Turkey Church Of Christ Plans Summer Revival

The Turkey Church of Christ has planned their annual summer revival August 7 - 10. Larry Branum, a minister of the gospel in Springdale, Arkansas, is the featured speaker. He will be presenting a series of studies from the gospel of John, chapters 18-21. Services will be held at 10:30 a.m. and 6:00 p.m. on Sunday, and 7:30 a.m. and

8:00 p.m. Monday through Wednesday. Lunch will be served Sunday, breakfast will be served during the morning services during the week, and homemade ice cream and cookies will be enjoyed after the Tuesday night service. This meeting is for EVERYONE in the community, so don't miss this opportunity to hear the Word of God lovingly presented by Mr. Branum.

Larry Branum

Hall County Financial Picture On Upswing

The two banking institutions in Hall County, First Bank and Trust of Memphis, and Memphis State Bank and Turkey Branch of Memphis and Turkey, have published their respective second quarter Reports of Condition. A comparison of this June's figures with the figures from the close of business on June 30, 1987, reveal some interesting insights into the county's financial shape and certain changes in banking procedures. First off, traditionally, as a bank's total deposits figure increases, it naturally follows that the bank's total assets increase almost proportionately. However, banks throughout Texas and other states, affected by declines in agriculture and oil industries, have been facing more difficult times in recent months and years.

For example, here in Hall County on the June 30, 1987 Reports of Condition of both county institutions, total assets of both banks were \$58,487,000.00 while total deposits a year ago were \$51,795,000.00. But on the June 30, 1988, Reports of Condition, total assets were \$57,772,000.00 (a decline of \$715,000.00 from a year ago) while total deposits added to \$52,970,000.00 (an increase of \$1,175,000.00 above a year ago.)

Now, the total loans figure made the greatest change of all, dropping \$3,622,000.00 in a 12-month period. As of June 30, 1988, both banks had \$23,528,000.00 in loans while a year ago the total loans in both banks was \$27,150,000.00. So, in summary, it is observed that bank deposits are up from a year ago and total loans are down from a year ago, making a brighter economic picture.

Briscoe County 4-H'ers Enter District Competition

Ten Briscoe county 4-H youth entered record books in district competition in Lubbock July 26, along with those from the 20-county South Plains district. All the boys and girls received blue ribbons for their record books. Junior record books are given either red or blue ribbons, and senior record books are ranked within their group.

Entering record books in the Junior I division were Jeremiah Brooks, agriculture; George Pigg, food and nutrition; Kimmie Blazier, horse; Jarrett Pigg, poultry; and Christina Stephens, swine. Junior II division entries were from: Josh Brooks, agriculture, Ashleigh Wyatt, clothing; Lance Smith, horse; and Christa Tucker, sheep. The senior division entry was Penni Fogerson who

placed second in the fashion revue category. County Extension agents Curtis Preston and Lynda Fogerson and 4-H leader Janinne Brooks assisted with judging at the district contest. 4-H record books are a compilation of a 4-H member's projects, learning experiences, leadership, and community service during their entire 4-H career. Their completion represents the work and dedication of the 4-H member and his/her family. A record book also meets one of the requirements for the 4-H Gold Star Award, which is the highest award given at the county level.

Three 4-H'ers Take District Honors

Three Briscoe County 4-H youth took top honors at the South Plains District 4-H Fashion Show last Thursday on the Lubbock Christian University campus. Ashleigh Wyatt received first place and the cotton award in the Junior 2 Sports category. She is the daughter of John and Gail Wyatt and her clothing project leaders were Janinne Brooks and Michelle Francis. Shannon Weaver, daughter of Max and Sheryl Weaver, won third place in

the Junior I Casual division. Her project leaders were Sheryl Weaver and Bene Hester. Penni Fogerson placed third in the Senior Evening Wear category. Other county participants were: Christina Stephens, Dedra Johnston, Holly Nance, Cecilia Castillo, and Celeste Sperry. Raye Smith and Maebelle Francis judged along with some 35 other judges from the district. Betty Stephens was a judging room supervisor for the contest. Attending the event in addition to those mentioned were: Mr. and Mrs. John Wyatt and Trey, Mrs. Zelma Mayfield, Diana Johnston and Dara, Mrs. Josie Cagle, Sheryl and Julie Weaver, Tina Nance and County Extension Agent Lynda Fogerson.

Mona Cantu To Be "Showcased"

Mona Cantu, a junior student at Wayland Baptist University, was recently notified that she has been selected to appear on "Showcase", a Discovery TV channel program. Her presentation will be taped by "Showcase" personnel at the Lubbock Civic Center on Sunday, August 14. Miss Cantu is the daughter of Mr. and Mrs. Robert Cantu of Quitaque, and was recently named the 1988-89 Miss Wayland. She is a graduate of Valley High School.

Two-A-Days Begin August 8 For Valley

Two-a-day workouts begin for Valley football players on Monday, August 8, at the Valley School. Players are reminded that they must have had a physical, and picked up their equipment when workouts begin.

Western Cotton To Meet In New Mexico

The Western Cotton Production meeting will be held August 9-11 at Las Cruces, New Mexico in the Las Cruces Hilton Inn. For more information, contact Curtis Preston at the County Extension Office, 823-2131, Ext. 13.

TDA Needs CRP Hay Information

The Texas Department of Agriculture would like to know who would be willing to donate hay from the CRP program, if they were able to recover the baling costs of approximately \$30.00 per ton. Secretary Lyng has made this allowance in Minnesota and we expect Texas farmers will also be allowed to help their neighbors. So that we can know how much acreage would be available, please call the 1-800-DIAL HAY program.

