

THE QUITAQUE POST

YOUR HOME-OWNED NEWSPAPER

VOLUME XXIX

QUITAQUE, BRISCOE COUNTY, TEXAS

THURSDAY, APRIL 26, 1956 5c Per Copy

NUMBER 16

Precinct Convention May 5th, at 2:00 P.M.

It's been said that "politics like charity, begins at home" and this year, as it was in 1955, there is a general revival of home politics all over the nation. The importance of precinct conventions in presidential elections has been brought forward and emphasized, and a great deal of interest is being noted in the precinct convention.

C. A. Hawkins, chairman for precinct No. 2, Briscoe County, has called a convention and the meeting will be held Saturday, May 5, at the City Hall in Quitaque beginning at 2 o'clock.

Every qualified voter in the precinct is entitled to attend this meeting.

TURKEY EIGHT GRADE BANQUET

The annual Eight Grade Banquet for the Turkey Elementary School was held in the Fellowship Hall of the First Methodist Church in Turkey Friday evening at 7:30 p.m., April 20.

As the theme was Moonlight and Roses, the Fellowship Hall was beautifully decorated as a rose garden surrounded by a brick wall. At the entrance was a rose trellis under which the guests made their entrance into the garden where to one side stood a wishing well with the traditional water bucket and rose, a rose climber entwined up the sides of the well over the roof top. To one side of the well a green grass lawn invited the guests to yard benches with a rose arbor in the background. A large crescent moon hung over the head table under a blue star-studded sky.

Flomot F.H.A. Girls Enjoy Field Trip To Amarillo Friday

The F.H.A. girls went to Amarillo on a field trip last Friday. We visited the Borden's Bottling Company, the first thing that morning. We learned how milk was homogenized and pasteurized and how the cartons were fixed with the paraffin melted on them and put into a cooler for just a second or two and it was frozen on when it came out. We also saw how the bottles were sterilized and cleaned.

We were shown the place where they made their various types of ice cream and the big stainless steel vats where the milk was kept hot. This was all very interesting and the boys gave us each a sample of their ice cream sticks when we left.

The next stop was Piquette (Continued on Page 3)

Group Return From Caged Layer Meeting At St. Louis, Mo.

Ed Woods, Jim Mayfield, Pierce White and vor-ag instructor Joe Holmes returned home early Wednesday morning from St. Louis, Missouri where they attended a special meeting pertaining to the caged layer program. The group left Friday to learn all the important information they could concerning the egg producing project.

Called To Attend Funeral of Cousin At Whitewrite, Tex.

Rev. and Mrs. Fred S. Cox and daughters, Jackie and Julia, were called to Whitewrite, Texas, Saturday for the funeral of their cousin, Ross Alexander who was accidentally killed while at work.

The Cox family remained for the funeral services which were conducted on Sunday, returning home Monday afternoon.

During their absence the morning services at First Methodist Church were directed by E. J. Hamilton and the message was delivered by Mrs. Luther Kirk of the Plainview First Methodist Church. Mrs. Kirk was accompanied here by Mrs. W. R. Scott, also of Plainview. In the evening the services were conducted by the young people of the church.

The Quitaque 4-H Club, represented by the above members, were second place winners in the Land Evaluation Contest recently held here. Shown here with their

coach, County Agent Robert Ledbetter, and displaying their prize ribbon, trophy and plaque are, left to right: Lynn McDonald, Murry Morrison, Raymond Lewis

Donna Maupin To Appear On Radio Program Wednesday

Donna Maupin of Turkey, Texas, voice student of Mrs. L. D. Wilkerson, Matador, Texas, will present a program over Radio Station KFLD, Floydada, Texas, 909 on your radio dial, Wednesday, May 2, 1956, at 9:00 a.m. She will be on the "Listen Ladies" program conducted by Mrs. Alma Holmes.

The following members will be rendered for the pleasure of the listening public: "The Emperor Waltz", "Beautiful Dreamer", "Only a Rose", "April Showers" and "Ciao Letto Lindo."

It is hoped you'll be tuned in for this program as Donna has an exceedingly nice voice.

Farmers Meeting To Be Held Mon. Night In Gasoline Bldg.

A meeting of special importance to all farmers in this area will be held at eight o'clock Monday evening, April 30, in the Gasoline Community Building.

Mr. Richard Alexandria, state secretary of the National Farmers Union, will be guest speaker at the meeting. During the course of the evening refreshments will be served.

Everyone is invited to attend this meeting.

