THEN & NOW!

by Eunice McFall

Yes, you can go home again! I did that just this past week-end. It was the school homecoming at Tahoka where I grew up and graduated from high school. The class that I graduated with was having a get together so back we went. Those of us that made the effort and took to the road for the reunion had a lot of pleasant surprises in store for us. First of all the school has changed very much in the passing years. For one thing the children seem to be graduating younger and younger. For another the windows in the old auditorium were no longer there, now only blank walls to look on but then the stage balcony, etc all looked just as it did when we were seniors. Other new and needed buildings have been added to the school system. A new cafeteria was also shined up for the occasion.

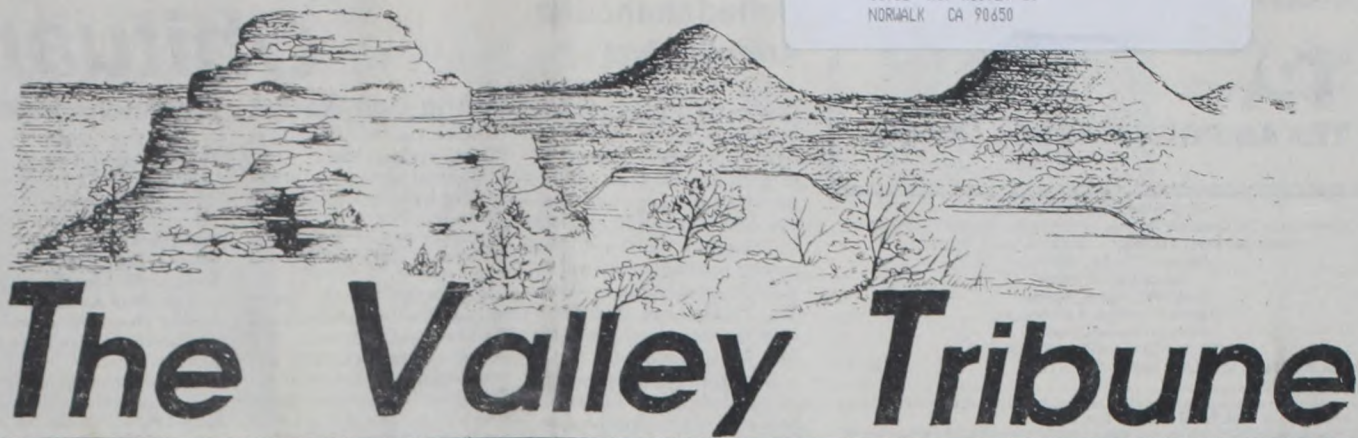

I think that to go home again we must remember that things will be different. After all, we, ourselves are not the same "smart" kid that threw his graduating cap in the air and shouted hurrah! The town has grown in some ways but has deteriorated in others. Many businesses have closed their doors but others have put in to replace them. The churches have grown, some have built new buildings, some have even moved locations but still they are a steadying influence on the population. A new super road divides the town and also bypasses the main street--good for travelers but not so good for the merchants. Many of the people I remember living there are gone, some moved on to better jobs, other locations, other schools, some just followed their dreams to a better place and of course some have died. I saw many new faces among the old familiar ones. This too is good, we need variety in our lives.

One of the things I found that was the same to go home to was the smiles, welcoming handshakes and hugs that everyone was sharing with old classmates, friends and students. The friendliness of our small towns is most evident in the homecoming events that happen whether it be once every 10 years or every year.

One class mate came from North Carolina to join in the festivities. It had been twenty years since we had crossed paths so lots of news was exchanged about lives, families, and of course lots of "do you remember when's"! Memories are wonderful when they are shared with friends from the past. It seems that someone always has a different memory than yours and sometimes it is a most embarrassing one!

Yes, we can go home again, but we must always expect to see changes and to be accepting of those changes for usually they are for the best, even though they are changes we would not have done or do not like. Home really is a place in our heart. We have several homes, our childhood home, our family home, our present home, our church home, our school home, other places we have lived, etc. All of these are precious to us in different ways. Our family home is always the fondest in our memories but the present home that we live in is also the one we crave to be in when we are forced to be away from it for one reason or another.

Yes, I must admit to having had a great time at my homecoming but I must also say that the lights of Quitaque looked great to me, too, Sunday night for this now is MY HOME!

FANCY NEW WHEELS Mayor Connor with the new 1989 Ford Ambulance

City of Quitaque Buys New Ambulance For Area

The City of Quitaque has announced the purchase and certification of another ambulance to serve as a backup to replace the 1975 Dodge ambulance. A 1989 Type II R-350 Ford Ambulance has been purchased from San Antonio Ambulance Sales with money that was donated to the City of Quitaque Ambulance Service from

the Martha Ann Cogdill Foundation. These donations are provided to hospitals and ambulance services to be used for emergency medical care in the rural areas of Texas.

