

GREYHOUNDS ADVANCE TO STATE PLAY

The Gruber Greyhounds won the Regional Tournament in Lubbock this past weekend as they tromped Farwell 67-58 and beat Big Lake 55-54 in a close ending game. Gruber will advance to the State Tournament in Austin Thursday March 4th where they will play at 11:35 a.m. with Woodsboro.

The team played outstanding ball as they won the two games. In the final clash with Big Lake, Gruber jumped to a 20-10 lead in the final quarter and in the second period increased the lead to thirteen points as the halftime bell rang the score stood 33-20.

Big Lake fired back in the third period and made two quick points. Sam Tipton doubled their two with two field goals for the Greyhounds. The Owls netted another field goal but Mart Hart matched the two points with two more points for Gruber. The Big Lake Owls scored four points while Mack Hoel netted a free shot. Seven points were added to the Big Lake score board before Sam Tipton added a field goal.

Again the Owls scored as the quarter ended 41-37.

The Greyhounds took an eight point lead at the beginning of the fourth quarter but the Reagan County Owls forged ahead to narrow the lead 51-50 with less than three minutes of play left. Billie Lieb and Sam Tipton were fouled and they stepped to the free throw line to add four important points to the Gruber score which proved to be the crucial four points needed to maintain the lead for Gruber.

Sam Tipton netted thirty points for Gruber during the final game. Each of the other members contributed to the score board but did excellent jobs at pulling down the rebounds for Gruber.

In the Farwell bout and the opener of the tournament Gruber took an eight point lead as the first quarter ended 15-7. The Farwell team gained two points during the second period as

the score stood 32-26 in favor of the Hounds.

This team did as Big Lake in the third period as they tied the score midway through the third quarter. Gruber soon took care of that situation as Royce, Mathews, Mart Hart and Mack Hoel canned five free shots and the third period score stood 44-41.

Gruber bounced back and increased their lead and held the lead throughout the entire final period.

Sam Tipton netted thirty-four points for the Hounds in the opening game to give him a total tournament score of 64 points in two games.

Billie Lieb netted 12 points for the Hounds against Farwell as the tough Gruber Defense looked sharp.

Four teams are in the State Finals in Austin, and are Whitesboro, Woodsboro, West Sabine of Pine-land, and Gruber. All four teams have long winning records.

GRUBER MEETS WOODSBORO THURSDAY

The Gruber Greyhounds play the Woodsboro Eagles at 11:35 a.m. Thursday morning March 4th in Gregory Gymnasium at Austin. The Eagles have an outstanding background with several wins in their column.

Saturday night in the State finals. If they should lose they will play Friday afternoon for third place in the State.

REMEMBER THE HEART FUND

To all of our friends and neighbors who intend to contribute to THE HANSFORD COUNTY HEART FUND, and have not as yet done so for one reason or the other, may we of the HANSFORD COUNTY HEART COUNCIL remind you that this is the FINAL WEEK of this campaign and we would appreciate your contribution.

We wish to thank all who have thus far contributed to the HEART FUND so generously. At the close of the campaign, the names of ALL who have contributed to the HEART FUND will be publicly acknowledged and published in the county newspapers, probably the week of March 8th.

GRISSAM BROTHERS HELD IN JAIL AFTER CONFESSION TO MURDER CHARGE

Being held in the Hansford County Jail after giving statements of confession to Sheriff J. B. Cooke and County Attorney James P. Linn, are John Lincoln Grissam and his brother Ernest Grissam. John Lincoln Grissam admitted to the Friday night shooting of Mickey Westerfield. His brother, Ernest Grissam, admitted Monday that he had helped with the burglaries, while visiting with the Deputy Sheriff while his brother was breaking in the stores.

Both men have prison records. John Grissam was picked up by Orville Walker in Gruber several years ago on a check charge from Duncan, Oklahoma. He was turned into the officials in Duncan and was placed in the penitentiary in McAlester, Oklahoma where he served a term. After he was out of the McAlester Pen he and his brother were later picked up in Nebraska on a forgery charge and the two men served terms in the penitentiary in

Nebraska before coming here. John was released prior to this brother from the pen. The men have also served other sentences. Both men returned to Gruber where John found work on the Ross Walker Farm while Ernest was employed by the Hansford Plainsman in Spearman.

Mr. and Mrs. Westerfield were returning home from Dalhart about 9:00 p.m. when Mickey told his wife to drop him by the store for him to pick up his pickup. Mrs. Westerfield let him out in the alley and Mickey walked in the store to check on the business which had been done while he and his wife were out of town. They did not notice a broken window in the bathroom and Mrs. Westerfield returned home.

The next thing known was a call to the operator which said "I've been shot". The operator called the deputy sheriff's house immediately. Mr. Walker and Mrs.

Vega has a sheriff, two deputies, along with a city policeman, a night watchman and two highway patrolmen. Sunray has a deputy sheriff and a city policeman while Stratford has a Sheriff, deputy and night watchman.

Some of the citizens have objected to a City Marshall for the reason that they like their driving habits. What would it hurt for all of us to drive according to law; we have to everywhere else we go? Would changing our driving habits cause as much distress as the incident of the past week and the incidents of the past year? Some of the young people have also expressed opinions that a law enforcement man would put too many restrictions on them. With the fine youth that Gruber has the City Marshall would have no problem with the young people, therefore there would be nothing he could do to disrupt the normal procedures of our youth.

The High School Students of Gruber are very seldom on the streets or roaming around at all hours of the night. If they want to drive around they aren't harming anything. Residents of Gruber, have you been on the streets of Gruber from mid-night until 3:00 or 4:00 a.m.? You would be surprised at the tremendous amount of strange cars bearing strange people just roaming the streets of Gruber and racing through the city. Such roaming as this could easily lead to burglaries and vandalism. With some law enforcement here that is established and seen there would be a great deal less of the strange visitors who roam in cars as well as on foot.

Of course the law enforcement might not be able to solve everything but it would prevent many of the things that may come in the near future. One life saved or burglary prevented would well pay the salary for a man.

Notes Of Interest

Warning after warning in the form of burglaries, vandalism and other charges passed by the residents of Gruber and still we stood under the impression that nothing could happen in "Gruber". The climax came and in the form of ruthless murder to one of the most prominent businessmen of the town who was known and loved by all.