City Councilmen Lower Community Center Rates

The Quitaque City Council met for their regular monthly meeting Monday, August 1, in City Hall at 7:30 p.m. First item on the agenda was discussion of an ordinance pertaining to mowing of vacant lots in the city. An ordinance was passed which will require property owners to keep lots mowed, whether or not they are occupied. If the property owner does not keep his lots clean and mowed, the city will provide this service, and bill the property owner accordingly. (See legal notice in classified section). Also discussed was the lowering of rental rates for the Community Center. The Council voted to lower rent on the public meeting place to \$5.00 per hour, with a two hour minimum, and a \$50 maximum. The manual for city personnel was reviewed and is still under consideration. Budget and bills were discussed and approved.

Lions Club To Sponsor Safety Course

The Quitaque Lions Club will be sponsoring a Drivers Safety Course in the near future. Upon completion of this course a 10% discount can be deducted from your vehicle insurance. Anyone interested in taking this course can contact David Brunson or Jana Boyles.

Gasoline Homecoming This Sunday

The Gasoline Homecoming is scheduled for Sunday, August 7, at the Quitaque Community Center. Registration begins at 9:00 a.m. and a catered meal will be served at 12:30 p.m.

Old-Fashion Ice Cream Social Slated

The Do-Gooders will host an old fashion ice cream social to be held Saturday, August 6, 1988 at 8:00 p.m. in the Flomot Community Center. Admission entitles you to all the free ice cream you can eat with coffee, ice tea and Kool-aid also being served. Door prizes will be given throughout the evening, and you must be present to win. Also on the agenda is a cake auction. You can also enjoy games of dominoes or Skip-Bo or bring a game of your choice. Proceeds from the night of entertainment will be used to defray the expense of painting the exterior of the Flomot Community Center and gym. Make plans to attend and help the Do-Gooders Club of Flomot with their 1988 civic project.

'Bud' Richardson Retires From Phone Company

F.J. (Bud) Richardson, Plant Superintendent for Mid-Plains Rural Telephone Cooperative retired from that position effective June 30, 1988. Bud was born and raised in Turkey, Texas. After graduating from Turkey High School, he enlisted in the United States Signal Army Corps and served two years and eight months in the China-Burma-India Theatre of War. Bud served a total of four years and nine months in the service. After his discharge, Bud married Alice Geisler, also a Turkey native. He farmed near Turkey for about two years before he started to work for General Telephone Company of the Southwest in 1952. Starting as an Installer-Repairman, he advanced to Combinationman and Central Office Repairman, then became Supervisor in 1965. He held various jobs in various location in Texas and Oklahoma. These positions included Central Office Foreman, Installation and

Bud Richardson Maintenance Foreman, Plant Foreman, District Plant Supervisor, and Test Dispatch Foreman. During his career with General Telephone, Bud received extensive training by attending all schools pertinent to his job classification. On November 1, 1978, Bud elected to take early retirement from General Telephone. At that time he started with Mid-Plains Rural Telephone Coop as Wire Chief. Upon the retirement of Leon (con't on page 2)

POSTMASTER: SEND ADDRESS CHANGES TO
 THE VALLEY TRIBUNE, BOX 478, QUITAQUE, TEXAS 79255

by Thelma Gafford

We all, at some point in our lives, have said "If I could go back and live my life, and know what I know now, Boy o' boy!"

If we really could do that, one would guess we'd all be rich, for number one. For Number two, we'd certainly have better jobs or careers, or made some kind of impact on this old world. We'd have raised our kids differently. They'd show us more respect, work harder, all would make the honor roll at school. We'd communicate with our teenagers. We would know not to have ever started the tobacco habit, or drank too much, or ever started gambling.

HOCKY-POC, I wouldn't go back for it. Can you imagine being a kid or teenager in this day and age? Or just starting a family now? I shudder to think about it. I can remember when Jolene and I were in school, we had to sneak jeans out of the house under our skirts, because our parents believed girls shouldn't wear pants. Now that was peer pressure, but we handled it. After all, we wanted to be like the other girls.

My parents were strict ... and yes, I did respect them, but I wouldn't want to go back, except for the fact they'd both still be living. I would like to change that.

Think of this, if we were all rich, we'd have no need for jobs or careers. We'd all be jet-setters. Our kids still wouldn't respect us ... they'd hardly know us, we'd all be gone all the time traveling or whatever. They wouldn't work - remember, we're all rich, and

Obituaries

Irene McFall

Irene Darlene McFall passed away July 19, 1988, in Seattle, Washington, following a short illness. Born Irene Darlene Leonard in Great Falls, Montana, on January 7, 1939, Mrs. McFall attended Great Falls public schools, graduating in 1957. She was married to Sims B. McFall, a former Quitaque resident, on March 3, 1961, in Great Falls.

Mrs. McFall was an active member of the Southwest Church of Christ in Burien, WA, and was noted for her caring and concerned attitude toward people who were in need.

Besides her husband, Mrs. McFall is survived by a daughter, Marcy, and son Jim, both of Seattle; two sisters, Lana Black of Beaverton, Oregon, and Rita Wicker of Myrtle Creek, Oregon; a nephew, Russell Blake of Eugene, Ore; a niece, Tina Blake of Seattle; and numerous relatives in Great Falls and other cities in Montana and Washington.

Memorial services were held in the Memory Chapel of Washington Memorial Funeral Home in Seattle on July 23, 1988. Ted Beever, Jack Eisaman and Loy Williams of the Southwest Church of Christ presided over the service.

Charles Cain

Charles Benoi Cain, 63, of Pharr, Texas, died Thursday afternoon, July 28, 1988, in Rio Grande Regional Hospital after a lengthy illness.

Graveside services were held at 10 a.m. Saturday, July 30, at Mont Meta Cemetery in San Benito, Texas. Dr. Wendell King officiated.

Arrangements were under the direction of Skinner Funeral Home in Pharr.

Mr. Cain was a member of the Army Air Force during WWII. He graduated from North Texas State University in 1949 and coached football and baseball. Best known as a baseball coach, Cain was honored by having a Pharr Junior High baseball stadium named for him. He taught school for 34 years, all at Pharr, except one year at Camp Woods, Texas. He also served as assistant principal at Pharr Jr. High, and was a member of the First Baptist Church at Pharr.