This ambulance has been certified with the Texas Department of Health as a Basic Life Support Unit with Advance Life Support capabilities. This ambulance will be an excellent complement to the 1990 Ford modular ambulance that was purchased two years ago. The old Dodge has been converted to a utility vehicle for the City.

The City is also pleased to announce that six individuals just completed an E.M.T. course, have taken their tests and are waiting certification from the Texas Department of Health.

They are: Jerry Barclay, Maria Cruz, Christy Maynard, Danny Maynard, Dedria Payne, and Jack Wellman.

Congratulations to these individuals who have given many hours of their time over the past four months to become new emergency medical technicians.

National Fire Prevention Week Draws Attention To Dangers

by Jerry Beck

As most of us are aware, this week is National Fire Prevention Week. Actually a more fitting name would be National Fire Awareness Week.

Prevention should be a habit that is practiced each and every moment of every day. Good habits are created through teaching and constantly reminding people of the consequences suffered by relaxing their efforts to prevent fires. I would like to share with you some of the facts concerning fires in Texas alone.

Fire Departments in Texas reported 88,468 fires during 1991. Those 88,468 fires caused 261 death 2,329 injuries and property damage totaling \$366 million.

Following state and national trends, residential fires continued to account for the largest percentage of overall fire casualties and structural fire occurrences. Of the 25,026 building fires reported in 1991, 18,754 (or 75%) occurred in residences.

During the year, 179 people died and 1,583 were injured in fires in residences, more than any other type of occupancy.

Statistics show that very young and very old persons die in fires in disproportionately high numbers. Fire departments reported that 46 children under 5 years old died in Texas fires in 1991. This accounted for 18 percent of all fire deaths. Fifty-two persons 65 years and older suffered fire related deaths, accounting for about 20 percent of all fire deaths.

Adults between 25 and 44 years old are more likely to be injured in fires than any other age group, which accounts for about 54 percent of all fire injuries. All these combined account for about 51.6 percent of the population who suffer either death or injury in fire related incidents.

These are startling figures, however compared to the 94,852 fires reported in 1990, this is a decrease of 7%. Fire related casualties decreased by 2%, and fire related injuries decreased by 2%.

The key to reducing these needless deaths, injuries, and

property loss is through education and forming good fire prevention habits.

Fire prevention is a joint effort of the Texas Commission on Fire Protection, Texas school systems and local fire departments. But the bottom line is that it is an individual responsibility.

For more information on fire and burn prevention, contact your local fire department or write: Texas Commission on Fire Protection, Public Information and Education Section, P. O. Box 2286, Austin, Texas 78768-2286, Phone (512) 873-1700.

### Peanut Patch Reopens Under New Owners Allan and Silvia Boshart

by Ann Coker

Allan and Silvia Boshart have recently opened up the Peanut Patch at Main Street and 2nd, west of the bank in Turkey. The Peanut Patch was formerly operated by Mary Ann Browning. I made a call on the Bosharts the other day and it was quite pleasant occasion.

Allan and I visited while Silvia finished her baking. Allan was kind enough to share some of his past experiences with me.

Allan was raised in Ohio and lived on Lake Erie. He left Ohio several years ago and has led a very exciting and varied life. He has traveled quite extensively as a professional big cat and elephant tamer. He was employed by circuses, private individuals and parks. At one time he traveled with a circus and it wasn't unusual to be moving every day.

Allan settled in Bandera, Texas where he met Silvia. They had a beautiful wedding just over a year ago by the river under a giant Willow tree. Following their marriage, Silvia bought books on how to cook and can and they enjoyed a joint effort in processing the produce they raised in their gardens. Allan also makes furniture without the benefit of power tools. There are no nails or screws in his hand-made furniture—only wooden pegs are used to put the pieces together. He and Silvia are both avid readers. He especially enjoys books on history, biographies and "How To Do It" books. He stated they had taken full advantage of the Turkey and Quitaque public libraries.

Silvia was raised in Switzerland where she ran a tour business. She had sponsored several tours to the Panhandle of Texas and fell in love with the wide-open spaces of this area. She had brought several groups to tour Palo Duro Canyon and they stayed at the Hotel Turkey, and she decided this was where they should live. She has been in Texas for one and one half years.