Neal Smith Passed Away April 17th

Neal Gordon Smith passed away April 17, 1956 in the Roosevelt General Hospital in Portales, N. M. He died of a heart attack after an illness of two weeks. He was 51 years and 11 days old at the time of his death.

Funeral services were conducted Thursday afternoon at 3 P.M. in the 4th St. Church of Christ in Portales with Bro. G. M. Covington of Tulia, Texas assisted by Bro. Grover C. Ross of Portales.

FRED DOUGLAS STUDENTS RECEIVED LEAGUE HONORS AT SHAMROCK RECENTLY

May Dean Taylor, granddaughter of Mr. and Mrs. Bill Clardy, won first place in Declaring for the Juniors in Shamrock, Texas, April 6th when the Fred Douglas students and faculty attended the Interscholastic League. Glorious Kathryn Ivory and Bertha Dell Callington won second place in Sub-Junior Spelling.

JOINS FAMILY AFTER COMPLETING ARMY COURSE

Sgt. Alfred Wyatt of Quitaque has been attending Enlistee Student Detachment School, 4664 SU, Fort Bliss, Texas. It has been reported that he has completed the course successfully and has returned to his home and family in Los Angeles, California.

CLARENCE E. ANDERSON RITES HELD THURSDAY

Funeral services were held Thursday afternoon at 2 o'clock at the First Baptist Church, Silverton, for Clarence E. Anderson, 62, life-long resident of Briscoe County. Rev. N. D. Nettleton, pastor of the Presbyterian Church officiated assisted by Rev. James Patterson, pastor of Silverton Methodist Church, and Richard Williams, Church of Christ Minister. Interment was in the Silverton Cemetery under direction of Douglas Funeral Home.

Clarence Anderson was born in Briscoe County September 1, 1894, the son of the late T. L. Anderson and wife, pioneers of this county. Clarence had owned and operated an abstract and insurance business in the basement of the courthouse for many years. He married Miss Josephine Daniels and to this union two children were born.

Mr. Anderson was stricken suddenly at his home early last Tuesday morning, April 17, and died at 6:30 a.m. He had been in ill health for several years.

He is survived by his wife, Josie, one daughter, Susan; one son, Joe, his mother, Mrs. T. L. Anderson; two sisters, Miss Anna Lee Anderson of Silverton and Mrs. Ruby Ellison, Fort Worth; three brothers, T. H. Anderson and Ronald Anderson of San Antonio, and Clagett Anderson, of Philadelphia, Pennsylvania.

Yvonne Wise Played In Piano Audition At Tulia Saturday

Miss Yvonne Wise, local piano pupil from the class of 7th grade of Quitaque has registered as candidate for membership in the National Fraternity of Student Musicians, sponsored by the National Guild of Piano Teachers of which her teacher is a member. This young piano hobbyist will play in the National Piano Playing Auditions, at Tulia, Texas, April 21st and strive for District honors which the Mother organization will confer according to the number of standard classic, romantic and modern pieces chosen from the Masters of pianoforte literature she can creditably perform in the presence of an imported examiner of note from another state.

From coast to coast over 40,000 enthusiastic piano pupils of the nation will participate in this annual national pianoforte event being held in 403 music centers of the country and every entrant worth his salt will be certificated, given a gold or bronze embossed pin, a year's Membership in the National Fraternity of Student Musicians and Piano Hobbyists of the World.

Begun at Hardin-Simmons University, Abilene, Texas, in 1929, national headquarters are still maintained in Texas, where Rules and Regulations are available on request free of charge by addressing Piano Guild, Box 1113, Austin, Texas.

Yvonne is a pupil of Mrs. L. D. Wilkerson of Matador, Texas.

DELIVERED SERVICES TO YOUNG PEOPLES GROUP

Rev. Joe Stone of Plainview concluded a series of evening services at the Assembly of God Church in Quitaque for the young peoples group. Last week's meetings were held on Monday and Tuesday nights.

CLYDE SAUL AWARDED TWO RIBBONS AT HORSE SHOW

A first place blue ribbon was awarded to Mr. Clyde Saul Friday at the horse show at Paducah. The prize was won by Dell Monsieur who was entered in the two-year-old Stud Class. Another winner for Clyde was his horse, Rita, who won third place in a different class at the show.

Mrs Webb Taylor Hostess To W.S.C.S.

