TO OUR CUSTOMERS

We who are in business in Silverton are affected by the same economic difficulties that most of you are facing. Like you, we are doing our best to reduce operating costs in all segments of our business.

An increasingly major cost for each of us is overdue and uncollectable accounts. For this reason, we are establishing and will follow better credit policies.

Accounts are due by the 1st of the month and payable by the 10th. Any account not paid in full by the 20th of the month in which it is due will be placed on a cash-only basis. We all understand that there will be certain instances in which we will be willing to make exceptions to this policy; however, these exceptions will be on a case-by-case basis by prior arrangement.

Many of you routinely pay your bills when due. We ask that you not be offended by this message but rather understand that as our operating costs increase, we either have to raise our prices or go out of business. Hence, you are the ones who ultimately pay for slack credit policies and inadequate collection efforts.

We greatly appreciate and need every one of our customers. We ask for your cooperation as we initiate better credit policies.

THANK YOU!

USDA Will Not Extend 1985 Acreage Reduction Programs' Signup Date

The U. S. Department of Agriculture will not extend the 1985 acreage reduction programs' signup deadline past the originally scheduled March 1 date, said Everett Rank, Administrator of USDA's Agricultural Stabilization and Conservation Service.

Requests to extend the signup period are being received from several areas where some farmers have not been able to arrange financing for 1985-crop plantings.

Rank said that USDA encourages such owners and operators to sign up for the program while they work out their financing. If lack of financing is the reason for

not seeding the 1985 crop, USDA will terminate those contracts by mutual agreement and without penalty.

The 1985 acreage reduction programs are for wheat, feed grains, rice, upland cotton and extra long staple cotton.

Mr. and Mrs. Horace McDonald of Quitauque accompanied their son, Lynn McDonald of Ransom Canyon, to Sanford Wednesday of last week to visit Mr. and Mrs. J. C. Cates. Mrs. Cates is a sister of Horace and she has not been well for some time, they report.

FARLEYS ENTERED IN HOUSTON LIVESTOCK SHOW FEB. 16 TO Mar. 3

Wesley, Suzie and Cal Farley are among the seven youth from Hall County entered in the Houston Livestock Show, now in progress. Mr. and Mrs. Billy Farley of Turkey are parents of the above-named youth.

Wes won grand champion with his steer at the recent Hall County Livestock Show.

These youth are all exhibiting steers and lambs at the show, considered the world's largest, which holds competition on two levels: for professional breeders and ranchers throughout the world and for FFA and 4-H members, representing 788 clubs and chapters throughout Texas.

"We take a tremendous amount of pride in knowing that the Houston Livestock Show attracts entries in the junior show that are more than just animals," noted Don Jobs, jr., assistant general manager. "They represent continuous, hard work by a Texas youngster who's committed himself or herself to a livestock project. These junior show exhibitors are a rare breed in themselves," he said.

In addition to its position as the world's largest livestock show, the Houston Livestock Show and Rodeo is also the largest donor of agricultural scholarships in the nation.

The show opened on February 16, the first rodeo performance was scheduled for February 20, and all events conclude on March 3.

TURKEY UMW CONTINUES KOREAN STUDY MONDAY

Nine members and a visitor, Mrs. Dema Speer of Graham, were present at a meeting of the Turkey United Methodist Wo-

men at the home of Mrs. W. L. Armstrong Monday at 4:00 p.m.

Opening prayer was given by Mrs. Fredia Fuston and after a short business session, Mrs. Armstrong was program leader for the second session of the study on Korea. The topic was "Role of Women and How She Relates to the Family." All present assisted with the program.

Mrs. Armstrong concluded the lesson with a true story about

how she and her husband helped with a plane-load of babies and young children, when they were missionaries in Hawaii. She said the children were being taken to the Mainland USA to be adopted by families all over the country. They were children of American soldiers and Korean girls. There were 76 babies and children on the plane who had been traveling some 20 hours strapped in the seats, being moved only when it was absolutely necessary, she

said. Five people were caring for all these children. The Armstrongs helped feed and bathe the children and re-load them on the plane for the last lap of their trip.