Will this catastrophe stop all the unlawful crimes which have happened in Gruber? It is very doubtful that it will, why should it? It may not happen again in the next week, month or even year, but unless something is done, it could easily be repeated. With the tremendous crime rate in America and with the strong police force that the large cities have, why should crime stop in Gruber with no law enforcement?

I remember Gruber when the population was 400-500 which wasn't too many years ago. We all would like to see Gruber remain the town it has always been, where everyone knows everyone, but let's face it, Gruber it's growing and it can't remain the trust-worthy community that it once was. It is good that the town is growing, if it weren't it would be falling the other direction and would eventually become a ghost town.

As we said before let's realize that Gruber isn't the town it was in 1950 but the law enforcement is the same. Since I can remember Gruber it has tripled in size, businesses, residents and etc. The town is not all that is growing, the country is becoming populated, too. What three years ago, were vacant farm houses are now remodeled homes or now homes constructed where families have moved. More and more people are moving on the farms while at the same time Gruber is continuing to add to the population board. During three weeks in January there were some twelve new families who moved to the area. How can we as citizens of the town and area be protected in the same manner we were fourteen years ago when we still have the same amount of law protection?

I have been checking around a bit in various towns and have found that the crime rates of the small towns are increasing. One small town on the South Plains has had three stabbings since the first of the year. We are again prone to say that things of this nature couldn't happen in Gruber, but why couldn't they if a murder can be committed on our own main street.

Gruber is about the only town in the Panhandle with no city law enforcement, yes, we have a county Deputy Sheriff, but he continuously works around the clock with his work in the entire county. Mr. Walker shouldn't be depended upon to act as our city policeman, too. Vega, a town of about 1,000, in population has a tremendous law enforcement set up for its size but it takes what they have, to maintain order.

Vega has a sheriff, two deputies, along with a city policeman, a night watchman and two highway patrolmen. Sunray has a deputy sheriff and a city policeman while Stratford has a Sheriff, deputy and night watchman.

FINAL RITES HELD FOR MICKEY WESTERFIELD

Funeral Services were held Sunday February 28th for P. H. (Mickey) Westerfield, a longtime, resident who was known and loved by Gruber and the surrounding area. Mickey met death Friday night March 26th, 1965, when he was shot while tending to some last minute business in his store.

Paul Herman (Mickey) Westerfield was born January 4, 1903 in Harper County Kansas. He was the son of Mr. and Mrs. U. T. Westerfield and was one of nine children, having four sisters and five brothers.

Mr. Westerfield grew to adulthood in Glazier, Texas where he moved with his family at a young age. He attended the country schools near Canadian and the schools of Glazier.

On September 21, 1924 P. H. Westerfield and Rebecca Lynch were married in Perryton. Following their marriage the couple made their home in Plemons and GeWhitt.

In 1927 Mr. and Mrs. Westerfield moved to Spearman where he was associated with the Russell Dry Goods Store. Soon he set out to have a business of his own and the couple moved to Gruber where a town was just beginning to be built. He established one of the first businesses of the town which was a market and dry goods store. The market was sold and Mr. Westerfield continued to increase his stock in the dry goods department. In recent years they remodeled the store and added many modern features.

The sons, Paul and Pat, have been associated with their parents. Paul is associated in the store and also in the farming interests. Pat has farmed with his father since a young boy.

Mr. and Mrs. Westerfield have reared their fam-

ily in Gruber where both sons have graduated from Gruber High School.

Active in the civic work of Gruber, Mr. Westerfield has served as mayor and city commissioner. He served in the commissioner position from October 28, 1944 when a special election was called until April of 1955. In April of 1955 he became mayor and served this position until April of 1959. He has also been an active member of the Gruber Lions Club.

P. H. Westerfield petitioned the Hansford Lodge December 9, 1929 and was raised to the degree of Master Mason March 10, 1930. On February 9, 1931 he demitted from Hansford Lodge and became a charter member of Gruber Lodge No. 1266. He was Worshipful Master of the Gruber Lodge 1266, serving from 1935-36 and 1936-37. When the Gruber Lodge demitted in 1941 he re-affiliated with Hansford Lodge 1040. On May 29, 1950 he demitted from Hansford Lodge to become a Charter member of Gruber Lodge 1326. He was Treasurer of the Gruber Lodge 1326 from 1950-1960. He was made a Scottish Rite member or a 32nd Degree Mason at Dallas Consistory in 1944 and was a member of Khiva Shrine Temple in Amarillo.

The funeral services were held in the Community Bible Church of which Mickey was a member. The services were held at 3:00 p.m. February 28th, 1965. Reverend W. L. Porterfield, pastor of the Community Bible Church, and Reverend J. W. Duke, pastor of the First Christian Church of Pampa officiated with the services.

Mrs. Don Hart and Mrs. Paul Gurfory were organist and pianist for the services and accompanied Doyle Barkley who sang "How Great Thou Art" and "Just

RITEs FOR ERICKSON BABY HELD THURSDAY

Graveside rites were held for Caren Kay Erickson, the baby daughter of Mr. and Mrs. Charles Erickson. The services were held in the Gruber Cemetery Thursday, February 25th, 1965 at 3:00 p.m.

Brother Alfred White, pastor of the Gruber Church of Christ officiated with the services and was assisted by Brother Flavil Ayres. The interest followed the services immediately.

Caren Kay was born November 3rd, 1964 in the Spearman Hospital, she passed away February 23, 1965 in the Peaceful Valley Children's Home of Bangs, Texas following an extended illness.

Survivors include the parents, Mr. and Mrs. Charles Erickson; one sister, Carmen; her grand-parents, Mr. and Mrs. Fred Cooper, and Mr. and Mrs. Theodore Erickson of Greeley, Colorado; great-grandparents, Mr. and Mrs. Tom Monroe of

Dalhart, Texas, and Mrs. Anna Mitchell, of Denver, Colorado; great-great grandfather, T. O. Monroe of Dalhart.

THANK YOU

We wish to express our sincere appreciation to the Sheriff and his department, Lawmen and Texas Rangers along with our many friends who worked by their side in the investigation carried on throughout the night and following day. A special thank you is extended to our friends and neighbors who prepared food and opened their homes to us, along with the beautiful flowers. May God bless each of you who assisted with the memorial service, for your prayers and those who worked the blowing field across from the cemetery.

