**They're well within your reach.**

Hightailing it from your living room or bedroom to answer the phone in your kitchen is inconvenient, inefficient and a pretty amusing sight to onlookers.

So why not add an extension or two? It's easy enough to arrange. Just call your General Telephone business office.

We've got desk phones, wall phones, decorator and pushbutton phones. In plenty of styles and colors. Which makes our extensions as easy to look at as they are to get at. **GTB GENERAL TELEPHONE**

**Fire Causes Damage At Welch Farm South of Quitasue**

Fire, presumed to have been started by lightning last Thursday afternoon, caused considerable damage at the farm of Mrs. Aline Welch south of Quitasue.

A barn, 1,000 bales of hay, and a late-model automobile belonging to Bobby McWilliams, were reported lost in the fire.

Thursday of last week was one of the stormy ones with warnings out everywhere. The McWilliams had driven their auto to Mrs. Welch's place to get it under cover in the barn in case of a hail storm. There was no severe hail reported in the area, but there was considerable lightning.

Firefighters from Quitaque and Turkey drove to the scene to put out the blaze but the damage was done before they arrived.

Mr. and Mrs. Phil Barefield and Debra of Hereford spent last week

visiting their parents, Mr. and Mrs. James Barefield and brother, Joey, and Mr. and Mrs. Walter Taylor.

Mr. and Mrs. Ted Bingham, Lori, Rhonda and J. Criss of Big Spring also visited the Barefields over the weekend. They visited his mother, Mrs. Bruce Gibson, and husband, J. Criss stayed to visit this week with the Gibsons while his mother is working.

Mr. and Mrs. Thurman Rogers and son of Fort Worth visited his uncle and aunt, Mr. and Mrs. Johnny Brummett, Tuesday and are spending a few days.

Mrs. Cheryl Ward and Stacy and Jana of Claude spent Easter weekend with her parents, Mr. and Mrs. Shine Stevens.

Visitors in the E. G. Wheeler home for the Easter weekend were their son and family, Mr. and Mrs. Harold Wheeler, Cindy, Danny and Cindy of Clovis, Danny's girl friend, Terri Miller of Longview, and Mr. and Mrs. Donny Joe Cantrell of Farwell.

Mr. and Mrs. Boone McCracken

Mr. and Mrs. Boone McCracken will be honored on their 50th wedding anniversary May 9, 1976, with an informal "get-together" and visit at the community room in Quitaque. The time will be from 2:00 until 4:00 in the afternoon.

Hosting the occasion will be their children and families: Mr. and Mrs. Joe Young, Mr. and Mrs. Stewart McCracken and Mr. and Mrs. Alvie Francis.

Everyone is invited to come by and help them celebrate this special occasion. No gifts please.

**AREA RECEIVES GOOD RAIN**

The Turkey-Quitaque area, along with much of the Panhandle, was blessed last week with a very good rain.

Just about everyone reported receiving more than two inches of moisture, the first significant amount of rainfall since early last fall.

A hard shower fell Wednesday afternoon late that lasted only a few minutes, the remainder falling very slow, the kind of moisture everyone dreams of receiving, with little or no runoff and the dry, thirsty ground soaking it up as it fell.

Already the valley is turning green and local residents are much more optimistic for crop prospects for the year. If the year is normal, more rain can be expected in about four more weeks and then things will really begin to look up.

Mr. and Mrs. Jerry Don George and children of Hereford visited in Turkey this past weekend with his parents, Mr. and Mrs. Bill George.

Mr. and Mrs. Paul Cruse of Dallas spent the weekend in Turkey visiting with his parents, Mr. and Mrs. Elmer Cruse, and other relatives.

**Mrs. Tiffin Once Again In The Laundry Business**

Mrs. Joe Tiffin has bought the Valley Laundromat in Quitaque from Mr. and Mrs. Duke Woods and is operating that business now.

Mr. and Mrs. Tiffin are former operators of the Laundry but sold the business to the Duke Woods several years ago.

Mrs. Tiffin reports that she is back in business at the former location and invites everyone to come back and make use of their facilities. She will give the very best service possible.

**Valley Netters At Abernathy Last Weekend**

Some of the Valley tennis players took part in the tournament held at Abernathy last weekend.

Only Lisa Herrington, playing in the Junior High-Eighth Grade division singles, was able to bring home a first-place trophy.

The Valley doubles team of Eudy-Setliff shot themselves into the finals where they were nosed out by the Petersburg team. The Petersburg team is the defending state Class A champion and in the first meeting between the two teams earlier in the year Eudy-Setliff won the match.

The District 4-B tennis tournament was scheduled to be played Tuesday of this week but due to high winds and storm warnings the meet was rescheduled to be played Wednesday, April 21.

**Valley Looking For Three Teachers And A Coach**

Supt. Wilburn Leeper reported that Valley School is looking for three classroom teachers and a girls coach.

Replacements must be found for Lola Thomason, first grade teacher, who is resigning to enter religious work; Miss Jane Hudson, homemaking teacher, who is to be married soon, and Mrs. Lorene Bedwell, who, with her family, is moving to Arkansas.

The board of trustees has been interviewing prospects for several weeks for a girls coach.

Mrs. Ellen Smith of Amarillo is visiting here with her sisters, Mrs. George Johnson and Mrs. Luke Lane.

Mr. and Mrs. Johnny Fuston and children of Hereford and Mr. and Mrs. Eldon Lyles of Childress spent Easter Sunday with their mother, Mrs. Alvie Fuston.

Mr. and Mrs. Bob Williams and boys of Amarillo spent Saturday visiting her parents, Mr. and Mrs. Lawrence Hedrick.

**VALLEY SCHOOL SELECTED FOR ACCREDITATION PROCESS**

The Turkey-Quitaque School has been selected as one of almost 200 school districts in Texas to begin an accreditation process during the 1976-77 school year. This process is mandated by the Texas Education Agency and replaces an older and somewhat obsolete accreditation plan formerly used.

The procedure will consist basically of establishing district-wide goals on student development, conducting a self-study, identifying student needs, placing the needs in priority order, and making a long-range plan for program development. The school district's accreditation status will be based on meeting standards through this method of systematic planning.

A committee, made up of faculty members, students and community members, is currently functioning to produce a set of educational objectives or goals. These goals are statements indicating what student development

the school is trying to achieve through its educational program. The goals will later be submitted to a random sampling of community members for arrangement in to priority educational needs. This method will enable the community as well as the school board and professional personnel to have a part in setting educational standards for the school. The whole procedure will be a very important undertaking for the communities of Turkey and Quitaque and every effort of cooperation will be appreciated.
