Baptists Plan For A Revival

Rev. Carlos McLeod

☆☆☆

September 1-8 has been set aside as a time for evangelistic emphasis by the First Baptist Church of Quitaque.

The Rev. Carlos McLeod of the First Baptist Church of Silverton will be the evangelist for the revival and the services of Mr. Thomas Lane of the Bellevue Baptist Church of Memphis, Tennessee have been secured to lead the music. Both of these men have been used of God in a great way in their respective field of labor.

The organization of the church are to lead in the preparation. The W.M.S. has been asked to provide entertainment for these men and a place for each of the prayer meetings in the homes. The Training Union will led in the cottage prayer meetings and be responsible for the attendance at each one. The Sunday School will call the people to prayer before each service and have charge of these prayer meetings.

FEED GRAIN PROGRAM ANNOUNCED

College Station, August 8 — Major provisions of the 1964 Feed Grain Program have been announced by the U. S. Department of Agriculture and basically will be the same as in 1963.

The major change is an increase in the top limit on diversion from a farm's base acreage with an increase in the rate payment for maximum diversion. This, the USDA said, is intended to encourage producers to divert additional feed grain acres and to increase their income.

Under the 1964 program a producer may divert as much as 50 percent of his feed grain base acreage compared with a top of 40 percent in 1963. Those who divert from 40 to 50 percent will receive diversion payments at the maximum rate for all acres diverted. As before, the maximum acreage diversion will be 25 acres if this is more than 50 percent of the base.

Producers who divert at least 20 percent of their feed grain base will be eligible for payments computed by multiplying the number acres diverted times 20 percent of the normal yield times the county total price sup-

port rate for the grain diverted. For acres diverted between 20 and 40 percent of the base, payments will be based on 50 percent of the normal yield times the total county support rate. A diversion from the base between 40 and 50 percent (or 25 acres if this is larger) will earn payments for the producer of 50 percent times the normal yield times the total acres times the total county support rate. Payments may not exceed 20 percent of the value of the land diverted.

The total national average price-support levels in 1964 will be the same as in 1963, but a slightly larger proportion of the support will be made available through loans. Payments-in-kind for both diversion and the non-loan part of price support will again be made in the form of negotiable certificates. The signup period for both fall and spring sown crops is expected to be early in 1964.

Mr. and Mrs. Ben Cloud of Dallas visited the J. C. Hamiltons Monday morning enroute to Colorado for a vacation.

To Celebrate 50th Wedding Anniversary

Mr. and Mrs. J. W. Harvey will observe their Golden Wedding Anniversary Sunday, August 25, with Open House at their home here in Quitaque.

Mr. and Mrs. Harvey invite all their friends to pay them a visit between the hours of 2 and five o'clock in the afternoon.

The Harvey's wedding anniversary actually is on Saturday, the 24th, but they believe that more relatives and friends will be able to share their day with them by waiting until Sunday to hold open house.

Mr. and Mrs. Harvey were married in Grayson County, Texas, August 24, 1913 at the spot where Denison Dam is located on Lake Texhoma. Both of them lived at Colbert, Oklahoma at the time of their marriage.

The Harveys came to Quitaque in November of 1921 and have lived here since that time. They have three sons, Howard and Ralph of Amarillo, and Graham, of Clayton N. M., 15 grandchildren and 11 great-grandchildren.

Summer Recreation Program Ends

A total of 102 youngsters took part in the swimming phase of the Summer Recreation Program which comes to an end this week.

The program was a success from all angles, even from the financial angle as it appears that the program will be completely self-supporting this first year of existence. Early reports indicate that there will even be sufficient funds with which to pay for the lights used in the night baseball games.

A complete report will be run in a later issue of the Tribune, along with a list of those who had an active part in the running of the program.

Pictured below are some of the youngsters who learned to swim this summer during the Summer Recreation Program.

Donald Ramsey, Johnny Martin are caught sort of taking Griffin, Larry Tyler and Jerry it easy for a few seconds.

Jerry Martin, son of Mrs. Patsy Martin, appears to be taking a nap in this shot and the way he floats, he could almost do it. Jerry is about as near to a "human cork" as a person can be for a young fellow.

The editor finally got the group together and still long enough to get a picture. They are, left to right: Neva Dale Morrison, Guy Davidson, Beverly Rogers, Donald Ramsey, Pam Loudermilk, Jerry Martin, Larry Tyler, Ann Jean Taylor, Eddie Owens and Johnny Griffin.

