOB WATCH UP FOR POWER LINES

Out on the job, power lines bring needed electricity to the site. But they can be dangerous . . . if you don't watch up! You need to be especially careful when you are handling re-bar, pipes, scaffolding, or tools that are long enough to contact overhead lines. Contact with power lines is also a potential danger to operators of front-end loaders, dump trucks and any other equipment of unusual height.

Keep an eye up for power lines. Watch up, for safety's sake.

GRUVER, TEXAS

A BETTER WAY TO CLEAN CARPETS? OF COURSE THERE IS..!

Yes, for years "scrubwomen" used scrub brush and soap. Her replacement, so called "shampoo" machines, used motor driven scrub brush and shampoo. Both only "surface cleaned", but didn't remove dirt from deep in carpet fibres. Brushes caused extra wear, matted carpet pile, changed texture, and left sub-surface dirt in the carpet. Carpet was only half clean.

THE ULTIMATE IN CARPET CLEANING

Steam-Way's revolutionary new deep clean extraction method doesn't use harsh brushes. Flashed steam goes deep into carpet to dislodge embedded dirt. Vacuum picks up dirt solution, transfers it to storage tank. Cleans from bottom up, not top down. Steam-Way makes your carpets the "Cleanest Clean You've Ever Seen".

LOUISA'S LETTER

Dear Louisa,

I am a boy of fifteen and I live with my parents and we have a big yard. I cut the grass and in this way I earn part of my allowance. Some of our neighbors have difficulty in getting yard men and I would be glad to earn some extra money by cutting their grass. My father says I could use our power mower but my mother thinks it is cheap for me to ask for pay. What do you think?
Ken-Ga

Answer:

I see nothing cheap about doing honest work for pay and I feel sure your neighbors would welcome your idea. Simply call and tell them that you are trying to make some extra money and that if they need help you are available. Before you start a job have an understanding about the pay-whether it is by the hour or by the job.
