The United Methodist Vacation Bible School was deemed a success this past week.

Mrs. Jan Womack of Sinton, Texas was the coordinator and teacher of the school. This was the fourth consecutive year for Mrs. Womack to teach the school. shade of the hay barn and an art show-sale in the breezeway of the ranch barn featuring twelve area artists will tempt western fans away from the hot arena action on Saturday.

Kicking off the events on Friday at 10 a.m. will be the Cutting Horse contest, including open, ranch, and novice categories, followed by Team Penning. An added attraction on all three days is team roping by members of the Professional Women's National Rodeo Association.

On Saturday the Youth Horse Events, always a crowd pleaser, begins at 9 a.m. Three age divisions up to age 18 will compete in Western Pleasure, Potato Race, Flag Race, and Barrel Race. Following these contests will be full afternoon of Team Ropings, novice, progressive, and women's class.

A PWRA rodeo approved event, women's team roping, will lead off Sunday's competition at 10 a.m. The ladies are earning points with their winnings for the Women's National Rodeo, held in September at Guthrie.

Since Open Pasture Roping commences at 1 p.m., spectators will want to have their cars parked around the pasture.

Bob Rapp Hired To Coach Girls Basketball

Valley School has employed Bob Rapp as head varsity girls basketball coach and assistant football coach. The 38-year-old former coach at Claude was employed last year at Stinnett as an assistant athletic coach and P.E. teacher. Coach Rapp is married and has two girls who will be enrolled in the second and fifth grades.

Mrs. Rapp is currently employed with an insurance company in Borger.

Although Coach Rapp has coached at LeFors, Olton and Stinnett; Valley fans will remember him best for his successful tenure at Claude. He coached Claude girls and boys to several district or better championships during his eight year stay at Claude. His girls' teams won district the last three years of his stay at Claude and his 1987 team won the bi-district championship. While coaching boys basketball, his teams won three district championships. During the 1984 track season, his boys teams won district, regional championship, and placed third at the State Track Meet. Coach Rapp comes to Valley highly recommended for his character as well as an outstanding coach. Valley coaches remember him as a worthy opponent who worked hard at

coaching and was fair in every regard -- win or lose. He is known as a coach whose teams are well coached fundamentally and his players were always in good physical condition. His players have always been held in the Valley tradition - well respected as good ball players and as individuals.

Coach Rapp and his family are expected to move into their new home at Valley School this week. We welcome the Rapp family to the Valley community.

 THE VALLEY TRIBUNE, BOX 478, QUITAQUE, TEXAS 79255

by Thelma Gafford

I would like to talk today about the recent poll I took to see what you, the reader, had to say about ways to improve our communities...

...the end.

You have just read the complete listings I received. Now, I know there are a lot of opinionated people out there. I've heard you before, I see you everyday. I have some very good ideas, but you already know that, so I won't bother discussing them. Maybe we like our towns just the way they are. That's okay too. We do have it pretty good here. Our kids love it, it's safe, quiet, we know all our neighbors, and we have lovely churches. We do need a drug store, though. See I told you I had good ideas. We also have faithful readers of this news-

paper that we do want to please.

Every Monday, you can find me roaming the streets looking for a story, something that will catch your eye. Something that will cause you to tell someone else, or ask them to read it. I look for news of our communities, remember... who, what, when, where? Well, that's what it's all about.

Some of you look first at the local happenings to see what your neighbor has been up to, and some to see what I wrote about, but a lot of people look at the classified ads, and the want ads first. Now is a good time to have a yard or garage sale, sell a good used car, or get your lawn mowed by some kid that could use the dough. Advertising is good for several reasons. Take loneliness for instance, you're lonely, nobody calls; you run an ad for some sensual hot item at a cheap price, and I guarantee you'll get calls.

My point is... we really do like to hear from our readers. ... without you, we're history.

SOCIAL SECURITY NEWS

People who hire others to work around the house on a regular basis should be sure to report their earnings for Social Security purposes. Failure to do so may result in penalties sometime in the future.

A household worker is anyone who is paid to work around the home, such as a maid, cook, cleaning person, gardener, handyman, or babysitter. A person hired to work around a building in which the employee does not live - an apartment house rented out, for example - is not considered a household worker.

A household worker's wages count for Social Security purposes only if an employer pays the worker \$50 or more in cash within a calendar quarter. Employers are required to either deduct Social Security taxes from wages paid to the employee and pay the employer's matching share of the Social Security tax or pay both shares themselves. Within a month after the quarter ends, employers must send the taxes and a report of wages paid to the Internal Revenue Service (IRS). IRS Form 942 (Employer's Quarterly Tax Return for Household Employees) should be used for this purpose.