BACK FORTY PHILOSOPHY

by Jack Johnson

For once I was thankful for Johnson grass on my forty acres. I ended the week with a little more top soil than I had expected. So much in fact that it almost covered my mail box which held my trusty weekly newspaper.

I noticed one of those fellows from Washington said "All the way with LBJ" was confusing since Mr. Johnson was already president. My friend who teaches government says it is proposals of the administration to care for everybody that "bugs" him. Does "All the way with LBJ" mean from coast to coast or from cradle to the grave?

Mr. and Mrs. Jackie Broadus and Kim of Tucumcari, New Mexico and Mr. and Mrs. Roy Graham of Plainview visited in the home of their wives parents Mr. and Mrs. J. B. Walker.

CARD OF THANKS

Our heartfelt appreciation is extended to all our many friends who were so kind to us during the recent death of our loved one. Thank you for the beautiful flowers, love gifts, donations and food which were given to us at this time. May God Bless you all.

PERCENTAGE OF ALL DEATHS FROM HEART AND BLOOD VESSEL DISEASES, BY STATES

HEART AND BLOOD VESSEL DISEASE are the leading cause of death in each of the 50 states, as shown in map. In the nation as a whole they are responsible for 54 per cent of all deaths. Differences among states can be explained to some extent by such factors as age, sex and ethnic composition of their populations. The nationwide attack against these diseases is spearheaded by your Heart Association, supported by your contributions to the 1965 Heart Fund. The month-long campaign reaches its high point on the weekend of Heart Sunday, February 21, when more than 1,750,000 volunteers will visit their neighbors to distribute heart-guarding information and to receive Heart Fund contributions.

Poem Dedicated To Mickey Westerfield

MICKEY

Composed by Mae Bretz

He took his stand among men
With a strong determination, and a slightly boyish grin
He wasn't looking for an easy way
But to toil and struggle and work and play.

To serve mankind was his top-most creed
He loved people and knew their need
Way back there in the dust bowl days
He, himself, did without, that friends might be saved.

The wind was blowing the land away,
People couldn't make any crops, but they heard Mickey say
"Groceries and clothing I have for sale,
Don't worry about paying me, I know you won't fail."

Faith he had in this country and men
He loved God and church he did attend
He was humble and lowly in his own meek way
He had fine qualities, seldom found to-day.

He made his way, by the sweat of his brow
Everyone loved him, and he seemed to know, somehow
That every man was his friend, indeed
He never once thought of a killer's greed.

His life was taken, it seems so unfair
That a murdering thief was hiding there
Mickey, in his loveable unsuspecting way
Was going to check the receipts, taken in that day.

He didn't have an enemy, no not a one
Everybody loved him and he loved everyone
The community cried out in shock horror and despair
Who'd want to harm Mickey, he was always true, honest and fair.

Food, by friends so solemnly prepared
To serve Mickey's family and to show them they cared
With a dish in their hand and a tear in their eye
Gently and sweetly they stood silently by.

Mrs. Annie Clifton was in Spearman Wednesday on business and had dinner with Mrs. Betty Jo Vernon. Elaine and Evelyn Kelly both attended the Gruver basketball games in Lubbock the past weekend. While there they visited with the Wayne Kellys.

Mr. and Mrs. Mack Dortch attended Mr. Westerfield's funeral on Sunday and later visited in the home of Mr. and Mrs. Dick Lee, old time friends.

Mr. and Mrs. Tom Dortch and family and Mr. and Mrs. Frank Lewis and family had supper out in Borger on Saturday night.

On to the Church in single file
Chairs everywhere and down through the aisle
People turned away, at the door
Mickey's church just couldn't hold any more.

"How Great Thou Art" the first song sung
Wreched people's hearts and tears from them wrung
"Just a Closer Walk With Thee"
And then a Masonic ceremony, in his memory.

Then the funeral march from the organ strain
Oh! How our hearts bled, deep was the pain
"Vaya Con Dios, My Darling, Go With God"
Then the grief, stricken family,
Behind Mickey's body, trod.

"We're going as far as we can with Mickey"
You could almost hear people say
He went all the way with us
When the wind blew our fields and crops away.

So on to the dust blown cemetery,
No, not a one turned back
The thought uppermost in all our minds was
OH! The scoundrel that committed this heinous act!

God in His infinite wisdom
Oh! help us to-day
Try to make us understand
Why Mickey was taken away.

We want to thank his family,
For sharing him with us
We all loved him as you did
And we know he loved all of us.

LETTER TO THE EDITOR

February 27, 1965
Editor
Gruver Independent
Gruver, Texas

Dear Editor:
There are two bills before the house and senate that are of public interest and upon which I would like to comment. The truth

concerning these two bills has often been obscured by those seeking their passage. I trust you will publish this in interest of truth and information.

House bill 49, by Rep. Maurice Pipkin of Brownsville, has been and is being called the horse-racing bill. The truth is: this is not a horse-racing bill and has nothing whatsoever to do with horse racing. It is a bill to allow pari-mutuel betting and big-time gambling in Texas. Horse racing is now and has always been legal in our state. HB 49 is a gambling bill being advertised

WMC Observe Anniversary Sunday

In observance of the 14th annual Women's Missionary Council Day, women of the Assembly of God Church will participate in a special program during the morning worship hour, Sunday March 7th, 1965.

Theme of the service "Hold High Your Light," emphasizes personal responsibility of the Christian in everyday life. Special music and visuals will be a part of the program.

The meeting will be as a racing bill.

Then there is SB No. 8 by Jim Bates, Edinburg Those seeking its passage claim it will not allow open saloons in Texas but would bring millions of dollars to the state through taxes. The truth is: this bill would allow any establishment with a restaurant's license to sell whiskey whether it were a restaurant or not. And, it will cost our state money we cannot afford. In 1943 the General Court of Massachusetts looked into the matter of drunkenness. On March 7, 1945, the commission made a 381 page report. Alcohol tax revenues were \$3,139,266.79 in 1943. In the same year known alcohol-related losses to the state in terms of penal costs, rehabilitation expenses, welfare funds, and such were \$46,474,953.74. For every dollar collected in taxes, it costs the state \$3.50. Sincerely,
Bill Butts

part of a national observance. The local Women's Missionary Council is one of some 6,000 such groups in the U.S. The organization has developed from a one group beginning in 1925 when through the initiative of the founder, Etta Calhoun, women began to band together for prayer and work in interest of missions.

