

Mr. and Mrs. J. A. Ward

## HIGHLIGHTS FROM THE PAST TO THE PRESENT

As Highlights from the Past to the Present turns back the pages of time it brings the Ward family to the minds of the readers. This pioneer family moved to the county of Hansford in 1917 to settle to the east of what is now Gruver.

Mr. James Abner Ward was born in Ellis County, Texas. After birth his family and he moved to Hamilton County Texas. Lela M. Hudson was born in Brazos County Texas. In 1900 James Abner Ward and Lela M. Hudson were married. After their marriage the couple lived in Hamilton County for a short while and later moved to Mills County near Star, Texas in 1907.

Four children were born to this union. Two of the children, Autra and Mildred, were born in Hamilton County. The remaining two, Anson and Jewel were born in Mills County.

Following relatives which had preceded them, Mr. Ward set out in search of new land. Several relatives had found their desires in the Texas Panhandle so he decided to seek the country to see if that was what he wanted. In 1913 Mr. Ward came to Hansford County and bought land from Dr. Cookin.

Returning home for his family, Mr. Ward sold the land he owned in Mills County and moved the family to their new home in Hansford County. Mr. Ward returned first on a box car which he had rented for the trip. The car was partitioned into two sections. In the back the section was prepared for their five head of horses while the other was set aside for the household goods and farm implements. Mr. Ward rode in the box car to Texhoma where he bought a wagon in order to move the belongings to Old Hansford where he rented a house until a home could be prepared on the farm.

Ten days later Mrs. Ward and the children came by train also to Texhoma. They were met by Mr. Spivey in an overland car which had the top down and no heater. It was the 10th day of March and quite cold and the children remember having to open the gates enroute to their aunt's and uncle's home, Mr. and Mrs. Billie Spivey, for the first night.

The family was quite excited over the new home and anxious to start improving their farm. They had no place for their horse and the first chore was to build a fence. Bob Thom helped the family get the first lumber for their farm and fences from the bank at Hansford.

They had to build their farm from nothing, first they had their water well drilled. E.C. Barnes' father drilled the well for them with a horse drawn well drill. The tower for the well was hauled by wagon from Texhoma. The boys and their father hauled lumber all summer for their farm. They first built a barn, with the help of Mr. Dillow, which they floored half of it and used it for their home until their house was built. The boys helped their father all they could. Jewel was only a baby when the family moved to the county. Jewel was kept in a home-made playpen his first days on the farm.

The children rode to school in a buggy which they got from Mrs. Ward's brother in Ochiltree county. They attended a small country school during their first years. Other children at the school were the Maupin and Cator children. They recall their teacher as being Ammie Moore. Later the Ward children attended school in Hansford. In those days school was only held for about four months at a time or until funds ran short for the teacher's salary.

When the family moved to the county in 1917 there was not time for a wheat crop to be planted and harvested. They spent most of the first year preparing the ground for planting. They plowed their land with a rod sod plow. In 1918 they raised row crop for feed for livestock. A hard winter in 1918-1919 supplied a need for the feed they had raised. Snow covered the ground for some three months. Mr. Ward would sell his harvested feed at 10¢ a bundle to those who needed feed for their livestock.

The family attended church at the Methodist church in Old Hansford and sometimes at the Grand Plains Sunday School. After attending church at Grand Plains the family would have dinner at the Grover Wilson home. Some Sundays were spent at the Billie Spivey home to the west and they would then attend church at the Woodrow school.

The family rented a house in Spearman for their children to attend school. Autra went to school in Beaver, Anson and Mildred attended school in Spearman and Jewel finished in Gruver.

Mrs. Ward had a nice garden and put up a lot of fresh vegetables to last through the winter. The families would join together and trade about in butchering their beef in order for no waste. The heat for their home was supplied by a coal stove which sometimes was aided

by cow chips to help the coal last through the winter. Mr. Ward also reared grain. Autra recalls going to Texhoma for barley seed during a rainy week. Buster Cator was one of the neighbors who joined together to go for the seed. The rain held them in Texhoma for a week before they were able to return with the seed. The family raised wheat which they harvested with headers. They freighted it to Spearman by wagon where they had to

Autra Ward sits atop the Ward Freighting Wagon driven by two mules. This was the early means of freighting, grain to and from market.

scoop it by hand into the box cars.

