Board votes 'go-ahead'

A \$24 million project to build a dam and impound a municipal water supply reservoir on the Palo Duro Creek in Hansford county was given the go-ahead by the Palo Duro River authority board of directors at a Tuesday afternoon meeting in Spearman.

The 9-member board agreed unanimously to go ahead with the project. All nine members, representing Moore county, Hansford county and the City of Stinnett, were present. Four directors are from Moore county.

A water supply project for the North Plains, the development will be in two phases.

The first will be construction of the dam with 50 percent participation in the project by the Texas Water Development Board. Second phase will

be construction of a water treatment and distributions pipeline system to cities of Dumas, Sunray, Cactus, Gruver, Spearman and Stinnett.

"The board gave us the go-ahead Tuesday," reports Johnnie Lee of Spearman, PDRA manager. "Unless something -- a problem -- hits us, we will proceed with getting estimates together for a May 15 meeting with the state water development commission."

PDRA officials working with the Texas Water Development board staff will present a Palo Duro lake development project using both state funds and river authority financing.

Lee has explained that the water board staff proposes to "buy" half of the 4,900-foot long earthen dam from the sale of Texas Water Plan bonds.

The state funds will amount to a low-interest loan. The PDRA would then be able to "buy out" the state share of the lake at a later date.

The PDRA would finance its portion of the construction project with tax bonds voted by the district.

The proposed reservoir would impound 60,900 acre feet of water behind a 118-foot tall dam. The lake would have a surface area of 2,500 acres.

Land areas surrounding the lake would be developed for recreation.

Construction of the Palo Duro lake dam could be the first project funded by the Texas Water Plan, approved last November by state residents. It would serve as a model project for the water development board.

Fashionable Twist

Designing the latest fashions from economically priced bed sheets was shown Thursday, April 3, during the district meeting of the Texas Extension Homemakers Association.

Some ten members of Extension Homemaker Clubs in Hansford County took part in the meeting at the Hilton Inn on I-40 East in Amarillo, said Karen Babitzke, County Extension agent for home economics.

The program began at 9 a.m. with registration, coffee and an exhibit of cultural arts by each of the 20 Panhandle counties.

Hansford County was well represented at the District meeting. Calico Country (Gruver) was represented by Nancy Morris, President; Serendipity, (Spearman) showed with Joyce Byers, President, Adalyn Barnes, voting delegate, Jettie Davis, Lorene Kunselman, and Joan Farr. Town & Country (Spearman) was embodied by Delinda McLaughlin, President; Janie Kunselman, TEHA Chairman and voting delegate; and Beverly Antalok.

Keynote speaker was Mrs. Sara Jean Ponder, public relations representative for West Point Pepperell, one of America's largest textile corporations. Her program, "Fashions and Sew Forth," featured cost-cutting ways to maintain a stylish wardrobe.

Mrs. Ponder is a member of the International Platform Assn., the International Home Economics Federation, and American Women in Radio and Television. With AWRT, she has taken part in cultural-media exchanges with Japan and the People's Republic of China, and with Turkey and Greece. She conducts ongoing studies on the psychology of fashion at New York University and does periodic extended research at the Costume Institute of the Metropolitan Museum of Art in New York City.

Another feature of the Extension Homemaker meeting was a display of the Panhandle Sesqui-centennial Quilt with an explanation by Becky Saunders, Clothing specialist with the Texas Agricultural Extension Service. Hansford County's square was sewn by Nelle Evans. It represents our county nicely.

The meeting included reports from the state association, which represents more than 22,000 Texas homemakers, and reports on district activities.

Wedding Vows Exchanged

Lori Suzanne Deakin and Wayland Jay Claxton were united in marriage March 28, 1986, at 8:00 p.m. at the First Baptist Church in Gruver, Texas. The Reverend Steve Ellis officiated at the evening ceremony.

The bride is the daughter of Mr. & Mrs. James Deakin of Gruver. The groom's parents are Mr. & Mrs. Wayne Claxton of Colorado City, Texas.

