VEHICLE INSPECTION TIME AGAIN

Austin — Col. Homer Gar-rison, Jr., Director of Texas Public Safety, announced today that the time has arrived for Texas motorists to have their

vehicles inspected again.

Garrison said September marked the beginning of the 19-65 vehicle inspection period as prescribed by the Public Safety Commission. As in previous years, the period will end on April 15, 1965.

"This means that between

now and April 15, 1965, more than 5,200,000 Texas registered vehicles will have to be inspected at the 5,200 official inspection stations in Texas,"

Garrison urged motorists to have their vehicles inspected in routine visits to garages for ordinary maintenance and repairs and thereby eliminate the necessity of having to wait in line at a later date for an inspection sticker. He further pointed out that with the ever increasing number of vehicles registered in Texas, it is becoming ever more difficult for the motorist to get

DOWN and down the unit price of electricity has dre over the past years. Today in homes served by WTU, the cost per KWH is 17% less than it was in 1953. While the cost of living continues to rise . . . the cost of electricity

UP and up has gone the amount of electricity the customer is using. WTU has grown in the past years and will continue to grow...staying ahead of its customer's needs.

OUT in every direction have gone power lines to supply electricity for all. Customers all through West Texas are provided with benefits from the most modern and efficient generating plants.

WTS COACHES NAMED;

FROSH SCHEDULE ANNOUNCED

Canyon — Head football coach Joe Kerbel has named Richard "Buddy" Simpson and former Buffaloes John David play. Bryant and Jim Ostrander as freshman coaches and, in the same breath, announced the 19-64 freshmen schedule.

Simpson, a 1960 graduate of Panhandle A&M College and a native of Stillwater, Oklahoma, has spent the last three years at Tucumcari High School as an assistant for football and track and head wrestling soach and head wrestling coach.

After having spent two years in the U. S. Army where he attained the rank of first lieutenant and was commanding officer of a basic training unit prior to his release. Bryant has returned to the West Texas State cam

pus where he starred as a de-fensive halfback in 1960 and 1961. John David, a Hereford product, spent two seasons un-der Coach Kerbel and knows well the Buff leader's style of

Ostrander, like Bryant, spent two years under Kerbel, win-ning two letters at end and averaging 24 yards per reception during 1963, his senior year. Ostrander's big moment in collegiate competition came in the final moments of the 1962 Sun Bowl when he caught a Corky Dawson conversion pass which won for the Buffaloes, 15-14.

clothe an army! More than a half-ton of wet clothes ... that's the load the average housewife has to dry each year. She deserves a modern GAS dryer to help lighten the load. Instant GAS heat dries clothes faster, fluffier; fresher. Minimum maintenance, too. The heart of the dryer, the GAS burner, has a lifetime guarantee. No flue required and dependable, economical GAS saves you money...almost thirty "drying" dollars each year.