As a part of the Assemblies of God foreign missions program, WMC groups have been organized in seventeen other countries. Missionettes, girls' auxiliary of the WMC, has a current membership of 40,000.

The WMC is a service organization of the Assemblies of God. For the past seven years, combined offerings from both groups has exceeded one million dollars annually, according to Reverend Paul DeWolfe, pastor of the Gruver Assembly of God Church.

Mrs. Bob Patterson is president of the local WMC group.

Brothers Held

Walker were visiting with Earnest Grissam at the time who had supposedly come by their house to ask if it would be alright for him to stay with his brother at the Walker farm. When the call came Mr. Walker immediately sent his wife to the neighbors home to call for Earl Phillips, telephone man for Gruver. Mr. Walker continued his conversation with the operator

then turned the phone over to Grissam to take all messages while he went out to find Phillips.

Upon turning in at Phillips house, Mr. Walker found Earl just arriving home and told him that he would pick him up as soon as he told his wife that he had located him. Walker went to his house and sent Grissam to the neighbors to inform them that he had located Phillips.

Walker and Phillips went to the phone office to find where the call was from and located it in a short time. They then went to Westerfield's store and tried the front door but found it locked and went to the back door where they entered. They walked through the store to the front telephone in the middle of the store to find Mickey lying on the floor. They immediately called for the doctor and J.B. Cooke was summoned from Spearman.

It was decided that Mr. Westerfield died about 9:00 p.m. and was found about 9:45 p.m. Only one drawer in the store was opened everything else was in place and nothing was stolen.

Lilo Terrazas J. heard a commotion of his dogs barking sometime between 9:30 and 10:00 p.m. at his home to the west of town and he stepped out to see a man walking west on the dirt road across the railroad tracks. Two men in a car parked at the Texaco Station said a car fitting the description of Earnest Grissam's turned west and headed down the dirt road and supposedly picked up John Grissam.

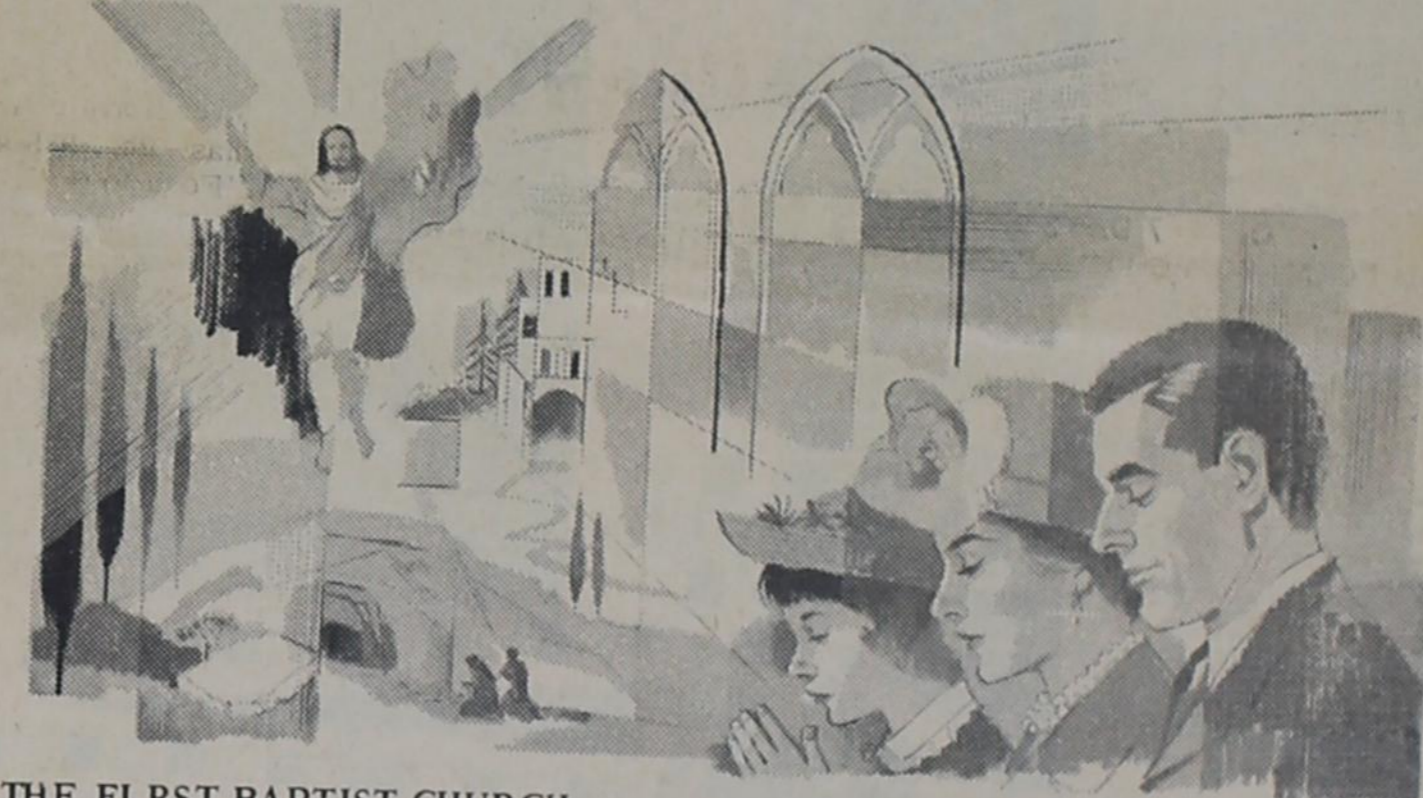

Sheriff Cooke and Orville Walker assisted their staff and Texas

Ranger Bill Baden of Pampa began the investigation with only a few meager clues available. The clue which led to the capture was the footprints found beneath the bathroom window. A set of plaster casts and photos were made of the prints. From the footprints it was determined that the shoes had been made in a prison. This particular type of shoe is not sold in any store, officers said, and is given only to convicts. This narrowed the search to an ex-convict or someone associated with such a person. Checking where Lilo had seen the man the night before they found the footprints matched those of the one found at the store. They followed the tracks until they abruptly ended, where evidently a car had stopped to pick up the walking man.