The family recalls visitors in covered wagons passing by the farm enroute from Oklahoma to Colorado. They also recall those same visitors returning some two or three years later to go back to Oklahoma after starving out in Colorado. Another guest was Mr. Rufus who passed through the country with dry goods. He would sometimes spend the night with the Ward family.

There was very little entertainment for the family they visited their relatives and neighbors. The Cator children and the Ward children would sometimes join together and chase coyotes over the plains. And it was quite a treat to go to Hansford on Saturday evening to visit.

Mr. and Mrs. Ward celebrated their fiftieth wedding anniversary in 1950. Mr. Ward passed away February 4th of 1951 and his wife followed him on January 21 of 1955.

Autra makes his home in Gruver where he is the owner of Ward Supply. He began as an employee later to become a partner in the hardware store in Gruver and is now the owner. He has been in the present building which was one of the townsite buildings built by A.P. Borger, since 1929.

Mildred Shuey lives in Amarillo, her husband is a retired railroad man. She also has land to the east of Gruver.

Anson also makes his home in Gruver. He farms to the north of town.

Jewel lives on the original home place and also farms for his occupation. He was once a partner in the Ward Supply.

Our story of the Ward family draws to an end, but the memorable lives of this family will never come to an end in the minds of the citizens of Hansford County.

## TELEPHONE RATES DECREASE

Reduced long distance telephone rates for most evening station-to-station calls after 9 p.m. within Texas will be introduced by Southwestern Bell Telephone Company on June 15, Richard Turner, Manager of the company announced.

The new rates will provide a maximum charge of 80 cents for a three-minute call anywhere within the state, he said.

Reductions of up to 50 cents on the longest calls within Texas will result from the new schedule.

Along with this reduction there will be a slight increase in most person-to-person calls within the state, Turner announced. This will amount to five cents in the basic person-to-person rates on most day and evening calls.

The new reduced station-to-station rates for three-minute calls will fall into three brackets, according to Turner.

Calls of 83 to 202 miles will cost 50 cents, a reduction ranging from five to 25 cents under present rates.

Calls of 203 to 360 miles will cost 60 cents, a reduction of 20 to 40 cents.

Mr. and Mrs. Tom Dozier have been to Monahans Texas to attend the graduation of Butch Jasper the son of Sidney Jasper.

## 1963 SENIOR EXERCISES HELD

Commencement Exercises were held Thursday May 23 for the 1963 Gruver High School Graduates. The graduation was held in the High School Auditorium.

The Greyhound Band presented the music for the Seniors as they entered the auditorium escorted by two juniors, Bonnie Sullins and Bob Gillispie.

Robert Nordin opened the evening with the invocation. Tony Shapley next presented the salutatory address.

Reinhold Korbel, exchange student from Germany, gave his impression of his stay in Gruver and America. He expressed how he had enjoyed his year in the Gruver School.

Pam Cooksey reviewed the School Days which the seniors had encountered throughout their four years in high school. She told of some of the honors which have been bestowed upon some of the individuals.

Larry Kauffman, president of the class, presented

the gift of the class to the school. Mr. Willoughby accepted the gift, which was a clock for the new school building, to be built soon.

The Valedictorian, Sammie Cluck, presented the valedictory speech. Mr. Clyde Barber, principal and Mr. W.H. Willoughby, superintendent, presented the Awards and Diplomas to the students.

The Band Scholarship was presented by the band director, Larry Sparks, to Kenneth Lee. Miss Phyllis Elliott presented the choir scholarship to Mary Ann Robinson. The P.T.A. scholarship was awarded to Larry Kauffman by the P.T.A. president, Mrs. Jack Gillispie. Two other church supported awards went to the salutatorian and valedictorian, Tony Shapley and Sammie Cluck.

After the presentations, Miss Elliott led the seniors and audience in the Alma Mater, while Kenneth Lee gave the invocation.