Survivors include his wife, Mrs. Charles Cain, of Pharr; two sons, Charles V. Cain of Corpus Christi, William R. Cain of New Orleans, Louisiana; two sisters, Mrs. Evelyn Manry of Wills Point, TX, and Mrs. Charity Stewart of Ft. Worth; one grandson and two step-grandchildren.

Retires

(Cont. from P. 1)

Barham in March of 1986, Bud assumed the duties of Plant Superintendent.

The employees at Mid-Plains honored Bud with a surprise retirement luncheon on his last day at work. Bud's pleasant manner and wide range of knowledge in the telephone business make him a joy to work with.

Bud and his family are members of the Church of Christ and take an active part in the program of the church. Other than his work, family, and church, he enjoys fishing.

Pointers For Parents

Beat Boredom: A Batch Of Things To Do

The age old problem: your child states, "I'm bored. I don't have anything to do!" One delicious idea likely to brighten any weekend or school holiday: get your child busy baking cookies. The variety of kitchen products available makes baking fun and easy for children.

Depending on the age of your child, you may want to prepare the cookie dough yourself. Then, before you let your child loose to create cookie masterpieces, spray the young baker's hands, work table, rolling pin and cookie cutters with Baker's Joy. The spray is specially made for no mess baking and is a low fat, low sodium combination of pure vegetable oil and enriched flour. It eliminates the mess of flour everywhere and the frustration of dough sticking to hands and utensils when making cookies. Supply different cookie cutters with fun shapes or encourage children to be creative and make their own designs. Thanks to Baker's Joy, the cookies will slide easily off the pan when they come out of the oven.

On The QT

Former Resident Celebrates 90th Birthday
 Herbert Simmons of Crestwell, Oregon, brother of Laverne Barnhill of Turkey, was honored with a 90th birthday celebration July 30, at his home.

Hubert and his wife, Marie Dickerson Simmons are former Quitaque residents.

Mr. and Mrs. Ty Bays visited her parents, Mr. and Mrs. Beryl Calvert recently.

Judy Gafford has returned home from a hospital stay.

David Hood of Austin visited in Turkey over the weekend with his father, J. W. Hood.

Billy Farley killed a rattlesnake that measured 57 inches in length and 7 inches round, at the Old Vineyard place on Monday. The snake was found in the well house, and Billy killed it with a .22.

Mr. and Mrs. Phil Barefield and family of Hart and friend Charity of Dallas spent Sunday in Quitaque visiting Mr. and Mrs. Jim Barefield.

Mr. and Mrs. Elgin Conner, Gina, Lori and Karyn of Quitaque were in Springdale, Ark., from July 22, 1988 through July 30. Elgin was holding a meeting at the Pleasant Street Church of Christ during the week. They visited with Ruthann's cousin Mr. and Mrs. Jerry Baker while there.

Sunday they attended church services at the Lockney Church of Christ. They were visiting Mr. and Mrs. Frank Duckworth.

Cindy and Emily Venable of Plainview are spending this week in Quitaque with Mr. and Mrs. Weldon Griffin.

Mr. and Mrs. O. C. Payne, Mr. and Mrs. Warren Payne, and Mr. and Mrs. Lyn Payne and family spent last weekend at Lake Miller Creek near Munday, Texas.

Sue Strange of Claude spent Friday night with her sister, Louise Hood. On Saturday they both attended a Corgill Reunion held in Childress.

Mr. and Mrs. Dale Ramsey, Russell and Kristin spent Thursday through Sunday of last week in Tres Ritos, New Mexico.

Amanda and Slater Sims of Sweetwater are in Quitaque spending two weeks with their grandparents Mr. and Mrs. Grady Tyler.

Grady and Delene Tyler were in Amarillo during this past weekend to attend their 41st class reunion. The group met at the Holiday Inn for their first class reunion since graduating from Quitaque high school in 1947.

Mary Jo Polk of Austin visited with her parents, Leon and Lockwood McCracken over the weekend. On Saturday they all visited with Maudine Richmond in Turkey.

Coy and Holly McKay are visiting in Mustang, OK, with their aunt, Devorah Justice.

Johnny R. Helms recently called his grandmother Annetta Helms, to let her know of his upcoming surgery at Bethesda Naval Hospital. Helms will have served 20 years in the Marines in January of 1989.

Visiting with Lon and Cecil McKay over the weekend were Melvin and Devorah Justice, Jeff, Chad, and Jake, of Mustang, OK; Clyde and Renee Dudley, Lisa and Eric, of Arlington, Chuck and Cindy Martin of Amarillo, Juanita Lane of Turkey, Eldon and Gwen Martin Kirk and Lori, Trent McKay, Coy and Holly, all of Quitaque.

Mr. and Mrs. Danny Maynard wish to announce the birth of their new baby boy. Born July 19, 1988 at 3:28 p.m., he weighed 6 pounds, 3 oz. and was named Billy Chance Maynard.

Little Billy Chance joins a big brother, two year old Chase, in the Maynard household.

Caprock Comments

Here we are in the Dog Days of August, whether we like it or not and the next thing we'll be looking for is the first "Norther" which usually occurs around the 10th of the month and that is supposed to signify the "Frost-Freeze Date" normally about November 10th or 11th here in the Low Rolling Plains. If it don't work out any better than Groundhog Day, which was Heavy Cloudy all day, meaning that Spring was here... get your gardens in, prune your trees and shape your hedges and look out for Spring rains. Meanwhile it continued to freeze for another 90 days and didn't rain a drop, so the Law of Averages ain't a very good Law when it don't work. Reminds us of the old poem about weather which says, "Whether it's cold, or whether it's hot, we're gonna have weather, whether or not!"

