Mexican Food At Catholic Center

The Catholic Center in Quitaque will be serving Mexican food, Saturday, January 29, 1994. Serving hours are from 11 am until 2 pm and from 5 pm to 8 Ppm in the evening. They will be serving enchilada plates, tacos, burritos and chalupas.

February 10, 1994 Valentine Issue

On February 10, 1994, the Valley Tribune will feature pictures of your special Valentines. If you have someone special in your life, such as a new grandchild, please contact the Tribune Office. All pictures will be returned.

All valentine pictures must be in the Tribune Office by Monday, February 7, 1994.

THEN and NOW!

by Eunice McFall

It seems that here in the USA we grow up thinking that talent and hard work with a bit of native intelligence and some schooling and the world should beat a path to our door for us to become one of the rich and famous. Well, it does take a bit of ability and knowledge to get a job accomplished. Hard work is also a good trait if we do not carry the trait too far and have nothing else in our lives but the joy of our jobs.

Life has many facets to it like a beautifully cut diamond. Before the diamond is shaped it does not have the sprackle that it will have when the jeweler is finished with it. This is true of those of us who are work-a-holics also! If work is all that we have on our mind how can we be a good conversationalist? How can we fit into the world of make-believe with our children? How can we dream beautiful dreams of our future if our present is so filled with work that we give not thoughts to our future?

Work is very important. It gives us a feeling of worth. It puts our daily bread on the table. It gives us many friends. It is always (or should always) be challenging. If we love our work it no longer becomes work but is a pleasure and we get much satisfaction from a job well done. So to enjoy your job is one of life's blessings!

Perhaps we need to think a moment about some foreign countries. Recently I heard a news program that stated that in Russia wages were 45 cents per day (no it is not per hour but per day!) and that a gallon of gasoline would cost you 15 cents. We take so many things for granted today. Our forefathers have fought and won so many battles for us that we can never count them all. Of course there are always other battles to be fought and won in the world in which we find ourselves. To live in a country so full of opportunities is also one of life's blessings. Do we take advantage of the opportunities or do we wait around for the plum to fall from the tree into our hands?

Our priorities may need some fixing too--On the radio I heard an advertisement for sport shoes. You say this is not anything unusual--well normally I would agree with you but in this particular ad they were saying that they had a easy payment plan for you to use to buy the shoes! Buying our sport and exercise shoes on time is really going a bit far, don't you think? Where are our priorities?

This week think about someone less fortunate than you and do something nice for them just because you want to and do it without anyone knowing you have done it--Bet you will have a rosy glow about your face all week!

BRANDI PRICE WITH HER BREED CHAMPION HEIFER AND GRAND CHAMPION HEIFER

Quitaque Water Tests Show High Content of Nitrate

The City of Quitaque has been notified by the Texas Department of Health that the water being supplied by our system exceeds the maximum constituent level for Nitrate (as Nitrogen) specified by the "State Drinking Water Act" (public law 93-523 U.S.).

The limit for Nitrate (as Nitrogen) is set at 10 milligrams per liter of water. The amount of Nitrate (as Nitrogen) in the water supply was reported to be 13.15 milligrams per liter of water.

Adult and children over the age of 6 months need not be concerned about drinking from the tap. An excess of nitrate intake by an infant under the age of 6 months may reduce its available oxygen supply and possibly produce "blue baby" symptoms.

Caution-Do not Boil Your Water, as boiling water will increase the concentration of Nitrates.

The City of Quitaque will provide at no charge to our customers bottled water of

acceptable quality to pregnant women and to infants under 6 months of age for cooking and drinking purposes.

For more information contact Robert Patrick or Maria Cruz at City Hall or call 455-1456. This notice is a requirement of the Texas Natural Resource Conservation Commission that will be sent every ninety days by regulation.

Ribbon Cutting Held For Clinic

The Amarillo VA Medical Center announces the opening of the Amarillo Veterans Health Clinic at 1645 North 18 th, in Memphis and Hiway 287 and 70 South in Clarendon.

Now it is possible for honorably discharged veterans in this area to receive medical treatment without driving to Amarillo. Veterans may call 1-806-259-2585 in Memphis or 1-806-874-3531 in Clarendon for applications or appointments.

A Ribbon Cutting Ceremony was held last Saturday, January 22, for the Veterans Health Clinic at Hall County Hospital. The keynote speaker was Congressman Bill Sarparlius and he spoke to an overflowing enthusiastic crowd.

Hall County Hospital and Hall County Rural Health Clinic have been selected as a pilot project, the first in the United States, to provide Veterans with out-patient health care treatment.