The employer must also give the worker a W-2, a wage and tax statement, by January 31 after the year in which the wages were paid. Copy A of the form should be sent to the Social Security Administration.

Although some employers may not report a household worker's wages at the request of the worker, it should be noted that the employer, not the employee, is held liable for reporting the wages. The nonpayment of Social Security taxes for household workers may be detected when a household worker retires and applies for Social Security benefits. If the worker reports that they worked for a certain employer and there is no such information in Social Security records, SSA will ask the employer for information. If the employer cannot be found and the employee has no evidence of earnings, that income might not be used to establish eligibility or the amount of benefits.

However, if the employer is located and it is determined that Social Security taxes were not paid on the household worker's wages, the employer is legally responsible for paying not only the employer's share of the taxes, but the worker's as well.

Employers are urged to call the nearest Social Security office for detailed information on the proper reporting of household worker's wages.

Don't Let A Wreck Spoil Your Season Use Safety Belts Even on Short Trips
 Texas Coalition for Safety Belts

When you send forth your spirit, they are created, and you renew the face of the earth.

— Psalm 104

It's that time of year when many of us travel to distant places or take off for a favorite local spot. We all need a vacation from the daily routine, a chance to refresh ourselves and just "be" rather than "do." Going to church is kind of like that - a mini-vacation from the concerns that pressure us each day, a time to reflect on the past week and on our relationship with the Creator. We invite you to come and be renewed this Sunday at the church of your choice.

Myers - Reed Vows Said July 22nd In Silvertown

Miss Regina Lea Myers and Wendell Ray Reed were married Friday, July 22, 1988, at two o'clock in the afternoon in the home of George and Roy Reed of Silvertown. The ceremony was performed by Rev. Jim Browning, pastor of the First Baptist Church.

They were married before a box window of green plants overlooking the backyard. A trailing English ivy in an off-white rattan basket hung from the center of the window. It was accented by peach silk roses, lilies, and peonies with cascading picot ribbons and peach statice.

The bride wore an off-white tea-length lace and satin dress, featuring a fitted bodice, double-ruffled off-the-shoulder lace sleeves, and full skirt. She carried a long-stemmed peach rose with peach picot streamers atop a family Bible encased in a hand-crochet and satin cover. Pennies with the years of the couple's birth dates were worn in her matching satin shoes, while borrowed pearl earrings and a heart and diamond necklace, gift from the groom, completed her ensemble.

Miss Shannon Bingham of Silvertown was maid of honor. She wore a peach lace tea-length dress with long sleeves, and handkerchief hemline, and carried a long-stemmed peach rose with peach streamers.

George Reed served as his son's best man.

The reception table was covered with a white applique and cutwork cloth over peach underlay. An old-fashioned bouquet of peach roses, gladiolus, white snapdragons, and baby's breath was flanked by clear crystal candle-

sticks holding peach candles. The double-tiered cake featured peach roses topped by wedding bells. Clear crystal appointments were used to serve the peach punch, mints, and nuts.

Light And Easy

Summertime bursts with activity—outdoor fun, family gatherings, day trips to the beach—which is why warm weather cooking should be quick and easy. As well, since many of us are concerned with our summer shapes, cooking should be light.

For great-tasting, convenient and low-calorie meals all summer long, light mayonnaise is an invaluable kitchen companion. Not only is it the perfect complement to refreshing salads and savory sandwiches, it also can be used to prepare impromptu appetizers, dips and sauces.

Poolside snacking rates a "10" with Cool Cucumber Dip. Serve it with crunchy vegetables arranged on a colorful platter.

Stockton and George Reed, and grandson of Ike Smith, Quitaque. He graduated from Valley High School in 1984, and is engaged in farming with his father.

After a wedding trip to Amarillo, the couple are making their home in the country west of Silvertown.

GOOD NEIGHBORS

Good neighborliness was shown again this week by a group of farmers in the Gasoline community who came to the aid of their friend C.H. Hamner and took their tractors to his place Friday afternoon to work his crop.

Those who helped with their tractors were John King, Bly Shannon, Gilford Moore and Bill Helms.

Mr. Hamner's arm was broken on Tuesday of last week when his tractor "kicked back" as he was cranking it. He said he'd been cranking the thing for eleven years or more and this is the first time it ever acted up.

For you are my rock, my stronghold for the sake of your name, guide me and lead me!

— Psalm 31

How comforting it is to know that God is indeed our stronghold, that we can always turn to him when we feel we are in danger. That is the key — to turn to Him in time of trouble. So many of us try to do it all ourselves and become overwhelmed by the obstacles in front of us. If we can just remember that He is always there — upholding us every moment we take breath. Come and learn about this loving and eternal God at the church of your choice this Sunday.