The members of the W.S.C.S. met Tuesday evening at the home of Mrs. Webb Taylor for their regular meeting. The devotion was given by the hostess, after which the study was presented by Mrs. Mary Pittman. For refreshments Mrs. Taylor served lemon pie, coffee and tea.

The group met two weeks in succession this month because the first meeting was delayed one week for the recent revival. The meeting last week was held at the home of Mrs. Mort Hawkins.

F.H.A. STATE MEETING by Helen Strong

Thursday afternoon, the 19th, Barbara Jo Taylor, Dottie Jo Wise and I loaded up and headed for Fort Worth to attend the State F.H.A. Meeting. Each chapter may send two delegates. Our two delegates were chosen by the faculty for their good citizenship at school and also they are among the top 4 enrolled in Home-making. There were around five thousand F.H.A.ers and their sponsors attending the meeting.

We had a nice trip to Fort Worth, stopping on the way to enjoy a picnic supper. We arrived around 7:30, but didn't get settled until around 9. We were rather tired so we didn't venture out Thursday night. Barbara and Dottie tried out the motel's swimming pool and I settled down to watch TV.

Friday morning the meeting really began in full swing. We met in the Will Roger's Memorial Auditorium (Let me include a short fashion note—full, full skirts were popular, with layers and layers of petticoats for the girls and those not so fully skirted had on dusters with matching sheaths. White hats were predominant, making the auditorium seem full of snow.) The theme for the meeting this year was "Faith for the Future". The main speaker of the morning and the meeting was Dr. J. Ches Lovren, pastor of the First Methodist Church in Lubbock. Dr. Lovren gave the young people ten challenges for inheriting the future.

(Continued on Back Page)

Last Rites Held For Brother of IG Grundy At Gainesville, Texas

Funeral services were held in Gainesville Tuesday afternoon for Burnie Paul Grundy, 59, a former resident of Callisburg, who died Sunday in a Bonham hospital. Burial was in Oak Grove Cemetery.

Survivors include a daughter, Miss Betty Grundy of Oklahoma City; two brothers, Grover Grundy of Quitaque and John Grundy of California, and three sisters, Mrs. Lizzie Shaw of Gainesville, Mrs. Jennie Coats of Denison and Mrs. Ruby McCaskey of Fort Worth.

Mr and Mrs I. G. Grundy drove to Gainesville Tuesday to attend the services.

CLARKS RETURNED HOME! SUNDAY FROM VACATION

Mr and Mrs S. G. Clark and his brother, Ross Clark of Montana, returned to Quitaque Sunday afternoon from a two-week vacation trip through Texas, Louisiana, Oklahoma and Mississippi. During their trip they enjoyed sight-seeing at San Antonio and Corpus Christi, Texas; Baton Rouge and New Orleans, Louisiana; and Vicksburg, Mississippi. On their way back home the Clarks came by way of Shreveport, La; Texarkana, Tex., and Ardmore, Oklahoma. They reported having a very pleasant trip and especially enjoyed their visit at New Orleans where they dined on all the raw oysters they could eat.

CAP ROCK SOIL CONSERVATION DISTRICT NEWS

The week of May 6-12 is Soil Conservation District Week in Texas. It begins on Soil Stewardship Sunday, May 6, when many churches will hold special services to recall man's duty to the land. During the rest of the week, most SCDs will present special tours, programs and field day to publicize District accomplishments and objectives.

Texas has 172 soil conservation districts which embrace 96 percent of the land area of the state. These Districts represent the greatest force — and the first organized, locally-controlled force — for the conservation of soil, water plants and wildlife.

Each soil conservation district was organized only after landowners of the area voted to have such a district. SCDs are legal sub-divisions of state government, comparable to counties and school districts, but they have no taxing power. Each is governed by a board or five supervisors who must be landowners themselves and who are elected by farmers and ranchers of the District.

A soil conservation district helps its cooperating farmers and ranchers plan and apply conservation measures on their land. Following a masters plan which was carefully prepared by farmers,

and ranchers committees, each District works toward the goal of complete conservation for the land in the District. Supervisors function as a co-ordinating body to stimulate and guide the efforts of local groups and individuals toward achievement of the District goal. Technical assistance is provided by various agencies, such as Soil Conservation Service, Extension Service, Forest Vocational Agricultural teachers.