The investigators talked to all the known criminals in the area including John Grissam. Grissam was taken into custody about 5:00 p.m. Saturday. Officers searched the home but were unable to find the weapon. Grissam first denied but enroute to Spearman with the officers he soon changed his story and confessed and showed the officers the tail water pond where he had thrown the 22 calibre pistol. The pond was on the Dilly place some six miles west and two north of Gruver. The pistol was recovered Sunday morning after the pond was drained.

John Grissam is twenty-seven years old and his brother is thirty-four. Both men are in the Hansford County Jail with their bond refused.

'65 CHEVROLET

These great performers are the lowest priced models at our One-Stop Shopping Center

Top to bottom: Chevy II 100, Corvair 500, Chevelle 300, Chevrolet Biscayne. All 2-door models.

Each of these beauties is the lowest priced in its line. But the ride doesn't show it. Or the interior. Or the performance.

That luxurious Biscayne is as roomy as many expensive cars, has color-keyed interiors, plush vinyls, fine fabrics, full deep-twist carpeting.

Chevelle, America's favorite intermediate-size car, has clean new styling, wide doors, roomy, tasteful interiors and Chevrolet easy-care features.

Chevy II got a lot smarter for '65--but stayed sensible! Still family-size, easy to handle, economical, and the lowest priced Chevrolet you can buy.

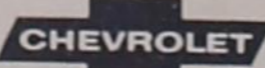

Or get a sporty rear-engine hardtop in a Corvair Sport Coupe or Sport Sedan for fun in the months ahead.

Chevrolet, Chevelle and Chevy II are available with the Turbo-Thrift Six for fuel economy, quick warmups, quiet idling. It's light, efficient, smooth and spirited.

Corvair's air-cooled rear-mounted Turbo-Air Six delivers the best balance and traction for this size car.

So be practical. Only you will know. Because it sure won't show!

SORROW
Sir Aubrey De Vere
Count each affliction,
whether light or grave,
God's messenger sent down
to thee; do thou
With courtesy receive him,
rise and bow;
And ere his shadow pass
thy threshold, crave
Permission first his heavenly
feet to lave;
Then lay before him all
thou hast; allow
No cloud of passion to
usurp thy brow,
Or mar thy hospitality;
no wave
Of mortal tumult to obliterate
Thy soul's marmoreal
calmness.
Grief should be
Like joy, majestic, equable,
sedate,
Confirming, cleansing,
raising, making free;
Strong to consume small
troubles; to commend
Great thoughts, grave
thoughts, thoughts lasting
to the end.

MARCY GROSS WINS FIRST PLACE IN CONTEST

Marcy Gross

The American Legion Auxiliary has sponsored a contest for the Junior High Students consisting of essay writing. The students, composed of Elgenia Williams Junior High classes, wrote their essays centered on the title "What America Means to Me."

First Place honors went to Marcy Gross, Second Place to Mark Womble. The first place essay will go to District and the winners there will go on to the Division and then State. The essays will be published as space permits in the paper.

The winner, Miss Marcy Gross is an eighth grade student and is the daughter of Mr. and Mrs. Keith Gross.

Marcy's Essay is: I was born in America. Having never lived or traveled in any foreign nations, I am not able to compare America, firsthand, with other countries; but from my studies and vicarious experiences, I feel I have enough knowledge of these nations to discuss my opinions on this topic.

When I start thinking of the peoples of the world and what America probably means to them, I start wondering, "What does America mean to me?"

America! America is freedom, freedom of speech, freedom of religion, freedom of the press.

America is opportunity. "Opportunity?" I think. From the condition our unemployment statistics are in today, a person would not think America holds much opportunity, but when compared with other countries, America seems to hold plenty of opportunity!

America is democracy, an absolute democracy, a

help in his future plans and what is expected of him in later life.

government in which the governmental powers are exercised by all the people. In the dictionary, democracy is described as a representative government where there is quality of rights without hereditary or arbitrary differences in rank or privilege. Is this entirely true in all ways of thinking? This question raises quite a hypothesis. We have been having a continual chaos of racial discrimination in the Southern states for a long time, too long. But America is not perfect; every nation has its faults, and this is one of ours. But when compared with all the other nations of the world and their tribulations, America is as nearly perfect as a country can be.

Comparison! That is what America is based on! I realize now I have been basing my speculations of what America means to me on comparison. That is what makes things look good or bad, large or small, promising or unpromising. Comparison! But it makes America look good. It makes America look large. It makes America look promising, does it not? And when a thing looks a certain way, that is usually the way it is. So comparison is not so bad, after all. For America, that is.

People here in America are sitting back and waiting

HOLD FAST YOUR DREAMS
Louise Driscoll
submitted by Judy Gillispie

Hold fast your dreams!
Within your heart
Keep one, still, secret spot
Where dreams may go,
And sheltered so,
May thrive and grow--
Where doubt and fear are not.
O, keep a place apart,
Within your heart,
For little dreams to go!

Think still of lovely things that are not true,
Let wish and magic work at will in you.
Be sometimes blind to sorry. Make believe!
Forget the calm that lies
In disillusioned eyes.
Though we all know that we must die,
Yet you and I
May walk like gods and be
Even now at home in immortality!

We see so many ugly things--
Deceits and wrongs and quarrelings;
How quickly fade the color in the west,
The bloom upon the flower,
The bloom upon the breast
And youth's blind hour.
Yet, keep within your heart
A place apart where little dreams may go,
May thrive and grow.
Hold fast--hold fast your dreams!

for everything to come to them instead of going to it. In this great land, it should be a pleasure to go out and seize the accessible opportunities that are available.

After writing this, I now know what America really means to me. I have never really thought about it before. It means opportunity, the right to express my opinion, the right to represent my country as I choose, and the right to worship as I choose. In short, America means everything I want or ever could want!

N. and Bill Raney not only offer a complete menu for you to choose from--but they also feature a complete and comprehensive catering service--anywhere--anytime.--Phone them at 935-5507.

This area is indeed fortunate to have such a lovely, modern motel--at the service of the people--they are on Hwy. 87-287 S. in Dumas.

Lee Johnson, shown with one of his modern service wagons offers many services throughout Moore County with His Advance Pest Control--A growing Dumas Business.

EXTERMINATING---RESIDENTIAL---COMMERCIAL---INDUSTRIAL---Bonded---Insured---Guaranteed---LEE JOHNSON---C.P.O. 14 Years Experience

The Advance Pest Control and Exterminators are located at 302 W. 12th in Dumas--Phone 935-4241 for service anywhere-anytime.

