"My one little vote doesn't count." That easy alibi is used by millions of people who fail to go to the polls. In many elections, this gross failure is shared by an actual majority of the eligible voters.

"Disinterest in our government is a moral crime. . . It could mean we are taking away from our children and grandchildren the greatest single privilege granted any people."

Your "little vote" is necessary if we are to have government by the majority—not by a controlled or organized minority. The right of franchise is the bulwark of representative government—without it is the bulwark of freedom.

When election day rolls around make it a point to go to the polls—take advantage of this one great privilege we Americans are entitled to—YOUR VOTE COUNTS.

If you get a postal card from the Texas Game and Fish Commission seeking information about your hunting plans for the next few months, answer it at once and—tell the truth about your plans. There will be just 7,500 of these cards mailed out and your help will give the commission some needed information.

Those who answer will get a second card later asking about their hunting success. Maybe the information furnished the commission in this way will permit bigger kills in future years!

Ever know it to fall—on the day you're obliged to give a small talk or speech your voice isn't too good because of a cold? The next time this happens you'll find it helpful to suck on a lump of sugar or a piece of lemon beforehand.

Why not plan a Halloween party outdoors this year. Come to think of it—there will be no worry or trouble then when it's time to duck for apples!

A simple menu, which means fun for the hostess too: rolls and hot dogs, warmed shoe-string potatoes, apple cider and toasted marshmallows. And, don't forget when it's time for the ghost stories—throw drift-wood crystals on the bonfire.

Will see if I can locate some appropriate recipes for you next week for the Halloween week-end.

BEH

Speaking of Halloween, I'd like to remind everyone of the school Carnival which is to be held Friday of next week. Let's all plan to attend this annual event of fun and entertainment that the youngsters work hard for each year. If we show our interest—then they're not apt to lose theirs.

Remember the old popcorn wagon? There is one still operating up in Omaha after 54 years. The wagon first saw service in 1900, has had three owners, and now is operated by William Bly, 74, who has owned it since 1940 when he retired as a truck driver.

Some of the grandchildren of patrons who bought popcorn in the early part of the century now patronize the wagon. Only change in its operation is the replacement of the gasoline operated popper with an electric one. A city fire law required it.

We have another one of those "weeks" that has been set for recognition. Oct. 17-23 is National Want Ad Week. Of course, I couldn't pass up the opportunity to call your attention to our Want Ad column this week. We have some very good items listed which will benefit our readers.

For a few silver coins you are able to make known your needs, whether it is something you want to buy, sell or trade; or something you have lost or found; etc.

## Fun For All On October 29

### Panthers vs- Owls At Silverton Friday Night

**BAPTIST WMS**  
The W.M.S. of the Baptist Church met Monday afternoon for the "Royal Service" program, with seven ladies present. Mrs. Gragon led the program entitled "Make Straight a Highway For Our God" by playing "When I Survey The Wondrous Cross", as the group paused for silent prayer.

Mrs. Wagon gave the devotional with the reading of Isaiah 40:3 and Matthew 3:3, followed by Mrs. Herrington who told of Columbus and Judson and some of their work as missionaries.

The remaining part of the program covered the work in the mission fields in Asia, Africa, Europe, Latin America and Russia. Ladies taking part in this were Mrs. Roy Burgess, Mrs. H. O. Gilbert and Mrs. S. T. Bogan, with some assistance by the leader, Mrs. Gragon.

The meeting was brought to a close with the group joining in prayer.

**GINNING REPORT**

This week's ginning report shows their total has reached into the 2,000 bale bracket, with the amount up to Wednesday evening being 2,558 bales.

The cotton has been coming in at a fast rate during the past two weeks now that field hands are a little more plentiful than before. Lots of transient hands are working in this area, however, a few of the farmers are still short of helpers.

It is their hope that the nice weather continues as it has been until their cotton crop is all pulled and delivered to the gin.

Ginners estimate that dry land cotton is turning out from a third to a half a bale per acre; some fields even more.

Maximum capacity of our two gins for a period of a week amounts to around 1,000 bales. This week's operation of 1,054 bales show that the gins still have a couple hundred more to go before they can reach that capacity mark.

**GIRL CROWNED FHA QUEEN**

Pecos—Ann Wise, daughter of Mr. and Mrs. Hood Wise, of Pecos, was recently crowned Future Homemakers of America Fair Queen by FHA Beau Tommy Poer.

Mr. and Mrs. Wise were former residents of Quitaque.