Silvia has a great selection of canned jellies, jams, pickles and all types of relishes. It's unbelievable what she has done with apples, pears, apricots, and watermelon rind. In her jams and jellies she uses honey in place of sugar. This is a big plus for her diabetic customers. She has zucchini, bread and butter, curry, million dollar and grape leaf pickles. She also makes different kinds of vinegar. The types of breads the Bosharts make are numerous. I especially remember the Sweet Potato Bread made with local sweet potatoes.

Other goodies they make for sale are cinnamon rolls, fudge, peanut brittle and peanut patties. By Christmas they will provide gift baskets and handmade gifts. They will also be selling different kinds of peanuts since peanut harvest is underway.

While visiting their store, I also noticed the beautiful cards that are on display that were made by Gary Johnson, a former Turkey resident. They also have Othe Stubbs' cards and his new book that is just out.

By using local fruits, vegetables, sweet potatoes, peanuts and displaying art work done by local artists, the Bosharts show they are strong believers in supporting their town and shopping at home.

When Allan asked Silvia if she would like to get her papers to become a United States Citizen, she replied, "No, just a citizen of Texas will be fine." Spoken like a true Texan.

The Bosharts would like for you to come in and visit with them. You'll enjoy it. Welcome to Turkey, Allan and Silvia.

### Last Week of October Kicks Off Red Ribbon Week

by Rhonda Cochran

This year, Red Ribbon Week is set for October 24 through November 1, 1992. The Red Ribbon Campaign has spread across the nation.

It has been adopted by individuals and families and the communities in which they live as they adopt an attitude of intolerance for the use of drugs, and mobilize to eliminate the demand for unlawful drugs that many experts believe is the catalyst for violent crimes in this country.

The red ribbon symbolizes the commitment of countless citizens fighting to reduce both the demand and supply of illegal drugs.

In Texas, the Red Ribbon Campaign is undertaken and promoted by "Texas' War On Drugs." At the national level, the campaign is under the direction of the National Federation of Parents for Drug-Free Youth.

The theme for this year's Texas Campaign goes beyond the symbolism of the red ribbon and asks our families, friends and neighbors to **PLEDGE TO BE DRUG-FREE!**

### Patriots Club McLean Tigers; Move to 5-0

by Coach Gilmore

The Valley Patriots moved to 5-0 on the season with a hard fought 59-47 win over the McLean Tigers at Patriot Field Friday.

The Tigers scored first on a 20 yd pass from Christian Looney to David Chronister. Their kick failed. McLean lead 6-0.

Jason Smith got Valley on the board on the Patriots first play when he rushed 15 yd to tie the game. Smith scored again on a 33 yd TD reception from Rickey Hughes. Price added the extra points for a 14-6 lead.

McLean tied it up on a 8 yd TD run by Looney. Jeremy Thomas added the extra point to tie the game 14-14 after the first quarter.

Valley scored four times in the second quarter, a 24 yd run by Smith, 1 yd run by Josh Scoggins, 7 yd run by Smith and a 59 yd INT return by Smith. McLean scored once on a 10 yd run by Looney and Valley went to the locker room with a 40-20 lead.

In the third quarter, it was all McLeans as they scored two TDs, a 1 yd run by Looney and a pass from Looney to Tom Pennington.

Valley scored 3 times in the last quarter to see the victory. Scoggins scored on a 3 yd run, Smith on a 13 yd run and Smith on a 6 yd run. McLean scored twice to bring the final score 59-47 in favor of Valley.

Loading the offense was Smith with 29-261 yds. Danny House, Bubba Powell and Clay Merrell did a great job on the offensive front. Joe Valdez, Smith, Dewayne Davis and Bradley Price did a good job covering the McLean receivers, Scoggins, Merrell, House, Powell and Danny Ulrey added the pressure on Looney. Ricky Hughes went 3-5 for 42 and one TD at QB.

Valley will start district play Friday when they travel to Chillicothe to face the Eagles. Game time is 7:30 p.m. Valley JV will travel to Groom Thursday for a 6:30 kickoff.

### Junior High Football Valley JV Records Third Shut-Out Game

by Coach Gilmore

Valley Jr. High remained unbeaten as they took a close game from the McLean Tigers, 12-10 Thursday at McLean. It looked as if McLean would have it's way with Valley as they took the opening kickoff and marched 62 yd for a TD. The drive took the whole first quarter and McLean lead 6-0.

When McLean kicked off Shawn Stephens found room up the side and scored on a 50 kickoff return. The try failed and Valley tied the game 6-6. Valley held the Tigers on the Pariat one but fumbled on the next play for a safety.

On the second play of the second half Brian Moore went 60 yds for a TD to regain the lead 12-8. McLean forced another safety to finish the scoring.