Also, the first time ever I've seen, fruit trees loaded until the branches drag the ground after it was all supposedly killed by the late freezes. Peach trees have gone crazy, apricots, pears, plums and not enough "fruit jars" in existence to put 'em all up... maybe it's the Ozone, maybe it's dry weather, maybe old Mother Nature has flipped her lid... anyway, some strange goin's-on!

Seems they are now trying to mix our alphabet with numbers... this new-fangled deal where they make a 7 look like an F and a zero look like 0 and your zip looks like this-000??!

They are sending out bills so fast now that we need to rent another postoffice box just for the second notices!

Iran and Iraq have announced a "cease-fire" agreement... wonder when they are gonna stop shooting at one another?!

Maybe all this mess can be straightened out when Dukakis - Bentzen, or George Bush... gets elected. Notice where, to avoid confusion at near election time, they have agreed to stay in on Halloween night!

Notice where they have come up with a new dance as a sequel to the Bump... it's called the Lump! It was caused by doin' the Bump!

If you play Monopoly, you can now always win if you can buy the railroads... you can apply for a Federal Grant for the railroads!

The Town Loafer says after 25-years of odd jobs, they have now put him in an office with windows. It's called the unemployment office!

My nextdoor neighbor says he opened the closet the other day and saw a moth-ball... "Boyl," he said, "those moths can really waltz!"

A local businessman says he never considered himself underprivileged until recently when he saw his first X-Rated movie!

Wonder why some of the Faith-Healing preachers are now doing aspirin commercials!

The Drouth is affecting everybody; just read where the Tidy-Bowl Man was stranded on a brick!

That's -30- for this time, remember, a road map is Rand-McNally's way of tellin' you to get lost!

The Bell-X-1 was the first plane to officially exceed the speed of sound. It was flown on October 14, 1947 by Major Charles E. Yeager. The plane was nicknamed "Glamorous Glennis."

Small Business Information Is Available Free

The Small Business Development Center on the Midwestern State University Campus in Wichita Falls is designed to provide small business with the practical assistance needed to survive, grow, and prosper.

Providing both professional assistance and moral support to the small business entrepreneur, the Center's philosophy is "We help take the chance out of the challenge."

Consultants work one-on-one with clients starting a new business, keeping an existing business viable, or expanding a business. Cost-free counseling is offered in basic operational and strategic planning involving these and other topics: Business Plan Development, Financing, Marketing and Advertising, and Accounting and Bookkeeping. For counseling assistance, call Kennon S. Duncan, case manager, at 817-696-6738 in Wichita Falls. The Development Center is located at 3400 Taft.

The first receivers of telephone calls cried out "Ahoy-ahoy" rather than the later greeting of "hello."

Social Security News

By Terry J. Clements
 It's a good idea about this time of year for people who are receiving Social Security benefits and are still working to check their earnings to make sure the estimate of their annual earnings they made earlier is still accurate. If expected earnings are higher than estimated on their annual earnings report, they should notify Social Security as soon as possible to avoid problems with the overpayment of benefits.

A change in earnings during the year is one of the most frequent causes of overpayments. This is why beneficiaries should review the earnings estimate they were required to submit to Social Security by April 15. Monthly benefits payable are based on expected earnings for the year.

Under the law, an annual earnings limit applies to people receiving Social Security benefits who work. Earnings over the limit result in benefits being reduced \$1 for each \$2 of earnings above the limit. The 1988 earnings limits are \$8,400 for people 65-69 and \$6,120 for people under 65 all of 1988. People who do not report their correct earnings and who receive benefits to which they are not entitled are required to repay the overpayment. Generally, the repayment is made from deductions from future checks.

A mass mailing is conducted each August as part of an effort to alert working beneficiaries to update their earnings reports to avoid overpayments. An estimated 70 percent of over payments likely to occur in 1988 will result from low estimates of annual earnings reported to Social Security.

Changes can be reported by phone, mail, or in person. For more information you may call us at 293-9623.

Do You Remember

From the files of The Quitaque Post, August 5, 1948

NEW HOME
 Mr. and Mrs. Ernest Morrison moved the first of this month into their new home which they built on Main street, located on the former home place of the Clyde Tunnells. The Morrisons were some-what delayed in completing their home and they had settled in before we knew it.

BROTHERS GET TOGETHER
 Seven of the eight Grundy brothers, sons of Mr. and Mrs. Jess Grundy, were home with their parents for a reunion Sunday. The only absent one was Pfc. Roy Grundy, who is stationed in Kansas and could not come. Those present were Bob Grundy of Austin, Buddy of Wichita Falls, Henry and family of California, Glyn of Ft. Worth, Bert and family, Jean and family and Mr. and Mrs. Charley, all of Quitaque.

JOINS THE MARINES
 Lit Bogan left last week for Amarillo to join the Marines, and was sent from there to Oklahoma City. The last word from Marine Bogan was received the first of the week when he advised his father that he was leaving for San Diego, Calif.

CAST COMES OFF
 Pete Blankenship went to Plainview Tuesday for a recheck and the cast was finally removed from his foot. Pete has a shoe on for the first time in nearly four months when he broke his foot playing ball.

LOOK WHO'S NEW
 A daughter was born last week, July 29, 1948 at Matador to Mr. and Mrs. John Marin. The little girl was named Johnnie Louise.

NEW ASSISTANT
 Mrs. Lee Hawkins formerly of Plainview arrived in Quitaque this week and is now employed at the Shy Clinic.

HISTORY
 From the Files of The Turkey Enterprise, August 5, 1948

If you want to know how it feels to live like a millionaire for a week, ask J. V. Mohon. "He done it." He led the entire field of dealers in a contest of sales, including 93 dealerships, all larger cities. The prize was a week as a guest of Henry Ford.

J.V. left on Sunday for Oklahoma City, where at 11 o'clock he boarded a special Ford plane for Detroit, which took him by way of

Springfield, Kansas City and Chicago, where they stopped to pick up other Ford dealers, who were also being honored.

The Turkey Fire Dept. feted the baseball boys Wednesday night with a picnic, the wives and others also being guests.