The couple exchanged vows under a brass archway entwined with large fresh ferns. A seven branch candelabra graced each side of the arch and were also decorated with large fresh ferns. Other alter decorations were four smaller votive candle arrangements also enhanced by beautiful fresh ferns. Two large boston ferns were beside the organ and piano. Pink satin and lace pew bows adorned the aisles. All the flowers for the wedding were designed by the groom's mother who owns a floral shop in Colorado City.

Wedding music was played by Camille Miller, organist and Lesa Deakin, sister-in-law of the bride. Connie and James Walker, accompanied by Lesa Deakin sang "Just You and I" and "We've Only Just Begun."

The bride, given in marriage by her father, wore a white organza gown over bridal taffeta. French imported chantilly lace trimmed the mandarin neckline, the waisted bodice and the full long sleeves. The full silhouette skirt which flowed to a chapel length train was edged in matching lace. The bridal ensemble was completed with a veil of silk illusion edged with lace to match the dress and was attached to a headpiece trimmed with chantilly lace and seed pearls. She carried a bridal bouquet of white and pink roses, stephanotis and babies breath. Streaming down from the bridal bouquet were pink and white satin ribbons tied in love knots. The bride observed the tradition of something old, something new, something borrowed and something blue. The bride also had a sixpence for her shoe minted in the year of her birth.

Bridal attendants included Dachele Harris of Houston, Texas, who served as Maid of Honor. The bridesmaids were Deietta Booth and Julie Deakin, sisters of the bride. The bride's attendants all wore long formals in shades of pink. Each attendant also carried nosegays of pink carnations with streamers of pink satin ribbon tied in love knots.

Chuck Claxton of Colorado City, Texas, served his brother as best man. Michael Booth and Chris Deakin, brothers of the bride, served as groomsmen. The groom wore a light gray suit and his boutonniere was of pink sweetheart roses. The groom's attendants all wore gray suits. Usher for the occasion was Dana Baldwin, Elkhart, Kansas, cousin of the bride.

Candles were lighted by Angela Baldwin, Elkhart, Kansas, cousin of the bride, and Brooke Roberts of Gruver. Their dresses were long pink formals and each had a corsage of pink carnations.

Becky Crawford registered the guests from a table covered with a linen cloth. On the table was a pink rosebud vase and a cream colored plumbed pen.

For her daughter's wedding, Mrs. Deakin chose a blue chiffon dress with matching lace trim. Mrs. Claxton wore a three piece light gray suit. Each mother wore a corsage of pink roses.

Special guests for the wedding were grandparents of the bridal couple. The bride's grandparents are Mrs. Ada Deakin of Gruver, Mr. and Mrs. Chet Stewart of Elkhart, Kansas, and Mrs. Gwen Goff of Guymon, Oklahoma. Grandparents of the groom are Mr. & Mrs. Ed Morren of Colorado City, Texas. A Great Aunt of the groom, Clara Shoemaker of Colorado City was also an honored guest.

The bride's parents were hosts to a reception following the wedding in the Fellowship Hall of the First Baptist Church where all guests were greeted by the bride and groom. The bride's table was covered with a lace cloth over pink and was completed with cut glass

appointments. The beautiful three-tier wedding cake was decorated with white wedding bells and small pink bows. The layers were separated by white columns and the cake was topped with a miniature bride and groom. Strawberry punch and cake were served by Karla Zapata, Yvonne Rios and Becky Crawford, all of Gruver. Rice bags made by the bride's grandmother, Mrs. Ada Deakin and Mrs. Grady Yeary of Perryton, Texas, were passed out to the guests by Autumn and Amber Roberts of Gruver. Hostesses for the event were Mrs. Fred Davidson, Mrs. Jerry Virden, Mrs. Rodney Clawson, Mrs. Jim Roberts, and Mrs. Stan Seagler.

Out of town guests present for the wedding were Mr. and Mrs. Jim Baldwin, Elkhart, Kansas; Pam Austin, Elkhart, Kansas; Sue McKinney, Colorado City, Texas; Andrea McKinney, Colorado City, Texas; Jardy Powell, Colorado City, Texas; Stacey Tarter, Colorado City, Texas; Yardy Powell, Colorado City, Texas; John Mayo, Colorado City, Texas; Melinda Cline, Texhoma, Oklahoma; Mr. & Mrs. Grady Yeary, Perryton, Texas; Mr. and Mrs. H.C. Brown, Perryton, Texas; Connie Neff, San Angelo, Texas; Mr. & Mrs. Joe Shoemaker, Pecos, Texas; Joyce Shoemaker, Colorado City, Texas; Clara Shoemaker, Colorado City, Texas; Jeff Hammond, Colorado City, Texas; Dennis Rivera, Colorado City, Texas; Alecia Goff, Guymon, Oklahoma.

