Turkey Firemen and EMT's enjoy the supper and entertainment provided by local Lions Club members as they are honored for all the hard work they do.

Local Firemen And EMT's Honored By Lions Club

August 13 was a time for Turkey to tell their firemen, EMT's, and their families how much they are appreciated. The original place scheduled was the Park but weather made it a hectic time of decision making because of strong possibilities of storms. So the place was moved to the outer yard of the Bob Wills Center.

Wendell and Dee Seitz graciously and efficiently served deep fried Navajo Tacos and all the trimmings and fried, sugar and honey covered desserts to over 40 people. Other volunteers also brought homemade ice cream and desserts, and helped plan and set up this event.

Music was provided by Gary Johnson on keyboard and Mike Grace who sang and played the guitar. Their entertainment provided the "icing on the cake" for the celebration.

Each fireman and EMT introduced themselves to the crowd, this was followed by a standing ovation for all the many wonderful deeds they have accomplished for their community. The list over the last 25 years would be endless.

Donations were given to each of the organizations as a token of the Lions Club's appreciation and thanks for the great job they all do everyday.

Labor Day Weekend Event To Benefit Park's Endowment Fund

Caprock Canyons State Park and Trailway joins with the Caprock Partners Foundation to offer an evening of campfire entertainment to benefit the Caprock Canyons endowment fund. The Canyon Campfire Celebration is set for Saturday, September 1, at 7 p.m. at the park's group shelter.

Local artists will perform music and cowboy poetry at the group shelter overlooking Lake Theo and the park's picturesque canyons during the Canyon Campfire Celebration. Some seating is available, but it is recommended that visitors bring a lawn chair or a quilt to make themselves comfortable. Donations will be accepted to benefit the park's endowment fund and there will be no event fee.

Don't miss this weekend's guest speaker, Charlie Munger, district fisheries biologist. He will talk about the fish of Lake Theo-what's been stocked, what's been caught, and how to catch the fish you're after.

The Caprock Partners Foundation was established in 1996 as a support group for Caprock Canyons State Park and Trailway. Caprock Partners supports the park through fundraising, event sponsorship, and volunteerism, and is open to anyone who wishes to participate.

Silverton Man Dies In Truck Wreck

Jacob L. Williams of Silverton died early Wednesday morning, August 15 in a one-vehicle accident near Vernon. He was 62.

According to the Vernon Daily Record and the Childress Index, Williams was traveling in a 1996 Peterbilt truck on U.S. Highway 287 five miles east of Vernon shortly after midnight. The vehicle reportedly plowed through three telephone poles before coming to rest on the shoulder of the northbound lane. The accident was discovered by a worker for Burlington Northern-Santa Fe Railroad after they received a signal loss on their lines.

Williams was apparently the only occupant of the vehicle.

He was pronounced dead by Wilbarger County Justice of the Peace Caroline Koontz, who ordered an autopsy to determine the cause of death.

Caprock Canyons Plans Nature Hike

This weekend at Caprock Canyons State Park you can make the most of your visit to the park with a guided hike, approximately one hour long. Investigate plants, animal tracks, and more. Spectacular scenery and fun for the whole family.

Then in the evening if fishing is your line join one of the Texas Parks and Wildlife's fisheries biologists for an evening program about the fish of Lake Theo. What's been stocked in the lake, what's been caught in the lake, and what's the best way to catch the fish you are after.

Regular park fees apply to both events.

Valley students and faculty have worked extremely hard the past year and it has paid off. Valley was awarded EXEMPLARY status by the Texas Education Agency. CONGRATULATIONS!

Valley School Receives State's Highest Academic Rating

The Turkey-Quitauque CISD received the Texas Education Agency's highest Academic Accountability Rating recently, receiving the Exemplary status. The accountability rating system scores Texas schools based on indicators including student performance on the Texas Assessment of Academic Skills (TAAS) test and dropout rate. Last year only 11.7% of the State's 1042 school districts received the Exemplary rating.

At Valley School, 97.8% of all students passed the writing portion of the TAAS test, 97.3% of the students at Valley passed the math portion of the test, and 95.5% of all students at Valley passed the reading portion of the difficult annual test. Statewide, 87.9% of the State's 3rd - 8th and 10th grade students passed the writing portion of the test, 90.2% passed the math portion of the test, and 88.9% passed the reading portion of the test.

Additional indicators included for acknowledgment on the state's accountability system include attendance rate, TAAS/TASP equivalency rate, Percentage of Recommended High School Transcript, and College Admissions Test, (ACT and SAT) performance.

The Valley School Administration, the Board of Trustees, and the Turkey and Quitauque Communities are extremely proud of the efforts of Valley students and the hard work of the Valley Faculty to be awarded this prestigious honor of Exemplary.

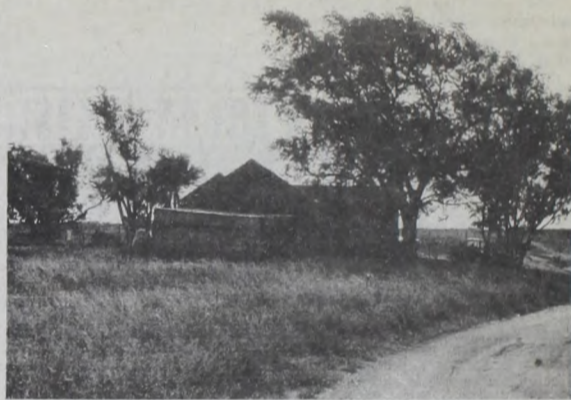

Old Settlers Reunion This Weekend In Roaring Springs

For 78 years people have ended their summer by making the pilgrimage to Roaring Springs to reminisce, rodeo, and kick up their heels. Old timers and new comers have gathered under the cooling shade of giant cottonwoods and elms and in the open air Tabernacle to tell a story or two or hear the haunting refrain of a Bob Wills melody.