Coaches Attending Coaching School

Coaches Gene King and Jarrell Rice of Quitaque, Teddy Bedwell, who will coach at Lakeview this year and Coach Bennie Leslie of Silverton left late Monday afternoon for Houston, where they are among the record-breaking enrollment at the annual Texas Coaching School.

The football game which will conclude the week's activities Friday night, will be of more than passing interest to football fans here in Quitaque because the North All-Stars are being coached by Gene May-

field, son of Mr. and Mrs. Jim Mayfield.

Gene has established himself as one of the finer coaches in the state, and taking his Borger Bulldogs to the finals of the state race last year before being nosed out by San Antonio.

Quitaque Has A New Look

Quitaque takes on a new look this week with the completion of the street sign project sponsored by the Lions Club.

This worthy project will mean much to the town. Not only will street signs serve the purpose for which they are intended, that of putting a definite location on a house or place of

business, but also adds to the appearance of a town, and indicates that the town is made up of progressive, forward thinking citizens who want to improve their hometown in any way possible. Congratulations are in order to the Lions for their purpose for responding to the leadership of the group.

SPEED LIMITS TO BE RAISED ON MANY TEXAS HIGHWAYS

Austin, Texas — More than two-thirds of the Texas highway system will come under the new 70-miles-per-hour daytime maximum speed for passenger cars which becomes effective on August 23, the Texas Highway Commission revealed today.

Under the speed control law passed by the Legislature this spring, all highways not zoned down by the Commission will automatically go to the new 70-mph speed August 23. This means that some 41,500 miles of the state-maintained highway system will be allowed to come under the higher maximum speed.

The Commission today passed a Minute Order which zoned some 18,640 miles of the highway system at a maximum of 60 miles per hour daytime and 55 miles per hour at night for passenger cars, effective August 23. These highways will be restricted to the lower speed limit because engineering studies indicate they are inadequate to accommodate a 70 - miles - per-hour maximum.

The Commission's action followed a series of engineering traffic studies which were conducted throughout the state by the Highway Department's 25 highway districts.

A large percentage of Texas' vast Farm to Market Road System will come under the 70-mph maximum, although some of these roads (and some of the older primary routes) will be restricted to the lower 60-mph maximum where conditions warrant.

There are approximately six million veterans of the Korean Conflict in civil life, according to the Veteran's Administration.

The average veteran in civil life is more than 44 years of age according to records of the Veterans Administration.

More than 276,000 veterans have been trained in medicine and related fields under GI Bills supervised by the Veterans Administration.

Present for the occasion were Mrs. Clara Hamilton, Mr. and Mrs. B. K. Hamilton, Mr. and Mrs. N. V. Hamilton, Mr. and Mrs. E. J. Hamilton, Mr. and Mrs. Jerry Hamilton, Kelly and Blake, all of Quitaque; Mr. and Mrs. Paul Hamilton, Gwendolyn and Pauletta, Denton; Mr. and Mrs. George Setliff, Mr. and Mrs. David Setliff and Bruce of Turkey; Mr. and Mrs. Keltz Garrison, Ray and Chipper of Plainview; Mr. and Mrs. Noman Hamilton of Tulia; Mr. and Mrs. Robert Hamilton Carol and Chris, Mr. and Mrs. Hiram Vaughter, Mr. and Mrs. Buster Hamilton, Mr. and Mrs. Trenton Davis, all of Amarillo, and Mrs. Dorcas Miller of Grand Prairie. Those who were unable to attend missed out on a lot of fun and good visiting. We missed those who are usually present and were unable to be there this year.

The highlight of the gathering is always the showing of the movies of the previous reunions. It is getting to be quite a long show, and we may have to start having an intermission since it is now about 14 years since we started having the reunion.

Mr. and Mrs. Noman Hamilton were chairman of the reunion this year, and they were assisted by Mr. and Mrs. Hiram Vaughter. They contacted everyone, making necessary arrangements and reservations, and this is quite an undertaking in itself.

The reunion is planned for next year to be held at Lake Texhoma Lodge, near Kingston, Oklahoma. Everyone will be notified of the place and date in time to make necessary arrangements. Plan to attend. We hope to have lots of fun in store for you.