The affair was held at Elmer Lacy's farm on Turkey Creek. A large crowd was present and a good time was had by all.

NEWCOMER
 A baby girl, weighing 7 lbs., 7 oz. was born to Mr. and Mrs. Lawrence Bockleman at 10:15 Tuesday morning at the Stanley Hospital in Matador. She has been named Sharon Joan.

If your old air conditioner can't beat the heat or won't last the summer, cool off with an electric heat pump.

The heat pump will keep you cool in the summer and warm in the winter. You'll also save money because the heat pump delivers two or more units of heat for every unit of electricity used.

Plus as a WTU customer, installing a heat pump with a seasonal energy efficiency rate of 9.0 or above can qualify you for \$500 when your home meets WTU's Energy Saving Plan requirements.

Summer Lifestyles Need Simple Suppers

Spice up summer cookouts with a flavorful side dish of Zip 'N Chip Beans.

Summer offers the best of both worlds—excitement and relaxation. Gear up for a fun-filled activity during the day, then unwind to a relaxing supper at night. Choose an easy entree, such as grilled hamburgers, and a simple side dish of Zip 'N Chip Beans that can be prepared while the grill is heating up. Campbell's beans are simmered with green peppers, green chilies and ground cumin seed for a flavorful boost. Top the beans with corn chips to give this side dish a crunchy texture that the whole family will enjoy.

For more easy summer supper menus send for a free leaflet from Campbell's beans. To order, send a self-addressed, stamped, business-size envelope to, "Easy Summer Suppers," P.O. Box 964, Bensalem, PA 19020.

- Zip 'N Chip Beans**
- 2 slices bacon
 - 1/2 cup diagonally sliced celery
 - 1/4 cup chopped green pepper
 - 1/8 teaspoon ground cumin seed
 - 2 cans (16 ounces each) Campbell's Pork & Beans in Tomato Sauce
 - 2 tablespoons chopped canned green chilies
 - Crumbled corn chips

1. In 10-inch skillet over medium heat, cook bacon until crisp. Remove with slotted spoon; crumble and set aside.
2. Pour off all but 2 tablespoons drippings. To drippings in skillet, add celery, green pepper and cumin; cook until vegetables are tender.
3. Stir in beans, chilies and crumbled bacon. Heat through, stirring occasionally. Garnish with corn chips. Makes 5 cups or 10 servings.

19 88 Property Tax Rates in BRISCOE County

This notice concerns 19 88 property tax rates for Briscoe County. It presents information about three tax rates. Last year's tax rate is the actual rate the county used to determine property taxes last year. This year's effective tax rate would impose the same total taxes as last year if you compare properties taxed in both years. Compare it to the tax rate the county proposes for this year. This year's rollback tax rate is the highest tax rate the county can set before taxpayers can start tax rollback procedures. In each case these rates are found by dividing the total amount of taxes by the tax base (the total value of taxable property) with adjustments as required by state law. The rates are given per \$100 of property value.

	General Fund	Farm-to-Market/ Flood Control Fund	Special Road/Bridge Fund
Last year's tax rate:			
Last year's operating taxes	\$ 336,222	\$ -0-	\$ -0-
+ Last year's debt taxes	\$ -0-	\$ -0-	\$ -0-
= Last year's total taxes	\$ 336,222	\$ -0-	\$ -0-
÷ Last year's tax base	\$ 81,017,538	\$ -0-	\$ -0-
= Last year's tax rate for each fund	\$.4150 /\$100	\$ -0- /\$100	\$ -0- /\$100
= Last year's total tax rate		\$.4150 /\$100	
This year's effective tax rate:			
Last year's adjusted taxes (after subtracting taxes on lost property and taxes to correct appraisal roll errors)	\$ 335,638	\$ -0-	\$ -0-
÷ This year's adjusted tax base (after subtracting taxes on new property)	\$ 79,614,213	\$ -0-	\$ -0-
= This year's effective tax rate for each fund	\$.4215 /\$100	\$ -0- /\$100	\$ -0- /\$100
× This year's total effective tax rate		\$.4215 /\$100	
= Maximum rate unless unit publishes notices and holds hearings		× 1.03	
		\$.4341 /\$100	
This year's rollback tax rate:			
Last year's adjusted operating taxes (after subtracting taxes on lost property and taxes to correct appraisal roll errors and adding taxes lost in court suits)	\$ 335,638	\$ -0-	\$ -0-
÷ This year's adjusted tax base (after subtracting taxes on new property)	\$ 79,614,213	\$ -0-	\$ -0-

= This year's total rollback rate		\$.4552 /\$100	

SCHEDULE A: Unencumbered Fund Balances

The following balances will probably be left in the unit's property tax accounts at the end of the fiscal year. These balances are not encumbered by a corresponding debt obligation.

Type of Property Tax Fund	Balance
General Fund (Includes all funds: Jury, Courthouse & Jail, & Road & Bridge)	\$ 298,579.00

SCHEDULE B: 19 88 Debts Service

The unit plans to pay the following amounts for long-term debts that are secured by property taxes. These amounts will be paid from property tax revenues (or additional sales tax revenues, if applicable).

Description of Debt	Principal or Contract Payment to be Paid	Interest to be Paid	Other Amounts to be Paid	Total Payment
None				
Total required for 19 88 debt service		-0-		
- Amount (if any) paid from funds listed in Schedule A		-0-		
- Excess collections last year		-0-		
= Total to be paid from taxes in 19		-0-		
+ Amount added in anticipation that the unit will collect only % of its taxes in 19		-0-		
= Total Debt Service Levy		-0-		

SCHEDULE C: Expected Revenue from Additional Sales Tax

(For counties and cities with additional 1/2 cent sales tax)

In calculating its effective and rollback tax rates, the unit estimated that it will receive \$ -0- in additional sales and use tax revenues.

This notice contains a summary of actual effective and rollback tax rate calculations. You can inspect a copy of the full calculations at Briscoe County Appraisal District.

