Patriots Whip Lazhuddie 47-0 For A Homecoming Crowd of Fans

Valley showed the Homecoming crowd of fans why it is rated number two in the State of Texas last Friday night as the Pa-triots demolished the Lazbuddie Longhorns 47-0.

The Patriots settled the issue early, and about the only ques-tion was "how much?" Lazbuddie won the toss to start the game, that was all they did win. The Longhorns returned the kickoff to the 31 yard line, and after failing to pick up a first down, had to punt. The Patriots set up business on their own 36 yard line. On the first play from scrimmage, big Juice Williams went 64 yards for a touchdown, and Dee Dowd kicked the extra point. With 9:58 left to play in the first quarter, Valley owned a 7-0 lead.

Williams booted the kickoff into the end zone, and Lazbuddie was in business on the 20. After receiving a 15 yard penalty, the Longhorns had to give up the ball, kicking it to their own 49 yard line. On their first play, Valley's James McNary raced 40 yards for a first down at the nine, then on the next play, he carried it in for a touchdown. The try for extra point failed, and Valley led 13-0.

Once again Williams kicked the ball into the end zone, and Lazbuddie took over at their own 20. The Longhorns failed to gain on their first try, and on second down, the Longhorns tried a pitch-out. There was a fumble, and the ball was recovered by Michael Dowd who ran it in for a touchdown. The score was now 19-0, with 7:21 left to play, and after touching the ball four times on offense, the Patriots had three touchdowns

quarter, Quarterback Fuston hit Brent Brown once again with a 22 yard scoring toss, and Dee Dowd kicked the extra point. This made the score 34-0, and that was all the scoring for the first half of play.

Valley's McNary returned the second-half opening kickoff 58 yards and six plays later, John Morgan plunged across from the one-yard line to increase the lead to 40-0.

By this time, Coach Giddens was substituting many of his was substituting many of his younger players. The Patriots were faced by a fourth down at about the 40 yard line on the wrong end of the field when they chose to go for the first down instead of kicking and failed to make it. The Longhorns started a drive of their orus and had me. a drive of their own and had moved to the Patriots 11 yard line. Longhorn quarterback Terry Steinbock was injured and forced to leave the game. His replace-ment, Casey. McGroom, threw a pass into the end zone, where Kevin Hendrix stepped in front of the intended receiver, inter-cepted the pass, headed east, and did not stop until 102 yards la-ter, in the Lazbuddie endzone. Dee Dowd kicked the extra point, making the score 47-0. There was no scoring in the fourth period. Coach Giddens said, "This was probably one of our best defensive efforts. The last two weeks

FRIGIDAIRE ACCREDITATION

Two servicemen have qualified as accredited technicians for the West Texas Utilities Company, an authorized Frigidaire dealer. The announcement has been made by Manuel Gomez, Southvest Regional Service Manager for the Frigidaire Parts & Service Company, a division of White Consolidated Industries,

Juc., based in Arlington, Texas. Qualifying technicians are Jesse Turner and Wayne Loury, both master technicians who have been accredited technicians or eight years. Frigidaire rates the technicians

on strict standards, such as ap-pearance and good work habits. To qualify, a technician must have a minimum of two years experience with a Frigidaire dealer servicing major appliances. He must also complete a Frigidaire designated service training pro-gram, including customer rela-

While there's nothing funny about the fuel cost adjustment on your electric bill, it has been a part of utility charges for the past 75 years. It's only in the past few years that it has commanded our attention. Nobody noticed it when natural gas was plentiful and cheap.

Although it is called by different names in different parts of the state, the fuel cost adjustment shows up on everybody's electric bill. It's a part of the cost of generating electricity and it seems to increase each year. Conservation is our only defense. Your member-owned electric cooperative wants to help you save.

1956 Dwight Eisenhower vetoed a bill which would have outlawed Attorney General Mark White today commended President Carter for supporting a proposed \$1,000 tax credit on windfall federal control over natural gas in interstate commerce. In 1973, profits taxes in 1980. White said Richard Nixon signed into law a bill which imposed further price controls on both oil and natural that although he would like to royalty owners exempted gas, and Gerald Ford later refus-ed to support the removal of these regulations. Only President Jimmy Carter has had the courcompletely from the windfall profits tax, the \$1,000 tax credit is step in the right direction to give equity to those 650,000 rovalty owners here in Texas who have been heavily impacted by age to decontrol these prices, and now he is attempting to corthis most unfair and regressive rect the basic inequity of the Windfall Profits Tax Act. White The history of price controls

said that this positive step deserves the support of all the people of Texas.

In the past, office and warehouse facilities were in separate locations.

Design for the entire area will incorporate the latest and most efficient energy saving concepts, with full insulation throughout, and an earthen berm to help shield the building. Heat pumps for heating and cooling will be specifically zoned into each area for the most efficiency and will have automatic controls to regu-late the system whenever an area is not in use. Electric service to the new office will be provided by the Cooperative.

An expanded transformer and oil circuit breaker repair shop will allow the Cooperative to per-form routine maintenance locally, rather than sending equip-ment out of town for extended periods. The transformer repair area is also coordinated with a vehicle maintenance area for maximum utilization of equipment and labor.

Guests in the Dick Taylor home in Quitaque from Friday until Sunday evening were Mr. and Mrs. C. C. Moss of Anson, Mrs. Leslie Beard of San Angelo, and Mr. and Mrs. Jack Bradley of Dalhart. The group drove to Lockney Saturday, taking a birthday cake and punch, to help Mrs. J. T. Bradley celebrate her 94th birthday anniversary.

The group was joined there by Mr. and Mrs. Dan Duncan, Dan Ray and Darcee of Panhandle for the party. Mrs. Bradley is the mother of Mmes. Taylor, Moss, Daird and M. B. Taylor, Moss, Baird and Mr. Bradley.

QUITTING SMOKING

AND LOSING WEIGHT

Years ago, one of the most fa-mous ads urged women to reach for a special brand of cigarettes instead of a sweet. Today, the American Lung Association of Texas encourages women to reach out to life instead.

The myth that smoking and smaller waistlines go together has been swallowed by many women, say the Christmas Seal people.

When some people quit smoking, there may be a temporary weight gain. Changes in the body's metabolism can occur because the body does not consume as much oxygen. But quitting is a completely individual , experi ence. A substantial number of people lose weight after kicking the cigarette habit, says the lung association. People who decide

to take control of their lives by quitting smoking also determine to alter unhealthy eating habits as well. Feminists are beginning to look at the fatness issue as a special plague for women, as an

example of a double standard that makes women, especially, feel being slim and being atractive are forever linked. Being half starved in an at-

tempt to lok thin and thus attrac-tive can be a threat to health. So can being too fat. Cutting caloric intake and in-

creasing physical exercise after quitting smoking can keep weight gain to a minimum and even eliminate it altogether. To adopt a healthy, non-smok-

ing, non-fattening lifestyle, the American Lung Association of Texas suggests -Cook with herbs and spices,

rather than butter or margarine, and avoid gravies and creamy -Eat lots of salads with light

dressings, such as light oil and