## Cemetery Water Problem Discussed

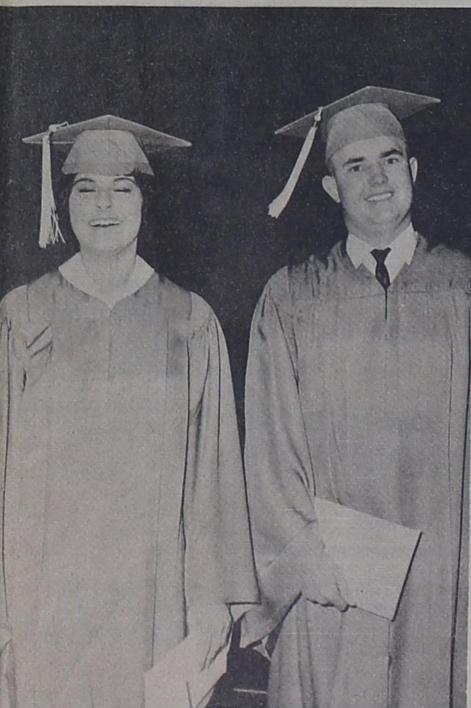

The Gruver Cemetery had an open meeting last week for election of officers and other business. The meeting was the first in several years and the most pressing need is an adequate watering system. Several trees have already been lost by the prolonged drought.

The well has already been drilled by Karl Morstain. The only cost of the drilling was the pipe which went into the well.

Aside from drilling the well the drillers cleaned up the terrible mess which had collected just over the south fence. The mess was a collection of wreaths wire

and stands which had been dumped over the fence as a means of destroying. About three truck loads of trash were carried away by the drillers and two or three Gruver men. Let's try to keep the cemetery a place of beauty.

The officers elected at the meeting were Clarence Winder, President; Vice-president; Bubby Gruver, Secretary; Treasurer, Beulah Bort. The Maintenance Committee is Gay Fletcher, Chairman, J.C. Harris; Ed Vernon, Durwood Cluck; Ralph Bort and Harley Alexander. The Trustees are Lawrence Gruver, Ralph Bort and J.C. Harris.

Pictured are Sammie Cluck and Tony Shapley, the valedictorian and salutatorian of the 1963 Senior Class.

## IN THE GRUVE

A week from today Gruver should have a Chamber of Commerce or Business Men's Club. Those interested in such a project will meet next Thursday night, June 6 to form the organization. The meeting will be held at the High School Agriculture Building at 7:30 p.m.

To our knowledge, most business men here are in favor of such an organization and feel that it will work. Of Course, the benefits derived from a Chamber of Commerce will depend entirely on the amount of work put into the organization. It must be a team effort as they say in sports with every member contributing a fair share of his time and ability.

We hope everyone goes into the project with the right attitude; knowing that it will take time and patience to, before visible gains are made.

A Chamber of Commerce here will not bring eye-popping results and its best that everyone realizes that before they join. Progress isn't made overnight but many projects will arise when everyone submits his ideas.

Here are a few things we think Gruver could use:

1. A doctor. Many good citizens have already been working on bringing a doctor to occupy the clinic but more effort is needed.
2. A payroll of some kind—possibly for women. Labor would be a problem here for any industry that employed only men.
3. A celebration of its own—possibly in the fall. Other towns around here have spring celebrations, but with prospects of more fall crops here, we think the fall could become appropriate. Gruver has a lot of things to be proud of. Let's set aside one week of the year to show off.
4. Someone to publicize the town's finer points to eliminate some of the weak features. A Chamber of Commerce can do this.

\*\*\*\*\*

Gruver's disagreements with Morse are about to take another turn for worse. Feelings over the recent consolidation issue have eased some but are sure to get hot again after a recent ruling by the Gruver School Board.

The ruling concerns those families living in Morse who send their children to school here. The board ruled that they would have to pay a tuition of \$600 per child starting next year.

The reason for the new ruling is sound in many respects. Since Gruver school district voters approved the bond to build a new high school the board felt that Morse students should have to pay since taxes will be raised here.

The bad part, from our view point, is that many of the students now attending here are hooked. Due to strained relations, many of them probably won't consider going back to school at Morse.

That means they would have to go else where if they couldn't afford to pay the \$600 fee. The total would run up to \$2400 for some families.

And for those who participate in sports, they would lose a year of eligibility. Many are seniors who would only one year left.