19 88 Property Tax Rates in CITY OF QUITAQUE

This notice concerns 19 88 property tax rates for City of Quitaque. It presents information about three tax rates. Last year's tax rate is the actual rate the taxing unit used to determine property taxes last year. This year's effective tax rate would impose the same total taxes as last year if you compare properties taxed in both years. Compare it to the tax rate the taxing unit proposes for this year. This year's rollback tax rate is the highest tax rate the taxing unit can set before taxpayers can start tax rollback procedures. In each case these rates are found by dividing the total amount of taxes by the tax base (the total value of taxable property) with adjustments as required by state law. The rates are given per \$100 of property value.

Last year's tax rate:	
Last year's operating taxes	\$ 37,339
+ Last year's debt taxes	\$ -0-
= Last year's total taxes	\$ 37,339
÷ Last year's tax base	\$ 8,683,537
= Last year's total tax rate	\$.4300 /\$100

This year's effective tax rate:

Last year's adjusted taxes (after subtracting taxes on lost property and taxes to correct appraisal roll errors)	\$ 37,339
÷ This year's adjusted tax base (after subtracting taxes on new property)	\$ 9,063,644
= This year's effective tax rate	\$.4119 /\$100
× 1.03	
= Maximum rate unless unit publishes notices and holds hearings	\$.4242 /\$100

This year's rollback tax rate:

Last year's adjusted operating taxes (after subtracting taxes on lost property and taxes to correct appraisal roll errors and adding taxes lost in court suits)	\$ 37,339
÷ This year's adjusted tax base (after subtracting taxes on new property)	\$ 9,063,644
= This year's effective operating rate	\$.4119 /\$100
× 1.08	
= This year's maximum operating rate	\$.4448 /\$100
+ This year's debt rate	\$ -0- /\$100
= This year's rollback rate	\$.4448 /\$100

SCHEDULE A: Unencumbered Fund Balances

The following balances will probably be left in the unit's property tax accounts at the end of the fiscal year. These balances are not encumbered by a corresponding debt obligation.

Type of Property Tax Fund	Balance
General Fund	\$ 860.35

SCHEDULE B: 19 88 Debts Service

The unit plans to pay the following amounts for long-term debts that are secured by property taxes. These amounts will be paid from property tax revenues (or additional sales tax revenues, if applicable).

Description of Debt	Principal or Contract Payment to be Paid	Interest to be Paid	Other Amounts to be Paid	Total Payment

THE CLASSIFIEDS

Help Your Heart

American Heart Association

Exercise For A Healthy Heart

capabilities in mind along with your interests. Your exercise program should provide pleasure and enjoyment, an incentive to continue the program year-round. Remember to check with your doctor before beginning an exercise program.

The American Heart Association points out that only those exercises which significantly increase the blood flow to the working muscles for an extended period of time promote cardiovascular fitness. Activities often recommended include walking or hiking, jogging, bicycling, swimming, aerobic dance, roller skating, jumping rope and active sports or games.

Exercises like weightlifting or isometrics can build muscle strength, but they do little to promote cardiovascular fitness. They may be, however, something you might want to add to your regular exercise program after consulting your doctor.

When you've selected your exercise program, start slowly and begin easily. Begin each session with a 3-5 minute "warm-up" period to increase respiration, circulation and body temperature and to stretch muscles, tendons and connective tissues.

After warming up, begin your "conditioning period," the phase that actually works to increase your cardiovascular fitness. Exercise at moderate, not exhaustive, intensity. Increase the intensity gradually. Conditioning should last 15-30 minutes, or longer if the activities are sport-related and do not allow continuous motion, such as tennis or skiing.

After exercise, spend a few minutes in a "cool down" period. Allow your body to readjust gradually to a decreased physical demand.

Exercise is a lifetime commitment. When exercise is stopped, the beneficial effects are rapidly lost. Pick an activity that you will be comfortable with and that will be as enjoyable in January as it is in June. Follow the program regularly, at least 3 times per week. Then enjoy the benefits that result from a program of regular exercise.

With the advent of warm weather, many people's thoughts turn to getting their bodies in shape for the summer months so they can endure countless hours of softball, baseball, volleyball, swimming, and other summertime activities. Exercise is healthy, and it is particularly good for a healthy heart.

It is unlikely that exercise alone will prevent or cure heart disease, but a sedentary lifestyle may increase the risk of having a heart attack, and regular exercise is considered one important influence in reducing that risk.

Exercise has many benefits such as improving blood circulation, helping control weight by burning excess calories, releasing tension and generally bolstering enthusiasm and optimism. But the benefits of exercise can be diminished if an exercise program is not carried out correctly.

When considering a personal exercise program, keep your health and physical

The brown Indian muntjac, or barking deer, barks like a dog when excited. The buck is 30 inches tall and has two long antlers, about four inches long.

The shoestring was invented in 1790.

CARD OF THANKS

Words can't express what it means at a time like this to have people that care, but I can say thank you for your concern, your phone calls, visits, cards and flowers. Most of all for your prayers for Darlene while she was in the hospital and for the family at her passing away. We love you all.

Delila McFall 9-1tp

We would like to take this means of reaching all our friends to say thank you for being with us thru your prayers, cards, phone calls, flowers, and food during both our hospital stays, and since we've returned home.

A special thank you to Buck Blakney and Lewis Eudy for bringing George home from the hospital.

You have exceeded all bounds of love and friendship. May God richly bless and keep you. In Christian Love,
George & Judy Gafford 9-1tc

INVITATION TO BID

NOTICE OF REQUEST FOR SEALED BIDS

The Briscoe County Appraisal District is accepting sealed bids for the computerization of their tax appraisal and tax collection work. Responding vendors should propose an in-house computer system with programs and equipment to meet the following specifications:

EQUIPMENT REQUIREMENTS

- At least 40 million characters of hard disk storage.
- Flexible disk Drive.
- Tape drive for high speed backup (at least 40-million characters.)
- 1) 200-line per minute printer.
- 2) Countertop printer for on-demand receipts.
- 3) Video Display Terminals, with the ability to connect at least 12 total.
- 1) 1200 Baud Modem for telephone communications

The computer must be capable of running each of these peripherals simultaneously, and must be capable of running a total of at least 16 peripherals simultaneously.