For the wedding trip, the bride chose a gray high waisted pleated skirt with a matching beige and gray present top. Following the wedding trip Mr. and Mrs. Claxton will be at home in Canyon, Texas.

Sorghum

Thanks to continuing advances in
weed control options, more growers
are finding grain sorghum an
increasingly attractive cropping al-
ternative due to its improved yield
potential, lower input costs and
ability to produce even in dry years.
According to Jim Turner, sales
manager of Spearman Equity in
Spearman, the recent introduction
of seed protectant formulations for
grain sorghum has dramatically
expanded a grower's choice of
herbicides for weed control, and
thus his opportunity to increase
profits.

"One of the most popular safeners
on the market is Screen WDG,
which is applied by seed companies
to protect their grain sorghum seed
from the effects of alachlor-based
herbicides like Lasso," says Turner.
"The availability of safened seed
allows growers to achieve effective,
broad-spectrum and season-long
control of labeled grasses and
broadleaf weeds. And by reducing
competition from weeds, the crop
has a better chance to realize its full
yield potential."

In addition, farmers don't have to
worry about crop safety when using
Lasso, the weed control specialist
continues, so the problem of carry-
over associated with traditional
triazine products can be eliminated
or at least reduced. This benefit
may allow growers to rotate to
soybeans, cotton and wheat or other
small grain crops.

Safened seed is a necessity with
these herbicides, otherwise the milo
crop could suffer significant herbi-
cidal injury. By using Screen,
farmers can achieve safe crop
emergence, normal seedling vigor
and obtain improved weed control.

Lasso may be surface applied,
Surface Blended or applied through
a center-pivot irrigation system. For
reduced competition from shatter-
cane, Lasso should be applied at the
4-quart per acre rate, using a
shallow, 2-pass incorporation. The
herbicide also can be tank mixed
with atrazine, propazine or Mo-
down.

An increasing number of grain
sorghum growers are discovering
the benefits of using safened seed

in conjunction with an effective
weed control program. And these
benefits can be achieved regardless
of the tillage practices used, the
dealer concludes.

The National Institutes of
Health defines obesity as "an
excess of body fat frequently
resulting in a significant impair-
ment of health." Simple measure-
ments of height, weight and
skinfold thickness can indicate
obesity. In addition, the distribu-
tion of body fat in the abdomen,
rather than the hips and thighs, is
an important predictor of the
health hazards of obesity. A level
of 20% or more above desirable
body weight is associated with
sufficient risk to justify medical
intervention.

**OVERWEIGHT OR UNDER-
ACTIVE?**
The average person gains 15 to
25 pounds between the ages of 25
and 50. Most of this weight is
gained gradually, a pound or two
a year.

The good news for people who
like to eat is that this weight gain
typically does not result from
overeating.

The bad news for people who
don't like to exercise, is that extra
pounds most often result from our
decreasing physical activity and
lower calorie needs as we get
older.

To maintain your weight, the
calories you burn through physical
activity has to equal the calories
you consume. If you stick to
certain eating habits, but become
less and less active, those extra
calories will be stored as fat.

So the key to losing those extra
pounds is becoming more physi-
cally active. That can be a tough
problem for people who work at
sedentary jobs, and don't have the
time or money for exercise classes
or equipment.

But added physical activity
doesn't have to be time or money
consuming. It can be as simple as
instead of the
walking around
you wait for the
sitting in the car;
a ride instead of
ion after dinner.

Sesquicentennial show will be 21st

For the State of Texas many events are planned because this weekend has been designated Sesquicentennial Weekend; however, none will compare with the weekend planned by Janie and Rubyjo and citizens of Hansford County. Lets start with April 21st, Monday night at 7 P.M. After everyone has had a chili supper and then walked down the hall to the Spearman High School Auditorium. The doors to the Auditorium will open at 6 p.m.