Lee Johnson says he is happy to be serving the people of Moore County and the North Plains--and offering some of the newer and safer chemicals. Available now, or in the near future are:-- A product which effectively controls clover mites. Until only a very few years ago this pesty, annoying, little mite was very difficult to control--they can now be stopped with one application of insecticide in most cases.

Also there are new chemicals for the control of roaches with a more pleasant odor than formerly--and it lasts for longer periods of time.
Since flies have developed a resistance to DDT--other products have been perfected which give effective control (for outside sprays) for periods of 3 to 8 weeks. Vapor bars are on the market for inside control of flies and other flying insects--releasing constant--but controlled vapors in such minute amounts--they are non-toxic to humans and animals.

New fertilizers have been developed which contain all of the necessary trace elements--also on the market this year is a new crab grass control product that not only kills crab grass, but controls lawn insects.

Tree and shrubbery sprays last for longer periods--rats and mice can now be killed without endangering pets.

A chemical trim which prohibits further growth of trees or shrubs--without hindering production of leaves--blooms--or fruit--and a chemical lawn mower which will reduce the necessity for regular mowings--are expected to be on the market soon.

Selectivity in killing only certain insects or plants has certainly come along way. Mr. Johnson stresses the importance of pre-treats for termites, ants and other ground insects before erecting your building or home.

H & W PRESCRIPTION PHARMACY

---24 HOUR PRESCRIPTION SERVICE---
OUT OF TOWN PRESCRIPTIONS FILLED IMMEDIATELY!!!! Phone 935-2121

The H & W Prescription Pharmacy is located at 614 Dumas Avenue in Dumas, Phone 935-2121. Here prescriptions are accurately filled from quality drugs by professional pharmacists.

The relationship between the professional pharmacist and the physician is very close. The people should have confidence in the Doctor and the Doctor must have implicit confidence in the Pharmacist, for he is unable, without a chemical analysis, to determine whether all the ingredients called for in his prescription are contained in the compound and if they are pure and fresh.

Moreover, the pharmacist, in many cases is the medium through which the physician gains certain of his knowledge. To be progressive, he is expected to know all the newer preparations that are available, as well as conditions wherein they may be indicated. As soon as any biological or pathological discovery is proven of worth, he will have a supply on hand ready for the doctor's and the public's use, and all of full standard potency and reliability.

For their highly specialized training as professional pharmacists, for their responsibility in service to sick and their place of business, established for the filling of prescriptions from high quality drugs, the H and W Prescription Pharmacy has answered the requirements of the profession.

Powell Abstract Co. Inc. is located at 110 E. 7th in Dumas, Phone 935-5658.

This firm has vast experience regarding land, land owners and insurance. Their schooling and experience have made them fully able to work out problems regarding titles and insurance.

Years ago, at the time land was acquired originally or even later, little effort was taken to keep a clear record of the title. There were not those requirements of getting deeds and having them recorded as today. You do not have to experience difficulty in having matters cleared up. With every detail of information at hand, the Powell Abstract Co. Inc. will take pride in doing the most efficient work possible.

If you're contemplating buying a piece of property, or you are not sure about the title of the property on which you live; we would recommend nothing better than for you to have them prepare an abstract which will show the true status of your title. We are certain that there are no reliable authorities on these intricate matters than the experts in this office.

This is one of the best known body and fender repair shops in this section because of its excellent workmanship and service. It will be worthwhile to let this firm take care of your body and fender needs.

Their body and fender work as well as auto painting surpasses anything done in this section. They have the "know how" that puts their work in a class by itself. Be sure to see Ralph Rye at Ralph's Body Shop at 201 N. Dumas Ave. in Dumas for all work of this type.

INTERESTING ARTICLE WAS LENT US TO READ AND BELIEVE OUR READERS WOULD ENJOY READING ARTICLE TOO. THE MISSIONARIES MENTIONED ARE WIFE AND NEPHEW OF MRS. LEO MORRISON.

J. S. Racial Riots Shock To Africans

Mass murders in the African Congo set in motion a wave of shock which jolted the world, but the Congo's neighbor, Kenya, was much more deeply disturbed by use of dogs to quell racial riots in Alabama. This was the observation expressed by 30-year-old Southern Baptist missionary, Will J. Roberts, who has spent the past three years working among the Kikuyus in Kenya, East Africa.

Identification Strong

"Identification with the American Negro is very strong in Kenya," Roberts said.

"Nearly all people in Kenya have some avenue of news, and they get very emotional about riots here in the United States."

Roberts, a native of Sweetwater, and his wife, Marie, native of Rush Springs, arrived in the states with their three daughters last month on a medical furlough.

It was feared earlier that Roberts would have to undergo surgery for an ulcer condition, but his physician in Oklahoma City has assured him that surgery will not be necessary.

The missionary family, which includes Esther, 5, Ruth, 3, and Rachel, 1, are now living at 3225 SW 62. They expect to return to Kenya in January, 1966.

In Kenya, the Roberts family live in Nyeri — just 100 miles from Nairobi, where negotiations between Americans and Congolese rebels failed to save the lives of medical missionary Dr. Paul Carlson and 30 other white hostages who were massacred just weeks ago.

Safety No Concern

Although Kenya borders the Congo, Roberts feels that his own life is in no immediate danger. And even though his wife and children are often left alone at their home for periods of time, Roberts feels no undue concern for their safety.

"You can't really let yourself think about these things," he said. "You've got to be optimistic. Pessimism will defeat us in our Christian work."

He referred to the pessimism of Europeans who are reported to be leaving the country at the rate of about 600 a month because they fear for the future in Africa.

"I believe that in an emergency I would take the advice of the American embassy and get out," he said.

"I am very glad to be an American citizen," he added. "The United States stands behind its citizens and keeps in close touch whenever our lives are threatened."

Terrorism Is Past

The rebel terrorists who killed Dr. Paul Carlson have had an influence upon Kenya, but this is all part of the past, Roberts believes.

"In the past about 90 percent of the Kikuyu tribal group — the largest in Kenya — was following the Mau Mau movement. Basically, it was an anti-white movement motivated partly by a hunger for land."

"This pretty much died out when Kenya gained its independence in December, 1963," Roberts explained.