Any landowner can become SCD cooperators by applying to the board of supervisors. Becoming a cooperator does not involve any financial obligation. Text SCDs now have 172,000 farms and ranch cooperators, and the figure grows by 15,000 each year. Last year these cooperators over-cropped 1,150,000 acres and stubble-mulched 256,000 acres of Texas land. They controlled brush on 1,322,000 acres and had 6,963,000 acres under deferred grazing. They built 10,700 miles of terraces, 7,000 miles of waterways, built over 10,000 ponds, and leveled 74,000 acres of land for proper irrigation.

Supervisors of the CAP ROCK SCD are Edwin Crass, McMurtry, Lem Weaver, and E. Cushing. District officers are maintained at Silverton, Texas. The district has 377 cooperators.

IN — OUT AND ROUNDABOUT

With this being the last edition for the month of April we find the month nearly gone and no April Showers to brag about. A real fine mist of what might be termed as moisture did fall here, Monday night however it practically stopped before it got started.

After a week of cloudy skies which became clear all too soon, we were left with nothing more than disappointment. However we are not the only ones without any rain. Conditions are much the same all over the country.

BEH

The Associated Press told yesterday of the story about a prayer service at Metamora, Illinois, in the central part of that state, being rained out. Each year more than 100 farm folks gather for the traditional procession of St. Mark's Day outside St. Mary's Catholic Church. It is their annual custom to chant the Liturgy of All Saints and pray for rain to help the spring crops.

During the first part of the prayer service, which was held inside the church, rain began falling. The outside procession was to be held on the church lawn and had to be called off. That section of the country has been unusually dry this year.

BEH

Although there hasn't been any special service of this kind conducted in this area, it continues to be the prayer of everyone that rain will come soon.

So far, we in this section of West Texas, have been without any moisture since the snow storm in the early part of February.

BEH

All things are possible with Christ—(Matthew 19, 26)

Throughout the ages men have held to this truth, and upon it built faith, courage and confidence which have enabled them to rise above all human limitations and abilities—to accomplish miracles of healing, recovery and rehabilitation of soul, mind and body.

BEH

"Gardening is simply a matter of your enthusiasm holding up until your back gets used to it."

BEH

The customers—you and I multiplied by millions—decide what products our factories will make, how much will be made, and the price they will be sold at.

Competition for the customers' money weeds out inefficient businesses, and forces others to become more efficient. This in turn brings about lower prices, better quality and service, and the development of new and improved products.

BEH

AN AMERICAN CREED I do not choose to be a common man. It is my right to be uncommon—if I can.

I seek opportunity—not security. I do not wish to be a kept citizen, humbled and dulled by having the state look after me.

I want to take the calculated risk; to dream and to build, to fail and to succeed. I refuse to barter incentive for a dole.

I prefer the challenges of life to the guaranteed existence; the thrill of fulfillment to the state calm of Utopia.

I will never cower before any master nor bend to any threat. It is my heritage to stand erect, proud and unafraid; to think and act for myself, to enjoy the benefits of my creations and to face the world boldly and say, this I have done.

All this is what it means to be an American.

BEH

THOUGHT FOR THE WEEK—

"The guy who brags that he has a head on his shoulders, sometimes has a point there!"

Quitauque Post

Published at Quitauque, Texas "The Queen City of the Valley" on Thursday of Each Week — Member Panhandle Press Assn. Entered at the Postoffice at Quitauque, Texas as second class mail. Dean H. Humphreys, Owner — Betty E. Humphreys, Editor. Later under the act of Congress, March 3, 1876.

OWENS FAMILY ENJOYED FISH FRY AT PLAINVIEW
George Owens took his family and his fish to Plainview Monday evening where a fish fry was enjoyed at the home of their daughter, Mrs. Bill Ebbes and family. Mr. and Mrs. Olin Lane of Turkey were also guests at the family gathering.

ATTENDED GAS MEETING
Mr. Herb Byars, manager of Pioneer Natural Gas Co., attended a company manager's meeting last Wednesday at Plainview.

PVT. JACKIE HULSEY REPORTED FOR ARMY DUTY AFTER 30-DAY FURLOUGH
Pvt. Jackie Hulsey left last Friday to report to Fort Ord, California where he will enter the last lap of service duty with the Army. Jackie has just completed a 30-day furlough visiting his parents, Mr. and Mrs. Jack Hulsey, and other relatives and friends.

Anyone wishing to write to Jackie may reach him at the following address:
Pvt. J. H. Hulsey US 54166352 Service Co. - 11th Inf. Regt. 5th Inf. Div. Fort Ord, California

FISHING GOOD AT TEXOMA DESPITE COLD WEATHER
Fishermen John King, Herbert Gilbert and George Owens returned home this week from Lake Texoma bringing with them their share of fish. The three of them were fortunate enough to bring back 150 fish, most of which

were bass and crappies. Some of the largest weighed as much as 10 pounds.