The tradition of two dances, side by side, brings together the old folks and the young folks. Weldon Turpin and the Texas Fiddle Band will crank up on Thursday afternoon for a free dance and the waltz contest at the pavilion. The band will play again on Friday and Saturday night at 8:30 p.m.. On Saturday night, the progressive Western Swing band, Cow Jass, will live up the outdoor slab at 9 p.m..

Rodeo producer Terry Walls will provide the stock when cowboys and cowgirls vie for points and money on Friday and Saturday nights at 8 p.m. in sanctioned events: Bareback, Saddle Bronc, Calf Roping, Steer Wrestling, Women's Breakaway, Team Roping and Bull Riding. A saddle, hand made by Berl Jenkins of Spur, will be raffled off during the Saturday night rodeo performance when the girl selling the most tickets will be crowned rodeo queen.

Scheduled horse events include Counties competition on Thursday afternoon, Ranch Horse Competition on Friday morning, and Ranch Cutting Horse Competition and Double Mugging on Saturday. Events for the youngsters will cover a wide range of ages, from a flag race for 6 and under to team roping for 18 years olds and under, as well as a kid's calf scramble on both Friday and Saturday nights. A snapping turtle race on Saturday, and kiddie rides on the grounds all three days will also entertain.

Briscoe County Sheriff And Texas Ranger Investigate Shooting East Of Quitauque Sunday Night

Newly appointed Briscoe County Sheriff, Jeff Fuston and Texas Ranger Garth Davis of Plainview were in Quitauque Monday investigating the Sunday night shooting of two Hedley men.

Sunday night, according to Sheriff Fuston, at approximately 10 p.m. two Hedley brothers, Antonio and Raul Jasso along with two unidentified men from Clarendon were involved in an altercation on a dirt road off Texas Highway 86 about six miles east of Quitauque in Briscoe County. This altercation resulted in Raul Jasso being shot in the chest, with the bullet lodging under his shoulder blade. Antonio Jasso also was shot in the chest, with the bullet exiting inches from his spinal column. "They both were very lucky" Fuston said.

The two unidentified witnesses told authorities a pickup with two male occupants pulled up, followed by another pickup, which pulled up to their vehicle and shots were fired. Both witnesses stated that they did not know who did the shooting or why it had taken place. Fuston stated in an earlier interview with the Amarillo Globe News that the two witnesses had given investigators conflicting accounts of what transpired.

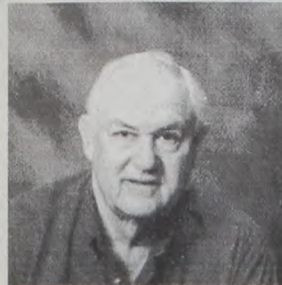

After the shooting the two injured men were taken by private car to Allsup's in Turkey, where authorities were notified of the shooting and the victims were transported by Turkey and Quitauque ambulance services to Silverton where they were met by Amarillo and Lubbock's Lifestar and Aerocare helicopters and transported to area hospitals.

Antonio Jasso, 24 was air lifted to Northwest Texas Hospital in Amarillo and his brother Raul Jasso, 23 was airlifted to Covenant Medical Center in Lubbock.

As the story has continued to unfold during the week, a suspect has been taken into custody. Eliseo Valdez, the suspect, is being held at Swisher County Jail pending investigation. As of press time no charges have been filed in association with this shooting. Jeff Fuston, Sheriff stated that more information will be released as the investigation continues.

Valley Junior High Cheerleaders Attend Camp

Traveling from Arlington, Texas, Erin Davidson of America's Best Cheerleading taught a three day cheerleading clinic to the new Valley Junior High cheerleaders. The new squad learned new yells, chants, dances, and jumps. These cheerleaders earned a gold ribbon each day of the clinic that was held in the school cafeteria on July 16, 17, and 18. Miss Leigh Ann Neilsen helped with the clinic along with the squad's sponsor, Mrs. JoAnn Reagan. These new cheerleaders are looking forward to the upcoming football season and invite everyone to "Come out and support the Valley Junior High!"

Texas Lions Foundation Donates Educational Video To Valley School

Tuesday, August 21, 2001 the Valley School was the recipient of a Diabetes Educational Video donated by the Texas Lions Foundation. Local Lions George Colvin, Zone Chairman and Jimmy Davidson presented this video to Coach Troy Fry, health teacher.

This is one of the most ambitious projects ever attempted by Lions clubs in Texas. They are going to deliver a copy of this 18 minute video to every single school building in Texas. This professionally produced film, in color, is directed toward the classroom teacher in order to better inform them about diabetic students in their classes. This first year they are concentrating on Class 1-A and Class 2-A Schools in Texas.

Diabetes has profound implications in the lives of those diagnosed with the illness, and the Texas Lions foundation has a long standing commitment to helping children learn to cope with the effects of this disease.