Parents of those students pay taxes already, but the money goes into the Morse school district. The Morse district could pay the tuition here, but that's not likely.

We can plainly see the school boards view and its fair in many ways. We do, however, feel that it could have been made to apply to only new students who enter here from other school districts and not to those now attending school here.

Those students now attending school here from Morse didn't know they would later be asked to pay. It's going to be tough on some of the transferring students.

It might also be the final whack in severing relations between Morse and Gruver.

\*\*\*\*\*

Only a week has elapsed, but already feelings over the recent whack vote have changed. Time is the best medicine of all.

We've talked to a lot of people here in the past week and through our conversations have divided the voters in the election into four categories.

1. Those who are against any kind of government supervision, regardless of what is best for the majority of the people.
2. Those who support the current administration, regardless of how wrong it is.
3. Those who wanted the program but voted against it because it had too many strings attached and because it gave too much power to Freeman.
4. Those who voted for it for economical reasons but still didn't like some of the controls it would bring.

We think about 75 or 80 percent of the voters fall into the last two categories.

We noticed that a new wheat legislation bill is already being drawn up and hope it will be much better than the other one. We still firmly believe that a program is necessary.

The editorial in the Amarillo paper the day after the election "The Road Back" was a well written article with lots of good points included.

However it didn't say back to where! It talked of freedom and a lot of other good things but left a lot unsaid—as is always the case with that paper.

There are times in history that many people don't want to go back to.

We believe that many people voted against the program on page 2

### LEGION AUXILIARY HOSTS GUESTS

Monday May 20th the American Legion Auxiliary was honored with a visit from the 18th District President, Mrs. Grant Hannah of Hereford, and District Chairman of the Veterans Hospital committee, Mrs. Ira Ott of Amarillo.

At one o'clock a salad luncheon was served at Mrs. E.T. Rafferty's home with the officers, and Mrs. Elmo McClellan, president elect for 1963-64 as guests.

The regular meeting was held at 2:30, with nine members present. An achievement talk was given by Mrs. Hannah, and work outlined for the coming year.

The American Legion Auxiliary is a working organization especially interested in promoting Americanism. We will be glad to have anyone who is eligible to join.

### IN THE GRUVE

gram last week because they didn't like the controls and power it gave the secretary of agriculture. We feel most of them would vote for a better program.

We're for freedom, and less government controls and a lot of other things. But we're not for any road back that would turn around and give the power only to a few wealthy enough to withstand another depression.

There's no doubt that our country has slipped toward socialism and that we are too dependent on the government to take care of us.

But we didn't like it when Kennedy laid out his plans and said, "Let's proceed with vigah" and if we're on "the road back" we don't want to move down it at a fast pace either--until we find out where its going.

We're positive that a great number of people who voted against the recent wheat referendum voted that way for patriotic reasons because they felt the government was going too far with its controls.

But it could be disastrous if only the wheat farmers decides to cut down on all spending and controls. Labor unions aren't about to take a pay cut, at least without a fight that would last for years. Therefore, prices for farm machinery, fertilizer, parts etc. are going to stay up. They can still sell to other types of farmers.

If wheat farmers go down that road by themselves, many won't come back. Let's keep working to insure freedom and cut out excessive spending and corrupt officials. But you don't have to kill the dog just to get rid of the fleas.

When you have 180 million people in one nation--when half the world is imprisoned by the enemy--when we've just enjoyed more than two decades of relatively easy living--how can we expect to get by without some government controls regardless of whether the controls are administered by democrats, or republicans.

Like all issues, the conservative-Liberal and Democrat-Republican issues each have some good points and some dangers. If you are willing to listen, there are plenty of people here who can present good arguments on each side.

We feel like it would be a great credit to this paper and to this community if we could publish more local opinions. We will be calling on people of both sides to give us their ideas each week. This is the best way we know to make use of the good points in each issue.

Faith is the belief of anything taught, whether good or bad and does not in and of itself constitute salvation. Every doctrine or system of morality has believers that have faith in that particular doctrine to save. This does not mean that they have salvation, nor does it mean that the faith that they have is the faith found in the Bible. It simply means that they believe what they have been taught, and if false hoods are taught, they believe this error to be truth just as well as if it be true. The communist party teaches communism and many people who believe the teachings of Lenin have faith in that particular system. There are many faiths in the world and many believers in their different "faiths", but there is only "one faith" that can save from sin and is recognized by Jehovah.