R. L. PATRICKS MOVE INTO NEWLY PURCHASED HOME
Mr. and Mrs. R. L. Patrick moved Sunday into the home they recently purchased from Mrs. W. F. Brittain of Lubbock.

One of the fellows also pulled in a 6 1/2 pound catfish.

For bait minnows were used and they also did a lot of trolling with plugs. Both methods were successful in attracting the fish to their lines.

With the exception of the cold weather, the men reported having an enjoyable trip. However, they stuck to their fishing even though they did nearly freeze every day they were out. The lake was said to be fourteen feet below normal.

WAS GUEST OF CARTERS
G. B. Shelburne III of Amarillo was speaker for the Sunday morning and evening services at the Church of Christ. He was a guest during the day at the home of Mr. and Mrs. Ralph Carter and Melvin.

FORMER PASTOR AND WIFE GUESTS OF HONOR HERE
Mr. and Mrs. H. G. Gardner were hosts at an informal gathering for a group of their friends Monday evening when Rev. and Mrs. E. L. Yeats of Roby, Texas came for a visit. The evening was spent visiting and playing 42.

In addition to the honored guests, others present were Mr.

and Mrs. J. W. Ewing, Mr. and Mrs. Norville Hamilton, Mrs. Novelle Wise and Mrs. E. A. Puckett. Rev. and Mrs. Yeats are former residents of Quitauque when he was pastor here for several years.

FACTS ON DISTRIBUTION OF LAMB & MUTTON RELEASED

Over half of the lamb and mutton produced in 1954 went to New York, California and Massachusetts, according to a recently issued report from the U.S. Department of Agriculture.

New York and California each received more than twice as much as any other state, about 24 and 21 percent, respectively, of the total available supply. The data for the study were obtained from a survey of meat packers in cooperation with the American Meat Institute, National Independent Meat Packers Association and Western States Meat Packers Association, Inc.

Other states receiving quantities of lamb and mutton to be of importance included Pennsylvania, Illinois, New Jersey and Michigan. These four states plus the three leaders took 76 percent of the nation's supplies of lamb and mutton available for consumption. By contrast, less than one percent of the U.S. total went to Vermont, North Dakota, South Dakota, West Virginia, South Carolina, Alabama, Mississippi, Arkansas, and Oklahoma.

On a per capita basis, Massachusetts was tops with 12.4 pounds and California a close second with 12.3 pounds. New York, Utah, New Jersey, Rhode Island and Connecticut were other states with relatively high per capita consumption rates. Only Nevada, New Mexico, Illinois and the District of Columbia had indicated per capita consumption higher than the U.S. average of 4.5 pounds.

Quick Relief of PAIN

ESSE PAINS OF HEADACHE, NEURALGIA, NEURITIS with STANBACK TABLETS or POWDERS. STANBACK is not a one ingredient formula... STANBACK combines several medically proven pain relievers into one easy to take dose. The added effectiveness of these MULTIPLE ingredients brings faster, more complete relief, easing anxiety and tension usually accompanying pain.

From Our Files

— 5 Years Ago —

Dr. N. L. Powers moved his office building from the Legion building to the new hospital.

Raymond King resigned as county agent for Castro County and moved to Lubbock to accept a position with the Lubbock Cotton Oil Co.

The new home of Mr. and Mrs. Morris Wilton, built in Canyon, was delivered to them.

A surprise birthday dinner was given for George Brunson of Culla by a number of his friends who drove up to his home for the occasion.

A birthday dinner was held in the home of the W. J. Carters for Mrs. Clyde Monk from Hale Center.

Mrs. Wiley Seay, 83 years old, passed away in her home at Silverton. She was the grandmother of Mrs. Lee Driver.

Mrs. Abbie Gail Stanley died in the hospital at Matador. She was the mother of Dr. J. S. Stanley of Matador.

The big KWFT Home Talent Show, conducted by Dixie Boy Jordan, was presented by the Flomot Home Demonstration Club in the school auditorium.

Hawaiian theme was used for the Junior-Senior banquet with Supt. Cross as the speaker of the

Yes ma'am, Only flameless Electric Cooking is "WHITE GLOVE CLEAN"

Clean Walls
Walls stay cleaner and brighter longer when you cook electrically. There's no greasy, hard-to-remove film deposited over your kitchen coils.