Caprock Comments

We've been pretty fortunate so far this summer, temperature wise, but the past three or four days reminds us that summer ain't over yet. . . . and the National Weather Service says indications are for a hot dry August. If that happens, and it probably will . . . it wouldn't be anything new, we'll be wondering if it ever rained. Without underground moisture, we're going to need more than just a forecast of rain from here on. We'd better get it when we need it!

A local farmer visiting in Jerusalem recently noticed a lot of people moaning aloud at the wailing wall . . . Interrupting the lamentations, he asked, "Are all of you farming too?"

Funeral Home ad: "We've never had a customer complain!"

The polite lady at the movie turned around and asked the people behind her, "Do you want me to remove my hat?"

One man behind her answered, "No, keep it on, it's funnier than anything I've seen on the screen!"

The elderly lawyer asked a witness, "How old are you, Madam?"

A long pause ensued. Finally he said, "Don't hesitate, my dear . . . the longer you wait, the older you become!"

George Gobel says he was in the Air Force during WWII, and done his service at Altus and Frederick, OK. He gets kidded a lot about that, but he says, "I guess we done our job, I don't believe any Jap airplane ever got past Tulsa!"

"I'm sick of marriage," said the young girl. "Ed hasn't kissed me since our honeymoon."

"Well, then," said her friend, "Why don't you divorce him?"

"Oh," she said, "I'm not married to Ed!"

The session is limited to 50 participants, and registration will be accepted on a first-come, first-served basis.

Silverton Youth To Represent Briscoe County

Penni Fogerson is one of over 500 4-H members representing their counties at Texas 4-H Congress in Austin July 19-22.

This year's Congress is aimed at helping youth get a better understanding of how legislation is developed and how it moves through the Senate and the House of Representatives.

4-H members will get a first hand look at the legislative process and will actually develop bills to present to the Governor.

In addition to developing legislation, the youths will also learn about the lobbying process. Along with a complete tour of the Capitol, they will also spend time at the LBJ Library.

The annual Congress is designed as a leadership and citizenship development experience for older 4-H members.

The Town Loafer says he was asked what had an IQ of 100, and he said the only thing he could figure out was that it was ten of his wife's relatives!

One local citizen said that they were figuring on taking a vacation on their income tax refund, but his wife was mad, and wouldn't go because she had looked at their income tax copy and found out that he charged off her beauty treatments as a complete loss!

An adolescent is a boy defined as learning to hear advice from his father . . . and mutter!

Sign on a dance hall: "Good clean dancing every night of the week except Sunday!"

Man to Doctor: "I can't pay my bill now . . . I slowed down like you told me, and lost my job!"

Asked if he was being helped by his psychiatrist, the man said, "Yes indeed . . . I was deathly afraid to answer the phone before I went to him and now I answer it whether it rings or not!"

A local musician says he plays the piano just like Paderewski . . . he uses both hands!

The FBI reports that more and more women are becoming burglars, and suggests that you keep mice instead of watchdogs!

Northpark Sam says his wife insisted that he put on a clean pair of socks every day and by the weekend, he couldn't even get his shoes on!

COOL COOKING WITH SUMMER SALAD

When the heat's on, cool off with delicious, low-calorie Vegetable Festival Salad made in minutes with V8 vegetable juice.

If the last thing you want to be doing in the summer is cooking in the kitchen, stay in the kitchen but don't cook. Create a crisp, cool eye-opening salad using healthy, tangy "V8" vegetable juice. Salads made with "V8" are not only delicious and refreshing, they're low in calories, too. Vegetable Festival Salad, with its colorful summertime medley of broccoli, cherry tomatoes and yellow squash will awaken even the most sagging summer appetites. The dressing of vegetable juice, chopped onion, oil, vinegar and basil tastes delicious and at only 72 calories per serving, it is almost too good to be true!

Take this salad to your next summer get-together. If you do, though, be ready to give out the recipe!

VEGETABLE FESTIVAL SALAD

- 1/4 cup chopped onion
- 3 tablespoons tarragon vinegar or wine vinegar
- 2 tablespoons salad oil
- 1/2 teaspoon dried basil leaves, crushed

- 2 cups broccoli flowerets
- 2 cups halved cherry tomatoes
- 1 1/2 cups thinly sliced yellow squash
- 1/2 cup sliced pitted ripe olives

1. In 2-quart bowl, stir together "V8" juice, onion, vinegar, oil, basil and garlic.
2. Add remaining ingredients; toss to coat. Cover; refrigerate at least 4 hours to blend flavors. Makes 6 1/2 cups or 8 servings.