The Ephesian writer states, "one Lord, one faith, one baptism" (Eph. 4:5) Needless to say, the religious world abounds with people talking about "the faith" of this person which is different to "the faith" of another and that God recognized all "faiths". This is not true according to the scripture just quoted. The scriptures teach there is just one faith. I hasten to add the testimony of Jude who reveals, "I was constrained to write unto you exhorting you to contend earnestly for the faith which was once for all delivered unto the saints" (Jude 3) Here again God states there is but one faith that is right in His sight...not many. Since this is true and cannot be denied, let us study seriously what the faith is that will save men from hell and give God the glory just and due Him.

Paul states, "So faith cometh of hearing, and hearing of the word of God" (Rom 10:17). This is simple and direct to the point. Every part of the faith that God recognizes and wants man to believe is found in His Word. Every true believer in God must become a believer by following God's teachings. Every teaching, practice and way of living is guided by a "thus sayeth the Lord". Every teaching, practice and way of living not authorized by the New Testament must be repudiated as not of faith.

The religious world as a whole does not follow the faith. They teach practice and live doctrine strictly the traditions of their fathers. The faith that they teach may have some truth, but as long as any doctrine is taught by them that does not have a "thus sayeth the Lord", just that much is a Different Faith from the acceptable Faith of Christ.

The Roman writer states "But he that doubteth is condemned if he eat, because he eateth not of Faith; and whatsoever is not of Faith is Sin". (Rom. 14:23). Again the teaching is clear. If any part of the religion that you are a part of comes from tradition and not of the Word of God, just that much you are practicing sin. Either reject all of God's Word or accept all and obey all. The faith that saves from sin comes only from obedience to every word in the New Testament. Jesus said, "Man shall not live by bread alone, but by Every Word That Proceedeth Out of the Mouth of God. This eliminates every man made tradition, every "I think" produced by un-inspired men.

Can you find the name that you wear in the Bible? Are you practicing religious acts of worship that cannot be found in the New Testament? Is your "faith" upheld by the law of God. Are you building upon "The Rock" or upon "The Sand"?

#### BAKE SHOW

4-H girls are reminded to have their bake show products and record book at the club room by 9:30 a.m. Friday, May 31, for the County Bake Show.

All 4-H girls, leaders and friends are invited to be present at 3:00 p.m., May 31, at the Home Demonstration Club Room in Spearman for the crowning of the 1963 Bake Show Queen.

#### PROGRAM BUILDING

The Family Living study group of the Hansford County program Guiding Committee met May 22 to look at problems and opportunities in the family living area and interest information available.

Those present for the meeting were Mesdames, Hank Davis, B.J. Garnett, A. Ellsworth, Bernard Barnes, Oscar Mullins, Ted Clellan, Allen Alford, Abby Archer, and Extension Agents.

Next meeting of this group will be June 3, 3:00 p.m. in the Mens' dorm of the Courthouse.

There are two other study groups that will be meeting on youth and agriculture.

#### HDA TIP

Receiving a corsage is always a thrill, yet nothing spoils that thrill more than getting stuck by the corsage pin with every move you make; or having the pin pull out, letting the corsage fall.

To prevent corsage difficulties, cap the pin with a 1/2 pencil eraser. It will prevent pin pricks and keep the corsage from slipping out.

#### AGENT'S AGENDA

31, 4-H Bake Show, Home Demonstration Club Room.

3, Family Living Study Group, Mens' Dorm Room, Courthouse, 3:00 p.m.

4, 4-H Pals, Clothing Shop, Club Room.

4, Youth Study Group, Bank.

5, 4-H Beavers Work-at-home of Mrs. W.C. Son, Leader.

#### RECIPE OF THE WEEK

Pie is a delicious recipe for an ice box pie that can be prepared in advance. This is sure to please dessert that is shared by Mrs. Clement of Spearman.

#### 4-H JUNIOR LEADERS MEET

On Tuesday, the Junior Leaders met to discuss further plans for the Community Improvement Project for the coming year. Other civic leaders met with them and also a man from the Extension Service met with them to make fur-

ther plans concerning the park. Some of the ideas presented was to further improve the park and community building and to make the railroad crossings safer.