Clean Curtains
Curtains stay bright and sparkling... for electric cooking is clean as electric light.

Clean Pans
Aluminum, copper, stainless steel-cooking utensils will no longer need scouring to keep them shining.

Clean Pots
Use the "white glove" test to see how smudge-free your pots will remain.

With a modern Electric Range, you can be sure of "White Glove" clean cooking. With electric heat from sealed units, there can be no products of combustion - soot and fumes - to soil pots. Curtains and drapes need less laundering - they stay clean longer.

Cleanliness is just one of the many advantages of matchless electric cooking.

LIVE BETTER - Electrically

QUITAUQUE ONE-STOP

Lewis Jett Bedwell, Jr. always seemed like a pretty big name for a short guy like me so somewhere along the road of life I got pegged as "Nook". Don't have any ideas as to how anyone derived at that, but it's mine and I guess I'm destined to keep it.

Life began for me back on June 9th in 1917 at Center Point, Arkansas. I moved to Quitauque

with my parents, two years later, in 1919. My memory on that is too vague to go into detail but I can bring you up to date on a few things that's happened since then.

My wife, Josephine, and I were married at Hollis, Oklahoma on July 20, 1938. During the last number of years I have been devoting a lot of my time helping her raise our three youngsters, Teddy Lewis, who is 16, Jacqueline, aged 12, and Joe Charles, who is 9 years old. — That in itself is a big job!

On December 1, 1954 I opened the Quitauque One Stop to serve the people of this territory. I handle all Magnolia products and can supply the public with anything in that line. At the One Stop you are offered the best in gas and oil. For a wash and grease job, call on us and we'll sharpen up your vehicle in no time flat. Speaking of flats... we fix them, too, and also have a good line of auto accessories. For your service needs - - come in and see us.

For my hobby I like to collect old coins.

Hello there. This is R. J. Harmon of the Panhandle Compress and Warehouse Co. baling out to meet everyone. I came to Quitauque on September 1, 1953 to serve as Superintendent for Panhandle. Prior to that I was employed by them at Roaring Springs where I was superintendent from 1944 until we moved here in '53.

Odell, Texas was where I was born, back on the 27th of February, 1914. Lolla Belle, my wife, and I were married February 11, 1941 at Guthrie, Texas. We have

one daughter and two sons, (the three "R's", Rhonda, Robin and Rex. They are students in our local school, learning the three "R's" of education. I am also a Mason of the Quitauque Masonic Lodge.

When I came to Quitauque our warehouse storage capacity was limited to 1,000 bales. Feeling the dire need for added storage facilities, we were given the go-ahead signal to build two new warehouses. This expansion program was completed in October of last year in time for last year's cotton harvest. Each of the two new buildings will house 5,000 bales, which now enables us to store 11,000 bales of cotton. We now have adequate storage facilities to handle all of the cotton harvested during normal years.

At the present time we have all the warehouses filled and hope to handle more cotton this year.

I would like to take this opportunity of extending my sincere appreciation to the farmers of this area for their past business and will be looking forward to serving you all this fall.

Baking Plant. We were shown how they went through the process of killing and removing the hides of animals to be slaughtered. We were also shown through the cold storage rooms. Here they had the different cuts of meat and what grade it was.

Then it was lunch time. We had lunch at 'The Silver Grill'. We had until three o'clock to wait for our trip through the bakery so we shopped around for a while.

At the bakery we saw where they kept the flour and how it was run through different pipes and sifted several times. We saw how they rolled the dough for the bread and how it was cooked in the huge ovens and then laid out on a rack to cool.

They also showed us where they made the doughnuts. They were really good. I think that some of the girls got more than one.

This field trip was all very exciting and educational and we all enjoyed it very much. Those who went were June Ross, Jean Green, Mary Folley, Waydeta

Martin, Nova Martin, Patsy Slayton, Peggy Purcell, Anna B. Tanner, Mary Calvert and Wanda Mosley.

Mr and Mrs Sam Ross, Mrs A. D. Mosley and Mrs Francis Wise accompanied us there. We all thank you for such a wonderful time.

Reporter: Nova Martin

IN AMARILLO HOSPITAL FOR SEVERAL OPERATIONS

Mr Henry Hamilton was a patient from Tuesday until Friday of last week in St. Anthony's Hospital in Amarillo. He is scheduled to return again Thursday where he will continue to undergo a series of eye operations. He is withstanding the surgery in good condition.