Trent McKay took his daughter, Holly, to Childress hospital and entered her into the hospital there for tests. Her grandmother, Mrs. Lon McKay, stated Holly had indications of appendicitis.

Advisory Board Meets In Austin

(delayed from last week)
Virgil Blakney attended the annual Green Thumb Advisory Board meeting in Austin recent-

ly. Wednesday at 8:00 a.m. we boarded one large bus and two small buses and made a tour. We had a large turnout of members plus about 20 dignitaries on the tour.

Towns and projects visited were: Elgin, Texas, where there are 27 enrolled in a day care health center for adults. This is the only rural one in Texas.

Doak Springs, Texas, which is out in the "boon docks." Mud and water everywhere.

Next we were served a big barbecue dinner at the fairgrounds in LaGrange. This was given in appreciation of the much work our Green Thumbers have done at LaGrange. It was almost unbelievable.

Last place visited was a project at Smithville.

Farmers Union State President Mike Moeller and State Green Thumb Director Diana Parrish chaired the meetings at all stops.

At each stop the major or county judge addressed the group and told how much they appreciated the work Green Thumbers had done for these towns.

Everyone thanked Mrs. Parrish for a fine job.

WITH THE SICK

Why do the same size families with the same size homes have different size electric bills?

Simple, It's The Power of Choice.

It's happened to almost everyone. You compare electricity bills with your neighbor, and, even though you lead similar life styles, your neighbor's bill is lower.

The difference can be in how well you buy electricity. That's right, buy. Every time you flip a switch, you make a choice to buy a little electricity, little choices that add up to your bill.

Today, electricity gives you choices that help you get more value out of your energy purchase.

The New Appliance Choice.

Suppose you were choosing between two refrigerators same size, same features. The less expensive choice saves once. But the more efficient choice saves year after year. When choosing a

new appliance, choose an appliance with a higher Energy Efficiency Rating (EER). This will help to save you money on your energy bill.

The Heating and Cooling Choice.

Because heating and cooling are your biggest energy-consuming functions, a smart electric choice can really pay off here. A heat pump efficiently cools in summer, then reverses, and heats all winter — both at a total cost that can provide substantial savings. Check out whether a heat pump is suitable in your situation.

No matter where you live, there's always an electric choice that will help you get more value out of your energy purchase. For more information on how you can use electricity wisely, call your local WTU office today.

CARDS OF THANKS

We would like to say "Thank You" and express our appreciation to the nice people who have shown their kindness to us in so many ways. The cards and flowers, the food, the visits made to the hospital and at home, and for your prayers. These have touched our hearts. God bless you!
Shorty and Dovie Wheeler
Billy and Harold Wheeler
and families

We would like to thank all the many people who remembered us in the time of our grief in the loss of our sister. Thanks for the cards, flowers, and all the memorials to the church, cemetery and other charities, since many of them went to Dallas. We

all gratefully appreciated every thing.

I want to say a special thanks to Slug Ramsey for taking me to the plane and to Jimmy and Ina Mae Baird for the lunch and bringing me home when I arrived on the plane in Lubbock.

The family of
Daisy Chandler Power
Debra Clinton of Newkirk, Oklahoma and a friend, Bob O'Hara of Medford, Oklahoma

visited over the weekend in the home of Debra's parents, Rev. and Mrs. Melvin Clinton and Karen, and with her brother, Gary and Thersa Clinton and family.

Clema Johnson returned Saturday from a week's visit with her son and family, Mr. and Mrs. Gary Johnson in Paragould, Arkansas. She reported a good visit but said the weather was not good while she was there.

HERE ARE THREE GOOD REASONS WHY YOU SHOULD PRE-PLAN YOUR FUNERAL ARRANGEMENTS

- 1. YOUR FAMILY.** Spare your family from the difficult decisions during a difficult time.
- 2. SAVING MONEY.** Although not a requirement for pre-arrangement, pre-payment safeguards your arrangements from costly inflation.
- 3. PEACE OF MIND.** Planning ahead provides the satisfaction of knowing everything is taken care of according to your wishes.

To receive further information, please call us and ask for our informative brochure, "A FACT OF LIFE," and receive a handy organizer as seen in our television advertisement.