Johnny Farnsworth, President of the Board of Hall County Hospital, said local Hospital officials have been working with VA Officials for the past three months to bring the Veterans Rural Health Program to Hall County Hospital District facilities. B. J. Robison of Turkey was contacted at that time to supply a list of Veterans in the Turkey area.

Veterans are allowed three visits each year at these rural health clinics. According to VA documents, 5000 veterans travel more than 2 hours, one way, to receive services at the Amarillo VA prior to this.

The Memphis and Clarendon Clinic will serve 2,304 eligible veterans in Hall, Donley, Briscoe, Childress, Cottle, Foard, Hardeman, Motley and Collingsworth counties.

Valley FFA Members Exhibit Three Grand Champions At Briscoe County Junior Livestock Show

The Briscoe County Livestock Show was the scene of a full day of activities, Saturday, January 22, 1994 at the County Show Barn in Silverton. The 1994 show included 176 steer, dairy heifer, beef heifer, lamb, prospect hog, and market hog entries, that were exhibited by Valley FFA, Silverton FFA, and Briscoe County 4-H members from the Valley and Silverton Schools. The show day ended with a premium sale that reached a record \$47,000.00.

Judge Mark Edens of Levelland named Ruben Hinojosa's York Prospect Hog Grand Champion of the show. The hog was purchased by Valley Buyers Club for \$1,000.00. Joni Hancock's 157 pound Hampshire Hog was named Reserve Grand Champion of the show. Joni's hog was purchased by the Valley Buyers Club for \$700.00.

Vance Lemons 214 pound Cross Hog which was named Breed Champion Cross; was selected as Grand Champion of the Market Hog Show. Judge Mark Edens named Shawn Stephens' York Hog which was Breed Champion York as Reserve Grand Champion of the show. Vance's Grand Champion Market Hog was purchased by Valley Buyers Club for \$1,000.00. Shawn's Reserve Grand Hog was purchased by Valley Buyers Club for \$700.00.

Brandi Price's 780 pound Open Holstein Heifer was named Grand Champion of the 1994 Dairy Heifer Show. Entries in the show this year included three heifers in the bred class and three entries in the open heifer class. B. J. Price's Bred Heifer was named Reserve Grand Heifer of the show. Brandi's heifer was purchased by Valley Buyers Club for \$1,000.00, B.J.'s heifer was purchased by Valley Buyers Club for \$700.00.

Kristi Smith's Shorthorn Beef Heifer was named Grand Champion among the entries in the Beef Heifer Show. Donnie Burson's British Beef Heifer was named Reserve Grand Champion of the show. The judge for the Beef Heifer Show was David Lust. Kristi's heifer was purchased by Silverton Buyers Club for \$700.00 and Donnie's heifer was purchased by Silverton Buyers Club for \$525.00.

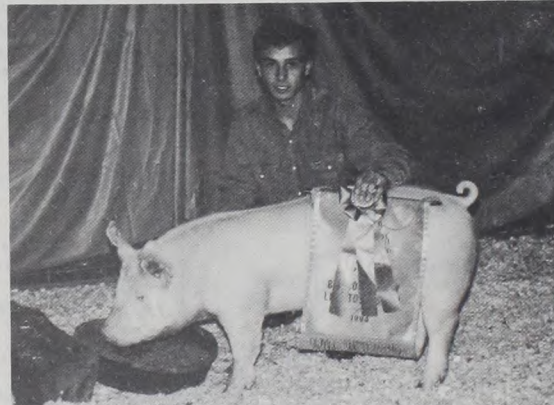

Brandi Brunson's European Steer was named Grand Champion in the Steer Show. Monty Wood's British Steer was named Reserve Grand Champion of the show. Brandi Brunson's European Steer was purchased by Silverton Buyers Club for \$700.00 and Monty's steer was purchased by Silverton Buyers Club for \$500.00.

Kassie Strange's Lamb was named Grand Champion of the lamb show. Matt Strange's lamb was named Reserve Grand Champion of the show. Kassie's lamb was purchased by Silverton Buyers Club for \$700.00 and Matt's lamb was purchased by Silverton Buyers Club for \$500.00.

Showmanship winners selected at the 1994 show included: Dairy Cattle, Brandi Price; Swine, Will Sperry; Lamb, P Jay Merrell and Beef Cattle, Leland Wood. The prestigious Don Burson Memorial Award was awarded to Valley FFA member Rickey Hughes.

Defensive Driving Course Offered

The Office of Continuing Education will offer a course in defensive driving from 9 a.m.-noon and 1-4 p.m., Saturday, January 29 on the WTAMU campus.

The course is approved by the Texas Department of Public Safety and the Texas Education Agency and may be used to void traffic citation fines or reduce automobile liability premium. Pre-registration is required. For more information, contact the Office of Continuing Education at 806-656-2037.