A number of youngsters have been ill within the past several weeks with the measles. These reported to have had the disease are Ronnie and Dannie Vaughan, sons of Mr and Mrs Bud Vaughan; Carol Blankenship, daughter of Mr and Mrs Pete Blankenship; Pat Peacock, son of Mr and Mrs Billy Peacock; Suzanne Byars, daughter of Mr and Mrs Herb Byars; and Mark and Nadean Humphreys, children of Mr and Mrs Dean Humphreys.

(Continued from Page 1)

Table decorations carried out the red rose color from the rose garden. The tables were covered with white with red candles entwined with red roses, placed along the center of the tables. On the head table a centerpiece consisting of a crescent moon banded in red roses, topped by a large star was graced on each side by extra large red candles entwined with red roses.

The menu consisted of Rose Nectar, Moonlight and Rose Special, Moon Beams, Crescent Moon and Star Duet, Fleecy Clouds, Rose Petal Salad, Rose Radishes, Lover's Delight, Buds and Seeds and Rose Water.

The Eight Grade had as their guests the faculty, the trustees and their wives and Rev. and Mrs. Johnny Rakestraw. Rev. Rakestraw, pastor of the First Methodist Church, was speaker for the occasion. Mr. G. R. Colvin, the Agriculture teacher, gave the invocation. The Class presented the program with Gary

CARD OF THANKS

Tunnell as Toastmaster and Rebecca Holcomb at the piano. Moonlight and Roses was sung by the class; a poem, Moonlight and Roses was given by Sara Turner; My Wild Irish Rose was sung by Rosie McKay, Kay Edward, Kathie Farley and Joyce Turner; a Rambling Rose was spoken by Paul Phillips; A Red Rose For A Blue Lady was sung by Barbara Melton, Donna Maupin, Lonnie D. Richard and Jerry Maupin; One Red Rose Forever was given by Kathie Farley; By The Light of The Silvery Moon was sung by Barbara Melton, Jan House, Iva Nell King, Ginger Bell, Danny Callaway, Ted Bernhill, Jack Bell, Gary Tunnell, Derry Fastun and Lonnie D. Richard; A Rose By Any Other Name was given by Jerry Taylor; a musical reading was given by Ruby Melton; the class prophecy Several Red Roses was sung by Lowell Proctor; Only a Rose was sung by Danny Callaway, Donna Maupin, Marsene Baisden, Ginger Bell, Winnie Sue Skilton, Delores Husband and Barbara Melton; and The Prettiest Rose was spoken by Jan House concluded the program.

The preparation and serving of the food was done by the class mothers.

(Continued from Page 1)

They were briefly as follows:

1. Make your life a voice instead of an echo.
 2. Be a participant instead of a spectator.
 3. Make an affirmation of your life.
 4. Count your assets.
 5. Pay your debts in strength.
 6. Make your goodness attractive.
 7. Win the battle of mediocrity.
 8. Keep your sense of humor.
 9. Keep your world large.
 10. Take a venture in faith.
- Dr. Lovern closed on the following note: "What you ought to be you can become."

The afternoon session was spent on a series of discussions titled, What F.H.A. Has Meant To Me, with music furnished by the Denton Civic Boy Choir. After the session we visited the zoo and the aquarium. We particularly enjoyed seeing the feeding of the seals, spitting fish and electric eel. Dottie and Barbara took a turn on the Tilt-O-Whirl, too. We rushed back to the motel and the girls took another dip in the pool after which we dressed and returned to the auditor-