#### MEMORIAL SERVICES

As is the usual custom of the Lieb Cemetery association, dinner will be at the cemetery on Memorial Day and a short program will be given immediately following the meal. Bro. Harold Fleming will be the speaker. This is a time looked forward to by many in that relatives and friends gather at this time of the year from many miles away to pay tribute to the dead and to visit old friends and relatives. The morning is spent in working and decorating the graves.

#### H.D. CLUB MEETS

Mrs. Roy Roper hosted the Morse Home Demonstration Club on this past Thursday. Mrs. H.B. Parks gave a talk on "Healthy Personality of Your Child".

Mrs. Roper's cooking class, the members were Jan Roper, Sylvia Parks and Suzanne Dixon, showed what they had made that day and gave their recipes on "Barbecue Chicken" to the club.

Mrs. Jack Johnson was elected to represent the Morse Club as State Delegate.

Mr. and Mrs. J.H. Spivey of Guymon, accompanied by Mr. and Mrs. Orville Walker of Gruver are visiting in Long Beach California.

#### Hudsons Host Movie Tour

A large group took a leisurely tour thru several states Sunday night, by way of slides and projector. The trip was made for the group in the comfortable chairs in the home of Don Hudson.

The group traveled thru wide hay covered valleys, flat lands, the mountains of Colorado, and across the cool pools of water enjoying the scenic beauty of a trip through Wyoming, Montana, and the Yellowstone Park.

Little Tracy Hart kept wondering when the bears would appear on the screen. The beauty of nature was only a prelude to the big and little bears that stood along the roadside. The bears were the highlight of the evening for the younger set.

The group enjoyed seeing the beautiful green rolling plains of the cattle ranches stretching across the great northwest.

Intermission was called and Dorothy Hudson served the guests cookies and coffee for a rest and "Coffee Break".

They later rejoined the picturesque films to top the enjoyable evening.

#### Wingers Host Bridge Party

A couple's bridge party was held at the Val Wingers Friday May 24th. Honors for the evening went to Mrs. Neal Flathers, Mrs. James Darman, Leslie Barkley and Rod Barkley.

Bill Duncan brought along the cake which his 6th grade students gave him for the occasion. It was a chocolate cake with chocolate roses decorating it and was made by Josephine Gruver.

Guests for the evening were Messrs. and Mesdames James Dorman, John Gibson, Neal Flathers, John Hart, Jerry Williams, Bill Duncan, Ronnie Riley, Leslie Barkley, Doyle Barkley, Dayton Barkley, Paul Westerfield and the host and hostess Mr. and Mrs. Val Winger.

#### Graduation Party at Erickson Home

## Winders Attend Homecoming

It was the Golden Anniversary of the Class of 1913 that Mr. and Mrs. Clarence Winder attended last week. On Friday 24th of May the grads of the "good old days" whose memories were buried for a half century were brought to light at a meeting in Mangum, Oklahoma. The event was the 50th annual Alumni Banquet.

What happens to a class of 24 members in 50 years? Five of the 24 are now deceased, four of the nine boys. There are four widows among the 15 girls. One girl never married, only one couple within the class married each other; only two live in the old home town and others are scattered throughout Texas and Oklahoma with one in New York one in Chicago, one in Wyoming, and one girl has been lost track of.

Twelve out of the remaining nineteen were entertained at a luncheon in the home of Henry Miller. The class members, husbands and wives visited throughout the afternoon.

It was found that eight had taught school and two are still teaching. One graduated from West Point and served five years in the Air Force. He still pilots his own plane and was to fly to the 45th Anniversary of his class at West Point.

There were 525 places laid at the 54th annual banquet. The first Alumni President of the class of 1908 was present and other members of that class had come 1600 miles to attend.

Members of the 1913 class stood and were introduced. The class was presented the attendance plaque because of the highest of attendance of 63% of living members. While the Alumni Banquet was in progress the husbands and wives of the ex-students attended the Bi G Lum-Bi Banquet in the Franklin Hotel.