Although the patriot offense was not moving smoothly the defense played great. Stephens, Moore, Jarrett Pigg, J. R. Reyna, P. J. Merrell, Andra Gaddis, Jason Payne all had great games. Valley will travel to Chillicothe Thursday. Game time is 5:00 p.m.

### Valley JV Records Third Shut-Out Game

by Coach Browning

Valley JV traveled to McLean and came away with a 50 to 0 victory. Offensively we were able to run the ball very well against their defense. Our linemen opened up big holes for our backs. We had 5 touchdowns of 40 yards or longer runs during the game. Because of the way we ran the ball we didn't have to throw the ball. We need to spend more time throwing in practice and working on executing our play action passes.

Defensively, we were pleased with the way we played. We gave up a few first downs in the first quarter but after a few adjustments we were able to shut them down. We blocked a punt to set up our last touchdown. We still have lots of players in on the tackles, and putting pressure on their offense.

This week we will travel to Groom Thursday, October 8.

# TURKEY NEWS

by Ann Coker  
 Kay and Bobby Clay of Ringling, Oklahoma, were visitors in the home of Kay's parents recently, Mr. and Mrs. Tink Lane. They also visited with Bobby's mother, Mary Clay, who was a patient in the Lockney Hospital.

Also visiting Mrs. Clay at Lockney was her great grandson, Kevin Hawkins, of Amarillo. Kevin is the son of Homer and Claudia Hawkins.

Traveling to Albuquerque recently were Katie (House) Bomar, of Silverton, and Totay Morse of Turkey. They were visiting in the home of Mrs. Jessie (Mayfair) Meacham. Katie is a niece of Mayfair's.

Those from Turkey who attended the funeral service for Sam Elliott in Amarillo were Marjorie Bell, Mary Jo Barnhill, Winifred House and Ginger and Jerry Morgan.

Ex-residents of Turkey who attended were Winfred Cooper and Rex and Charla Morgan, all of Amarillo.

Jerry Morgan served as a pallbearer.

Mike and Debra Nash were in the process of moving last weekend. They have been living in the former home of the George Setliffs. Mike is employed in Electra and Debbie and their two children, Leslie and Chelsea, will be staying in Iowa Park with her parents until they can find a home in Electra. Mike was the former meat-market manager at the CC's Valley Market. Their new baby was born on September 15.

Oneal Davis has been ill with a heart condition. He is at home and all hope he continues to improve.

Vance Denton, son of Karen McDougall and Dennis Denton, is making his mark in the athletic field. Vance is only a sophomore at Randall High, but he and one other sophomore are on the Randall Varsity team.

This past Saturday afternoon, Vance had quite a showing of supporters in the Kimbrough Stadium as Randall High defeated the Lubbock High School Westerners. Vance's fans in the stadium enjoying his exploits on the gridiron were Mr. and Mrs. Wes McDougall, Wes's sister and her family from Tulia, his aunt and grandmother from Turkey, Janice Wheeler and Dot Arnold.

Johnny and Juwanna Williams were in town last Sunday. Johnny participated in the memorial service for Wilma Wedge. Johnny served as the pastor of the Turkey Methodist Church approximately 30 years ago. They are now retired and reside in Lubbock. While in Turkey last Sunday, they also visited in the home of Virginia Degan.

Guests in the home of Marjorie Bell last weekend were Lewis and Betty Lyles from Benjamin. They were here to attend the Folley and Nall Reunion in Flomot. Lewis Lyles' mother was a Folley.

Joyce Mullin Guest was a visitor in her parents home last weekend, Mr. and Mrs. H. E. Mullin. Joyce teaches in the Euleess School District. She is enjoying her job working with students who need additional help in reading. She is also a new subscriber to the Valley Tribune.

Also visiting with the Mullins was Caria Mullin, the daughter of Harvey Don Mullin.

Took a drive the other day out southwest of town by the farms of Stacy Price, Joe Ike Clay and Billy Shannon. Of course it is quite sandy, but it was like driving through the proverbial Garden of Eden to see the crops. Such lush crops of irrigated peanuts and cotton were evident everywhere. There are big fields that contain watermelons and pumpkins of all colors and sizes and shapes. We passed several big trucks parked along side the road loading pumpkins and watermelons.

It was a great sight to see.

Mrs. Paul Meacham alerted me the other day that the Huffines were in town. I visited with Mr. and Mrs. Huffine and their daughter Hilda Lawrence. They drove into Turkey from their home in Dripping Springs.

The Huffines and Hilda are in Turkey for a short visit. I think they may be a little homesick and came home for a few days to see and visit their friends.

We've missed the Huffines and are glad they're back, even for a short time.

They also had lots of compliments for the Valley Tribune. Mrs. Huffine informed me they fight over the paper when it arrives!