SOFTWARE REQUIREMENTS

- Tax Appraisal Programs
- Tax Collector Programs (current & delinquent)
- Word Processing Software

The programs must be currently running the same equipment the vendor is proposing in at least 5 other appraisal districts in the State of Texas. There are some specific features which the appraisal district wants on any proposed systems. These include:

- *Instant access to all of an account's information by entering the:
 - (A) Name
 - (B) Parcel Number
 - (C) Legal Description
 - (D) Property Location
- *Appraisal cards with improvement perimeters.
- *Automatic appraising based on user-defined schedules for land and improvements.
- *Current and delinquent tax

collections.
*Word Processor with mailing list interface.

GENERAL REQUIREMENTS

The vendor should be able to provide the appraisal district with:

- *Financing
- *On-site support of the equipment
- *At least 4 on-site visits to the appraisal district each year for continuing training.
- *Initial training of all appraisal district personnel
- *Remote diagnostics of hardware and software via telephone connection to the computer.
- *Additional programs (at additional charges) for city and county applications if desired.

Sealed bids will be received at the office of the Briscoe County Appraisal District, 415 Main St., in the basement of the courthouse in Silverton, Texas, until 8:00 a.m. on Friday, August 12, 1988, at which time the bids will be opened. Bids received after the above deadline will be returned unopened. Bids may be mailed to P.O. Box 728, Silverton, Texas, 79257, or delivered to the Briscoe County Appraisal District office at the above address. Bids mailed will be deemed as delivered only when they are received in the office. The bids will be presented to the board at a meeting following the bid opening.

The Board reserves the right to accept or reject any, and all bids.

Information concerning bids may be obtained by contacting Carlye Fleming, Chief Appraiser, at the appraisal district office, or by calling 806-823-2161. 8-2tc

Briscoe County Extension News

Briscoe County residents who want to protect their lawns need to keep a close lookout now for white grub worms, cautions County Extension Agent Curtis Preston.

May or June beetles have been emerging from the soil and swarming in lawns in the evening, he noted. Females laid eggs which have hatched into white grubs. These grubs are beginning to feed on roots of home lawn grasses, the Extension agent said.

"Once grubs begin feeding, control measures should be taken," Preston said.

Treatment time varies with the area of the state. Homeowners in the South Plains need to treat between mid-July and early August, timing of chemical application is critical for adequate control.

White grubs in excessive numbers can heavily damage lawns, Preston said. Check for white grubs by cutting a square foot section of sod with a shovel and examining the roots and soil to a depth of four inches. Examine at least one square foot of sod for 1,000 square feet of lawn area.

Chemical treatment is needed if there are more than four grubs per square foot of sod. Diazinon, Dursban or Oftanol provide adequate

control and should be used at recommended rates given on the chemical container label.

The Extension agent said the granular form is easier to apply and to wash into the soil than are liquid or spray formulations. "After using granules, drag the grass with a tow sack or waterhose to knock them down to the soil. Then apply enough water to soak the granules into the soil," he advised. The insecticide should be watered in with a half-inch to an inch of water immediately after application, he said.

Diazinon sprays should be applied at the rate of 25 gallons of water, including the insecticide, per 1,000 square feet to wash the chemical into the soil. Wetting the lawn before spraying also helps.

Always keep children and pets off the treated lawn until the grass is dry," the county agent stressed.

The key to controlling white grubs in home lawns is proper timing of chemical applications and getting the insecticide through the grass to the root zone where the grubs are feeding, Preston emphasized.

For more information, contact Curtis Preston at 823-2131, Extension 13 or come by the Extension Office in the courthouse basement.

Study Sniffs Out New Way to Help Smokers Quit

According to Dr. Tuvia Lehrer of the Israeli Society for the Prevention of Smoking, the study shows it's easier to quit if the smoker switches to a vegetarian diet. It takes about a year for a heavy smoker to eliminate nicotine from his or her body. During this time, the acidity of the body increases, causing tension and discomfort. Meat, fish and eggs are believed to aggravate the condition. The switch to a vegetarian diet helps the body bear the changes and reduces the discomfort.

Another Israeli study that's gaining attention concludes that stressful living in hot climates causes the body to lose the important mineral magnesium. A diet of magnesium-rich foods or a magnesium supplement may help people avoid the headaches and irritability that accompany the deficiency.

The United States has enjoyed the benefits of technological exchange with Israel for many years. Findings such as these may eventually help millions of Americans quit smoking and better weather hot days.

Hints for Homemakers

Here's a great dressing for fruit salads: walnut mayonnaise. Put 1/2 cup walnuts, two eggs, one teaspoon lemon juice, one tablespoon orange juice, 1/2 teaspoon dry mustard, 1/4 teaspoon salt, 1/4 teaspoon ground ginger and 1/4 cup of oil into blender. Cover, process at Blend. Remove feeder cap and pour in 3/4 cup oil in a steady stream.

Quitaque Ordinance

CITY OF QUITAQUE ORDINANCE NO. 88-003

An Ordinance Setting Standards for Weeds and Uncultivated Growth on Private Property Within the City of Quitaque, Providing Required Notice for the Cutting and Removal of This Growth by the City, Providing a Billing Method and Due Date for Cost Incurred by the City, Providing for Liens and Suits for Recovery and Foreclosure of Property With Such Lien.

SECTION 1. It shall be unlawful for any person having supervision or control of any lot, tract, parcel of land, or a portion thereof, occupied or unoccupied within the corporate limits of the City to suffer or permit grass, weeds, or any plant that is not cultivated to grow to a greater height than twelve inches on an average or to grow in rank profusion in the following places:

(a) PREMISES - upon the premises.