The young missionary shrugged off as improbable a suggestion that what happened in the Congo could be repeated in Kenya. He added, "I don't believe that Kenya is going to revert to cannibalism like they did in the Congo because people in Kenya are better educated."

As for whether or not Christians have a sympathizer in the person of Kenya's first prime minister, Jomo Kenyatta, Roberts feels that the 74-year-old leader's past affiliations with Christians has given him a unique understanding.

Negro Missionaries Advocated

"I hope the day will come when Southern Baptists will appoint Negro missionaries," Roberts said.

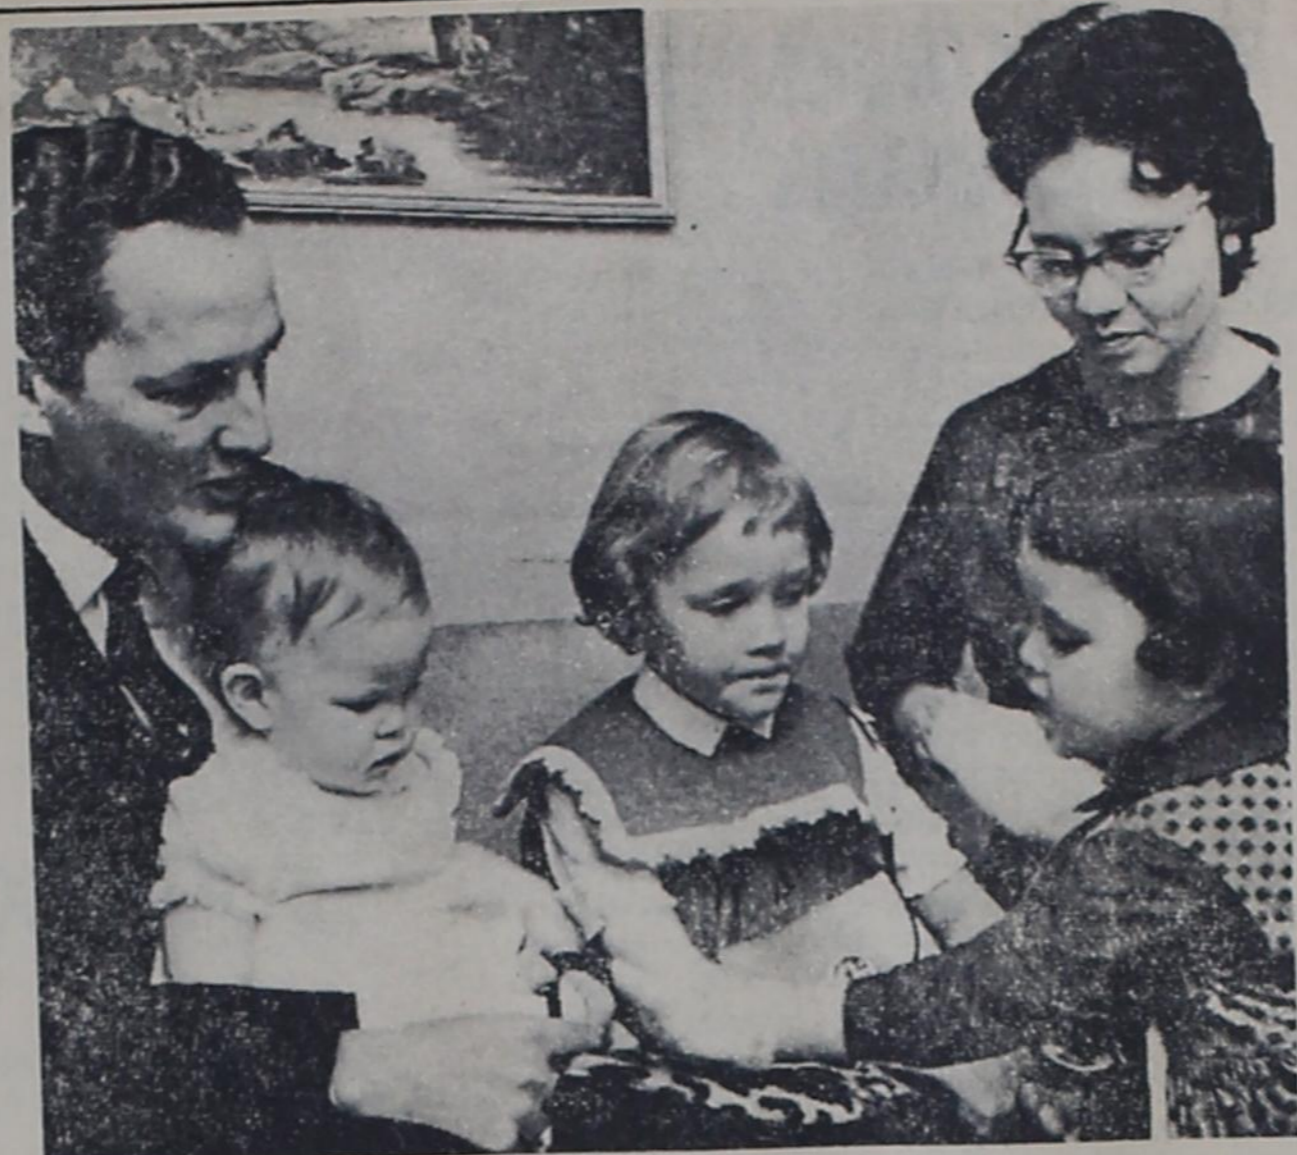

"White faces have gone out of style in Africa," he added. "The feeling of nationalism is very strong. You don't go there as a father figure, but to help the people help themselves."

Roberts, a graduate of Oklahoma Baptist University, Shawnee, and Southwestern Baptist Theological Seminary, Fort Worth, Texas, described Africa as "the battleground for the East and West" and expressed his belief that it will remain so for the next few years.

"People in Africa play upon the conflict between East and West, especially where foreign aid is concerned," he said.

A normal day begins at 7 a.m. for the Roberts family who live in a 3-bedroom, rock house, with two baths and running water piped in from a public system.

One of the major adjustments that had to be made to life in Kenya was to the time scheduled, Roberts admits.

Getting established at a new home in Oklahoma City are Southern Baptist missionary, Will J. Roberts, and his wife. Their daughters are, from left, Rachel, 1; Ruth, 4 and Esther, 6.