**LIONS CLUB MET MONDAY**

Fifteen members of the Quitaque Lions Club gathered Monday evening at the First Methodist Church parlors for their meeting of the month. Also present was the Lion's sweetheart, Jo Nell Brummett.

Routine business was conducted, under the leadership of Lion Boss Burgess. A suggestion was made by him that the Lions Club organize and set up a booth at the Halloween Carnival to be held Friday night, October 29. All were in favor.

A committee of Lions were appointed to oversee the booth activity and make the necessary preparations. It was decided that funds raised during the evening would be donated to the school for the new automatic scoreboard.

Entertainment for the evening included a reading given by Miss Brummett.

The next meeting will be held on the first Monday in November.

Ghost and Goblin day is almost here and Quitaque youngsters and oldsters are making ready to greet them on Friday night, October 29th. That is the night of the annual School Halloween Carnival and all souls will be directed to the school, for food and fun.

The Quitaque Parent-Teacher Association is sponsoring the Carnival and they will be in charge of the food booths. There will be a good variety of all kinds of food, coffee and drinks, so don't do any cooking that night, but come prepared to eat at the booth—or be dunked in the pond. Don't be wondering what pond—it will be there waiting for you.

In addition to the food concessions the P-TA will have a fortune telling booth and a bingo table. Each class will sponsor a booth of some sort.

The Queen of the Carnival will be crowned in pretty coronation ceremonies, and this contest is now under way. If you have a preference for the Queen, now is the time to get busy and see that votes for her are amounting to dollars.

In the grade school each class chose a candidate for Queen, and she has selected her escort. In the high school both Queen and escort were selected by vote. The candidates are:

- Seniors: Joyce Crabtree, Hop Lewis.
- Juniors: Jo Nell Brummett, Pete Whipe.
- Sophomores: Patsy Eddleman, Richard Pittman.
- Freshman: Laurine Whittington, Dale Smith.

- 2nd Grade: Charlene Bailey, Warren Lee Merrell.
- 1st Grade: Elaine Boyles, Walter Wayne Taylor.

The Carnival will begin at 6:00 P. M. Friday night, Oct. 29, when the supper booths will open for business. The Carnival proper—the entertainment, etc., will be ready to operate at 7:00 P. M., and the coronation of the Queen is set for 10 o'clock.

Proceeds from the Carnival will be divided three ways. Each class will receive 30% of the funds raised by their individual booth at the carnival, and this will be used by the class as they see fit. Part of the Carnival proceeds will go to the Athletic Department—to be used toward lightening their indebtedness.

Part will go to the Parent-Teacher Association to be used as payment on the project they have chosen for the year—an electric scoreboard for the Quitaque school gym. The Quitaque Lions will have a booth, and all the proceeds raised here will be used for the electric score board.

Richard Eddleman, Gayle Hoggan, Burnell Stephen and Eddie Bennett, students of Cisco Junior College at Cisco, Texas were here Friday night to attend the football game and later drove on to Canyon to attend their home-coming activities.

final 10 right thru the middle. The extra point was again missed—if the Panthers are ever in a close ball game where the point after might mean the ball game they will be out of luck. The locals haven't made but very few.

The Panthers threatened to blow the Eagles right out of the ball park the second half. The locals received the second half kickoff, Mo Eddleman taking the ball on the 20 and returning to the 30. It took just two plays for the Panthers to score. On the first play Mo went 19 yards to the 49 and the next play was a Mayfield to Joe David Payne pass and run play good for 51 yards and 6 points. This time Mo dropkicked it square and locals had 26 points.

The Eagles themselves set up the next Quitaque TD when they fumbled the kickoff and the Panthers recovered on the Lakeview 31 yard line. It required 8 plays from that point for the Panthers to rack them up again with Carl Brown getting his second TD of the night, this time going over from the 2. The extra point try was no good and the Panthers had their 32-0 lead.

At this point Coach Bowes called it quits and started running in his reserves, who proceeded to give a very good account of themselves and at one time really threatening to score on the Eagles. A fumble killed the chance, however.

Almost an entire team of reserves played the 4th period and several of the lads showed quite a bit of promise for future years.

**ARTHRITIS?**

I have been wonderfully blessed in being restored to active life after being crippled in nearly every joint in my body and with muscular soreness from head to foot. I had Rheumatoid Arthritis and other forms of Rheumatism, hands deformed and my ankles were set.

Limited space prohibits telling you more here but if you will write me, I will reply at once and tell you how I received this wonderful relief.