Turkey Applies For Grant

Turkey Mayor George Colvin was in Amarillo last Monday, January 24, to make a presentation before the Panhandle Regional Planning Committee.

The presentation was presented showing the need of a grant for new water lines to be installed in the City of Turkey, lines which are badly needed.

If the request for the grant is accepted, Turkey City Commission will be informed in the near future.

Caprock Public Library News

As most of you know, Caprock Public Library is a member of the Texas Panhandle Library System; but this is a provisional membership, dependent upon our having 7500 books by June 1994. Our shelf count stands at 5000, and although we have enough gift books,

they need to be catalogued and processed. On Tuesday mornings, Caprock Public Library will be open from 9:00-12:00 for volunteers. Now that we have our computer in operation, the process is much faster. We

still need volunteers to cover books: glue pockets and cards inside, and type.

Special "Thanks" this week to Keith Edwards of West Texas Utilities for donating the *Texas Almanac 1994-95*. Also, to Dale Ramsey, our Justice of Peace, for donating *Texas Vital Statistics Annual Report*. Good research material.

New books for adults include: *Nightmares and Dreamscapes* by Stephen King. A collection of horror stories...a la King.

Her Name Is Barbara by Randall Riese. An intimate portrait of Barbara Steisand.

For juveniles: *Nobodies and Somebodies* by Doris Orgel. Two kinds of kids in the fifth-grade class: the Nobodies and the Somebodies. New kid Laura will do anything to join--even betray her first and only friend, Janet.

A Week With Zeke And Zach by Lindsay Lee Johnson. Twins who stay in trouble...sardine souffle...haircuts with pinking shears...mischief everywhere!

Volunteer Tuesday...

ON THE QT ON THE QT

Lon McKay celebrated his 91st birthday last Thursday, January 20, with a lot of help from family and friends.

He had a full day with phone calls from each of his 13 children, other relatives and friends. The celebration also included a cake and lots of birthday wishes at the bank. He also received numerous cards including one very large one that he enjoyed showing off around town. The oversized card had "91 dollar bills" taped inside. It was quite a birthday celebration.

Guests in the home of Kay and Deloy Myers for the week-end were Mr. and Mrs. Lane Myers of Canyon. Joining the family for lunch Sunday was Mr. and Mrs. Randy Race of Lockney and local resident, Jane Hamilton.

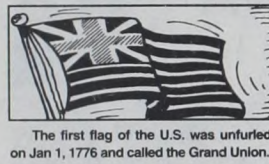

Word was received this week that Ollie (Farmers) Everhart, husband of Lottie Everhart of Odessa had died in August of cancer.

OBITUARY

Christine Waters Patrick
 Funeral services for Christine Waters Patrick, 81, of Haltom City were held at 11 a.m., Monday, January 16, 1994 at the Olivet Funeral Home Chapel. Her nephew, Mike Washburn, pastor of Richland Hills Church of Christ, Ft. Worth, officiated.

Burial was in Rose Hill Memorial Park under direction of the Olivet Funeral Home.

Mrs. Patrick died Thursday, January 13, at her residence.

She was born in Dunlap and lived in the Ft. Worth area for 58 years. She was the daughter of the late Guy and Emma Waters and was reared and attended schools in the Gasoline community, northwest of Flomot. She worked in the Engineering Department at Convair during World War II. She was a member of the Birdville Church of Christ and was active in Haltom Senior Citizen Center.

Survivors include a daughter, Patricia Neisler of Ft. Worth; step-daughter, Mary Young of Greenville; three brothers, Avon Waters, Marino Valley, CA; Geoffrey Waters of Granbury, and G. C. Waters of White House; three sisters, Sylvia Lee Martin of Flomot, Leatha Fay Thomas of Odessa, and Wynola Washburn of Midland; eight grandchildren, and 14 great-grandchildren.

FLOMOT NEWS

by Earlyne Jameson

OVERHEARD:
It is no longer possible to shield our own U.S. Presidents and British royalty from their immoral adventures. The House of Windsor hasn't fallen yet, but it sure leaning like the Tower of Pisa!

LIBRARYBOOKSATFLOMOTGIN

Motley County Library books available at the Flomot Gin until February 12 include "Cattle Call" by Tanner Laine. It tells interesting facts about local people -- the Campbell family, Ward Rattan, W. E. Burlison, and Kenneth Barton.

Youth books are "Birds in my Drawer", "The Bite of the Gold Bug" and "Cracker Jackson". A large selection of paper back books include westerns, romances and the biography of "Geronimo".

This convenience is made possible by Mrs. Jimmie Hunter, a volunteer at the Motley County Library.