Joe T. Venneman will be the Master of Ceremonies. He is excellent, also he is an excellent singer. Then Mark Viola and Will Evans will bring the flag to the stage. Immediately prior to that, Martin Foster will give the Invocation.

The Sesquicentennial Band under the leadership of Edgar Womble with Janie Kunselman at the piano and Derrill Harkrider with the fiddle and other instruments, and Jimmy Greene fiddle, Glenn Harris, fiddle, Rhett Balzer, Drums, Carl Kizzier, Drums; John Barnes, guitar; Junior Sparks, guitar; Ralph Hampton, fiddle; Charles Brillhart, electric keyboard; Pete Vera, bass guitar; Edgar Womble, lead guitar; Joel Lee Lackey, saxophone; Bruce Collins, clarinet, and sax; Wesley Jarvis, trumpet; and Bonita Reimer, piano will play two or three numbers that will make everyone immediately glad they came to Jamies' Act II.

Some of the opening numbers will be "Under the Double Eagle", "Wildwood Flower and Faded Love". Then Carla Beezley and her Spotlight Dancers, Cacy McGill, Haley Lair, Margie Evans, Cindy Melton, Denise Rojas, Meli Floyd, Misty Savage, and of course Carla Beezley, will entertain you with Steel Guitar Rag; folks they are good. Then for professional square dancing watch the Boots and Slippers from Gruver T. J. and Donna Been, Bill and Marilyn Been, Forrest and Rhonda Reichen and the Rainbows and Ranglers from Spearman Joe and Wanda Archer, Danny and Debbie Harrington, Cecil and Myrna Biggers, and Joyce and Benny Byers.

Sequenced among the musical number will be the cast of characters so famous in our Texas History such as Stephen F. Austin portrayed by Rex Ralston, William B. Travis, by Chris Spivey, James Bowie by Kenny Slough, David Crockett by Clint DeArmond, Billy Dixon by Chris Porter, one of the first Babies born in Hansford County portrayed by Devonna Cator, our Buffalo Hunters at Zulu James

and Bob Cator by Marshall and Lloyd Cator; and, a early school teacher, Carrie Wells Cotter by Tina Cator.

Now folks if you want to hear something good listen to Derrill Harkrider play the Orange Blossom Special.

Then watch James Tindell and Dallas Trosper of Spearman Scout Troop 551 conduct the Presentation of the Texas Flag. Have you folks heard Bonita Reimer sing "Beautiful Texas"? When you hear Bonita, you will be proud you are a Texan. And, how about Janies' Father, Clifford Goff on the Harmonica "The Fight is On;" and, Mr. Goff "Down Yonder" Jig Dancing. Also, a solo "Giant" by Shalyna Harris with accompanist Rhema Del Harris.

James Walker will sing "San Antonio Rose" with daughter, Courtney accompanying him.

One of our earliest ranchers was Colonel Charles Goodnight by Joe Casas; and, Governor Stephen Hogg by Shane Hamish; and Ima Hogg by Shanna DeArmond. The Celebrate Singers directed by Johnny Miller will sing "The Yellow Rose of Texas", and "The Alamo." our State Pecan Tree, will be portrayed by Jan Stedje; and Nell Evans portrays our State Flower, the Bluebonnet; and Ada Joyce Stedje is our State Bird-Mockingbird. Also, the four Byrnes', Ralph, Elmer, Kevin, and Joe will sing "Listen to the Mockingbird" and "Mockingbird Hill".

Someone else that is super excellent that you probably have not heard sing lately is J.D. Wilbanks with his guitar sing "Cross the Brazos". J.D. will also sing other numbers.

Brandon Sutton will be a Flag Carrier and Joe T. will lead the audience in The Sesquicentennial Flag Pledge, with the right hand extended toward the Flag palm up "We Pledge to The Texas, Our Loyalty, Our Diligence, and Our Dedication. To preserve your Great Heritage and Spirit of this Sesquicentennial, Today, Tomorrow and throughout years to come.

By Mr. Gail Borden Hamilton Sugarland, Texas

Two of the smoothest dancers you will ever see will be Joel Lee and Joyce dance "Waltz Across Texas", as Kent Gutherie and Joe T. sing.