Another highlight for Mrs. Winder was when she and Mr. Winder visited her old Sunday School Teacher, of more than a half century ago. An "old maid", who taught at least, 5000 first

and second graders in the primary department. She lives in a big two story house built by her father in 1901. Mr. and Mrs. Winder say this is a joyful experience they are glad they didn't miss.

## 4-H Meeting Held

The Gruver Community 4-H met Friday May 25th at 7:30 p.m. at the Legion Hall.

The members signed up for subject-matter groups for coming year.

Karen Wright and Sandy Rafferty led the group in the 4-H Motto and Pledge.

Donald Ross, and Rickey Roper led the 4-H'ers in the Pledge to the Flag.

The program for the evening was the topic "Landscaping" by Barbara Kenney the Home Demonstration Agent of Spearman.

Recreation was provided by Alfred Ralston. The refreshments were served by J.W. Ward, Amy and Angie Cator. The clean-up committee consisted of O'Dell Webb and Wesley Maupin.

Members present were Beverly and Gary Heath, Lynn Stedje, Harley Murrell Merilee and Wesley Maupin, Mike and Alfred Ralston, Sammy Arnold, Jerry Bayless, Mike Murrell, Dee Green, Dan Ralston, Rickey Barkley, Shari and Dana Henderson, Sandy Rafferty Jackie Hudson, Cindy Wardlow, Angela Cator, Kathy Benson, Maelynn Cator, Mindy Murrell, Jan Roper, Marilyn Stedje, Rickey Roper and Donald Ross. Others present were Mesdames, Roy Roper, Roy Jeffrey, James Stedje, Melvin Ross, C.C. Heath Jr. Lewis Henderson, Barbara F. Kenney, and Bill Maupin. Robert Adamson, county agent was also present.

## FFA HOLDS SUMMER MEETING

The Gruver F.F.A. Chapter met Monday night for their first summer meeting.

The officers began their official positions as of Monday. Officers are president, Bob Gillispie, Vice-President, Roy Kauffman, Secretary Lynn McClellan, Treasurer Jerry Coffey, Reporter Ronald Foss, Sentinel, Donnie TeBeest, and the advisor is Neal Flathers.

The members and advisor discussed the project of running water to the FFA pens. The treasure was to check into the price of the project.

The Farm Electrification top boy chosen was Jerry Gurfumby with Rex Shapley as alternate.

## Mrs. McClellan To Receive Award

Mrs. Ted McClellan was selected to receive the highest State Award conferred annually by the Texas 4-H Club movement. The award is the "Volunteer Adult Leader Award".

Mrs. McClellan has been active in 4-H leadership for many years and at present is an active leader in the work.

She will be in College Station from the 3rd of June through the 5th of June on which date she will receive the award. The award will be presented at a luncheon in the Ballroom of the Memorial Student Center of A. & M. College. The campus will be the scene, of the 4-H Club State Round-Up Activities.

## Baptist News

Vacation Bible School is well underway now. The departments are studying their work and working on their projects. The school will end June 5th with a parents night. The night will consist of open house throughout the departments. There will be a short program provided by the Vacation Bible School. There are about 115 boys and girls and leaders registered in the school.

A Vacation Bible School picnic will be held Friday June 3rd. The boys and girls will bring their sack lunches for the occasion.

The Youth Night School is also well underway. The youth are studying the New Testament.

The discussion of a school bus to be purchased by the Baptist Church was held. Varied opinions arose but the church body decided this was a well needed item and would be very useful for the transportation of the different church groups.

The bus will make its first trip June 6th when it leaves for Glorieta to take the youth of the church to the summer camp.

Attention Boys! There will be a special called meeting for all boys 7-16 interested in playing baseball on one of the Baptist teams. The meeting will be held Thursday night May 30th at 8:00 p.m. All interested boys are encouraged to attend. The teams will be named the Crusader, Pioneer, Poney and Pee Wee.

...what does a squirrel have to do with ELECTRIC heating?

■ We can learn a great lesson from the squirrel. He's noted for his foresight and planning. Early in summer he starts to gather delicious nuts, when he doesn't need them - then he stores them for the coming cold winter season, when he will need them. We can use the same principle in our homes. Now is the time to install clean electric comfort heating... you'll be warm and snug when the next winter winds start to blow.