Mrs. Alfred Martin and daughter-in-law Mrs. Eldon Martin of Quitaque attended the funeral services of her sister Mrs. Christine Patrick of Haltom City, Monday, January 17. They made the trip by plane from the Lubbock Airport.

Mr. and Mrs. Jack Starkey attended the funeral services of her cousin Mrs. Nellie Hartley Saturday, held at the First Baptist Church in Reynon, OK. They visited Mrs. Lorene Gault, Mr. and Mrs. Eddie Cloyd, J.A. Weed, and Mr. and Mrs. Dweitt Hawkins before returning home.

Mr. and Mrs. Wilburn Martin visited in Floydada Tuesday with Mrs. Bessie Martin.

Mrs. Lewis Cannon of Tulia visited her mother, Mrs. Lucille Monk, Saturday. They also visited Mr. and Mrs. Clayton Bond.

Mrs. Homer Cyfert of Lockney and her mother, Mrs. C. W. Starkey visited in Amarillo, Wednesday and Thursday with Z. D. Starkey, a patient in the High Plains Baptist Hospital. At newstime, Mr. Starkey has returned home and is reported to be recuperating just fine.

Mrs. Annie B. Cloyd visited in Memphis Sunday with son and family Mr. and Mrs. Dickie Cloyd and son Jason. They celebrated Dickie's birthday.

Visiting during the weekend in the home of Mr. and Mrs. Joe Ike Clay were Mr. and Mrs. Pat Carson of Turkey, Shelly Knight of Kermitt and Julie Clay, students at South Plains College, Levelland, Mr. and Mrs. Kevon Kleibrink of Lubbock, who were enroute home from visiting in Quanah with his parents Mr. and Mrs. Von Kleibrink and Mr. and Mrs. Larry Clay, Kelsey and Tanner, local residents.

Mr. and Mrs. Michael Starkey and granddaughter Taylor Stalling of Canyon, visited Saturday night and Sunday with Mrs. C. W. Starkey and Mr. and Mrs. Jack Starkey.

Mr. and Mrs. Doyle Barham of Kress visited Mrs. Lillie Sperry Wednesday.

Ronnie Rogers and son Randy Rogers of Lubbock visited during the week with Mr. and Mrs. Howard Rogers and Donnie Rogers.

Luncheon guests of Mr. and Mrs. Wayne Hunter Sunday were Mr. and Mrs. John Speer of Floydada, Mr. and Mrs. Brad Carter of Lubbock, and H. G. Hunter of Quitaque.

Mrs. Jack Starkey was in Turkey Thursday and Friday, to be with her sister Mrs. Rusty Matthews during the hospitalization of her husband, Allen, a patient in St. Mary's Hospital in Lubbock.

Mrs. Glen D. Tiffin is under medical treatment for pneumonia and a virus infection. At newstime, Mrs. Arnold Johnson is also on the sick list.

Mrs. Wayne Hunter worked at the Motley County Library Tuesday. She and Mr. Hunter attended to business in Plainview Friday.

Mrs. Kathryn Martin of Whiteflat and Art Green attended the party honoring Mrs. Arrie Aulick on her 100th birthday held at the Senior Citizen Center in Matador Saturday afternoon.

Prepare For Winter Driving

Winter driving on wet, icy, or snow covered roads is different and drivers should prepare themselves by "Cold Proofing" their vehicle and adjusting driving habits, according to Trooper L. B. Snider of the Texas Department of Public Safety. "Batteries, tires, windshield wiper blades, and anti-freeze are items that need to be checked. Weak batteries should be replaced, tires should have good deep treads, and good wiper blades are vital in winter when visibility is poor," he said.

Safe driving in winter requires more patience, so Snider advises the motorist to start early, adjust their speed for road and traffic conditions and avoid sudden driving maneuvers.

Snider said, "Skidding on slick roads is a major accident factor and is usually caused by driving too fast for conditions or from locking wheels when drivers slow down."

Snider stated that if a skid occurs, the driver needs to ease off the accelerator, then turn into the skid. If your car's rear end slides left, then turn your steering wheel to the left; for right skids, turn right. Pump your brakes in necessary; don't lock them.

He emphasized that impatience won't get you to your destination any faster. Patience won't get you there faster either, but he said, "It'll sure make the trip more pleasant and safe."

Flu Season Calls For Vaccinations

Even though the full brunt of the flu season is here, the unvaccinated elderly and others at high risk for flu complications may still want to consider getting flu shots.

"The best time to have gotten a flu shot was well in advance of the flu season," said Dr. W. Paul Glezen, epidemiologist at the Influenza Research Center at Baylor College of Medicine in Houston, "but people in the high-risk groups, and that includes the elderly, should still consider vaccination and consult their physicians."