One of our great Texans Babe Zaharias will be portrayed by Cecely Porter and Lyndon and Lady Bird Johnson portrayed by Brent Stedje and Eva Babbs. Joel Lee will play "Just a Closer Walk with Thee" on his saxophone. (He is so good, we could listen to him hour after hour).

Joel Lee will practice 8 or 10 hours before a "practice" to make sure he has it exactly like he wants it.

Danny Cochran will sing "Texas our Texas", and "God Bless America." Danny is so very very good.

Well folks, you all come eat chili remember all the net proceeds go to help our "Teens." The Servitors are working to help our teenage citizens. So! go to the chili supper!! Then walk down the hall to the auditorium and attend Janie and Rubyjos' Act II.

There are around 60 different items. The admission of \$1.00 for adults, and 50 cents children, will be used to help off set expenses. You will remember it a lifetime. See You There!!!

The couples representing the Flags over Texas: Spain: Paul Jr. and Alicia Lopez; France: Tim and Krista Stedje; Mexico: Juan and Maria Avila; Republic of Texas: Joel Stavlo and Ingeborg Sogn; United States: 1845-1861 Jason Rodgers and Cindy Womble; Confederate States: 1861-1865: Monte and Mary Jo Cluck; United States to Present: Kevin Nelson and Anne Marie Jarvis.

Sesquicentennial Band practices for Spring Musical

All you folks in the Southeast part of town that heard that Country Band music and those beautiful sounds echoing across Spearman as Janie had everyone practicing for the Monday night April 21, 7 P.M., Sesquicentennial Spring Musical.

The Talent available around here is unbelievable. A few this writer happened to hear were Donetta and Debbie Greene sing VAYA CON DIOS My Darling. Then Verlan Winegarner sang "Across the Alley From the Alamo." Well about the time he gets through, Joe T. stands up and sings "Does Ft. Worth Cross Your Mind". Wow! can that man sing. Well, hadn't really thought about Ft. Worth; but here comes Debbie Blackshear and Betty Chisum singing "Amarillo By Morning"; Guess they made it with Edgar Womble playing lead guitar and Pete Vera supporting him plus about 18 other band members.

Then Debbie and Betty sang "Home on the Range", listen folks those girls can sing! Those two girls made Ty Seagler and Todd Shapley sit up and take notice.

Todd sat down and started to tinkling the ivories and Ty sang "Thank God I'm a Country Boy"; Now you all listen he is GOOD!

We will tell you morlater. They are going to practice again Sunday at 2P.M. in the Spearman High School Auditorium. So arrange your busy schedule to be at the High School Auditorium Monday night April 21 at 7 P.M..

Admission 50 cents for kids, \$1.00 for adults.

You can get your tickets now for the chili supper and avoid waiting in line for tickets. Cheryl had the tickets printed and Cindy Avila is in charge of advance tickets sales. I bet if you corner a Servitor and offer her the cash, \$5.00 for Adults and \$3.00 for children and under 6 years free; you could get a ticket for the Sesquicentennial Texas Chili Supper; 4:30 to 7 P.M. April 21. Remember all of their profit goes to help the "Teens" of Spearman. So help them out.

Gotta go now, Bye, smell that Chili and listen to those sounds of Country Music. Joel Lee and Bruce were really good last night. More Later.

Due to an emergency injury that her husband suffered, D'Ann was unable to be there, and her Mother Rose Cummings from Spearman acted as hostess. The devotional was given by Nelle Evans entitled "Just For Today." Joy Henderson then read the minutes were read, corrected and then approved. Roll call was answered with "On a scale of 1-10, how organized are you?" It is very interesting to note that all but 2 of us passed the test with answers in the plus column.

Council Delegate, Sandi Foster gave the report from the council meeting. Topics discussed at that meeting were: Hansford Co. celebration to June 5, 6, 7, at which the Council will have a booth and will be selling servings of fruit cobbler. Also the State convention will be Sept. 16, 17, 18th at McAllen and each extension club will need to nominate a member to be voted on as one of three county members eligible to attend this meeting. Dates to be remembered for April are: April 14-- Meet with County Commissioners, and Calico Country Club meetings; April 16-- Committee to plan booth for Hansford celebration in June; April 22--Council Meeting in Spearman; April 28-- Club Meeting at Beth Swink's home. There was another announcement that A Punch Embroidery Class taught by Reba Hunter could be scheduled for those interested. It is also time for plans to be made for the Clothing Projects for the 4-H girls and the Home Extension agent will need some of the ladies to volunteer to help these girls learn some about clothing, fashions and sewing.