Christian Youth Attend Conference

Mrs. Elmo McClellan Sr. took four young people to Amarillo this past weekend to attend the CYF Ecumenical Conference which was held at the Episcopal Conference Center north of Amarillo.

Three members of the Christian Youth Fellowship of the First Christian Church were present for the meeting. Those attending were Camelia McClellan, Larry McClellan and Sherry Weant of the CYF and their guest Arlene Barkley of the Gruver Methodist Church.

BAPTIST NEWS

The big news around First Baptist Church this week is about the prospective music-educational director, Mr. Norman Burgess, presently with Fielder Road Baptist of Arlington, will visit Gruver Saturday and Sunday. He will be in charge of the music program for both services Sunday. All members are urged to attend.

The pastor-led enlargement program was as successful as could be expected. Forty-one enrolled in the study and many interesting factors were discovered concerning Sunday School work, space and teachers.

The GA house party is coming up real soon. It will be an over-night session at Canadian. All GA girls should attend. For more information call the church office or see Jo Alice Clawson.

The Baptist of Texas take three special offerings each year. One for state missions, one for home missions and one for foreign missions. The Local Baptist Church will have a week of prayer March 7-14 and an offering will be taken in interest of home missions. The effort is sponsored by the WMU, Mrs. Ed Vernon, President.

RANGE SEEDING

drouthy conditions past two years and abuse of our rangeland seriously depleted our range grasses and allowed undesirable weeds to take over the range.

and climate conditions. A combination of these two are known as range sites, and here in Hansford County we have eight range sites ranging from tight soils (Pullman silty clay loam) to porous soils (Potter Soils). The combination of plants that originally grew on these sites (climax grasses) vary from blue grama and sideoats grama to little bluestem, western wheatgrass, and switchgrass.

A number of farmers and

ranchers in Hansford County assisted by the Soil Conservation Service Work Unit in Spearman are reseeding deteriorated ranges and cropland to climax grasses in the very near future.

On the T. J. Bergin ranch south of Gruver, approximately 117 acres of loamy bottomland will be swept to kill the influx of undesirable vegetation and will be drilled to Switch grass, Indian grass, Western Wheatgrass and Mixed Bluestem grasses. On the slopes above the bottomland, the land will be seeded to Blue Grama and Sideoats Grama. Mr. Bergin will also plant Midland Bermuda grass and Switchgrass on irrigated land to supplement native rangeland.

On the H. H. Hudson Estate, in the south western part of Hansford County, about 30 acres of sidecats grama and blue grama will be planted. Mr. Orville Mathews the operator of the Hudson farm, has previously planted this combination of grass to 54 acres of the section, and is very enthusiastic about the stand and quality of forage produced. The 30 acres to be planted is now in cropland surrounding two lakes. The location of the site to be planted has been subjected to periodic inundation and severe washing due to heavy rains and uncontrolled tail water. Thus new grass will not only prevent soil erosion but will provide grazing where heretofore crops were frequently lost.

Mr. Mathews will plant a dead litter crop of sorghum this spring. He then plans to mow or shred the maize and drill the grass seed on the cover this fall.

Mr. Bergin and Mr. Mathews have both planned a systematic program of seeding rangeland and cropland to produce more and better forage and to protect land from erosion.

The Great Plains Conservation Program Provides cost sharing and technical assistance to farmers and ranchers interested in reseeding rangeland and/or seeding of cropland to range grasses.

Persons interested in seeding cropland to range grasses or reseeding rangeland should contact the Soil Conservation Service Work Unit in Spearman for technical assistance and cost sharing information.

CARD OF THANKS
I wish to express my sincere appreciation to the many friends who helped my mother and father while I was out of town. The food, thoughts and prayers along with the kind expressions were wonderful.

SOMEONE FAILED

A Gruver business man last Friday night went to his business and was met by a robber. To protect himself, the robber carried a gun and in his fright of being detected, fired and killed a man. Someone failed.

Was it the lack of police protection? This may have helped, but it isn't the cause. It was society in training this murderer in the holiness of life. Perhaps it was the parents who couldn't or didn't get through to the person that life is to be honored as well as another person's property. Someone failed.

We all see failure in many areas--breaking traffic regulations, cheating in school, in business and reporting income tax. We see gossip and jealousies cropping out. These all indicate humans are a failure.

It only shows by nature we all are sinful since the fall of Adam. We all are breaking God's holy laws of love. We break every commandment every day. Some affect society more than others, as when a person's

IRRIGATION TAIL WATER LOSSES

According to the High Plains Undergroud Water Conservation District tail water studies were made on farms in Palmer County. Actual records show that there was an average loss of 600 gallons per minute irrigation well. Loss from 1-800 gallons per minute will be 6000 gallons of tail water per hour. This is over one season, with irrigation wells amounts to 1 acre feet of tail water. According to Darrell R. Roe, North Plains Water District, there are 631 producing irrigation wells in Hansford County. Using the above figures he estimates the potential tail water

loss in Hansford County could amount to 23,000 acre feet per year. This amount of water would allow a 12" application on 23,000 additional acres of land.

Realizing that many farmers are not losing excessive amounts of tail water, the tail water losses are never the less staggering.

Personnel of the North Plains Water District encourages all irrigation farmers to take a close look at their irrigation system and consider the feasibility of a tail water recovery system. Remember what Ogallala Slim says - "You never miss the water til the well goes dry."

Final Tabulation On March Of Dimes

The March of Dimes had its final tally as totals received during the month of January. The county of Hansford received 137.59 as a total for the drive. Seventy-six dollars and thirty-seven cents were in-

cluded on the expenses for the drive to leave a total of \$4,060.72 of total receipts.

Twenty-five percent of the March of Dimes proceeds after expenses were deducted went to the Medical Scientific Research Fund and totaled \$1,015.18.

Of the remaining 50% which was \$1,522.77, went to the National Foundation while the other 50% remained in the local chapter. Mrs. Virgil Mathews expressed her deep appreciation for the help that was given to make the drive a complete success.

A meeting for the area council of the March of Dimes will be held in Pampa March 9th.

Other special thanks have been extended to the merchants who donated merchandise, the citizens of the county who contributed, along with the local means of advertisement given to the drive.

Also a special appreciation is extended to the Mothers who marched, the Boy Scouts, the auctioneers and those who helped with the auction and to the schools and teen-age groups.

The local funds which remain in the county is used for the people who live in the county and who are in need of it.