Glezen warns that unvaccinated elderly people are more susceptible to the flu's life-threatening complications, chief among them pneumonia. This is because they tend to have more underlying health problems, he said.

Because the flu vaccine does not provide full protection for two weeks, it is possible to contract influenza even after getting a shot, Glezen said. But protection during that two-week period can be provided by taking a prescription antiviral drug, either amantadine or rimantadine.

The elderly are not the only ones who should guard against flu complications. Other high-risk groups are:

-People with heart and lung disease, including asthma and chronic bronchitis.

-People with diabetes, chronic kidney disease and chronic anemia, including sickle-cell disease.

-People, such as health-care workers and home care-givers, likely to come into contact with people in any of the other high-risk groups.

Influenza usually strikes suddenly and produces symptoms such as fever, generalized muscle pain, weakness and a dry, hacking cough. The prescription drugs amantadine and rimantadine can be used for treatment of influenza A if they are taken within 48 hours of the onset of systems.

Victims of the flu should get plenty of rest and drink lots of liquids.

Adults may take aspirin or an aspirin substitute to reduce fever and pain, but people younger than 21 should use only acetaminophen pain relievers. Aspirin and ibuprofen have been associated with Reye's syndrome, a complication of flu and chicken pox that can cause vomiting, convulsions, brain damage and even death in children.

If you live in an older home with chrome bathroom fixtures which now look old and weathered, soak a cloth with rubbing alcohol and give them a good scrubbing. They will look great.

Those difficult weeds growing through cracks in your walkways and driveways won't win this time. Pour a little white vinegar on them. Or better still on your pocketbook, pour boiling water mixed with a little salt on those weeds.

Instead of throwing away those outdated phone books each year, put them to use. Use the pages to pick up messy trash or pet accidents or when painting and save on paper towel costs.

Food Savings Tips

To keep foods such as strawberries, pork chops, hamburgers, etc., from sticking together in the freezer, place them in a single layer on a baking or cookie sheet and freeze them until firm. Remove from freezer and take off the cookie sheet with a spatula or pancake flipper. You can then store them in freezer containers or freezer bags and use as needed.

Wealth is enjoying what we already have, not getting more of what we think will make us happy. We are wealthy when we have learned to live with ourselves, knowing that what we are and have is enough.

MONEY SAVING TIPS

To keep your extension ladder from marring the side of your house, put a pair of thick socks over the ladder tops.

Hot water heating makes up about 30% of your total monthly energy bill. Don't waste hot water when washing yourself or your clothes.

Laughter is free and is great medicine. It rids the body of tension, provides a psychological boost, and reduces stress. It decreases blood pressure, heart rate, and enhances circulation!

Each degree the thermostat is set below 70 degrees knocks 2-3% off your heating bill in your home or office. A well insulated home with caulk and weatherstripping makes it possible to lower the thermostat without discomfort and the feeling of "freezing to death."

Keep a supply of those plastic dry cleaning bags you receive when you pick up your dry cleaning. The next time you take a trip, individually cover each article of your hanging clothes with a dry cleaning bag before hanging it in your garment bag. Your freshly ironed clothing will arrive at your destination practically wrinkle free.

Energas Offers Safety Tips

Energas Company would like to offer some safety tips regarding carbon monoxide. Carbon monoxide is a tasteless, colorless, odorless, highly poisonous gas. It is formed by the incomplete combustion of any hydrocarbon fuel. Carbon monoxide can be dangerous in areas of high concentration in the home, particularly in the winter months.

The most common source of carbon monoxide is the exhaust of automobile engines. It is also produced by any gasoline-powered engine like lawn mowers, chain saws and lawn edgers. Such items as charcoal grills, wood stoves, fireplaces, and other similar equipment might also produce carbon monoxide.

All of these sources produce carbon monoxide all the time under all conditions, and extreme care must be taken when they are in use. To prevent carbon monoxide poisoning:

-Do not operate a gasoline-powered engine in a confined or enclosed area.

-Do not burn charcoal indoors or in a confined space like a garage.

-Provide adequate ventilation in your home when using wood stoves and fireplaces.

-Be certain that all flame-producing appliances are vented, installed, adjusted and operated properly.

If you're at home or in a motel, hotel or apartment with an unvented gas heater, always open a window for ventilation.

Carbon Monoxide (CO) detectors are commercially available, and the prices range between \$60 to \$200. If you purchase a CO detector, make sure it meets the requirements of

the Underwriters Laboratories (UL) 2034. However, the best precaution is to make sure all fuel-burning appliances and your furnace are operating properly.