Nelle Evans was chosen to be our hostess for State Delegate. Karen Babitske then gave a very enjoyable program on "Let's Get Organized!" She will present the second part of this program in the fall and hopefully, all of us will be able to pass the test with less clutter and confusion.

Those attending this meeting were Sandy TeBeest, Josephine Ayers, Connie Burgoon, Nancy Morris, Beth Swink, Sandi Foster, Nelle Evans, Harletta Carthel, Karen Babitske, Rose Cummings and Joy Henderson.

COWBOY POETRY, A GATHERING - by (edited) Hal Cannon is the finest collection of cowboy poetry published since the pioneering work of John Lomax over fifty years ago. Tough and lean and honest, these poems enter our culture as literature. This collection results from an intensive field gathering effort throughout the Western states by a team of folklorists and researchers led by Hal Cannon. Ten thousand poems were gathered from cowboy reciters, ranch poets, and from a library of over 200 published works of cowboy verse. The poems that comprise this book have been selected from this extensive field effort. Hal Cannon, editor, says, "It is perhaps unfortunate that public and literary scholars have rarely seen beyond the television image of the cowboy. This book hopes to puncture that stereotype by allowing the cowboys to speak for themselves, as they celebrate the huge sky, the rodeo, busting broncos, the cattle drive that still goes on, the land, and the life and the times of the people who continue, spiritedly, to live that cowboy life." These poems speak of real events and people, and focus on the ordinary stuff of life! COWBOY POETRY - a new book that you are sure to enjoy!

Savings Bonds Sales in Texas Up 40 Percent

Sales of U.S. Savings Bonds during January 1986 in Texas amounted to \$28,095,341, an increase of \$5,163,035 for 39.9 percent over the January a year ago, T.J. Morrow, District Director for U.S. Savings Bonds Division in Dallas, Texas, announced today. These sales represent 7.6 percent of the state's 1986 assigned dollar goal of \$370,000,000.

Sales of Series EE Bonds amounted to \$4490.00 during January 1986 in Hansford County, C.A. Gibner, Volunteer County Chairman said. These sales represent 4 percent of the County's 1986 assigned dollar goal.

Nationally, January 1986 sales of Series EE Bonds totaled \$575 million, an increase of 39 percent over 1985 sales, highest January total since 1979. Savings Bonds held by the public topped \$80 billion in January, increasing \$451 million in the month to \$80.25 billion.

Much of the growth in sales is due to Savings Bonds' new market-based rate which was effective November 1, 1982. This rate is adjusted on May 1 and November 1 each year. Bonds held at least five years earn 85 percent of the average rate on 5-year Treasury securities or 7.5 percent, whichever is higher. The current rate for the six month period ending April 30, 1986 is 8.36 percent. The average rate for the period Nov. 1, 1982 through April 30, 1986 is 9.69 percent. Bonds held less than five years earn interest on a fixed, graduated scale. The latest information on Bonds can be obtained by calling - toll-free - 1-800-US Bonds.

When it comes to speed, looks can be deceiving. A giraffe, with its long, ungainly legs, can reach a speed of 32 miles an hour. A house cat can hit 20 mph for a short spurt, and a coyote can dash 43 mph.

Special productivity valuation

Is the land you own being used for agricultural purposes? If it is, then you may be eligible for tax relief on that property.

According to Mrs. Alice Peddy, chief appraiser of Hansford County Appraisal District, landowners can apply for special lower valuation of their land based on what it will produce rather than what it would sell for in the open market.

Landowners should apply by April 30 this year for any property to receive agricultural-use valuation, or for open-space land valuation of any property that did not receive that type of appraisal in 1985. Applications for open-space valuation made after May 1 are subject to penalty for late filing.

Mrs. Peddy said that the legal basis for special land appraisal is in the Texas Constitution in Art. 8, Secs. 1-d and 1-d-1. "The two types of land and valuation are commonly called ag-use, or 1-d, and open-space, or 1-d-1," she added.