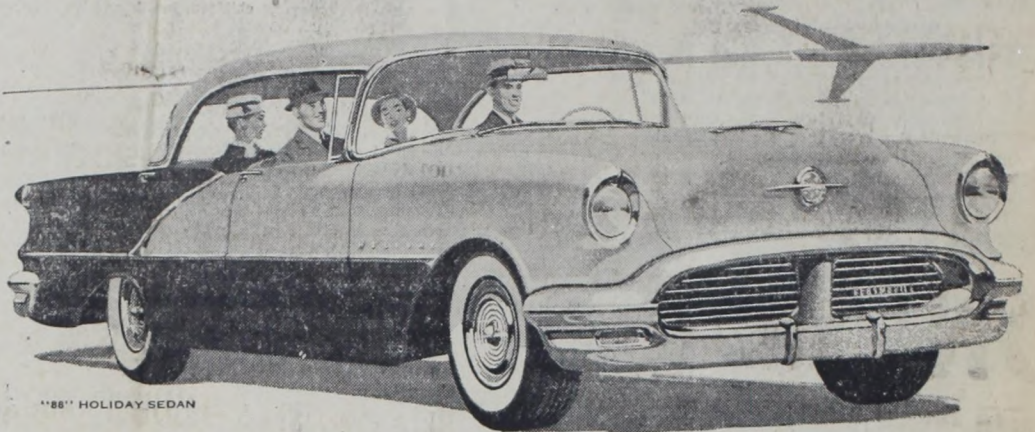

ium for the evening session. The program was titled "Deep in the Heart of Texas" and was skits presented by different area groups showing Texas under each

flag it has served. After this meeting we attended the late show put on by Elvis Presley. Saturday morning was spent in the election and installation of

state officers for 1956-57. We left Fort Worth Saturday at noon in rain and drove to Cross Plains where we stayed to lend a helping hand to my sister

and her family, Mr and Mrs Ferrell Newton, Mary, Brenda and five-day old Bobby. Sunday evening we returned to Quitaque, tired but happy.

IT'S TORQUE THAT MAKES THE WHEELS GO 'ROUND!

"88" HOLIDAY SEDAN

... And the High-Torque Output of Oldsmobile's Famous Rocket Engine Is Instantly Translated Into Outstanding Performance at the Rear Wheels!

LET'S TALK TORQUE! In plain language, torque is "twist." It's the force that makes the wheels go 'round. So it follows... the more torque your engine has, the more go power your car has... the more getway at the light... the more action on the open road!

That's why, when it comes to power, there's nothing like Oldsmobile's Rocket T350 Engine—because the Rocket is torque TNT! Figures prove it: 350 pound-feet at 2800 rpm (340 pound-feet at 2400 rpm in "88" models).

OLDS CHASSIS IS ENGINEERED TO HANDLE HIGHER TORQUE!

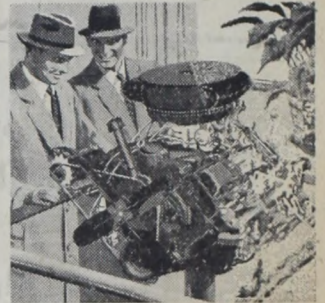

Oldsmobile has the chassis to take Rocket torque... a skillfully engineered Oldsmobile chassis with an extra-sturdy, dynamically balanced drive shaft, and an extra-rigid frame that resists twisting and weaving.

What's more, the Rocket's got horsepower — to spare! And with Oldsmobile, it's high usable horsepower... a by-product of engine design aimed straight at the wheels — design that translates horsepower into terrific torque at normal engine rpm's.

TOP TORQUE MEANS TIP-TOP PERFORMANCE!

The result is higher torque—silken, responsive Rocket action. Touch the accelerator—ever so gently—you "go"... and we do mean "GO"! You thrill to smoother, swifter bursts of power for everyday use—spectacular performance, when you need it... when you want it.

Any way you look at it, you can't top the Rocket for thrills for the money—or for top return when it's time to trade. Stop by soon. Rocket 'round the block... or around the town if you like!

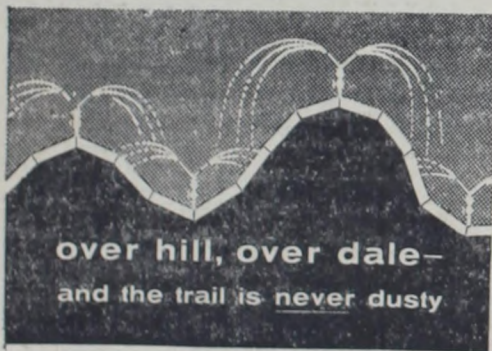

OLDSMOBILE'S ROCKET—the engine that started the high-compression era—still leads the field! Get the feel of top torque, top horsepower! Take a Rocket Ride today!

Best thing about portable irrigation is that you get water where and when you want it. Hilly terrain is no problem. Sandy soil that sucks water out of ordinary irrigation ditches is no problem.

Portable irrigation is as precise as watering each plant by hand. What does this freedom from dry spells and troublesome terrain cost? A lot less than you think. We know farmers,

right in this county, who have paid for their systems in two years—three years. They did it with better crops. By getting to market first. By being independent of drought.

Call us or stop in today and let us show you how to engineer a portable irrigation system to your farm. We carry complete systems, parts and the very finest Alcoa Aluminum Pipe.