Some old or poorly adjusted gas appliances might also produce carbon monoxide. Under safe, normal operating conditions the amount produced will be small. If gas appliances are installed, adjusted, and operated properly there is no danger.

The first symptoms are headaches, dizziness and sleepiness. The skin may turn a cherry red. As more carbon monoxide crowds out oxygen in the blood, symptoms may include nausea, vomiting and an irregular or fluttering heartbeat. Symptoms may progress to muscular weakness and impairment of judgement, unconsciousness and death.

Victims should immediately be brought into fresh air and given artificial respiration, preferably with an inhalator and pure oxygen. The important thing to remember is this: Prolonged exposure to high concentration of carbon monoxide can lead to brain damage or death.

Energas is very concerned about the safety of its customers, and includes some type of safety message in the gas bill on a regular basis.

Energas Company, a division of Atmos Energy Corporation of Dallas, serves more than 309,000 customers in West Texas.

Every journey starts with the first step, so resolve to keep your spending under control and build up your savings.

GOOD LUCK!

Your Home Needs Wintertime Humidity

Just because your bathroom window gets steamed up when you take a shower, that doesn't mean your home will have enough humidity to make you feel comfortable during the winter.

To stay in a comfortable range, a 2,000 square-foot home needs about 16 gallons of added moisture every day. Some of that moisture can come from activities like cooking and bathing, but you would need to take an impossible 256 showers a day* to account for all the humidity your home needs during cold winter weather, according to Roger Pasch, vice president of engineering for Research Products Corporation, the maker of Aprilaire® whole-house humidifiers.

The most reliable way of maintaining a comfortable humidity level is to install a whole-house humidifier controlled by an automatic humidistat, Pasch said.

He explained that during the winter, cold outside air is constantly infiltrating your home to make up for the warm inside air that's lost to the outside. But, when you heat cold air to 70 degrees, the humidity plummets. Warm air needs much more moisture than cold air to maintain the same relative humidity, so it feels dry. In fact, your home can get down to about six percent relative humidity.

That desert-dry air steals moisture from wherever it can, including your nose, throat and skin. It is the extra evaporation caused by super-dry air that makes you feel chilly when you step out of the nice, steamy bathroom, not necessarily a difference in temperature.

Most experts, including the U.S. Environmental Protection Agency, recommend maintaining relative humidity between 30 and 50 percent in the winter. Too little humidity causes physical aggravations, such as a parched nose, throat and skin. It also dries out your home and furnishings and is the cause of those annoy-

ing static electric shocks common in the winter. Too much humidity can cause condensation on walls and windows. To avoid that, a humidifier should always be equipped with a humidistat, Pasch said.

There are Aprilaire humidifier models suitable for homes with all types of heating systems, including forced air, hot water, steam, and heat pumps. All Aprilaire humidifiers connect directly to your home's water supply, so they operate completely automatically. Because they have a flow-through drain, there is no reservoir to clean and no standing water that could harbor bacteria or mold.

For more information about how to maintain proper humidity in your home, call the Consumer Information Department at Research Products Corporation, 1-800-545-2219. Ask for the free booklet, *Facts on Humidification*.

*The 1992 Handbook of the American Society of Heating, Refrigeration and Air Conditioning Engineers (ASHRAE) estimates that about 1/2 pound of water evaporates during a typical shower. That's approximately half a pint. To evaporate 16 gallons of water, you would have to take 256 showers every day.

A Newspaper about Happenings at the Valley School, by students, teachers, and advisors.

Basketball News

by Kirk Saul

District play begins Tuesday, January 25, at Patton Springs. The Varsity Boys enter district play with a 9-10 record. Everyone is encouraged to come out and cheer on the Patriot teams as they begin competing for their respective district championships.

Due to a lack of players, Silverton has been forced to cancel the remainder of their J. V. Boys and J. V. Girls basketball games. An attempt to replace these J.V. games is being made.

4th Grade News

This week we have done alot of subjects. We have made a county map of Texas for Social Studies. The map of Texas is looking real neat. We learned that there is 254 counties in all. In English we have done nouns and pronouns, linking verbs and how to spell verbs. For science we have been studying the microscope. We are going to have a test Wednesday. In Reading we are practising TAAS. For math we have been learning how to multiply two and three digit numbers.

We have been sponge painting snowmen on cans in art. We all did very good at least thats what we thought.

This week we also had a stock show and four people in our class showed animals. Tate, Missy, Candy, and Jana. Missy got third place. We forgot what place Tate got. Candy got fourth place. Jana's pig got third.