"The requirements for application and for qualification of both the land and the owner are different for the two types of appraisal," Mrs. Peddy said.

For 1-d ag-use valuation, the owner must apply to the chief appraiser each year. The land must be owned by a "natural person," not a corporation, partnership, agency or organization; the land must have been devoted exclusively to agricultural use for at least three years before the year application is first made; and the agricultural business conducted on the land must be the owner's primary occupation and source of income.

Also, the chief appraiser must determine that the landowner qualifies and must approve the application. The owner has to file

a sworn statement each year he applies, attesting to the land's agricultural use.

The other type of land valuation, 1-d-1 open-space, is the more commonly applied for by property owners. The land may be owned by an individual, corporation or partnership, and agricultural business need not be the principal business of the owner. Agricultural and timber lands and ecological laboratories are eligible for 1-d-1 appraisal.

However, the land must be involved in a qualifying agricultural use to the degree of intensity generally accepted in the area; it must have been devoted principally to a qualifying use for at least five of the preceding seven years; and, again, the chief appraiser must approve the application.

Once the chief appraiser approves an application for 1-d-1 valuation, the landowner need not apply again as long as the land qualifies, unless the chief appraiser requests another application to confirm current qualifications.

Mrs. Peddy also pointed out that the law creating both types of special appraisal creates the possibility of a "rollback" tax. As a penalty for taking land out of agricultural production, a property owner may have to pay back the tax benefits received because of the lower valuation. Under 1-d valuation, this liability for additional tax is triggered by either sale of the land or change in the use of the land. The rollback extends back for the three tax years before the year in which the change or sale occurs.

Under 1-d-1, a rollback is triggered only by changing to a use that would not qualify for productivity valuation. The additional taxes are levied for the five

years preceding the year of the change.

The rollback tax is measured, Mrs. Peddy said, by the difference between taxes paid under productivity valuation provisions and the taxes that would have been paid if the land had been put on the tax roll at market value.

The chief appraiser said the rollback tax "is an additional tax beginning with the day the land's use changes. Whoever owns the property on that date pays the additional taxes--previous owners from the three or five year periods do not have to pay more taxes."

Mrs. Peddy noted that owners of agricultural lands located in more than one appraisal district must apply for productivity valuation with each district. Failure to do so could result in one or more taxing units taxing the land on its full market value.

More information and application forms are available from the local appraisal office. Personnel there will be able to assist landowners with the information necessary to determine if their property qualifies for the special valuation. The office is located at 709 West 7th, Spearman, Texas or you may call 659.5575 in Spearman or the Gruver line 733-5139. The office is open from 8:30 a.m.-5:00 p.m., Monday through Friday.

Two Gruver men killed in traffic accident

GRUVER - Two Gruver men were killed early Sunday morning when their vehicle became airborne and crashed into a concrete culvert seven miles south of here, the Department of Public Safety reported.

George Villalobos, 28, and his passenger, Robert Villanueva, 21, were pronounced dead at the scene at 3:23 a.m. by Dr. Juan Viola, acting coroner.

The accident occurred at about 1 a.m. on Texas Highway 136 when a northbound 1982 Pontiac Trans Am driven by Villalobos skidded off the right shoulder of the roadway at Hanna's Draw, DPS troopers said.

The car became airborne for approximately 50 feet before slamming into the culvert, officers said. The impact folded the vehicle in half, pinning both victims in the wreckage.

Neither the driver nor passenger were wearing seat belts, DPS reported.

Services for Mr. Villanueva will be at 3 p.m. today in First Baptist Church with the Rev. Josas Lemon, a Pentecostal minister from Borger, officiating. Services and burial will be held later this week in Robstown by Boxwell Brothers Funeral Directors of Spearman.

Mr. Villanueva, born at Lockhart, had lived in Gruver one year. Survivors include his parents, Elida Rodriguez of Gruver and Juan Rodriguez of Gruver; a sister, Esmeralda Rodriguez of Corpus Christi; and two brothers, Israel and Manuel, both of Gruver.

Services for Mr. Villalobos are pending with Boxwell Brothers Funeral Directors of Spearman.