(b) ALONG SIDEWALK OR ADJACENT STREET - Along the sidewalk or street adjacent to the premises between the property line and the curb or if there is no curb then within ten feet outside that property line.

SECTION 2. It shall be the duty of any person having supervision or control of any lot, tract, parcel of land, or a portion thereof, occupied or unoccupied within the corporate limits of the City to remove or cause to be cut and removed all such grass, weeds, or plants as often as may be necessary to comply with SECTION 1.

SECTION 3. In the event that the owner of any lot, tract, parcel of land, or a portion thereof, situated within the corporate limits of the City shall fail to comply with SECTION 2, then the City Secretary shall notify such owner of his failure to comply with SECTION 2 in one of the following ways which is applicable:

(a) PERSONAL SERVICE - by letter addressed to such owner at his post office address.

(b) PUBLICATION - by publication for two consecutive weeks

in the local newspaper if personal service may not be had as provided in subparagraph (a) of this section or the owner's address be not known.

SECTION 4. At the expiration of ten days after notification as provided in SECTION 3, the City may enter upon such premises and may do such work as necessary or cause the same to be done in order that the premises comply with the requirements set forth in SECTION 2.

SECTION 5. Cost for work done by the City will be billed and collected in the following manner:

(a) MAILING BILL; DUE DATE. A bill for the cost incurred by the City resulting from the abatement of the condition existing by reason of the owner's failure to comply with SECTION 2 shall be mailed to the owner of the premises and must be satisfied within thirty days of the date of mailing of the bill.

(b) FILING STATEMENT WITH COUNTY CLERK. In the event that the bill has not been satisfied within the period specified in subparagraph (a) of this section, the City Secretary may file a statement with the county clerk of the expenses incurred in the abatement of the above described condition on the premises.

(c) PRIVILEGED LIEN. The City shall have a privileged lien on any lot upon which such expense is incurred, second only to tax liens and liens for street improvements, for the cost and ten per cent (10%) on the amount from the date such payment is due as stipulated in subparagraph (a) of this section.

(d) SUIT FOR RECOVERY AND FORECLOSURE. For any such expenditure and interest as aforesaid suit may be instituted and recovery and foreclosure had in the name of the City.

(e) PROOF OF AMOUNT. The statement made by the City Secretary as provided in subparagraph (b) of this section, or a copy thereof, shall be prima facie proof of the amount expended in any such work performed by the City.

SECTION 6. Appeals to any of the provisions of this ordinance should be made to the Mayor and City Council and must be made

during the ten day notification period described in SECTION 3. Appeals after the City has cut and removed or caused to be cut and remove weeds and uncultivated growth, will be invalid and not recognized. All decisions of the City Council will be final.

SECTION 7. If any article, paragraph, subparagraph, clause, phrase, or provision of this ordinance shall be adjudged invalid, or to be held unconstitutional, the same shall not affect the validity of the ordinance as a whole or any part or provision thereof other than that part so decided to be invalid or held to be unconstitutional.

SECTION 8. All other ordinances, resolutions, or minute actions or parts thereof in conflict with this ordinance are hereby repealed.

SECTION 9. Whereas there exists a threat to the health and welfare to the citizens of the City of Quitaque, and whereas there is a fire hazard caused by weeds and uncultivated growth on private property within the City, and whereas the Mayor has declared such as an emergency and imperative public necessity to exist and that this ordinance be passed finally and take effect and be in full force from and after its passage with the second and third readings waived.

PASSED AND APPROVED, this the 1st day of August, 1988.

Elgin Conner, Mayor
City of Quitaque
9-1c

IT'S A FACT!

Ever since Jonah was swallowed by a great fish, man has looked on the whale with both fear and fascination. The killer whale in particular has earned a fierce reputation. Indian legends speak of the prowess of the killer whale as a hunter. However, the training and research done on killer whales at Sea World for the past 25 years has uncovered a new dimension to the predator. The whale's relationship with man has turned into one of sharing, playfulness and acceptance.

A team of researchers at Sea World recently staged an expedition to Alaska to explore the history of killer whales, their relationships with each other and how they have interacted with man for centuries. Members of the Tlingit tribe shared their centuries-old oral legends on the killer whale. The results of the research done in Alaska and Sea World's vast killer whale knowledge will be showcased in "The Legend of Shamu," a living documentary presented at the Sea World park in Florida.

OPEN SUNDAYS AT 3:00**

Study Sniffs Out New Way to Help Smokers Quit

According to Dr. Tuvia Lehrer of the Israeli Society for the Prevention of Smoking, the study shows it's easier to quit if the smoker switches to a vegetarian diet. It takes about a year for a heavy smoker to eliminate nicotine from his or her body. During this time, the acidity of the body increases, causing tension and discomfort. Meat, fish and eggs are believed to aggravate the condition. The switch to a vegetarian diet helps the body bear the changes and reduces the discomfort.

Another Israeli study that's gaining attention concludes that stressful living in hot climates causes the body to lose the important mineral magnesium. A diet of magnesium-rich foods or a magnesium supplement may help people avoid the headaches and irritability that accompany the deficiency.

The United States has enjoyed the benefits of technological exchange with Israel for many years. Findings such as these may eventually help millions of Americans quit smoking and better weather hot days.

Dorothy's Open House

We would like to invite our special friends to share in our Fifteenth Anniversary Celebration Friday and Saturday, August 5th and 6th.

Shop the Ozarks and never leave Plainview!

Allow us to introduce you to the finest gifts hand-crafted by the loving people of the Ozarks. Browse and enjoy hot coffee, molasses cookies and snicker-doodles.

Over \$2,000.00 worth of merchandise will be given away in hourly drawings. Prizes will include dresses, blouses, jackets, shirts, jewelry, robes, belts and lingerie.

Come join the excitement!