This week we want to tell you about sports. The boys have done great. They have scored alot of points and have made alot of people in the stands get excited. The girls have been doing wonderful and they have won alot of games. We think both teams might go to State. Most of the fourth grade did very well on their report cards. We are now going to give them their certificate to show them how proud we are of them.

Thanks for reading fourth grade news,
Emily, Magan, & Missy

Area Students on Honor List

One hundred eighty-eight West Texas A&M University students were named to the President's List and 750 students earned mention on the Dean's List for the 1993 fall semester.

Students earning President's List recognition achieved a semester grade point average (GPA) of 3.850 (of a possible 4.0) or better with a minimum class load of 12 undergraduate hours.

Students on the Dean's List achieved GPA's of at least 3.250 with a minimum of 12 undergraduate hours. The students from this area include:

Traca D. Lemmons, Quitaque, Freshman with Elementary Education as her major; Jana R. Johnson, Turkey, Freshman with Interdisciplinary as her major; and Robyn M. Lane, Turkey, with Generic Special Ed as her major.

From the errors of others a wise man corrects his own.

English Taught In Flomot

Courtesy of Amarillo Globe News by Gina Augustini

They speak soft, rapid Spanish among themselves as they leave the dark January night behind and step into the warmth of the small church hall.

Seventeen of them—ages ranging from 8 to 40—have come to the Flomot Baptist Church to learn a language known for its difficult grammar and confusing pronunciations.

Their English workbooks are waiting, stacked on a table next to the chalkboard. And their teacher, Jimmie Hunter, is waiting, too.

She greets them eagerly, almost grandmotherly, asking about their jobs or their families. She hasn't seen some of them in weeks.

After a few minutes of conversation, the group jumps into their assignment: tackling the ABC's.

"I'm going to put a letter out there, and I want you to say what it is," says Hunter, 69, a retired teacher and librarian.

She writes the letters on the chalk board. The students laugh knowingly as she switches between upper-case and lower-case letters, testing if they know the difference. They do.

"Little a, Little b, Capital C, Little d," the students say aloud, their heavy Spanish accents blending with Hunter's slight West Texas drawl.

Hunter, who has taught conversational English classes on Wednesday nights since September 1992, doesn't speak their language.

"We have good fellowship despite the fact that I can't speak Spanish," she says. "The hardest part is explaining to them that I'm not going to be able to meet with them the next week.

"But if it's anything in the book, we can work it out," she adds with a casual shrug.

Hunter uses the Laubach way of teaching—a technique that utilizes pictures and body language to explain the meanings of words.

The size of her classes varies because the students, most of them ranch hands or cotton gin workers, face grueling seasonal schedules and can't always attend.

"You don't have to know it (Spanish) if you're trained the Laubach way," says Hunter, who teaches for free. "But it really helps if you know one or two people in the class who know enough English to help."

One of her most reliable translators is Susana Mendoza.

Susana, 8, is a second-grader at Motley County Elementary, attends the class with her parents, Mario and Florinda. Susana began learning English in school.

She wants her father to learn English "so he can understand."

Turkey News Turkey News

Things Seen or Heard

by Ann Coker

A patient in St. Mary's hospital earlier this week was Arville Setliff. Mrs. Setliff had gall bladder surgery Monday morning. The surgery went fine and the patient was expecting to come home Tuesday. Bud and Alice Richardson of Tulia were with the Setliffs during surgery.

June (Wilson) Conway of Muleshoe was a recent visitor in Turkey. June visited a couple of days with her mother, Gladys Wilson.

Estelle and Tink Lane left last Monday for Booker to visit their son and family, the Barry Lanes. They were going to help Barry celebrate his birthday on Tuesday.

Karen and Wes McDougall were in Turkey recently. They were here to help Karen's mother, Dot Arnold celebrate her birthday.

Belle Davis and Oleta Randell were in Plainview Wednesday.

Louis and Oleta Randell visited in Childress Saturday with Audrey Whitaker who is in the hospital after falling on the ice Friday. The doctor said she would have to stay there a week or ten days.

Mrs. George (Veta) Colvin is to check into Methodist Hospital on Wednesday, January 26, in Lubbock. Veta has been having problems with her legs and feet. The doctors will be running tests.

We had one day last week that was quite icy. On that day, Audra Whitaker, while on her way to the beauty shop, fell on the ice. Her husband, Ray, was with her and he also fell. Mr. Whitaker was not injured, but Mrs. Whitaker was taken to Childress Hospital where it was discovered

she had broken both pelvises. As of last Monday night, she was having to lay flat on her back and was in a lot of pain. She was to see a bone specialist on Tuesday. Hopefully, by now Audra is doing better.

Mrs. Willis Walker's daughter, Weezie Hefner of Denver, Colorado, is visiting in Turkey. Weezie is in the process of moving her mother from an Amarillo Re-Hab to one in Childress. Mrs. Walker will continue with physical therapy.

Willie Majors, Grace Mullin and Arlie Williams traveled to Plainview and Lubbock last Wednesday. While in Plainview they visited Willie's father and Grace's husband, Bill Mullin. Mr. Mullin is doing fine in the retirement home.

The trio drove on to Lubbock for Mrs. Grace Mullin's doctor appointment.

I have just heard that Mamie McCoy has been a patient in the Quannah Hospital for quite some time. She has been quite ill and her family is hoping to move her to an Amarillo Hospital when she is able to be moved. Their nephew, Maurice McCoy, lives in Amarillo.

Last Thursday, January 20, the Turkey Cemetery Association had a meeting in the senior Citizen's Room.

The Board Members reviewed the yearly report prepared by Secretary Arlie Williams and discussed other problems such as poisoning the grass-burrs and the necessity of purchasing a new mower.

Members who attended were: Arlie Williams, Betty House, Lewis Eudy, Z. P. Polley, Buster Hanna and U. F. Coker.

KAMR-TV Declares War On Drugs In Panhandle

KAMR-TV in Amarillo is waging a major offensive against drug abuse and narcotics trafficking in the Panhandle region. The station's News 4 news team is probing the many aspects of the problem and presenting a month-long series of special reports during the six o'clock and ten o'clock news during February.

"It's time someone made a concerted effort to let people know how bad the problem is, and how to go about stopping it. We decided KAMR-TV should be that someone," said William Dunaway, VP and general manager of the TV station.

The campaign is called "fighting Back: The Panhandle Drug War." It will explore how drugs come into the region, how law enforcement fights the growing problem, some surprising obstacles to enforcement, and how concerned citizens are mobilizing for action.

Dunaway said, "if enough people stand up against drug abuse and trafficking, we can turn the entire Panhandle into a 'drug free zone.' Educating the public is the first step, and that's what we're doing."

The campaign begins on KAMR January 31, on News 4 at 6 p.m.

The world population is currently growing by about 97 million people every year.

Laid end to end, the tracks of the world's main railroads would stretch about 800,000 miles—some 3 1/3 times the distance from the earth to the moon.

Texas Visitor Endures Quake

Jeanette (Barnhill) Case of Amarillo, (an ex-Turkey resident) was a visitor in Los Angeles last week when the earthquake occurred.

Mrs. Case had flown to Los Angeles to be with her daughter, Sally Case, as she had dental surgery and to be with her for a few days following the surgery.

Sally's house is built on a bluff and the heating and cooling systems are installed under the house. Jeanette Case was awakened early the morning of the earthquake by the rumbling, she thought, of the heating systems. As the rumbling became much louder she became quite alarmed and decided she would get out of bed. At that time, dishes began rattling and flying out of the cabinets.

When the two ladies were able to investigate, they discovered lots of broken dishes, lamps, etc., but no structural damage to Sally's house, just a few cracks and paint damage. The two were quite thankful they received no physical injuries.

Mrs. Case was able to get a flight out two days after the earthquake. She said it was something she hopes to never experience again.

PINEAPPLE-CRANBERRY ICE CREAM PIE

1 1/2 cups vanilla wafer crumbs
1/4 cup melted margarine
2 cups raw cranberries (save 15 for garnish)
1 Dole Orange, unpeeled, diced
1/2 cup sugar
1 can (20 oz.) Dole Crushed Pineapple in Juice

2 tablespoons orange liqueur, optional
1 quart vanilla ice cream, softened for garnish
1 can (8 oz.) Dole Crushed Pineapple in Juice, drained
Mint sprigs

• Combine vanilla wafer crumbs and margarine. Press into 8 or 9-inch spring-form pan.
• Combine cranberries, one-half orange and sugar in food processor or blender. Process until finely chopped.
• Drain 20-ounce can pineapple, save juice for beverage.
• Fold pineapple, cranberry mixture and liqueur into ice cream. Pour into prepared crust. Freeze until firm.
• Remove from freezer 45 minutes before serving. Garnish with drained 8-ounce can pineapple, reserved cranberries, one-half orange and mint sprigs. Serves 8 to 10.

Per serving: 310 calories, 3 g protein, 12 g fat (5 g sat.), 50 g carbohydrate, 132 mg sodium, 28 mg cholesterol
Prep Time: 20 min. Freeze Time: 4 hrs. Stand Time: 45 min.
Quick Idea: For a simply delicious ambrosia, toss together pineapple chunks, mandarin orange segments, halved grapes, sliced bananas, marshmallows, flaked coconut and sour cream.
